

In 1990, Lillie's dad at the age of eighty two became ill. Her husband, Otha Henson, Sr., who was also employed at Brachs Candy Company and is from Kilmichael, MS., decided to move back south to care for Lillie's dad and baby sister, Rebecca, who was born with Spinal Bifida. Lillie's dad passed away in 1991 and Rebecca lived ten years after his death.

Since 1996 to present, Lillie has been employed as Program Manager at Youth Opportunities Unlimited, a Youth Development Program located in Lambert, MS.

Lillie continued her education at Northwest Community College, Senatobia, MS., Rust College, Holly Springs, MS., and in 2012, she earned a BA in Ministry and in 2013 she received a Masters in Christian Counseling from Jacksonville Theological Seminary in Jacksonville, FL.

Lillie is happily married, the proud mother of four children, eleven grandchildren and two great grand boys.

You can find her teaching Sunday school on Sunday mornings at Pleasant Green M.B. Church, Sardis, MS, also a praise and worship leader, counseling, and encouraging and nurturing those in need.

Eph. 6:2, "Honor thy father and mother; which is the first commandment with promise."

Mr. Speaker, I ask my colleagues to join me in recognizing Mrs. Lillie G. Henson for she is definitely the epitome of an unsung hero.

ACKNOWLEDGING BERNARD
MULLIGAN

HON. JEFF DENHAM

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 11, 2014

Mr. DENHAM. Mr. Speaker, I rise today to acknowledge Bernard Mulligan and to personally thank him for his life-long spirit of public service and his unyielding commitment to the community of Morgan Hill.

Bernie graduated from Red Bank Catholic High School in New Jersey in 1960. He later went on to receive a Bachelor's and Master's degree in Political Science from Temple University in Philadelphia, PA. Following his graduation, he moved to Morgan Hill, CA where he has been an active member of the community for the past 40 years.

Among his many accomplishments, Bernie Mulligan was the Volunteer Coordinator for the community's annual Independence Day celebration. He chaired the Blue Ribbon Task Force on medical needs and is a member of the Board of Trustees for the Morgan Hill Community Health Foundation and the Saint Louise Regional Hospital Foundation. Bernie is the current President of the Morgan Hill Sister Cities program and personally founded the Headford, Ireland and Seferihisar, Turkey Sister City Associations.

Bernie has spent countless hours promoting the values of limited government through several years of service on the Santa Clara County Republican Committee and working on the 1980 and 1984 campaigns for President Ronald Reagan.

Bernie has one son, Sean, who is a programming engineer. Bernie's hobbies include traveling, music, and drinking Irish ales and stouts. He is known by members of the Mor-

gan Hill community as the "Ambassador of Good Will."

Mr. Speaker, please join me in honoring and thanking Bernard Mulligan for his exemplary leadership and unyielding service to the community.

TRIBUTE TO COLONEL JAMES W.
COOKSEY

HON. MIKE COFFMAN

OF COLORADO

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 11, 2014

Mr. COFFMAN. Mr. Speaker, I rise today to recognize Colonel James W. Cooksey of Aurora, Colorado, who was awarded a Congressional Gold Medal on December 10, 2014, for his service with the Civil Air Patrol during World War II.

Colonel Cooksey began his decorated career in 1943 as a cadet in the Civil Air Patrol. During World War II, Colonel Cooksey served as a Civil Air Patrol Observer, conducting air search and rescue missions.

Colonel Cooksey continued his service with both the Army and, subsequently, the Air Force. It was during his time in the Air Force that he served in Korea, Turkey, and Thailand. Additionally, he worked in the U.S. Air Force Academy Admissions Office and was an ROTC instructor at Michigan State University. After retiring from active duty, Colonel Cooksey taught history for 20 years at Aurora Hills Middle School. Throughout his career, he continued to serve in the Civil Air Patrol and became Vice Commander of the Rocky Mountain Region.

In total, Colonel Cooksey dedicated 71 years to the Civil Air Patrol, and currently remains a dues paying member. It gives me great pride to represent such an exemplary American in Congress. Mr. Speaker, it is an honor to recognize Colonel James W. Cooksey for his service to his country.

RECOGNIZING THE SERVICE OF
DR. ERIC RUDENSHIOLD

HON. PETER J. ROSKAM

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 11, 2014

Mr. ROSKAM. Mr. Speaker, I rise today on behalf of my colleague, Congressman DAVID PRICE, and the Members of the House Democracy Partnership (HDP) to recognize a dedicated public servant, Dr. Eric Rudenshiold, who recently concluded his service as staff director for HDP. As chairman of HDP, it has been my privilege to work with Dr. Rudenshiold to engage the legislative bodies of developing democracies around the world.

During his tenure with HDP, Dr. Rudenshiold has been a passionate advocate for democracy building and an expert on global political development. He was instrumental in helping to stabilize HDP after a turbulent post-sequester period and his strategic vision has helped to put HDP on sound footing for the future.

In addition to sewing as a knowledgeable and trusted counselor, Dr. Rudenshiold executed a massive logistical feat with deftness

and charm, successfully working with high profile leaders on multiple continents over a period of many months to plan and conduct the HDP curriculum. This past September he helped organize a seminar with Members of Parliament from Afghanistan, Indonesia, Kenya, Mongolia, and Pakistan, which explored ways to strengthen transparency and government oversight. In October, he led a foreign staff training seminar for HDP's partner countries teaching effective legislative oversight, budget analysis, committee operations, and constituent relations. Lastly, in November he developed a workshop for women Members of Parliament from Afghanistan, Albania, Bhutan, the Democratic Republic of Congo, Georgia, Honduras, Kenya, Mongolia and Peru offering tools and resources to grow their capacity as legislators and leaders in their home countries. Through Dr. Rudenshiold's hard work, HDP successfully executed a busy 2014 program and has laid the groundwork for an equally ambitious 2015 agenda.

Mr. Speaker and Distinguished Colleagues, please join me in recognizing Dr. Eric Rudenshiold for his years of service in pursuit of the ideal of effective, representative democracy not just in the United States, but throughout the world, and in wishing him all the best as he embarks on new challenges and a new chapter.

HONORING CONGRESSMAN JAMES
MORAN

HON. BETTY McCOLLUM

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 11, 2014

Ms. McCOLLUM. Mr. Speaker, today I rise to pay tribute to the career of Congressman JAMES MORAN. I had the pleasure of serving alongside JIM on the Appropriations Committee, including both the Defense and Interior-Environment subcommittees. Congressman MORAN's experience and wisdom not only benefited his district and the nation, but myself as well.

Congressman MORAN has always brought passion to his work in Congress and that passion will be sorely missed next year.

Mr. Speaker, please join me in honoring the service of Congressman JAMES MORAN in the United States House of Representatives.

IN HONOR OF TRAVIS ROBEY

HON. RON KIND

OF WISCONSIN

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 11, 2014

Mr. KIND. Mr. Speaker, I rise today to thank Travis Robey for his many contributions to the House of Representatives and specifically to my office. At the end of this year, Travis will be leaving my office to pursue opportunities away from Capitol Hill.

Travis first came to Capitol Hill as a Legislative Assistant for Congresswoman Darlene Hooley, focusing on health policy. He joined the staff of Congressman MIKE THOMPSON in April of 2008 as a Legislative Assistant. In 2009, he joined my staff as Legislative Director. From day one in my office, Travis worked tirelessly on health care reform. Through

tough negotiations, he helped me lead the Quality Care Coalition and was successful in getting the Value Modifier for Physician payments included in health care reform. That provision incorporated quality and cost metrics as a factor in physician reimbursements for the first time. Additionally, he helped me successfully advocate for the small business exchanges and small business tax credits in the ACA, which were modeled after legislation that he had worked on.

Apart from his successes during health care reform, Travis was integral on the staff level in negotiating the successful adoption of the SMART Act Secondary Payer Reform into law. Being in the Minority can make legislative successes fleeting, but Travis had the talent to work with the Majority to get meaningful things done in one of the most dysfunctional congresses of all time.

As my Legislative Director, Travis effectively cultivated junior staff into successful Legislative Assistants who continue to be an asset to my team. Over the past year, Travis has served as my Chief of Staff in Washington, D.C. Under his tenure, my office was legislatively successful, despite being in the Minority in a very polarized Congress. I am proud that he has helped my staff to remain legislatively productive despite great challenges.

Next year, Travis will join the staff of the American Hospital Association, where he will continue to work on important health policy challenges. While I am sorry to see him leave my staff after almost 6 years, I wish him the best of luck in his new role. Travis embodies the term public service and has worked tirelessly to make our nation a better place, which has not been easy given the current toxic environment. It is unfortunate that we are losing such a competent and dedicated public servant.

Mr. Speaker, on my behalf, thank you to Travis for his service and dedication to not only the constituents of the Third District of Wisconsin, but to all Americans.

GLOBAL FOOD SECURITY ACT OF
2014

SPEECH OF

HON. ANDER CRENSHAW

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, December 10, 2014

Mr. CRENSHAW. Mr. Speaker, I rise today to join my colleagues in strong support of H.R. 5656, the Feed the Future Global Food Security Act of 2014, on the eve of passage of the Fiscal Year 2015 Omnibus that provides just over \$1 billion to the Feed the Future Program. The passage of this bill would authorize this USAID program for one year at just under Fiscal Year 2014 level, bringing stability to this successful program while giving Congress future oversight.

Feed the Future through its whole-of-government approach has been successful in promoting both agricultural-based and market-based development and in improving the nutrition of women and children. This creates healthy populations and gives livelihoods to these families, both of which grow these developing economies.

The focus on food security and agriculture development of Feed the Future started during the Bush Administration and has continued through today.

But, Mr. Speaker, today more than 800 million people around the world still suffer from

chronic hunger. Many of the world's poor live in rural areas and rely on agriculture for a living, and growth in the agriculture sector is one of the best ways to spur the kind of economic growth that reduces poverty.

In 2013 alone, Feed the Future reached more than 12.5 million children with nutrition interventions to help ensure a stronger and more successful future. It has helped nearly 7 million farmers and food producers use new technologies and management practices. And it has leveraged more than \$10 billion through complementary efforts in private sector commitments in African agriculture—the majority from African businesses.

With broad support from U.S. universities, NGOs, faith-based organizations, the private sector, and beneficiaries, Feed the Future authorization offers an opportunity for Congress to put its stamp on this program and ensure that we have the appropriate oversight measures in place.

Passage of this legislation will demonstrate that we are serious about finding common-sense solutions to one of the world's greatest challenges—hunger—creating economic stability overseas that will benefit the American people as well.

Mr. Speaker, I urge the passage of H.R. 5656, the Feed the Future Global Food Security Act of 2014.

ADDITIONAL FUNDING FOR
ALZHEIMER'S RESEARCH

HON. TONY CÁRDENAS

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 11, 2014

Mr. CÁRDENAS. Mr. Speaker, today I rise to speak in support for increased funding for Alzheimer's research.

There is no other way to put it: Alzheimer's is a terrible disease. It destroys your memory and thinking skills, and eventually even the ability to carry out the simplest of tasks.

In the United States, more than 5 million Americans currently have Alzheimer's, and about half of those with the disease do not know they have it. In fact, every 67 seconds, someone in this country develops Alzheimer's—a staggering statistic, no doubt—but by 2050, it will be every 33 seconds. To make matters worse, Alzheimer's is the only cause of death in the top 10 in America without a way to prevent, treat, or slow the progression of the disease. In other words, there is no cure.

It should not be a surprise that Alzheimer's is the most expensive disease in America. In 2014, caring for people with the disease and other dementias will cost the United States an estimated \$214 billion. Medicare and Medicaid spending will shoulder the majority of the care cost, an estimated \$150 billion this year alone. This means that roughly 1 in 5 Medicare dollars are spent on someone with Alzheimer's. And unless something is done, the costs of Alzheimer's to Americans will total \$1.2 trillion, in today's dollars, including an over 500% increase in Medicare and Medicaid spending on Alzheimer's.

Congress has already taken action to address this very serious issue. Specifically, Congress unanimously passed the National Alzheimer's Project Act (NAPA) in 2010, calling for the creation of a National Alzheimer's Plan. That plan has resulted in some notable accomplishments, including the NIH creating a

blueprint for Alzheimer's research. However, for the progress this disease requires, scientists need additional funds to carry out the blueprint.

While Congress provided a much needed addition of \$100 million in Alzheimer's research, a chronic underinvestment in Alzheimer's research persists. Congress must continue its commitment to the fight against Alzheimer's by increasing funding for Alzheimer's research in Fiscal Year 2015 by \$200 million.

Democrats and Republicans alike should be united in tackling Alzheimer's. After all, it is a disease that affects individuals regardless of party preference, a disease that affects our very own constituents and loved ones, and a disease that we, as elected officials, have a responsibility to do something about.

HONORING DR. MICHAEL WAHL,
MD

HON. PETER J. ROSKAM

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Thursday, December 11, 2014

Mr. ROSKAM. Mr. Speaker, I rise today to honor Dr. Michael Wahl, who I am pleased to nominate for the Wave Maker Award for the 5th Annual Unsung Heroes of Public Health Campaign. This award recognizes individuals for their work on a major regional or national program that has had a significant positive impact on an important public health issue.

Dr. Wahl has devoted his life to improving public health and safety in Illinois. Since 1998, he has served as the Medical Director for the Illinois Poison Center—the oldest poison center in the United States. During his tenure, Dr. Wahl initiated the Poison Center Hotline, which currently treats over 90% of incoming accidental poisoning calls at home without a trip to a medical facility. The Hotline saves the State of Illinois \$52 million in unnecessary health care costs each year and has prevented thousands of severe medical emergencies. Building on this successful model, Dr. Wahl has set up similar state hotlines for H1N1, Middle Eastern Respiratory Syndrome (MERS), and currently Ebola, which provide the general public and health care providers with vital information during infectious disease outbreaks.

Dr. Wahl and the Illinois Poison Center have also done important work in conjunction with the Office of the Illinois Attorney General and law enforcement to observe trends in synthetic drug use and provide local officials with data and surveillance on these chemicals. Because of these initiatives, synthetic drug use in Illinois has not reached the high prevalence experienced by other states. Finally, Dr. Wahl lends his time and experience to the Illinois Department of Public Health Work Group to reduce the alarming rate of heroin use by prescription drug abusers. In these many challenging endeavors, Dr. Wahl brings an unparalleled passion for service and a commitment to improve lives throughout the State of Illinois.

Mr. Speaker and Distinguished Colleagues, please join me in honoring Dr. Michael Wahl
