To amend title 10, United States Code, to direct the Secretary of Defense to make certain limitations on the transfer of personal property to Federal and State agencies, and for other purposes.

To amend title 10, United States Code, to direct the Secretary of Defense to make certain limitations on the transfer of personal property to Federal and State agencies, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,
SECTION 1. SHORT TITLE.

This Act may be cited as the “Stop Militarizing Law Enforcement Act”.

SEC. 2. FINDINGS.

Congress makes the following findings:

(1) Under section 2576a of title 10, United States Code, the Department of Defense is authorized to provide excess property to local law enforcement agencies. The Defense Logistics Agency, administers such section by operating the Law Enforcement Support Office program.

(2) New and used material, including mine-resistant ambush-protected vehicles and weapons determined by the Department of Defense to be “military grade” are transferred to local and Federal law enforcement agencies through the program.

(3) As a result local law enforcement agencies, including police and sheriff’s departments, are acquiring this material for use in their normal operations.

(4) As a result of the wars in Iraq and Afghanistan, military equipment purchased for, and used in, those wars has become excess property and has been made available for transfer to local and Federal law enforcement agencies.
(5) According to public reports, approximately 12,000 police organizations across the country were able to procure nearly $500,000,000 worth of excess military merchandise including firearms, computers, helicopters, clothing, and other products, at no charge during fiscal year 2011 alone.

(6) More than $4,000,000,000 worth of weapons and equipment have been transferred to police organizations in all 50 states and four territories through the program.

(7) In May 2012, the Defense Logistics Agency instituted a moratorium on weapons transfers through the program after reports of missing equipment and inappropriate weapons transfers.

(8) Though the moratorium was widely publicized, it was lifted in October 2013 without adequate safeguards.

(9) As a result, Federal, State, and local law enforcement departments across the country are eligible again to acquire free “military-grade” weapons and equipment that could be used inappropriately during policing efforts in which citizens and taxpayers could be harmed.

(10) Pursuant to section III(J) of a Defense Logistics Agency memorandum of understanding,
property obtained through the program must be
placed into use within one year of receipt, possibly
providing an incentive for the unnecessary and po-
tentially dangerous use of “military grade” equip-
ment by local law enforcement.

(11) The Department of Defense categorizes
equipment eligible for transfer under the 1033 pro-
gram as “controlled” and “un-controlled” equip-
ment. “Controlled equipment” includes weapons, ex-
plosives such as flash-bang grenades, mine resistant
ambush protected vehicles, long range acoustic de-
vices, aircraft capable of being modified to carry ar-
mament that are combat coded, and silencers,
among other military grade items.
