---

## A BILL

To provide for auditable financial statements for the  
Department of Defense, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Audit the Pentagon  
5 Act of 2013”.

6 **SEC. 2. FINDINGS.**

7 Congress makes the following findings:

8 (1) Section 9 of Article I of the Constitution of  
9 the United States requires all agencies of the Fed-

1 eral Government, including the Department of De-  
2 fense, to publish “a regular statement and account  
3 of the receipts and expenditures of all public  
4 money”.

5 (2) Section 3515 of title 31, United States  
6 Code, requires the agencies of the Federal Govern-  
7 ment, including the Department of Defense, to  
8 present auditable financial statements beginning not  
9 later than March 1, 1997. The Department has not  
10 complied with this law.

11 (3) The Federal Financial Management Im-  
12 provement Act of 1996 (31 U.S.C. 3512 note) re-  
13 quires financial systems acquired by the Federal  
14 Government, including the Department of Defense,  
15 to be able to provide information to leaders to man-  
16 age and control the cost of Government. The De-  
17 partment has not complied with this law.

18 (4) The financial management of the Depart-  
19 ment of Defense has been on the “High-Risk” list  
20 of the Government Accountability Office, which  
21 means that the Department is not consistently able  
22 to “control costs; ensure basic accountability; antici-  
23 pate future costs and claims on the budget; measure  
24 performance; maintain funds control; [and] prevent  
25 and detect fraud, waste, and abuse”.

1           (5) The National Defense Authorization Act for  
2 Fiscal Year 2002 (Public Law 107–107) requires  
3 the Secretary of Defense to report to Congress an-  
4 nually on the reliability of the financial statements  
5 of the Department of Defense, to minimize resources  
6 spent on producing unreliable financial statements,  
7 and to use resources saved to improve financial man-  
8 agement policies, procedures, and internal controls.

9           (6) In 2005, the Department of Defense cre-  
10 ated a Financial Improvement and Audit Readiness  
11 (FIAR) Plan, overseen by a directorate within the  
12 office of the Under Secretary of Defense (Comp-  
13 troller), to improve Department business processes  
14 with the goal of producing timely, reliable, and accu-  
15 rate financial information that could generate an  
16 audit-ready annual financial statement. In December  
17 2005, that directorate, known as the FIAR Direc-  
18 torate, issued the first of a series of semiannual re-  
19 ports on the status of the Financial Improvement  
20 and Audit Readiness Plan.

21           (7) The National Defense Authorization Act for  
22 Fiscal Year 2010 (Public Law 111–84) requires reg-  
23 ular status reports on the Financial Improvement  
24 and Audit Readiness Plan described in paragraph  
25 (6), and codified as a statutory requirement the goal

1 of the Plan in ensuring that Department of Defense  
2 financial statements are validated as ready for audit  
3 not later than September 30, 2017. In addition, the  
4 National Defense Authorization Act for Fiscal Year  
5 2013 (Public Law 112–239) requires that the state-  
6 ment of budgetary resources of the Department of  
7 Defense be validated as ready for audit by not later  
8 than September 30, 2014.

9 (8) At a September 2010 hearing of the Senate,  
10 the Government Accountability Office stated that  
11 past expenditures by the Department of Defense of  
12 \$5,800,000,000 to improve financial information,  
13 and billions of dollars more of anticipated expendi-  
14 tures on new information technology systems for  
15 that purpose, may not suffice to achieve full audit  
16 readiness of the financial statement of the Depart-  
17 ment. At that hearing, the Government Account-  
18 ability Office could not predict when the Department  
19 would achieve full audit readiness of such state-  
20 ments.

21 (9) At a 2013 hearing of the Senate, Secretary  
22 of Defense Chuck Hagel affirmed his commitment to  
23 audit-ready budget statements for the Department  
24 of Defense by the end of 2014, and stated that he  
25 “will do everything he can to fulfill this commit-

1 ment". At that hearing, Secretary Hagel noted that  
2 auditable financial statements were essential to the  
3 Department not only for improving the quality of its  
4 financial information, but also for reassuring the  
5 public and Congress that it is a good steward of  
6 public funds.
