# A BILL

To provide paid family and medical leave benefits to certain individuals, and for other purposes.

1        *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4        This Act may be cited as the “Family and Medical  
5 Insurance Leave Act”.

6 **SEC. 2. FINDINGS AND PURPOSE.**

7        (a) FINDINGS.—Congress finds the following:

8            (1) In nearly two-thirds of families with chil-  
9 dren, all adults in the household work. Three in four  
10 caregivers have worked at a paying job at some  
11 point during their caregiving experience. Without  
12 paid family and medical leave, many workers are un-  
13 able to take time away from work to care for new-  
14 born children, ill or aging parents and relatives, or  
15 themselves.

16            (2) Both women and men need to be able to  
17 take time off work to participate in early care of  
18 their children, in the care of seriously ill family  
19 members, and to address their own serious health  
20 conditions. Yet, a mere 13 percent of workers in the  
21 United States have access to paid family leave  
22 through their employers, and fewer than 40 percent

1 have access to short-term disability insurance pro-  
2 vided by their employer to use for their own ill-  
3 nesses.

4 (3) Many workers cannot afford to take unpaid  
5 time off work to provide care. According to the De-  
6 partment of Labor, nearly half of workers who quali-  
7 fied for leave under the Family and Medical Leave  
8 Act of 1993 (FMLA) in 2011 were unable to take  
9 the leave because they could not afford to take time  
10 off without pay. Six in ten workers who took par-  
11 tially paid or unpaid leave reported difficulty making  
12 ends meet; half of these workers were forced to cut  
13 their leaves short due to financial constraints.

14 (4) Only 13 percent of all workers had access  
15 to paid family leave in 2013 and it was available to  
16 only 4 percent of individuals working in the lowest  
17 paying jobs. Workers who lack paid family leave face  
18 lost wages or even job loss when they miss work be-  
19 cause of their own illness or to care for an ill child  
20 or parent. In this way, access to paid leave plays a  
21 critical role in families' efforts to maintain employ-  
22 ment and economic security.

23 (5) Caregiving has a high value but also comes  
24 at a high cost for family caregivers. The estimated  
25 value of unpaid family care provided in 2009 was

1       \$450 billion. Caregivers face financial, physical and  
2       emotional hardships, and in many cases their ca-  
3       reers, incomes, and retirement security suffer be-  
4       cause of their family responsibilities. Working care-  
5       givers should not have to risk their family's eco-  
6       nomic security to fulfill their caregiving obligations.  
7       The average worker age 50 and older who leaves the  
8       workforce to care for an elderly parent loses more  
9       than \$300,000 in earnings and retirement income.

10           (6) The population over age 65 is expected to  
11       double within the next few decades. The number of  
12       people with chronic conditions is expected to reach  
13       157 million by 2020. Many of these individuals will  
14       at some point require family care, and for older  
15       workers still in the workforce, many will need time  
16       off at some point to address serious health condi-  
17       tions.

18           (7) Ensuring working family caregivers have  
19       paid family leave to care for ailing elders could drive  
20       down Medicare costs by decreasing recurrences of  
21       ailments and re-admittance into hospitals.

22           (8) Many workers are forced to quickly return  
23       to work after the birth or arrival of a child because  
24       they have no access to paid family and medical  
25       leave. Only half of new mothers take paid leave of

1 any duration after the birth of their first child, and  
2 among women with less than a high school education  
3 the figure is less than 20 percent—a rate that has  
4 not changed in half a century.

5 (9) When new mothers have no choice but to  
6 return to work without taking leave, children can ex-  
7 perience a variety of negative outcomes including  
8 higher rates of infant mortality, lower rates of  
9 breastfeeding, lower rates of immunization, and a  
10 higher incidence of maternal physical and mental  
11 health concerns. California’s paid family leave insur-  
12 ance program has increased the number of weeks of  
13 leave that women take after childbirth, with larger  
14 effects among women in jobs that do not provide  
15 paid leave.

16 (10) A nationwide paid family leave program  
17 would address the persistent sex discrimination in  
18 the utilization of leave benefits and reduce the dis-  
19 parity between women and men regarding who takes  
20 time off from work to fulfill caregiving duties. This  
21 disparity is driven in part by the fact that men con-  
22 tinue to earn more than women, and, as a result, it  
23 often makes more economic sense for women in two-  
24 parent families to take unpaid leave and forgo their  
25 lower salary.

1           (11) Many men would like to be more involved  
2           in caregiving and report greater work-family conflict  
3           than ever before. In California, men's use of the  
4           State's paid family leave insurance program to care  
5           for a new child has more than doubled since the pro-  
6           gram's implementation.

7           (12) Paid family and medical leave promotes  
8           families' financial security and independence, in-  
9           creases worker retention, and promotes savings for  
10          taxpayers. Women who take paid leave after a  
11          child's birth are more likely to be in the labor force  
12          in the 9 to 12 months after a child's birth and to  
13          earn higher wages in the year following their child's  
14          birth. Both men and women who take paid leave  
15          after a child's birth are less likely to receive food  
16          stamps and public assistance in the year following a  
17          child's birth.

18          (13) Without paid medical leave, workers who  
19          are ill or injured may return to work before being  
20          fully recovered, thus making them susceptible to a  
21          relapse or recurrence, and potentially placing addi-  
22          tional burdens on the health care system. When a  
23          job requires physical stamina or ability, individuals  
24          who return to work too early may put themselves or  
25          others in jeopardy.

1           (14) A social insurance model of providing paid  
2 family leave pioneered by the states of California,  
3 New Jersey, and Rhode Island has worked well for  
4 workers, their families, and employers. Between  
5 2004 and 2014, Californians filed more than 1.9  
6 million claims to leave to care for a family member  
7 or bond with a new child. The overwhelming major-  
8 ity of California employers report that the program  
9 had a positive or neutral effect on their business.

10           (15) Between 2009 and 2014, more than  
11 160,000 New Jersey workers filed eligible claims for  
12 family leave. Since January 2014, when Rhode Is-  
13 land's program started, more than 4,200 workers  
14 have filed paid family leave claims.

15           (16) Researchers conclude that some employers  
16 experienced cost savings by coordinating their own  
17 benefits with those offered through the State paid  
18 family leave program.

19           (17) Employers and employees benefit when  
20 workers have access to paid leave. Social Security is  
21 one of the Nation's primary social insurance systems  
22 and it provides retirement assistance and disability  
23 benefits. When Social Security was created in 1934,  
24 most families had a stay at home caregiver. That is  
25 no longer the case. For the first time in the Nation's

1 history, half of all workers in the United States are  
2 women. The system needs to be changed to reflect  
3 the realities of today's workforce and provide work-  
4 ers with income when they need leave from work due  
5 to the birth of a child or a serious health condition.

6 (18) When workers can care for themselves and  
7 their loved ones, employers experience positive im-  
8 pacts. More than four times as many worksites cov-  
9 ered by FMLA reported positive effects on employee  
10 productivity, absenteeism, turnover, career advance-  
11 ment and morale, as well as the business' profit-  
12 ability as reported negative effects in the Depart-  
13 ment of Labor's 2012 survey on the FMLA.

14 (b) PURPOSE.—It is the purpose of this Act—

15 (1) to help working families, including single  
16 working parents and dual-earner families, afford to  
17 take time away from work to provide care for a fam-  
18 ily member and be good workers;

19 (2) to provide workers with a reasonable level  
20 of wage replacement during time away from work  
21 for a serious health condition, for the birth or adop-  
22 tion of a child, for the care of a child, spouse, or  
23 parent who has a serious health condition, for the  
24 care of an injured servicemember, or for qualifying

1 exigencies arising from the deployment of a service-  
2 member;

3 (3) to address sex discrimination, promote the  
4 goal of equal employment opportunity for women  
5 and men, and to provide relief when employers vio-  
6 late the law; and

7 (4) to accomplish the purposes described in  
8 paragraphs (1), (2), and (3) in a manner that ac-  
9 commodates the legitimate interests of employers.

22 employment income of the individual for the  
23 calendar year in which such wages and self-em-  
24 ployment income are the highest among the  
25 most recent three calendar years, or the max-

1           imum benefit amount determined under para-  
2           graph (2); or

3                   (B) the minimum benefit amount deter-  
4                   mined under paragraph (2),

5           multiplied by the quotient (not greater than 1) ob-  
6           tained by dividing the number of caregiving days of  
7           the individual in such month by 20.

8                   (2) ANNUAL INCREASE OF MAXIMUM AND MIN-  
9                   IMUM BENEFIT AMOUNTS.—

21                   and the minimum benefit amount shall be, re-  
22                   spectively, the product of the corresponding  
23                   amount determined with respect to the first cal-  
24                   endar year under subparagraph (A) and the  
25                   quotient obtained by dividing—

1 (i) the national average wage index  
2 (as defined in section 209(k)(1) of the So-  
3 cial Security Act (42 U.S.C. 409(k)(1)))  
4 for the second calendar year preceding the

17 PAID.—Any calendar day during an individual's  
18 benefit period which occurs after the expiration

23 COUNT OF RECEIPT OF CERTAIN BENEFITS.—A ben-  
24 efit under this section for a month shall be reduced  
25 by the amount, if any, in certain benefits (as deter-

3       vidual. For purposes of the preceding sentence, cer-  
4       tain benefits include—

6       dividual's total or partial disability under a  
7       workmen's compensation law or plan of the  
8       United States or a State; and

9               (B) periodic benefits on account of an indi-  
10      vidual's employment status under an unemploy-  
11      ment law or plan of the United States or a  
12      State.

13           (5) COORDINATION OF BENEFIT AMOUNT WITH  
14      CERTAIN STATE BENEFITS.—A benefit received  
15      under this section shall be coordinated, in a manner  
16      determined by regulations issued by the Commis-  
17      sioner, with the periodic benefits received from tem-  
18      porary disability insurance or family leave insurance  
19      programs under any law or plan of a State, a polit-  
20      ical subdivision (as that term is used in section  
21      218(b)(2) of the Social Security Act (42 U.S.C.  
22      418(b)(2))), or an instrumentality of 2 or more  
23      States (as that term is used in section 218(g) of  
24      such Act of the Social Security Act (42 U.S.C.  
25      418(g))).

1 (c) BENEFIT PERIOD.—

2 (1) IN GENERAL.—Except as provided in para-  
3 graph (2), the benefit period specified in this sub-  
4 section shall begin on the 1st day of the 1st month  
5 in which the individual meets the criteria specified in  
6 paragraphs (1), (2), and (3) of subsection (a), and  
7 shall end on the date that is 365 days after the 1st  
8 day of the benefit period.

9 (2) RETROACTIVE BENEFITS.—In the case of  
10 an application for benefits under this section for  
11 qualified caregiving in which the individual was en-  
12 gaged at any time during the 90-day period pre-  
13 ceding the date on which such application is sub-  
14 mitted, the benefit period specified in this subsection  
15 shall begin on the later of—

16 (A) the 1st day of the 1st month in which  
17 the individual engaged in such qualified  
18 caregiving; or

19 (B) the 1st day of the 1st month that be-  
20 gins during such 90-day period,

21 and shall end on the date that is 365 days after the  
22 1st day of the benefit period.

23 (d) APPLICATION.—An application for a family and  
24 medical leave insurance benefit shall include—

1           (1) a statement that the individual was engaged  
2           in qualified caregiving, or anticipates being so en-  
3           gaged, during the period that begins 90 days before  
4           the date on which the application is submitted or  
5           within 30 days after such date;

6           (2) if the qualified caregiving described in the

8           (f) REVIEW OF ELIGIBILITY AND BENEFIT PAYMENT  
9           DETERMINATIONS.—

10           (1) ELIGIBILITY DETERMINATIONS.—

11           (A) IN GENERAL.—The Commissioner  
12           shall provide notice to an individual applying  
13           for benefits under this section of the initial de-  
14           termination of eligibility for such benefits, and  
15           the estimated benefit amount for a month in  
16           which one caregiving day of the individual oc-

19           (B) REVIEW.—An individual may request  
20           review of an initial adverse determination with

23           date notice of such determination is received,

22 on a number of caregiving days in the month  
23 inconsistent with the number of caregiving days  
24 in the monthly benefit claim report of the indi-  
25 vidual for such month, the individual may re-

1           quest review of such determination at any time

18          demonstrates by a preponderance of the evidence  
19          that information contained in the application is  
20          false.

15 (2) GREATER BENEFITS ALLOWED.—Nothing  
16 in this Act shall be construed to diminish the obliga-  
17 tion of an employer to comply with any contract, col-  
18 lective bargaining agreement, or any employment  
19 benefit program or plan that provides greater paid  
20 leave or other leave rights to employees than the  
21 rights established under this Act.

22 (h) PROHIBITED ACTS; ENFORCEMENT.—

23 (1) IN GENERAL.—It shall be unlawful for any

9 who has violated paragraph (1) proves  
10 to the satisfaction of the court that  
11 the act or omission which violated  
12 paragraph (1) was in good faith and  
13 that the person had reasonable  
14 grounds for believing that the act or  
15 omission was not a violation of para-  
16 graph (1), such court may, in the dis-  
17 cretion of the court, reduce the  
18 amount of the liability to the amount
