

Endy, and Alli Bakken were selected for the all-tournament team. The Skippers allowed only two goals throughout the playoffs and shutout Lakeville North in the championship final. The only goal of the game was scored in the 56th minute by junior forward Ellen Mau, solidifying the championship for the Skippers. Showing true sportsmanship, Mau later stated, "We are proud of ourselves for getting one past that defense because we know how tough they are. It's also exciting we could get this result against an equally as good of a team."

The ladies of this team exemplified hard work, sportsmanship, and dedication the entire season and portray what it means to be a student athlete. I would also like to commend the coaches for leading their team to the Skipper's first championship since 2001.

Finally, a special congratulation goes out to senior Elizabeth Endy for being named Girls' Soccer Metro Player of the Year and Minnesota Ms. Soccer.

Mr. Speaker, the Minnetonka Girls Soccer Team displayed a positive standard for all of their classmates and the community. It's an honor to be able to represent, and recognize, such all-star athletes. To the entire team, coaching staff, and school: congratulations and go Skippers!

PERSONAL EXPLANATION

HON. BILL SHUSTER

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 21, 2013

Mr. SHUSTER. Mr. Speaker, on rollcall No. 590, I was not present for the vote due to a family emergency.

Had I been present, I would have voted "nay."

TRIBUTE TO THE RICHARDSON FAMILY

HON. LEE TERRY

OF NEBRASKA

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 21, 2013

Mr. TERRY. Mr. Speaker, I rise today to tell the story of the Richardson family and honor them for the strength they display to overcome obstacles and continue to be a loving family. Through adoption they have welcomed their children into their home and created a loving family unit.

Patti Richardson is dedicated to serving her nine children, no matter their background. When Patti comes across a child in need, she is always there with open arms willing to welcome them home. She invests significant amounts of time and money in these children, filling her home and yard with toys, exercise equipment, and other tools.

The Richardson family consists of Ragina, 22, who was born with Fetal Alcohol Syndrome and ADHD. Also born with congenital heart disease, Ragina required surgery to fix it at the age of one. As the eldest child in the house, Ragina looks after her younger siblings. Next is 10 year old Wesley. Wesley has ADHD as a result of being exposed to methamphetamine before birth. Aidan, of 7 years

old, is the next oldest child in the house. Aidan has a congenital heart disease and had open-heart surgery when he was only two months old. Anahla, 5, and Lasia, 4, complete the long list of adopted children in the Richardson household. Patti also has three birth children, William, Jeffery, and Mikayla, all of whom are now adults.

Sadly, the family has suffered through the loss of two of their own. Corey, a shaken baby who Patti fostered and then adopted, passed suddenly at the age of three. Andrew, Patti's youngest birth child, has also passed from brain cancer. The family thinks of Andrew frequently and Patti believes that he gives her guidance to help her through the stress and heartache that she sometimes faces while caring for her children.

The Richardson family illustrates the hope and love we know exists in our communities. It is my privilege and honor to represent the Richardsons and others like them in my community.

AMERICAN EDUCATION WEEK

HON. JOYCE BEATTY

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 21, 2013

Mrs. BEATTY. Mr. Speaker, this year, our nation will celebrate the 92nd annual American Education Week, which is a week running from November 18–22, 2013.

This special week serves as a wonderful opportunity for all Americans to celebrate public education and honor those individuals who dedicate themselves to ensuring that every child receives a quality education.

American Education Week is intended to recognize all who make a difference in our education system—from teachers to education support professionals to parents.

In Ohio public schools, we have 112,845 full time equivalent teachers, 3,642 guidance counselors and directors, 3,196 librarians and staff, and 104,394 administrators and support staff.

It is these individuals who ensure that our students gain the necessary skills and education for a productive and bright future.

As a supporter of these great Americans and as a former college administrator, I believe it's essential to raise public awareness about the importance of public education.

I am proud to show my appreciation for the key role educators play in the lives of every child in America.

We must ensure that we all do our part in making public schools a great foundation for every child, so they can achieve and succeed in the 21st century.

I celebrate the teachers in kindergarten classrooms, high school labs, and university halls.

I celebrate the school counselors who counsel adolescents and help students carve out career aspirations.

I celebrate the coaches, school nurses, social workers, and special education teachers.

I also celebrate those who transport students to and from schools and extra-curricular events because our students also need the opportunity to learn outside of the classroom.

Thank you to all who make our public schools better and improve our public education system.

I look forward to working in partnership with parents, community leaders, and elected officials to help improve our nation's public education.

I know firsthand the difference a quality education makes in a child's life.

The foundation of a strong democracy is high quality public education that is accessible to all.

That is what helps promote a fair and just society.

Thank you for the opportunity to speak on the importance of American Education Week and public education.

HONORING THE LIFE OF ALVIN J. QUIST

HON. JIM COSTA

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, November 21, 2013

Mr. COSTA. Mr. Speaker, I rise today to pay tribute to the life of Alvin J. Quist, who passed away on October 29, 2013 at the age of 89. Alvin exemplified the very best of what our nation has to offer. He was a hard working dairyman, proud World War II veteran, and an American hero devoted to military and public service.

Alvin was born into a Danish immigrant family and grew up on a dairy farm. He was active in 4-H and later became involved in the Future Farmers of America at Central Union High School where he also played football and served as student body president. Upon graduating from high school, Alvin attended Cal Poly San Luis Obispo (Cal Poly) to major in Dairy Science.

In 1943, Alvin's studies were interrupted as he proudly joined the United States Marine Corp during World War II. When the war ended, Alvin returned to Camp Pendleton to help wounded soldiers transition back to civilian life.

Alvin met the love of his life, Mary Briggs, in July 1946, and they married a year later. He finished his degree, and graduated from Cal Poly in 1947. Alvin and Mary moved to the Kearney Park area so Alvin could join his father on the dairy farm. They milked 90 cows and farmed 300 acres.

A distinguished community leader in the agricultural industry, Alvin sat on a wide range of boards including Fresno Irrigation District, California Milk Advisory Board, Fresno County Farm Bureau, and Big Fresno Fair Board. Alvin gave back to his community unconditionally based on his faith and love for God.

Family was most important to Alvin. He was an extremely loving husband and father to his son, Jim, and daughters, Debbie and Marsha. Alvin cherished spending time with his grandchildren and gladly attended their school functions, sporting events, and dance recitals.

Mr. Speaker, it is with great respect that I ask my colleagues in the House of Representatives to pay tribute to the life of Alvin J. Quist. He was a proud American and leaves a legacy of hope and faith for many generations to come.
