

Sex Trafficking Act, along with Representatives MALONEY, GRANGER, and NOLAN. Our bill targets the interstate criminals who purchase sexual acts from child victims and ensures that they, too, are prosecuted as human traffickers. No longer can these deviants hide. Let the long arm of the law punish the child-molesting pedophiles who steal the innocence of children.

And that's just the way it is.

LET'S TURN OFF THE SEQUESTER

(Ms. HANABUSA asked and was given permission to address the House for 1 minute.)

Ms. HANABUSA. Mr. Speaker, a word not much known about 2 years ago now is a household word. It is "to sequester," a verb, and "sequestration," a noun.

Today, in the Armed Services Committee, we heard the Republican chair and the Democratic ranking member state in almost unison, Sequestration must end. It is a threat to our great Nation's readiness posture, affects jobs, and the manufacturing base.

DOD alone has 800,000 civilian employees. It is not only defense that's being affected. It is all of the discretionary budget. CBO estimates it will cost about 750,000 jobs this year alone. We saw it earlier this year with the FAA.

We will see how the U.S. Forest Service is affected by 500 firefighters that are lost, 50 to 70 fire engines, and two aircraft.

We will also see 70,000 children lose access to Head Start.

What will it take to turn it off, to quote our HASC ranking member?

We all agree it was not meant to be. It's a mistake. Mr. Speaker, let's turn it off.

THERE IS A BETTER WAY

(Mr. TIPTON asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. TIPTON. Mr. Speaker, the President is giving speeches on his plan for economic growth. His economic plan is to grow government, regulate more, spend more, and tax more. His speeches will not create jobs.

The economy does not improve when the administration piles on tens of thousands of pages of costly new regulations. Families don't thrive when the only jobs they can find are part-time because of ObamaCare's onerous mandates forcing employers to cut back on hours in order to be able to keep their doors open.

This administration's oppressive regulations cost small businesses, on average, \$10,585 per employee. To create jobs and jump-start the economy, we must pull back on unnecessary punitive regulations, hold the bureaucracy accountable, and shrink the size of gov-

ernment and reward, rather than punish, success.

This week we are voting to be able to stop government overreach, stand up for the American people, and give them a fighting chance to be able to succeed, to have access to fair and affordable and effective health care systems, not to have to worry about the Federal Government increasing burdens on their lives, abusing power, and stunting economic growth and putting their jobs at risk.

The American people need this response.

BRING THE AMERICAN JOBS BILL TO THE HOUSE FLOOR

(Ms. WILSON of Florida asked and was given permission to address the House for 1 minute.)

Ms. WILSON of Florida. Mr. Speaker, tomorrow begins a long district work period. When I arrive, the number one question will be: Congresswoman WILSON, what are they doing in Washington to help us with unemployment and the economy? What are they doing about sequestration?

I will say, The Republicans have not allowed one vote on serious legislation to create jobs or jobs training programs, not one vote to rebuild our bridges and schools, not one bill to hire more teachers and police officers, and nothing to stop sequestration.

Mr. Speaker, bring the American Jobs bill to the floor. It creates jobs and stops sequestration.

The farm bill is still up in the air. Judicial confirmations are on hold. Immigration reform is still on the radar, and Mr. Snowden is still a fugitive from justice.

Still, all the polls tell us that the number one issue for the American people is jobs and the economy.

Bring the American Jobs Act to the floor. It deserves a vote, and it stops sequestration. Jobs, jobs, jobs should be the mantra of this Congress.

THE GREAT LAKES ECOLOGICAL AND ECONOMIC PROTECTION ACT

(Mr. JOYCE asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. JOYCE. Mr. Speaker, the Great Lakes are truly one of the jewels of North America. They contain 20 percent of the world's surface water and provide drinking water for 30 million people. They're also a driver of our economy, as studies have shown 1.5 million jobs are directly connected to the Great Lakes, generating \$62 billion in wages.

That's why I'm encouraging my colleagues to support my Great Lakes Ecological and Economic Protection Act. This bill will help ensure we have a healthy Great Lakes, while boosting the economies along the Great Lakes region.

This bill already enjoys bipartisan support, and I hope my colleagues will

join me in protecting one of the most precious resources in North America, the Great Lakes.

OBAMACARE

(Ms. HAHN asked and was given permission to address the House for 1 minute.)

Ms. HAHN. Mr. Speaker, as we see ObamaCare go into effect, we see that it is making affordable health insurance a reality for hardworking families. Thanks to ObamaCare, 360,000 small businesses have the right to receive tax credits to help with the cost of providing coverage to their employees.

Thanks to ObamaCare, senior citizens have the right to affordable prescription drugs and free preventative benefits.

Thanks to ObamaCare, millions of young adults have the right to stay on their parents' health insurance until they're 26.

And thanks to ObamaCare, women have the right to no longer be denied coverage because they are sick or have preexisting conditions; and thanks to ObamaCare, women no longer have to pay higher premiums for health insurance just because we're women.

We are finally making great progress in fixing an outdated health care system that has been broken for far too long. Let's not vote to take away the American people's rights.

HONORING THE SERVICE OF SERGEANT CARL MOORE, III

(Mr. GRIFFIN of Arkansas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GRIFFIN of Arkansas. Mr. Speaker, I rise today to honor Sergeant Carl Moore, III, from Bigelow, Arkansas, for his continuing service to our country. Sergeant Moore, a fellow Screaming Eagle, is with the 101st Airborne Division.

In early June of this year, Sergeant Moore was wounded while on patrol in Afghanistan. A bullet struck him under his arm, puncturing one of his lungs and grazing his spine.

Sergeant Moore is currently at Tampa Polytrauma Rehabilitation Center where he is recovering. He's unable to walk, but he has feeling in his legs and toes, and his prognosis is good.

I pray for Carl's speedy recovery so he can get back to enjoying the things he loves. My thoughts go out to his parents, Carl and Teresa, of Conway, Arkansas, and his wife, Heather, and their 4-year-old daughter, Addison.

Mr. Speaker, I urge my colleagues to join me in thanking Sergeant Moore for his service and saluting all who have served and continue to serve our Nation.

HONORING THE LIFE OF LILLIAN KAWASAKI

(Mr. LOWENTHAL asked and was given permission to address the House
