## A BILL

To amend title 10, United States Code, to direct the Secretary of Defense to make certain limitations on the transfer of personal property to Federal and State agencies, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-  
2 tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Stop Militarizing Law  
5 Enforcement Act”.

6 **SEC. 2. FINDINGS.**

7       Congress makes the following findings:

1                             (1) Under section 2576a of title 10, United  
2 States Code, the Department of Defense is author-  
3 ized to provide excess property to local law enforce-  
4 ment agencies. The Defense Logistics Agency, ad-  
5 ministering such section by operating the Law En-  
6 forcement Support Office program.

7                             (2) New and used material, including mine-re-  
8 sistant ambush-protected vehicles and weapons de-  
9 termined by the Department of Defense to be “mili-  
10 tary grade” are transferred to local law enforcement  
11 agencies through the program.

12                             (3) As a result local law enforcement agencies,  
13 including police and sheriff’s departments, are ac-  
14 quiring this material for use in their normal oper-  
15 ations.

16                             (4) The wars in Iraq and Afghanistan have led  
17 to an increase in the transfer of military equipment  
18 to local law enforcement agencies.

19                             (5) According to public reports, approximately  
20 12,000 police organizations across the country were  
21 able to procure nearly \$500,000,000 worth of excess  
22 military merchandise including firearms, computers,  
23 helicopters, clothing, and other products, at no  
24 charge during fiscal year 2011 alone.

1                         (6) More than \$4,000,000,000 worth of weapons  
2                         and equipment have been transferred to police  
3                         organizations in all 50 states and four territories  
4                         through the program.

5                         (7) In May 2012, the Defense Logistics Agency  
6                         instituted a moratorium on weapons transfers  
7                         through the program after reports of missing equipment  
8                         and inappropriate weapons transfers.

9                         (8) Though the moratorium was widely publicized,  
10                         it was lifted in October 2013 without adequate safeguards.

12                         (9) As a result, Federal, State, and local law enforcement departments across the country are eligible again to acquire free “military-grade” weapons and equipment that could be used inappropriately during policing efforts in which citizens and taxpayers could be harmed.

18                         (10) Pursuant to section III(J) of a Defense Logistics Agency memorandum of understanding, property obtained through the program must be placed into use within one year of receipt, possibly providing an incentive for the unnecessary and potentially dangerous use of “military grade” equipment by local law enforcement.
