

and bring in additional income instead of increasing our debt.

When we talk about job creation, free and fair trade is a vital component to a successful plan. Sixty percent of American exports came from small and medium size businesses. That is huge. Small business is the backbone of our economy. The bottom line is that trade equals jobs.

As I already mentioned, China is bullish on Africa. We need to be too. China is outpacing us in exports to Africa by an alarming 3 to 1 pace. By 2009, China had surpassed us as the African continent's largest trading partner. This bill lets us establish a plan that will allow us to compete with nations like China that are already extremely active in the African market. And that will help our small companies create jobs.

My home State, Arkansas, stands to benefit greatly through the creation of a comprehensive trade plan with Africa. Free and fair trade is an important component to our State's economy. Arkansas exported \$5.6 billion in merchandise overseas in 2011, up 7 percent from the previous year. In 2008, over 1,500 companies exported goods from Arkansas. Over 1/3 of exports were from small and medium-sized businesses with fewer than 500 employees. An effective trade strategy with African nations will help us build on that significantly.

So again, increased trade equals increased jobs at home. America needs jobs. That is what this bill is about. That is why we need to move it quickly in this session.
