

Mr. Gray accepted a scholarship to play at Franklin and Marshall College. After receiving his bachelor's degree, he went on to receive master's degrees from Drew Theological Seminary and Princeton Theological Seminary as well as spending time abroad studying at Oxford University in England. Education was held in a high regard to Mr. Gray. During the prime of his political career, Mr. Gray resigned from Congress to assume a "higher calling" as president of the United Negro College Fund. While many politicians abruptly resign in light of scandal, Mr. Gray resigned in order to "open the door to higher education for a million more black men and women." During his time as president, Mr. Gray successfully raised over \$2 billion for the UNCF.

Mr. Speaker, on behalf of my colleagues of the Congressional Black Caucus and on behalf of Congressmen, past and present that were influenced by Mr. Gray's leadership, I would like to express my gratitude for his service to minorities, Congress, and to the United States of America. Thank you.

HONORING THE LIFE OF JOHN PERCIN, JR.

HON. KURT SCHRADER

OF OREGON

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 10, 2013

Mr. SCHRADER. Mr. Speaker, today I rise in honor of John Percin, Jr. one of the 19 Granite Mountain Hotshot firefighters killed June 30th while fighting a wildfire near the town of Yarnell, Arizona. A funeral mass to honor his life will take place, July 12th, for

family, friends, and parishioners at Our Lady of the Lake Church in Lake Oswego, Oregon.

John Percin Jr. grew up in West Linn, Oregon among a community that witnessed a young man active in his school, excelling at numerous sports, and demonstrating a strong compassion for others. After graduating from West Linn High School, Mr. Percin pursued a career with the Granite Mountain Hotshots, an elite firefighting force based in Prescott, Arizona. Hotshots demand only the most physically fit candidates to face the most strenuous firefighting tasks. Through rigorous physical and mental training each Hotshot gains the skills and attributes necessary for this demanding and dangerous work. A Hotshot needs to be a problem solver, able to make difficult decisions in stressful situations, and work as part of a team; I think we witnessed these attributes on display June 30th from Mr. Percin and each of the courageous crewmembers who put their lives on the line to protect others.

John Percin Jr. demonstrated a level of courage and bravery that belies his young age. At only 24 years of age Mr. Percin had the drive and passion to perform the critical work of fighting fires and I am humbled by his commitment to our country. We in Congress express our gratitude to Mr. Percin and convey our deepest respect and sympathy to his family; their son's sacrifice for others will not be forgotten.

VOTE ON AMENDMENT H. AMDT. 227 TO H.R. 1947, THE "FEDERAL AGRICULTURE REFORM AND RISK MANAGEMENT ACT OF 2013"

HON. JOHN CONYERS, JR.

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 10, 2013

Mr. CONYERS. Mr. Speaker, on Thursday, June 20, 2013, I inadvertently voted against the Pitts-Davis amendment to H.R. 1947, the "Federal Agriculture Reform and Risk Management Act of 2013" which was designed to reform the United States' national sugar policy. However, I rise today to clarify my position concerning this amendment and to state that I fully support the Pitts-Davis amendment and will continue to support and cosponsor H.R. 693, the "Sugar Reform Act of 2013."

It is unfortunate that the failed FARRM Bill proposed reforms for every commodity program except the sugar program, the most intrusive and outdated of them all. Our focus in Congress should be geared toward balancing the needs of all Americans. Instead, our current sugar policy's one-sided approach favors sugar processors and growers over American consumers and businesses. Under current law, the sugar industry is able to reap record profits when domestic sugar supplies are tight because of government restrictions. Yet, the cost of the sugar program is then passed on to taxpayers when surplus sugar burdens the market. As a result, American families have to spend additional money on their grocery bills and American companies are placed at a competitive disadvantage. We must limit these government restrictions and allow for a competitive marketplace that will balance the needs of all Americans.

COMMEMORATING NEOSHO NATIONAL FISH HATCHERY'S 125TH ANNIVERSARY

HON. BILLY LONG

OF MISSOURI

IN THE HOUSE OF REPRESENTATIVES

Wednesday, July 10, 2013

Mr. LONG. Mr. Speaker, I rise today to commemorate the 125th anniversary of the Neosho National Fish Hatchery.

Established in 1888, the Neosho National Fish Hatchery is truly one of a kind. It is the oldest operating federal fish hatchery in the United States and has raised over 130 different species of fish since its creation. With a mission to conserve and protect our nation's fishery resources, the Neosho National Fish Hatchery continues to produce high quality fish year after year.

The Neosho National Fish Hatchery is responsible for a long list of various operations to enhance the fish industry. The hatchery is responsible for producing high quality rainbow trout to stock Lake Taneycomo for recreational fishing, helping the local economy. The hatchery also continues to support and protect the conservation of the endangered Ozark Cavefish, and raises Freshwater Drum Fish to serve as host fish for rearing Neosho Mucket Mussels. All of this is done while over 45,000 annual visitors travel to Neosho to tour and learn about America's longest running national fish hatchery.

I am honored to recognize the Neosho National Fish Hatchery for their excellent work over the past 125 years. By working to conserve, protect, and enhance our fishing industry, the Neosho National Fish Hatchery continues to serve for the benefit all Americans.
