

your health care plan. Now tell that to the hundreds of thousands of Americans who already have received letters from health plans essentially telling them, "You're on your own."

As the failed rollout of ObamaCare continues, American families are beginning to see its disastrous impacts—and this is just the beginning. In the coming weeks, more reports will reveal their President's signature health care law will increase premium rates; force employers to cut back on workers' hours, destroying jobs; and terminate existing policies for needy families.

Congress must address this issue. The House has acted. The Senate must do the same to protect every American family from an unsustainable disaster.

In conclusion, God bless our troops, and we will never forget September the 11th in the global war on terrorism.

BROKEN PROMISES

(Mr. HARRIS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. HARRIS. Mr. Speaker, the White House Web site claims:

If you like your plan, you can keep it, and you don't have to change a thing due to the health care law.

Well, Blue Cross & Blue Shield of Maryland said that 76,000 customers in Maryland will lose their current plans because of ObamaCare; in New Jersey, 800,000; in Florida, 300,000; and in California, at least 119,000 will see their policies terminated. It is happening everywhere.

Dana from Denton called my office to tell me she will not be able to keep her Blue Cross & Blue Shield plan because of ObamaCare. The new plan she is required to get will increase her premiums by \$350 a month.

Alex from Manchester told me his letter from Blue Cross & Blue Shield said:

The ACA requires you to pick a new plan to maintain coverage because your current plan will cease to exist at the time of your renewal.

Alex's family will have to pay \$300 more per month for the new plan.

Mr. Speaker, the President made a promise to the American people that they would be able to keep their plans. We now know that this is just not true.

JOURNALISTS WRONGLY CHANGE THEIR CODE OF ETHICS

(Mr. SMITH of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SMITH of Texas. Mr. Speaker, the Society of Professional Journalists has given Americans some bad news about the state of the media. Their previous code of ethics specifically affirmed that:

News reports should be free of opinion or bias and represent all sides of an issue.

This line has been removed. In fact, the revised code makes no mention that news reports should be free of bias.

How can we expect journalists to cover events in a fair and objective way when their own code of ethics no longer discourages biased reporting? Maybe that explains the slanted coverage we see so often today when news stories have become editorials.

The Society of Professional Journalists should reclaim their ethics and restate their commitment to fair and balanced reporting. The media should provide the American people with the facts, not tell them what to think.
