## A BILL

To amend the Richard B. Russell National School Lunch Act and the Child Nutrition Act of 1966 to expand and improve Federal programs to reduce child hunger.

1       *Be it enacted by the Senate and House of Representa-  
2 tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Helping Hungry Stu-  
5 dents Learn Act”.

6 **SEC. 2. FINDINGS.**

7       Congress makes the following findings:

1                   (1) In 2012, nearly one in five children in  
2 America lived in a household that lacked access to  
3 nutritious food on a regular basis. That is 15.9 mil-  
4 lion American children who struggled with hunger at  
5 some time during the year.

6                   (2) Children who experience hunger are more  
7 likely to get sick and are more likely to be obese  
8 than those who do not. Children facing chronic hun-  
9 ger also find it more difficult to concentrate in  
10 school and tend to exhibit higher levels of behavioral,  
11 emotional, and academic problems.

12                  (3) Federal programs play an important role in  
13 addressing childhood hunger. In 2013, 21 million  
14 students participated in the free or reduced-price  
15 lunch program. Eleven million students participated  
16 in the free or reduced-price breakfast program.  
17 Three million low-income children received free  
18 meals during the summer months. Forty-seven per-  
19 cent of participants in the supplemental nutrition as-  
20 sistance program are under the age of 18.

21                  (4) On average, students who eat school break-  
22 fast achieve 17.5 percent higher scores on standard-  
23 ized math tests, and attend 1.5 more days of school  
24 each year than those who do not. Students who at-  
25 tend class more regularly are 20 percent more likely

1 to graduate from high school. Participation in the  
2 school breakfast program is associated with children  
3 having a lower Body Mass Index.

4 **SEC. 3. SCHOOL LUNCH PROGRAM.**

5 Section 9(b) of the Richard B. Russell National  
6 School Lunch Act is amended—

7 (1) in paragraph (1)(A), by inserting after the  
8 third sentence the following: “Notwithstanding any  
9 other provision of this Act and the Child Nutrition  
10 Act of 1966, for each school year beginning on or  
11 after the July 1 of the year following the year of en-  
12 actment of the Helping Hungry Students Learn Act,
