

## Calendar No. 224

113TH CONGRESS  
1ST SESSION**H. R. 3080**

IN THE SENATE OF THE UNITED STATES

OCTOBER 28, 2013

Received; read twice and placed on the calendar

**AN ACT**

To provide for improvements to the rivers and harbors of the United States, to provide for the conservation and development of water and related resources, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE; TABLE OF CONTENTS.**

4 (a) SHORT TITLE.—This Act may be cited as the  
5 “Water Resources Reform and Development Act of 2013”.

6 (b) TABLE OF CONTENTS.—The table of contents for  
7 this Act is as follows:

Sec. 1. Short title; table of contents.

Sec. 2. Definition of Secretary.

**TITLE I—PROGRAM REFORMS AND STREAMLINING**

Sec. 101. Vertical integration and acceleration of studies.

- Sec. 102. Expediting the evaluation and processing of permits.
- Sec. 103. Environmental streamlining.
- Sec. 104. Consolidation of studies.
- Sec. 105. Expedited completion of reports.
- Sec. 106. Removal of duplicative analyses.
- Sec. 107. Expediting approval of modifications and alterations of projects by non-Federal interests.
- Sec. 108. Construction of projects by non-Federal interests.
- Sec. 109. Contributions by non-Federal interests.
- Sec. 110. Contributions by non-Federal interests for management of Corps of Engineers inland navigation facilities.
- Sec. 111. Additional contributions by non-Federal interests.
- Sec. 112. Contributions by non-Federal interests prior to authorization of final feasibility reports.
- Sec. 113. Clarification of impacts to other Federal facilities.
- Sec. 114. Clarification of previously authorized work.
- Sec. 115. Tribal partnership program.
- Sec. 116. Technical corrections.
- Sec. 117. Water infrastructure public-private partnership pilot program.
- Sec. 118. Annual report to Congress.
- Sec. 119. Actions to be taken in conjunction with the President's annual budget submission to Congress.
- Sec. 120. Hurricane and storm damage reduction study.
- Sec. 121. Non-Federal plans to provide additional flood risk reduction.
- Sec. 122. Review of emergency response authorities.
- Sec. 123. Emergency communication of risk.
- Sec. 124. Improvements to the National Dam Safety Program Act.
- Sec. 125. Restricted areas at Corps of Engineers dams.
- Sec. 126. Levee safety.
- Sec. 127. Vegetation on levees.
- Sec. 128. Reduction of Federal costs.
- Sec. 129. Advanced modeling technologies.
- Sec. 130. Enhanced use of electronic commerce in Federal procurement.
- Sec. 131. Corrosion prevention.
- Sec. 132. Resilient construction and use of innovative materials.
- Sec. 133. Assessment of water supply in arid regions.
- Sec. 134. River basin commissions.
- Sec. 135. Sense of Congress regarding water resources development bills.
- Sec. 136. Donald G. Waldon Lock and Dam.
- Sec. 137. Aquatic invasive species.
- Sec. 138. Recreational access.
- Sec. 139. Territories of the United States.
- Sec. 140. Sense of Congress regarding interstate water agreements and compacts.
- Sec. 141. Report on surface elevations at drought effected lakes.
- Sec. 142. Future water supply.
- Sec. 143. Congressional consent for new project purposes.
- Sec. 144. Multiagency effort to slow the spread of asian carp in the upper mississippi river and ohio river basins and tributaries.
- Sec. 145. Aquatic invasive species prevention and control.
- Sec. 146. National Ocean Policy implementation.
- Sec. 147. Calculation of benefits and costs for flood damage reduction and hurricane and storm damage reduction projects.

## TITLE II—NAVIGATION IMPROVEMENTS

Subtitle A—Ports

- Sec. 201. Expanded use of Harbor Maintenance Trust Fund.
- Sec. 202. Assessment and prioritization of operation and maintenance.
- Sec. 203. Preserving United States harbors.
- Sec. 204. Consolidation of deep draft navigation expertise.
- Sec. 205. Disposal sites.
- Sec. 206. Harbor Maintenance Trust Fund study.

Subtitle B—Inland Waterways

- Sec. 211. Definitions.
- Sec. 212. Project delivery process reforms.
- Sec. 213. Efficiency of revenue collection.
- Sec. 214. Inland waterways revenue studies.
- Sec. 215. Inland waterways stakeholder roundtable.
- Sec. 216. Preserving the Inland Waterway Trust Fund.
- Sec. 217. Public comment on lock operations.
- Sec. 218. Assessment of operation and maintenance needs of the Atlantic Intracoastal Waterway and the Gulf Intracoastal Waterway.
- Sec. 219. Upper Mississippi River protection.
- Sec. 220. Corps of Engineers lock and dam energy development.

TITLE III—DEAUTHORIZATIONS AND BACKLOG PREVENTION

- Sec. 301. Deauthorization of inactive projects.
- Sec. 302. Review of Corps of Engineers assets.
- Sec. 303. Backlog prevention.
- Sec. 304. Deauthorizations.
- Sec. 305. Land conveyances.

TITLE IV—WATER RESOURCES INFRASTRUCTURE

- Sec. 401. Authorization of final feasibility studies.
- Sec. 402. Project modifications.

1 **SEC. 2. DEFINITION OF SECRETARY.**

2       In this Act, the term “Secretary” means the Sec-  
3 retary of the Army.

4 **TITLE I—PROGRAM REFORMS**  
5 **AND STREAMLINING**

6 **SEC. 101. VERTICAL INTEGRATION AND ACCELERATION OF**  
7 **STUDIES.**

8       (a) IN GENERAL.—To the extent practicable, a feasi-  
9 bility study initiated by the Secretary, after the date of  
10 enactment of this Act, under section 905(a) of the Water

1 Resources Development Act of 1986 (33 U.S.C. 2282(a))  
2 shall—

3 (1) result in the completion of a final feasibility  
4 report not later than 3 years after the date of initi-  
5 ation;

6 (2) have a maximum Federal cost of  
7 \$3,000,000; and

8 (3) ensure that personnel from the district, divi-  
9 sion, and headquarters levels of the Corps of Engi-  
10 neers concurrently conduct the review required  
11 under that section.

12 (b) EXCEPTION.—If the Secretary determines that a  
13 feasibility study described in subsection (a) will not be  
14 conducted in accordance with subsection (a), the Sec-  
15 retary, not later than 30 days after the date of making  
16 the determination, shall—

17 (1) prepare an updated feasibility study sched-  
18 ule and cost estimate;

19 (2) notify the non-Federal feasibility cost shar-  
20 ing partner that the feasibility study has been de-  
21 layed; and

22 (3) provide written notice to the Committee on  
23 Transportation and Infrastructure of the House of  
24 Representatives and the Committee on Environment  
25 and Public Works of the Senate as to the reasons

1 the requirements of subsection (a) are not attain-  
2 able.

3 (c) TERMINATION OF AUTHORIZATION.—A feasibility  
4 study for which the Secretary has issued a determination  
5 under subsection (b) is not authorized after the last day  
6 of the 1-year period beginning on the date of the deter-  
7 mination if the Secretary has not completed the study on  
8 or before such last day.

9 (d) REPORT.—Not later than 4 years after the date  
10 of enactment of this Act, the Secretary shall submit to  
11 the Committee on Transportation and Infrastructure of  
12 the House of Representatives and the Committee on Envi-  
13 ronment and Public Works of the Senate a report that  
14 describes—

15 (1) the status of the implementation of this sec-  
16 tion, including a description of each feasibility study  
17 subject to the requirements of this section;

18 (2) the amount of time taken to complete each  
19 such feasibility study; and

20 (3) any recommendations for additional author-  
21 ity necessary to support efforts to expedite the feasi-  
22 bility study process, including an analysis of whether  
23 the limitation established by subsection (a)(2) needs  
24 to be adjusted to address the impacts of inflation.

1 (e) REVIEWS.—Not later than 90 days after the date  
2 of the initiation of a study described in subsection (a) for  
3 a project, the Secretary shall—

4 (1) take all steps necessary to initiate the feder-  
5 ally mandated reviews that the Secretary is required  
6 to complete as part of the study, including environ-  
7 mental reviews;

8 (2) convene a meeting of all Federal, tribal, and  
9 State agencies identified under section 2045(d) of  
10 the Water Resources Development Act of 2007 (33  
11 U.S.C. 2348(d)), as amended by this Act, and that  
12 may be required by law to conduct or issue a review,  
13 analysis, or opinion on or to make a determination  
14 concerning a permit or license for the study;

15 (3) provide the agencies referred to in para-  
16 graph (2) with all relevant information related to the  
17 scope and potential impacts of the project, including  
18 environmental impacts; and

19 (4) take all steps necessary to provide informa-  
20 tion that will enable required reviews and analyses  
21 related to the project to be conducted by other agen-  
22 cies in a thorough and timely manner.

1 **SEC. 102. EXPEDITING THE EVALUATION AND PROCESSING**  
2 **OF PERMITS.**

3 Section 214 of the Water Resources Development Act  
4 of 2000 (33 U.S.C. 2201 note) is amended—

5 (1) in subsection (a)—

6 (A) by inserting “or public-utility company  
7 or natural gas company (as defined in section  
8 1262 of the Public Utility Holding Company  
9 Act of 2005 (42 U.S.C. 16451))” after “non-  
10 Federal public entity”;

11 (B) by inserting “or company” after “that  
12 entity”; and

13 (C) by adding at the end the following:  
14 “To the maximum extent practicable, the Sec-  
15 retary shall ensure that expediting the evalua-  
16 tion of a permit through the use of funds ac-  
17 cepted and expended under this section does not  
18 adversely affect the timeline for evaluation (in  
19 the Corps district in which the project or activ-  
20 ity is located) of permits under the jurisdiction  
21 of the Department of the Army of other entities  
22 that have not contributed funds under this sec-  
23 tion.”; and

24 (2) by striking subsection (e).

25 **SEC. 103. ENVIRONMENTAL STREAMLINING.**

26 (a) DECLARATION OF POLICY.—

1 (1) IN GENERAL.—Congress declares that—

2 (A) the benefits of water resources projects  
3 are important to the Nation’s economy and en-  
4 vironment;

5 (B) it is in the national interest to expedite  
6 the delivery of water resources projects;

7 (C) it is in the national interest for Fed-  
8 eral and State agencies, local governments, In-  
9 dian tribes, and other entities involved in water  
10 resources projects—

11 (i) to accelerate study completion and  
12 project delivery and to reduce costs; and

13 (ii) to ensure that the planning, de-  
14 sign, engineering, construction, and fund-  
15 ing of water resources projects is done in  
16 an efficient and effective manner, pro-  
17 moting accountability for public invest-  
18 ments and encouraging greater local and  
19 private sector involvement in project fi-  
20 nancing and delivery while addressing pub-  
21 lic safety and protecting the environment;  
22 and

23 (D) delay in the delivery of water resources  
24 studies and projects—

1 (i) increases project costs, flood risks,  
2 and local and Federal expenditures for  
3 emergency management and recovery;

4 (ii) harms the economy of the United  
5 States; and

6 (iii) impedes the shipment of goods  
7 for the conduct of commerce.

8 (2) POLICY.—Given the declarations set forth  
9 in paragraph (1), it is the policy of the United  
10 States that—

11 (A) recommendations to Congress regard-  
12 ing such projects should be accelerated by co-  
13 ordinated and efficient environmental reviews  
14 and cooperative efforts to quickly resolve dis-  
15 putes during the development of water re-  
16 sources projects;

17 (B) the Secretary shall have the lead role  
18 among Federal agencies in facilitating the envi-  
19 ronmental review process for water resources  
20 projects;

21 (C) each Federal agency shall cooperate  
22 with the Secretary to expedite the environ-  
23 mental review process for water resources  
24 projects;

1 (D) programmatic approaches shall be  
2 used if applicable to reduce the need for  
3 project-by-project reviews and decisions by Fed-  
4 eral agencies;

5 (E) the Secretary shall identify opportuni-  
6 ties for non-Federal sponsors to assume respon-  
7 sibilities of the Secretary if such responsibilities  
8 can be assumed in a manner that protects pub-  
9 lic health and safety, the environment, and pub-  
10 lic participation; and

11 (F) the Assistant Secretary of the Army  
12 for Civil Works shall identify and promote the  
13 deployment of innovations aimed at reducing  
14 the time and money required to deliver water  
15 resources projects while protecting the environ-  
16 ment.

17 (b) STREAMLINED PROJECT DELIVERY.—

18 (1) IN GENERAL.—Section 2045 of the Water  
19 Resources Development Act of 2007 (33 U.S.C.  
20 2348) is amended to read as follows:

21 **“SEC. 2045. STREAMLINED PROJECT DELIVERY.**

22 “(a) DEFINITIONS.—In this section, the following  
23 definitions apply:

24 “(1) ENVIRONMENTAL IMPACT STATEMENT.—

25 The term ‘environmental impact statement’ means

1 the detailed statement of environmental impacts re-  
2 quired to be prepared pursuant to the National En-  
3 vironmental Policy Act of 1969 (42 U.S.C. 4321 et  
4 seq.).

5 “(2) ENVIRONMENTAL REVIEW PROCESS.—

6 “(A) IN GENERAL.—The term ‘environ-  
7 mental review process’ means the process of  
8 preparing an environmental impact statement,  
9 environmental assessment, categorical exclusion,  
10 or other document under the National Environ-  
11 mental Policy Act of 1969 (42 U.S.C. 4321 et  
12 seq.) for a project study.

13 “(B) INCLUSIONS.—The term ‘environ-  
14 mental review process’ includes the process for  
15 and completion of any environmental permit,  
16 approval, review, or study required for a project  
17 study under any Federal law other than the  
18 National Environmental Policy Act of 1969 (42  
19 U.S.C. 4321 et seq.).

20 “(3) FEDERAL JURISDICTIONAL AGENCY.—The  
21 term ‘Federal jurisdictional agency’ means a Federal  
22 agency with jurisdiction over a review, analysis,  
23 opinion, statement, permit, license, or other approval  
24 or decision required for a project study under appli-  
25 cable Federal laws, including regulations.

1           “(4) PROJECT.—The term ‘project’ means a  
2 Corps of Engineers water resources project.

3           “(5) PROJECT SPONSOR.—The term ‘project  
4 sponsor’ means the non-Federal interest as defined  
5 in section 221(b) of the Flood Control Act of 1970  
6 (42 U.S.C. 1962d–5b).

7           “(6) PROJECT STUDY.—The term ‘project  
8 study’ means a feasibility study for a project carried  
9 out pursuant to section 905 of the Water Resources  
10 Development Act of 1986 (33 U.S.C. 2282).

11          “(b) APPLICABILITY.—The procedures in this section  
12 are applicable to all project studies initiated after the date  
13 of enactment of the Water Resources Reform and Devel-  
14 opment Act of 2013 and for which an environmental im-  
15 pact statement is prepared under the National Environ-  
16 mental Policy Act of 1969 (42 U.S.C. 4321 et seq.) and  
17 may be applied, to the extent determined appropriate by  
18 the Secretary, to other project studies initiated after such  
19 date of enactment and for which an environmental review  
20 process document is prepared under such Act.

21          “(c) LEAD AGENCIES.—

22               “(1) FEDERAL LEAD AGENCY.—The Corps of  
23 Engineers shall be the Federal lead agency in the  
24 environmental review process for a project study.

1           “(2) NON-FEDERAL PROJECT SPONSOR AS  
2       JOINT LEAD AGENCY.—At the discretion of the Sec-  
3       retary and subject to the requirements of the Na-  
4       tional Environmental Policy Act of 1969 (42 U.S.C.  
5       4321 et seq.), a non-Federal project sponsor that is  
6       an agency defined in subsection (a)—

7           “(A) may serve as a joint lead agency with  
8       the Corps of Engineers for purposes of pre-  
9       paring any environmental review process docu-  
10      ment under the National Environmental Policy  
11      Act of 1969 (42 U.S.C. 4321 et seq.); and

12          “(B) may assist in the preparation of any  
13      such environmental review process document re-  
14      quired under the National Environmental Pol-  
15      icy Act of 1969 if the Secretary provides guid-  
16      ance in the preparation process, participates in  
17      preparing the document, independently evalu-  
18      ates that document, and approves and adopts  
19      the document before the Secretary takes any  
20      subsequent action or makes any approval based  
21      on that document.

22          “(3) ADOPTION AND USE OF DOCUMENTS.—  
23      Any environmental review process document pre-  
24      pared in accordance with this subsection shall be  
25      adopted and used by any Federal agency in making

1 any approval of a project subject to this section as  
2 the document required to be completed under the  
3 National Environmental Policy Act of 1969 (42  
4 U.S.C. 4321 et seq.) to the same extent that the  
5 Federal agency may adopt or use a document pre-  
6 pared by another Federal agency under the National  
7 Environmental Policy Act of 1969 (42 U.S.C. 4321  
8 et seq.).

9 “(4) ROLES AND RESPONSIBILITY OF FEDERAL  
10 LEAD AGENCY.—With respect to the environmental  
11 review process for any project, the Federal lead  
12 agency shall have authority and responsibility—

13 “(A) to take such actions as are necessary  
14 and proper, within the authority of the Federal  
15 lead agency, to facilitate the expeditious resolu-  
16 tion of the environmental review process for the  
17 project study; and

18 “(B) to prepare or ensure that any re-  
19 quired environmental impact statement or other  
20 document for a project study required to be  
21 completed under the National Environmental  
22 Policy Act of 1969 (42 U.S.C. 4321 et seq.) is  
23 completed in accordance with this section and  
24 applicable Federal law.

1       “(d) PARTICIPATING AND COOPERATING AGEN-  
2 CIES.—

3               “(1) IDENTIFICATION.—The Federal lead agen-  
4 cy shall identify, as early as practicable in the envi-  
5 ronmental review process for a project study, any  
6 Federal or State agency, local government, or Indian  
7 tribe that may—

8                       “(A) have jurisdiction over the project;

9                       “(B) be required by law to conduct or  
10 issue a review, analysis, opinion, or statement  
11 for the project study; or

12                      “(C) be required to make a determination  
13 on issuing a permit, license, or other approval  
14 or decision for the project study.

15               “(2) INVITATION.—

16                      “(A) IN GENERAL.—The Federal lead  
17 agency shall invite any such agency identified  
18 under paragraph (1) to become a participating  
19 or cooperating agency in the environmental re-  
20 view process for the project study.

21                      “(B) DEADLINE.—An invitation to partici-  
22 pate issued under subparagraph (A) shall estab-  
23 lish a deadline by which a response to the invi-  
24 tation shall be submitted, which may be ex-

1 tended by the Federal lead agency for good  
2 cause.

3 “(3) FEDERAL COOPERATING AGENCY.—Any  
4 Federal agency that is invited by the Federal lead  
5 agency to participate in the environmental review  
6 process for a project study shall be designated as a  
7 cooperating agency by the Federal lead agency un-  
8 less the invited agency informs the Federal lead  
9 agency, in writing, by the deadline specified in the  
10 invitation that the invited agency—

11 “(A) has no jurisdiction or authority with  
12 respect to the project;

13 “(B) has no expertise or information rel-  
14 evant to the project study; and

15 “(C) does not intend to submit comments  
16 on the project study.

17 “(4) EFFECT OF DESIGNATION.—

18 “(A) REQUIREMENT.—A participating or  
19 cooperating agency shall comply with the re-  
20 quirements of this section and any schedule es-  
21 tablished under this section.

22 “(B) IMPLICATION.—Designation under  
23 this subsection shall not imply that the partici-  
24 pating or cooperating agency—

25 “(i) supports a proposed project; or

1 “(ii) has any jurisdiction over, or spe-  
2 cial expertise with respect to evaluation of,  
3 the project.

4 “(5) CONCURRENT REVIEWS.—Each partici-  
5 pating or cooperating agency shall—

6 “(A) carry out the obligations of that  
7 agency under other applicable law concurrently  
8 and in conjunction with the required environ-  
9 mental review process unless doing so would  
10 prevent such agency from conducting needed  
11 analysis or otherwise carrying out their obliga-  
12 tions under those other laws; and

13 “(B) formulate and implement administra-  
14 tive, policy, and procedural mechanisms to en-  
15 able the agency to ensure completion of the en-  
16 vironmental review process in a timely, coordi-  
17 nated, and environmentally responsible manner.

18 “(e) PROGRAMMATIC COMPLIANCE.—

19 “(1) IN GENERAL.—The Secretary shall issue  
20 guidance regarding the use of programmatic ap-  
21 proaches to carry out the environmental review proc-  
22 ess that—

23 “(A) eliminates repetitive discussions of  
24 the same issues;

1 “(B) focuses on the actual issues ripe for  
2 analyses at each level of review;

3 “(C) establishes a formal process for co-  
4 ordinating with participating and cooperating  
5 agencies, including the creation of a list of all  
6 data that is needed to carry out the environ-  
7 mental review process; and

8 “(D) complies with—

9 “(i) the National Environmental Pol-  
10 icy Act of 1969 (42 U.S.C. 4321 et seq.);  
11 and

12 “(ii) all other applicable laws.

13 “(2) REQUIREMENTS.—In carrying out para-  
14 graph (1), the Secretary shall—

15 “(A) as the first step in drafting guidance  
16 under that paragraph, consult with relevant  
17 Federal and State agencies, local governments,  
18 Indian tribes, and the public on the use and  
19 scope of the programmatic approaches;

20 “(B) emphasize the importance of collabo-  
21 ration among relevant Federal agencies, State  
22 agencies, local governments, and Indian tribes  
23 in undertaking programmatic reviews, especially  
24 with respect to reviews with a broad geo-  
25 graphical scope;

1           “(C) ensure that the programmatic re-  
2 views—

3           “(i) promote transparency, including  
4 of the analyses and data used in the envi-  
5 ronmental review process, the treatment of  
6 any deferred issues raised by a Federal or  
7 State agency, local government, Indian  
8 tribe, or the public, and the temporal and  
9 special scales to be used to analyze those  
10 issues;

11           “(ii) use accurate and timely informa-  
12 tion in the environmental review process,  
13 including—

14           “(I) criteria for determining the  
15 general duration of the usefulness of  
16 the review; and

17           “(II) the timeline for updating  
18 any out-of-date review;

19           “(iii) describe—

20           “(I) the relationship between pro-  
21 grammatic analysis and future tiered  
22 analysis; and

23           “(II) the role of the public in the  
24 creation of future tiered analysis; and

1 “(iv) are available to other relevant  
2 Federal and State agencies, local govern-  
3 ments, Indian tribes, and the public;

4 “(D) allow not less than 60 days of public  
5 notice and comment on any proposed guidance;  
6 and

7 “(E) address any comments received under  
8 subparagraph (D).

9 “(f) COORDINATED REVIEWS.—

10 “(1) COORDINATION PLAN.—

11 “(A) ESTABLISHMENT.—The Federal lead  
12 agency, after consultation with each partici-  
13 pating and cooperating agency and the non-  
14 Federal project sponsor or joint lead agency, as  
15 applicable, shall establish a plan for coordi-  
16 nating public and agency participation in and  
17 comment on the environmental review process  
18 for a project study.

19 “(B) INCORPORATION.—In developing the  
20 plan established under subparagraph (A), the  
21 Federal lead agency shall take under consider-  
22 ation the scheduling requirements under section  
23 101 of the Water Resources Reform and Devel-  
24 opment Act of 2013.

25 “(2) SCHEDULE.—

1           “(A) IN GENERAL.—The Federal lead  
2           agency, after consultation with each partici-  
3           pating and cooperating agency and the non-  
4           Federal project sponsor or joint lead agency, as  
5           applicable, shall establish, as part of the coordi-  
6           nation plan established in paragraph (1)(A), a  
7           schedule for completion of the environmental re-  
8           view process for the project study. In developing  
9           the schedule, the Federal lead agency shall take  
10          under consideration the scheduling require-  
11          ments under section 101 of the Water Re-  
12          sources Reform and Development Act of 2013.

13          “(B) FACTORS FOR CONSIDERATION.—In  
14          establishing the schedule, the Federal lead  
15          agency shall consider factors such as—

16               “(i) the responsibilities of partici-  
17               pating and cooperating agencies under ap-  
18               plicable laws;

19               “(ii) the resources available to the  
20               participating and cooperating agencies and  
21               the non-Federal project sponsor or joint  
22               lead agency, as applicable;

23               “(iii) the overall size and complexity  
24               of the project;

1 “(iv) the overall schedule for and cost  
2 of the project; and

3 “(v) the sensitivity of the natural and  
4 historic resources that may be affected by  
5 the project.

6 “(C) CONSISTENCY WITH OTHER TIME PE-  
7 RIODS.—A schedule under subparagraph (A)  
8 shall be consistent with any other relevant time  
9 periods established under Federal law.

10 “(D) MODIFICATION.—The Federal lead  
11 agency may—

12 “(i) lengthen a schedule established  
13 under subparagraph (A) for good cause; or

14 “(ii) shorten a schedule only with the  
15 concurrence of the affected participating  
16 and cooperating agencies and the non-Fed-  
17 eral project sponsor or joint lead agency,  
18 as applicable.

19 “(E) DISSEMINATION.—A copy of a sched-  
20 ule established under subparagraph (A) shall  
21 be—

22 “(i) provided to each participating  
23 and cooperating agency and the non-Fed-  
24 eral project sponsor or joint lead agency,  
25 as applicable; and

1 “(ii) made available to the public.

2 “(3) COMMENT DEADLINES.—The Federal lead  
3 agency shall establish the following deadlines for  
4 comment during the environmental review process  
5 for a project study:

6 “(A) DRAFT ENVIRONMENTAL IMPACT  
7 STATEMENTS.—For comments by agencies and  
8 the public on a draft environmental impact  
9 statement, a period of not more than 60 days  
10 after such document is made publicly available,  
11 unless—

12 “(i) a different deadline is established  
13 by agreement of the Federal lead agency,  
14 all participating and cooperating agencies,  
15 and the non-Federal project sponsor or  
16 joint lead agency, as applicable; or

17 “(ii) the deadline is extended by the  
18 Federal lead agency for good cause.

19 “(B) OTHER COMMENT PERIODS.—For all  
20 other comment periods established by the Fed-  
21 eral lead agency for agency or public comments  
22 in the environmental review process, a period of  
23 not more than 30 days after the date on which  
24 the materials for which comment is requested  
25 are made available, unless—

1 “(i) a different deadline is established  
2 by agreement of the Federal lead agency,  
3 all participating and cooperating agencies,  
4 and the non-Federal project sponsor or  
5 joint lead agency, as applicable; or

6 “(ii) the deadline is extended by the  
7 Federal lead agency for good cause.

8 “(4) DEADLINES FOR DECISIONS UNDER  
9 OTHER LAWS.—

10 “(A) PRIOR APPROVAL DEADLINE.—If a  
11 participating or cooperating agency is required  
12 to make a determination regarding or otherwise  
13 approve or disapprove the project study prior to  
14 the record of decision or finding of no signifi-  
15 cant impact, such participating or cooperating  
16 agency shall make such determination or ap-  
17 proval not later than 30 days after the Federal  
18 lead agency publishes notice of the availability  
19 of a final environmental impact statement or  
20 other final environmental document, or not  
21 later than such other date that is otherwise re-  
22 quired by law, whichever occurs first.

23 “(B) OTHER DEADLINES.—With regard to  
24 any determination or approval of a partici-  
25 pating or cooperating agency that is not subject

1 to subparagraph (A), each participating or co-  
2 operating agency shall make any required deter-  
3 mination or otherwise approve or disapprove the  
4 project study not later than 90 days after the  
5 date that the Federal lead agency approves the  
6 record of decision or finding of no significant  
7 impact for the project study, or not later than  
8 such other date that is otherwise required by  
9 law, whichever occurs first.

10 “(C) RECORD CLOSED.—In the event that  
11 any participating or cooperating agency fails to  
12 make a determination or approve or disapprove  
13 the project study within the applicable deadline  
14 described in subparagraph (A), the Federal lead  
15 agency may close the record and find the record  
16 sufficient for the project study as it relates to  
17 such agency determination or approval.

18 “(g) ISSUE IDENTIFICATION AND RESOLUTION.—

19 “(1) COOPERATION.—The Federal lead agency  
20 and participating and cooperating agencies shall  
21 work cooperatively in accordance with this section to  
22 identify and resolve issues that may delay comple-  
23 tion of the environmental review process or result in  
24 the denial of any approval required for the project  
25 study under applicable laws.

1           “(2) FEDERAL LEAD AGENCY RESPONSIBIL-  
2 ITIES.—

3           “(A) IN GENERAL.—The Federal lead  
4 agency shall make information available to the  
5 participating and cooperating agencies as early  
6 as practicable in the environmental review proc-  
7 ess regarding the environmental and socio-  
8 economic resources located within the project  
9 area and the general locations of the alter-  
10 natives under consideration.

11           “(B) DATA SOURCES.—Such information  
12 under subparagraph (A) may be based on exist-  
13 ing data sources, including geographic informa-  
14 tion systems mapping.

15           “(3) PARTICIPATING AND COOPERATING AGEN-  
16 CY RESPONSIBILITIES.—Based on information re-  
17 ceived from the Federal lead agency, participating  
18 and cooperating agencies shall identify, as early as  
19 practicable, any issues of concern regarding the po-  
20 tential environmental or socioeconomic impacts of  
21 the project, including any issues that may substan-  
22 tially delay or prevent an agency from granting a  
23 permit or other approval that is needed for the  
24 project study.

1           “(4) ACCELERATED ISSUE RESOLUTION AND  
2 ELEVATION.—

3           “(A) IN GENERAL.—Upon the request of a  
4 participating or cooperating agency or non-Fed-  
5 eral project sponsor, the Secretary shall convene  
6 an issue resolution meeting with the relevant  
7 participating and cooperating agencies and the  
8 non-Federal project sponsor or joint lead agen-  
9 cy, as applicable, to resolve issues that may—

10           “(i) delay completion of the environ-  
11 mental review process; or

12           “(ii) result in denial of any approval  
13 required for the project study under appli-  
14 cable laws.

15           “(B) MEETING DATE.—A meeting re-  
16 quested under this paragraph shall be held not  
17 later than 21 days after the date on which the  
18 Secretary receives the request for the meeting,  
19 unless the Secretary determines that there is  
20 good cause to extend that deadline.

21           “(C) NOTIFICATION.—Upon receipt of a  
22 request for a meeting under this paragraph, the  
23 Secretary shall notify all relevant participating  
24 and cooperating agencies of the request, includ-

1           ing the issue to be resolved and the date for the  
2           meeting.

3           “(D) ELEVATION OF ISSUE RESOLU-  
4           TION.—If a resolution cannot be achieved with-  
5           in 30 days after a meeting under this para-  
6           graph and a determination is made by the Sec-  
7           retary that all information necessary to resolve  
8           the issue has been obtained, the Secretary shall  
9           forward the dispute to the heads of the relevant  
10          agencies for resolution.

11          “(E) CONVENTION BY SECRETARY.—The  
12          Secretary may convene an issue resolution  
13          meeting under this subsection at any time, at  
14          the discretion of the Secretary, regardless of  
15          whether a meeting is requested under subpara-  
16          graph (A).

17          “(h) STREAMLINED DOCUMENTATION AND DECI-  
18          SIONMAKING.—

19          “(1) IN GENERAL.—The Federal lead agency in  
20          the environmental review process for a project study,  
21          in order to reduce paperwork and expedite decision-  
22          making, shall prepare a condensed final environ-  
23          mental impact statement under the National Envi-  
24          ronmental Policy Act of 1969 (42 U.S.C. 4321 et  
25          seq.).

1           “(2) CONDENSED FORMAT.—A condensed final  
2       environmental impact statement for a project study  
3       in the environmental review process shall consist  
4       only of—

5           “(A) an incorporation by reference of the  
6       draft environmental impact statement;

7           “(B) any updates to specific pages or sec-  
8       tions of the draft environmental impact state-  
9       ment as appropriate; and

10          “(C) responses to comments on the draft  
11       environmental impact statement and copies of  
12       the comments.

13          “(3) TIMING OF DECISION.—Notwithstanding  
14       any other provision of law, in conducting the envi-  
15       ronmental review process for a project study, the  
16       Federal lead agency shall combine a final environ-  
17       mental impact statement and a record of decision  
18       for the project study into a single document if—

19          “(A) the alternative approved in the record  
20       of decision is either a preferred alternative iden-  
21       tified in the draft environmental impact state-  
22       ment or is a modification of such preferred al-  
23       ternative developed in response to comments on  
24       the draft environmental impact statement; and

1           “(B) the Federal lead agency has a written  
2           commitment from parties responsible for imple-  
3           mentation of the measures applicable to the ap-  
4           proved alternative that are identified in the  
5           final environmental impact statement that they  
6           will implement those measures.

7           “(i) LIMITATIONS.—Nothing in this section shall pre-  
8   empt or interfere with—

9           “(1) any practice of seeking, considering, or re-  
10          sponding to public comment; or

11          “(2) any power, jurisdiction, responsibility, or  
12          authority that a Federal or State agency, local gov-  
13          ernment, Indian tribe, or non-Federal project spon-  
14          sor has with respect to carrying out a project study  
15          or any other provision of law applicable to a project.

16          “(j) TIMING OF CLAIMS.—

17          “(1) IN GENERAL.—Notwithstanding any other  
18          provision of law, a claim arising under Federal law  
19          seeking judicial review of a permit, license, or other  
20          approval issued by a Federal agency for a project  
21          study shall be barred unless it is filed not later than  
22          150 days after publication of a notice in the Federal  
23          Register announcing that the permit, license, or  
24          other approval is final pursuant to the law under  
25          which the agency action is taken, unless a shorter

1 time is specified in the Federal law which allows ju-  
2 dicial review. Nothing in this subsection shall create  
3 a right to judicial review or place any limit on filing  
4 a claim that a person has violated the terms of a  
5 permit, license, or other approval.

6 “(2) NEW INFORMATION.—The Secretary shall  
7 consider new information received after the close of  
8 a comment period if the information satisfies the re-  
9 quirements for a supplemental environmental impact  
10 statement under title 40, Code of Federal Regula-  
11 tions. The preparation of a supplemental environ-  
12 mental impact statement or other environmental  
13 document when required by this section shall be con-  
14 sidered a separate final agency action and the dead-  
15 line for filing a claim for judicial review of such ac-  
16 tion shall be 150 days after the date of publication  
17 of a notice in the Federal Register announcing such  
18 action.

19 “(k) CATEGORICAL EXCLUSIONS.—

20 “(1) IN GENERAL.—Not later than 180 days  
21 after the date of enactment of this subsection, the  
22 Secretary shall—

23 “(A) survey the use by the Corps of Engi-  
24 neers of categorical exclusions in projects;

1 “(B) publish a review of the survey that  
2 includes a description of—

3 “(i) the types of actions that were cat-  
4 egorically excluded or may be the basis for  
5 developing a new categorical exclusion; and

6 “(ii) any requests previously received  
7 by the Secretary for new categorical exclu-  
8 sions; and

9 “(C) solicit requests from other Federal  
10 agencies and non-Federal project sponsors for  
11 new categorical exclusions.

12 “(2) NEW CATEGORICAL EXCLUSIONS.—Not  
13 later than 1 year after the date of enactment of this  
14 subsection, if the Secretary identifies, based on the  
15 review under paragraph (1), a category of activities  
16 that merit establishing a categorical exclusion not in  
17 existence on the day before the date of enactment of  
18 this subsection, the Secretary shall publish a notice  
19 of proposed rulemaking to propose that new categor-  
20 ical exclusion, to the extent that the categorical ex-  
21 clusion meets the criteria for a categorical exclusion  
22 under section 1508.4 of title 40, Code of Federal  
23 Regulations (or successor regulation).

24 “(1) IMPLEMENTATION GUIDANCE.—The Secretary  
25 shall prepare guidance documents that describe the proc-

1 esses that the Secretary will use to implement this sec-  
 2 tion.”.

3 (2) CLERICAL AMENDMENT.—The table of con-  
 4 tents contained in section 1(b) of the Water Re-  
 5 sources Development Act of 2007 is amended by  
 6 striking the item relating to section 2045 and insert-  
 7 ing the following:

“Sec. 2045. Streamlined project delivery.”.

8 (c) CATEGORICAL EXCLUSION IN EMERGENCIES.—  
 9 For the repair, reconstruction, or rehabilitation of a water  
 10 resources project that is in operation or under construc-  
 11 tion when damaged by an event or incident that results  
 12 in a declaration by the President of a major disaster or  
 13 emergency pursuant to the Robert T. Stafford Disaster  
 14 Relief and Emergency Assistance Act (42 U.S.C. 5121 et  
 15 seq.), the Secretary shall treat such repair, reconstruction,  
 16 or rehabilitation activity as a class of action categorically  
 17 excluded from the requirements relating to environmental  
 18 assessments or environmental impact statements under  
 19 section 1508.4 of title 40, Code of Federal Regulations,  
 20 if such repair or reconstruction activity is in the same lo-  
 21 cation with the same capacity, dimensions, and design as  
 22 the original water resources project as before the declara-  
 23 tion described in this section.

24 **SEC. 104. CONSOLIDATION OF STUDIES.**

25 (a) IN GENERAL.—

1           (1) REPEAL.—Section 905(b) of the Water Re-  
2       sources Development Act of 1986 (33 U.S.C.  
3       2282(b)) is repealed.

4           (2) CONFORMING AMENDMENT.—Section  
5       905(a)(1) of such Act (33 U.S.C. 2282(a)(1)) is  
6       amended by striking “perform a reconnaissance  
7       study and”.

8       (b) CONTENTS OF FEASIBILITY REPORTS.—Section  
9       905(a)(2) of such Act (33 U.S.C. 2282(a)(2)) is amended  
10      by adding at the end the following: “A feasibility report  
11      shall include a preliminary analysis of the Federal interest  
12      and the costs, benefits, and environmental impacts of the  
13      project.”.

14      (c) APPLICABILITY.—The Secretary shall continue to  
15      carry out a study for which a reconnaissance level inves-  
16      tigation has been initiated before the date of enactment  
17      of this Act as if this section, including the amendments  
18      made by this section, had not been enacted.

19   **SEC. 105. EXPEDITED COMPLETION OF REPORTS.**

20       The Secretary shall—

21           (1) expedite the completion of any on-going fea-  
22       sibility study for a project initiated before the date  
23       of enactment of this Act; and

24           (2) if the Secretary determines that the project  
25       is justified in a completed report, proceed directly to

1       preconstruction planning, engineering, and design of  
2       the project in accordance with section 910 of the  
3       Water Resources Development Act of 1986 (100  
4       Stat. 4189).

5       **SEC. 106. REMOVAL OF DUPLICATIVE ANALYSES.**

6       Section 911 of the Water Resources Development Act  
7       of 1986 (33 U.S.C. 2288) is repealed.

8       **SEC. 107. EXPEDITING APPROVAL OF MODIFICATIONS AND**  
9                   **ALTERATIONS OF PROJECTS BY NON-FED-**  
10                  **ERAL INTERESTS.**

11       (a) IN GENERAL.—Not later than 1 year after the  
12       date of enactment of this Act, the Secretary, after pro-  
13       viding notice and an opportunity for comment, shall estab-  
14       lish a process for the review of section 14 applications in  
15       a timely and consistent manner.

16       (b) SECTION 14 APPLICATION DEFINED.—In this  
17       section, the term “section 14 application” means an appli-  
18       cation submitted by an applicant to the Secretary request-  
19       ing permission for the temporary occupation or use of a  
20       public work, or the alteration or permanent occupation or  
21       use of a public work, under section 14 of the Act entitled  
22       “An Act making appropriations for the construction, re-  
23       pair, and preservation of certain public works on rivers  
24       and harbors, and for other purposes”, approved March 3,

1 1899 (commonly known as the “Rivers and Harbors Ap-  
2 propriation Act of 1899”) (33 U.S.C. 408).

3 (c) BENCHMARK GOALS.—

4 (1) ESTABLISHMENT OF BENCHMARK GOALS.—

5 In carrying out subsection (a), the Secretary shall—

6 (A) establish benchmark goals for deter-  
7 mining the amount of time it should take the  
8 Secretary to determine whether a section 14 ap-  
9 plication is complete;

10 (B) establish benchmark goals for deter-  
11 mining the amount of time it should take the  
12 Secretary to approve or disapprove a section 14  
13 application; and

14 (C) to the extent practicable, use such  
15 benchmark goals to make a decision on section  
16 14 applications in a timely and consistent man-  
17 ner.

18 (2) BENCHMARK GOALS.—

19 (A) BENCHMARK GOALS FOR DETER-  
20 MINING WHETHER SECTION 14 APPLICATIONS  
21 ARE COMPLETE.—To the extent practicable, the  
22 benchmark goals established under paragraph  
23 (1) shall provide that—

24 (i) the Secretary reach a decision on  
25 whether a section 14 application is com-

plete not later than 15 days after the date of receipt of the application; and

(ii) if the Secretary determines that a section 14 application is not complete, the Secretary promptly notify the applicant of the specific information that is missing or the analysis that is needed to complete the application.

(B) BENCHMARK GOALS FOR REVIEWING COMPLETED APPLICATIONS.—To the extent practicable, the benchmark goals established under paragraph (1) shall provide that—

(i) the Secretary generally approve or disapprove a completed section 14 application not later than 45 days after the date of receipt of the completed application; and

(ii) in a case in which the Secretary determines that additional time is needed to review a completed section 14 application due to the type, size, cost, complexity, or impacts of the actions proposed in the application, the Secretary approve or disapprove the application not later than 180 days after the date of receipt of the completed application.

1           (3) NOTICE.—In any case in which the Sec-  
2       retary determines that it will take the Secretary  
3       more than 45 days to review a completed section 14  
4       application, the Secretary shall—

5           (A) provide written notification to the ap-  
6       plicant; and

7           (B) include in the written notice a best es-  
8       timate of the Secretary as to the amount of  
9       time required for completion of the review.

10       (d) FAILURE TO ACHIEVE BENCHMARK GOALS.—In  
11      any case in which the Secretary fails make a decision on  
12      a section 14 application in accordance with the process  
13      established under this section, the Secretary shall provide  
14      written notice to the applicant, including a detailed de-  
15      scription of—

16           (1) why the Secretary failed to make a decision  
17      in accordance with such process;

18           (2) the additional actions required before the  
19      Secretary will issue a decision; and

20           (3) the amount of time the Secretary will re-  
21      quire to issue a decision.

22       (e) NOTIFICATION.—

23           (1) SUBMISSION TO CONGRESS.—The Secretary  
24      shall provide a copy of any written notice provided  
25      under subsection (d) to the Committee on Transpor-

1       tation and Infrastructure of the House of Represent-  
2       atives and the Committee on Environment and Pub-  
3       lic Works of the Senate.

4               (2) PUBLIC AVAILABILITY.—The Secretary  
5       shall maintain a publicly available database, includ-  
6       ing on the Internet, on—

7                       (A) all section 14 applications received by  
8       the Secretary; and

9                       (B) the current status of such applications.

10 **SEC. 108. CONSTRUCTION OF PROJECTS BY NON-FEDERAL**  
11 **INTERESTS.**

12       (a) CONSTRUCTION OF WATER RESOURCES DEVEL-  
13 OPMENT PROJECTS.—Section 211 of the Water Resources  
14 Development Act of 1996 (33 U.S.C. 701b–13) is amend-  
15 ed—

16               (1) in the section heading by striking “**FLOOD**  
17 **CONTROL**” and inserting “**WATER RESOURCES**  
18 **DEVELOPMENT**”; and

19               (2) by striking “flood control” each place it ap-  
20 pears and inserting “water resources development”.

21       (b) COMPLETION OF STUDIES AND DESIGN ACTIVI-  
22 TIES.—Section 211(c) of such Act (33 U.S.C. 701b–13(c))  
23 is amended by striking “date of the enactment of this Act”  
24 and inserting “date of enactment of the Water Resources  
25 Reform and Development Act of 2013”.

1       (c) AUTHORITY TO CARRY OUT IMPROVEMENTS.—  
2 Section 211(d)(1) of such Act (33 U.S.C. 701b–13(d)(1))  
3 is amended—

4           (1) by striking subparagraph (A)(i) and insert-  
5 ing the following:

6                   “(i) IN GENERAL.—A non-Federal in-  
7 terest may carry out construction for  
8 which studies and design documents are  
9 prepared under subsection (b) only if—

10                           “(I) the Secretary approves the  
11 project for construction; and

12                           “(II) the project is specifically  
13 authorized by Congress.”; and

14           (2) by striking subparagraph (B) and inserting  
15 the following:

16                   “(B) STUDIES AND DESIGN ACTIVITIES  
17 UNDER SUBSECTION (c).—Any non-Federal in-  
18 terest that has received from the Secretary  
19 under subsection (c) a favorable recommenda-  
20 tion to carry out a water resources development  
21 project, or separable element thereof, based on  
22 the results of completed studies and design doc-  
23 uments for the project or element may carry  
24 out the project or element if—

1                   “(i) a final environmental impact  
2                   statement under the National Environ-  
3                   mental Policy Act of 1969 (42 U.S.C.  
4                   4321 et seq.) has been filed for the project  
5                   or element; and

6                   “(ii) the project is specifically author-  
7                   ized by Congress.”.

8           (d) REIMBURSEMENT.—Section 211(e) of such Act  
9   (33 U.S.C. 701b–13(e)) is amended—

10           (1) in paragraph (1)—

11                   (A) in subparagraph (B) by striking “and”  
12                   at the end;

13                   (B) in subparagraph (C) by striking the  
14                   period at the end and inserting “; and”; and

15                   (C) by adding at the end the following:

16                   “(D) if the project is specifically author-  
17                   ized by Congress.”; and

18           (2) in paragraph (6)—

19                   (A) by striking subparagraph (B) and re-  
20                   designating subparagraphs (C) and (D) as sub-  
21                   paragraphs (B) and (C), respectively; and

22                   (B) in subparagraph (B) (as so redesign-  
23                   nated)—

24                   (i) by striking “At the request” and  
25                   inserting “In accordance with section 221

1 of the Flood Control Act of 1970 (42  
2 U.S.C. 1962d–5b), at the request”; and

3 (ii) by inserting before the period at  
4 the end the following: “, or toward the  
5 non-Federal share of any other authorized  
6 water resources development study or  
7 project of such non-Federal interest”.

8 (e) OTHER MATTERS.—Section 211 of such Act (33  
9 U.S.C. 701b–13) is amended by adding at the end the fol-  
10 lowing:

11 “(h) OPERATION AND MAINTENANCE OF NAVIGA-  
12 TION PROJECTS.—Whenever a non-Federal interest con-  
13 structs improvements to a harbor or inland harbor, the  
14 Secretary shall be responsible for maintenance in accord-  
15 ance with section 101(b) of the Water Resources Develop-  
16 ment Act of 1986 (33 U.S.C. 2211(b)) if—

17 “(1) the Secretary determines, before construc-  
18 tion, that the improvements, or separable elements  
19 thereof, are economically justified and environ-  
20 mentally acceptable;

21 “(2) the Secretary certifies that the project is  
22 constructed in accordance with applicable permits  
23 and the appropriate engineering and design stand-  
24 ards;

1           “(3) the Secretary does not find that the  
2           project, or separable element thereof, is no longer  
3           economically justified or environmentally acceptable;  
4           and

5           “(4) the project is specifically authorized by  
6           Congress.

7           “(i) IMPLEMENTATION.—All laws and regulations  
8           that would apply to the Secretary if the Secretary were  
9           carrying out a project shall apply to the non-Federal inter-  
10          est carrying out a project under this section.

11          “(j) NOTIFICATION OF COMMITTEES.—The Secretary  
12          shall notify in writing the Committee on Transportation  
13          and Infrastructure of the House of Representatives and  
14          the Committee on Environment and Public Works of the  
15          Senate prior to initiation of negotiations with a non-Fed-  
16          eral interest regarding the utilization of the authorities  
17          under this section.”.

18          (f) REPEALS.—The following provisions are repealed:

19                 (1) Section 204 of the Water Resources Devel-  
20                 opment Act of 1986 (33 U.S.C. 2232).

21                 (2) Section 206 of the Water Resources Devel-  
22                 opment Act of 1992 (33 U.S.C. 426i–1) and the  
23                 item relating to that section in the table of contents  
24                 contained in section 1(b) of that Act.

1           (3) Section 404 of the Water Resources Devel-  
2           opment Act of 1990 (33 U.S.C. 2232 note; 104  
3           Stat. 4646) and the item relating to that section in  
4           the table of contents contained in section 1(b) of  
5           that Act.

6           (g) SAVING PROVISION.—Nothing in this section may  
7           be construed to affect any agreement entered into under  
8           section 204(f) of the Water Resources Development Act  
9           of 1986 (33 U.S.C. 2232(f)) before the date of enactment  
10          of this Act.

11       **SEC. 109. CONTRIBUTIONS BY NON-FEDERAL INTERESTS.**

12          (a) IN GENERAL.—Section 5 of the Act entitled “An  
13          Act authorizing the construction of certain public works  
14          on rivers and harbors for flood control, and for other pur-  
15          poses”, approved June 22, 1936 (33 U.S.C. 701h), is  
16          amended—

17               (1) by striking “from States and political sub-  
18               divisions thereof,” and inserting “from a non-Fed-  
19               eral interest (as defined in section 221 of the Flood  
20               Control Act of 1970 (42 U.S.C. 1962d–5b))”;

21               (2) by striking “, which includes planning and  
22               design”;

23               (3) by inserting “, including a project for navi-  
24               gation on the inland waterways,” after “study or  
25               project”;

1           (4) by striking “by States and political subdivi-  
2           sions thereof,” and inserting “by a non-Federal in-  
3           terest”;

4           (5) by striking “: *Provided further*, That the  
5           term ‘States’ means the several States, the District  
6           of Columbia, the commonwealths, territories, and  
7           possessions of the United States, and Federally rec-  
8           ognized Indian tribes”; and

9           (6) by inserting “: *And provided further*, That  
10          the term ‘work’ means the planning, design, or con-  
11          struction of an authorized water resources develop-  
12          ment study or project, or the repair, restoration, or  
13          replacement of an authorized water resources devel-  
14          opment project that has been damaged by an event  
15          or incident that results in a declaration by the Presi-  
16          dent of a major disaster or emergency pursuant to  
17          the Robert T. Stafford Disaster Relief and Emer-  
18          gency Assistance Act (42 U.S.C. 5121 et seq.)”  
19          after “contributing interests”.

20          (b) NOTIFICATION FOR CONTRIBUTED FUNDS.—  
21          Prior to the initiation of negotiations for accepting con-  
22          tributed funds under section 5 of the Act entitled “An Act  
23          authorizing the construction of certain public works on  
24          rivers and harbors for flood control, and for other pur-  
25          poses”, approved June 22, 1936 (33 U.S.C. 701h), the

1 Secretary shall provide written notice to the Committee  
 2 on Transportation and Infrastructure and the Committee  
 3 on Appropriations of the House of Representatives and the  
 4 Committee on Environment and Public Works and the  
 5 Committee on Appropriations of the Senate.

6 (c) TECHNICAL AMENDMENTS.—The following provi-  
 7 sions are repealed:

8 (1) Section 111(b) of the Energy and Water  
 9 Development and Related Agencies Appropriations  
 10 Act, 2012 (125 Stat. 858).

11 (2) Section 4 of the Act entitled “An Act mak-  
 12 ing appropriations for the construction, repair, and  
 13 preservation of certain public works on rivers and  
 14 harbors, and for other purposes”, approved March 4,  
 15 1915 (33 U.S.C. 560).

16 **SEC. 110. CONTRIBUTIONS BY NON-FEDERAL INTERESTS**  
 17 **FOR MANAGEMENT OF CORPS OF ENGINEERS**  
 18 **INLAND NAVIGATION FACILITIES.**

19 (a) IN GENERAL.—Section 225 of the Water Re-  
 20 sources Development Act of 1992 (33 U.S.C. 2328) is  
 21 amended—

22 (1) by striking the section designation and  
 23 heading and inserting the following:

1 **“SEC. 225. CONTRIBUTIONS BY NON-FEDERAL INTERESTS**  
 2 **FOR MANAGEMENT OF CORPS OF ENGINEERS**  
 3 **FACILITIES.”;**

4 (2) in subsection (a) by striking “managing  
 5 recreation facilities” and inserting “operating, main-  
 6 taining, and managing inland navigational facilities,  
 7 recreational facilities,”; and

8 (3) in subsection (b) by striking “and manage-  
 9 ment of recreation facilities” and inserting “, main-  
 10 tenance, and management of inland navigation facili-  
 11 ties, recreational facilities,”.

12 (b) CLERICAL AMENDMENT.—The table of contents  
 13 contained in section 1(b) of the Water Resources Develop-  
 14 ment Act of 1992 is amended by striking the item relating  
 15 to section 225 and inserting the following:

“225. Contributions by non-Federal interests for management of Corps of Engi-  
 neers facilities.”.

16 **SEC. 111. ADDITIONAL CONTRIBUTIONS BY NON-FEDERAL**  
 17 **INTERESTS.**

18 Section 902 of the Water Resources Development Act  
 19 of 1986 (33 U.S.C. 2280) is amended—

20 (1) by striking “In order to insure” and insert-  
 21 ing “(a) IN GENERAL.—In order to insure”; and

22 (2) by adding at the end the following:

23 “(b) CONTRIBUTIONS BY NON-FEDERAL INTER-  
 24 ESTS.—Notwithstanding subsection (a), in accordance

1 with section 5 of the Act entitled ‘An Act authorizing the  
 2 construction of certain public works on rivers and harbors  
 3 for flood control, and for other purposes’, approved June  
 4 22, 1936 (33 U.S.C. 701h), the Secretary may accept  
 5 funds from a non-Federal interest for any authorized  
 6 water resources development project that has exceeded its  
 7 maximum cost under subsection (a), and use such funds  
 8 to carry out such project, if the use of such funds does  
 9 not increase the Federal share of the cost of such  
 10 project.”.

11 **SEC. 112. CONTRIBUTIONS BY NON-FEDERAL INTERESTS**  
 12 **PRIOR TO AUTHORIZATION OF FINAL FEASI-**  
 13 **BILITY REPORTS.**

14 (a) IN GENERAL.—Subject to subsection (b), a non-  
 15 Federal interest may carry out a project for which—

16 (1) a final feasibility report has been completed;  
 17 and

18 (2) authority for the Secretary to carry out  
 19 such project has not specifically been authorized by  
 20 Congress.

21 (b) CONDITIONS.—The non-Federal interest—

22 (1) shall, before carrying out the project, obtain  
 23 any permit, approval, or authorization required pur-  
 24 suant to Federal or State law; and

1           (2) shall carry out the project in accordance  
2       with the plan, and subject to the conditions, de-  
3       scribed in the final feasibility report.

4       (c) CREDIT, REIMBURSEMENT, AND FUTURE MAIN-  
5       TENANCE.—

6           (1) ELIGIBILITY FOR CREDIT OR REIMBURSE-  
7       MENT.—Subject to paragraph (4), and in accordance  
8       with section 221 of the Flood Control Act of 1970  
9       (42 U.S.C. 1962d–5b), a non-Federal interest may  
10      be eligible for credit or reimbursement for the Fed-  
11      eral share of any work carried out by the non-Fed-  
12      eral interest under this section.

13          (2) ELIGIBILITY FOR MAINTENANCE OF NAVI-  
14      GATION PROJECTS.—Subject to paragraph (4), and  
15      in accordance with section 211(h) of the Water Re-  
16      sources Development of Act of 1996 (33 U.S.C.  
17      701b–13(h), whenever a non-Federal interest con-  
18      structs improvements to a harbor or inland harbor  
19      under this section, the Secretary shall be responsible  
20      for maintenance of such harbor.

21          (3) LIMITATION.—Any activities carried out  
22      under this section are authorized only to the extent  
23      specifically provided for in subsequent appropria-  
24      tions Acts.

1           (4) IMPLEMENTATION.—Paragraphs (1), (2),  
2           and (3) shall not apply unless—

3                   (A) all laws and regulations that would  
4           apply to the Secretary if the Secretary were  
5           carrying out the project were applied by the  
6           non-Federal interest during construction of the  
7           project; and

8                   (B) the project is subsequently specifically  
9           authorized by Congress.

10          (5) IN-KIND CONTRIBUTIONS.—Absent a spe-  
11       cific subsequent authorization by Congress, the non-  
12       Federal interest shall not be reimbursed or receive  
13       credit for in-kind contributions.

14       **SEC. 113. CLARIFICATION OF IMPACTS TO OTHER FEDERAL**  
15               **FACILITIES.**

16       In any case where the modification or construction  
17       of a water resources development project carried out by  
18       the Secretary adversely impacts other Federal facilities,  
19       the Secretary may accept from other Federal agencies  
20       such funds as may be necessary to address the adverse  
21       impact, including by removing, relocating, or recon-  
22       structing such facilities.

1 **SEC. 114. CLARIFICATION OF PREVIOUSLY AUTHORIZED**  
2 **WORK.**

3 (a) IN GENERAL.—The Secretary may carry out  
4 measures to improve fish species habitat within the bound-  
5 aries and downstream of a water resources project con-  
6 structed by the Secretary that includes a fish hatchery if  
7 the Secretary—

8 (1) has been explicitly authorized to compensate  
9 for fish losses associated with the project; and

10 (2) determines that the measures are—

11 (A) feasible;

12 (B) consistent with authorized project pur-  
13 poses and the fish hatchery; and

14 (C) in the public interest.

15 (b) COST SHARING.—

16 (1) IN GENERAL.—Subject to paragraph (2),  
17 the non-Federal interest shall contribute 35 percent  
18 of the total cost of carrying out activities under this  
19 section, including the costs relating to the provision  
20 or acquisition of required land, easements, rights-of-  
21 way, dredged material disposal areas, and reloca-  
22 tions.

23 (2) OPERATION AND MAINTENANCE.—The non-  
24 Federal interest shall contribute 100 percent of the  
25 costs of operation, maintenance, replacement, repair,

1 and rehabilitation of the measures carried out under  
2 this section.

3 **SEC. 115. TRIBAL PARTNERSHIP PROGRAM.**

4 (a) IN GENERAL.—Section 203 of the Water Re-  
5 sources Development Act of 2000 (33 U.S.C. 2269) is  
6 amended—

7 (1) in subsection (d)(1)(B)—

8 (A) by striking “The ability” and inserting  
9 the following:

10 “(i) IN GENERAL.—The ability”; and

11 (B) by adding at the end the following:

12 “(ii) DETERMINATION.—Not later  
13 than 180 days after the date of enactment  
14 of the Water Resources Reform and Devel-  
15 opment Act of 2013, the Secretary shall  
16 issue guidance on the procedures described  
17 in clause (i).”; and

18 (2) by striking subsection (e) and inserting the  
19 following:

20 “(e) RESTRICTIONS.—The Secretary is authorized to  
21 carry out activities under this section in fiscal years 2014  
22 through 2023.”.

23 (b) COOPERATIVE AGREEMENTS WITH INDIAN  
24 TRIBES.—The Secretary may enter into a cooperative  
25 agreement with an Indian tribe (or a designated represent-

1   ative of an Indian tribe) to carry out authorized activities  
 2   of the Corps of Engineers to protect fish, wildlife, water  
 3   quality, and cultural resources.

4   **SEC. 116. TECHNICAL CORRECTIONS.**

5       (a) LIMITATION; STATUTORY CONSTRUCTION.—Sec-  
 6   tion 221(a)(4)(E) of the Flood Control Act of 1970 (42  
 7   U.S.C. 1962d–5b(a)(4)(E)) is amended by striking clause  
 8   (ii) and inserting the following:

9                   “(ii) LIMITATION.—In any case in  
 10                   which a specific provision of law provides  
 11                   for a non-Federal interest to receive credit  
 12                   toward the non-Federal share of the cost  
 13                   of a study for, or construction or operation  
 14                   and maintenance of, a water resources  
 15                   project, the Secretary shall apply—

16                   “(I) the specific provision of law  
 17                   instead of this paragraph; or

18                   “(II) at the request of the non-  
 19                   Federal interest, the specific provision  
 20                   of law and such provisions of this  
 21                   paragraph as the non-Federal interest  
 22                   may request.

23                   “(iii) STATUTORY CONSTRUCTION.—  
 24                   Nothing in this subparagraph may be con-

1                   strued to affect the applicability of sub-  
 2                   paragraph (C).”.

3           (b) WATER RESOURCES PROJECT DEFINED.—Sec-  
 4 tion 221(b) of such Act (42 U.S.C. 1962d–5b(b)) is  
 5 amended—

6           (1) by moving paragraphs (1) and (2) and the  
 7 matter following paragraph (2) 2 ems to the right;

8           (2) by redesignating paragraphs (1) and (2) as  
 9 subparagraphs (A) and (B), respectively;

10          (3) by striking “(b) DEFINITION” and all that  
 11 follows through “The term” and inserting the fol-  
 12 lowing:

13          “(b) DEFINITIONS.—

14           “(1) NON-FEDERAL INTEREST.—The term”;  
 15 and

16          (4) by adding at the end the following:

17          “(2) WATER RESOURCES PROJECT.—The term  
 18 ‘water resources project’ includes projects studied,  
 19 reviewed, designed, constructed, operated and main-  
 20 tained, or otherwise subject to Federal participation  
 21 under the authority of the civil works program of  
 22 the Secretary of the Army for the purposes of navi-  
 23 gation, flood damage reduction, ecosystem restora-  
 24 tion, hurricane and storm damage reduction, water  
 25 supply, recreation, hydroelectric power, fish and

1 wildlife conservation, water quality, environmental  
 2 infrastructure, resource protection and development,  
 3 and related purposes.”.

4 (c) CORRECTION.—Section 221(c) of such Act (42  
 5 U.S.C. 1962d–5b(c)) is amended by striking “enforceable”  
 6 and inserting “enforceable”.

7 (d) FEDERAL ALLOCATION.—Section 2008(a) of the  
 8 Water Resources Development Act of 2007 (33 U.S.C.  
 9 2340(a)) is amended by adding at the end the following:  
 10 “This subsection shall apply without regard to whether the  
 11 original partnership agreement was entered into before,  
 12 on, or after the date of enactment of this subsection.”.

13 (e) IN-KIND CREDIT.—Section 221(a)(4)(C) of the  
 14 Flood Control Act of 1970 (42 U.S.C. 1962d–5b(a)(4)(C))  
 15 is amended by striking “In any case” and all that follows  
 16 through the period at the end and inserting the following:

17 “(i) CONSTRUCTION.—

18 “(I) IN GENERAL.—In any case  
 19 in which the non-Federal interest is to  
 20 receive credit under subparagraph (A)  
 21 for the cost of construction carried  
 22 out by the non-Federal interest before  
 23 execution of a partnership agreement  
 24 and that construction has not been  
 25 carried out as of the date of enact-

1           ment of this clause, the Secretary and  
2           the non-Federal interest shall enter  
3           into an agreement under which the  
4           non-Federal interest shall carry out  
5           such work and shall do so prior to the  
6           non-Federal interest initiating con-  
7           struction or issuing a written notice to  
8           proceed for the construction.

9                   “(II)   ELIGIBILITY.—Construc-  
10           tion that is carried out after the exe-  
11           cution of an agreement under sub-  
12           clause (I) and any design activities  
13           that are required for that construc-  
14           tion, even if the design activity is car-  
15           ried out prior to the execution of the  
16           agreement, shall be eligible for credit.

17                   “(ii) PLANNING.—

18                   “(I) IN GENERAL.—In any case  
19           in which the non-Federal interest is to  
20           receive credit under subparagraph (A)  
21           for the cost of planning carried out by  
22           the non-Federal interest before execu-  
23           tion of a feasibility cost sharing agree-  
24           ment, the Secretary and the non-Fed-  
25           eral interest shall enter into an agree-

1                   ment under which the non-Federal in-  
2                   terest shall carry out such planning  
3                   and shall do so prior to the non-Fed-  
4                   eral interest initiating that planning.

5                   “(II)     ELIGIBILITY.—Planning  
6                   that is carried out by the non-Federal  
7                   interest after the execution of an  
8                   agreement under subclause (I) shall  
9                   be eligible for credit.”.

10 **SEC. 117. WATER INFRASTRUCTURE PUBLIC-PRIVATE**  
11 **PARTNERSHIP PILOT PROGRAM.**

12       (a) IN GENERAL.—The Secretary shall establish a  
13 pilot program to evaluate the cost effectiveness and project  
14 delivery efficiency of allowing non-Federal interests to  
15 carry out authorized water resources development projects  
16 for coastal harbor improvement, channel improvement, in-  
17 land navigation, flood damage reduction, aquatic eco-  
18 system restoration, and hurricane and storm damage re-  
19 duction.

20       (b) PURPOSES.—The purposes of the pilot program  
21 established under subsection (a) are—

22               (1) to identify cost-saving project delivery alter-  
23 natives that reduce the backlog of authorized Corps  
24 of Engineers projects; and

1           (2) to evaluate the technical, financial, and or-  
2           ganizational benefits of allowing a non-Federal inter-  
3           est to carry out and manage the design or construc-  
4           tion (or both) of 1 or more of such projects.

5           (c) SUBSEQUENT APPROPRIATIONS.—Any activity  
6           undertaken under this section is authorized only to the  
7           extent specifically provided for in subsequent appropria-  
8           tions Acts.

9           (d) ADMINISTRATION.—In carrying out the pilot pro-  
10          gram established under subsection (a), the Secretary  
11          shall—

12           (1) identify for inclusion in the program at  
13           least 15 projects that are authorized for construction  
14           for coastal harbor improvement, channel improve-  
15           ment, inland navigation, flood damage reduction, or  
16           hurricane and storm damage reduction;

17           (2) notify in writing the Committee on Trans-  
18           portation and Infrastructure of the House of Rep-  
19           resentatives and the Committee on Environment and  
20           Public Works of the Senate of each project identified  
21           under paragraph (1);

22           (3) in consultation with the non-Federal inter-  
23           est associated with each project identified under  
24           paragraph (1), develop a detailed project manage-  
25           ment plan for the project that outlines the scope, fi-

1       nancing, budget, design, and construction resource  
2       requirements necessary for the non-Federal interest  
3       to execute the project, or a separable element of the  
4       project;

5           (4) at the request of the non-Federal interest  
6       associated with each project identified under para-  
7       graph (1), enter into a project partnership agree-  
8       ment with the non-Federal interest under which the  
9       non-Federal interest is provided full project manage-  
10      ment control for the financing, design, or construc-  
11      tion (or any combination thereof) of the project, or  
12      a separable element of the project, in accordance  
13      with plans approved by the Secretary;

14           (5) following execution of a project partnership  
15      agreement under paragraph (4) and completion of  
16      all work under the agreement, issue payment, in ac-  
17      cordance with subsection (g), to the relevant non-  
18      Federal interest for that work; and

19           (6) regularly monitor and audit each project  
20      carried out under the program to ensure that all ac-  
21      tivities related to the project are carried out in com-  
22      pliance with plans approved by the Secretary and  
23      that construction costs are reasonable.

1       (e) SELECTION CRITERIA.—In identifying projects  
2 under subsection (d)(1), the Secretary shall consider the  
3 extent to which the project—

4           (1) is significant to the economy of the United  
5 States;

6           (2) leverages Federal investment by encour-  
7 aging non-Federal contributions to the project;

8           (3) employs innovative project delivery and  
9 cost-saving methods;

10          (4) received Federal funds in the past and expe-  
11 rienced delays or missed scheduled deadlines;

12          (5) has unobligated Corps of Engineers funding  
13 balances; and

14          (6) has not received Federal funding for recapit-  
15 alization and modernization since the project was  
16 authorized.

17       (f) DETAILED PROJECT SCHEDULE.—Not later than  
18 180 days after entering into a project partnership agree-  
19 ment under subsection (d)(4), a non-Federal interest, to  
20 the maximum extent practicable, shall submit to the Sec-  
21 retary a detailed project schedule for the relevant project,  
22 based on estimated funding levels, that specifies deadlines  
23 for each milestone with respect to the project.

1 (g) PAYMENT.—Payment to the non-Federal interest  
2 for work completed pursuant to a project partnership  
3 agreement under subsection (d)(4) may be made from—

4 (1) if applicable, the balance of the unobligated  
5 amounts appropriated for the project;

6 (2) other amounts appropriated to the Corps of  
7 Engineers, except that the total amount transferred  
8 to the non-Federal interest may not exceed the esti-  
9 mate of the Federal share of the cost of construc-  
10 tion, including any required design; and

11 (3) revenue generated by the project.

12 (h) TECHNICAL ASSISTANCE.—At the request of a  
13 non-Federal interest participating in the pilot program es-  
14 tablished under subsection (a), the Secretary may provide  
15 to the non-Federal interest, if the non-Federal interest  
16 contracts with and compensates the Secretary, technical  
17 assistance with respect to—

18 (1) a study, engineering activity, or design ac-  
19 tivity related to a project carried out by the non-  
20 Federal interest under the program; and

21 (2) obtaining permits necessary for such a  
22 project.

23 (i) IDENTIFICATION OF IMPEDIMENTS.—

24 (1) IN GENERAL.—The Secretary shall—

1 (A) except as provided in paragraph (2),  
2 identify any procedural requirements under the  
3 authority of the Secretary that impede greater  
4 use of public-private partnerships and private  
5 investment in water resources development  
6 projects;

7 (B) develop and implement, on a project-  
8 by-project basis, procedures and approaches  
9 that—

10 (i) address such impediments; and

11 (ii) protect the public interest and any  
12 public investment in water resources devel-  
13 opment projects that involve public-private  
14 partnerships or private investment in water  
15 resources development projects; and

16 (C) not later than 1 year after the date of  
17 enactment of this section, issue rules to carry  
18 out the procedures and approaches developed  
19 under subparagraph (B).

20 (2) RULE OF CONSTRUCTION.—Nothing in this  
21 section may be construed to allow the Secretary to  
22 waive any requirement under—

23 (A) sections 3141 through 3148 and sec-  
24 tions 3701 through 3708 of title 40, United  
25 States Code;

1 (B) the National Environmental Policy Act  
2 of 1969 (42 U.S.C. 4321 et seq.); or

3 (C) any other provision of Federal law.

4 (j) PUBLIC BENEFIT STUDIES.—

5 (1) IN GENERAL.—Before entering into a  
6 project partnership agreement under subsection  
7 (d)(4), the Secretary shall conduct an assessment of  
8 whether, and provide justification in writing to the  
9 Committee on Transportation and Infrastructure of  
10 the House of Representatives and the Committee on  
11 Environment and Public Works of the Senate that,  
12 the proposed agreement provides better public and  
13 financial benefits than a similar transaction using  
14 public funding or financing.

15 (2) REQUIREMENTS.—An assessment under  
16 paragraph (1) shall—

17 (A) be completed in a period of not more  
18 than 90 days;

19 (B) take into consideration any supporting  
20 materials and data submitted by the relevant  
21 non-Federal interest and other stakeholders;  
22 and

23 (C) determine whether the proposed  
24 project partnership agreement is in the public  
25 interest by determining whether the agreement

1 will provide public and financial benefits, in-  
2 cluding expedited project delivery and savings  
3 for taxpayers.

4 (k) NON-FEDERAL FUNDING.—A project carried out  
5 under the pilot program established under subsection (a)  
6 may consist of the non-Federal interest financing the non-  
7 Federal share of the project.

8 (l) APPLICABILITY OF FEDERAL LAW.—Any provi-  
9 sion of Federal law that would apply to the Secretary if  
10 the Secretary were carrying out a project shall apply to  
11 a non-Federal interest carrying out a project under this  
12 section.

13 (m) COST SHARE.—Nothing in this section affects a  
14 cost-sharing requirement under Federal law that is appli-  
15 cable to a project carried out under the pilot program es-  
16 tablished under subsection (a).

17 (n) REPORT.—Not later than 3 years after the date  
18 of enactment of this Act, the Secretary shall submit to  
19 the Committee on Transportation and Infrastructure of  
20 the House of Representatives and the Committee on Envi-  
21 ronment and Public Works of the Senate a report describ-  
22 ing the results of the pilot program established under sub-  
23 section (a), including any recommendations of the Sec-  
24 retary concerning whether the program or any component  
25 of the program should be implemented on a national basis.

1       (o) NON-FEDERAL INTEREST DEFINED.—In this  
2 section, the term “non-Federal interest” includes non-  
3 Federal government entities and private entities.

4 **SEC. 118. ANNUAL REPORT TO CONGRESS.**

5       (a) IN GENERAL.—Not later than February 1 of each  
6 year, the Secretary shall develop and submit to the Com-  
7 mittee on Transportation and Infrastructure of the House  
8 of Representatives and the Committee on Environment  
9 and Public Works of the Senate an annual report, to be  
10 entitled “Report to Congress on Future Water Resources  
11 Development”, that identifies the following:

12           (1) FEASIBILITY REPORTS.—Each feasibility  
13 report that meets the criteria established in sub-  
14 section (c)(1)(A).

15           (2) PROPOSED FEASIBILITY STUDIES.—Any  
16 proposed feasibility study submitted to the Secretary  
17 by a non-Federal interest pursuant to subsection (b)  
18 that meets the criteria established in subsection  
19 (c)(1)(A).

20           (3) PROPOSED MODIFICATIONS.—Any proposed  
21 modification to an authorized water resources devel-  
22 opment project or feasibility study that meets the  
23 criteria established in subsection (c)(1)(A) that—

24                   (A) is submitted to the Secretary by a non-  
25 Federal interest pursuant to subsection (b); or

1 (B) is identified by the Secretary for au-  
2 thorization.

3 (b) REQUESTS FOR PROPOSALS.—

4 (1) PUBLICATION.—Not later than May 1 of  
5 each year, the Secretary shall publish in the Federal  
6 Register a notice requesting proposals from non-  
7 Federal interests for proposed feasibility studies and  
8 proposed modifications to authorized water resources  
9 development projects and feasibility studies to be in-  
10 cluded in the annual report.

11 (2) DEADLINE FOR REQUESTS.—The Secretary  
12 shall include in each notice required by this sub-  
13 section a requirement that non-Federal interests  
14 submit to the Secretary any proposals described in  
15 paragraph (1) by not later than 120 days after the  
16 date of publication of the notice in the Federal Reg-  
17 ister in order for such proposals to be considered for  
18 inclusion in the annual report.

19 (3) NOTIFICATION.—On the date of publication  
20 of each notice required by this subsection, the Sec-  
21 retary shall—

22 (A) make the notice publicly available, in-  
23 cluding on the Internet; and

24 (B) provide written notification of such  
25 publication to the Committee on Transportation

and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Senate.

(c) CONTENTS.—

(1) FEASIBILITY REPORTS, PROPOSED FEASIBILITY STUDIES, AND PROPOSED MODIFICATIONS.—

(A) CRITERIA FOR INCLUSION IN REPORT.—The Secretary shall include in the annual report only those feasibility reports, proposed feasibility studies, and proposed modifications to authorized water resources development projects and feasibility studies that—

(i) are related to the missions and authorities of the Corps of Engineers;

(ii) require specific authorization by Congress in law or otherwise;

(iii) are not authorized by Congress;

(iv) have not been included in any previous annual report; and

(v) if authorized, could be carried out by the Corps of Engineers.

(B) DESCRIPTION OF BENEFITS.—For each proposed feasibility study and proposed modification to an authorized water resources development project or feasibility study included

1 in the annual report, the Secretary shall de-  
2 scribe the potential benefit of the proposed fea-  
3 sibility study or modification, including, to the  
4 extent applicable, whether the water resources  
5 development project that is the subject of the  
6 proposed feasibility study, or the proposed  
7 modification, will—

8 (i) reduce risks to human life or pub-  
9 lic safety or property;

10 (ii) benefit the national economy;

11 (iii) stimulate the creation of jobs;

12 (iv) reduce the need for future dis-  
13 aster relief;

14 (v) promote the development and de-  
15 livery of domestic energy resources;

16 (vi) improve the competitiveness of  
17 United States exports;

18 (vii) improve water-related transpor-  
19 tation for interstate or international com-  
20 merce;

21 (viii) restore or protect, or mitigate  
22 the impacts of a water resources develop-  
23 ment project on, the environment; or

1 (ix) promote the use of cost-effective  
2 and sustainable solutions to water re-  
3 sources challenges.

4 (2) TRANSPARENCY.—The Secretary shall in-  
5 clude in the annual report, for each feasibility re-  
6 port, proposed feasibility study, and proposed modi-  
7 fication to an authorized water resources develop-  
8 ment project or feasibility study included under  
9 paragraph (1)(A)—

10 (A) the name of the associated non-Fed-  
11 eral interest, including the name of any non-  
12 Federal interest that has contributed, or is ex-  
13 pected to contribute, a non-Federal share of the  
14 cost of—

15 (i) the feasibility report;  
16 (ii) the proposed feasibility study;  
17 (iii) the authorized feasibility study  
18 for which the modification is proposed; or  
19 (iv) construction of—

20 (I) the water resources develop-  
21 ment project that is the subject of—

22 (aa) the feasibility report;  
23 (bb) the proposed feasibility  
24 study; or

1 (cc) the authorized feasi-  
2 bility study for which a modifica-  
3 tion is proposed; or

4 (II) the proposed modification to  
5 an authorized water resources devel-  
6 opment project;

7 (B) a letter or statement of support for the  
8 feasibility report, proposed feasibility study, or  
9 proposed modification to an authorized water  
10 resources development project or feasibility  
11 study from each associated non-Federal inter-  
12 est;

13 (C) the purpose of the feasibility report,  
14 proposed feasibility study, or proposed modi-  
15 fication to an authorized water resources devel-  
16 opment project or feasibility study;

17 (D) an estimate of the Federal, non-Fed-  
18 eral, and total costs of—

19 (i) the proposed feasibility study, or  
20 proposed modification to an authorized  
21 feasibility study; and

22 (ii) construction of—

23 (I) the water resources develop-  
24 ment project that is the subject of—

25 (aa) the feasibility report; or

1 (bb) the authorized feasi-  
2 bility study for which a modifica-  
3 tion is proposed, with respect to  
4 the change in costs resulting  
5 from such modification; or

6 (II) the proposed modification to  
7 an authorized water resources devel-  
8 opment project; and

9 (E) an estimate, to the extent practicable,  
10 of the monetary and nonmonetary benefits of—

11 (i) the water resources development  
12 project that is the subject of—

13 (I) the feasibility report;

14 (II) the proposed feasibility  
15 study; or

16 (III) the authorized feasibility  
17 study for which a modification is pro-  
18 posed, with respect to the benefits of  
19 such modification; or

20 (ii) the proposed modification to an  
21 authorized water resources development  
22 project.

23 (3) CERTIFICATION.—The Secretary shall in-  
24 clude in the annual report a certification stating  
25 that each feasibility report, proposed feasibility

1 study, and proposed modification to an authorized  
2 water resources development project or feasibility  
3 study included in the annual report meets the cri-  
4 teria in paragraph (1)(A).

5 (4) APPENDIX.—The Secretary shall include in  
6 the annual report an appendix listing the proposals  
7 submitted under subsection (b) that were not in-  
8 cluded in the annual report under paragraph (1)(A)  
9 and a description of why the Secretary determined  
10 that those proposals did not meet the criteria for in-  
11 clusion under such paragraph.

12 (d) SPECIAL RULE FOR INITIAL ANNUAL REPORT.—

13 Notwithstanding any other deadlines required by this sec-  
14 tion, the Secretary shall—

15 (1) not later than 30 days after the date of en-  
16 actment of this Act, publish in the Federal Register  
17 a notice required by subsection (b)(1);

18 (2) include in such notice a requirement that  
19 non-Federal interests submit to the Secretary any  
20 proposals described in subsection (b)(1) by not later  
21 than 90 days after the date of publication of such  
22 notice in the Federal Register in order for such pro-  
23 posals to be considered for inclusion in the first an-  
24 nual report developed by the Secretary under this  
25 section; and

1           (3) not later than 180 days after the date of  
2       enactment of this Act, submit an annual report to  
3       the Committee on Transportation and Infrastructure  
4       of the House of Representatives and the Committee  
5       on Environment and Public Works of the Senate.

6       (e) PUBLICATION.—Upon submission of the annual  
7       report to Congress, the Secretary shall make the annual  
8       report publicly available, including through publication on  
9       the Internet.

10       (f) DEFINITIONS.—In this section, the following defi-  
11       nitions apply:

12           (1) ANNUAL REPORT.—The term “annual re-  
13       port” means the report required by subsection (a).

14           (2) FEASIBILITY REPORT.—The term “feasi-  
15       bility report” means a final feasibility report devel-  
16       oped under section 905 of the Water Resources De-  
17       velopment Act of 1986 (33 U.S.C. 2282), and in-  
18       cludes—

19                (A) a report described in section 105(d)(2)  
20       of such Act (33 U.S.C. 2215(d)(2)); and

21                (B) where applicable, any associated report  
22       of the Chief of Engineers.

23           (3) FEASIBILITY STUDY.—The term “feasibility  
24       study” has the meaning given that term in section

1       105 of the Water Resources Development Act of  
2       1986 (33 U.S.C. 2215).

3               (4) NON-FEDERAL INTEREST.—The term “non-  
4       Federal interest” has the meaning given that term  
5       in section 221 of the Flood Control Act of 1970 (42  
6       U.S.C. 1962d–5b).

7       **SEC. 119. ACTIONS TO BE TAKEN IN CONJUNCTION WITH**  
8                       **THE PRESIDENT’S ANNUAL BUDGET SUBMIS-**  
9                       **SION TO CONGRESS.**

10       (a) RECOMMENDATIONS FOR CORPS OF ENGINEERS  
11       CONSTRUCTION PROJECTS IN PRESIDENT’S BUDGET.—

12               (1) IN GENERAL.—For each fiscal year, as part  
13       of the President’s annual budget submission to Con-  
14       gress under section 1105(a) of title 31, United  
15       States Code, the President shall—

16               (A) identify and recommend Corps of En-  
17       gineers construction projects for which Con-  
18       gress should provide funding at the full level  
19       authorized for the project; and

20               (B) provide an explanation of the process  
21       used by the President in making the rec-  
22       ommendations.

23               (2) COVERED PERIOD.—The President shall  
24       make recommendations under paragraph (1) for the

1       fiscal year for which the budget submission is pre-  
2       pared and each of the succeeding 4 fiscal years.

3               (3) BASIS FOR MAKING RECOMMENDATIONS.—

4       The President shall base recommendations under  
5       paragraph (1) on the assumption that  
6       \$2,000,000,000 will be appropriated for Corps of  
7       Engineers construction projects for each fiscal year.

8       (b) MISSOURI RIVER BASIN.—To assist in the  
9       prioritization of Federal activities carried out related to  
10      the project for mitigation of fish and wildlife losses, Mis-  
11      souri River Bank Stabilization and Navigation Project,  
12      Missouri, Kansas, Iowa, and Nebraska, authorized by sec-  
13      tion 601(a) of the Water Resources Development Act of  
14      1986 (100 Stat. 4143), and in conjunction with the Presi-  
15      dent's submission to Congress of a budget under section  
16      1105(a) of title 31, United States Code, the Secretary  
17      shall submit to Congress a report that provides—

18              (1) an inventory of all Federal actions taken  
19      and a prioritization of all Federal actions planned in  
20      furtherance of the project, including an inventory of  
21      lands owned, acquired, or directly controlled by the  
22      Federal Government, and lands enrolled in federally  
23      assisted conservation programs;

1           (2) a description of the specific Federal actions  
2       proposed for the upcoming fiscal year in furtherance  
3       of the project;

4           (3) an assessment of the progress made in fur-  
5       therance of the project, including a description of  
6       how each of the actions identified under paragraph  
7       (1) have impacted such progress; and

8           (4) an assessment of additional actions nec-  
9       essary to achieve the results of the project.

10 **SEC. 120. HURRICANE AND STORM DAMAGE REDUCTION**  
11 **STUDY.**

12       As part of the study for flood and storm damage re-  
13       duction related to natural disasters to be carried out by  
14       the Secretary under title II of division A of the Disaster  
15       Relief Appropriations Act, 2013, under the heading “De-  
16       partment of the Army—Corps of Engineers—Civil—In-  
17       vestigations” (127 Stat. 5), the Secretary shall make spe-  
18       cific project recommendations. In making recommenda-  
19       tions pursuant to this section, the Secretary shall consult  
20       with key stakeholders, including State, county, and city  
21       governments, and, where applicable, State and local water  
22       districts, and in the case of recommendations concerning  
23       projects that substantially affect communities served by  
24       historically Black colleges and universities, Tribal Colleges  
25       and Universities, and other minority-serving institutions,

1 the Secretary shall also consult with such colleges, univer-  
2 sities, and institutions. The Secretary shall include those  
3 recommendations in the report entitled “Report to Con-  
4 gress on Future Water Resources Development”, devel-  
5 oped in accordance with this Act.

6 **SEC. 121. NON-FEDERAL PLANS TO PROVIDE ADDITIONAL**  
7 **FLOOD RISK REDUCTION.**

8 (a) IN GENERAL.—If requested by a non-Federal in-  
9 terest, the Secretary shall carry out a locally preferred  
10 plan that provides a higher level of protection than a flood  
11 risk management project authorized under this Act if the  
12 Secretary determines that—

13 (1) the plan is technically feasible and environ-  
14 mentally acceptable; and

15 (2) the benefits of the plan exceed the costs of  
16 the plan.

17 (b) NON-FEDERAL COSTS.—If the Secretary carries  
18 out a locally preferred plan under subsection (a), the cost  
19 attributable to the higher level of protection provided  
20 under the plan shall be paid by the non-Federal interest.

21 **SEC. 122. REVIEW OF EMERGENCY RESPONSE AUTHORI-**  
22 **TIES.**

23 (a) IN GENERAL.—The Secretary shall undertake a  
24 review of implementation of section 5 of the Act entitled  
25 “An Act authorizing the construction of certain public

1 works on rivers and harbors for flood control, and for  
2 other purposes”, approved August 18, 1941 (33 U.S.C.  
3 701n), to evaluate the alternatives available to the Sec-  
4 retary to ensure—

5 (1) the safety of affected communities to future  
6 flooding and storm events;

7 (2) the resiliency of water resources develop-  
8 ment projects to future flooding and storm events;

9 (3) the long-term cost effectiveness of water re-  
10 sources development projects that provide flood con-  
11 trol and hurricane and storm damage reduction ben-  
12 efits; and

13 (4) the policy goals and objectives that have  
14 been outlined by the President as a response to re-  
15 cent extreme weather events, including Hurricane  
16 Sandy, that relate to preparing for future floods are  
17 met.

18 (b) SCOPE OF REVIEW.—In carrying out the review,  
19 the Secretary shall—

20 (1) review the historical precedents and imple-  
21 mentation of section 5 of such Act, including those  
22 actions undertaken by the Secretary, over time,  
23 under that section—

24 (A) to repair or restore a project; and

1 (B) to increase the level of protection for  
2 a damaged project to address future conditions;

3 (2) evaluate the difference between adopting, as  
4 an appropriate standard under section 5 of such  
5 Act, the repair or restoration of a project to pre-  
6 flood or pre-storm levels and the repair or restora-  
7 tion of a project to a design level of protection, in-  
8 cluding an assessment for each standard of—

9 (A) the implications on populations at risk  
10 of flooding or damage;

11 (B) the implications on probability of loss  
12 of life;

13 (C) the implications on property values at  
14 risk of flooding or damage;

15 (D) the implications on probability of in-  
16 creased property damage and associated costs;

17 (E) the implications on local and regional  
18 economies; and

19 (F) the estimated total cost and estimated  
20 cost savings;

21 (3) review and evaluate the historic and poten-  
22 tial uses, and economic feasibility for the life of the  
23 project, of nonstructural alternatives, including nat-  
24 ural features such as dunes, coastal wetlands,  
25 floodplains, marshes, and mangroves, to reduce the

1 damage caused by floods, storm surges, winds, and  
2 other aspects of extreme weather events, and to in-  
3 crease the resiliency and long-term cost-effectiveness  
4 of water resources development projects;

5 (4) incorporate the science on expected rates of  
6 sea-level rise and extreme weather events; and

7 (5) incorporate the work completed by the Hur-  
8 ricane Sandy Rebuilding Task Force, established by  
9 Executive Order No. 13632 (December 7, 2012).

10 (c) REPORT TO CONGRESS.—Not later than 1 year  
11 after the date of enactment of this section, the Secretary  
12 shall submit to the Committee on Transportation and In-  
13 frastructure of the House of Representatives and the Com-  
14 mittee on Environment and Public Works of the Senate  
15 a report on the results of the review.

16 **SEC. 123. EMERGENCY COMMUNICATION OF RISK.**

17 (a) IN GENERAL.—In any river basin where the Sec-  
18 retary carries out flood risk management activities subject  
19 to an annual operating plan, the Secretary shall establish  
20 procedures for providing the public and affected govern-  
21 ments, including Indian tribes, in the river basin with—

22 (1) timely information regarding expected water  
23 levels;

24 (2) advice regarding appropriate preparedness  
25 actions;

1 (3) technical assistance; and

2 (4) any other information or assistance deter-  
3 mined appropriate by the Secretary.

4 (b) PUBLIC AVAILABILITY OF INFORMATION.—To  
5 the maximum extent practicable, the Secretary, in coordi-  
6 nation with the Administrator of the Federal Emergency  
7 Management Agency, shall make the information required  
8 under subsection (a) available to the public through widely  
9 used and readily available means, including on the Inter-  
10 net.

11 (c) PROCEDURES.—The Secretary shall utilize the  
12 procedures only when precipitation or runoff exceeds those  
13 calculations considered as the lowest risk to life and prop-  
14 erty contemplated by the annual operating plan.

15 (d) DEFINITIONS.—In this section, the following defi-  
16 nitions apply:

17 (1) AFFECTED GOVERNMENT.—The term “af-  
18 fected government” means a State, local, or tribal  
19 government with jurisdiction over an area that will  
20 be affected by a flood.

21 (2) ANNUAL OPERATING PLAN.—The term “an-  
22 nual operating plan” means a plan prepared by the  
23 Secretary that describes potential water condition  
24 scenarios for a river basin for a year.

1 **SEC. 124. IMPROVEMENTS TO THE NATIONAL DAM SAFETY**

2 **PROGRAM ACT.**

3 (a) ADMINISTRATOR.—

4 (1) IN GENERAL.—The National Dam Safety  
5 Program Act (33 U.S.C. 467 et seq.) is amended by  
6 striking “Director” each place it appears and insert-  
7 ing “Administrator”.

8 (2) CONFORMING AMENDMENT.—Section 2(3)  
9 of such Act (33 U.S.C. 467(3)) is amended in the  
10 paragraph heading by striking “DIRECTOR” and in-  
11 serting “ADMINISTRATOR”.

12 (b) INSPECTION OF DAMS.—Section 3(b)(1) of such  
13 Act (33 U.S.C. 467a(b)(1)) is amended by striking “or  
14 maintenance” and inserting “maintenance, condition, or  
15 provision for emergency operations”.

16 (c) NATIONAL DAM SAFETY PROGRAM.—

17 (1) OBJECTIVES.—Section 8(c)(4) of such Act  
18 (33 U.S.C. 467f(c)(4)) is amended to read as fol-  
19 lows:

20 “(4) develop and implement a comprehensive  
21 dam safety hazard education and public awareness  
22 initiative to assist the public in mitigating against,  
23 preparing for, responding to, and recovering from  
24 dam incidents;”.

25 (2) BOARD.—Section 8(f)(4) of such Act (33  
26 U.S.C. 467f(f)(4)) is amended by inserting “, rep-

1        representatives from nongovernmental organizations,”  
2        after “State agencies”.

3    **SEC. 125. RESTRICTED AREAS AT CORPS OF ENGINEERS**  
4                    **DAMS.**

5        Section 2 of the Freedom to Fish Act (Public Law  
6    113–13; 127 Stat. 449) is amended—

7            (1) in subsection (b)(1) by striking “until the  
8        date that is 2 years after the date of enactment of  
9        this Act”;

10          (2) in the heading of subsection (c) by inserting  
11        “OR MODIFIED” after “NEW”; and

12          (3) in subsection (c)—

13            (A) in matter preceding paragraph (1) by  
14        inserting “new or modified” after “establishes  
15        any”; and

16            (B) in paragraph (3) by striking “until the  
17        date that is 2 years after the date of enactment  
18        of this Act” and inserting “until the Secretary  
19        has complied with the provisions of this sub-  
20        section”.

21    **SEC. 126. LEVEE SAFETY.**

22        Section 22 of the Water Resources Development Act  
23    of 1974 (42 U.S.C. 1962d–16) is amended by redesign-  
24    ating subsection (e) as subsection (f) and inserting after  
25    subsection (d) the following:

1 “(e) LEVEE SAFETY.—

2 “(1) IN GENERAL.—At the request of a State  
3 or political subdivision thereof, and in consultation  
4 with that State and appropriate non-Federal inter-  
5 ests, the Secretary may provide technical assistance  
6 to a State to—

7 “(A) encourage effective State or local pro-  
8 grams intended to ensure levee safety to protect  
9 human life and property;

10 “(B) assist the State or political subdivi-  
11 sion in establishing and carrying out a levee  
12 safety program; or

13 “(C) improve an existing State or local  
14 levee safety program.

15 “(2) PURPOSES.—The purposes of technical as-  
16 sistance provided under this subsection shall be—

17 “(A) to ensure that human lives and prop-  
18 erty that are protected by new and existing lev-  
19 ees are safe;

20 “(B) to encourage the use of appropriate  
21 engineering policies and procedures for levee  
22 site investigation, design, construction, oper-  
23 ation and maintenance, and emergency pre-  
24 paredness;

1           “(C) to encourage effective levee safety  
2 programs in a State;

3           “(D) to develop and support public edu-  
4 cation and awareness projects to increase public  
5 acceptance and support of levee safety pro-  
6 grams;

7           “(E) to build public awareness of the re-  
8 sidual risks associated with living in levee pro-  
9 tected areas; and

10          “(F) to develop technical assistance mate-  
11 rials, seminars, and guidelines to improve the  
12 security of levees in the United States.

13          “(3) FEDERAL GUIDELINES.—

14               “(A) IN GENERAL.—In carrying out this  
15 subsection, the Secretary, in consultation with  
16 States and non-Federal interests, shall establish  
17 Federal guidelines relating to levee safety.

18               “(B) INCORPORATION OF FEDERAL ACTIVI-  
19 TIES.—The guidelines established under sub-  
20 paragraph (A) shall encompass, to the max-  
21 imum extent practicable, activities and practices  
22 carried out by appropriate Federal agencies.

23               “(C) INCORPORATION OF STATE AND  
24 LOCAL ACTIVITIES.—The guidelines established

1 under subparagraph (A) shall encompass, to the  
2 maximum extent practicable—

3 “(i) the activities and practices car-  
4 ried out by States, local governments, and  
5 the private sector to safely build, regulate,  
6 operate, and maintain levees; and

7 “(ii) Federal activities that facilitate  
8 State efforts to develop and implement ef-  
9 fective State programs for the safety of  
10 levees, including levee inspection, levee re-  
11 habilitation, locally developed flood plain  
12 management, and public education and  
13 training programs.

14 “(D) REVIEW.—The Secretary shall allow  
15 States and non-Federal interests, including ap-  
16 propriate stakeholders, to review and comment  
17 on the guidelines established under subpara-  
18 graph (A) before the guidelines are made final.

19 “(4) ASSISTANCE FOR STATE LEVEE SAFETY  
20 PROGRAMS.—

21 “(A) ELIGIBILITY.—To be eligible for tech-  
22 nical assistance under this subsection, a State  
23 shall—

24 “(i) be in the process of establishing  
25 or have in effect a State levee safety pro-

1           gram under which a State levee safety  
2           agency, in accordance with State law, car-  
3           ries out the guidelines established under  
4           paragraph (3); and

5           “(ii) allocate sufficient funds in the  
6           budget of that State to carry out such  
7           State levee safety program.

8           “(B) WORK PLANS.—The Secretary shall  
9           enter into an agreement with each State receiv-  
10          ing technical assistance under this subsection to  
11          develop a work plan necessary for the State  
12          levee safety program of that State to reach a  
13          level of program performance that meets the  
14          guidelines established under paragraph (3).

15          “(C) INSPECTION PROGRAMS.—The Sec-  
16          retary shall work with States receiving technical  
17          assistance under this subsection to develop  
18          State technical guidelines for levee inspection  
19          programs that—

20               “(i) address hazard classifications and  
21               technically based frameworks for levee as-  
22               sessment; and

23               “(ii) are incorporated into State levee  
24               safety programs.

1                   “(D) MAINTENANCE OF EFFORT.—Tech-  
2                   nical assistance may not be provided to a State  
3                   under this subsection during a fiscal year unless  
4                   the State enters into an agreement with the  
5                   Secretary to ensure that the State will maintain  
6                   during that fiscal year aggregate expenditures  
7                   for programs to ensure levee safety that are at  
8                   or above the average annual level of such ex-  
9                   penditures for the State for the 2 fiscal years  
10                  preceding that fiscal year.”.

11 **SEC. 127. VEGETATION ON LEVEES.**

12           (a) REVIEW.—The Secretary of the Army, in accord-  
13           ance with subsection (c), shall undertake a comprehensive  
14           review of the Corps of Engineers policy guidelines on vege-  
15           tation management for levees (in this section referred to  
16           as the “guidelines”). The Secretary shall commence the  
17           review upon the date of enactment of this Act.

18           (b) FACTORS.—

19                   (1) IN GENERAL.—In conducting the review,  
20           the Secretary shall examine the guidelines in view  
21           of—

22                           (A) the varied interests and responsibilities  
23                   in managing flood risks, including the need to  
24                   provide the greatest levee safety benefit with  
25                   limited resources;

1 (B) preserving, protecting, and enhancing  
2 natural resources, including the potential ben-  
3 efit that vegetation on levees can have in pro-  
4 viding habitat for species of concern;

5 (C) protecting the rights of Indian tribes  
6 pursuant to treaties and statutes;

7 (D) determining how vegetation impacts  
8 the performance of a levee or levee system dur-  
9 ing a storm or flood event; and

10 (E) such other factors as the Secretary  
11 considers appropriate.

12 (2) REGIONAL AND WATERSHED CONSIDER-  
13 ATIONS.—In conducting the review, the Secretary  
14 shall specifically consider factors that promote and  
15 allow for consideration of potential variances from  
16 national guidelines on a regional or watershed basis.  
17 Such factors may include regional or watershed soil  
18 conditions, hydrologic factors, vegetation patterns  
19 and characteristics, environmental resources, levee  
20 performance history, institutional considerations,  
21 and other relevant factors. The scope of a variance  
22 approved by the Secretary may include an exemption  
23 to national guidelines where appropriate.

24 (c) COOPERATION AND RECOMMENDATIONS.—

1           (1) IN GENERAL.—The review shall be under-  
2 taken in cooperation with interested Federal agen-  
3 cies and in consultation with interested representa-  
4 tives of State and local governments, Indian tribes,  
5 appropriate nongovernmental organizations, and the  
6 public.

7           (2) RECOMMENDATIONS.—Corps of Engineers  
8 Regional Integration Teams, representing districts,  
9 divisions, and headquarters, in consultation with  
10 State and Federal resources agencies, and with par-  
11 ticipation by local agencies, shall recommend to the  
12 Secretary vegetation management policies for levees  
13 that conform with State and Federal laws and other  
14 applicable requirements.

15       (d) REVISION OF GUIDELINES.—

16           (1) IN GENERAL.—During the 1-year period be-  
17 ginning on the date of enactment of this Act, the  
18 Secretary shall—

19               (A) provide the public 30 days to review  
20 and comment on the guidelines;

21               (B) revise the guidelines based on consid-  
22 eration of the results of the public review; and

23               (C) submit to Congress a report that con-  
24 tains a summary of the activities of the Sec-

1           retary and a description of the findings of the  
2           Secretary under this section.

3           (2)   CONTENT;   INCORPORATION   INTO   MAN-  
4   UAL.—The revised guidelines shall—

5                   (A) provide a practical process for approv-  
6           ing regional or watershed variances from the  
7           national guidelines, reflecting due consideration  
8           of measures to maximize public safety benefits  
9           with limited resources, levee performance, re-  
10          gional climatic and hydrologic variations, envi-  
11          ronmental quality, implementation challenges,  
12          and allocation of responsibilities; and

13                   (B) be incorporated into the manual pro-  
14          posed under section 5(c) of the Act entitled “An  
15          Act authorizing the construction of certain pub-  
16          lic works on rivers and harbors for flood con-  
17          trol, and for other purposes”, approved August  
18          18, 1941 (33 U.S.C. 701n(c)).

19          (e)   CONTINUATION   OF   WORK.—Concurrent with  
20   completion of the requirements of this section, the Sec-  
21   retary shall proceed without interruption or delay with  
22   those ongoing or programmed projects and studies, or ele-  
23   ments of projects or studies, that are not directly related  
24   to vegetation variance policy.

1       (f) INTERIM RULE.—Until the date on which revi-  
2       sions to the guidelines are adopted under this section, the  
3       Secretary shall not require the removal of existing vegeta-  
4       tion as a condition or requirement for any approval or  
5       funding of a project, or any other action, unless the spe-  
6       cific vegetation has been demonstrated to present an unac-  
7       ceptable safety risk.

8       **SEC. 128. REDUCTION OF FEDERAL COSTS.**

9       Section 204(a) of the Water Resources Development  
10      Act of 1992 (33 U.S.C. 2326(a)) is amended by adding  
11      at the end the following:

12               “(4) REDUCING COSTS.—To reduce or avoid  
13      Federal costs, the Secretary shall consider the bene-  
14      ficial use of dredged material in a manner that con-  
15      tributes to the maintenance of sediment resources in  
16      the nearby coastal system.”.

17      **SEC. 129. ADVANCED MODELING TECHNOLOGIES.**

18      (a) IN GENERAL.—To the greatest extent practicable,  
19      the Secretary shall encourage and incorporate advanced  
20      modeling technologies, including 3-dimensional digital  
21      modeling, for activities related to water resources develop-  
22      ment projects and studies.

23      (b) ACTIVITIES.—In carrying out subsection (a), the  
24      Secretary, to the greatest extent practicable, shall—

1           (1) compile information related to advanced  
2           modeling technologies, including industry best prac-  
3           tices with respect to the use of the technologies;

4           (2) disseminate to non-Federal interests the in-  
5           formation described in paragraph (1); and

6           (3) promote the use of advanced modeling tech-  
7           nologies.

8           (c) ADVANCED MODELING TECHNOLOGY DE-  
9           FINED.—In this section, the term “advanced modeling  
10          technology” means an available or developing technology,  
11          including 3-dimensional digital modeling, that can expe-  
12          dite project delivery for or improve the evaluation of water  
13          resources development projects that receive Federal fund-  
14          ing by—

15               (1) accelerating and improving the environ-  
16               mental review process;

17               (2) increasing effective public participation;

18               (3) enhancing the detail and accuracy of project  
19               designs;

20               (4) increasing safety;

21               (5) accelerating construction and reducing con-  
22               struction costs; or

23               (6) otherwise achieving such purposes.

1 **SEC. 130. ENHANCED USE OF ELECTRONIC COMMERCE IN**  
2 **FEDERAL PROCUREMENT.**

3 (a) REPORT.—Not later than 180 days after the date  
4 of enactment of this Act, the Secretary shall submit to  
5 the Committee on Transportation and Infrastructure of  
6 the House of Representatives and the Committee on Envi-  
7 ronment and Public Works of the Senate a report describ-  
8 ing the Secretary's actions to carry out section 2301 of  
9 title 41, United States Code, regarding the use of elec-  
10 tronic commerce in Federal procurement.

11 (b) CONTENTS.—The report submitted under sub-  
12 section (a) shall include, with respect to the 2 fiscal years  
13 most recently ended before the fiscal year in which the  
14 report is submitted—

15 (1) an identification of the number, type, and  
16 dollar value of procurement solicitations with respect  
17 to which the public was permitted to respond to the  
18 solicitation electronically, which shall differentiate  
19 between solicitations that allowed full or partial elec-  
20 tronic submission;

21 (2) an analysis of the information provided  
22 under paragraph (1) and actions that could be taken  
23 by the Secretary to refine and improve the use of  
24 electronic submission for procurement solicitation re-  
25 sponses;

1           (3) an analysis of the potential benefits of and  
2           obstacles to implementing fuller use of electronic  
3           submission for procurement solicitation responses,  
4           including with respect to cost savings, error reduc-  
5           tion, paperwork reduction, increased bidder partici-  
6           pation, and competition, and expanded use of elec-  
7           tronic bid data collection for cost-effective contract  
8           management and timely reporting; and

9           (4) an analysis of the options and technologies  
10          available to facilitate expanded implementation of  
11          electronic submission for procurement solicitation re-  
12          sponses and the suitability of each option and tech-  
13          nology for contracts of various types and sizes.

14 **SEC. 131. CORROSION PREVENTION.**

15          (a) IN GENERAL.—To the greatest extent practicable,  
16 the Secretary shall encourage and incorporate corrosion  
17 prevention activities at water resources development  
18 projects.

19          (b) ACTIVITIES.—In carrying out subsection (a), the  
20 Secretary, to the greatest extent practicable, shall ensure  
21 that contractors performing work for water resources de-  
22 velopment projects—

23               (1) use best practices to carry out corrosion  
24               prevention activities in the field;

1           (2) use industry recognized standards and cor-  
2           rosion mitigation and prevention methods when—

3                   (A) determining protective coatings;

4                   (B) selecting materials; and

5                   (C) determining methods of cathodic pro-  
6           tection, design, and engineering for corrosion  
7           prevention;

8           (3) use certified coating application specialists  
9           and cathodic protection technicians and engineers;

10          (4) use best practices in environmental protec-  
11          tion to prevent environmental degradation, and to  
12          ensure careful handling of all hazardous materials;

13          (5) demonstrate a history of employing indus-  
14          try-certified inspectors to ensure adherence to best  
15          practices and standards; and

16          (6) demonstrate a history of compliance with  
17          applicable requirements of the Occupational Safety  
18          and Health Administration.

19          (c) CORROSION PREVENTION ACTIVITIES DE-  
20          FINED.—In this section, the term “corrosion prevention  
21          activities” means—

22                (1) the application and inspection of protective  
23                coatings for complex work involving steel and cemen-  
24                titious structures, including structures that will be  
25                exposed in immersion;

1           (2) the installation, testing, and inspection of  
2           cathodic protection systems; and

3           (3) any other activities related to corrosion pre-  
4           vention the Secretary determines appropriate.

5 **SEC. 132. RESILIENT CONSTRUCTION AND USE OF INNOVA-**  
6 **TIVE MATERIALS.**

7           The Secretary, to the extent practicable, shall encour-  
8           age the use of durable, resilient, and sustainable materials  
9           and practices, including the use of geosynthetic materials,  
10          advanced composites, and innovative technologies, in car-  
11          rying out the activities of the Corps of Engineers.

12 **SEC. 133. ASSESSMENT OF WATER SUPPLY IN ARID RE-**  
13 **GIONS.**

14          (a) IN GENERAL.—The Secretary shall conduct an  
15          assessment of the management practices, priorities, and  
16          authorized purposes at Corps of Engineers reservoirs in  
17          arid regions to determine the effects of such practices, pri-  
18          orities, and purposes on water supply during periods of  
19          drought.

20          (b) REPORT.—Not later than 1 year after the date  
21          of enactment of this Act, the Secretary shall submit to  
22          the Committee on Transportation and Infrastructure of  
23          the House of Representatives and the Committee on Envi-  
24          ronment and Public Works of the Senate a report on the  
25          results of the assessment.

1 **SEC. 134. RIVER BASIN COMMISSIONS.**

2 Section 5019 of the Water Resources Development  
3 Act of 2007 (121 Stat. 1201) is amended by adding at  
4 the end the following:

5 “(f) REPORT.—After each fiscal year, if the Secretary  
6 did not allocate funds in accordance with subsection (b),  
7 the Secretary, in conjunction with the President’s next  
8 submission to Congress of a budget under section 1105(a)  
9 of title 31, United States Code, shall submit to Congress  
10 a report that describes—

11 “(1) the reasons why the Secretary did not allo-  
12 cate funds in accordance with subsection (b) during  
13 that fiscal year; and

14 “(2) the impact, on the jurisdiction of each  
15 Commission specified in subsection (b), of not allo-  
16 cating the funds, including with respect to—

17 “(A) water supply allocation;

18 “(B) water quality protection;

19 “(C) regulatory review and permitting;

20 “(D) water conservation;

21 “(E) watershed planning;

22 “(F) drought management;

23 “(G) flood loss reduction;

24 “(H) recreation; and

25 “(I) energy development.”.

1 **SEC. 135. SENSE OF CONGRESS REGARDING WATER RE-**  
2 **SOURCES DEVELOPMENT BILLS.**

3 (a) FINDINGS.—Congress finds the following:

4 (1) Between 1986 and 2000, a water resources  
5 development bill was typically enacted every 2 years.

6 (2) Since 2000, only 1 water resources develop-  
7 ment bill has been enacted.

8 (b) SENSE OF CONGRESS.—It is the sense of Con-  
9 gress that, because the missions of the Corps of Engineers  
10 are unique and benefit all individuals in the United States  
11 and because water resources development projects are crit-  
12 ical to maintaining economic prosperity, national security,  
13 and environmental protection, Congress should consider a  
14 water resources development bill not less than once every  
15 Congress.

16 **SEC. 136. DONALD G. WALDON LOCK AND DAM.**

17 It is the sense of Congress that, at an appropriate  
18 time and in accordance with the rules of the House of Rep-  
19 resentatives and the Senate, to recognize the contributions  
20 of Donald G. Waldon, whose selfless determination and  
21 tireless work, while serving as administrator of the Ten-  
22 nessee-Tombigbee Waterway for 21 years, contributed  
23 greatly to the realization and success of the Tennessee-  
24 Tombigbee Waterway Development Compact, that the lock  
25 and dam located at mile 357.5 on the Tennessee-

1 Tombigbee Waterway should be known and designated as  
2 the “Donald G. Waldon Lock and Dam”.

3 **SEC. 137. AQUATIC INVASIVE SPECIES.**

4 Section 104(a) of the River and Harbor Act of 1958  
5 (33 U.S.C. 610(a)) is amended by inserting “and aquatic  
6 invasive species” after “noxious aquatic plant growths”.

7 **SEC. 138. RECREATIONAL ACCESS.**

8 (a) IN GENERAL.—The Secretary may not prohibit  
9 the use of a floating cabin on waters under the jurisdiction  
10 of the Secretary if—

11 (1) the floating cabin is in compliance regula-  
12 tions for recreational vessels issued under chapter 43  
13 of title 46, United States Code, and section 312 of  
14 the Federal Water Pollution Control Act (33 U.S.C.  
15 1322); and

16 (2) the Secretary has authorized the use of rec-  
17 reational vessels on such waters.

18 (b) FLOATING CABIN DEFINED.—In this section, the  
19 term “floating cabin” means a vessel, as defined in section  
20 3 of title 1, United States Code, with overnight accom-  
21 modations.

22 **SEC. 139. TERRITORIES OF THE UNITED STATES.**

23 Section 1156 of the Water Resources Development  
24 Act of 1986 (33 U.S.C. 2310) is amended—

1           (1) by striking “The Secretary shall waive” and  
2       inserting “(a) IN GENERAL.—The Secretary shall  
3       waive”;

4           (2) in subsection (a), as so designated, by in-  
5       serting “Puerto Rico,” before “and the Trust Terri-  
6       tory of the Pacific Islands”; and

7           (3) by adding at the end the following:

8       “(b) INFLATION ADJUSTMENT.—The Secretary shall  
9       adjust the dollar amount specified in subsection (a) for  
10      inflation for the period beginning on November 17, 1986,  
11      and ending on the date of enactment of this subsection.”.

12   **SEC. 140. SENSE OF CONGRESS REGARDING INTERSTATE**  
13                   **WATER AGREEMENTS AND COMPACTS.**

14       (a) FINDINGS.—Congress finds the following:

15           (1) States and local interests have primary re-  
16       sponsibility for developing water supplies for domes-  
17       tic, municipal, industrial, and other purposes.

18           (2) The Federal Government cooperates with  
19       States and local interests in developing water sup-  
20       plies through the construction, maintenance, and op-  
21       eration of Federal water resources development  
22       projects.

23           (3) Interstate water disputes are most properly  
24       addressed through interstate water agreements or

1 compacts that take into consideration the concerns  
2 of all affected States.

3 (b) SENSE OF CONGRESS.—It is the sense of Con-  
4 gress that—

5 (1) Congress and the Secretary should urge  
6 States to reach agreement on interstate water agree-  
7 ments and compacts;

8 (2) at the request of the Governor of a State,  
9 the Secretary should facilitate and assist in the de-  
10 velopment of an interstate water agreement or com-  
11 pact;

12 (3) Congress should provide prompt consider-  
13 ation of interstate water agreements and compacts;  
14 and

15 (4) the Secretary should adopt policies and im-  
16 plement procedures for the operation of reservoirs of  
17 the Corps of Engineers that are consistent with  
18 interstate water agreements and compacts.

19 **SEC. 141. REPORT ON SURFACE ELEVATIONS AT DROUGHT**  
20 **EFFECTED LAKES.**

21 (a) ASSESSMENT.—

22 (1) IN GENERAL.—Not later than 180 days  
23 after the date of enactment of this Act, the Sec-  
24 retary, in coordination with the FERC, shall initiate  
25 an assessment of the effects of drought conditions

1 on lakes managed by the Secretary that are affected  
 2 by FERC-licensed reservoirs, which shall include an  
 3 assessment of—

4 (A) lake levels and rule curves in areas of  
 5 previous, current, and prolonged drought; and

6 (B) the effect the long-term FERC licenses  
 7 have on the Secretary’s ability to manage lakes  
 8 for hydropower generation, navigation, flood  
 9 protection, water supply, fish and wildlife, and  
 10 recreation.

11 (2) REPORT.—The Secretary, in coordination  
 12 with the FERC, shall submit to Congress a report  
 13 on the assessment carried out under paragraph (1).

14 **SEC. 142. FUTURE WATER SUPPLY.**

15 Section 301 of the Water Supply Act of 1958 (43  
 16 U.S.C. 390b) is amended—

17 (1) by redesignating subsections (c) and (d) as  
 18 subsections (d) and (e), respectively; and

19 (2) by inserting after subsection (b) the fol-  
 20 lowing:

21 “(c) ESTABLISHMENT OF 10-YEAR PLANS FOR THE  
 22 UTILIZATION OF FUTURE STORAGE.—

23 “(1) IN GENERAL.—Beginning 180 days after  
 24 the date of enactment of this subsection and not  
 25 later than January 1, 2016, the Secretary may ac-

1       cept from an interested State or local interest a sub-  
2       mission of a plan for the utilization of future use  
3       water storage under this Act.

4           “(2) CONTENTS.—A plan submitted under  
5       paragraph (1) shall include—

6           “(A) a 10-year timetable for conversion of  
7       future use storage to present use; and

8           “(B) a schedule of actions that the State  
9       or local interest agrees to carry out over a 10-  
10      year period, in cooperation with the Corps of  
11      Engineers, to seek new and alternative users of  
12      future water storage that is contracted to the  
13      State or local interest on the date of enactment  
14      of this subsection.”.

15 **SEC. 143. CONGRESSIONAL CONSENT FOR NEW PROJECT**  
16 **PURPOSES.**

17       Nothing in this Act authorizes the Secretary to carry  
18      out, at a Corps of Engineers dam or reservoir, any project  
19      for a purpose not otherwise authorized as of the date of  
20      enactment of this Act.

1 **SEC. 144. MULTIAGENCY EFFORT TO SLOW THE SPREAD OF**  
2 **ASIAN CARP IN THE UPPER MISSISSIPPI**  
3 **RIVER AND OHIO RIVER BASINS AND TRIBU-**  
4 **TARIES.**

5 (a) MULTIAGENCY EFFORT TO SLOW THE SPREAD  
6 OF ASIAN CARP IN THE UPPER MISSISSIPPI AND OHIO  
7 RIVER BASINS AND TRIBUTARIES.—

8 (1) IN GENERAL.—The Director of the United  
9 States Fish and Wildlife Service, in coordination  
10 with the Chief of Engineers, the Director of the Na-  
11 tional Park Service, and the Director of the United  
12 States Geological Survey, shall lead a multiagency  
13 effort to slow the spread of Asian carp in the Upper  
14 Mississippi and Ohio River basins and tributaries by  
15 providing technical assistance, coordination, best  
16 practices, and support to State and local govern-  
17 ments in carrying out activities designed to slow,  
18 and eventually eliminate, the threat posed by Asian  
19 carp.

20 (2) BEST PRACTICES.—To the maximum extent  
21 practicable, the multiagency effort shall apply les-  
22 sons learned and best practices such as those de-  
23 scribed in the document prepared by the Asian Carp  
24 Working Group entitled “Management and Control  
25 Plan for Bighead, Black, Grass, and Silver Carps in  
26 the United States” and dated November 2007, and

1 the document prepared by the Asian Carp Regional  
2 Coordinating Committee entitled “FY 2012 Asian  
3 Carp Control Strategy Framework” and dated Feb-  
4 ruary 2012.

5 (b) REPORT TO CONGRESS.—

6 (1) IN GENERAL.—Not later than December 31  
7 of each year, the Director of the United States Fish  
8 and Wildlife Service, in coordination with the Chief  
9 of Engineers, shall submit to the Committee on Ap-  
10 propriations, the Committee on Natural Resources,  
11 and the Committee on Transportation and Infra-  
12 structure of the House of Representatives and the  
13 Committee on Appropriations and the Committee on  
14 Environment and Public Works of the Senate a re-  
15 port describing the coordinated strategies established  
16 and progress made toward the goals of controlling  
17 and eliminating Asian carp in the Upper Mississippi  
18 and Ohio River basins and tributaries.

19 (2) CONTENTS.—Each report submitted under  
20 paragraph (1) shall include—

21 (A) any observed changes in the range of  
22 Asian carp in the Upper Mississippi and Ohio  
23 River basins and tributaries during the 2-year  
24 period preceding submission of the report;

1 (B) a summary of Federal agency efforts,  
2 including cooperative efforts with non-Federal  
3 partners, to control the spread of Asian carp in  
4 the Upper Mississippi and Ohio River basins  
5 and tributaries;

6 (C) any research that the Director deter-  
7 mines could improve the ability to control the  
8 spread of Asian carp;

9 (D) any quantitative measures that the Di-  
10 rector intends to use to document progress in  
11 controlling the spread of Asian carp; and

12 (E) a cross-cut accounting of Federal and  
13 non-Federal expenditures to control the spread  
14 of Asian carp.

15 **SEC. 145. AQUATIC INVASIVE SPECIES PREVENTION AND**  
16 **CONTROL.**

17 (a) ASSESSMENT.—The Comptroller General of the  
18 United States shall conduct an assessment of the Federal  
19 costs of, and spending on, aquatic invasive species.

20 (b) CONTENTS.—The assessment conducted under  
21 subsection (a) shall include—

22 (1) identification of current Federal spending  
23 on, and projected future Federal costs of, operation  
24 and maintenance related to mitigating the impacts

1 of aquatic invasive species on federally owned or op-  
2 erated facilities;

3 (2) identification of current Federal spending  
4 on aquatic invasive species prevention;

5 (3) analysis of whether spending identified in  
6 paragraph (2) is adequate for the maintenance and  
7 protection of services provided by federally owned or  
8 operated facilities, based on the current spending  
9 and projected future costs identified in paragraph  
10 (1); and

11 (4) review of any other aspect of aquatic  
12 invasive species prevention or mitigation determined  
13 appropriate by the Comptroller General.

14 (c) FINDINGS.—Not later than one year after the  
15 date of enactment of this Act, the Comptroller General  
16 shall submit to the Committee on Environment and Public  
17 Works and the Committee on Energy and Natural Re-  
18 sources of the Senate and the Committee on Transpor-  
19 tation and Infrastructure and the Committee on Natural  
20 Resources of the House of Representatives a report con-  
21 taining the findings of the assessment conducted under  
22 subsection (a).

23 **SEC. 146. NATIONAL OCEAN POLICY IMPLEMENTATION.**

24 (a) FINDINGS.—Congress finds that—

1           (1) the July 19, 2010, Executive Order No.  
2           13547 that established the “National Policy for the  
3           Stewardship of the Ocean, Our Coasts, and the  
4           Great Lakes” (in this section referred to as the  
5           “National Ocean Policy”) among other things re-  
6           quires Federal implementation of “ecosystem-based  
7           management” to achieve a “fundamental shift” in  
8           how the United States manages ocean, coastal, and  
9           Great Lakes resources, and the establishment of  
10          new governmental “Regional Planning Bodies” and  
11          “Coastal and Marine Spatial Plans” in every region  
12          of the United States;

13          (2) Executive Order No. 13547 created a 54-  
14          member National Ocean Council led by the White  
15          House Council on Environmental Quality and Office  
16          of Science and Technology Policy that includes prin-  
17          cipal and deputy-level representatives from Federal  
18          entities, including the Department of Defense;

19          (3) Executive Order No. 13547 requires Na-  
20          tional Ocean Council members, including the De-  
21          partment of Defense, to take action to implement  
22          the National Ocean Policy and participate in Coastal  
23          and Marine Spatial Planning to the fullest extent;

24          (4) the Final Recommendations that were  
25          adopted by Executive Order No. 13547 state that

1 “effective” implementation of the National Ocean  
2 Policy will “require clear and easily understood re-  
3 quirements and regulations, where appropriate, that  
4 include enforcement as a critical component”;

5 (5) despite repeated congressional requests, the  
6 National Ocean Council, which is charged with over-  
7 seeing National Ocean Policy implementation, has  
8 still not provided a complete accounting of Federal  
9 activities taken and resources expended and allo-  
10 cated in furtherance of National Ocean Policy imple-  
11 mentation;

12 (6) the Corps of Engineers is participating on  
13 at least one “Coastal and Marine Spatial Planning  
14 Regional Team”; and

15 (7) the Nation’s continued economic and budg-  
16 etary challenges underscore the necessity for sound,  
17 transparent, and practical Federal policies.

18 (b) PROHIBITION.—None of the programs or actions  
19 authorized under this Act may be used to further imple-  
20 mentation of the coastal and marine spatial planning and  
21 ecosystem-based management components of the National  
22 Ocean Policy developed under Executive Order No. 13547.

23 (c) STUDY.—Not later than 90 days after the date  
24 of enactment of this Act, the Secretary shall submit to  
25 the Committee on Transportation and Infrastructure of

1 the House of Representatives and the Committee on Com-  
2 merce, Science, and Transportation of the Senate a report  
3 detailing all activities engaged in and resources expended  
4 in furtherance of Executive Order No. 13547 since it was  
5 issued on July 19, 2010, as well as any fiscal year 2014  
6 budget requests in support of National Ocean Policy im-  
7 plementation.

8 **SEC. 147. CALCULATION OF BENEFITS AND COSTS FOR**  
9 **FLOOD DAMAGE REDUCTION AND HURRI-**  
10 **CANE AND STORM DAMAGE REDUCTION**  
11 **PROJECTS.**

12 (a) IN GENERAL.—A feasibility study conducted by  
13 the Secretary for a project for flood damage reduction or  
14 hurricane and storm damage reduction shall include, as  
15 part of the calculation of benefits and costs—

16 (1) a calculation of the anticipated reduction in  
17 flood or hurricane damage to public and private  
18 property and infrastructure resulting from the com-  
19 pletion of the proposed project;

20 (2) a calculation of the anticipated direct and  
21 indirect economic benefits resulting from the comple-  
22 tion of the proposed project, including such benefits  
23 from any potential reductions in national and re-  
24 gional economic volatility, disruptions, and losses;  
25 and

1           (3) a calculation of the anticipated benefits to  
 2       public safety, including protection of evacuation  
 3       routes, resulting from the completion of the pro-  
 4       posed project.

5       (b) APPLICABILITY.—This section shall apply to any  
 6       feasibility study for a project for flood damage reduction  
 7       or hurricane and storm damage reduction that has not  
 8       been completed before the date of enactment of this Act.

9                   **TITLE II—NAVIGATION**  
 10                   **IMPROVEMENTS**  
 11                   **Subtitle A—Ports**

12       **SEC. 201. EXPANDED USE OF HARBOR MAINTENANCE**  
 13                   **TRUST FUND.**

14       (a) IN GENERAL.—For any fiscal year in which tar-  
 15       get appropriations described in subsection (b) are met, the  
 16       Secretary may use up to 5 percent of the total amount  
 17       made available to the Secretary from the Harbor Mainte-  
 18       nance Trust Fund for the eligible operations and mainte-  
 19       nance costs described in section 210(a)(2) of the Water  
 20       Resources Development Act of 1986 (33 U.S.C.  
 21       2238(a)(2)) for that fiscal year for expanded uses of the  
 22       Harbor Maintenance Trust Fund.

23       (b) TARGET APPROPRIATIONS.—For purposes of this  
 24       section, target appropriations are met for a fiscal year if  
 25       the total amount made available to the Secretary from the

1 Harbor Maintenance Trust Fund for that fiscal year  
2 equals or exceeds, as determined by the Secretary, the fol-  
3 lowing:

4 (1) For fiscal year 2014, 65 percent of the total  
5 amount of harbor maintenance taxes received in fis-  
6 cal year 2013.

7 (2) For fiscal year 2015, 67 percent of the total  
8 amount of harbor maintenance taxes received in fis-  
9 cal year 2014.

10 (3) For fiscal year 2016, 69 percent of the total  
11 amount of harbor maintenance taxes received in fis-  
12 cal year 2015.

13 (4) For fiscal year 2017, 71 percent of the total  
14 amount of harbor maintenance taxes received in fis-  
15 cal year 2016.

16 (5) For fiscal year 2018, 73 percent of the total  
17 amount of harbor maintenance taxes received in fis-  
18 cal year 2017.

19 (6) For fiscal year 2019, 75 percent of the total  
20 amount of harbor maintenance taxes received in fis-  
21 cal year 2018.

22 (7) For fiscal year 2020, and each fiscal year  
23 thereafter, 80 percent of total amount of harbor  
24 maintenance taxes received in the previous fiscal  
25 year.

1       (c) DEFINITIONS.—In this section, the following defi-  
2 nitions apply:

3           (1) ELIGIBLE HARBORS AND INLAND HARBORS  
4       DEFINED.—The term “eligible harbor or inland har-  
5       bor” means a harbor or inland harbor that, histori-  
6       cally, as determined by the Secretary—

7           (A) generates an amount of harbor mainte-  
8       nance taxes; that exceeds

9           (B) the value of work carried out for the  
10       harbor or inland harbor using amounts from  
11       the Harbor Maintenance Trust Fund.

12          (2) EXPANDED USES.—The term “expanded  
13       uses” means the following activities performed for  
14       an eligible harbor or inland harbor:

15           (A) The maintenance dredging of a berth  
16       in a harbor that is accessible to a Federal navi-  
17       gation project and that benefits commercial  
18       navigation at the harbor.

19           (B) The maintenance dredging and dis-  
20       posal of legacy-contaminated sediment, and  
21       sediment unsuitable for open water disposal,  
22       if—

23           (i) such dredging and disposal bene-  
24       fits commercial navigation at the harbor;  
25       and

1 (ii) such sediment—

2 (I) is located in and affects the  
3 maintenance of a Federal navigation  
4 project; or

5 (II) is located in a berth that is  
6 accessible to a Federal navigation  
7 project.

8 (3) TOTAL AMOUNT OF HARBOR MAINTENANCE  
9 TAXES RECEIVED.—The term “total amount of har-  
10 bor maintenance taxes received” means, with respect  
11 to a fiscal year, the aggregate of amounts appro-  
12 priated, transferred, or credited to the Harbor Main-  
13 tenance Trust Fund under section 9505(a) of the  
14 Internal Revenue Code of 1986 for that fiscal year  
15 as set forth in the current year estimate provided in  
16 the President’s budget request for the subsequent  
17 fiscal year, submitted pursuant to section 1105 of  
18 title 31, United States Code.

19 (d) CONFORMING AMENDMENT.—Section 9505(c)(1)  
20 of the Internal Revenue Code of 1986 is amended by strik-  
21 ing “(as in effect on the date of the enactment of the  
22 Water Resources Development Act of 1996)”.

23 (e) SENSE OF CONGRESS.—It is the sense of Con-  
24 gress that any increase in harbor maintenance programs  
25 described in this section shall result from an overall in-

1 crease in appropriations for the civil works program of the  
 2 Corps of Engineers and not from similar reductions in the  
 3 appropriations for other programs, projects, and activities  
 4 carried out by the Corps of Engineers for other authorized  
 5 purposes.

6 **SEC. 202. ASSESSMENT AND PRIORITIZATION OF OPER-**  
 7 **ATION AND MAINTENANCE.**

8 (a) ASSESSMENT.—Section 210 of the Water Re-  
 9 sources Development Act of 1986 (33 U.S.C. 2238) is  
 10 amended by adding at the end the following:

11 “(c) ASSESSMENT OF OPERATION AND MAINTE-  
 12 NANCE NEEDS.—

13 “(1) IN GENERAL.—Not later than 90 days  
 14 after the date of enactment of this subsection, and  
 15 biennially thereafter, the Secretary shall assess the  
 16 operation and maintenance needs of the harbors re-  
 17 ferred to in subsection (a)(2).

18 “(2) TYPES OF HARBORS.—In carrying out  
 19 paragraph (1), the Secretary shall assess the oper-  
 20 ation and maintenance needs of the harbors used  
 21 for—

22 “(A) commercial navigation;

23 “(B) commercial fishing;

24 “(C) subsistence, including utilization by  
 25 Indian tribes (as such term is defined in section

1           4 of the Indian Self-Determination and Edu-  
2           cation Assistance Act (25 U.S.C. 450b)) for  
3           subsistence and ceremonial purposes;

4                 “(D) use as a harbor of refuge;

5                 “(E) transportation of persons;

6                 “(F) purposes relating to domestic energy  
7           production, including the fabrication, servicing,  
8           or supply of domestic offshore energy produc-  
9           tion facilities;

10                “(G) activities of the Secretary of the de-  
11           partment in which the Coast Guard is oper-  
12           ating;

13                “(H) activities of the Secretary of the  
14           Navy;

15                “(I) public health and safety related equip-  
16           ment for responding to coastal and inland  
17           emergencies;

18                “(J) recreation purposes; and

19                “(K) any other authorized purpose.

20                “(3) REPORT TO CONGRESS.—For fiscal year  
21           2015, and biennially thereafter, in conjunction with  
22           the President’s annual budget submission to Con-  
23           gress under section 1105(a) of title 31, United  
24           States Code, the Secretary shall submit to the Com-  
25           mittee on Transportation and Infrastructure of the

1 House of Representatives and the Committee on En-  
2 vironment and Public Works of the Senate a report  
3 that, with respect to harbors referred to in sub-  
4 section (a)(2)—

5 “(A) identifies the operation and mainte-  
6 nance costs associated with the harbors, includ-  
7 ing those costs required to achieve and main-  
8 tain the authorized length, width, and depth for  
9 the harbors and the costs for expanded uses (as  
10 such term is defined in section 201(c)(2) of the  
11 Water Resources Reform and Development Act  
12 of 2013), on a project-by-project basis;

13 “(B) identifies the amount of funding re-  
14 quested in the President’s budget for the oper-  
15 ation and maintenance costs associated with the  
16 harbors, on a project-by-project basis;

17 “(C) identifies the unmet operation and  
18 maintenance needs associated with the harbors,  
19 on a project-by-project basis; and

20 “(D) identifies the harbors for which the  
21 President will allocate funding over the next 5  
22 fiscal years for operation and maintenance ac-  
23 tivities, on a project-by-project basis, including  
24 the amounts to be allocated for such pur-  
25 poses.”.

1       (b) OPERATION AND MAINTENANCE OF EMERGING  
2 HARBOR PROJECTS.—Section 210 of such Act (33 U.S.C.  
3 2238) is further amended by adding at the end the fol-  
4 lowing:

5       “(d) OPERATION AND MAINTENANCE OF EMERGING  
6 HARBOR PROJECTS.—

7           “(1) IN GENERAL.—To the maximum extent  
8 practicable, the Secretary shall make expenditures to  
9 pay for operation and maintenance costs of the har-  
10 bors referred to in subsection (a)(2), including ex-  
11 penditures of funds appropriated from the Harbor  
12 Maintenance Trust Fund, based on an equitable al-  
13 location of funds among all such harbors, regardless  
14 of the size or tonnage throughput of the harbor.

15           “(2) CRITERIA.—In determining the equitable  
16 allocation of funds under paragraph (1), the Sec-  
17 retary shall—

18           “(A) utilize the information obtained in the  
19 assessment conducted under subsection (c);

20           “(B) consider the national and regional  
21 significance of harbor operation and mainte-  
22 nance;

23           “(C) where appropriate, consider national  
24 security and military readiness needs in con-  
25 sultation with the Secretary of the Navy; and

1           “(D) not make such allocation based solely  
2           on the tonnage transiting through a harbor.

3           “(3) EMERGING HARBORS.—

4           “(A) IN GENERAL.—Notwithstanding para-  
5           graph (1), in making expenditures described in  
6           paragraph (1) for each of fiscal years 2015 and  
7           2016, the Secretary shall allocate not less than  
8           10 percent of the total amount of the expendi-  
9           tures to pay for operation and maintenance  
10          costs of emerging harbors.

11          “(B) EMERGING HARBOR DEFINED.—In  
12          this paragraph, the term ‘emerging harbor’  
13          means a harbor referred to in subsection (a)(2)  
14          that transits less than 1,000,000 tons of com-  
15          merce annually.

16          “(4) EMERGENCY EXPENDITURES.—Nothing in  
17          this subsection may be construed to prohibit the  
18          Secretary from making an expenditure to pay for the  
19          operation and maintenance costs of a specific har-  
20          bor, including the transfer of funding from the oper-  
21          ation and maintenance of a separate project, if—

22                 “(A) the Secretary determines that the ac-  
23                 tion is necessary to address the navigation  
24                 needs of a harbor where safe navigation has

1           been severely restricted due to an unforeseen  
2           event; and

3                   “(B) the Secretary provides advance notice  
4           and information on the need for the action to  
5           the Committee on Transportation and Infra-  
6           structure and the Committee on Appropriations  
7           of the House of Representatives and the Com-  
8           mittee on Environment and Public Works and  
9           the Committee on Appropriations of the Senate.

10           “(5) MANAGEMENT OF GREAT LAKES NAVIGA-  
11          TION SYSTEM.—To sustain effective and efficient op-  
12          eration and maintenance of the Great Lakes Naviga-  
13          tion System, including any navigation feature in the  
14          Great Lakes that is a Federal responsibility with re-  
15          spect to operation and maintenance, the Secretary  
16          shall manage and allocate funding for all of the indi-  
17          vidually authorized projects in the Great Lakes  
18          Navigation System as components of a single, com-  
19          prehensive system, recognizing the interdependence  
20          of the projects.”.

21   **SEC. 203. PRESERVING UNITED STATES HARBORS.**

22           (a) IN GENERAL.—The Secretary may enter into an  
23          agreement with a non-Federal interest, at the request of  
24          the non-Federal interest, under which the Secretary  
25          agrees to maintain a navigation project for a harbor or

1 inland harbor (in this section referred to as a “federally  
2 authorized harbor”) in accordance with section 101(b) of  
3 the Water Resources Development Act of 1986 (33 U.S.C.  
4 2211(b)).

5 (b) REPORT BY NON-FEDERAL INTEREST.—

6 (1) IN GENERAL.—To be eligible to enter into  
7 an agreement under subsection (a) with respect to a  
8 federally authorized harbor, a non-Federal interest  
9 shall submit to the Secretary a report justifying eco-  
10 nomic investment in maintenance of the harbor.

11 (2) JUSTIFICATION OF INVESTMENT.—A report  
12 submitted under paragraph (1) may justify economic  
13 investment in the maintenance of a federally author-  
14 ized harbor based on—

15 (A) projected economic benefits, including  
16 transportation savings and job creation; and

17 (B) other factors, including navigation  
18 safety, national security, and sustainability of  
19 subsistence harbors.

20 (3) TERMINATION OF CERTAIN AGREEMENTS.—

21 An agreement entered into under subsection (a) with  
22 respect to a federally authorized harbor shall contain  
23 terms to allow the Secretary to terminate the agree-  
24 ment if the Secretary determines that Federal eco-

(c) LIMITATION ON STATUTORY CONSTRUCTION.—

Nothing in this section may be construed to preclude the operation and maintenance of a federally authorized harbor under section 101(b) of the Water Resources Development Act of 1986 (33 U.S.C. 2211(b)).

8 SEC. 204. CONSOLIDATION OF DEEP DRAFT NAVIGATION  
9 EXPERTISE.

Section 2033(e) of the Water Resources Development  
Act of 2007 (33 U.S.C. 2282a(e)) is amended by adding  
at the end the following:

13 “(3) DEEP DRAFT NAVIGATION PLANNING CEN-  
14 TER OF EXPERTISE.—

15                   “(A) IN GENERAL.—The Secretary shall  
16                   consolidate deep draft navigation expertise  
17                   within the Corps of Engineers into a deep draft  
18                   navigation planning center of expertise.

“(B) LIST.—Not later than 60 days after the date of the consolidation required under subparagraph (A), the Secretary shall submit to the Committee on Transportation and Infrastructure of the House of Representatives and the Committee on Environment and Public Works of the Senate a list of personnel, includ-

1 ing the grade levels and expertise of the per-  
2 sonnel, assigned to the center described in sub-  
3 paragraph (A).”.

4 **SEC. 205. DISPOSAL SITES.**

5 (a) IN GENERAL.—The Secretary, in accordance with  
6 subsections (b) and (c) and with the concurrence of the  
7 Administrator of the Environmental Protection Agency, is  
8 authorized to reopen the Cape Arundel Disposal Site (in  
9 this section referred to as the “Site”) as an alternative  
10 dredged material disposal site under section 103(b) of the  
11 Marine Protection, Research, and Sanctuaries Act of 1972  
12 (33 U.S.C. 1413(b)).

13 (b) DEADLINE.—The Site may remain open under  
14 subsection (a) until the earlier of—

15 (1) the date on which the Site does not have  
16 any remaining disposal capacity;

17 (2) the date on which an environmental impact  
18 statement designating an alternative dredged mate-  
19 rial disposal site for southern Maine has been com-  
20 pleted; or

21 (3) the date that is 5 years after the date of en-  
22 actment of this Act.

23 (c) LIMITATIONS.—The use of the Site as a dredged  
24 material disposal site under subsection (a) shall be subject  
25 to the conditions that—

1           (1) conditions at the Site remain suitable for  
2           the continued use of the Site as a dredged material  
3           disposal site; and

4           (2) the Site not be used for the disposal of  
5           more than 80,000 cubic yards from any single  
6           dredging project.

7 **SEC. 206. HARBOR MAINTENANCE TRUST FUND STUDY.**

8           (a) DEFINITIONS.—In this section:

9           (1) LOW-USE PORT.—The term “low-use port”  
10          means a port at which not more than 1,000,000  
11          tons of cargo are transported each calendar year.

12          (2) MODERATE-USE PORT.—The term “mod-  
13          erate-use port” means a port at which more than  
14          1,000,000, but fewer than 10,000,000, tons of cargo  
15          are transported each calendar year.

16          (b) STUDY.—Not later than 270 days after the date  
17          of enactment of this Act, the Comptroller General of the  
18          United States shall carry out a study and submit to Con-  
19          gress a report that—

20               (1) evaluates the effectiveness of activities fund-  
21               ed by the Harbor Maintenance Trust Fund in maxi-  
22               mizing economic growth and job creation in the com-  
23               munities surrounding low- and moderate-use ports;  
24               and

1           (2) includes recommendations relating to the  
2           use of amounts in the Harbor Maintenance Trust  
3           Fund to increase the competitiveness of United  
4           States ports relative to Canadian and Mexican ports.

## 5           **Subtitle B—Inland Waterways**

### 6           **SEC. 211. DEFINITIONS.**

7           In this subtitle, the following definitions apply:

8           (1) INLAND WATERWAYS TRUST FUND.—The  
9           term “Inland Waterways Trust Fund” means the  
10          Inland Waterways Trust Fund established by section  
11          9506(a) of the Internal Revenue Code of 1986.

12          (2) QUALIFYING PROJECT.—The term “quali-  
13          fying project” means any construction or major re-  
14          habilitation project for navigation infrastructure of  
15          the inland and intracoastal waterways that is—

16                  (A) authorized before, on, or after the date  
17                  of enactment of this Act;

18                  (B) not completed on the date of enact-  
19                  ment of this Act; and

20                  (C) funded at least in part from the Inland  
21          Waterways Trust Fund.

### 22          **SEC. 212. PROJECT DELIVERY PROCESS REFORMS.**

23          (a) REQUIREMENTS FOR QUALIFYING PROJECTS.—

24          With respect to each qualifying project, the Secretary shall  
25          require—

1 (1) for each project manager, that—

2 (A) the project manager have formal  
3 project management training and certification;  
4 and

5 (B) the project manager be assigned from  
6 among personnel certified by the Chief of Engi-  
7 neers; and

8 (2) for an applicable cost estimation, that—

9 (A) the Secretary utilize a risk-based cost  
10 estimate with a confidence level of at least 80  
11 percent; and

12 (B) the cost estimate be implemented—

13 (i) for a qualifying project that re-  
14 quires an increase in the authorized  
15 amount in accordance with section 902 of  
16 the Water Resources Development Act of  
17 1986 (33 U.S.C. 2280), during the prepa-  
18 ration of a post-authorization change re-  
19 port or other similar decision document;

20 (ii) for a qualifying project for which  
21 the first construction contract has not been  
22 awarded, prior to the award of the first  
23 construction contract;

24 (iii) for a qualifying project without a  
25 completed feasibility report in accordance

1 with section 905 of the Water Resources  
2 Development Act of 1986 (33 U.S.C.  
3 2282), prior to the completion of such a  
4 report; and

5 (iv) for a qualifying project with a  
6 completed feasibility report in accordance  
7 with section 905 of the Water Resources  
8 Development Act of 1986 (33 U.S.C.  
9 2282) that has not yet been authorized,  
10 during design for the qualifying project.

11 (b) ADDITIONAL PROJECT DELIVERY PROCESS RE-  
12 FORMS.—Not later than 18 months after the date of en-  
13 actment of this Act, the Secretary shall—

14 (1) establish a system to identify and apply on  
15 a continuing basis best management practices from  
16 prior or ongoing qualifying projects to improve the  
17 likelihood of on-time and on-budget completion of  
18 qualifying projects;

19 (2) evaluate early contractor involvement acqui-  
20 sition procedures to improve on-time and on-budget  
21 project delivery performance; and

22 (3) implement any additional measures that the  
23 Secretary determines will achieve the purposes of  
24 this subtitle, including—

1 (A) the implementation of applicable prac-  
2 tices and procedures developed pursuant to  
3 management by the Secretary of an applicable  
4 military construction program;

5 (B) the development and use of a portfolio  
6 of standard designs for inland navigation locks;

7 (C) the use of full-funding contracts or for-  
8 mulation of a revised continuing contracts  
9 clause; and

10 (D) the establishment of procedures for  
11 recommending new project construction starts  
12 using a capital projects business model.

13 (c) PILOT PROJECTS.—

14 (1) IN GENERAL.—Subject to paragraph (2),  
15 the Secretary may carry out pilot projects to evalu-  
16 ate processes and procedures for the study, design,  
17 and construction of qualifying projects.

18 (2) INCLUSIONS.—At a minimum, the Secretary  
19 shall carry out pilot projects under this subsection to  
20 evaluate—

21 (A) early contractor involvement in the de-  
22 velopment of features and components;

23 (B) an appropriate use of continuing con-  
24 tracts for the construction of features and com-  
25 ponents; and

1           (C) applicable principles, procedures, and  
2           processes used for military construction  
3           projects.

4           (d) INLAND WATERWAYS USER BOARD.—Section  
5   302 of the Water Resources Development Act of 1986 (33  
6   U.S.C. 2251) is amended—

7           (1) by striking subsection (b) and inserting the  
8           following:

9           “(b) DUTIES OF USERS BOARD.—

10           “(1) IN GENERAL.—The Users Board shall  
11           meet not less frequently than semiannually to de-  
12           velop and make recommendations to the Secretary  
13           and Congress regarding the inland waterways and  
14           inland harbors of the United States.

15           “(2) ADVICE AND RECOMMENDATIONS.—For  
16           commercial navigation features and components of  
17           the inland waterways and inland harbors of the  
18           United States, the Users Board shall provide—

19           “(A) prior to the development of the budg-  
20           et proposal of the President for a given fiscal  
21           year, advice and recommendations to the Sec-  
22           retary regarding construction and rehabilitation  
23           priorities and spending levels;

24           “(B) advice and recommendations to Con-  
25           gress regarding any completed feasibility report

1 in accordance with section 905 of the Water  
2 Resources Development Act of 1986 (33 U.S.C.  
3 2282) relating to those features and compo-  
4 nents;

5 “(C) advice and recommendations to Con-  
6 gress regarding an increase in the authorized  
7 cost of those features and components;

8 “(D) not later than 60 days after the date  
9 of the submission of the budget proposal of the  
10 President to Congress, advice and recommenda-  
11 tions to Congress regarding construction and  
12 rehabilitation priorities and spending levels; and

13 “(E) advice and recommendations on the  
14 development of a long-term capital investment  
15 program in accordance with subsection (d).

16 “(3) PROJECT DEVELOPMENT TEAMS.—The  
17 chairperson of the Users Board shall appoint a rep-  
18 resentative of the Users Board to serve as an infor-  
19 mal advisor to the project development team for a  
20 qualifying project or the study or design of a com-  
21 mercial navigation feature or component of the in-  
22 land waterways and inland harbors of the United  
23 States.

24 “(4) INDEPENDENT JUDGMENT.—Any advice or  
25 recommendation made by the Users Board to the

1 Secretary shall reflect the independent judgment of  
2 the Users Board.”;

3 (2) by striking subsection (c) and inserting the  
4 following:

5 “(c) DUTIES OF SECRETARY.—The Secretary shall—

6 “(1) communicate not less than once each quar-  
7 ter to the Users Board the status of the study, de-  
8 sign, or construction of all commercial navigation  
9 features or components of the inland waterways or  
10 inland harbors of the United States; and

11 “(2) submit to the Users Board a courtesy copy  
12 of all completed feasibility reports relating to a com-  
13 mercial navigation feature or component of the in-  
14 land waterways or inland harbors of the United  
15 States.

16 “(d) CAPITAL INVESTMENT PROGRAM.—

17 “(1) IN GENERAL.—Not later than 1 year after  
18 the date of enactment of this subsection, the Sec-  
19 retary, in coordination with the Users Board, shall  
20 develop and submit to Congress a report describing  
21 a 20-year program for making capital investments  
22 on the inland and intracoastal waterways based on  
23 the application of objective, national project selection  
24 prioritization criteria.

1           “(2) CONSIDERATION.—In developing the pro-  
2           gram under paragraph (1), the Secretary shall take  
3           into consideration the 20-year capital investment  
4           strategy contained in the Inland Marine Transpor-  
5           tation System (IMTS) Capital Projects Business  
6           Model, Final Report published on April 13, 2010, as  
7           approved by the Users Board.

8           “(3) CRITERIA.—In developing the plan and  
9           prioritization criteria under paragraph (1), the Sec-  
10          retary shall ensure, to the maximum extent prac-  
11          ticable, that investments made under the 20-year  
12          program described in paragraph (1)—

13                   “(A) are made in all geographical areas of  
14                   the inland waterways system; and

15                   “(B) ensure efficient funding of inland wa-  
16                   terways projects.

17          “(4) STRATEGIC REVIEW AND UPDATE.—Not  
18          later than 5 years after the date of enactment of  
19          this subsection, and not less frequently than once  
20          every 5 years thereafter, the Secretary, in coordina-  
21          tion with the Users Board, shall—

22                   “(A) submit to Congress a strategic review  
23                   of the 20-year program in effect under this sub-  
24                   section, which shall identify and explain any  
25                   changes to the project-specific recommendations

1 contained in the previous 20-year program (in-  
2 cluding any changes to the prioritization cri-  
3 teria used to develop the updated recommenda-  
4 tions); and

5 “(B) make revisions to the program, as ap-  
6 propriate.

7 “(e) PROJECT MANAGEMENT PLANS.—The chair-  
8 person of the Users Board and the project development  
9 team member appointed by the chairperson under sub-  
10 section (b)(3) may sign the project management plan for  
11 the qualifying project or the study or design of a commer-  
12 cial navigation feature or component of the inland water-  
13 ways and inland harbors of the United States.

14 “(f) ADMINISTRATION.—The Users Board shall be  
15 subject to the Federal Advisory Committee Act, other than  
16 section 14, and, with the consent of the appropriate agen-  
17 cy head, the Users Board may use the facilities and serv-  
18 ices of any Federal agency. For the purposes of complying  
19 with such Act, the members of the Users Board shall not  
20 be considered special Government employees (as defined  
21 in section 202 of title 18, United States Code). Non-Fed-  
22 eral members of the Users Board while engaged in the  
23 performance of their duties away from their homes or reg-  
24 ular places of business, may be allowed travel expenses,

1 including per diem in lieu of subsistence, as authorized  
2 by section 5703 of title 5, United States Code.”.

3 **SEC. 213. EFFICIENCY OF REVENUE COLLECTION.**

4 Not later than 2 years after the date of enactment  
5 of this Act, the Comptroller General of the United States  
6 shall prepare a report on the efficiency of collecting the  
7 fuel tax for the Inland Waterways Trust Fund, which shall  
8 include—

9 (1) an evaluation of whether current methods of  
10 collection of the fuel tax result in full compliance  
11 with requirements of the law;

12 (2) whether alternative methods of collection  
13 would result in increased revenues into the Inland  
14 Waterways Trust Fund; and

15 (3) an evaluation of alternative collection op-  
16 tions.

17 **SEC. 214. INLAND WATERWAYS REVENUE STUDIES.**

18 (a) INLAND WATERWAYS CONSTRUCTION BONDS  
19 STUDY.—

20 (1) STUDY.—The Secretary, in coordination  
21 with the Secretary of the Treasury, shall conduct a  
22 study on the feasibility of authorizing the issuance  
23 of federally tax-exempt bonds secured against the  
24 available proceeds, including projected annual re-  
25 cepts, in the Inland Waterways Trust Fund estab-

lished by section 9506(a) of the Internal Revenue Code of 1986.

(2) CONTENTS.—In carrying out the study, the Secretary and the Secretary of the Treasury shall examine the implications of issuing such bonds, including the potential revenues that could be generated and the projected net cost to the Treasury, including loss of potential revenue.

(3) CONSULTATION.—In carrying out the study, the Secretary and the Secretary of the Treasury, at a minimum, shall consult with—

(A) representatives of the Inland Waterway Users Board established by section 302 of the Water Resources Development Act of 1986 (33 U.S.C. 2251);

(B) representatives of the commodities and bulk cargos that are currently shipped for commercial purposes on the segments of the inland and intracoastal waterways listed in section 206 of the Inland Waterways Revenue Act of 1978 (33 U.S.C. 1804);

(C) representatives of other users of locks and dams on the inland and intracoastal waterways, including persons owning, operating, using, or otherwise benefitting from—

- 1 (i) hydropower generation facilities;
- 2 (ii) electric utilities that rely on the
- 3 waterways for cooling of existing electricity
- 4 generation facilities;
- 5 (iii) municipal and industrial water
- 6 supply;
- 7 (iv) recreation;
- 8 (v) irrigation water supply; or
- 9 (vi) flood damage reduction;

10 (D) other stakeholders associated with the  
11 inland and intracoastal waterways, as identified  
12 by the Secretary or the Secretary of the Treas-  
13 ury; and

14 (E) the heads of other appropriate Federal  
15 agencies, including the Secretary of Transpor-  
16 tation, the Secretary of the Interior, and the  
17 Administrator of the Environmental Protection  
18 Agency.

19 (4) REPORT TO CONGRESS.—Not later than 1  
20 year after the date of enactment of this Act, the  
21 Secretary and the Secretary of the Treasury shall  
22 submit a joint report on the results of the study  
23 to—

24 (A) the Committee on Transportation and  
25 Infrastructure, the Committee on Ways and

1 Means, and the Committee on the Budget of  
2 the House of Representatives; and

3 (B) the Committee on Environment and  
4 Public Works, the Committee on Finance, and  
5 the Committee on the Budget of the Senate.

6 (b) POTENTIAL FEES FOR BENEFICIARIES AND  
7 USERS OF INLAND AND INTRACOASTAL WATERWAYS IN-  
8 FRASTRUCTURE.—

9 (1) IN GENERAL.—The Secretary shall conduct  
10 a study and submit to Congress a report on poten-  
11 tial user fees and revenues from other sources that  
12 could be collected to generate additional revenues for  
13 the Inland Waterways Trust Fund established by  
14 section 9506(a) of the Internal Revenue Code of  
15 1986.

16 (2) SCOPE OF STUDY.—

17 (A) IN GENERAL.—In carrying out the  
18 study, the Secretary shall evaluate an array of  
19 potential user fees and other revenues options  
20 that, when combined with funds generated by  
21 section 4042 of the Internal Revenue Code of  
22 1986, are sufficient to support one-half of an-  
23 nual construction expenditure levels of  
24 \$380,000,000 for the authorized purposes of  
25 the Inland Waterways Trust Fund.

1 (B) POTENTIAL REVENUE OPTIONS FOR  
2 STUDY.—In carrying out the study, the Sec-  
3 retary, at a minimum, shall evaluate potential  
4 user fees and other revenue options identified  
5 in—

6 (i) the report of the Congressional  
7 Budget Office entitled “Paying for High-  
8 ways, Airways, and Waterways: How Can  
9 Users Be Charged?”, dated May 1, 1992;

10 (ii) the draft bill submitted by the As-  
11 sistant Secretary of the Army (Civil  
12 Works) to Congress entitled the “Lock  
13 User Fee Act of 2008”, dated April 4,  
14 2008;

15 (iii) the Inland Marine Transportation  
16 System (IMTS) Capital Projects Business  
17 Model, Final Report, published on April  
18 12, 2010, as approved by the Inland Wa-  
19 terways Users Board established by section  
20 302 of the Water Resources Development  
21 Act of 1986 (33 U.S.C. 2251); and

22 (iv) the draft bill submitted by the  
23 President to Congress entitled the “Inland  
24 Waterways Capital Investment Act of  
25 2011”, dated September 2011.

1           (3) CONDUCT OF STUDY.—In carrying out the  
2 study, the Secretary shall—

3           (A) take into consideration whether the po-  
4 tential user fees and revenues from other  
5 sources—

6           (i) are equitably associated with the  
7 construction, operation, and maintenance  
8 of inland and intracoastal waterway infra-  
9 structure, including locks, dams, and navi-  
10 gation channels; and

11          (ii) can be efficiently collected;

12          (B) consult with, at a minimum—

13           (i) representatives of the Inland Wa-  
14 terways Users Board; and

15           (ii) representatives of other non-  
16 navigation beneficiaries of inland and in-  
17 tracoastal waterway infrastructure, includ-  
18 ing persons benefitting from—

19           (I) municipal water supply;

20           (II) hydropower;

21           (III) recreation;

22           (IV) industrial water supply;

23           (V) flood damage reduction;

24           (VI) agricultural water supply;

25           (VII) environmental restoration;

1 (VIII) local and regional eco-  
2 nomic development; or

3 (IX) local real estate interests;  
4 and

5 (iii) representatives of other interests,  
6 as identified by the Secretary; and

7 (C) provide the opportunity for public  
8 hearings in each of the geographic regions that  
9 contain segments of the inland and intracoastal  
10 waterways listed in section 206 of the Inland  
11 Waterways Revenue Act of 1978 (33 U.S.C.  
12 1804).

13 (4) REPORT TO CONGRESS.—Not later than 1  
14 year after the date of enactment of this Act, the  
15 Secretary shall submit a report on the results of the  
16 study to—

17 (A) the Committee on Transportation and  
18 Infrastructure, the Committee on Ways and  
19 Means, and the Committee on the Budget of  
20 the House of Representatives; and

21 (B) the Committee on Environment and  
22 Public Works, the Committee on Finance, and  
23 the Committee on the Budget of the Senate.

1 **SEC. 215. INLAND WATERWAYS STAKEHOLDER ROUND-**  
2 **TABLE.**

3 (a) IN GENERAL.—The Secretary shall conduct an  
4 inland waterways stakeholder roundtable to provide for a  
5 review and evaluation of alternative approaches—

6 (1) to address the financial needs of the Inland  
7 Waterways Trust Fund; and

8 (2) to support the water infrastructure needs of  
9 the Inland Waterways System.

10 (b) SELECTION OF PARTICIPANTS.—

11 (1) IN GENERAL.—Not later than 45 days after  
12 the date on which the Secretary submits to Congress  
13 the report required by section 214(b), the Secretary  
14 shall select individuals to be invited to participate in  
15 the stakeholder roundtable.

16 (2) COMPOSITION.—The individuals selected  
17 under paragraph (1) shall include—

18 (A) representatives of affected shippers  
19 and suppliers;

20 (B) representatives of State and Federal  
21 water managers; and

22 (C) other interested persons with direct  
23 knowledge of the Inland Waterways System.

24 (c) FRAMEWORK AND AGENDA.—The Secretary shall  
25 work with a group of the individuals selected under sub-

1 section (b) to develop the framework and agenda for the  
2 stakeholder roundtable.

3 (d) CONDUCT OF STAKEHOLDER ROUNDTABLE.—

4 (1) IN GENERAL.—Not later than 120 days  
5 after the date on which the Secretary submits to  
6 Congress the report required by section 214(b), the  
7 Secretary shall conduct the stakeholder roundtable.

8 (2) ISSUES TO BE DISCUSSED.—The stake-  
9 holder roundtable shall provide for the review and  
10 evaluation described in subsection (a) and shall in-  
11 clude the following:

12 (A) An evaluation of alternatives that have  
13 been developed to address funding options for  
14 the Inland Waterways System.

15 (B) An evaluation of the funding status of  
16 the Inland Waterways Trust Fund.

17 (C) Prioritization of the ongoing and pro-  
18 jected water infrastructure needs of the Inland  
19 Waterways System.

20 (D) Identification of a process forward for  
21 meeting such needs, with timeline for address-  
22 ing the funding challenges for the inland water-  
23 ways trust system.

24 (e) REPORT TO CONGRESS.—Not later than 180 days  
25 after the date on which the Secretary submits to Congress

1 the report required by section 214(b), the Secretary shall  
2 submit to Congress a report that contains—

3 (1) a summary the stakeholder roundtable, in-  
4 cluding areas of concurrence on funding approaches  
5 and areas or disagreement in meeting funding needs;  
6 and

7 (2) recommendations developed by the Sec-  
8 retary for logical next steps to address the issues  
9 discussed at the stakeholder roundtable.

10 **SEC. 216. PRESERVING THE INLAND WATERWAY TRUST**  
11 **FUND.**

12 (a) OLMSTED PROJECT REFORM.—

13 (1) IN GENERAL.—Notwithstanding section  
14 3(a)(6) of the Water Resources Development Act of  
15 1988 (102 Stat. 4013), for each fiscal year begin-  
16 ning after the date of enactment of this Act, 25 per-  
17 cent of the cost of construction for the Olmsted  
18 Project shall be paid from amounts appropriated  
19 from the Inland Waterways Trust Fund.

20 (2) DEFINITION.—In this subsection the term  
21 “Olmsted Project” means the project for navigation,  
22 Lower Ohio River, Locks 52 and 53, Illinois and  
23 Kentucky, authorized by section 3(a)(6) of the  
24 Water Resources Development Act of 1988 (102  
25 Stat. 4013).

1           (3) SENSE OF CONGRESS.—It is the sense of  
2 Congress that the appropriation for the Olmsted  
3 project should be not less than \$150,000,000 for  
4 each fiscal year until construction of the project is  
5 completed.

6           (4) REPORT.—Not later than 1 year after the  
7 date of enactment of this Act, the Secretary shall  
8 submit a report to the Committee on Transportation  
9 and Infrastructure of the House of Representatives  
10 and the Committee on Environment and Public  
11 Works of the Senate regarding the lessons learned  
12 from the experience of planning and constructing the  
13 Olmsted Project and how such lessons might apply  
14 to future inland waterway studies and projects.

15       (b) ANNUAL REPORT ON PROGRESS AND COSTS.—  
16 For any inland waterways project that the Secretary car-  
17 ries out that has an estimated total cost of \$500,000,000  
18 or more, the Secretary shall submit to the congressional  
19 committees referred to in subsection (a)(4) an annual fi-  
20 nancial plan for the project. The plan shall be based on  
21 detailed annual estimates of the cost to complete the re-  
22 maining elements of the project and on reasonable as-  
23 sumptions, as determined by the Secretary, of any future  
24 increases of the cost to complete the project.

1 **SEC. 217. PUBLIC COMMENT ON LOCK OPERATIONS.**

2 At least 90 days before carrying out a proposed modi-  
3 fication to the operation of a lock at a project for naviga-  
4 tion on the inland waterways, the Secretary shall—

5 (1) provide notice of the proposed modification  
6 in the Federal Register; and

7 (2) accept public comments on the proposed  
8 modification.

9 **SEC. 218. ASSESSMENT OF OPERATION AND MAINTENANCE**  
10 **NEEDS OF THE ATLANTIC INTRACOASTAL**  
11 **WATERWAY AND THE GULF INTRACOASTAL**  
12 **WATERWAY.**

13 (a) IN GENERAL.—Not later than 90 days after the  
14 date of enactment of this Act, the Secretary shall assess  
15 the operation and maintenance needs of the Atlantic In-  
16 tracoastal Waterway and the Gulf Intracoastal Waterway.

17 (b) TYPES OF ACTIVITIES.—In carrying out sub-  
18 section (a), the Secretary shall assess the operation and  
19 maintenance needs of the Atlantic Intracoastal Waterway  
20 and the Gulf Intracoastal Waterway as used for the fol-  
21 lowing purposes:

22 (1) Commercial navigation.

23 (2) Commercial fishing.

24 (3) Subsistence, including utilization by Indian  
25 tribes (as such term is defined by section 4 of the  
26 Indian Self-Determination and Education Assistance

1 Act (25 U.S.C. 450b)) for subsistence and ceremo-  
2 nial purposes.

3 (4) Use as ingress and egress to harbors of ref-  
4 uge.

5 (5) Transportation of persons.

6 (6) Purposes relating to domestic energy pro-  
7 duction, including fabrication, servicing, and supply  
8 of domestic offshore energy production facilities.

9 (7) Activities of the Secretary of the depart-  
10 ment in which the Coast Guard is operating.

11 (8) Public health and safety related equipment  
12 for responding to coastal and inland emergencies.

13 (9) Recreation purposes.

14 (10) Any other authorized purpose.

15 (c) REPORT TO CONGRESS.—For fiscal year 2015,  
16 and biennially thereafter, in conjunction with the Presi-  
17 dent’s annual budget submission to Congress under sec-  
18 tion 1105(a) of title 31, United States Code, the Secretary  
19 shall submit to the Committee on Transportation and In-  
20 frastructure of the House of Representatives and the Com-  
21 mittee on Environment and Public Works of the Senate  
22 a report that, with respect to the Atlantic Intracoastal  
23 Waterway and the Gulf Intracoastal Waterway—

1           (1) identifies the operation and maintenance  
2           costs required to achieve the authorized length,  
3           width, and depth;

4           (2) identifies the amount of funding requested  
5           in the President's budget for operation and maintenance costs; and

7           (3) identifies the unmet operation and maintenance needs of the Atlantic Intracoastal Waterway  
8           and the Gulf Intracoastal Waterway.

10 **SEC. 219. UPPER MISSISSIPPI RIVER PROTECTION.**

11           (a) ECONOMIC IMPACT STUDY.—Not later than 180  
12           days after the date of enactment of this Act, the Secretary  
13           shall conduct a study and submit to Congress a report  
14           on the impact of closing the Upper St. Anthony Falls Lock  
15           and Dam on the economy and the environment, including  
16           an assessment of the annual average tonnage moving  
17           through the Upper St. Anthony Falls Lock and Dam during the preceding 5 years.

19           (b) MANDATORY CLOSURE.—Not later than 1 year  
20           after the date of enactment of this Act, the Secretary shall  
21           close the Upper St. Anthony Falls Lock and Dam if the  
22           Secretary determines pursuant to the study conducted  
23           under subsection (a), or based on other appropriate information made available to the Secretary, that the annual  
24           average tonnage moving through the Upper St. Anthony  
25           average tonnage moving through the Upper St. Anthony

1 Falls Lock and Dam during the preceding 5 years was  
2 not more than 1,500,000 tons.

3 (c) EMERGENCY OPERATIONS.—Nothing in this sec-  
4 tion may be construed to prevent the Secretary from car-  
5 rying out emergency lock operations necessary to mitigate  
6 flood damage.

7 (d) UPPER ST. ANTHONY FALLS LOCK AND DAM  
8 DEFINED.—In this section, the term “Upper St. Anthony  
9 Falls Lock and Dam” means the lock and dam located  
10 on Mississippi River Mile 853.9 in Minneapolis, Min-  
11 nesota.

12 **SEC. 220. CORPS OF ENGINEERS LOCK AND DAM ENERGY**  
13 **DEVELOPMENT.**

14 Section 1117 of the Water Resources Development  
15 Act of 1986 (100 Stat. 4236) is amended to read as fol-  
16 lows:

17 **“SEC. 1117. W.D. MAYO LOCK AND DAM.**

18 “(a) IN GENERAL.—The Cherokee Nation of Okla-  
19 homa may—

20 “(1) design and construct one or more hydro-  
21 electric generating facilities at the W.D. Mayo Lock  
22 and Dam on the Arkansas River, Oklahoma; and

23 “(2) market the electricity generated from any  
24 such facility.

25 “(b) PRECONSTRUCTION REQUIREMENTS.—

1           “(1) PERMITS.—Before the date on which con-  
2           struction of a hydroelectric generating facility begins  
3           under subsection (a), the Cherokee Nation shall ob-  
4           tain any permit required under Federal or State law,  
5           except that the Cherokee Nation shall be exempt  
6           from licensing requirements that may otherwise  
7           apply to construction, operation, or maintenance of  
8           the facility under the Federal Power Act (16 U.S.C.  
9           791a et seq.).

10           “(2) REVIEW OF PLANS AND SPECIFICA-  
11           TIONS.—The Cherokee Nation may initiate the de-  
12           sign or construction of a hydroelectric generating fa-  
13           cility under subsection (a) only after the Secretary  
14           reviews and approves the plans and specifications for  
15           the design and construction.

16           “(c) PAYMENT OF DESIGN AND CONSTRUCTION  
17           COSTS.—

18           “(1) IN GENERAL.—The Secretary may accept  
19           funds offered by the Cherokee Nation and use such  
20           funds to carry out the design and construction of a  
21           hydroelectric generating facility under subsection  
22           (a).

23           “(2) ALLOCATION OF COSTS.—The Cherokee  
24           Nation shall—

1           “(A) bear all costs associated with the de-  
2           sign and construction of a hydroelectric gener-  
3           ating facility under subsection (a); and

4           “(B) provide any funds necessary for the  
5           design and construction to the Secretary prior  
6           to the Secretary initiating any activities related  
7           to the design and construction.

8           “(d) ASSUMPTION OF LIABILITY.—The Cherokee Na-  
9           tion shall—

10           “(1) hold all title to a hydroelectric generating  
11           facility constructed under subsection (a) and may,  
12           subject to the approval of the Secretary, assign such  
13           title to a third party;

14           “(2) be solely responsible for—

15           “(A) the operation, maintenance, repair,  
16           replacement, and rehabilitation of the facility;  
17           and

18           “(B) the marketing of the electricity gen-  
19           erated by the facility; and

20           “(3) release and indemnify the United States  
21           from any claims, causes of action, or liabilities that  
22           may arise out of any activity undertaken to carry  
23           out this section.

24           “(e) ASSISTANCE AVAILABLE.—The Secretary may  
25           provide technical and construction management assistance

1 requested by the Cherokee Nation relating to the design  
2 and construction of a hydroelectric generating facility  
3 under subsection (a).

4 “(f) THIRD PARTY AGREEMENTS.—The Cherokee  
5 Nation may enter into agreements with the Secretary or  
6 a third party that the Cherokee Nation or the Secretary  
7 determines are necessary to carry out this section.”.

## 8 **TITLE III—DEAUTHORIZATIONS** 9 **AND BACKLOG PREVENTION**

### 10 **SEC. 301. DEAUTHORIZATION OF INACTIVE PROJECTS.**

11 (a) PURPOSES.—The purposes of this section are—

12 (1) to identify \$12,000,000,000 in water re-  
13 sources development projects authorized by Congress  
14 that are no longer viable for construction due to—

15 (A) a lack of local support;

16 (B) a lack of available Federal or non-Fed-  
17 eral resources; or

18 (C) an authorizing purpose that is no  
19 longer relevant or feasible;

20 (2) to create an expedited and definitive process  
21 to deauthorize water resources development projects  
22 that are no longer viable for construction; and

23 (3) to allow the continued authorization of  
24 water resources development projects that are viable  
25 for construction.

1 (b) DEAUTHORIZATION OF PROJECTS AUTHORIZED  
2 BEFORE WRDA 2007.—

3 (1) IN GENERAL.—Not later than 90 days after  
4 the date of enactment of this Act, the Secretary  
5 shall submit to the Committee on Transportation  
6 and Infrastructure of the House of Representatives  
7 and the Committee on Environment and Public  
8 Works of the Senate, and shall publish in the Fed-  
9 eral Register, a report that lists each authorized  
10 water resources development project, or separable  
11 element of a project, authorized for construction be-  
12 fore November 8, 2007—

13 (A) for which—

14 (i) construction was not initiated be-  
15 fore the date of enactment of this Act; or

16 (ii) construction was initiated before  
17 the date of enactment of this Act, but for  
18 which no funds, Federal or non-Federal,  
19 were obligated for construction of the  
20 project or separable element during the 5-  
21 year period ending on July 1, 2013; and

22 (B) that is identified in accordance with  
23 paragraph (3).

24 (2) SPECIAL RULE FOR ONGOING CONSTRUC-  
25 TION.—A project or separable element shall not be

1 listed pursuant to paragraph (1)(A)(ii) if the project  
2 or separable element is being constructed as of the  
3 date of enactment of this Act.

4 (3) IDENTIFICATION OF PROJECTS.—

5 (A) IN GENERAL.—The Secretary shall  
6 identify in the report submitted under para-  
7 graph (1) projects and separable elements  
8 that—

9 (i) meet the requirements described in  
10 subparagraph (A) of that paragraph; and

11 (ii) in the aggregate have an esti-  
12 mated Federal cost to complete (as of the  
13 date of the report) that is at least  
14 \$12,000,000,000.

15 (B) SEQUENCING OF PROJECTS.—In iden-  
16 tifying projects and separable elements under  
17 subparagraph (A), the Secretary shall identify  
18 projects and separable elements according to  
19 the order in which the projects and separable  
20 elements were authorized, beginning with the  
21 earliest authorized projects and separable ele-  
22 ments and ending upon the aggregate estimated  
23 Federal cost to complete for the projects and  
24 separable elements identified satisfying the re-  
25 quirement under subparagraph (A)(ii).

1           (4) CONGRESSIONAL REVIEW PERIOD; DE-  
2       AUTHORIZATION.—After the expiration of the 180-  
3       day period beginning on the date of the submission  
4       of the report under this subsection, any project or  
5       separable element identified in that report is hereby  
6       deauthorized, unless during such period the non-  
7       Federal interest for the project or separable element  
8       provides, under Federal law, all funds necessary to  
9       complete the project or separable element.

10       (c) TREATMENT OF PROJECT MODIFICATIONS.—For  
11      purposes of this section, if an authorized water resources  
12      development project or separable element has been modi-  
13      fied in an Act of Congress, the date of the authorization  
14      of the project or separable element shall be deemed to be  
15      the date of the most recent such modification.

16   **SEC. 302. REVIEW OF CORPS OF ENGINEERS ASSETS.**

17       (a) ASSESSMENT AND INVENTORY.—Not later than  
18      1 year after the date of enactment of this Act, the Sec-  
19      retary shall conduct an assessment of all properties under  
20      the control of the Corps of Engineers and develop an in-  
21      ventory of the properties that are not needed for the mis-  
22      sions of the Corps of Engineers.

23       (b) CRITERIA.—In conducting the assessment and  
24      developing the inventory under subsection (a), the Sec-  
25      retary shall use the following criteria:

1           (1) The extent to which the property aligns  
2           with the current missions of the Corps of Engineers.

3           (2) The economic impact of the property on ex-  
4           isting communities in the vicinity of the property.

5           (3) The extent to which the utilization rate for  
6           the property is being maximized and is consistent  
7           with nongovernmental industry standards for the  
8           given function or operation.

9           (4) The extent to which the reduction or elimi-  
10          nation of the property could reduce operation and  
11          maintenance costs of the Corps of Engineers.

12          (5) The extent to which the reduction or elimi-  
13          nation of the property could reduce energy consump-  
14          tion by the Corps of Engineers.

15          (c) NOTIFICATION.—As soon as practicable following  
16          completion of the inventory of properties under subsection  
17          (a), the Secretary shall provide the inventory to the Ad-  
18          ministrators of General Services.

19          (d) REPORT TO CONGRESS.—Not later than 30 days  
20          after the date of the notification under subsection (c), the  
21          Secretary shall submit to the Committee on Transpor-  
22          tation and Infrastructure of the House of Representatives  
23          and the Committee on Environment and Public Works of  
24          the Senate a report containing the findings of the Sec-

1 retary with respect to the assessment and inventory re-  
2 quired under subsection (a).

3 **SEC. 303. BACKLOG PREVENTION.**

4 (a) PROJECT DEAUTHORIZATION.—

5 (1) IN GENERAL.—A water resources develop-  
6 ment project, or separable element of such a project,  
7 authorized for construction by this Act shall not be  
8 authorized after the last day of the 7-year period be-  
9 ginning on the date of enactment of this Act unless  
10 during that period funds have been obligated for  
11 construction of such project.

12 (2) IDENTIFICATION OF PROJECTS.—Not later  
13 than 60 days after the expiration of the 7-year pe-  
14 riod referred to in paragraph (1), the Secretary shall  
15 submit to the Committee on Transportation and In-  
16 frastructure of the House of Representatives and the  
17 Committee on Environment and Public Works of the  
18 Senate a report that identifies the projects deauthor-  
19 ized under paragraph (1).

20 (b) REPORT TO CONGRESS.—Not later than 60 days  
21 after the expiration of the 12-year period beginning on the  
22 date of enactment of this Act, the Secretary shall submit  
23 to the Committee on Transportation and Infrastructure  
24 of the House of Representatives and the Committee on

1 Environment and Public Works of the Senate a report  
2 that contains—

3           (1) a list of any water resources development  
4 projects authorized by this Act for which construc-  
5 tion has not been completed during that period;

6           (2) a description of the reasons the projects  
7 were not completed;

8           (3) a schedule for the completion of the projects  
9 based on expected levels of appropriations; and

10           (4) a 5-year and 10-year projection of construc-  
11 tion backlog and any recommendations to Congress  
12 regarding how to mitigate current problems and the  
13 backlog.

14 **SEC. 304. DEAUTHORIZATIONS.**

15       (a) IN GENERAL.—The following projects are not au-  
16 thorized after the date of enactment of this Act:

17           (1) WALNUT CREEK (PACHECO CREEK), CALI-  
18 FORNIA.—The portions of the project for flood pro-  
19 tection on Walnut Creek, California, constructed  
20 under section 203 of the Flood Control Act of 1960  
21 (Public Law 86–645; 74 Stat. 488), consisting of  
22 the Walnut Creek project from Sta 0+00 to Sta  
23 142+00 and the upstream extent of the Walnut  
24 Creek project along Pacheco Creek from Sta 0+00  
25 to Sta 73+50.

1           (2) WALNUT CREEK (SAN RAMON CREEK), CALI-  
2           FORNIA.—The portion of the project for flood pro-  
3           tection on Walnut Creek, California, constructed  
4           under section 203 of the Flood Control Act of 1960  
5           (Public Law 86–645; 74 Stat. 488), consisting of  
6           the culvert constructed by the Department of the  
7           Army on San Ramon Creek from Sta 4+27 to Sta  
8           14+27.

9           (3) HILLSBOROUGH (HILLSBORO) BAY AND  
10          RIVER, FLORIDA.—Those portions of the project for  
11          navigation, Hillsborough (Hillsboro) Bay and River,  
12          Florida, authorized by the Act of March 3, 1899 (30  
13          Stat. 1126; chapter 425), that extend on either side  
14          of the Hillsborough River from the Kennedy Boule-  
15          vard bridge to the mouth of the river that cause the  
16          existing channel to exceed 100 feet in width.

17          (4) KAHULUI WASTEWATER RECLAMATION FA-  
18          CILITY, MAUI, HAWAII.—The project carried out pur-  
19          suant to the authority provided by section 14 of the  
20          Flood Control Act of 1946 (33 U.S.C. 701r) to pro-  
21          vide shoreline protection for the Kahului Wastewater  
22          Reclamation Facility, located on the Island of Maui  
23          in the State of Hawaii.

24          (5) CHICAGO HARBOR, ILLINOIS.—The portion  
25          of the project for navigation, Chicago Harbor, Illi-

1       nois, authorized by the first section of the Act of  
2       March 3, 1899 (30 Stat. 1129; chapter 425), and  
3       the first section of the Act of March 2, 1919 (40  
4       Stat. 1283; chapter 95), and described as follows:

5               (A) Beginning at the southwest corner of  
6       Metropolitan Sanitary District of Greater Chi-  
7       cago sluice gate that abuts the north wall of the  
8       Chicago River Lock.

9               (B) Thence running north for approxi-  
10       mately 290 feet.

11              (C) Thence running east approximately  
12       1,000 feet.

13              (D) Thence running south approximately  
14       290 feet.

15              (E) Thence running west approximately  
16       1,000 feet to the point of origin.

17              (6) LUCAS-BERG PIT, ILLINOIS WATERWAY AND  
18       GRANT CALUMET RIVER, ILLINOIS.—The portion of  
19       the project for navigation, Illinois Waterway and  
20       Grand Calumet River, Illinois, authorized by the  
21       first section of the Act entitled “An Act authorizing  
22       the construction of certain public works on rivers  
23       and harbors for flood control, and for other pur-  
24       poses”, approved July 24, 1946 (60 Stat. 636; chap-

1       ter 596), that consists of the Lucas-Berg Pit con-  
2       fined disposal facility, Illinois.

3           (7) ROCKLAND HARBOR, MAINE.—The portion  
4       of the project for navigation, Rockland Harbor,  
5       Maine, authorized by the Act entitled “An Act mak-  
6       ing appropriations for the construction, repair, and  
7       preservation of certain public works on rivers and  
8       harbors, and for other purposes”, approved June 3,  
9       1896 (29 Stat. 202), and described as follows:

10           (A) Beginning at the point in the 14-foot  
11       turning basin limit with coordinates  
12       N162,927.61, E826,210.16.

13           (B) Thence running north 45 degrees 45  
14       minutes 15.6 seconds east 287.45 feet to a  
15       point N163,128.18, E826,416.08.

16           (C) Thence running south 13 degrees 17  
17       minutes 53.3 seconds east 129.11 feet to a  
18       point N163,002.53, E826,445.77.

19           (D) Thence running south 45 degrees 45  
20       minutes 18.4 seconds west 221.05 feet to a  
21       point N162,848.30, E826,287.42.

22           (E) Thence running north 44 degrees 14  
23       minutes 59.5 seconds west 110.73 feet to the  
24       point of origin.

1           (8) CORSICA RIVER, QUEEN ANNE’S COUNTY,  
2       MARYLAND.—The portion of the project for improv-  
3       ing the Corsica River, Maryland, authorized by the  
4       first section of the Act entitled “An Act making ap-  
5       propriations for the construction, repair, and preser-  
6       vation of certain public works on rivers and harbors,  
7       and for other purposes”, approved July 25, 1912  
8       (37 Stat. 205), and described as follows: Approxi-  
9       mately 2,000 feet of the eastern section of the  
10      project channel extending from—

11                   (A) centerline station 0+000 (coordinates  
12                   N506350.60, E1575013.60); to

13                   (B)       station       2+000       (coordinates  
14                   N508012.39, E1574720.18).

15           (9) GLOUCESTER HARBOR AND ANNISQUAM  
16       RIVER, MASSACHUSETTS.—The portions of the  
17       project for navigation, Gloucester Harbor and  
18       Annisquam River, Massachusetts, authorized by sec-  
19       tion 2 of the Act entitled “An Act authorizing the  
20       construction, repair, and preservation of certain pub-  
21       lic works on rivers and harbors, and for other pur-  
22       poses”, approved of March 2, 1945 (59 Stat. 12;  
23       chapter 19), consisting of an 8-foot anchorage area  
24       in Lobster Cove, and described as follows:

1           (A) Beginning at a bend along the easterly  
2           limit of the existing project, N3063230.31,  
3           E878283.77, thence running northwesterly  
4           about 339 feet to a point, N3063478.86,  
5           E878053.83, thence running northwesterly  
6           about 281 feet to a bend on the easterly limit  
7           of the existing project, N3063731.88,  
8           E877932.54, thence running southeasterly  
9           about 612 feet along the easterly limit of the  
10          existing project to the point of origin.

11          (B) Beginning at a bend along the easterly  
12          limit of the existing project, N3064065.80,  
13          E878031.45, thence running northwesterly  
14          about 621 feet to a point, N3064687.05,  
15          E878031.13, thence running southwesterly  
16          about 122 feet to a point, N3064686.98,  
17          E877908.85, thence running southeasterly  
18          about 624 feet to a point, N3064063.31,  
19          E877909.17, thence running southwesterly  
20          about 512 feet to a point, N3063684.73,  
21          E877564.56, thence running about 741 feet to  
22          a point along the westerly limit of the existing  
23          project, N3063273.98, E876947.77, thence  
24          running northeasterly about 533 feet to a bend  
25          along the westerly limit of the existing project,

1           N3063585.62, E877380.63, thence running  
2           about 147 feet northeasterly to a bend along  
3           the westerly limit of the project, N3063671.29,  
4           E877499.63, thence running northeasterly  
5           about 233 feet to a bend along the westerly  
6           limit of the existing project, N3063840.60,  
7           E877660.29, thence running about 339 feet  
8           northeasterly to a bend along the westerly limit  
9           of the existing project, N3064120.34,  
10          E877852.55, thence running about 573 feet to  
11          a bend along the westerly limit of the existing  
12          project, N3064692.98, E877865.04, thence  
13          running about 113 feet to a bend along the  
14          northerly limit of the existing project,  
15          N3064739.51, E877968.31, thence running  
16          145 feet southeasterly to a bend along the  
17          northerly limit of the existing project,  
18          N3064711.19, E878110.69, thence running  
19          about 650 feet along the easterly limit of the  
20          existing project to the point of origin.

21          (10) IPSWICH RIVER, MASSACHUSETTS.—The  
22          portion of the project for navigation, Ipswich River,  
23          Massachusetts, authorized by the first section of the  
24          Act of August 5, 1886 (24 Stat. 317, chapter 929)  
25          consisting of a 4-foot channel located at the entrance

1 to the inner harbor at Ipswich Harbor, and de-  
2 scribed as follows:

3 (A) Lying northwesterly of a line com-  
4 mencing at N3,074,938.09, E837,154.87.

5 (B) Thence running easterly approximately  
6 60 feet to a point with coordinates  
7 N3,074,972.62, E837,203.93.

8 (11) EAST FORK OF TRINITY RIVER, TEXAS.—  
9 The portion of the project for flood protection on the  
10 East Fork of the Trinity River, Texas, authorized by  
11 section 203 of the Flood Control Act of 1962 (76  
12 Stat. 1185), that consists of the 2 levees identified  
13 as Kaufman County Levees K5E and K5W.

14 (12) BURNHAM CANAL, WISCONSIN.—The por-  
15 tion of the project for navigation, Milwaukee Harbor  
16 Project, Milwaukee, Wisconsin, known as the  
17 Burnham Canal, authorized by the first section of  
18 the Act entitled “An Act for the protection of com-  
19 merce on Lake Michigan”, approved March 3, 1843  
20 (5 Stat. 619; chapter 85), and described as follows:

21 (A) Beginning at channel point #415a  
22 N381768.648, E2524554.836, a distance of  
23 about 170.58 feet.

24 (B) Thence running south 53 degrees 43  
25 minutes 41 seconds west to channel point #417

1 N381667.728, E2524417.311, a distance of  
2 about 35.01 feet.

3 (C) Thence running south 34 degrees 10  
4 minutes 40 seconds west to channel point #501  
5 N381638.761, E2524397.639, a distance of  
6 about 139.25 feet.

7 (D) Thence running south 34 degrees 10  
8 minutes 48 seconds west to channel point #503  
9 N381523.557, E2524319.406, a distance of  
10 about 235.98 feet.

11 (E) Thence running south 32 degrees 59  
12 minutes 13 seconds west to channel point #505  
13 N381325.615, E2524190.925, a distance of  
14 about 431.29 feet.

15 (F) Thence running south 32 degrees 36  
16 minutes 05 seconds west to channel point #509  
17 N380962.276, E2523958.547, a distance of  
18 about 614.52 feet.

19 (G) Thence running south 89 degrees 05  
20 minutes 00 seconds west to channel point #511  
21 N380952.445, E2523344.107, a distance of  
22 about 74.68 feet.

23 (H) Thence running north 89 degrees 04  
24 minutes 59 seconds west to channel point #512

1 N381027.13, E2523342.91, a distance of about  
2 533.84 feet.

3 (I) Thence running north 89 degrees 05  
4 minutes 00 seconds east to channel point #510  
5 N381035.67, E2523876.69, a distance of about  
6 47.86 feet.

7 (J) Thence running north 61 degrees 02  
8 minutes 07 seconds east to channel point #508  
9 N381058.84, E2523918.56, a distance of about  
10 308.55 feet.

11 (K) Thence running north 36 degrees 15  
12 minutes 29 seconds east to channel point #506  
13 N381307.65, E2524101.05, a distance of about  
14 199.98 feet.

15 (L) Thence running north 32 degrees 59  
16 minutes 12 seconds east to channel point #504  
17 N381475.40, E2524209.93, a distance of about  
18 195.14 feet.

19 (M) Thence running north 26 degrees 17  
20 minutes 22 seconds east to channel point #502  
21 N381650.36, E2524296.36, a distance of about  
22 81.82 feet.

23 (N) Thence running north 88 degrees 51  
24 minutes 05 seconds west to channel point #419

1 N381732.17, E2524294.72, a distance of about  
2 262.65 feet.

3 (O) Thence running north 82 degrees 01  
4 minutes 02 seconds east to channel point  
5 #415a, the point of origin.

6 (13) MANITOWOC HARBOR, WISCONSIN.—The  
7 portion of the project for navigation, Manitowoc  
8 River, Manitowoc, Wisconsin, authorized by the Act  
9 of August 30, 1852 (10 Stat. 58; chapter 104), and  
10 described as follows: The triangular area bound by—

11 (A) 44.09893383N and 087.66854912W;

12 (B) 44.09900535N and 087.66864372W;

13 and

14 (C) 44.09857884N and 087.66913123W.

15 (b) SEWARD WATERFRONT, SEWARD, ALASKA.—

16 (1) IN GENERAL.—Subject to paragraph (2),  
17 the portion of the project for navigation, Seward  
18 Harbor, Alaska, identified as Tract H, Seward  
19 Original Townsite, Waterfront Park Replat, Plat No  
20 2012–4, Seward Recording District, shall not be  
21 subject to navigation servitude beginning on the date  
22 of enactment of this Act.

23 (2) ENTRY BY FEDERAL GOVERNMENT.—The  
24 Federal Government may enter upon the property  
25 referred to in paragraph (1) to carry out any re-

quired operation and maintenance of the general navigation features of the project referred to in paragraph (1).

(c) PORT OF HOOD RIVER, OREGON.—

(1) EXTINGUISHMENT OF PORTIONS OF EXISTING FLOWAGE EASEMENT.—With respect to the properties described in paragraph (2), beginning on the date of enactment of this Act, the flowage easement identified as Tract 1200E–6 on the Easement Deed recorded as Instrument No. 740320 is extinguished above elevation 79.39 feet (NGVD 29), the ordinary high water line.

(2) AFFECTED PROPERTIES.—The properties described in this paragraph, as recorded in Hood River County, Oregon, are as follows:

(A) Instrument Number 2010–1235.

(B) Instrument Number 2010–02366.

(C) Instrument Number 2010–02367.

(D) Parcel 2 of Partition Plat 2011–12P.

(E) Parcel 1 of Partition Plat 2005–26P.

(3) EXTINGUISHMENT OF FLOWAGE EASEMENT.—With respect to the properties described in paragraph (2), the flowage easement is extinguished if the elevation of the property is above the standard project flood elevation.

1           (4) FEDERAL LIABILITIES.—The United States  
2       shall not be liable for any injury caused by the extin-  
3       guishment of the easement under this subsection.

4           (5) NO EFFECT ON OTHER RIGHTS.—Nothing  
5       in this subsection affects the remaining rights and  
6       interests of the Corps of Engineers for authorized  
7       project purposes.

8   **SEC. 305. LAND CONVEYANCES.**

9       (a) TULSA PORT OF CATOOSA, ROGERS COUNTY,  
10   OKLAHOMA LAND EXCHANGE.—

11           (1) LAND EXCHANGE.—On conveyance by the  
12       Tulsa Port of Catoosa to the United States of all  
13       right, title, and interest in and to the non-Federal  
14       land, the Secretary shall convey to the Tulsa Port of  
15       Catoosa all right, title, and interest of the United  
16       States in and to the Federal land.

17           (2) DEFINITIONS.—In this subsection, the fol-  
18       lowing definitions apply:

19           (A) FEDERAL LAND.—The term “Federal  
20       land” means the approximately 87 acres of land  
21       situated in Rogers County, Oklahoma, con-  
22       tained within United States Tracts 413 and  
23       427 and acquired for the McClellan-Kerr Ar-  
24       kansas Navigation System.

1 (B) NON-FEDERAL LAND.—The term  
2 “non-Federal land” means the approximately  
3 34 acres of land situated in Rogers County,  
4 Oklahoma, and owned by the Tulsa Port of  
5 Catoosa that lie immediately south and east of  
6 the Federal land.

7 (3) SPECIFIC CONDITIONS.—

8 (A) DEEDS.—

9 (i) DEED TO NON-FEDERAL LAND.—

10 The Secretary may only accept conveyance  
11 of the non-Federal land by warranty deed,  
12 as determined acceptable by the Secretary.

13 (ii) DEED TO FEDERAL LAND.—The

14 Secretary shall convey the Federal land to  
15 the Tulsa Port of Catoosa by quitclaim  
16 deed and subject to any reservations,  
17 terms, and conditions the Secretary deter-  
18 mines necessary to—

19 (I) allow the United States to op-  
20 erate and maintain the McClellan-  
21 Kerr Arkansas River Navigation Sys-  
22 tem; and

23 (II) protect the interests of the  
24 United States.

1 (iii) CASH PAYMENT.—If the ap-  
2 praised fair market value of the Federal  
3 land, as determined by the Secretary, ex-  
4 ceeds the appraised fair market value of  
5 the non-Federal land, as determined by the  
6 Secretary, the Tulsa Port of Catoosa shall  
7 make a cash payment to the United States  
8 reflecting the difference in the appraised  
9 fair market values.

10 (b) CITY OF ASOTIN, WASHINGTON.—

11 (1) IN GENERAL.—The Secretary shall convey  
12 to the city of Asotin, Asotin County, Washington,  
13 without monetary consideration, all right, title, and  
14 interest of the United States in and to the land de-  
15 scribed in paragraph (3).

16 (2) REVERSION.—If the land transferred under  
17 this subsection ceases at any time to be used for a  
18 public purpose, the land shall revert to the United  
19 States.

20 (3) DESCRIPTION.—The land to be conveyed to  
21 the city of Asotin, Washington, under this sub-  
22 section are—

23 (A) the public ball fields designated as  
24 Tracts 1503, 1605, 1607, 1609, 1611, 1613,

1           1615, 1620, 1623, 1624, 1625, 1626, and  
2           1631; and

3           (B) other leased areas designated as  
4           Tracts 1506, 1522, 1523, 1524, 1525, 1526,  
5           1527, 1529, 1530, 1531, and 1563.

6           (c) GENERALLY APPLICABLE PROVISIONS.—

7           (1) SURVEY TO OBTAIN LEGAL DESCRIPTION.—

8           The exact acreage and the legal description of any  
9           real property to be conveyed under this section shall  
10          be determined by a survey that is satisfactory to the  
11          Secretary.

12          (2) APPLICABILITY OF PROPERTY SCREENING  
13          PROVISIONS.—Section 2696 of title 10, United  
14          States Code, shall not apply to any conveyance  
15          under this section.

16          (3) ADDITIONAL TERMS AND CONDITIONS.—

17          The Secretary may require that any conveyance  
18          under this section be subject to such additional  
19          terms and conditions as the Secretary considers nec-  
20          essary and appropriate to protect the interests of the  
21          United States.

22          (4) COSTS OF CONVEYANCE.—An entity to  
23          which a conveyance is made under this section shall  
24          be responsible for all reasonable and necessary costs,

1 including real estate transaction and environmental  
2 documentation costs, associated with the conveyance.

3 (5) LIABILITY.—An entity to which a convey-  
4 ance is made under this section shall hold the  
5 United States harmless from any liability with re-  
6 spect to activities carried out, on or after the date  
7 of the conveyance, on the real property conveyed.  
8 The United States shall remain responsible for any  
9 liability with respect to activities carried out, before  
10 such date, on the real property conveyed.

## 11 **TITLE IV—WATER RESOURCES** 12 **INFRASTRUCTURE**

### 13 **SEC. 401. AUTHORIZATION OF FINAL FEASIBILITY STUDIES.**

14 The following final feasibility studies for water re-  
15 sources development and conservation and other purposes  
16 are authorized to be carried out by the Secretary substan-  
17 tially in accordance with the plan, and subject to the con-  
18 ditions, described in the respective reports designated in  
19 this section:

20 (1) NAVIGATION.—

<b>A. State</b>	<b>B. Name</b>	<b>C. Date of Report of Chief of Engineers</b>	<b>D. Estimated Federal Cost</b>	<b>E. Estimated Non-Federal Cost</b>
1. TX, LA	Sabine Neches Waterway, Southeast Texas and Southwest Louisiana	July 22, 2011	\$779,399,000	\$359,227,000
2. FL	Jacksonville Harbor- Milepoint	April 30, 2012	\$27,804,000	\$9,122,000
3. GA	Savannah Harbor Expansion Project	Aug. 17, 2012	\$461,000,000	\$201,000,000
4. TX	Freeport Harbor	Jan. 7, 2013	\$121,132,000	\$116,342,000
5. FL	Canaveral Harbor (Sect 203 Sponsor Report)	Feb. 25, 2013	\$28,652,000	\$11,588,000

1 (2) FLOOD RISK MANAGEMENT.—

<b>A. State</b>	<b>B. Name</b>	<b>C. Date of Report of Chief of Engineers</b>	<b>D. Estimated Federal Cost</b>	<b>E. Estimated Non-Federal Cost</b>
1. KS	Topeka	Aug. 24, 2009	\$15,494,000	\$8,343,000
2. CA	American River Wa- tershed, Common Features Project, Natomas Basin	Dec. 30, 2010	\$943,300,000	\$479,500,000

<b>A. State</b>	<b>B. Name</b>	<b>C. Date of Report of Chief of Engineers</b>	<b>D. Estimated Federal Cost</b>	<b>E. Estimated Non-Federal Cost</b>
