□ 1416

Mr. SCOTT of Virginia changed his vote from “no” to “aye.”

The amendment was rejected.

The result of the vote was announced as above recorded.

The Acting CHAIR. There being no further amendments, the Committee rises.

Accordingly, the Committee rose; and the Speaker pro tempore (Mr. HULTGREN) having assumed the chair, Mr. WOMACK, Acting Chair of the Committee of the Whole House on the state of the Union, reported that that Committee, having had under consideration the bill (H.R. 1965) to streamline and ensure onshore energy permitting, provide for onshore leasing certainty, and give certainty to oil shale development for American energy security, economic development, and job creation, and for other purposes, and, pursuant to House Resolution 419, he reported the bill, as amended by that resolution, back to the House with sundry further amendments adopted in the Committee of the Whole.

The SPEAKER pro tempore. Under the rule, the previous question is ordered.

Is a separate vote demanded on any further amendment reported from the Committee of the Whole? If not, the Chair will put them en gros.

The amendments were agreed to.

The SPEAKER pro tempore. The question is on the engrossment and third reading of the bill.

The bill was ordered to be engrossed and read a third time, and was read the third time.

MOTION TO RECOMMIT

Mrs. KIRKPATRICK. Mr. Speaker, I have a motion to recommit at the desk.

The SPEAKER pro tempore. Is the gentlewoman opposed to the bill?

Mrs. KIRKPATRICK. I am opposed in its current form.

The SPEAKER pro tempore. The Clerk will report the motion to recommit.

The Clerk read as follows:

Mrs. Kirkpatrick moves to recommit the bill H.R. 1965 to the Committee on Natural Resources with instructions to report the same back to the House forthwith with the following amendment:

Page 7, strike the close quotation marks and following period at line 18, and after line 18 insert the following:

“(F) ENSURING A FAIR RETURN FOR TAXPAYERS.—Subparagraphs (A), (B), (C), and (D) shall apply with respect to a permit application submitted by a major integrated oil company (as defined in section 167(h)(5)(B) of the Internal Revenue Code of 1986) only if the company agrees not to claim the domestic production activities deduction under section 199 of the Internal Revenue Code of 1986.”

Add at the end the following:

TITLE ____—MISCELLANEOUS PROVISIONS
SEC. 01. PROTECTING NATIVE AMERICAN SACRED AND CULTURAL SITES.

Nothing in this Act requires the Secretary of the Interior to allow energy development that would negatively impact land that is identified by the Secretary, in consultation

with affected Indian tribes, as a Native American sacred site or cultural site.

The SPEAKER pro tempore. The gentlewoman from Arizona is recognized for 5 minutes.

Mrs. KIRKPATRICK. Mr. Speaker, this is the final amendment to the bill. It will not kill the bill nor send it back to committee.

If it is adopted, this bill will immediately proceed to final passage. The Big Five oil companies are making record profits. They have made \$250 billion in profits in just the last 2 years. At the same time, they are receiving \$4 billion in oil and tax breaks every year.

U.S. oil production is at a 24-year high, with the United States soon projected to be the top oil producer in the world. Before these big oil companies get even more drilling rights on public taxpayer lands, they should give up these unneeded subsidies. Otherwise, this is another giveaway to Big Oil.

It expands drilling on public lands at the expense of public uses like hunting, fishing, and recreation. It also goes far beyond the reforms for tribal self-determination in energy development.

It limits community input on projects that may affect the environment, and it bars the door to justice for claims from victims of environmental disasters caused by energy development projects on Indian lands.

This bill has real threats to our tribes, so we need to amend H.R. 1965 to remedy this, and we need a fair return for taxpayers. This amendment is a way to lower the deficit so that it is a win-win for taxpayers.

I urge my colleagues across the aisle, who care so much about our tribes, to vote to close this massive tax loophole and giveaway.

I urge my colleagues across the aisle to side with the American people, especially the Native American people, instead of Big Oil and support this amendment.

I yield back the balance of my time.

Mr. HASTINGS of Washington. Mr. Speaker, I rise in opposition to the motion to recommit.

The SPEAKER pro tempore. The gentleman is recognized for 5 minutes.

Mr. HASTINGS of Washington. Mr. Speaker, first, when we talk about taxes on energy, what we are talking about is raising taxes on the American people and the goods that they would buy because the cost of energy would rise because of that. That is the first point to the gentlewoman's argument. This motion to recommit is nothing more than raising taxes on energy in this country.

Second point: I find it absolutely ironic that here we are with another, I would say, political amendment supposedly dealing with our Native American friends. In all the time that my friends on the other side of the aisle were in charge, they never brought up anything in energy policy that would secure the rights in Indian Country for them to take advantage of their own lands. We have a title in this bill. Title

□ 1445

Mr. HASTINGS of Washington. Mr. Chairman, I yield myself such time as I may consume.

Mr. Chairman, the Obama administration is once again attempting to block new energy production, keeping energy prices high and hurting middle class families. The Department of the Interior is proposing new regulations on the practice of hydraulic fracturing on Federal and tribal lands. These regulations, once implemented next year, will in all likelihood add new layers of red tape and lower energy production even further on Federal land.

For over 2 years, the Natural Resources Committee has conducted extensive oversight of the Obama administration's proposed regulations. We have held multiple hearings across the country and have heard from energy experts, tribal leaders, and State officials who have all had the same message: these are bad regulations that potentially destroy jobs and stifle American energy production.

According to one study, these new Federal regulations would cost nearly \$350 million annually. As a consequence, the 1.7 million jobs that are currently supported by shale oil and natural gas production—a number, I might add, Mr. Chairman, that is expected to increase to 2.5 million by 2015—these jobs would be put in jeopardy. Even worse, these proposed regulations duplicate efforts already being carried out by States across the country.

Hydraulic fracturing has been safely and effectively regulated by States for decades. So the Obama administration's proposed regulations are unnecessary, they are redundant, and they simply waste precious time and money duplicating what is already being done successfully.

That is why two of our colleagues from Texas, Mr. FLORES and Mr. CUELLAR, introduced the bipartisan H.R. 2728, the Protecting States' Rights to Promote American Energy Security Act, before us today. This bill prohibits the Interior Department from enforcing duplicative hydraulic fracturing regulations in any State that already has regulations or will adopt regulations in the future and recognizes
