

The point of no quorum is considered withdrawn.

PLEDGE OF ALLEGIANCE

The SPEAKER. Will the gentleman from Georgia (Mr. BROUN) come forward and lead the House in the Pledge of Allegiance.

Mr. BROUN of Georgia led the Pledge of Allegiance as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

WELCOMING REVEREND DR. JOHN ADAMS

The SPEAKER. Without objection, the gentleman from Mississippi (Mr. NUNNELEE) is recognized for 1 minute.

There was no objection.

Mr. NUNNELEE. Mr. Speaker, I would like to welcome to the House of Representatives this morning Dr. John Adams, Jr., who offered the prayer earlier.

Dr. Adams is a native of Mississippi, and he is currently the senior pastor of First Baptist Church in Mantachie, Mississippi. He is joined by his wife, Darla Kaye Fuller Adams.

Dr. Adams has served as senior pastor in churches in Mississippi, Texas, Colorado, and Arkansas. Dr. Adams has spoken throughout the South and around the country, sharing a 13-part series about the Judeo-Christian heritage of America. He also presently serves as the executive director of the Moral Action of Mississippi and of the national organization, the Moral Action of the Baptist Missionary Association.

We are honored to have him here today, and we deeply appreciate his service to our Lord and to the people of Mississippi.

ANNOUNCEMENT BY THE SPEAKER PRO TEMPORE

The SPEAKER pro tempore (Mr. COLLINS of Georgia). The Chair will now entertain 15 further requests for 1-minute speeches on each side of the aisle.

THE PATIENT OPTION ACT

(Mr. BROUN of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BROUN of Georgia. Mr. Speaker, now more than ever, Americans are feeling the pain from ObamaCare. This law is hurting Americans with higher premiums and cancelation notices. If it is left in place, our country will suffer under the new wave of spending that it will create.

This destroyer must be stopped.

Just last week, the House passed a symbolic bill that merely nibbled at the edges of the problems caused by

ObamaCare, but you cannot fix a law that will cripple our economy, increase our Nation's debt, and limit health care options for millions of Americans. I was one of only four Republicans to oppose this bill, because we can't fix the President's broken promises in ObamaCare. Instead, we must repeal ObamaCare for good.

I have introduced legislation, the Patient OPTION Act, that would do just that. Congress must stop wasting time to pass bills that keep ObamaCare in place. We must repeal and replace this disaster immediately. The Patient OPTION Act is the solution.

WORLD TOILET DAY

(Mr. BLUMENAUER asked and was given permission to address the House for 1 minute.)

Mr. BLUMENAUER. Mr. Speaker, the concept of a World Toilet Day can make children giggle, some adults blush and others change the subject, but the title is designed to take a most serious subject head-on.

The world can no longer afford to be squeamish, to make jokes or to change the subject about the fundamental issue of access to adequate sanitation. That is because 2.5 billion people live without it, which leads to 700,000 premature deaths each year, and it is getting worse. Instead of solving this global crisis, the number living without access has increased by 700 million people.

Today, we want to renew our commitment to helping these unfortunate people around the world have access to sanitation, which we all take for granted.

I appreciate the Gates Foundation and other NGOs, like WaterAid, for stepping up to help solve the dilemma, and I call on my colleagues to support H.R. 2901, which Congressman POE and I have introduced, which is the Water for the World Act, so that the United States can play a greater, more effective role to save lives around the globe.

"MAKE OUR VOICES HEARD"

(Ms. FOXX asked and was given permission to address the House for 1 minute.)

Ms. FOXX. Mr. Speaker, Rodney from Winston-Salem, North Carolina, pays \$540 a month for a family health insurance plan that covers his wife, his 16-year-old son, and himself. This plan works well for them and fits within their family budget; but Rodney received the same unwelcomed news that has startled millions of other Americans: the health insurance he likes will be canceled because the "suits" in Washington think his preferred plan is lousy. The most similar government-sanctioned ObamaCare plan will cost Rodney's family \$1,139 each month—more than their mortgage payment.

Understandably, Rodney is sickened by this news.

I have worked very hard my entire adult life to take care of my family and provide for

all of their needs. How am I supposed to continue to support them . . . with the government forcing me into a situation I cannot afford?

Rodney closed his letter by asking me:

If you do nothing else, please do everything in your power to make our voices heard.

House Republicans are doing that every day for Rodney and for Americans like him.

IF YOU FIX IT, THEY WILL COME

(Mr. COURTNEY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. COURTNEY. Mr. Speaker, despite all of the hysterical comments like we just heard on the floor here today, it is important for people to know that, in States in which Governors embrace the Affordable Care Act and set up a high-functioning Web site, the fact of the matter is that enrollment is exceeding expectations.

In Connecticut on Friday, which is where I am from, we released figures. Over 13,000 enrolled in the first 6 weeks, and the pace of enrollment is accelerating. In the last 2 weeks, they have enrolled more than they had enrolled in the prior month. On Saturday, I was at an enrollment fair—there were eight of them all across the State—and there was a full waiting room of people who were waiting their turns—like at a deli counter to get their numbers—to sit down to get help in terms of signing up with a plan. Twenty minutes is all it took to sign up for a plan.

I spoke to Merrylyn Weaver from New London, Connecticut, who said:

I am finally going to have health insurance after 3 years of being without it.

It took her 20 minutes to sign up for an Anthem Blue Cross Silver plan.

The fact of the matter is that the message is, if you fix it, they will come. That is what this Congress should be focused on is fixing it so that the people in the waiting room like I saw in Norwich, Connecticut, are going to get help all across the country. It is time to help people get insurance, not to scare them and destroy a plan that provides them hope.

RECOGNIZING BAYLOR REGIONAL MEDICAL CENTER FOR THE 2013 MALCOLM BALDRIDGE NATIONAL QUALITY AWARD

(Mr. SAM JOHNSON of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. SAM JOHNSON of Texas. Mr. Speaker, I rise today to recognize Baylor Regional Medical Center at Plano on their latest accolade—the 2013 Malcolm Baldrige National Quality Award, which is the Nation's highest Presidential honor for performance excellence through innovative practices and visionary leadership.
