SUMMARY OF AMENDMENT

Rogers, Harold (KY): The amendment in the nature of a substitute is virtually identical to H.J. Res. 79, the Continuing Appropriations Resolution, 2012, as introduced with the following modifications: the across-the-board reduction that ensures consistency with the total discretionary spending caps in the Budget Control Act of 2011 has been modified from 1.409% to 1.503%, due to scoring change made after the introduction of H.J. Res. 79 (this modification was previously included in H. Rept. 112–207); clarifies that the across-the-board cut should be applied to the amounts provided for discretionary advance appropriations, rather than to the “rate for operations” for advance appropriations to ensure that the Office of Management and Budget apportions the advance appropriations consistent with program requirements; and, cross references to “Act” rather than “joint resolution.”

TEXT OF AMENDMENT

In lieu of the matter proposed to be inserted by the amendment of the Senate, insert the following:

That the following sums are hereby appropriated, out of any money in the Treasury not otherwise appropriated, and out of applicable corporate or other revenues, receipts, and funds, for the several departments, agencies, corporations, and other organizational units of Government for fiscal year 2012, and for other purposes, namely:

SEC. 101. (a) Such amounts as may be necessary, at a rate for operations as provided in the applicable appropriations Acts for fiscal year 2011 and under the authority and conditions provided in such Acts, for continuing projects or activities (including the costs of direct loans and loan guarantees) that are not otherwise specifically provided for in this Act, that were conducted in fiscal year 2011, and for which appropriations, funds, or other authority were made available in the following appropriations Acts:

(b) The rate for operations provided by subsection (a) is hereby reduced by 1.503 percent.

SEC. 102. (a) No appropriation or funds made available or authority granted pursuant to section 101 for the Department of Defense shall be used for (1) the new production of items not funded for production in fiscal year 2011 or prior years; (2) the increase in production rates above those sustained with fiscal year 2011 funds; or (3) the initiation, resumption, or continuation of any project, activity, operation, or organization (defined as any project, subproject, activity, budget activity, program element, and subprogram within a program element, and for any investment items defined as a P–1 line item in a budget activity within an appropriation account and an R–1 line item that includes a program element and subprogram element within an appropriation account) for which appropriations, funds, or other authority were not available during fiscal year 2011.

(b) No appropriation or funds made available or authority granted pursuant to section 101 for the Department of Defense shall be used to initiate multi-year procurements utilizing advance procurement funding for economic order quantity procurement unless specifically appropriated later.

SEC. 103. Appropriations made by section 101 shall be available to the extent and in the manner that would be provided by the pertinent appropriations Act.

SEC. 104. Except as otherwise provided in section 102, no appropriation or funds made available or authority granted pursuant to section 101 shall be used to initiate or resume any project or activity for which appropriations, funds, or other authority were not available during fiscal year 2011.

SEC. 105. Appropriations made and authority granted pursuant to this Act shall cover all obligations or expenditures incurred for any project or activity during the period for which funds or authority for such project or activity are available under this Act.

SEC. 106. Unless otherwise provided for in this Act or in the applicable appropriations Act for fiscal year 2012, appropriations and funds made available and authority granted pursuant to this Act shall be available until whichever of the following first occurs: (1) the enactment into law of an appropriation for any project or activity provided for in this Act; (2) the enactment into law of the applicable appropriations Act for fiscal year 2012 without any provision for such project or activity; or (3) November 18, 2011.

SEC. 107. Expenditures made pursuant to this Act shall be charged to the applicable appropriation, fund, or authorization whenever a bill in which such applicable appropriation, fund, or authorization is contained is enacted into law.

Appropriations made and funds made available by or authority granted pursuant to this Act may be used without regard to the time limitations for submission and approval of apportionments set forth in section 1513 of title 31, United States Code, but nothing in this Act may be construed to waive any other provision of law governing the apportionment of funds.

SEC. 109. Notwithstanding any other provision of this Act, except section 106, for those programs that would otherwise have high ini-
tial rates of operation or complete distribution of appropriations at
the beginning of fiscal year 2012 because of distributions of funding
to States, foreign countries, grantees, or others, such high initial
rates of operation or complete distribution shall not be made, and
no grants shall be awarded for such programs funded by this Act
that would impinge on final funding prerogatives.

SEC. 110. This Act shall be implemented so that only the most
limited funding action of that permitted in the Act shall be taken
in order to provide for continuation of projects and activities.

ments due on or about the first day of any month that begins after
October 2011 but not later than 30 days after the date specified in
section 106(3) may continue to be made, and funds shall be avail-
able for such payments.

SEC. 112. Amounts made available under section 101 for civilian
personnel compensation and benefits in each department and agen-
cy may be apportioned up to the rate for operations necessary to
avoid furloughs within such department or agency, consistent with
the applicable appropriations Act for fiscal year 2011, except that
such authority provided under this section shall not be used until
after the department or agency has taken all necessary actions to
reduce or defer non-personnel-related administrative expenses.

expended notwithstanding section 10 of Public Law 91–672 (22
