

CAPITO), the number two coal-producing State in America.

Mrs. CAPITO. Mr. Chairman, I rise in strong support of my colleague Mr. MURPHY's amendment and in opposition to the EPA's arbitrary, backdoor approach to regulating carbon dioxide emissions. These regulations would and are having a catastrophic effect on jobs and economic activity across the country, especially in our coal-producing States such as West Virginia and Pennsylvania.

The administration's new Social Cost of Carbon calculation is nothing more than a gimmick used to circumvent Congress so that job-killing regulations and an anti-domestic energy agenda can move forward.

Perhaps to no one's surprise, just as the administration is stepping up its efforts to issue regulations aimed at closing existing plants and stopping new ones, it decided, without public comment or transparency, to increase the cost of carbon by 44 percent. The fact is, U.S. carbon emissions from the energy sector have fallen in the last 4 of 5 years.

I am not willing to sacrifice West Virginia jobs to the administration's ideological efforts. I ask my colleagues to put jobs ahead of politics and pass the Murphy amendment.

Mr. WAXMAN. Mr. Chairman, I reserve the balance of my time.

Mr. MURPHY of Pennsylvania. Mr. Chairman, I yield 1 minute to the gentleman from Texas (Mr. BARTON).

(Mr. BARTON asked and was given permission to revise and extend his remarks.)

Mr. BARTON. I want to thank the gentleman from Pennsylvania.

Mr. Chairman, I rise in strong support of the Murphy amendment, and I also want to say we should vote for that in conjunction with the gentleman from Georgia's amendment that was just heard previously.

If you walk into a greenhouse anywhere in America, do you know what the average carbon concentration will be? It won't be 350 parts per million. It won't be 400 parts per million. It will be over 1,000 parts per million. We have records that indicate the CO₂ concentration in the upper atmosphere has been as high as 5,000 to 6,000 parts per million in the past.

The gentleman from California and those adherents of his philosophy would have you believe that having a carbon concentration between 350 and 400 parts per million is somehow cataclysmic. Nothing could be further from the truth.

And this new cost of carbon calculation that the EPA and the DOE have begun to include needs to be, at a minimum, made transparent. I think it's fine until we have the facts that it shouldn't be allowed at all.

So vote for the Murphy amendment.

Mr. WAXMAN. Mr. Chairman and my colleagues, this is not my philosophy that would lead me to urge that we reduce carbon emissions. It's based on

the science. Thousands of peer-reviewed scientific studies have indicated that carbon causes problems. It causes health effects, and it threatens the climate.

The homeowners in Arizona, Texas, Colorado, and California who have seen their homes ravaged by drought-stoked wildfires know the cost of carbon pollution. The families of brave firefighters know the cost of carbon pollution.

The farmers and ranchers suffering the effects of prolonged drought, many of whom have lost entire crops or been forced to sell their livestock, know the cost of carbon pollution. And the thousands who lost businesses and homes after Hurricane Sandy slammed into the east coast know the cost of carbon pollution.

That cost is not based on a philosophy. It's based on the science and the reality.

Reject this magical-thinking amendment. Don't be a science-denier. Vote against the amendment and the underlying bill.

I yield back the balance of my time.

Mr. MURPHY of Pennsylvania. Mr. Chairman, this isn't about denying science; this is about denying jobs and denying opportunity.

The underlying amendment here is supported by the boilermakers, the electrical workers, the operating engineers, the carpenters, and United Mine Workers, the American Energy Alliance, National Mining Association, National Taxpayers Union, and Chamber of Commerce because they want jobs and they don't want poverty.

And poverty, Mr. Chairman, is the number one threat to the environment. Poverty is the number one threat to public health. It's time Congress took charge of regulations and not unregulated divisions of the government.

Mr. Chairman, I ask Members to support this amendment.

I yield back the balance of my time.

The Acting CHAIR. The question is on the amendment offered by the gentleman from Pennsylvania (Mr. MURPHY).

The question was taken; and the Acting Chair announced that the ayes appeared to have it.

Mr. WAXMAN. Mr. Chairman, I demand a recorded vote.

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from Pennsylvania will be postponed.

Mr. CASSIDY. Mr. Chairman, I move that the Committee do now rise.

The motion was agreed to.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. WOODALL) having assumed the chair, Mr. FORTENBERRY, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 1582) to protect consumers by prohibiting the Administrator of the Environmental Protection Agency from promulgating as final cer-

tain energy-related rules that are estimated to cost more than \$1 billion and will cause significant adverse effects to the economy, had come to no resolution thereon.

RECESS

The SPEAKER pro tempore. Pursuant to clause 12(a) of rule I, the Chair declares the House in recess for a period of less than 15 minutes.

Accordingly (at 2 o'clock and 21 minutes p.m.), the House stood in recess.

□ 1435

AFTER RECESS

The recess having expired, the House was called to order by the Speaker pro tempore (Mr. WOODALL) at 2 o'clock and 35 minutes p.m.

ENERGY CONSUMERS RELIEF ACT OF 2013

The SPEAKER pro tempore. Pursuant to House Resolution 315 and rule XVIII, the Chair declares the House in the Committee of the Whole House on the state of the Union for the further consideration of the bill, H.R. 1582.

Will the gentleman from Nebraska (Mr. FORTENBERRY) kindly resume the chair.

□ 1436

IN THE COMMITTEE OF THE WHOLE

Accordingly, the House resolved itself into the Committee of the Whole House on the state of the Union for the further consideration of the bill (H.R. 1582) to protect consumers by prohibiting the Administrator of the Environmental Protection Agency from promulgating as final certain energy-related rules that are estimated to cost more than \$1 billion and will cause significant adverse effects to the economy, with Mr. FORTENBERRY (Acting Chair) in the chair.

The Clerk read the title of the bill.

The Acting CHAIR. When the Committee of the Whole rose earlier today, a request for a recorded vote on amendment No. 6 printed in part B of House Report 113-174, offered by the gentleman from Pennsylvania (Mr. MURPHY), had been postponed.

ANNOUNCEMENT BY THE ACTING CHAIR

The Acting CHAIR. Pursuant to clause 6 of rule XVIII, proceedings will now resume on those amendments printed in part B of House Report 113-174 on which further proceedings were postponed, in the following order:

Amendment No. 1 by Mr. WAXMAN of California.

Amendment No. 3 by Mr. CONNOLLY of Virginia.

Amendment No. 6 by Mr. MURPHY of Pennsylvania.

The Chair will reduce to 2 minutes the time for any electronic vote after the first vote in this series.

AMENDMENT NO. 1 OFFERED BY MR. WAXMAN

The Acting CHAIR. The unfinished business is the demand for a recorded

vote on the amendment offered by the gentleman from California (Mr. WAXMAN) on which further proceedings were postponed and on which the noes prevailed by voice vote.

The Clerk will redesignate the amendment.

The Clerk redesignated the amendment.

RECORDED VOTE

The Acting CHAIR. A recorded vote has been demanded.

A recorded vote was ordered.

The vote was taken by electronic device, and there were—ayes 183, noes 230, not voting 20, as follows:

ANNOUNCEMENT BY THE ACTING CHAIR

The Acting CHAIR (Mr. HULTGREN) (during the vote). There is 1 minute remaining.

□ 1513

Messrs. ENGEL and GRIJALVA changed their vote from “aye” to “no.” So the amendment was agreed to.

The result of the vote was announced as above recorded.

The Acting CHAIR. The question is on the amendment in the nature of a substitute, as amended.

The amendment was agreed to.

The Acting CHAIR. Under the rule, the Committee rises.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. FORTENBERRY) having assumed the chair, Mr. HULTGREN, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 1582) to protect consumers by prohibiting the Administrator of the Environmental Protection Agency from promulgating as final certain energy-related rules that are estimated to cost more than \$1 billion and will cause significant adverse effects to the economy, and, pursuant to House Resolution 315, he reported the bill back to the House with an amendment adopted in the Committee of the Whole.

The SPEAKER pro tempore. Under the rule, the previous question is ordered.

Is a separate vote demanded on any amendment to the amendment reported from the Committee of the Whole?

If not, the question is on the amendment in the nature of a substitute, as amended.

The amendment was agreed to.

The SPEAKER pro tempore. The question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed and read a third time, and was read the third time.

MOTION TO RECOMMIT

Mrs. CAPPS. Mr. Speaker, I have a motion to recommit at the desk.

The SPEAKER pro tempore. Is the gentlewoman opposed to the bill?

Mrs. CAPPS. Yes, I am opposed.

Mr. CASSIDY. Mr. Speaker, I reserve a point of order against the motion to recommit.

The SPEAKER pro tempore. A point of order is reserved.

The Clerk will report the motion to recommit.

The Clerk read as follows:

Mrs. Capps moves to recommit the bill H.R. 1582 to the Committee on Energy and Commerce with instructions to report the same back to the House forthwith, with the following amendment:

At the end, add the following section:

SEC. 5. PROTECTING THE HEALTH OF CHILDREN AND SENIORS.

This Act shall not apply with respect to rules that will result in reduced incidence of cancer, premature mortality, asthma attacks, or respiratory disease in children or seniors.

The SPEAKER pro tempore. The gentlewoman from California is recognized for 5 minutes.

Mrs. CAPPS. Mr. Speaker, I rise today to offer the final amendment to the bill, and I want to be clear—passage of this amendment will not prevent passage of the underlying bill. If it's adopted, my amendment will be incorporated into the bill, and the bill will immediately be voted upon.

As currently written, H.R. 1582 would cripple the ability of the Environmental Protection Agency to protect the water we drink and the air we breathe. My amendment simply ensures that the EPA can continue to protect children and seniors from the harmful impacts of pollution. My friends across the aisle claim this bill is about transparency, but let's call it what it is—just another attempt to block the EPA from doing its job.

This bill makes no sense on so many levels. It's redundant and it's unnecessary. It gives the Energy Secretary unprecedented authority to veto EPA rules, and it allows for the indefinite delays of EPA rulemaking. Our top priority should be the health of our children and of our families, not the bottom line of the polluting energy companies.

It's scary to think how many EPA protections that we now take for granted would have been delayed or derailed if this bill were law. Consider the recently finalized Mercury and Air Toxics Standards. Before these rules, there were no Federal standards limiting power plant emissions of toxic pollutants like mercury and arsenic. As we know, these toxic pollutants are really poisons. They cause a variety of serious health problems in people of all ages. They affect brain development in children, and they can cause serious birth defects when pregnant women are exposed. That's why EPA put restrictions on these toxic emissions—restrictions that protect future generations and set them up for success while also reducing preventable health care costs. If H.R. 1582 had been law, these rules could have been delayed indefinitely or could not have happened at all.

Mr. Speaker, my friends across the aisle talk frequently about the financial costs of these and other EPA actions, but what about the health care costs—costs that all of us pay when these preventable ailments occur—and what about the human costs of inaction?

Delaying the air toxics standards for just an additional 1 year would have resulted in more than 11,000 heart attacks, more than 120,000 asthma attacks, more than 12,000 more hospital and emergency room visits, and up to 25,300 lives lost due to smog, due to soot, due to toxic air pollution—and that's just in 1 year. Mr. Speaker, people should be more important than profit.

My amendment speaks to just this. It would simply shield the rules that protect the health of children and of seniors from this dangerous bill. If my colleagues are serious about protecting our children and our seniors, they should have no trouble supporting this amendment.

More than anyone, children and seniors rely on the EPA to do its job of protecting public health and the environment. The Mercury and Air Toxics rule and others like it are helping children and families across the Nation

live healthier, longer lives. Perhaps polluters find these rules inconvenient, but the American people certainly don't. They want clean air to breathe. They want clean water to drink, and they want the peace of mind that comes from strong public health standards.

My amendment ensures that protecting the health of our children and seniors never takes a back seat to the financial interests of our polluters. So I urge my colleagues to support this amendment and make sure that the health and well-being of our children and seniors always come first.

I yield back the balance of my time.

Mr. CASSIDY. Mr. Speaker, I withdraw my point of order, and I claim the time in opposition to the motion.

The SPEAKER pro tempore. The point of order is withdrawn.

The gentleman from Louisiana is recognized for 5 minutes.

Mr. CASSIDY. Mr. Speaker, this bill doesn't cripple anything. Laws that are currently on the books stay on the books. The problem is that the EPA uses bad science. I say that not as a Republican. I say that as quoting other scientists.

For example, a gentleman who is a former member of the Harvard School of Public Health testified: "EPA's statistical approach is fraught with numerous assumptions and uncertainties." A physician from the Colorado School of Public Health said that the way that EPA uses statistics "is also highly misleading to policymakers."

I will make the point. You cannot be pro-family unless you are pro-environment, and you cannot be pro-environment unless you are pro-family, but you can't be either unless you first have a strong and healthy economy. Now, the Energy Consumers Relief Act simply puts a check on the billion-dollar energy rules that may hurt American families and cost American jobs.

If you support transparency and good government, you should support this bill. If you support protecting American families and consumers from higher energy costs, you should support H.R. 1582. If you support having the prosperity needed for families and for environmental health protections, you should support H.R. 1582. If you are pro-jobs, pro-economic growth and anti-poverty, you should support H.R. 1582.

I urge you to vote "no" on this motion to recommit. I urge you to support the Energy Consumers Relief Act.

I yield back the balance of my time.

The SPEAKER pro tempore. Without objection, the previous question is ordered.

There was no objection.

The SPEAKER pro tempore. The question is on the motion to recommit.

The question was taken; and the Speaker pro tempore announced that the yeas appeared to have it.

RECORDED VOTE

Mrs. CAPPS. Mr. Speaker, I demand a recorded vote.

A recorded vote was ordered.

The SPEAKER pro tempore. Pursuant to clause 8 and clause 9 of rule XX, this 5-minute vote on the motion to recommit will be followed by 5-minute votes on the passage of H.R. 1582, if ordered; ordering the previous question on House Resolution 322; adoption of House Resolution 322, if ordered; and the motion to suspend the rules on H.R. 1897.

The vote was taken by electronic device, and there were—ayes 188, noes 221, not voting 24, as follows:

[Roll No. 431]

□ 1539

So the bill was passed.

The result of the vote was announced as above recorded.

A motion to reconsider was laid on the table.

PROVIDING FOR CONSIDERATION OF H.R. 367, REGULATIONS FROM THE EXECUTIVE IN NEED OF SCRUTINY ACT OF 2013; PROVIDING FOR CONSIDERATION OF H.R. 2009, KEEP THE IRS OFF YOUR HEALTH CARE ACT OF 2013; PROVIDING FOR PROCEEDINGS DURING THE PERIOD FROM AUGUST 3, 2013, THROUGH SEPTEMBER 6, 2013; AND PROVIDING FOR CONSIDERATION OF H.R. 2879, STOP GOVERNMENT ABUSE ACT

The SPEAKER pro tempore. The unfinished business is the vote on ordering the previous question on the resolution (H. Res. 322) providing for consideration of the bill (H.R. 367) to amend chapter 8 of title 5, United States Code, to provide that major rules of the executive branch shall have no force or effect unless a joint resolution of approval is enacted into law; providing for consideration of the bill (H.R. 2009) to prohibit the Sec-

retary of the Treasury from enforcing the Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010; providing for proceedings during the period from August 3, 2013, through September 6, 2013; and providing for consideration of the bill (H.R. 2879) to provide limitations on bonuses for Federal employees during sequestration, to provide for investigative leave requirements for members of the Senior Executive Service, to establish certain procedures for conducting in-person or telephonic interactions by executive branch employees with individuals, and for other purposes, on which the yeas and nays were ordered.

The Clerk read the title of the resolution.

The SPEAKER pro tempore. The question is on ordering the previous question.

This is a 5-minute vote.

The vote was taken by electronic device, and there were—yeas 222, nays 191, not voting 20, as follows:
