the Union and ordered to be printed

Mr. LUCAS, from the Committee on Agriculture,  
submitted the following

R E P O R T

[To accompany H.R. 742]

[Including cost estimate of the Congressional Budget Office]

The Committee on Agriculture, to whom was referred the bill (H.R. 742) to amend the Securities Exchange Act of 1934 and the Commodity Exchange Act to repeal the indemnification requirements for regulatory authorities to obtain access to swap data required to be provided by swaps entities under such Acts, having considered the same, report favorably thereon without amendment and recommend that the bill do pass.

BRIEF EXPLANATION

H.R. 742 strikes the indemnification requirements found in Sections 725, 728, and 763 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (P.L. 111-203) (the Dodd-Frank Act) related to swap data gathered by swap data repositories (SDRs) and derivatives clearing organizations (DCOs). The bill does maintain, however, that before an SDR, DCO, the U.S. Commodity Futures Trading Commission (CFTC), or the U.S. Securities and Exchange Commission (SEC) shares information with domestic or international regulators, they have to receive a written agreement stating that the regulator will abide by certain confidentiality agreements.

PURPOSE AND NEED

Swap data repositories serve as electronic warehouses for data and information regarding swap transactions. Historically, SDRs have regularly shared information with foreign regulators as a

means “to cooperate, exchange views and share information related to OTC derivatives CCPs and trade repositories.”<sup>1</sup> Prior to Dodd-Frank, international guidelines required regulators to maintain the confidentiality of information obtained from SDRs, which facilitated global information sharing that is critical to international regulators’ ability to monitor for systemic risk.

Under Sections 725, 728 and 763 of the Dodd-Frank Act, when a foreign regulator requests information from a U.S. registered SDR or DCO, the SDR or DCO is required to receive a written agreement from the foreign regulator stating that it will abide by certain confidentiality requirements and will “indemnify” the Commissions for any expenses arising from litigation relating to the request for information. In short, the concept of “indemnification”—requiring a party to contractually agree to pay for another party’s possible litigation expenses—is only well established in U.S. tort law, and does not exist in practice or in legal concept in foreign jurisdictions.

These indemnification provisions—which were not included in the financial reform bill passed by the House of Representatives in December 2009—threaten to make data sharing arrangements with foreign regulators unworkable. Foreign regulators will most likely refuse to indemnify U.S. regulators for litigation expenses in exchange for access to data. As a result, foreign regulators may establish their own data repositories and clearing organizations to ensure they have access to data they need to perform their supervisory duties. This would lead to the creation of multiple databases, needlessly duplicative data collection efforts, and the possibility of inconsistent or incomplete data being collected and maintained across multiple jurisdictions. In testimony before the Financial Services Committee in March of 2012, the SEC endorsed a legislative solution to the problem, stating that:

The SEC recommends that Congress consider removing the indemnification requirement added by the Dodd-Frank Act . . . the indemnification requirement interferes with access to essential information, including information about the cross-border OTC derivatives markets. In removing the indemnification requirement, Congress would assist the SEC, as well as other U.S. regulators, in securing the access it needs to data held in global trade repositories. Removing the indemnification requirement would address a significant issue of contention with our foreign counterparts . . .<sup>2</sup>

At the same hearing, the CFTC acknowledged that they too have received growing concerns from foreign regulators, but that they intend to issue interpretive guidance, stating that “access to swap data reported to a trade repository that is registered with the CFTC will not be subject to the indemnification provisions of the Commodity Exchange Act if such trade repository is regulated pur-

suant to foreign law and the applicable requested data is reported to the trade repository pursuant to foreign law.”<sup>3</sup>

To provide clarity to the marketplace and remove any legal barriers to swap data being easily shared with various domestic and foreign regulatory agencies, H.R. 742 would remove the indemnification requirements found in Sections 725, 728, and 763 of the Dodd-Frank Act related to swap data gathered by SDRs and DCOs.

#### SECTION-BY-SECTION

Section 1 is the short title of the bill.

Section 2(a) amends the Derivatives Clearing Organization reporting requirements by striking the confidentiality and indemnification agreement paragraph and inserting a new confidentiality agreement paragraph, eliminating the need to indemnify the Commission for any expense arising from litigation related to information provided under section 8.

Section 2(b) contains an identical amendment to section 21(d) eliminating the indemnification requirement for swap data repositories.

Section 2(c) contains a similar amendment to the Securities Exchange Act.

Section 2(d) is the effective date of the act.

#### COMMITTEE CONSIDERATION

##### I. HEARINGS

In the 113th Congress, the Full Committee held a hearing March 14, 2013, to examine legislative improvements to Title VII of the Dodd-Frank Act which included H.R. 677, the Inter-Affiliate Swap Clarification Act. During the hearing, the Committee heard testimony from the Chairman of the U.S. Commodity Futures Trading Commission and six additional witnesses representing a broad spectrum of participants in the derivatives market.

Included was testimony from Larry Thompson, General Counsel of the Depository Trust and Clearing Corporation, who testified to the importance of the legislation:

“The continued presence of the indemnification requirement is a significant barrier to the ability of regulators globally to effectively utilize the transparency offered by a trade repository registered in the U.S. Without a Dodd-Frank compliant indemnity agreement, U.S.-registered SDRs may be legally precluded from providing regulators market data on transactions that are subject to their jurisdiction. In order to access the swap transaction information necessary to regulate market participants in their jurisdiction, global supervisors will be forced to establish local repositories to avoid indemnification.

Foreign regulators have noted concerns with a scenario in which a foreign regulator has an interest in certain data in a U.S. SDR resulting from a jurisdictional nexus with respect to the currency or underlying reference entity,

<sup>3</sup>See Testimony of Dan Berkovitz, General Counsel, U.S. Commodity Futures Trading Commission, Mar. 21, 2012; <http://financialservices.house.gov/UploadedFiles/HHRG-112-BA-WState-DBerkovitz-20120321.pdf>

where neither party to the transaction falls under the foreign regulator's oversight authority. For example, a U.S. and a London-based bank may trade on an equity swap involving a Japanese underlying entity, and the trade is reported to a U.S. SDR. If the Japan Financial Services Agency has an interest in accessing such data, it does not appear to be able to do so absent a confidentiality and indemnity agreement.

The creation of multiple SDRs will, by definition, fragment the current consolidated information by geographic boundaries. While each jurisdiction would have an SDR for its local information, it would be far less efficient, more expensive, and prone to error when compared with the current global information sharing arrangement in place today.

H.R. 742 would send a clear message to the international community that the United States is strongly committed to global data sharing and determined to avoid fragmenting the current global data set for over-the-counter (OTC) derivatives. By amending and passing this legislation to ensure that technical corrections to indemnification are addressed, Congress will help create the proper environment for the development of a global trade repository system to support systemic risk management and oversight."

## II. BUSINESS MEETINGS

The Committee on Agriculture met, pursuant to notice, with a quorum present, on March 20, 2013, to consider H.R. 742, the Swap Data Repository and Clearinghouse Indemnification Correction Act of 2013, and other pending business.

H.R. 742 was placed before the Committee for consideration. Without objection, a first reading of the bill was waived and it was open for amendment at any point.

Chairman Lucas, Mr. Maloney, and Mr. Crawford were recognized for statements, and Counsel was then recognized for a brief explanation of the bill.

There being no amendments, Mr. Peterson was recognized to offer a motion that the bill H.R. 742 be reported favorably to the House with recommendation that it do pass. The motion was subsequently approved by voice vote.

The Committee then continued with other pending business, and at the conclusion of the meeting, Chairman Lucas advised Members that pursuant to the rules of the House of Representatives Members had 2 calendar days to file any supplemental or minority views with the Committee.

Without objection, staff was given permission to make any necessary clerical, technical or conforming changes to reflect the intent of the Committee. Chairman Lucas thanked all the Members and adjourned the meeting.

## COMMITTEE VOTES

In compliance with clause 3(b) of rule XIII of the House of Representatives, H.R. 742 was reported by voice vote with a majority quorum present. There was no request for a recorded vote.

## COMMITTEE OVERSIGHT FINDINGS

Pursuant to clause 3(c)(1) of rule XIII of the Rules of the House of Representatives, the Committee on Agriculture's oversight findings and recommendations are reflected in the body of this report.

## BUDGET ACT COMPLIANCE (SECTIONS 308, 402, AND 423)

The provisions of clause 3(c)(2) of rule XIII of the Rules of the House of Representatives and section 308(a)(1) of the Congressional Budget Act of 1974 (relating to estimates of new budget authority, new spending authority, new credit authority, or increased or decreased revenues or tax expenditures) are not considered applicable. The estimate and comparison required to be prepared by the Director of the Congressional Budget Office under clause 3(c)(3) of rule XIII of the Rules of the House of Representatives and sections 402 and 423 of the Congressional Budget Act of 1974 submitted to the Committee prior to the filing of this report are as follows:

*H.R. 742—Swap Data Repository and Clearinghouse Indemnification Correction Act of 2013*

Under current law, derivatives clearing organizations (DCOs) and swap data repositories (SDRs) must report information about swap transactions to the Commodity Futures Trading Commission (CFTC), or in the case of SDRs that receive information about securities-based swaps, to the Securities and Exchange Commission (SEC). (A swap is a contract that calls for an exchange of cash between two participants, based on an underlying rate or index or the performance of an asset.) Such information also must be shared with other regulatory agencies, both foreign and domestic, if those agencies request the information and agree to certain conditions.

H.R. 742 would eliminate one of those conditions—that agencies requesting the information indemnify the SDRs and the CFTC (or the SEC for security-based swap information) for expenses that arise from litigation related to the shared information. The bill

would still require the regulatory agencies requesting the information to agree to certain confidentiality requirements prior to receiving the data.

Based on information from the CFTC and the SEC, CBO expects that implementing the provisions of H.R. 742 would not require a significant increase in their workloads because neither agency expects to revise rules already in place. Therefore, CBO estimates that any change in discretionary spending to implement the legislation would be insignificant. Further, under current law, the SEC is authorized to collect fees sufficient to offset the cost of its annual appropriation each year; therefore, we estimate that the net cost to the agency would be negligible, assuming annual appropriation actions consistent with that authority.

Based on information from several federal financial regulators, CBO estimates that enacting H.R. 742 would have an insignificant effect on direct spending and revenues; therefore, pay-as-you-go procedures apply. Under current law, any litigation expenses of the federal government related to sharing information about swap transactions, in certain instances, would be paid by foreign regulators. Under the bill, such expenses would become a federal liability. Because the regulations have only been finalized within the past year and any potential litigation is unlikely to be resolved quickly, CBO expects those costs would not arise in the next 10 years.

H.R. 742 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would not affect the budgets of state, local, or tribal governments.

The CBO staff contact for this estimate is Susan Willie. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.

#### PERFORMANCE GOALS AND OBJECTIVES

PERIODICAL AND OTHER REPORTS

SEC. 13. (a) Every issuer of a security registered pursuant to section 12 of this title shall file with the Commission, in accordance with such rules and regulations as the Commission may prescribe as necessary or appropriate for the proper protection of investors and to insure fair dealing in the security—

(1) such information and documents (and such copies thereof) as the Commission shall require to keep reasonably current the information and documents required to be included in or filed with an application or registration statement filed pursuant to section 12, except that the Commission may not require the filing of any material contract wholly executed before July 1, 1962.

(2) such annual reports (and such copies thereof), certified if required by the rules and regulations of the Commission by independent public accountants, and such quarterly reports (and such copies thereof), as the Commission may prescribe.

Every issuer of a security registered on a national securities exchange shall also file a duplicate original of such information, documents, and reports with the exchange. In any registration statement, periodic report, or other reports to be filed with the Commission, an emerging growth company need not present selected financial data in accordance with section 229.301 of title 17, Code of Federal Regulations, for any period prior to the earliest audited period presented in connection with its first registration statement that became effective under this Act or the Securities Act of 1933 and, with respect to any such statement or reports, an emerging growth company may not be required to comply with any new or revised financial accounting standard until such date that a company that is not an issuer (as defined under section 2(a) of the Sarbanes-Oxley Act of 2002 (15 U.S.C. 7201(a))) is required to comply with such new or revised accounting standard, if such standard applies to companies that are not issuers.

(b)(1) The Commission may prescribe, in regard to reports made pursuant to this title, the form or forms in which the required information shall be set forth, the items or details to be shown in the balance sheet and the earnings statement, and the methods to be followed in the preparation of reports, in the appraisal or valuation of assets and liabilities, in the determination of depreciation and depletion, in the differentiation of recurring and nonrecurring income, in the differentiation of investment and operating income, and in the preparation, where the Commission deems it necessary or desirable, of separate and/or consolidated balance sheets or income accounts of any person directly or indirectly controlling or controlled by the issuer, or any person under direct or indirect common control with the issuer; but in the case of the reports of any person whose methods of accounting are prescribed under the provisions of any law of the United States, or any rule or regulation thereunder, the rules and regulations of the Commission with re-

spect to reports shall not be inconsistent with the requirements imposed by such law or rule or regulation in respect of the same subject matter (except that such rules and regulations of the Commission may be inconsistent with such requirements to the extent that the Commission determines that the public interest or the protection of investors so requires).

(2) Every issuer which has a class of securities registered pursuant to section 12 of this title and every issuer which is required to file reports pursuant to section 15(d) of this title shall—

(A) make and keep books, records, and accounts, which, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the issuer;

(B) devise and maintain a system of internal accounting controls sufficient to provide reasonable assurances that—

(i) transactions are executed in accordance with management's general or specific authorization;

(ii) transactions are recorded as necessary (I) to permit preparation of financial statements in conformity with generally accepted accounting principles or any other criteria applicable to such statements, and (II) to maintain accountability for assets;

(iii) access to assets is permitted only in accordance with management's general or specific authorization; and

(iv) the recorded accountability for assets is compared with the existing assets at reasonable intervals and appropriate action is taken with respect to any differences; and

(C) notwithstanding any other provision of law, pay the allocable share of such issuer of a reasonable annual accounting support fee or fees, determined in accordance with section 109 of the Sarbanes-Oxley Act of 2002.

(3)(A) With respect to matters concerning the national security of the United States, no duty or liability under paragraph (2) of this subsection shall be imposed upon any person acting in cooperation with the head of any Federal department or agency responsible for such matters if such act in cooperation with such head of a department or agency was done upon the specific, written directive of the head of such department or agency pursuant to Presidential authority to issue such directives. Each directive issued under this paragraph shall set forth the specific facts and circumstances with respect to which the provisions of this paragraph are to be invoked. Each such directive shall, unless renewed in writing, expire one year after the date of issuance.

(B) Each head of a Federal department or agency of the United States who issues a directive pursuant to this paragraph shall maintain a complete file of all such directives and shall, on October 1 of each year, transmit a summary of matters covered by such directives in force at any time during the previous year to the Permanent Select Committee on Intelligence of the House of Representatives and the Select Committee on Intelligence of the Senate.

(4) No criminal liability shall be imposed for failing to comply with the requirements of paragraph (2) of this subsection except as provided in paragraph (5) of this subsection.

(5) No person shall knowingly circumvent or knowingly fail to implement a system of internal accounting controls or knowingly falsify any book, record, or account described in paragraph (2).

(6) Where an issuer which has a class of securities registered pursuant to section 12 of this title or an issuer which is required to file reports pursuant to section 15(d) of this title holds 50 per centum or less of the voting power with respect to a domestic or foreign firm, the provisions of paragraph (2) require only that the issuer proceed in good faith to use its influence, to the extent reasonable under the issuer's circumstances, to cause such domestic or foreign firm to devise and maintain a system of internal accounting controls consistent with paragraph (2). Such circumstances include the relative degree of the issuer's ownership of the domestic or foreign firm and the laws and practices governing the business operations of the country in which such firm is located. An issuer which demonstrates good faith efforts to use such influence shall be conclusively presumed to have complied with the requirements of paragraph (2).

(7) For the purpose of paragraph (2) of this subsection, the terms "reasonable assurances" and "reasonable detail" mean such level of detail and degree of assurance as would satisfy prudent officials in the conduct of their own affairs.

(c) If in the judgment of the Commission any report required under subsection (a) is inapplicable to any specified class or classes of issuers, the Commission shall require in lieu thereof the submission of such reports of comparable character as it may deem applicable to such class or classes of issuers.

(d)(1) Any person who, after acquiring directly or indirectly the beneficial ownership of any equity security of a class which is registered pursuant to section 12 of this title, or any equity security of an insurance company which would have been required to be so registered except for the exemption contained in section 12(g)(2)(G) of this title, or any equity security issued by a closed-end investment company registered under the Investment Company Act of 1940 or any equity security issued by a Native Corporation pursuant to section 37(d)(6) of the Alaska Native Claims Settlement Act, or otherwise becomes or is deemed to become a beneficial owner of any of the foregoing upon the purchase or sale of a security-based swap that the Commission may define by rule, and is directly or indirectly the beneficial owner of more than 5 per centum of such class shall, within ten days after such acquisition or within such shorter time as the Commission may establish by rule, file with the Commission, a statement containing such of the following information, and such additional information, as the Commission may by rules and regulations, prescribe as necessary or appropriate in the public interest or for the protection of investors—

(A) the background, and identity, residence, and citizenship of, and the nature of such beneficial ownership by, such person and all other persons by whom or on whose behalf the purchases have been or are to be effected;

(B) the source and amount of the funds or other consideration used or to be used in making the purchases, and if any part of the purchase price is represented or is to be represented by funds or other consideration borrowed or otherwise obtained for the purpose of acquiring, holding, or trading such security, a description of the transaction and the names of the parties thereto, except that where a source of funds is a loan made in the ordinary course of business by a bank, as defined

in section 3(a)(6) of this title, if the person filing such statement so requests, the name of the bank shall not be made available to the public;

(C) if the purpose of the purchases or prospective purchases is to acquire control of the business of the issuer of the securities any plans or proposals which such persons may have to liquidate such issuer, to sell its assets to or merge it with any other persons, or to make any other major change in its business or corporate structure;

(D) the number of shares of such security which are beneficially owned, and the number of shares concerning which there is a right to acquire, directly or indirectly, by (i) such person, and (ii) by each associate of such person, giving the background, identity, residence, and citizenship of each such associate; and

(E) information as to any contracts, arrangements, or understandings with any person with respect to any securities of the issuer, including but not limited to transfer of any of the securities, joint ventures, loan or option arrangements, puts or calls, guaranties of loans, guaranties against loss or guaranties of profits, division of losses or profits, or the giving or withholding of proxies, naming the persons with whom such contracts, arrangements, or understandings have been entered into, and giving the details thereof.

(2) If any material change occurs in the facts set forth in the statement filed with the Commission, an amendment shall be filed with the Commission, in accordance with such rules and regulations as the Commission may prescribe as necessary or appropriate in the public interest or for the protection of investors.

(3) When two or more persons act as a partnership, limited partnership, syndicate, or other group for the purpose of acquiring, holding, or disposing of securities of an issuer, such syndicate or group shall be deemed a "person" for the purposes of this subsection.

(4) In determining, for purposes of this subsection, any percentage of a class of any security, such class shall be deemed to consist of the amount of the outstanding securities of such class, exclusive of any securities of such class held by or for the account of the issuer or a subsidiary of the issuer.

(5) The Commission, by rule or regulation or by order, may permit any person to file in lieu of the statement required by paragraph (1) of this subsection or the rules and regulations thereunder, a notice stating the name of such person, the number of shares of any equity securities subject to paragraph (1) which are owned by him, the date of their acquisition and such other information as the Commission may specify, if it appears to the Commission that such securities were acquired by such person in the ordinary course of his business and were not acquired for the purpose of and do not have the effect of changing or influencing the control of the issuer nor in connection with or as a participant in any transaction having such purpose or effect.

(6) The provisions of this subsection shall not apply to—

(A) any acquisition or offer to acquire securities made or proposed to be made by means of a registration statement under the Securities Act of 1933;

(B) any acquisition of the beneficial ownership of a security which, together with all other acquisitions by the same person of securities of the same class during the preceding twelve months, does not exceed 2 per centum of that class;

(C) any acquisition of an equity security by the issuer of such security;

(D) any acquisition or proposed acquisition of a security which the Commission, by rules or regulations or by order, shall exempt from the provisions of this subsection as not entered into for the purpose of, and not having the effect of, changing or influencing the control of the issuer or otherwise as not comprehended within the purposes of this subsection.

(e)(1) It shall be unlawful for an issuer which has a class of equity securities registered pursuant to section 12 of this title, or which is a closed-end investment company registered under the Investment Company Act of 1940, to purchase any equity security issued by it if such purchase is in contravention of such rules and regulations as the Commission, in the public interest or for the protection of investors, may adopt (A) to define acts and practices which are fraudulent, deceptive, or manipulative, and (B) to prescribe means reasonably designed to prevent such acts and practices. Such rules and regulations may require such issuer to provide holders of equity securities of such class with such information relating to the reasons for such purchase, the source of funds, the number of shares to be purchased, the price to be paid for such securities, the method of purchase, and such additional information, as the Commission deems necessary or appropriate in the public interest or for the protection of investors, or which the Commission deems to be material to a determination whether such security should be sold.

(2) For the purpose of this subsection, a purchase by or for the issuer or any person controlling, controlled by, or under common control with the issuer, or a purchase subject to control of the issuer or any such person, shall be deemed to be a purchase by the issuer. The Commission shall have power to make rules and regulations implementing this paragraph in the public interest and for the protection of investors, including exemptive rules and regulations covering situations in which the Commission deems it unnecessary or inappropriate that a purchase of the type described in this paragraph shall be deemed to be a purchase by the issuer for purposes of some or all of the provisions of paragraph (1) of this subsection.

(3) At the time of filing such statement as the Commission may require by rule pursuant to paragraph (1) of this subsection, the person making the filing shall pay to the Commission a fee at a rate that, subject to paragraph (4), is equal to \$92 per \$1,000,000 of the value of securities proposed to be purchased. The fee shall be reduced with respect to securities in an amount equal to any fee paid with respect to any securities issued in connection with the proposed transaction under section 6(b) of the Securities Act of 1933, or the fee paid under that section shall be reduced in an amount equal to the fee paid to the Commission in connection with such transaction under this paragraph.

(4) ANNUAL ADJUSTMENT.—For each fiscal year, the Commission shall by order adjust the rate required by paragraph (3)

for such fiscal year to a rate that is equal to the rate (expressed in dollars per million) that is applicable under section 6(b) of the Securities Act of 1933 for such fiscal year.

(5) FEE COLLECTIONS.—Fees collected pursuant to this subsection for fiscal year 2012 and each fiscal year thereafter shall be deposited and credited as general revenue of the Treasury and shall not be available for obligation.

(6) EFFECTIVE DATE; PUBLICATION.—In exercising its authority under this subsection, the Commission shall not be required to comply with the provisions of section 553 of title 5, United States Code. An adjusted rate prescribed under paragraph (4) shall be published and take effect in accordance with section 6(b) of the Securities Act of 1933 (15 U.S.C. 77f(b)).

(7) PRO RATA APPLICATION.—The rates per \$1,000,000 required by this subsection shall be applied pro rata to amounts and balances of less than \$1,000,000.

(f)(1) Every institutional investment manager which uses the mails, or any means or instrumentality of interstate commerce in the course of its business as an institutional investment manager and which exercises investment discretion with respect to accounts holding equity securities of a class described in section 13(d)(1) of this title having an aggregate fair market value on the last trading day in any of the preceding twelve months of at least \$100,000,000 or such lesser amount (but in no case less than \$10,000,000) as the Commission, by rule, may determine, shall file reports with the Commission in such form, for such periods, and at such times after the end of such periods as the Commission, by rule, may prescribe, but in no event shall such reports be filed for periods longer than one year or shorter than one quarter. Such reports shall include for each such equity security held on the last day of the reporting period by accounts (in aggregate or by type as the Commission, by rule, may prescribe) with respect to which the institutional investment manager exercises investment discretion (other than securities held in amounts which the Commission, by rule, determines to be insignificant for purposes of this subsection), the name of the issuer and the title, class, CUSIP number, number of shares or principal amount, and aggregate fair market value of each such security. Such reports may also include for accounts (in aggregate or by type) with respect to which the institutional investment manager exercises investment discretion such of the following information as the Commission, by rule, prescribes—

(A) the name of the issuer and the title, class, CUSIP number, number of shares or principal amount, and aggregate fair market value or cost or amortized cost of each other security (other than an exempted security) held on the last day of the reporting period by such accounts;

(B) the aggregate fair market value or cost or amortized cost of exempted securities (in aggregate or by class) held on the last day of the reporting period by such accounts;

(C) the number of shares of each equity security of a class described in section 13(d)(1) of this title held on the last day of the reporting period by such accounts with respect to which the institutional investment manager possesses sole or shared authority to exercise the voting rights evidenced by such securities;

(D) the aggregate purchases and aggregate sales during the reporting period of each security (other than an exempted security) effected by or for such accounts; and

(E) with respect to any transaction or series of transactions having a market value of at least \$500,000 or such other amount as the Commission, by rule, may determine, effected during the reporting period by or for such accounts in any equity security of a class described in section 13(d)(1) of this title—

- (i) the name of the issuer and the title, class, and CUSIP number of the security;
- (ii) the number of shares or principal amount of the security involved in the transaction;
- (iii) whether the transaction was a purchase or sale;
- (iv) the per share price or prices at which the transaction was effected;
- (v) the date or dates of the transaction;
- (vi) the date or dates of the settlement of the transaction;
- (vii) the broker or dealer through whom the transaction was effected;
- (viii) the market or markets in which the transaction was effected; and
- (ix) such other related information as the Commission, by rule, may prescribe.

(2) The Commission shall prescribe rules providing for the public disclosure of the name of the issuer and the title, class, CUSIP number, aggregate amount of the number of short sales of each security, and any additional information determined by the Commission following the end of the reporting period. At a minimum, such public disclosure shall occur every month.

(3) The Commission, by rule or order, may exempt, conditionally or unconditionally, any institutional investment manager or security or any class of institutional investment managers or securities from any or all of the provisions of this subsection or the rules thereunder.

(4) The Commission shall make available to the public for a reasonable fee a list of all equity securities of a class described in section 13(d)(1) of this title, updated no less frequently than reports are required to be filed pursuant to paragraph (1) of this subsection. The Commission shall tabulate the information contained in any report filed pursuant to this subsection in a manner which will, in the view of the Commission, maximize the usefulness of the information to other Federal and State authorities and the public. Promptly after the filing of any such report, the Commission shall make the information contained therein conveniently available to the public for a reasonable fee in such form as the Commission, by rule, may prescribe, except that the Commission, as it determines to be necessary or appropriate in the public interest or for the protection of investors, may delay or prevent public disclosure of any such information in accordance with section 552 of title 5, United States Code. Notwithstanding the preceding sentence, any such information identifying the securities held by the account of a natural person or an estate or trust (other than a business trust or investment company) shall not be disclosed to the public.

(5) In exercising its authority under this subsection, the Commission shall determine (and so state) that its action is necessary or appropriate in the public interest and for the protection of investors or to maintain fair and orderly markets or, in granting an exemption, that its action is consistent with the protection of investors and the purposes of this subsection. In exercising such authority the Commission shall take such steps as are within its power, including consulting with the Comptroller General of the United States, the Director of the Office of Management and Budget, the appropriate regulatory agencies, Federal and State authorities which, directly or indirectly, require reports from institutional investment managers of information substantially similar to that called for by this subsection, national securities exchanges, and registered securities associations, (A) to achieve uniform, centralized reporting of information concerning the securities holdings of and transactions by or for accounts with respect to which institutional investment managers exercise investment discretion, and (B) consistently with the objective set forth in the preceding subparagraph, to avoid unnecessarily duplicative reporting by, and minimize the compliance burden on, institutional investment managers. Federal authorities which, directly or indirectly, require reports from institutional investment managers of information substantially similar to that called for by this subsection shall cooperate with the Commission in the performance of its responsibilities under the preceding sentence. An institutional investment manager which is a bank, the deposits of which are insured in accordance with the Federal Deposit Insurance Act, shall file with the appropriate regulatory agency a copy of every report filed with the Commission pursuant to this subsection.

(6)(A) For purposes of this subsection the term “institutional investment manager” includes any person, other than a natural person, investing in or buying and selling securities for its own account, and any person exercising investment discretion with respect to the account of any other person.

(B) The Commission shall adopt such rules as it deems necessary or appropriate to prevent duplicative reporting pursuant to this subsection by two or more institutional investment managers exercising investment discretion with respect to the same amount.

(g)(1) Any person who is directly or indirectly the beneficial owner of more than 5 per centum of any security of a class described in subsection (d)(1) of this section or otherwise becomes or is deemed to become a beneficial owner of any security of a class described in subsection (d)(1) upon the purchase or sale of a security-based swap that the Commission may define by rule shall file with the Commission a statement setting forth, in such form and at such time as the Commission may, by rule, prescribe—

(A) such person’s identity, residence, and citizenship; and

(B) the number and description of the shares in which such person has an interest and the nature of such interest.

(2) If any material change occurs in the facts set forth in the statement filed with the Commission, an amendment shall be filed with the Commission, in accordance with such rules and regulations as the Commission may prescribe as necessary or appropriate in the public interest or for the protection of investors.

(3) When two or more persons act as a partnership, limited partnership, syndicate, or other group for the purpose of acquiring, holding, or disposing of securities of an issuer, such syndicate or group shall be deemed a "person" for the purposes of this subsection.

(4) In determining, for purposes of this subsection, any percentage of a class of any security, such class shall be deemed to consist of the amount of the outstanding securities of such class, exclusive of any securities of such class held by or for the account of the issuer or a subsidiary of the issuer.

(5) In exercising its authority under this subsection, the Commission shall take such steps as it deems necessary or appropriate in the public interest or for the protection of investors (A) to achieve centralized reporting of information regarding ownership, (B) to avoid unnecessarily duplicative reporting by and minimize the compliance burden on persons required to report, and (C) to tabulate and promptly make available the information contained in any report filed pursuant to this subsection in a manner which will, in the view of the Commission, maximize the usefulness of the information to other Federal and State agencies and the public.
