SEC. 135. LIMITATIONS ON STATE RESTRICTIONS ON EMPLOYER AUTO-ENROLLMENT.

(a) In general.—No State shall establish a law that prevents an employer that is allowed an exclusion from gross income, a deduction, or a credit for Federal income tax purposes for health benefits furnished to a participant or beneficiary from instituting auto-enrollment which meets the requirements of subsection (b) for coverage of a participant or beneficiary under a group health plan, or health insurance coverage offered in connection with such a plan, so long as the participant or beneficiary has the option of declining such coverage.

(b) Automatic Enrollment for Employer-Sponsored Health Benefits.—
(1) IN GENERAL.—The requirement of this sub-
section with respect to an employer and an employee
is that the employer automatically enroll such em-

automatically enroll an employee in a plan under
paragraph (1) if such employee makes an affirmative

an employee with a 30-day period to make such an

(c) CONSTRUCTION.—Nothing in this section shall be construed to supersede State law which establishes, implements, or continues in effect any standard or requirement relating to employers in connection with payroll or the sponsoring of employer-sponsored health insurance coverage except to the extent that such standard or requirement prevents an employer from instituting the auto-enrollment described in subsection (a).
(d) **Non-Application to Excepted Benefits.**—For purposes of this section, the term “group health plan” does not include excepted benefits (as defined in section 2781(c) of the Public Health Service Act (42 U.S.C. 300gg–91(c))).

“(i) IN GENERAL.—Subject to clause (ii), the IHP may not offer health benefits coverage to a member of an IHP unless the same coverage is offered to all such members of the IHP.

“(ii) prohibits imposition of an exclusion of a specific disease from health benefits coverage.

“(2) Other requirements preventing offering of coverage through an IHP.—State laws are superseded, and shall not apply to health
benefits coverage made available through an IHP, insofar as such laws impose any other requirements (including limitations on compensation arrangements) that, directly or indirectly, preclude (or have the effect of precluding) the offering of such coverage through an IHP, if the IHP meets the requirements of this title.

“(c) PREEMPTIO N OF STATE PREMIUM RATING REQUIREMENTS.—State laws are superseded, and shall not apply to the premiums imposed for health benefits coverage made available through an IHP, insofar as such laws impose restrictions on the variation of premiums among such coverage offered to members of the IHP.

“(C) an affiliated member of the sponsor with respect to which the requirements of subsection (b) are met,

except that, in the case of a sponsor which is a professional association or other individual-based association, if at least one of the officers, directors, or employees of an employer, or at least one of the individuals who are partners in an employer and who actively participates in the business, is a member or such an affiliated member of the sponsor, participating employers may also include such employer; and

contemporaneously provided to employees of the employer under the plan, if such exclusion of the employee from coverage under the plan is based on a health status-related factor with respect to the employee and such employee would, but for such exclusion on such basis, be eligible for coverage under the plan.

“(d) Prohibition of Discrimination Against Employers and Employees Eligible To Participate.—The requirements of this subsection are met with respect to an association health plan if—

“(1) under the terms of the plan, all employers meeting the preceding requirements of this section are eligible to qualify as participating employers for all geographically available coverage options, unless, in the case of any such employer, participation or contribution requirements of the type referred to in section 2711 of the Public Health Service Act are not met;

“(2) upon request, any employer eligible to participate is furnished information regarding all coverage options available under the plan; and

(1) Contents of Governing Instruments.—The instruments governing the plan include a written instrument, meeting the requirements of an instrument required under section 402(a)(1), which—

(A) provides that the board of trustees serves as the named fiduciary required for plans under section 402(a)(1) and serves in the capacity of a plan administrator (referred to in section 3(16)(A));

(B) provides that the sponsor of the plan is to serve as plan sponsor (referred to in section 3(16)(B)); and

“(B) Nothing in this title or any other provision of law shall be construed to preclude an association health plan, or a health insurance issuer offering health insurance coverage in connection with an association health plan, from—

“(i) setting contribution rates based on the claims experience of the plan; or

“(ii) varying contribution rates for small employers in a State to the extent that such rates could vary using the same methodology employed in such State for regulating premium rates in the small group market with respect to health insurance coverage offered in connection with bona fide associations (within the meaning of section 2791(d)(3) of the Public Health Service Act), subject to the requirements of section 702(b) relating to contribution rates.
“(3) Floor for number of covered individuals with respect to certain plans.—If any benefit option under the plan does not consist of health insurance coverage, the plan has as of the beginning of the plan year not fewer than 1,000 participants and beneficiaries.

“(4) Marketing requirements.—

“(A) In general.—If a benefit option which consists of health insurance coverage is offered under the plan, State-licensed insurance agents shall be used to distribute to small employers coverage which does not consist of health insurance coverage in a manner comparable to the manner in which such agents are used to distribute health insurance coverage.

“(B) State-licensed insurance agents.—For purposes of subparagraph (A), the term ‘State-licensed insurance agents’ means one or more agents who are licensed in a State and are subject to the laws of such State relating to licensure, qualification, testing, examination, and continuing education of persons authorized to offer, sell, or solicit health insurance coverage in such State.
“(5) Regulatory requirements.—Such other requirements as the applicable authority determines are necessary to carry out the purposes of this part, which shall be prescribed by the applicable authority by regulation.

“(b) Ability of Association Health Plans To Design Benefit Options.—Subject to section 514(d), nothing in this part or any provision of State law (as defined in section 514(c)(1)) shall be construed to preclude an association health plan, or a health insurance issuer offering health insurance coverage in connection with an association health plan, from exercising its sole discretion in selecting the specific items and services consisting of medical care to be included as benefits under such plan or coverage, except (subject to section 514) in the case of (1) any law to the extent that it is not preempted under section 731(a)(1) with respect to matters governed by section 711, 712, or 713, or (2) any law of the State with which filing and approval of a policy type offered by the plan was initially obtained to the extent that such law prohibits an exclusion of a specific disease from such coverage.
“SEC. 806. MAINTENANCE OF RESERVES AND PROVISIONS FOR SOLVENCY FOR PLANS PROVIDING HEALTH BENEFITS IN ADDITION TO HEALTH INSURANCE COVERAGE.

“(a) IN GENERAL.—The requirements of this section are met with respect to an association health plan if—

“(1) the benefits under the plan consist solely of health insurance coverage; or

“(2) if the plan provides any additional benefit options which do not consist of health insurance coverage, the plan—

“(A) establishes and maintains reserves with respect to such additional benefit options, in amounts recommended by the qualified health actuary, consisting of—

“(i) a reserve sufficient for unearned contributions;

“(ii) a reserve sufficient for benefit liabilities which have been incurred, which have not been satisfied, and for which risk of loss has not yet been transferred, and for expected administrative costs with respect to such benefit liabilities;

“(iii) a reserve sufficient for any other obligations of the plan; and
“(iv) a reserve sufficient for a margin of error and other fluctuations, taking into account the specific circumstances of the plan; and

“(B) establishes and maintains aggregate and specific excess/stop loss insurance and solvency indemnification, with respect to such additional benefit options for which risk of loss has not yet been transferred, as follows:

“(i) The plan shall secure aggregate excess/stop loss insurance for the plan with an attachment point which is not greater than 125 percent of expected gross annual claims. The applicable authority may by regulation provide for upward adjustments in the amount of such percentage in specified circumstances in which the plan specifically provides for and maintains reserves in excess of the amounts required under subparagraph (A).

“(ii) The plan shall secure specific excess/stop loss insurance for the plan with an attachment point which is at least equal to an amount recommended by the plan’s qualified health actuary. The applicable
authority may by regulation provide for adjustments in the amount of such insurance in specified circumstances in which the plan specifically provides for and maintains reserves in excess of the amounts required under subparagraph (A).

“(iii) The plan shall secure indemnification insurance for any claims which the plan is unable to satisfy by reason of a plan termination.

Any person issuing to a plan insurance described in clause (i), (ii), or (iii) of subparagraph (B) shall notify the Secretary of any failure of premium payment meriting cancellation of the policy prior to undertaking such a cancellation. Any regulations prescribed by the applicable authority pursuant to clause (i) or (ii) of subparagraph (B) may allow for such adjustments in the required levels of excess/stop loss insurance as the qualified health actuary may recommend, taking into account the specific circumstances of the plan.

“(b) Minimum Surplus in Addition to Claims Reserves.—In the case of any association health plan described in subsection (a)(2), the requirements of this subsection are met if the plan establishes and maintains surplus in an amount at least equal to—
“(1) $500,000, or

“(2) such greater amount (but not greater than $2,000,000) as may be set forth in regulations prescribed by the applicable authority, considering the level of aggregate and specific excess/stop loss insurance provided with respect to such plan and other factors related to solvency risk, such as the plan’s projected levels of participation or claims, the nature of the plan’s liabilities, and the types of assets available to assure that such liabilities are met.

“(c) ADDITIONAL REQUIREMENTS.—In the case of any association health plan described in subsection (a)(2), the applicable authority may provide such additional requirements relating to reserves, excess/stop loss insurance, and indemnification insurance as the applicable authority considers appropriate. Such requirements may be provided by regulation with respect to any such plan or any class of such plans.

“(d) ADJUSTMENTS FOR EXCESS/STOP LOSS INSURANCE.—The applicable authority may provide for adjustments to the levels of reserves otherwise required under subsections (a) and (b) with respect to any plan or class of plans to take into account excess/stop loss insurance provided with respect to such plan or plans.
“(e) Alternative Means of Compliance.—The applicable authority may permit an association health plan described in subsection (a)(2) to substitute, for all or part of the requirements of this section (except subsection (a)(2)(B)(iii)), such security, guarantee, hold-harmless arrangement, or other financial arrangement as the applicable authority determines to be adequate to enable the plan to fully meet all its financial obligations on a timely basis and is otherwise no less protective of the interests of participants and beneficiaries than the requirements for which it is substituted. The applicable authority may take into account, for purposes of this subsection, evidence provided by the plan or sponsor which demonstrates an assumption of liability with respect to the plan. Such evidence may be in the form of a contract of indemnification, lien, bonding, insurance, letter of credit, recourse under applicable terms of the plan in the form of assessments of participating employers, security, or other financial arrangement.

“(f) Measures To Ensure Continued Payment of Benefits by Certain Plans in Distress.—

“(1) Payments by certain plans to association health plan fund.—

“(A) In general.—In the case of an association health plan described in subsection
(a)(2), the requirements of this subsection are met if the plan makes payments into the Association Health Plan Fund under this subparagraph when they are due. Such payments shall consist of annual payments in the amount of $5,000, and, in addition to such annual payments, such supplemental payments as the Secretary may determine to be necessary under paragraph (2). Payments under this paragraph are payable to the Fund at the time determined by the Secretary. Initial payments are due in advance of certification under this part. Payments shall continue to accrue until a plan’s assets are distributed pursuant to a termination procedure.

“(B) Penalties for Failure to Make Payments.—If any payment is not made by a plan when it is due, a late payment charge of not more than 100 percent of the payment which was not timely paid shall be payable by the plan to the Fund.

“(C) Continued Duty of the Secretary.—The Secretary shall not cease to carry out the provisions of paragraph (2) on ac-
count of the failure of a plan to pay any pay-
ment when due.

“(2) Payments by Secretary to continue
excess/stop loss insurance coverage and in-
demnification insurance coverage for cer-
tain plans.—In any case in which the applicable
authority determines that there is, or that there is
reason to believe that there will be: (A) a failure to
take necessary corrective actions under section
809(a) with respect to an association health plan de-
scribed in subsection (a)(2); or (B) a termination of
such a plan under section 809(b) or 810(b)(8) (and,
if the applicable authority is not the Secretary, cer-
tifies such determination to the Secretary), the Sec-
retary shall determine the amounts necessary to
make payments to an insurer (designated by the
Secretary) to maintain in force excess/stop loss in-
surance coverage or indemnification insurance cov-
erage for such plan, if the Secretary determines that
there is a reasonable expectation that, without such
payments, claims would not be satisfied by reason of
termination of such coverage. The Secretary shall, to
the extent provided in advance in appropriation
Acts, pay such amounts so determined to the insurer
designated by the Secretary.
“(3) ASSOCIATION HEALTH PLAN FUND.—

“(A) IN GENERAL.—There is established on the books of the Treasury a fund to be known as the ‘Association Health Plan Fund’. The Fund shall be available for making payments pursuant to paragraph (2). The Fund shall be credited with payments received pursuant to paragraph (1)(A), penalties received pursuant to paragraph (1)(B), and earnings on investments of amounts of the Fund under subparagraph (B).

“(2) which is guaranteed renewable and noncancellable for any reason (except as the applicable authority may prescribe by regulation); and

“(3) which allows for payment of premiums by any third party on behalf of the insured plan.

“(i) RESERVES.—For purposes of this section, the term ‘reserves’ means, in connection with an association health plan, plan assets which meet the fiduciary standards under part 4 and such additional requirements regarding liquidity as the applicable authority may prescribe by regulation.
“(j) SOLVENCY STANDARDS WORKING GROUP.—

“(1) IN GENERAL.—Within 90 days after the date of the enactment of the Small Business Health Fairness Act of 2015, the applicable authority shall establish a Solvency Standards Working Group. The plan may appear as a party and other interested persons may intervene in the proceedings at the discretion of the court. Pending such adjudication and upon the appointment by it of the Secretary as trustee, the court may stay any proceeding to enforce a lien against property of the plan or the sponsor or any other suit against the plan or the sponsor.

“(2) VENUE.—An action under this section may be brought in the judicial district where the sponsor or the plan administrator resides or does business or where any asset of the plan is situated. “(B) Finding Relating to Clinical Practice Guidelines.—If an administrative health care tribunal did not make a finding under subsection (e) that there was an applicable clinical practice guideline that the defendant adhered to, with respect to the State court proceeding under paragraph (1) the State court may issue summary judgment in favor of the
defendant health care professional unless the
claimant is able to show otherwise by clear and
convincing evidence. If an administrative health
care tribunal made a finding under subsection
(e) that there was an applicable clinical practice
guideline that the defendant adhered to, with

professional unless the claimant is able to show
otherwise by clear and convincing evidence.

“(C) FINDING RELATING TO STANDARD OF CARE.—Any finding an expert panel or adminis-
trative health care tribunal under subsection (d)

or that the plaintiff did not incur any damages
as a result shall be given deference by the State
court involved and shall entitle the defendant to

SEC. 403. PAYMENT OF DAMAGES AND RECOVERY OF COSTS IN HEALTH CARE LAWSUITS.

(a) Authorization of Payment of Future Damages to Claimants in Health Care Lawsuits.—In any health care lawsuit, if an award of future damages, without reduction to present value, equaling or exceeding $50,000 is made against a party with sufficient insurance or other assets to fund a periodic payment of such a judgment, the court shall, at the request of any party, enter a judgment ordering that the future damages be paid by periodic payments, in accordance with the Uniform Periodic Payment of Judgments Act promulgated by the Na-
tional Conference of Commissioners on Uniform State
Laws.

(b) RECOVERY OF COSTS; PAYMENT OF AWARD.—
In any health care lawsuit, the court may supervise the
arrangements for payment of damages to protect against
conflicts of interest that may have the effect of reducing
the amount of damages awarded that are actually paid
to claimants. In particular, in any health care lawsuit in
which the attorney for a party claims a financial stake
in the outcome by virtue of a contingent fee, the court
shall have the power to restrict the payment of a claim-
ant’s damage recovery to such attorney, and to redirect
such damages to the claimant based upon the interests
of justice and principles of equity.

(c) APPLICABILITY.—This section applies to all ac-
tions which have not been first set for trial or retrial be-
fore the effective date of this title.

(d) STATUTE OF LIMITATIONS.—Except in the case
of a State law that provides for a shorter period of time,
the time for the commencement of a health care lawsuit
shall be no more than 3 years after the date of manifesta-
tion of injury or 1 year after the claimant discovers, or
through the use of reasonable diligence should have discov-
ered, the injury, whichever occurs first. In no event shall
the time for commencement of a health care lawsuit exceed
3 years after the date of manifestation of injury unless
tolled for any of the following—
(1) upon proof of fraud;
(2) intentional concealment; or
(3) the presence of a foreign body, which has no
therapeutic or diagnostic purpose or effect, in the
person of the injured person.
Except in the case of a State law that provides for a short-
er period of time, actions by a minor shall be commenced
within 3 years from the date of the alleged manifestation
of injury except that actions by a minor under the full
age of 6 years shall be commenced within 3 years of mani-
festation of injury or prior to the minor’s 8th birthday,
whichever provides a longer period. Such time limitation
shall be tolled for minors for any period during which a
parent or guardian and a health care provider or health
care organization have committed fraud or collusion in the
failure to bring an action on behalf of the injured minor.
(e) Fair Share Rule.—In any health care lawsuit,
each party shall be liable for that party’s several share
of any damages only and not for the share of any other
person. Each party shall be liable only for the amount of
damages allocated to such party in direct proportion to
such party’s percentage of responsibility. Whenever a
judgment of liability is rendered as to any party, a sepa-
rate judgment shall be rendered against each such party for the amount allocated to such party. For purposes of this section, the trier of fact shall determine the proportion of responsibility of each party for the claimant’s harm.

(f) APOLOGIES.—In any health care lawsuit, if a claimant receives any expression of regret for any act pertaining to conduct giving rise to the health care lawsuit, such expression of regret, notwithstanding any applicable rule of evidence may not be admitted into evidence in the health care lawsuit.
