AN ACT

To accelerate the discovery, development, and delivery of 21st century cures, and for other purposes.

1

Be it enacted by the Senate and House of Representa-
2
tives of the United States of America in Congress assembled,
1 SECTION 1. SHORT TITLE; TABLE OF CONTENTS.

(a) SHORT TITLE.—This Act may be cited as the “21st Century Cures Act”.

(b) TABLE OF CONTENTS.—The table of contents for this Act is as follows:

Sec. 1. Short title; table of contents.
Sec. 2. NIH and Cures Innovation Fund.

TITLE I—DISCOVERY

Subtitle A—National Institutes of Health Funding

Sec. 1001. National Institutes of Health reauthorization.
Sec. 1002. Prize competitions.

Subtitle B—National Institutes of Health Planning and Administration

Sec. 1021. NIH research strategic plan.
Sec. 1022. Increasing accountability at the National Institutes of Health.
Sec. 1023. Reducing administrative burdens of researchers.
Sec. 1024. Exemption for the National Institutes of Health from the Paperwork Reduction Act requirements.
Sec. 1025. NIH travel.
Sec. 1026. Other transactions authority.
Sec. 1027. NCATS phase IIB restriction.
Sec. 1028. High-risk, high-reward research.
Sec. 1029. Sense of Congress on increased inclusion of underrepresented communities in clinical trials.

Subtitle C—Supporting Young Emerging Scientists

Sec. 1041. Improvement of loan repayment programs of the National Institutes of Health.
Sec. 1042. Report.

Subtitle D—Capstone Grant Program

Sec. 1061. Capstone award.

Subtitle E—Promoting Pediatric Research Through the National Institutes of Health

Sec. 1081. National pediatric research network.
Sec. 1082. Global pediatric clinical study network sense of Congress.
Sec. 1083. Appropriate age groupings in clinical research.

Subtitle F—Advancement of the National Institutes of Health Research and Data Access

Sec. 1101. Standardization of data in Clinical Trial Registry Data Bank on eligibility for clinical trials.

Subtitle G—Facilitating Collaborative Research
Sec. 1121. Clinical trial data system.
Sec. 1122. National neurological diseases surveillance system.
Sec. 1123. Data on natural history of diseases.
Sec. 1124. Accessing, sharing, and using health data for research purposes.

Subtitle II—Council for 21st Century Cures

TITLE II—DEVELOPMENT

Subtitle A—Patient-Focused Drug Development

Subtitle B—Qualification and Use of Drug Development Tools

Sec. 2022. Accelerated approval development plan.

Subtitle C—FDA Advancement of Precision Medicine

Sec. 2041. Precision medicine guidance and other programs of Food and Drug Administration.

Subtitle D—Modern Trial Design and Evidence Development

Sec. 2061. Broader application of Bayesian statistics and adaptive trial designs.
Sec. 2062. Utilizing evidence from clinical experience.
Sec. 2063. Streamlined data review program.

Subtitle E—Expediting Patient Access

Sec. 2081. Sense of Congress.
Sec. 2082. Expanded access policy.
Sec. 2083. Finalizing draft guidance on expanded access.

Subtitle F—Facilitating Responsible Manufacturer Communications

Sec. 2101. Facilitating dissemination of health care economic information.
Sec. 2102. Facilitating responsible communication of scientific and medical developments.

Subtitle G—Antibiotic Drug Development

Sec. 2121. Approval of certain drugs for use in a limited population of patients.
Sec. 2122. Susceptibility test interpretive criteria for microorganisms.
Sec. 2123. Encouraging the development and use of DISARM drugs.

Subtitle II—Vaccine Access, Certainty, and Innovation

Sec. 2141. Timely review of vaccines by the Advisory Committee on Immunization Practices.
Sec. 2142. Review of processes and consistency of ACIP recommendations.
Sec. 2143. Meetings between CDC and vaccine developers.

Subtitle I—Orphan Product Extensions Now; Incentives for Certain Products for Limited Populations
Sec. 2151. Extension of exclusivity periods for a drug approved for a new indication for a rare disease or condition.
Sec. 2152. Reauthorization of rare pediatric disease priority review voucher incentive program.

Subtitle J—Domestic Manufacturing and Export Efficiencies

Sec. 2161. Grants for studying the process of continuous drug manufacturing.
Sec. 2162. Re-exportation among members of the European Economic Area.

Subtitle K—Enhancing Combination Products Review

Sec. 2181. Enhancing combination products review.

Subtitle L—Priority Review for Breakthrough Devices

Sec. 2201. Priority review for breakthrough devices.

Subtitle M—Medical Device Regulatory Process Improvements

Sec. 2221. Third-party quality system assessment.
Sec. 2222. Valid scientific evidence.
Sec. 2223. Training and oversight in least burdensome appropriate means concept.
Sec. 2224. Recognition of standards.
Sec. 2225. Easing regulatory burden with respect to certain class I and class II devices.
Sec. 2226. Advisory committee process.
Sec. 2227. Humanitarian device exemption application.
Sec. 2228. CLIA waiver study design guidance for in vitro diagnostics.

Subtitle N—Sensible Oversight for Technology Which Advances Regulatory Efficiency

Sec. 2241. Health software.
Sec. 2242. Applicability and inapplicability of regulation.
Sec. 2243. Exclusion from definition of device.

Subtitle O—Streamlining Clinical Trials

Sec. 2261. Protection of human subjects in research; applicability of rules.
Sec. 2262. Use of non-local institutional review boards for review of investigational device exemptions and human device exemptions.
Sec. 2263. Alteration or waiver of informed consent for clinical investigations.

Subtitle P—Improving Scientific Expertise and Outreach at FDA

Sec. 2281. Silvio O. Conte Senior Biomedical Research Service.
Sec. 2282. Enabling FDA scientific engagement.
Sec. 2283. Reagan-Udall Foundation for the Food and Drug Administration.
Sec. 2284. Collection of certain voluntary information exempted from Paperwork Reduction Act.
Sec. 2285. Hiring authority for scientific, technical, and professional personnel.

Subtitle Q—Exempting From Sequestration Certain User Fees

Sec. 2301. Exempting from sequestration certain user fees of Food and Drug Administration.
Subtitle R—Other Provisions

Sec. 2321. Sense of Congress.

TITLE III—DELIVERY

Subtitle A—Interoperability

Sec. 3001. Ensuring interoperability of health information technology.

Subtitle B—Telehealth

Sec. 3021. Telehealth services under the Medicare Program.

Subtitle C—Encouraging Continuing Medical Education for Physicians

Sec. 3041. Exempting from manufacturer transparency reporting certain transfers used for educational purposes.

Subtitle D—Disposable Medical Technologies

Sec. 3061. Treatment of certain items and devices.

Subtitle E—Local Coverage Decision Reforms

Sec. 3081. Improvements in the Medicare local coverage determination (LCD) process.

Subtitle F—Medicare Pharmaceutical and Technology Ombudsman

Sec. 3101. Medicare pharmaceutical and technology ombudsman.

Subtitle G—Medicare Site-of-Service Price Transparency

Sec. 3121. Medicare site-of-Service price transparency.

Subtitle H—Medicare Part D Patient Safety and Drug Abuse Prevention

Sec. 3141. Programs to prevent prescription drug abuse under Medicare parts C and D.

TITLE IV—MEDICAID, MEDICARE, AND OTHER REFORMS

Subtitle A—Medicaid and Medicare Reforms

Sec. 4001. Limiting Federal Medicaid reimbursement to States for durable medical equipment (DME) to Medicare payment rates.

Sec. 4002. Excluding authorized generics from calculation of average manufacturer price.

Sec. 4003. Medicare payment incentive for the transition from traditional x-ray imaging to digital radiography and other Medicare imaging payment provision.

Sec. 4004. Treatment of infusion drugs furnished through durable medical equipment.

Sec. 4005. Extension and expansion of prior authorization for power mobility devices (PMDs) and accessories and prior authorization audit limitations.

Sec. 4006. Civil monetary penalties for violations related to grants, contracts, and other agreements.
SEC. 2. NIH AND CURES INNOVATION FUND.

(a) Establishment.—There is hereby established in the Treasury of the United States a fund to be known as the NIH and Cures Innovation Fund.

(b) Amounts Made Available to Fund.—

(1) In general.—There is authorized to be appropriated, and appropriated, to the NIH and Cures Innovation Fund, out of any funds in the Treasury not otherwise appropriated, $1,860,000,000 for each of fiscal years 2016 through 2020. The amounts appropriated to the NIH and Cures Innovation Fund by the preceding sentence shall be in addition to any amounts otherwise made available to the Department of Health and Human Services.

(2) Allocation of amounts.—Of the amounts made available from the NIH and Cures Innovation Fund for a fiscal year—

(A) $1,750,000,000 shall be for biomedical research of the National Institutes of Health under subsection (c)(1), of which—
(i) not less than $500,000,000 shall be for the Accelerating Advancement Program under subsection (d)(2);

(ii) not less than 35 percent of such amounts remaining after subtracting the allocation for the Accelerating Advancement Program shall be for early stage investigators as defined in subsection (g);

(iii) not less than 20 percent of such amounts remaining after subtracting the allocation for the Accelerating Advancement Program shall be for high-risk, high-reward research under section 409L of the Public Health Service Act, as added by section 1028; and

(iv) not more than 10 percent of such amounts (without subtracting the allocation for the Accelerating Advancement Program) shall be for intramural research; and

(B) $110,000,000 shall be for carrying out the provisions listed in subsection (c)(2).

(3) **Inapplicability of Certain Provisions.**—Amounts in the NIH and Cures Innovation
Fund (including amounts made available to the National Institutes of Health) shall not be subject to—

(A) any transfer authority of the Secretary of Health and Human Services or the Director of the National Institutes of Health under sections 241, 402A(e), or 402A(d) of the Public Health Service Act (42 U.S.C. 238j, 282a(c) and (d)) or any other provision of law (other than this section); or

(B) the Nonrecurring expenses fund under section 223 of division G of the Consolidated Appropriations Act, 2008 (42 U.S.C. 3514a).

c) AUTHORIZED USES.—

(1) NIH BIOMEDICAL RESEARCH.—Amounts in the NIH and Cures Innovation Fund that are allocated pursuant to subsection (b)(2)(A) may only be used for the purpose of conducting or supporting biomedical research (including basic, translational, and clinical research) through the following:

(A) Research in which—

(i) a principal investigator has a specific project or specific objectives; and

(ii) funding is tied to pursuit of such project or objectives.

(B) Research in which—
(i) a principal investigator has shown promise in biomedical research; and

(ii) funding is not tied to a specific project or specific objectives.

(C) Research to be carried out by an early stage investigator (as defined in subsection (g)).

(D) Research to be carried out by a small business concern (as defined in section 3 of the Small Business Act).

(E) The Accelerating Advancement Program under subsection (d)(2).

(F) Development and implementation of the strategic plan under subsection (d)(3).

(2) CURES DEVELOPMENT.—Amounts in the NIH and Cures Innovation Fund that are allocated pursuant to subsection (b)(2)(B) may only be used for the purpose of carrying out the following provisions:

(A) Section 229A of the Public Health Service Act, as added by section 1123 (relating to data on natural history of diseases).

(B) Section 2001 and the amendments made by such section (relating to development and use of patient experience data to enhance structured risk-benefit assessment framework).
(C) Section 2021 and the amendments made by such section (relating to qualification of drug development tools).

(D) Section 2062 and the amendments made by such section (relating to utilizing evidence from clinical experience).

(E) Section 2161 (relating to grants for studying the process of continuous drug manufacturing).

(F) Section 2201 and the amendments made by such section (relating to priority review for breakthrough devices).

(G) Section 2221 and the amendments made by such section (relating to third-party quality system assessments).

(H) Sections 2241, 2242, and 2243 and the amendments made by such sections (relating to health software).

(I) Section 513(j) of the Federal Food, Drug, and Cosmetic Act, as added by section 2223 (relating to training and oversight in least burdensome appropriate means concept).

(d) NIH INNOVATION FUND.—

(1) COORDINATION.—In conducting or supporting biomedical research pursuant to funds allo-
cated pursuant to subsection (b)(2)(A), the Secretary of Health and Human Services, acting through the Director of the National Institutes of Health, shall—

(A) ensure coordination among the national research institutes, the national centers, and other departments, agencies, and offices of the Federal Government; and

(B) minimize unnecessary duplication.

(2) ACCELERATING ADVANCEMENT PROGRAM.—

The Director of the National Institutes of Health shall establish a program, to be known as the Accelerating Advancement Program, under which—

(A) the Director partners with national research institutes and national centers to accomplish important biomedical research objectives; and

(B) for every $1 made available by the Director to a national research institute or national center for a research project, the institute or center makes $1 available for such project from funds that are not derived from the NIH and Cures Innovation Fund.

(3) STRATEGIC PLAN.—
(A) In general.—The Director of the National Institutes of Health shall ensure that scientifically based strategic planning is implemented in support of research priorities, including through development, use, and updating of a research strategic plan that—

(i) is designed to increase the efficient and effective focus of biomedical research in a manner that leverages the best scientific opportunities through a deliberative planning process;

(ii) identifies areas, to be known as strategic focus areas, in which the resources of the NIH and Cures Innovation Fund can contribute to the goals of expanding knowledge to address, and find more effective treatments for, unmet medical needs in the United States, including the areas of—

(I) biomarkers;

(II) precision medicine;

(III) infectious diseases, including pathogens listed as a qualifying pathogen under section 505E(f) of the Federal Food, Drug, and Cosmetic
Act or listed or designated as a tropical disease under section 524 of such Act; and
(IV) antibiotics;
(iii) includes objectives for each such strategic focus area; and
(iv) ensures that basic research remains a priority.

(B) Updates and reviews.—The Director of the National Institutes of Health shall review and, as appropriate, update the research strategic plan under subparagraph (A) not less than every 18 months.

(e) Transfer authority.—The Committee on Appropriations of the Senate and the Committee on Appropriations of the House of Representatives may provide for the transfer of funds in the NIH and Cures Innovation Fund for the purposes specified in subsection (c).

(f) Supplement, not supplant; limitations.—Funds appropriated by subsection (b)—
(1) shall be used to supplement, not supplant, amounts otherwise made available to the Department of Health and Human Services;
(2) are subject to the requirements and limitations of the most recently enacted regular or full-
year continuing appropriation Act or resolution (as
of the date of obligation) for programs of the Na-
tional Institutes of Health or the Food and Drug 
Administration, as applicable; and 

(3) notwithstanding any transfer authority in 
any appropriation Act, shall not be used for any 
purpose other than the purposes specified in sub-
section (c).

(g) DEFINITION.—In this subsection:

(1) The term “early stage investigator” means 
an investigator who— 

(A) will be the principal investigator or the 
program director of the proposed research;

(B) has never been awarded, or has been 
awarded only once, a substantial, competing 
grant by the National Institutes of Health for 
independent research; and

(C) is within 10 years of having com-
pleted—

(i) the investigator’s terminal degree;

or

(ii) a medical residency (or the equiva-
 lent).

(2) The terms “national center” and “national 
research institute” have the meanings given to those
terms in section 401(g) of the Public Health Service Act (42 U.S.C. 281(g)).

**TITLE I—DISCOVERY**

**Subtitle A—National Institutes of Health Funding**

**SEC. 1001. NATIONAL INSTITUTES OF HEALTH REAUTHORIZATION.**

Section 402A(a)(1) of the Public Health Service Act (42 U.S.C. 282a(a)(1)) is amended—

(1) in subparagraph (B), by striking at the end “and”;

(2) in subparagraph (C), by striking at the end the period and inserting a semicolon; and

(3) by adding at the end the following new subparagraphs:

“(D) $31,811,000,000 for fiscal year 2016;

“(E) $33,331,000,000 for fiscal year 2017;

and

“(F) $34,851,000,000 for fiscal year 2018.”.

**SEC. 1002. PRIZE COMPETITIONS.**

Part B of title IV of the Public Health Service Act (42 U.S.C. 284 et seq.) is amended by adding at the end the following:
“SEC. 409K. PRIZE COMPETITIONS FOR IMPROVING HEALTH OUTCOMES AND REDUCING FEDERAL EXPENDITURES.

“(a) ESTABLISHMENT; GOALS.—The Director of NIH shall establish and implement an Innovation Prizes Program for one or both of the following goals:

“(1) Identifying and funding areas of biomedical science that could realize significant advancements through the creation of a prize competition.

“(2) Improving health outcomes, particularly with respect to human diseases and conditions for which public and private investment in research is disproportionately small relative to Federal Government expenditures on prevention and treatment activities, thereby reducing Federal expenditures on health programs.

“(b) DESIGN OF PRIZE COMPETITIONS.—Not later than 6 months after the date of enactment of this section, the Director of NIH shall—

“(1) design prize competitions—

“(A) to cooperate with competitors to realize innovations to identify and address areas of biomedical science that could realize significant advancements through the creation of a prize competition; and
“(B) to award one or more prizes—

“(i) if appropriate, at the beginning of
or during the competitions, to the competi-
tors whose innovations are most promising
or demonstrate progress; and

“(ii) at the end of the competitions, to
the competitors whose innovations prove to be the best solutions;

“(2) ensure that the design of such competi-
tions—

“(A) is realistic, given the amount of funds
to be awarded as prizes;

“(B) does not reflect any bias concerning
the type of innovations which will prove to be the best solutions; and

“(C) allows any person to participate as a competitor without regard to the person’s place of incorporation, primary place of business, citi-
zenship, and residency, as applicable; and

“(3) submit to the Congress a report on the de-
sign of such competitions.

“(c) INNOVATION PRIZES ADVISORY BOARD.—

“(1) Establishment.—The Director of NIH shall establish and maintain a board, to be known as
the I-Prize Board, to advise and assist the Director of NIH in carrying out this section.

“(2) COMPOSITION; TERMS.—

“(A) COMPOSITION.—The I-Prize Board shall be composed of nine voting members as follows:

“(i) The Director of NIH (or the Director’s designee).

“(ii) Four members appointed by the Director of NIH.

“(iii) One member appointed by the Speaker of the House of Representatives.

“(iv) One member appointed by the majority leader of the Senate.

“(v) One member appointed by the minority leader of the House of Representatives.

“(vi) One member appointed by the minority leader in the Senate.

“(B) INCLUSION OF CERTAIN EXPERTS.—The members of the I-Prize Board appointed under clauses (ii) through (vi) of subparagraph (A) shall, collectively, include medical, economic, budgetary, innovation, or venture capital experts from for-profit and not-for-profit pri-
private sector entities with experience in awarding
prizes similar to the prizes under this section.

“(C) TERMS.—The appointed members of
the I-Prize Board shall each be appointed for a
term of 5 years.

“(D) APPOINTMENT OF INITIAL MEM-
BERS.—The initial appointed members of the I-
Prize Board shall be appointed not later than
120 days after the date of enactment of this
section.

“(3) RESPONSIBILITIES.—The I-Prize Board
shall be responsible for advising the Director of NIH
by—

“(A) identifying areas of biomedical
science that could realize significant advances-
ments through the creation of a prize competi-
tion;

“(B) making recommendations on estab-
lishing the criteria for prize competitions under
this section;

“(C) making recommendations on which
business organizations or other entities have
successfully met the criteria established for the
prize competition; and
“(D) gaining insight from researchers, health economists, academia, and industry on how to conduct prize competitions.

“(d) Restrictions.—

“(1) No financial conflicts of interest.—Any member of the I-Prize Board, and any officer or employee of the National Institutes of Health responsible for carrying out this section, may not personally or substantially participate in the consideration or determination by the I-Prize Board of any matter that would directly or predictably affect any financial interest of—

“(A) the individual or a relative (as such term is defined in section 109(16) of the Ethics in Government Act of 1978) of the individual; or

“(B) of any business organization or other entity—

“(i) of which the individual is an officer or employee;

“(ii) with respect to which the individual is negotiating for employment; or

“(iii) in which the individual has any other financial interest.
“(2) NO AWARDS TO COMPETITORS LIKELY TO REAP FINANCIAL BENEFIT FROM INNOVATION.—The Director of NIH may not, with respect to an innovation, award a prize under this section to any individual or entity that has a vested financial interest in any product or procedure that is likely to be developed or marketed because of such innovation.

“(e) PROCESS OF AWARD.—The full monetary amount of any prize awarded under this section shall be made available to the prize winner not later than 90 days after the date of such award.

“(f) SIMULATION.—The Director of NIH may—

“(1) award one or more contracts—

“(A) to perform a simulation of the prize competitions to be conducted under this section, based on the designs developed under subsection (b); and

“(B) to use the simulation to assess the effectiveness of the design; and

“(2) not later than 4 months after awarding such one or more contracts, submit to the Congress a report on the results of the simulation and assessment.

“(g) IMPLEMENTATION OF PRIZE COMPETITIONS.—
“(1) IN GENERAL.—The Director of NIH may enter into an agreement with one or more entities described in section 501(c), and exempt from tax under section 501(a), of the Internal Revenue Code of 1986 to implement prize competitions based on the designs developed under subsection (b).

“(2) MINIMUM PERCENTAGE FOR PRIZES.—If the Director of NIH enters into an agreement under paragraph (1) to provide funds or other assistance (including in-kind contributions and testing or other technical support) to an entity to implement a prize competition under this section—

“(A) not more than 15 percent of such assistance shall be for administration of the prize competition; and

“(B) not less than 85 percent of such assistance shall be for activities in direct support of competitors such as demonstration, testing, education, and prize awards.

“(h) TRACKING; REPORTING.—The Director of NIH shall—

“(1) collect information on—

“(A) the medical efficacy of innovations funded through the prize competitions under this section; and
“(B) the actual and potential effect of the innovations on Federal expenditures; and

“(2) not later than 1 year after the conclusion of the prize competitions under this section, and not later than the end of each of the 4 succeeding years, submit to the Congress a report on the information collected under paragraph (1).

“(i) INTELLECTUAL PROPERTY.—

“(1) PROHIBITION ON THE GOVERNMENT ACQUIRING INTELLECTUAL PROPERTY RIGHTS.—The Federal Government may not gain an interest in intellectual property developed by a participant in a prize competition under this section without the written consent of the participant.

“(2) LICENSES.—The Federal Government may negotiate a license for the use of intellectual property developed by a participant in a prize competition under this section.”.

Subtitle B—National Institutes of Health Planning and Administration

SEC. 1021. NIH RESEARCH STRATEGIC PLAN.

Section 402 of the Public Health Service Act (42 U.S.C. 282) is amended—
(1) in subsection (b), by amending paragraph (5) to read as follows:

“(5) shall ensure that scientifically based strategic planning is implemented in support of research priorities as determined by the agencies of the National Institutes of Health, including through development, use, and updating of the research strategic plan under subsection (m);”; and

(2) by adding at the end the following:

“(m) RESEARCH STRATEGIC PLAN.—

“(1) FIVE-YEAR PLANS FOR BIOMEDICAL RESEARCH STRATEGY.—

“(A) IN GENERAL.—For each successive 5-year period beginning with the period of fiscal years 2016 through 2020, the Director of NIH, in consultation with the entities described in subparagraph (B), shall develop and maintain a biomedical research strategic plan that—

“(i) is designed to increase the efficient and effective focus of biomedical research in a manner that leverages the best scientific opportunities through a deliberative planning process;

“(ii) identifies areas, to be known as strategic focus areas, in which the re-
sources of the National Institutes of Health can best contribute to the goal of expanding knowledge on human health in the United States through biomedical research; and

“(iii) includes objectives for each such strategic focus area.

“(B) Entities described.—The entities described in this subparagraph are the directors of the national research institutes and national centers, researchers, patient advocacy groups, and industry leaders.

“(2) Use of plan.—The Director of NIH and the directors of the national research institutes and national centers shall use the strategic plan—

“(A) to identify research opportunities; and

“(B) to develop individual strategic plans for the research activities of each of the national research institutes and national centers that—

“(i) have a common template; and

“(ii) identify strategic focus areas in which the resources of the national research institutes and national centers can
best contribute to the goal of expanding
knowledge on human health in the United
States through biomedical research.

“(3) CONTENTS OF PLANS.—

“(A) STRATEGIC FOCUS AREAS.—The stra-
tegic focus areas identified pursuant to para-
graph (1)(A)(ii) shall—

“(i) be identified in a manner that—

“(I) considers the return on in-
vestment to the United States public
through the investments of the Na-
tional Institutes of Health in bio-
medical research; and

“(II) contributes to expanding
knowledge to improve the United
States public’s health through bio-
medical research; and

“(ii) include overarching and trans-
National Institutes of Health strategic
focus areas, to be known as Mission Pri-
ority Focus Areas, which best serve the
goals of preventing or eliminating the bur-
den of a disease or condition and scientif-
ically merit enhanced and focused research
over the next 5 years.
“(B) Rare and pediatric diseases and conditions.—In developing and maintaining a strategic plan under this subsection, the Director of NIH shall ensure that rare and pediatric diseases and conditions remain a priority.

“(C) Workforce.—In developing and maintaining a strategic plan under this subsection, the Director of NIH shall ensure that maintaining the biomedical workforce of the future, including the participation by scientists from groups traditionally underrepresented in the scientific workforce, remains a priority.

“(4) Initial plan.—Not later than 270 days after the date of enactment of this subsection, the Director of NIH and the directors of the national research institutes and national centers shall—

“(A) complete the initial strategic plan required by paragraphs (1) and (2); and

“(B) make such initial strategic plan publicly available on the website of the National Institutes of Health.

“(5) Review; updates.—

“(A) Progress reviews.—Not less than annually, the Director of NIH, in consultation with the directors of the national research insti-
tutes and national centers, shall conduct progress reviews for each strategic focus area identified under paragraph (1)(A)(ii).

“(B) UPDATES.—Not later than the end of the 5-year period covered by the initial strategic plan under this subsection, and every 5 years thereafter, the Director of NIH, in consultation with the directors of the national research institutes and national centers, stakeholders in the scientific field, advocates, and the public at large, shall—

“(i) conduct a review of the plan, including each strategic focus area identified under paragraph (2)(B); and

“(ii) update such plan in accordance with this section.”.

SEC. 1022. INCREASING ACCOUNTABILITY AT THE NATIONAL INSTITUTES OF HEALTH.

(a) APPOINTMENT AND TERMS OF DIRECTORS OF NATIONAL RESEARCH INSTITUTES AND NATIONAL CENTERS.—Subsection (a) of section 405 of the Public Health Service Act (42 U.S.C. 284) is amended to read as follows:

“(a) APPOINTMENT; TERMS.—

“(1) APPOINTMENT.—The Director of the National Cancer Institute shall be appointed by the
President and the directors of the other national research institutes, as well as the directors of the national centers, shall be appointed by the Director of NIH. The directors of the national research institutes, as well as national centers, shall report directly to the Director of NIH.

“(2) TERMS.—

“(A) IN GENERAL.—The term of office of a director of a national research institute or national center shall be 5 years.

“(B) REMOVAL.—The director of a national research institute or national center may be removed from office by the Director of NIH prior to the expiration of such director’s 5-year term.

“(C) REAPPOINTMENT.—At the end of the term of a director of a national research institute or national center, the director may be re-appointed. There is no limit on the number of terms a director may serve.

“(D) VACANCIES.—If the office of a director of a national research institute or national center becomes vacant before the end of such director’s term, the director appointed to fill the
vacancy shall be appointed for a 5-year term starting on the date of such appointment.

“(E) TRANSITIONAL PROVISION.—Each director of a national research institute or national center serving on the date of enactment of the 21st Century Cures Act is deemed to be appointed for a 5-year term under this subsection starting on such date of enactment.”.

(b) COMPENSATION TO CONSULTANTS OR INDIVIDUAL SCIENTISTS.—Section 202 of the Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 1993 (Public Law 102–394; 42 U.S.C. 238f note) is amended by striking “portable structures;” and all that follows and inserting “portable structures.”.

(e) REVIEW OF CERTAIN AWARDS BY DIRECTORS.—Section 405(b) of the Public Health Service Act (42 U.S.C. 284(b)) is amended by adding at the end the following:

“(3) Before an award is made by a national research institute or by a national center for a grant for a research program or project (commonly referred to as an ‘R-series grant’), other than an award constituting a noncompeting renewal of such grant, or a noncompeting administrative
supplement to such grant, the director of such national research institute or national center—

“(A) shall review and approve the award; and

“(B) shall take into consideration—

“(i) the mission of the national research institute or national center and the scientific priorities identified in the strategic plan under section 402(m); and

“(ii) whether other agencies are funding programs or projects to accomplish the same goal.”.

(d) IOM Study on Duplication in Federal Biomedical Research.—The Secretary of Health and Human Services shall enter into an arrangement with the Institute of Medicine of the National Academies (or, if the Institute declines, another appropriate entity) under which the Institute (or other appropriate entity) not later than 2 years after the date of enactment of this Act will—

(1) complete a study on the extent to which biomedical research conducted or supported by Federal agencies is duplicative; and

(2) submit a report to the Congress on the results of such study, including recommendations on how to prevent such duplication.
SEC. 1023. REDUCING ADMINISTRATIVE BURDENS OF RESEARCHERS.

(a) Plan Preparation and Implementation of Measures to Reduce Administrative Burdens.—The Director of the National Institutes of Health shall prepare a plan, including time frames, and implement measures to reduce the administrative burdens of researchers funded by the National Institutes of Health, taking into account the recommendations, evaluations, and plans researched by the following entities:

(1) The Scientific Management Review Board.

(2) The National Academy of Sciences.

(3) The 2007 and 2012 Faculty Burden Survey conducted by The Federal Demonstration Partnership.

(b) Report.—Not later than 2 years after the date of enactment of this Act, the Director of the National Institutes of Health shall submit to Congress a report on the extent to which the Director has implemented measures pursuant to subsection (a).
SEC. 1024. EXEMPTION FOR THE NATIONAL INSTITUTES OF HEALTH FROM THE PAPERWORK REDUCTION ACT REQUIREMENTS.

Section 3518(c)(1) of title 44, United States Code, is amended—

(1) in subparagraph (C), by striking “; or” and inserting a semicolon;

(2) in subparagraph (D), by striking the period at the end and inserting “; or”; and

(3) by inserting at the end the following new subparagraph:

“(E) during the conduct of research by the National Institutes of Health.”.

SEC. 1025. NIH TRAVEL.

It is the sense of Congress that participation in or sponsorship of scientific conferences and meetings is essential to the mission of the National Institutes of Health.

SEC. 1026. OTHER TRANSACTIONS AUTHORITY.

Section 480 of the Public Health Service Act (42 U.S.C. 287a) is amended—

(1) in subsection (b), by striking “the appropriation of funds as described in subsection (g)” and inserting “the availability of funds as described in subsection (f)”;

(2) in subsection (e)(3), by amending subparagraph (C) to read as follows:
“(C) Other transactions authority.—

The Director of the Center shall have other transactions authority in entering into transactions to fund projects in accordance with the terms and conditions of this section.”;

(3) by striking subsection (f); and

(4) by redesignating subsection (g) as subsection (f).

SEC. 1027. NCATS PHASE IIB RESTRICTION.

Section 479 of the Public Health Service Act (42 U.S.C. 287) is amended—

(1) prior to making the amendments under paragraph (2), by striking “IIB” each place it appears and inserting “III”; and

(2) by striking “IIA” each place it appears and inserting “IIB”.

SEC. 1028. HIGH-RISK, HIGH-REWARD RESEARCH.

Part B of title IV of the Public Health Service Act (42 U.S.C. 284 et seq.), as amended by section 1002 of this Act, is amended by adding at the end the following:

“SEC. 409L. HIGH-RISK, HIGH-REWARD RESEARCH PROGRAM.

“The director of each national research institute shall, as appropriate—
“(1) establish programs to conduct or support research projects that pursue innovative approaches to major contemporary challenges in biomedical research that involve inherent high risk, but have the potential to lead to breakthroughs; and

“(2) set aside a specific percentage of funding, to be determined by the Director of NIH for each national research institute, for such projects.”.

SEC. 1029. SENSE OF CONGRESS ON INCREASED INCLUSION OF UNDERREPRESENTED COMMUNITIES IN CLINICAL TRIALS.

It is the sense of Congress that the National Institute on Minority Health and Health Disparities (NIMHD) should include within its strategic plan ways to increase representation of underrepresented communities in clinical trials.

Subtitle C—Supporting Young Emerging Scientists

SEC. 1041. IMPROVEMENT OF LOAN REPAYMENT PROGRAMS OF THE NATIONAL INSTITUTES OF HEALTH.

(a) In General.—Part G of title IV of the Public Health Service Act (42 U.S.C. 288 et seq.) is amended—
(1) by redesignating the second section 487F
(42 U.S.C. 288–6; relating to pediatric research loan
repayment program) as section 487G; and
(2) by inserting after section 487G, as so redesignated, the following:

“SEC. 487H. LOAN REPAYMENT PROGRAM.

“(a) IN GENERAL.—The Secretary shall establish a
program, based on workforce and scientific needs, of en-
tering into contracts with qualified health professionals
under which such health professionals agree to engage in
research in consideration of the Federal Government
agreeing to pay, for each year of engaging in such re-
search, not more than $50,000 of the principal and inter-
est of the educational loans of such health professionals.

“(b) ADJUSTMENT FOR INFLATION.—Beginning with
respect to fiscal year 2017, the Secretary may increase
the maximum amount specified in subsection (a) by an
amount that is determined by the Secretary, on an annual
basis, to reflect inflation.

“(c) LIMITATION.—The Secretary may not enter into
a contract with a health professional pursuant to sub-
section (a) unless such professional has a substantial
amount of educational loans relative to income.

“(d) APPLICABILITY OF CERTAIN PROVISIONS RE-
GARDING OBLIGATED SERVICE.—Except to the extent in-
consistent with this section, the provisions of sections 338B, 338C, and 338E shall apply to the program established under this section to the same extent and in the same manner as such provisions apply to the National Health Service Corps Loan Repayment Program established under section 338B.

“(e) Availability of Appropriations.—Amounts appropriated for a fiscal year for contracts under subsection (a) are authorized to remain available until the expiration of the second fiscal year beginning after the fiscal year for which the amounts were appropriated.”.

(b) Update of Other Loan Repayment Programs.—

(1) Section 464z–5(a) of the Public Health Service Act (42 U.S.C.285t–2(a)) is amended—

(A) by striking “$35,000” and inserting “$50,000”; and

(B) by adding at the end the following new sentence: “Subsection (b) of section 487H shall apply with respect to the maximum amount specified in this subsection in the same manner as it applies to the maximum amount specified in subsection (a) of such section.”.

(2) Section 487A(a) of such Act (42 U.S.C. 288–1(a)) is amended—
(A) by striking “$35,000” and inserting “$50,000”; and

(B) by adding at the end the following new sentence: “Subsection (b) of section 487H shall apply with respect to the maximum amount specified in this subsection in the same manner as it applies to the maximum amount specified in subsection (a) of such section.”.

(3) Section 487B(a) of such Act (42 U.S.C. 288–2(a)) is amended—

(A) by striking “$35,000” and inserting “$50,000”; and

(B) by adding at the end the following new sentence: “Subsection (b) of section 487H shall apply with respect to the maximum amount specified in such subsection in the same manner as it applies to the maximum amount specified in such subsection (a) of such section.”.

(4) Section 487C(a)(1) of such Act (42 U.S.C. 288–3(a)(1)) is amended—

(A) by striking “$35,000” and inserting “$50,000”; and

(B) by adding at the end the following new sentence: “Subsection (b) of section 487H shall apply with respect to the maximum amount
specified in this paragraph in the same manner
as it applies to the maximum amount specified
in such subsection (a) of such section.”.

(5) Section 487E(a)(1) of such Act (42 U.S.C.
288–5(a)(1)) is amended—

(A) by striking “$35,000” and inserting
“$50,000”; and

(B) by adding at the end the following new
sentence: “Subsection (b) of section 487H shall
apply with respect to the maximum amount
specified in this paragraph in the same manner
as it applies to the maximum amount specified
in such subsection (a) of such section.”.

(6) Section 487F(a) of such Act (42 U.S.C.
288–5a(a)), as added by section 205 of Public Law
106–505, is amended—

(A) by striking “$35,000” and inserting
“$50,000”; and

(B) by adding at the end the following new
sentence: “Subsection (b) of section 487H shall
apply with respect to the maximum amount
specified in this subsection in the same manner
as it applies to the maximum amount specified
in such subsection (a) of such section.”.
(7) Section 487G of such Act (42 U.S.C. 288–6, as redesignated by subsection (a)(1)), is further amended—

(A) in subsection (a)(1), by striking “$35,000” and inserting “$50,000”; and

(B) in subsection (b), by adding at the end the following new sentence: “Subsection (b) of section 487H shall apply with respect to the maximum amount specified in subsection (a)(1) in the same manner as it applies to the maximum amount specified in such subsection (a) of such section.”.

SEC. 1042. REPORT.

Not later than 18 months after the date of the enactment of this Act, the Director of the National Institutes of Health shall submit to Congress a report on efforts of the National Institutes of Health to attract, retain, and develop emerging scientists, including underrepresented individuals in the sciences, such as women and other minorities.
Subtitle D—Capstone Grant Program

SEC. 1061. CAPSTONE AWARD.

Part G of title IV of the Public Health Service Act (42 U.S.C. 288 et seq.) is amended by adding at the end the following:

“SEC. 490. CAPSTONE AWARD.

“(a) IN GENERAL.—The Secretary may make awards (each of which, hereafter in this section, referred to as a ‘Capstone Award’) to support outstanding scientists who have been funded by the National Institutes of Health.

“(b) PURPOSE.—Capstone Awards shall be made to facilitate the successful transition or conclusion of research programs, or for other purposes, as determined by the Director of NIH, in consultation with the directors of the national research institutes and national centers.

“(c) DURATION AND AMOUNT.—The duration and amount of each Capstone Award shall be determined by the Director of NIH in consultation with the directors of the national research institutes and national centers.

“(d) LIMITATION.—Individuals who have received a Capstone Award shall not be eligible to have principal investigator status on subsequent awards from the National Institutes of Health.”.
Subtitle E—Promoting Pediatric Research Through the National Institutes of Health

SEC. 1081. NATIONAL PEDIATRIC RESEARCH NETWORK.

Section 409D(d) of the Public Health Service Act (42 U.S.C. 284h(d)) is amended—

(1) in paragraph (1)—

(A) by striking “in consultation with the Director of the Eunice Kennedy Shriver National Institute of Child Health and Human Development and in collaboration with other appropriate national research institutes and national centers that carry out activities involving pediatric research” and inserting “in collaboration with the national research institutes and national centers that carry out activities involving pediatric research”;

(B) by striking subparagraph (B);

(C) by striking “may be comprised of, as appropriate” and all that follows through “the pediatric research consortia” and inserting “may be comprised of, as appropriate, the pediatric research consortia”; and

(D) by striking “; or” at the end and inserting a period; and
(2) in paragraph (1), paragraph (2)(A), the first sentence of paragraph (2)(E), and paragraph (4), by striking “may” each place it appears and inserting “shall”.

SEC. 1082. GLOBAL PEDIATRIC CLINICAL STUDY NETWORK

SENSE OF CONGRESS.

It is the sense of Congress that—

(1) the National Institutes of Health should encourage a global pediatric clinical study network through the allocation of grants, contracts, or cooperative agreements to supplement the salaries of new and early investigators who participate in the global pediatric clinical study network;

(2) National Institutes of Health grants, contracts, or cooperative agreements should be awarded, solely for the purpose of supplementing the salaries of new and early investigators, to entities that participate in the global pediatric clinical study network;

(3) the Food and Drug Administration should engage the European Medicines Agency and other foreign regulatory entities during the formation of the global pediatric clinical study network to encourage their participation; and
(4) once a global pediatric clinical study network is established and becomes operational, the Food and Drug Administration should continue to engage the European Medicines Agency and other foreign regulatory entities to encourage and facilitate their participation in the network with the goal of enhancing the global reach of the network.

SEC. 1083. APPROPRIATE AGE GROUPINGS IN CLINICAL RESEARCH.

(a) Input From Experts.—Not later than 180 days after the date of enactment of this Act, the Director of the National Institutes of Health shall convene a workshop of experts on pediatrics and experts on geriatrics to provide input on—

(1) appropriate age groupings to be included in research studies involving human subjects; and

(2) acceptable scientific justifications for excluding participants from a range of age groups from human subjects research studies.

(b) Guidelines.—Not later than 180 days after the conclusion of the workshop under subsection (a), the Director of the National Institutes of Health shall publish guidelines—
(1) addressing the consideration of age as an
inclusion variable in research involving human sub-
jects; and

(2) identifying criteria for justifications for any
age-related exclusions in such research.

(e) PUBLIC AVAILABILITY OF FINDINGS AND CON-
CLUSIONS.—The Director of the National Institutes of
Health shall—

(1) make the findings and conclusions resulting
from the workshop under subsection (a) available to
the public on the website of the National Institutes
of Health; and

(2) not less than biennially, disclose to the pub-
lic on such website the number of children included
in research that is conducted or supported by the
National Institutes of Health, disaggregated by de-
velopmentally appropriate age group, race, and gen-
der.

Subtitle F—Advancement of the
National Institutes of Health Re-
search and Data Access

SEC. 1101. STANDARDIZATION OF DATA IN CLINICAL TRIAL
REGISTRY DATA BANK ON ELIGIBILITY FOR
CLINICAL TRIALS.

(a) STANDARDIZATION.—
(1) IN GENERAL.—Section 402(j) of the Public Health Service Act (42 U.S.C. 282(j)) is amended—

(A) by redesignating paragraph (7) as paragraph (8); and

(B) by inserting after paragraph (6) the following:

“(7) STANDARDIZATION.—The Director of NIH shall—

“(A) ensure that the registry and results data bank is easily used by the public;

“(B) ensure that entries in the registry and results data bank are easily compared;

“(C) ensure that information required to be submitted to the registry and results data bank, including recruitment information under paragraph (2)(A)(ii)(II), is submitted by persons and posted by the Director of NIH in a standardized format and includes at least—

“(i) the disease or indication being studied;

“(ii) inclusion criteria such as age, gender, diagnosis or diagnoses, laboratory values, or imaging results; and
“(iii) exclusion criteria such as specific diagnosis or diagnoses, laboratory values, or prohibited medications; and

“(D) to the extent possible, in carrying out this paragraph, make use of standard health care terminologies, such as the International Classification of Diseases or the Current Procedural Terminology, that facilitate electronic matching to data in electronic health records or other relevant health information technologies.”.

(2) CONFORMING AMENDMENT.—Clause (iv) of section 402(j)(2)(B) of the Public Health Service Act (42 U.S.C. 282(j)(2)(B)) is hereby stricken.

(b) CONSULTATION.—Not later than 90 days after the date of enactment of this Act, the Secretary of Health and Human Services shall consult with stakeholders (including patients, researchers, physicians, industry representatives, health information technology providers, the Food and Drug Administration, and standard setting organizations such as CDISC that have experience working with Federal agencies to standardize health data submissions) to receive advice on enhancements to the clinical trial registry data bank under section 402(j) of the Public Health Service Act (42 U.S.C. 282(j)) (including enhance-
ments to usability, functionality, and search capability) that are necessary to implement paragraph (7) of section 402(j) of such Act, as added by subsection (a).

(c) APPLICABILITY.—Not later than 18 months after the date of enactment of this Act, the Secretary of Health and Human Services shall begin implementation of paragraph (7) of section 402(j) of the Public Health Service Act, as added by subsection (a).

Subtitle G—Facilitating Collaborative Research

SEC. 1121. CLINICAL TRIAL DATA SYSTEM.

(a) ESTABLISHMENT.—The Secretary, acting through the Commissioner of Food and Drugs and the Director of the National Institutes of Health, shall enter into a cooperative agreement, contract, or grant for a period of 7 years, to be known as the Clinical Trial Data System Agreement, with one or more eligible entities to implement a pilot program with respect to all clinical trial data obtained from qualified clinical trials for purposes of registered users conducting further research on such data.

(b) APPLICATION.—Eligible entities seeking to enter into a cooperative agreement, contract, or grant with the Secretary under this section shall submit to the Secretary an application in such time and manner, and containing such information, as the Secretary may require in accord-
ance with this section. The Secretary shall not enter into a cooperative agreement, contract, or grant under this section with an eligible entity unless such entity submits an application including the following:

(1) A certification that the eligible entity is not currently and does not plan to be involved in sponsoring, operating, or participating in a clinical trial nor collaborating with another entity for the purposes of sponsoring, operating, or participating in a clinical trial.

(2) Information demonstrating that the eligible entity can compile clinical trial data in standardized formats using terminologies and standards that have been developed by recognized standards developing organizations with input from diverse stakeholder groups, and information demonstrating that the eligible entity can de-identify clinical trial data consistent with the requirements of section 164.514 of title 45, Code of Federal Regulations (or successor regulations).

(3) A description of the system the eligible entity will use to store and maintain such data, and information demonstrating that this system will comply with applicable standards and requirements for ensuring the security of the clinical trial data.
(4) A certification that the eligible entity will allow only registered users to access and use de-identified clinical trial data, gathered from qualified clinical trials, and that the eligible entity will allow each registered user to access and use such data only after such registered user agrees in writing to the terms described in (e)(4)(B), and such other carefully controlled contractual terms as may be defined by the Secretary.

(5) Evidence demonstrating the ability of the eligible entity to ensure that registered users disseminate the results of the research conducted in accordance with this section to interested parties to serve as a guide to future medical product development or scientific research.

(6) The plan of the eligible entity for securing funding for the activities it would conduct under the clinical trial data system agreement from governmental sources and private foundations, entities, and individuals.

(7) Evidence demonstrating a proven track record of—

(A) being a neutral third party in working with medical product manufacturers, academic
institutions, and the Food and Drug Administra-
nation; and

(B) having the ability to protect confidential data.

(8) An agreement that the eligible entity will work with the Comptroller General of the United States for purposes of the study and report under subsection (d).

(e) EXTENSION, EXPANSION, TERMINATION.—The Secretary, acting through the Commissioner of Food and Drugs and the Director of the National Institutes of Health, upon the expiration of the 7-year period referred to in subsection (a), may extend (including permanently), expand, or terminate the pilot program established under such subsection, in whole or in part.

(d) STUDY AND REPORT.—

(1) IN GENERAL.—The Comptroller General of the United States shall conduct a study and issue a report to the Congress and the Secretary with respect to the pilot program established under subsection (a), not later than 6 years after the date on which the pilot program is established under subsection (a).

(2) STUDY.—The study under paragraph (1) shall—
(A) review the effectiveness of the pilot program established under subsection (a); and

(B) be designed to formulate recommendations on improvements to the program.

(3) REPORT.—The report under paragraph (1) shall contain at least the following information:

(A) The new discoveries, research inquiries, or clinical trials that have resulted from accessing clinical trial data under the pilot program established under subsection (a).

(B) The number of times scientists have accessed such data, disaggregated by research area and clinical trial phase.

(C) An analysis of whether the program has helped to reduce adverse events in clinical trials.

(D) An analysis of whether scientists have raised any concerns about the burden of having to share data with the system established under the program and, if so, a description of such concerns.

(E) An analysis of privacy and data integrity practices used in the program.

(c) DEFINITIONS.—In this section:
(1) The term "eligible entity" means an entity that has experienced personnel with clinical and other technical expertise in the biomedical sciences and biomedical ethics and that is—

(A) an institution of higher education (as such term is defined in section 1001 of the Higher Education Act of 1965 (20 U.S.C. 1001)) or a consortium of such institutions; or

(B) an organization described in section 501(c)(3) of title 26 of the Internal Revenue Code of 1986 and exempt from tax under section 501(a) of such title.

(2) The term "medical product" means a drug (as defined in section 201(g) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 331(g))), a device (as defined in section 201(h) of such Act (21 U.S.C. 331(h))), a biological product (as defined in section 351 of the Public Health Service Act (42 U.S.C. 262)), or any combination thereof.

(3) The term "qualified clinical trial" means a clinical trial sponsored solely by an agency of the Department of Health and Human Services with respect to a medical product—

(A) that—
(i) was approved or cleared under section 505, 510(k), or 515, or has an exemption for investigational use in effect under section 505 or 520(m), of the Federal Food, Drug, and Cosmetic Act (42 U.S.C. 301 et seq.); or

(ii) was licensed under section 351 of the Public Health Service Act (42 U.S.C. 262) or has an exemption for investigational use in effect under such section 351; or

(B) that is an investigational product for which the original development was discontinued and with respect to which—

(i) no additional work to support approval, licensure, or clearance of such medical product is being or is planned to be undertaken by the sponsor of the original development program, its successors, assigns, or collaborators; and

(ii) the sponsor of the original investigational development program has provided its consent to the Secretary for inclusion of data regarding such product in the system established under this section.
(4) The term “registered user” means a scientific or medical researcher who has—

(A) a legitimate biomedical research purpose for accessing information from the clinical trials data system and has appropriate qualifications to conduct such research; and

(B) agreed in writing not to transfer to any other person that is not a registered user de-identified clinical trial data from qualified clinical trials accessed through an eligible entity, use such data for reasons not specified in the research proposal, or seek to re-identify qualified clinical trial participants.

(5) The term “Secretary” means the Secretary of Health and Human Services.

SEC. 1122. NATIONAL NEUROLOGICAL DISEASES SURVEILLANCE SYSTEM.

Part P of title III of the Public Health Service Act (42 U.S.C. 280g et seq.) is amended by adding at the end the following:

“SEC. 399V–6 SURVEILLANCE OF NEUROLOGICAL DISEASES.

“(a) In General.—The Secretary, acting through the Director of the Centers for Disease Control and Prevention and in coordination with other agencies as determined appropriate by the Secretary, shall—
“(1) enhance and expand infrastructure and activities to track the epidemiology of neurological diseases, including multiple sclerosis and Parkinson’s disease; and

“(2) incorporate information obtained through such activities into a statistically sound, scientifically credible, integrated surveillance system, to be known as the National Neurological Diseases Surveillance System.

“(b) RESEARCH.—The Secretary shall ensure that the National Neurological Diseases Surveillance System is designed in a manner that facilitates further research on neurological diseases.

“(c) CONTENT.—In carrying out subsection (a), the Secretary—

“(1) shall provide for the collection and storage of information on the incidence and prevalence of neurological diseases in the United States;

“(2) to the extent practicable, shall provide for the collection and storage of other available information on neurological diseases, such as information concerning—

“(A) demographics and other information associated or possibly associated with neuro-
logical diseases, such as age, race, ethnicity, sex, geographic location, and family history;

“(B) risk factors associated or possibly associated with neurological diseases, including genetic and environmental risk factors; and

“(C) diagnosis and progression markers;

“(3) may provide for the collection and storage of information relevant to analysis on neurological diseases, such as information concerning—

“(A) the epidemiology of the diseases;

“(B) the natural history of the diseases;

“(C) the prevention of the diseases;

“(D) the detection, management, and treatment approaches for the diseases; and

“(E) the development of outcomes measures; and

“(4) may address issues identified during the consultation process under subsection (d).

“(d) CONSULTATION.—In carrying out this section, the Secretary shall consult with individuals with appropriate expertise, including—

“(1) epidemiologists with experience in disease surveillance or registries;

“(2) representatives of national voluntary health associations that—
“(A) focus on neurological diseases, including multiple sclerosis and Parkinson’s disease; and

“(B) have demonstrated experience in research, care, or patient services;

“(3) health information technology experts or other information management specialists;

“(4) clinicians with expertise in neurological diseases; and

“(5) research scientists with experience conducting translational research or utilizing surveillance systems for scientific research purposes.

“(e) GRANTS.—The Secretary may award grants to, or enter into contracts or cooperative agreements with, public or private nonprofit entities to carry out activities under this section.

“(f) COORDINATION WITH OTHER FEDERAL, STATE, AND LOCAL AGENCIES.—Subject to subsection (h), the Secretary shall make information and analysis in the National Neurological Diseases Surveillance System available, as appropriate—

“(1) to Federal departments and agencies, such as the National Institutes of Health, the Food and Drug Administration, the Centers for Medicare & Medicaid Services, the Agency for Healthcare Re-
search and Quality, the Department of Veterans Affairs, and the Department of Defense; and
“(2) to State and local agencies.
“(g) PUBLIC ACCESS.—Subject to subsection (h), the Secretary shall make information and analysis in the National Neurological Diseases Surveillance System available, as appropriate, to the public, including researchers.
“(h) PRIVACY.—The Secretary shall ensure that privacy and security protections applicable to the National Neurological Diseases Surveillance System are at least as stringent as the privacy and security protections under HIPAA privacy and security law (as defined in section 3009(a)(2)).
“(i) REPORT.—Not later than 4 years after the date of the enactment of this section, the Secretary shall submit a report to the Congress concerning the implementation of this section. Such report shall include information on—
“(1) the development and maintenance of the National Neurological Diseases Surveillance System;
“(2) the type of information collected and stored in the System;
“(3) the use and availability of such information, including guidelines for such use; and
“(4) the use and coordination of databases that collect or maintain information on neurological diseases.

“(j) DEFINITION.—In this section, the term ‘national voluntary health association’ means a national nonprofit organization with chapters, other affiliated organizations, or networks in States throughout the United States.

“(k) AUTHORIZATION OF APPROPRIATIONS.—To carry out this section, there is authorized to be appropriated $5,000,000 for each of fiscal years 2016 through 2020.”.

SEC. 1123. DATA ON NATURAL HISTORY OF DISEASES.

(a) SENSE OF CONGRESS.—It is the sense of the Congress that studies on the natural history of diseases can help to facilitate and expedite the development of medical products for such diseases.

(b) AUTHORITY.—Part A of title II of the Public Health Service Act (42 U.S.C. 202 et seq.) is amended by adding at the end the following:

“SEC. 229A. DATA ON NATURAL HISTORY OF DISEASES.

“(a) IN GENERAL.—The Secretary, acting through the Commissioner of Food and Drugs, may, for the purposes described in subsection (b)—
“(1) participate in public-private partnerships engaged in one or more activities specified in subsection (c); and

“(2) award grants to patient advocacy groups or other organizations determined appropriate by the Secretary.

“(b) PURPOSES DESCRIBED.—The purposes described in this subsection are to establish or facilitate the collection, maintenance, analysis, and interpretation of data regarding the natural history of diseases, with a particular focus on rare diseases.

“(c) ACTIVITIES OF PUBLIC-PRIVATE PARTNERSHIPS.—The activities of public-private partnerships in which the Secretary may participate for purposes of this section include—

“(1) cooperating with other entities that sponsor or maintain disease registries, including disease registries and disease registry platforms for rare diseases;

“(2) developing or enhancing a secure information technology system that—

“(A) has the capacity to support data needs across a wide range of disease studies;

“(B) is easily modified as knowledge is gained during such studies; and
“(C) is capable of handling increasing amounts of data as more studies are carried out; and

“(3) providing advice to clinical researchers, patient advocacy groups, and other entities with respect to—

“(A) the design and conduct of disease studies;

“(B) the modification of any such ongoing studies; and

“(C) addressing associated patient privacy issues.

“(d) AVAILABILITY OF DATA ON NATURAL HISTORY OF DISEASES.—Data relating to the natural history of diseases obtained, aggregated, or otherwise maintained by a public-private partnership in which the Secretary participates under subsection (a) shall be made available, consistent with otherwise applicable Federal and State privacy laws, to the public (including patient advocacy groups, researchers, and drug developers) to help to facilitate and expedite medical product development programs.

“(e) CONFIDENTIALITY.—Notwithstanding subsection (d), nothing in this section authorizes the disclosure of any information that is a trade secret or commercial or financial information that is privileged or confidenti-
tial and subject to section 552(b)(4) of title 5, United States Code, or section 1905 of title 18, United States Code.

“(f) Authorization of Appropriations.—There is authorized to be appropriated to carry out this section $5,000,000 for each of fiscal years 2016 through 2020.”.

SEC. 1124. ACCESSING, SHARING, AND USING HEALTH DATA FOR RESEARCH PURPOSES.

(a) In General.—(1) The HITECH Act (title XIII of division A of Public Law 111–5) is amended by adding at the end of subtitle D of such Act (42 U.S.C. 17921 et seq.) the following:

“PART 4—ACCESSING, SHARING, AND USING HEALTH DATA FOR RESEARCH PURPOSES

“SEC. 13441. REFERENCES.

“In this part:

“(1) The rule.—References to ‘the Rule’ refer to part 160 or part 164, as appropriate, of title 45, Code of Federal Regulations (or any successor regulation).

“(2) Part 164.—References to a specified section of ‘part 164’, refer to such specified section of part 164 of title 45, Code of Federal Regulations (or any successor section).
“SEC. 13442. DEFINING HEALTH DATA RESEARCH AS PART OF HEALTH CARE OPERATIONS.

“(a) In General.—Subject to subsection (b), the Secretary shall revise or clarify the Rule to allow the use and disclosure of protected health information by a covered entity for research purposes, including studies whose purpose is to obtain generalizable knowledge, to be treated as the use and disclosure of such information for health care operations described in subparagraph (1) of the definition of health care operations in section 164.501 of part 164.

“(b) Modifications to Rules for Disclosures for Health Care Operations.—In applying section 164.506 of part 164 to the disclosure of protected health information described in subsection (a)—

“(1) the Secretary shall revise or clarify the Rule so that the disclosure may be made by the covered entity to only—

“(A) another covered entity for health care operations (as defined in section 164.501 of part 164);

“(B) a business associate that has entered into a contract under section 164.504(e) of part 164 with a disclosing covered entity to perform health care operations; or
“(C) a business associate that has entered
into a contract under section 164.504(e) of part
164 for the purpose of data aggregation (as de-
defined in section 164.501 of part 164); and
“(2) the Secretary shall further revise or clarify
the Rule so that the limitation specified by section
164.506(c)(4) of part 164 does not apply to disclo-
sures that are described by subsection (a).
“(e) Rule of Construction.—This section shall
not be construed as prohibiting or restricting a use or dis-
closure of protected health information for research pur-
poses that is otherwise permitted under part 164.

“SEC. 13443. TREATING DISCLOSURES OF PROTECTED
HEALTH INFORMATION FOR RESEARCH SIMI-
LARLY TO DISCLOSURES OF SUCH INFOR-
MATION FOR PUBLIC HEALTH PURPOSES.
“(a) Remuneration.—The Secretary shall revise or
clarify the Rule so that disclosures of protected health in-
formation for research purposes are not subject to the lim-
itation on remuneration described in section
“(b) Permitted Uses and Disclosures.—The
Secretary shall revise or clarify the Rule so that research
activities, including comparative research activities, re-
lated to the quality, safety, or effectiveness of a product
or activity that is regulated by the Food and Drug Admin-
istration are included as public health activities for pur-
poses of which a covered entity may disclose protected
health information to a person described in section
164.512(b)(1)(iii) of part 164.

“SEC. 13444. PERMITTING REMOTE ACCESS TO PROTECTED
HEALTH INFORMATION BY RESEARCHERS.

“The Secretary shall revise or clarify the Rule so that
subparagraph (B) of section 164.512(i)(1)(ii) of part 164
(prohibiting the removal of protected health information
by a researcher) does not prohibit remote access to health
information by a researcher so long as—

“(1) appropriate security and privacy safe-
guards are maintained by the covered entity and the
researcher; and

“(2) the protected health information is not
copied or otherwise retained by the researcher.

“SEC. 13445. ALLOWING ONE-TIME AUTHORIZATION OF USE
AND DISCLOSURE OF PROTECTED HEALTH
INFORMATION FOR RESEARCH PURPOSES.

“(a) In General.—The Secretary shall revise or
clarify the Rule to specify that an authorization for the
use or disclosure of protected health information, with re-
spect to an individual, for future research purposes shall
be deemed to contain a sufficient description of the purpose of the use or disclosure if the authorization—

“(1) sufficiently describes the purposes such that it would be reasonable for the individual to expect that the protected health information could be used or disclosed for such future research;

“(2) either—

“(A) states that the authorization will expire on a particular date or on the occurrence of a particular event; or

“(B) states that the authorization will remain valid unless and until it is revoked by the individual; and

“(3) provides instruction to the individual on how to revoke such authorization at any time.

“(b) REVOCATION OF AUTHORIZATION.—The Secretary shall revise or clarify the Rule to specify that, if an individual revokes an authorization for future research purposes such as is described by subsection (a), the covered entity may not make any further uses or disclosures based on that authorization, except, as provided in paragraph (b)(5) of section 164.508 of part 164, to the extent that the covered entity has taken action in reliance on the authorization.”.
(2) The table of sections in section 13001(b) of such Act is amended by adding at the end of the items relating to subtitle D the following new items:

"PART 4—ACCESSING, SHARING, AND USING HEALTH DATA FOR RESEARCH PURPOSES

"Sec. 13441. References.
"Sec. 13442. Defining health data research as part of health care operations.
"Sec. 13443. Treating disclosures of protected health information for research similarly to disclosures of such information for public health purposes.
"Sec. 13444. Permitting remote access to protected health information by researchers.
"Sec. 13445. Allowing one-time authorization of use and disclosure of protected health information for research purposes."

(b) REVISION OF REGULATIONS.—Not later than 12 months after the date of the enactment of this Act, the Secretary of Health and Human Services shall revise and clarify the provisions of title 45, Code of Federal Regulations, for consistency with part 4 of subtitle D of the HITECH Act, as added by subsection (a).

Subtitle H—Council for 21st Century Cures

SEC. 1141. COUNCIL FOR 21ST CENTURY CURES.

Title II of the Public Health Service Act (42 U.S.C. 202 et seq.) is amended by adding at the end the following:

"PART E—COUNCIL FOR 21ST CENTURY CURES

"SEC. 281. ESTABLISHMENT.

"A nonprofit corporation to be known as the Council for 21st Century Cures (referred to in this part as the ‘Council’) shall be established in accordance with this sec-
tion. The Council shall be a public-private partnership headed by an Executive Director (referred to in this part as the ‘Executive Director’), appointed by the members of the Board of Directors. The Council shall not be an agency or instrumentality of the United States Government.

“SEC. 281A. PURPOSE.

“The purpose of the Council is to accelerate the discovery, development, and delivery in the United States of innovative cures, treatments, and preventive measures for patients.

“SEC. 281B. DUTIES.

“For the purpose described in section 281A, the Council shall—

“(1) foster collaboration and coordination among the entities that comprise the Council, including academia, government agencies, industry, health care payors and providers, patient advocates, and others engaged in the cycle of discovery, development, and delivery of life-saving and health-enhancing innovative interventions;

“(2) undertake communication and dissemination activities;

“(3) publish information on the activities funded under section 281D;
“(4) establish a strategic agenda for accelerating the discovery, development, and delivery in the United States of innovative cures, treatments, and preventive measures for patients;

“(5) identify gaps and opportunities within and across the discovery, development, and delivery cycle;

“(6) develop and propose recommendations based on the gaps and opportunities so identified;

“(7) facilitate the interoperability of the components of the discovery, development, and delivery cycle;

“(8) propose recommendations that will facilitate precompetitive collaboration;

“(9) identify opportunities to work with, but not duplicate the efforts of, nonprofit organizations and other public-private partnerships; and

“(10) identify opportunities for collaboration with organizations operating outside of the United States, such as the Innovative Medicines Initiative of the European Union.

“SEC. 281C. ORGANIZATION; ADMINISTRATION.

“(a) BOARD OF DIRECTORS.—

“(1) ESTABLISHMENT.—

“(A) IN GENERAL.—The Council shall have a Board of Directors (in this part referred
to as the ‘Board of Directors’), which shall be composed of the ex officio members under subparagraph (B) and the appointed members under subparagraph (C). All members of the Board shall be voting members.

“(B) EX OFFICIO MEMBERS.—The ex officio members of the Board shall be the following individuals or their designees:

“(i) The Director of the National Institutes of Health.

“(ii) The Commissioner of Food and Drugs.

“(iii) The Administrator of the Centers for Medicare & Medicaid Services.

“(iv) The heads of five other Federal agencies deemed by the Secretary to be engaged in biomedical research and development.

“(C) APPOINTED MEMBERS.—The appointed members of the Board shall consist of 17 individuals, of whom—

“(i) eight shall be appointed by the Comptroller General of the United States from a list of nominations submitted by leading trade associations—
“(I) four of whom shall be representatives of the biopharmaceutical industry;

“(II) two of whom shall be representatives of the medical device industry; and

“(III) two of whom shall be representatives of the information and digital technology industry; and

“(ii) nine shall be appointed by the Comptroller General of the United States, after soliciting nominations—

“(I) two of whom shall be representatives of academic researchers;

“(II) three of whom shall be representatives of patients;

“(III) two of whom shall be representatives of health care providers; and

“(IV) two of whom shall be representatives of health care plans and insurers.

“(D) CHAIR.—The Chair of the Board shall be selected by the members of the Board
by majority vote from among the members of
the Board.

“(2) TERMS AND VACANCIES.—

“(A) IN GENERAL.—The term of office of
each member of the Board appointed under
paragraph (1)(C) shall be 5 years.

“(B) VACANCY.—Any vacancy in the mem-
bership of the Board—

“(i) shall not affect the power of the
remaining members to execute the duties
of the Board; and

“(ii) shall be filled by appointment by
the appointed members described in para-
graph (1)(C) by majority vote.

“(C) PARTIAL TERM.—If a member of the
Board does not serve the full term applicable
under subparagraph (A), the individual ap-
pointed under subparagraph (B) to fill the re-
sulting vacancy shall be appointed for the re-
mainder of the term of the predecessor of the
individual.

“(3) RESPONSIBILITIES.—Not later than 90
days after the date on which the Council is incor-
porated and its Board of Directors is fully con-
stituted, the Board of Directors shall establish by-

laws and policies for the Council that—

“(A) are published in the Federal Register
and available for public comment;

“(B) establish policies for the selection
and, as applicable, appointment of—

“(i) the officers, employees, agents,
and contractors of the Council; and

“(ii) the members of any committees
of the Council;

“(C) establish policies, including ethical
standards, for the conduct of programs and
other activities under section 281D; and

“(D) establish specific duties of the Execu-
tive Director.

“(4) MEETINGS.—

“(A) IN GENERAL.—The Board of Direc-
tors shall—

“(i) meet on a quarterly basis; and

“(ii) submit to Congress, and make
publicly available, the minutes of such
meetings.

“(B) AGENDA.—The Board of Directors
shall, not later than 3 months after the incorpo-
ration of the Council—
“(i) issue an agenda (in this part referred to as the ‘agenda’) outlining how the Council will achieve the purpose described in section 281A; and

“(ii) annually thereafter, in consultation with the Executive Director, review and update such agenda.

“(b) APPOINTMENT AND INCORPORATION.—Not later than 6 months after the date of enactment of the 21st Century Cures Act—

“(1) the Comptroller General of the United States shall appoint the appointed members of the Board of Directors under subsection (a)(1)(C); and

“(2) the ex officio members of the Board of Directors under subsection (a)(1)(B) shall serve as incorporators and shall take whatever actions are necessary to incorporate the Council.

“(c) NONPROFIT STATUS.—In carrying out this part, the Board of Directors shall establish such policies and bylaws, and the Executive Director shall carry out such activities, as may be necessary to ensure that the Council maintains status as an organization that—

“(1) is described in subsection (c)(3) of section 501 of the Internal Revenue Code of 1986; and
“(2) is, under subsection (a) of such section, exempt from taxation.

“(d) EXECUTIVE DIRECTOR.—The Executive Director shall—

“(1) be the chief executive officer of the Council; and

“(2) subject to the oversight of the Board of Directors, be responsible for the day-to-day management of the Council.

“SEC. 281D. OPERATIONAL ACTIVITIES AND ASSISTANCE.

“(a) IN GENERAL.—The Council shall establish a sufficient operational infrastructure to fulfill the duties specified in section 281B.

“(b) PRIVATE SECTOR MATCHING FUNDS.—The Council may accept financial or in-kind support from participating entities or private foundations or organizations when such support is deemed appropriate.

“SEC. 281E. TERMINATION; REPORT.

“(a) IN GENERAL.—The Council shall terminate on September 30, 2023.

“(b) REPORT.—Not later than 1 year after the date on which the Council is established and each year thereafter, the Executive Director shall submit to the appropriate congressional committees a report on the performance of the Council. In preparing such report, the Council
shall consult with a nongovernmental consultant with appropriate expertise.

“SEC. 281F. FUNDING.

“For the each of fiscal years 2016 through 2023, there is authorized to be appropriated $10,000,000 to the Council for purposes of carrying out the duties of the Council under this part.”.

TITLE II—DEVELOPMENT
Subtitle A—Patient-Focused Drug Development

SEC. 2001. DEVELOPMENT AND USE OF PATIENT EXPERIENCE DATA TO ENHANCE STRUCTURED RISK-BENEFIT ASSESSMENT FRAMEWORK.

(a) In general.—Section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355) is amended—

(1) in subsection (d), by striking “The Secretary shall implement” and all that follows through “premarket approval of a drug.”; and

(2) by adding at the end the following new subsections:

“(x) STRUCTURED RISK-BENEFIT ASSESSMENT FRAMEWORK.—

“(1) In general.—The Secretary shall implement a structured risk-benefit assessment framework in the new drug approval process—
“(A) to facilitate the balanced consideration of benefits and risks; and

“(B) to develop and implement a consistent and systematic approach to the discussion of, regulatory decisionmaking with respect to, and the communication of, the benefits and risks of new drugs.

“(2) Rule of Construction.—Nothing in paragraph (1) shall alter the criteria for evaluating an application for premarket approval of a drug.

“(y) Development and Use of Patient Experience Data To Enhance Structured Risk-Benefit Assessment Framework.—

“(1) In general.—Not later than 2 years after the date of the enactment of this subsection, the Secretary shall establish and implement processes under which—

“(A) an entity seeking to develop patient experience data may submit to the Secretary—

“(i) initial research concepts for feedback from the Secretary; and

“(ii) with respect to patient experience data collected by the entity, draft guidance documents, completed data, and summaries and analyses of such data;
“(B) the Secretary may request such an entity to submit such documents, data, and summaries and analyses; and

“(C) patient experience data may be developed and used to enhance the structured risk-benefit assessment framework under subsection (x).

“(2) PATIENT EXPERIENCE DATA.—In this subsection, the term ‘patient experience data’ means data collected by patients, parents, caregivers, patient advocacy organizations, disease research foundations, medical researchers, research sponsors, or other parties determined appropriate by the Secretary that is intended to facilitate or enhance the Secretary’s risk-benefit assessments, including information about the impact of a disease or a therapy on patients’ lives.”.

(b) GUIDANCE.—

(1) IN GENERAL.—The Secretary of Health and Human Services shall publish guidance on the implementation of subsection (y) of section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355), as added by subsection (a). Such guidance shall include—

HR 6 RFS
(A) with respect to draft guidance documents, data, or summaries and analyses submitted to the Secretary under paragraph (1)(A) of such subsection, guidance—

(i) specifying the timelines for the review of such documents, data, or summaries and analyses by the Secretary; and

(ii) on how the Secretary will use such documents, data, or summaries and analyses to update any guidance documents published under this subsection or publish new guidance;

(B) with respect to the collection and analysis of patient experience data (as defined in paragraph (2) of such subsection (y)), guidance on—

(i) methodological considerations for the collection of patient experience data, which may include structured approaches to gathering information on—

(I) the experience of a patient living with a particular disease;

(II) the burden of living with or managing the disease;
(III) the impact of the disease on daily life and long-term functioning; and

(IV) the effect of current therapeutic options on different aspects of the disease; and

(ii) the establishment and maintenance of registries designed to increase understanding of the natural history of a disease;

(C) methodological approaches that may be used to assess patients’ beliefs with respect to the benefits and risks in the management of the patient’s disease; and

(D) methodologies, standards, and potential experimental designs for patient-reported outcomes.

(2) TIMING.—Not later than 3 years after the date of the enactment of this Act, the Secretary of Health and Human Services shall issue draft guidance on the implementation of subsection (y) of section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355), as added by subsection (a). The Secretary shall issue final guidance on the implementation of such subsection not later than 1
year after the date on which the comment period for
the draft guidance closes.

(3) Workshops.—

(A) In general.—Not later than 6
months after the date of the enactment of this
Act and once every 6 months during the fol-
lowing 12-month period, the Secretary of
Health and Human Services shall convene a
workshop to obtain input regarding methodolo-
gies for developing the guidance under para-
graph (1), including the collection of patient ex-
perience data.

(B) Attendees.—A workshop convened
under this paragraph shall include—

(i) patients;

(ii) representatives from patient advo-
cacy organizations, biopharmaceutical com-
panies, and disease research foundations;

(iii) representatives of the reviewing
divisions of the Food and Drug Adminis-
tration; and

(iv) methodological experts with sig-
nificant expertise in patient experience
data.
(4) **PUBLIC MEETING.**—Not later than 90 days after the date on which the draft guidance is published under this subsection, the Secretary of Health and Human Services shall convene a public meeting to solicit input on the guidance.

**Subtitle B—Qualification and Use of Drug Development Tools**

**SEC. 2021. QUALIFICATION OF DRUG DEVELOPMENT TOOLS.**

(a) **FINDINGS.**—Congress finds the following:

   (1) Development of new drugs has become increasingly challenging and resource intensive.

   (2) Development of drug development tools can benefit the availability of new medical therapies by helping to translate scientific discoveries into clinical applications.

   (3) Biomedical research consortia (as defined in section 507(f) of the Federal Food, Drug, and Cosmetic Act, as added by subsection (c)) can play a valuable role in helping to develop and qualify drug development tools.

(b) **SENSE OF CONGRESS.**—It is the sense of Congress that—
(1) Congress should promote and facilitate a collaborative effort among the biomedical research consortia described in subsection (a)(3)—

(A) to develop, through a transparent public process, data standards and scientific approaches to data collection accepted by the medical and clinical research community for purposes of qualifying drug development tools;

(B) to coordinate efforts toward developing and qualifying drug development tools in key therapeutic areas; and

(C) to encourage the development of accessible databases for collecting relevant drug development tool data for such purposes; and

(2) an entity seeking to qualify a drug development tool should be encouraged, in addition to consultation with the Secretary, to consult with biomedical research consortia and other individuals and entities with expert knowledge and insights that may assist the requestor and benefit the process for such qualification.

(c) QUALIFICATION OF DRUG DEVELOPMENT TOOLS.—Chapter V of the Federal Food, Drug, and Cosmetic Act is amended by inserting after section 506F the following new section:
“SEC. 507. QUALIFICATION OF DRUG DEVELOPMENT TOOLS.

“(a) PROCESS FOR QUALIFICATION.—

“(1) IN GENERAL.—The Secretary shall establish a process for the qualification of drug development tools for a proposed context of use under which—

“(A)(i) a requestor initiates such process by submitting a letter of intent to the Secretary; and

“(ii) the Secretary accepts or declines to accept such letter of intent;

“(B)(i) if the Secretary accepts the letter of intent, a requestor submits a qualification plan to the Secretary; and

“(ii) the Secretary accepts or declines to accept the qualification plan; and

“(C)(i) if the Secretary accepts the qualification plan, the requestor submits to the Secretary a full qualification package;

“(ii) the Secretary determines whether to accept such qualification package for review; and

“(iii) if the Secretary accepts such qualification package for review, the Secretary con-
ducts such review in accordance with this section.

“(2) Acceptance and review of submissions.—

“(A) In general.—The succeeding provisions of this paragraph shall apply with respect to the treatment of a letter of intent, a qualification plan, or a full qualification package submitted under paragraph (1) (referred to in this paragraph as ‘qualification submissions’).

“(B) Acceptance factors; nonacceptance.—The Secretary shall determine whether to accept a qualification submission based on factors which may include the scientific merit of the submission and the available resources of the Food and Drug Administration to review the qualification submission. A determination not to accept a submission under paragraph (1) shall not be construed as a final determination by the Secretary under this section regarding the qualification of a drug development tool for its proposed context of use.

“(C) Prioritization of qualification review.—The Secretary may prioritize the review of a full qualification package submitted
under paragraph (1) with respect to a drug development tool, based on factors determined appropriate by the Secretary, including—

“(i) as applicable, the severity, rarity, or prevalence of the disease or condition targeted by the drug development tool and the availability or lack of alternative treatments for such disease or condition; and

“(ii) the identification, by the Secretary or by biomedical research consortia and other expert stakeholders, of such a drug development tool and its proposed context of use as a public health priority.

“(D) ENGAGEMENT OF EXTERNAL EXPERTS.—The Secretary may, for purposes of the review of qualification submissions, through the use of cooperative agreements, grants, or other appropriate mechanisms, consult with biomedical research consortia and may consider the recommendations of such consortia with respect to the review of any qualification plan submitted under paragraph (1) or the review of any full qualification package under paragraph (3).
“(3) **Review of full qualification package.**—The Secretary shall—

“(A) conduct a comprehensive review of a full qualification package accepted under paragraph (1)(C); and

“(B) determine whether the drug development tool at issue is qualified for its proposed context of use.

“(4) **Qualification.**—The Secretary shall determine whether a drug development tool is qualified for a proposed context of use based on the scientific merit of a full qualification package reviewed under paragraph (3).

“(b) **Effect of qualification.**—

“(1) **In general.**—A drug development tool determined to be qualified under subsection (a)(4) for a proposed context of use specified by the requestor may be used by any person in such context of use for the purposes described in paragraph (2).

“(2) **Use of a drug development tool.**—Subject to paragraph (3), a drug development tool qualified under this section may be used for—

“(A) supporting or obtaining approval or licensure (as applicable) of a drug or biological product (including in accordance with section
506(c)) under section 505 of this Act or section 351 of the Public Health Service Act; or

“(B) supporting the investigational use of a drug or biological product under section 505(i) of this Act or section 351(a)(3) of the Public Health Service Act.

“(3) RESCISSION OR MODIFICATION.—

“(A) IN GENERAL.—The Secretary may rescind or modify a determination under this section to qualify a drug development tool if the Secretary determines that the drug development tool is not appropriate for the proposed context of use specified by the requestor. Such a determination may be based on new information that calls into question the basis for such qualification.

“(B) MEETING FOR REVIEW.—If the Secretary rescinds or modifies under subparagraph (A) a determination to qualify a drug development tool, the requestor involved shall, on request, be granted a meeting with the Secretary to discuss the basis of the Secretary’s decision to rescind or modify the determination before the effective date of the rescission or modification.
“(c) TRANSPARENCY.—

“(1) IN GENERAL.—Subject to paragraph (3), the Secretary shall make publicly available, and update on at least a biannual basis, on the Internet website of the Food and Drug Administration the following:

“(A) Information with respect to each qualification submission under the qualification process under subsection (a), including—

“(i) the stage of the review process applicable to the submission;

“(ii) the date of the most recent change in stage status;

“(iii) whether the external scientific experts were utilized in the development of a qualification plan or the review of a full qualification package; and

“(iv) submissions from requestors under the qualification process under subsection (a), including any data and evidence contained in such submissions, and any updates to such submissions.

“(B) The Secretary’s formal written determinations in response to such qualification submissions.
“(C) Any rescissions or modifications under subsection (b)(3) of a determination to qualify a drug development tool.

“(D) Summary reviews that document conclusions and recommendations for determinations to qualify drug development tools under subsection (a).

“(E) A comprehensive list of—

“(i) all drug development tools qualified under subsection (a); and

“(ii) all surrogate endpoints which were the basis of approval or licensure (as applicable) of a drug or biological product (including in accordance with section 506(c)) under section 505 of this Act or section 351 of the Public Health Service Act.

“(2) Relation to Trade Secrets Act.—Information made publicly available by the Secretary under paragraph (1) shall be considered a disclosure authorized by law for purposes of section 1905 of title 18, United States Code.

“(3) Applicability.—Nothing in this section shall be construed as authorizing the Secretary to disclose any information contained in an application
submitted under section 505 of this Act or section 351 of the Public Health Service Act that is confidential commercial or trade secret information subject to section 552(b)(4) of title 5, United States Code, or section 1905 of title 18, United States Code.

“(d) RULE OF CONSTRUCTION.—Nothing in this section shall be construed—

“(1) to alter the standards of evidence under subsection (c) or (d) of section 505, including the substantial evidence standard in such subsection (d), or under section 351 of the Public Health Service Act (as applicable); or

“(2) to limit the authority of the Secretary to approve or license products under this Act or the Public Health Service Act, as applicable (as in effect before the date of the enactment of the 21st Century Cures Act).

“(e) DEFINITIONS.—In this section:

“(1) BIOMARKER.—(A) The term ‘biomarker’ means a characteristic (such as a physiologic, pathologic, or anatomic characteristic or measurement) that is objectively measured and evaluated as an indicator of normal biologic processes, pathologic
processes, or biological responses to a therapeutic intervention; and

“(B) such term includes a surrogate endpoint.

“(2) BIOMEDICAL RESEARCH CONSORTIA.—The term ‘biomedical research consortia’ means collaborative groups that may take the form of public-private partnerships and may include government agencies, institutions of higher education (as defined in section 101(a) of the Higher Education Act of 1965), patient advocacy groups, industry representatives, clinical and scientific experts, and other relevant entities and individuals.

“(3) CLINICAL OUTCOME ASSESSMENT.—(A) The term ‘clinical outcome assessment’ means a measurement of a patient’s symptoms, overall mental state, or the effects of a disease or condition on how the patient functions; and

“(B) such term includes a patient-reported outcome.

“(4) CONTEXT OF USE.—The term ‘context of use’ means, with respect to a drug development tool, the circumstances under which the drug development tool is to be used in drug development and regulatory review.
“(5) **Drug development tool.**—The term ‘drug development tool’ includes—

“(A) a biomarker;

“(B) a clinical outcome assessment; and

“(C) any other method, material, or measure that the Secretary determines aids drug development and regulatory review for purposes of this section.

“(6) **Patient-reported outcome.**—The term ‘patient-reported outcome’ means a measurement based on a report from a patient regarding the status of the patient’s health condition without amendment or interpretation of the patient’s report by a clinician or any other person.

“(7) **Qualification.**—The terms ‘qualification’ and ‘qualified’ mean a determination by the Secretary that a drug development tool and its proposed context of use can be relied upon to have a specific interpretation and application in drug development and regulatory review under this Act.

“(8) **Requestor.**—The term ‘requestor’ means an entity or entities, including a drug sponsor or a biomedical research consortia, seeking to qualify a drug development tool for a proposed context of use under this section.
“(9) Surrogate endpoint.—The term ‘surrogate endpoint’ means a marker, such as a laboratory measurement, radiographic image, physical sign, or other measure, that is not itself a direct measurement of clinical benefit, and—

“(A) is known to predict clinical benefit and could be used to support traditional approval of a drug or biological product; or

“(B) is reasonably likely to predict clinical benefit and could be used to support the accelerated approval of a drug or biological product in accordance with section 506(c).

“(f) Authorization of Appropriations.—There are authorized to be appropriated to carry out this section, $10,000,000 for each of fiscal years 2016 through 2020.”.

(d) Guidance.—

(1) In general.—The Secretary of Health and Human Services shall, in consultation with biomedical research consortia (as defined in subsection (f) of section 507 the Federal Food, Drug, and Cosmetic Act (as added by subsection (c))) and other interested parties through a collaborative public process, issue guidance to implement such section 507 that—
(A) provides a conceptual framework describing appropriate standards and scientific approaches to support the development of biomarkers delineated under the taxonomy established under paragraph (3);

(B) makes recommendations for demonstrating that a surrogate endpoint is reasonably likely to predict clinical benefit for the purpose of supporting the accelerated approval of a drug under section 506(c) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 356(c));

(C) with respect to the qualification process under such section 507—

(i) describes the requirements that entities seeking to qualify a drug development tool under such section shall observe when engaging in such process;

(ii) outlines reasonable timeframes for the Secretary’s review of letters, qualification plans, or full qualification packages submitted under such process; and

(iii) establishes a process by which such entities or the Secretary may consult with biomedical research consortia and
other individuals and entities with expert knowledge and insights that may assist the Secretary in the review of qualification plans and full qualification submissions under such section; and

(D) includes such other information as the Secretary determines appropriate.

(2) TIMING.—Not later than 24 months after the date of the enactment of this Act, the Secretary of Health and Human Services shall issue draft guidance under paragraph (1) on the implementation of section 507 of the Federal Food, Drug, and Cosmetic Act (as added by subsection (c)). The Secretary shall issue final guidance on the implementation of such section not later than 6 months after the date on which the comment period for the draft guidance closes.

(3) TAXONOMY.—

(A) IN GENERAL.—For purposes of informing guidance under this subsection, the Secretary of Health and Human Services shall, in consultation with biomedical research consortia and other interested parties through a collaborative public process, establish a taxonomy for the classification of biomarkers (and
related scientific concepts) for use in drug development.

(B) PUBLIC AVAILABILITY.—Not later than 12 months after the date of the enactment of this Act, the Secretary of Health and Human Services shall make such taxonomy publicly available in draft form for public comment. The Secretary shall finalize the taxonomy not later than 12 months after the close of the public comment period.

(c) MEETING AND REPORT.—

(1) MEETING.—Not later than 12 months after the date of the enactment of this Act, the Secretary of Health and Human Services shall convene a public meeting to describe and solicit public input regarding the qualification process under section 507 of the Federal Food, Drug, and Cosmetic Act, as added by subsection (c).

(2) REPORT.—Not later than 5 years after the date of the enactment of this Act, the Secretary shall make publicly available on the Internet website of the Food and Drug Administration a report. Such report shall include, with respect to the qualification process under section 507 of the Federal Food,
Drug, and Cosmetic Act, as added by subsection (c), information on—

(A) the number of requests submitted, as a letter of intent, for qualification of a drug development tool (as defined in subsection (f) of such section);

(B) the number of such requests accepted and determined to be eligible for submission of a qualification plan or full qualification package (as such terms are defined in such subsection), respectively;

(C) the number of such requests for which external scientific experts were utilized in the development of a qualification plan or review of a full qualification package;

(D) the number of qualification plans and full qualification packages, respectively, submitted to the Secretary; and

(E) the drug development tools qualified through such qualification process, specified by type of tool, such as a biomarker or clinical outcome assessment (as such terms are defined in subsection (f) of such section 507).
SEC. 2022. ACCELERATED APPROVAL DEVELOPMENT PLAN.

(a) In General.—Section 506 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 356) is amended by adding the following subsection:

“(g) ACCELERATED APPROVAL DEVELOPMENT PLAN.—

“(1) IN GENERAL.—In the case of a drug that the Secretary determines may be eligible for accelerated approval in accordance with subsection (c), the sponsor of such drug may request, at any time after the submission of an application for the investigation of the drug under section 505(i) of this Act or section 351(a)(3) of the Public Health Service Act, that the Secretary agree to an accelerated approval development plan described in paragraph (2).

“(2) PLAN DESCRIBED.—A plan described in this paragraph, with respect to a drug described in paragraph (1), is an accelerated approval development plan, which shall include agreement on—

“(A) the surrogate endpoint to be assessed under such plan;

“(B) the design of the study that will utilize the surrogate endpoint; and

“(C) the magnitude of the effect of the drug on the surrogate endpoint that is the subject of the agreement that would be sufficient
to form the primary basis of a claim that the
drug is effective.

“(3) MODIFICATION; TERMINATION.—The Sec-
retary may require the sponsor of a drug that is the
subject of an accelerated approval development plan
to modify or terminate the plan if additional data or
information indicates that—

“(A) the plan as originally agreed upon is
no longer sufficient to demonstrate the safety
and effectiveness of the drug involved; or

“(B) the drug is no longer eligible for ac-
celerated approval under subsection (e).

“(4) SPONSOR CONSULTATION.—If the Sec-
retary requires the modification or termination of an
accelerated approval development plan under para-
graph (3), the sponsor shall be granted a request for
a meeting to discuss the basis of the Secretary’s de-
cision before the effective date of the modification or
termination.

“(5) DEFINITION.—In this section, the term
‘accelerated approval development plan’ means a de-
velopment plan agreed upon by the Secretary and
the sponsor submitting the plan that contains study
parameters for the use of a surrogate endpoint
that—
“(A) is reasonably likely to predict clinical benefit; and

“(B) is intended to be the basis of the accelerated approval of a drug in accordance with subsection (e).”.

(b) Technical Amendments.—Section 506 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 356) is amended—

(1) by striking “(f) AWARENESS EFFORTS” and inserting “(e) AWARENESS EFFORTS”; and

(2) by striking “(e) CONSTRUCTION” and inserting “(f) CONSTRUCTION”.

Subtitle C—FDA Advancement of Precision Medicine

SEC. 2041. PRECISION MEDICINE GUIDANCE AND OTHER PROGRAMS OF FOOD AND DRUG ADMINISTRATION.

Chapter V of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 351 et seq.) is amended by adding at the end the following:

“Subchapter J—Precision Medicine

“SEC. 591. GENERAL AGENCY GUIDANCE ON PRECISION MEDICINE.

“(a) In General.—The Secretary shall issue and periodically update guidance to assist sponsors in the de-
development of a precision drug or biological product. Such guidance shall—

“(1) define the term ‘precision drug or biological product’; and

“(2) address the topics described in subsection (b).

“(b) CERTAIN ISSUES.—The topics to be addressed by guidance under subsection (a) are—

“(1) the evidence needed to support the use of biomarkers (as defined in section 507(e)) that identify subsets of patients as likely responders to therapies in order to streamline the conduct of clinical trials;

“(2) recommendations for the design of studies to demonstrate the validity of a biomarker as a predictor of drug or biological product response;

“(3) the manner and extent to which a benefit-risk assessment may be affected when clinical trials are limited to patient population subsets that are identified using biomarkers;

“(4) the development of companion diagnostics in the context of a drug development program; and

“(5) considerations for developing biomarkers that inform prescribing decisions for a drug or biological product, and when information regarding a
biomarker may be included in the approved prescription labeling for a precision drug or biological product.

“(c) Date Certain for Initial Guidance.—The Secretary shall issue guidance under subsection (a) not later than 18 months after the date of the enactment of the 21st Century Cures Act.

“SEC. 592. PRECISION MEDICINE REGARDING ORPHAN-DRUG AND EXPEDITED-APPROVAL PROGRAMS.

“(a) In General.—In the case of a precision drug or biological product that is the subject of an application submitted under section 505(b)(1), or section 351(a) of the Public Health Service Act, for the treatment of a serious or life-threatening disease or condition and has been designated under section 526 as a drug for a rare disease or condition, the Secretary may—

“(1) consistent with applicable standards for approval, rely upon data or information previously submitted by the sponsor of the precision drug or biological product, or another sponsor, provided that the sponsor of the precision drug or biological product has obtained a contractual right of reference to such other sponsor’s data and information, in an application approved under section 505(e) or licensed
under section 351(a) of the Public Health Service Act, as applicable—

“(A) for a different drug or biological product; or

“(B) for a different indication for such precision drug or biological product,
in order to expedite clinical development for a precision drug or biological product that is using the same or similar approach as that used to support approval of the prior approved application or license, as appropriate; and

“(2) as appropriate, consider the application for approval of such precision drug or biological product to be eligible for expedited review and approval programs described in section 506, including accelerated approval in accordance with subsection (c) of such section.

“(b) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to—

“(1) limit the authority of the Secretary to approve products pursuant to this Act and the Public Health Service Act as authorized prior to the date of enactment of this section; or

“(2) confer any new rights, beyond those authorized under this Act prior to enactment of this
section, with respect to a sponsor’s ability to refer-
ence information contained in another application
submitted under section 505(b)(1) of this Act or sec-
tion 351(a) of the Public Health Service Act.”.

Subtitle D—Modern Trial Design
and Evidence Development

SEC. 2061. BROADER APPLICATION OF BAYESIAN STATIS-
tics and Adaptive Trial Designs.

(a) Proposals for Use of Innovative Statistical Methods in Clinical Protocols for Drugs and Biological Products.—For purposes of assisting
sponsors in incorporating adaptive trial design and
Bayesian methods into proposed clinical protocols and ap-
plications for new drugs under section 505 of the Federal
Food, Drug, and Cosmetic Act (21 U.S.C. 355) and bio-
logical products under section 351 of the Public Health
Service Act (42 U.S.C. 262), the Secretary shall conduct
a public meeting and issue guidance in accordance with
subsection (b).

(b) Guidance Addressing Use of Adaptive Trial Designs and Bayesian Methods.—

(1) In general.—The Secretary of Health and
Human Services, acting through the Commissioner
of Food and Drugs (in this subsection referred to as
the “Secretary”), shall—
(A) update and finalize the draft guidance addressing the use of adaptive trial design for drugs and biological products; and

(B) issue draft guidance on the use of Bayesian methods in the development and regulatory review and approval or licensure of drugs and biological products.

(2) CONTENTS.—The guidances under paragraph (1) shall address—

(A) the use of adaptive trial designs and Bayesian methods in clinical trials, including clinical trials proposed or submitted to help to satisfy the substantial evidence standard under section 505(d) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(d));

(B) how sponsors may obtain feedback from the Secretary on technical issues related to modeling and simulations prior to—

(i) completion of such modeling or simulations; or

(ii) the submission of resulting information to the Secretary;

(C) the types of quantitative and qualitative information that should be submitted for review; and
(D) recommended analysis methodologies.

(3) **PUBLIC MEETING.**—Prior to updating or developing the guidances required by paragraph (1), the Secretary shall consult with stakeholders, including representatives of regulated industry, academia, patient advocacy organizations, and disease research foundations, through a public meeting to be held not later than 1 year after the date of enactment of this Act.

(4) **SCHEDULE.**—The Secretary shall publish—

(A) the final guidance required by paragraph (1)(A) not later than 18 months after the date of the public meeting required by paragraph (3); and

(B) the guidance required by paragraph (1)(B) not later than 48 months after the date of the public meeting required by paragraph (3).

**SEC. 2062. UTILIZING EVIDENCE FROM CLINICAL EXPERIENCE.**

Chapter V of the Federal Food, Drug, and Cosmetic Act is amended by inserting after section 505E of such Act (21 U.S.C. 355f) the following:
"SEC. 505F. UTILIZING EVIDENCE FROM CLINICAL EXPERIENCE.

"(a) IN GENERAL.—The Secretary shall establish a program to evaluate the potential use of evidence from clinical experience—

"(1) to help to support the approval of a new indication for a drug approved under section 505(b); and

"(2) to help to support or satisfy postapproval study requirements.

"(b) EVIDENCE FROM CLINICAL EXPERIENCE DEFINED.—In this section, the term ‘evidence from clinical experience’ means data regarding the usage, or the potential benefits or risks, of a drug derived from sources other than randomized clinical trials, including from observational studies, registries, and therapeutic use.

"(c) PROGRAM FRAMEWORK.—

"(1) IN GENERAL.—Not later than 18 months after the date of enactment of this section, the Secretary shall establish a draft framework for implementation of the program under this section.

"(2) CONTENTS OF FRAMEWORK.—The framework shall include information describing—

"(A) the current sources of data developed through clinical experience, including ongoing
safety surveillance, registry, claims, and patient-centered outcomes research activities;

“(B) the gaps in current data collection activities;

“(C) the current standards and methodologies for collection and analysis of data generated through clinical experience; and

“(D) the priority areas, remaining challenges, and potential pilot opportunities that the program established under this section will address.

“(3) CONSULTATION.—

“(A) IN GENERAL.—In developing the program framework under this subsection, the Secretary shall consult with regulated industry, academia, medical professional organizations, representatives of patient advocacy organizations, disease research foundations, and other interested parties.

“(B) PROCESS.—The consultation under subparagraph (A) may be carried out through approaches such as—

“(i) a public-private partnership with the entities described in such subparagraph in which the Secretary may participate; or
“(ii) a contract, grant, or other arrangement, as determined appropriate by the Secretary with such a partnership or an independent research organization.

“(d) PROGRAM IMPLEMENTATION.—The Secretary shall, not later than 24 months after the date of enactment of this section and in accordance with the framework established under subsection (c), implement the program to evaluate the potential use of evidence from clinical experience.

“(e) GUIDANCE FOR INDUSTRY.—The Secretary shall—

“(1) utilize the program established under subsection (a), its activities, and any subsequent pilots or written reports, to inform a guidance for industry on—

“(A) the circumstances under which sponsors of drugs and the Secretary may rely on evidence from clinical experience for the purposes described in subsection (a)(1) or (a)(2); and

“(B) the appropriate standards and methodologies for collection and analysis of evidence from clinical experience submitted for such purposes;
“(2) not later than 36 months after the date of enactment of this section, issue draft guidance for industry as described in paragraph (1); and

“(3) not later than 48 months after the date of enactment of this section, after providing an opportunity for public comment on the draft guidance, issue final guidance.

“(f) Rule of Construction.—

“(1) Subject to paragraph (2), nothing in this section prohibits the Secretary from using evidence from clinical experience for purposes not specified in this section, provided the Secretary determines that sufficient basis exists for any such nonspecified use.

“(2) This section shall not be construed to alter—

“(A) the standards of evidence under—

“(i) subsection (c) or (d) of section 505, including the substantial evidence standard in such subsection (d); or

“(ii) section 351(a) of the Public Health Service Act; or

“(B) the Secretary’s authority to require postapproval studies or clinical trials, or the standards of evidence under which studies or trials are evaluated.
“SEC. 505G. COLLECTING EVIDENCE FROM CLINICAL EXPERIENCE THROUGH TARGETED EXTENSIONS OF THE SENTINEL SYSTEM.

“(a) In General.—The Secretary shall, in parallel to implementing the program established under section 505F and in order to build capacity for utilizing the evidence from clinical experience described in that section, identify and execute pilot demonstrations to extend existing use of the Sentinel System surveillance infrastructure authorized under section 505(k).

“(b) Pilot Demonstrations.—

“(1) In General.—The Secretary—

“(A) shall design and implement pilot demonstrations to utilize data captured through the Sentinel System surveillance infrastructure authorized under section 505(k) for purposes of, as appropriate—

“(i) generating evidence from clinical experience to improve characterization or assessment of risks or benefits of a drug approved under section 505(c);

“(ii) protecting the public health; or

“(iii) advancing patient-centered care;

and

“(B) may make strategic linkages with sources of complementary public health data
and infrastructure the Secretary determines appropriate and necessary.

“(2) CONSULTATION.—In developing the pilot demonstrations under this subsection, the Secretary shall—

“(A) consult with regulated industry, academia, medical professional organizations, representatives of patient advocacy organizations, disease research foundations, and other interested parties through a public process; and

“(B) develop a framework to promote appropriate transparency and dialogue about research conducted under these pilot demonstrations, including by—

“(i) providing adequate notice to a sponsor of a drug approved under section 505 or section 351 of the Public Health Service Act of the Secretary’s intent to conduct analyses of such sponsor’s drug or drugs under these pilot demonstrations;

“(ii) providing adequate notice of the findings related to analyses described in clause (i) and an opportunity for the sponsor of such drug or drugs to comment on such findings; and
“(iii) ensuring the protection from public disclosure of any information that is a trade secret or confidential information subject to section 552(b)(4) of title 5, United States Code, or section 1905 of title 18, United States Code.

“(3) HIPAA PRIVACY RULE; HUMAN SUBJECT RESEARCH REGULATION.—The Secretary may deem such pilot demonstrations—

“(A) public health activities, for purposes of which a use or disclosure of protected health information would be permitted as described in section 164.512(b)(1) of title 45, Code of Federal Regulations (or any successor regulation); and

“(B) outside the scope of ‘research’ as defined in section 46.102(d) of title 45, Code of Federal Regulations (or any successor regulation).

“(c) Authorization of Appropriations.—There are authorized to be appropriated to carry out this section $3,000,000 for each of fiscal years 2016 through 2020.”.

SEC. 2063. STREAMLINED DATA REVIEW PROGRAM.

(a) In General.—Chapter V of the Federal Food, Drug, and Cosmetic Act, as amended by section 2062, is
further amended by inserting after section 505G of such Act the following:

"SEC. 505H. STREAMLINED DATA REVIEW PROGRAM.

"(a) In General.—The Secretary shall establish a streamlined data review program under which a holder of an approved application submitted under section 505(b)(1) or under section 351(a) of the Public Health Service Act may, to support the approval or licensure (as applicable) of the use of the drug that is the subject of such approved application for a new qualified indication, submit qualified data summaries.

"(b) Eligibility.—In carrying out the streamlined data review program under subsection (a), the Secretary may authorize the holder of the approved application to include one or more qualified data summaries described in subsection (a) in a supplemental application if—

"(1) the drug has been approved under section 505(c) of this Act or licensed under section 351(a) of the Public Health Service Act for one or more indications, and such approval or licensure remains in effect;

"(2) the supplemental application is for approval or licensure (as applicable) under such section 505(c) or 351(a) of the use of the drug for a new
qualified indication under such section 505(c) or 351(a);

“(3) there is an existing database acceptable to the Secretary regarding the safety of the drug developed for one or more indications of the drug approved under such section 505(c) or licensed under such section 351(a);

“(4) the supplemental application incorporates or supplements the data submitted in the application for approval or licensure referred to in paragraph (1); and

“(5) the full data sets used to develop the qualified data summaries are submitted, unless the Secretary determines that the full data sets are not required.

“(c) Public Availability of Information on Program.—The Secretary shall post on the public website of the Food and Drug Administration and update annually—

“(1) the number of applications reviewed under the streamlined data review program;

“(2) the average time for completion of review under the streamlined data review program versus other review of applications for new indications; and
“(3) the number of applications reviewed under the streamlined data review program for which the Food and Drug Administration made use of full data sets in addition to the qualified data summary.

“(d) DEFINITIONS.—In this section:

“(1) The term ‘qualified indication’ means—

“(A) an indication for the treatment of cancer, as determined appropriate by the Secretary; or

“(B) such other types of indications as the Secretary determines to be subject to the streamlined data review program under this section.

“(2) The term ‘qualified data summary’ means a summary of clinical data intended to demonstrate safety and effectiveness with respect to a qualified indication for use of a drug.”.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the streamlined data review program under section 505H of the Federal Food, Drug, and Cosmetic Act, as added by subsection (a), should enable the Food and Drug Administration to make approval decisions for certain supplemental applications based on qualified data summaries (as defined in such section 505H).
(c) GUIDANCE; REGULATIONS.—The Commissioner of Food and Drugs—

(1) shall—

(A) issue final guidance for implementation of the streamlined data review program established under section 505H of the Federal Food, Drug, and Cosmetic Act, as added by subsection (a), not later than 24 months after the date of enactment of this Act; and

(B) include in such guidance the process for expanding the types of indications to be subject to the streamlined data review program, as authorized by section 505H(c)(1)(B) of such Act; and

(2) in addition to issuing guidance under paragraph (1), may issue such regulations as may be necessary for implementation of the program.

Subtitle E—Expediting Patient Access

SEC. 2081. SENSE OF CONGRESS.

It is the sense of Congress that the Food and Drug Administration should continue to expedite the approval of drugs designated as breakthrough therapies pursuant to section 506(a) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 356(a)) by approving drugs so des-
designated as early as possible in the clinical development
process, regardless of the phase of development, provided
that the Secretary of Health and Human Services deter-
mines that an application for such a drug meets the stand-
ards of evidence of safety and effectiveness under section
505 of such Act (21 U.S.C. 355), including the substantial
evidence standard under subsection (d) of such section or
under section 351(a) of the Public Health Service Act (42
U.S.C. 262(a)).

SEC. 2082. EXPANDED ACCESS POLICY.

Chapter V of the Federal Food, Drug, and Cosmetic
Act is amended by inserting after section 561 (21 U.S.C.
360bbb) the following:

“SEC. 561A. EXPANDED ACCESS POLICY REQUIRED FOR IN-
VESTIGATIONAL DRUGS.

“(a) IN GENERAL.—The manufacturer or distributor
of one or more investigational drugs for the diagnosis,
monitoring, or treatment of one or more serious diseases
or conditions shall make publicly available the policy of
the manufacturer or distributor on evaluating and re-
spending to requests submitted under section 561(b) for
provision of such a drug. A manufacturer or distributor
may satisfy the requirement of the preceding sentence by
posting such policy as generally applicable to all of such
manufacturer’s or distributor’s investigational drugs.
“(b) Content of Policy.—A policy described in subsection (a) shall include making publicly available—

“(1) contact information for the manufacturer or distributor to facilitate communication about requests described in subsection (a);

“(2) procedures for making such requests;

“(3) the general criteria the manufacturer or distributor will consider or use to approve such requests; and

“(4) the length of time the manufacturer or distributor anticipates will be necessary to acknowledge receipt of such requests.

“(c) No Guarantee of Access.—The posting of policies by manufacturers and distributors under subsection (a) shall not serve as a guarantee of access to any specific investigational drug by any individual patient.

“(d) Revised Policy.—A manufacturer or distributor that has made a policy publicly available as required by this section may revise the policy at any time.

“(e) Application.—This section shall apply to a manufacturer or distributor with respect to an investigational drug beginning on the later of—

“(1) the date that is 60 days after the date of enactment of the 21st Century Cures Act; or
“(2) the first initiation of a phase 2 or phase 3 study (as such terms are defined in section 312.21(b) and (c) of title 21, Code of Federal Regulations (or any successor regulations)) with respect to such investigational new drug.”.

SEC. 2083. FINALIZING DRAFT GUIDANCE ON EXPANDED ACCESS.

(a) In General.—Not later than 12 months after the date of enactment of this Act, the Secretary of Health and Human Services shall finalize the draft guidance entitled “Expanded Access to Investigational Drugs for Treatment Use—Qs & As” and dated May 2013.

(b) Contents.—The final guidance referred to in subsection (a) shall clearly define how the Secretary of Health and Human Services interprets and uses adverse drug event data reported by investigators in the case of data reported from use under a request submitted under section 561(b) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360bbb(b)).
Subtitle F—Facilitating Responsible Manufacturer Communications

SEC. 2101. FACILITATING DISSEMINATION OF HEALTH CARE ECONOMIC INFORMATION.

Section 502(a) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 352(a)) is amended—

(1) by striking “(a) If its” and inserting “(a)(1) If its”;

(2) by striking “a formulary committee, or other similar entity, in the course of the committee or the entity carrying out its responsibilities for the selection of drugs for managed care or other similar organizations” and inserting “a payor, formulary committee, or other similar entity with knowledge and expertise in the area of health care economic analysis, carrying out its responsibilities for the selection of drugs for coverage or reimbursement”;

(3) by striking “directly relates” and inserting “relates”;

(4) by striking “and is based on competent and reliable scientific evidence. The requirements set forth in section 505(a) or in section 351(a) of the Public Health Service Act shall not apply to health care economic information provided to such a com-
mittee or entity in accordance with this paragraph’’ and inserting ‘‘, is based on competent and reliable scientific evidence, and includes, where applicable, a conspicuous and prominent statement describing any material differences between the health care economic information and the labeling approved for the drug under section 505 or under section 351 of the Public Health Service Act. The requirements set forth in section 505(a) or in subsections (a) and (k) of section 351 of the Public Health Service Act shall not apply to health care economic information provided to such a payor, committee, or entity in accordance with this paragraph’’; and

(5) by striking ‘‘In this paragraph, the term’’ and all that follows and inserting the following: ‘‘(2)(A) For purposes of this paragraph, the term ‘health care economic information’ means any analysis (including the clinical data, inputs, clinical or other assumptions, methods, results, and other components underlying or comprising the analysis) that identifies, measures, or describes the economic consequences, which may be based on the separate or aggregated clinical consequences of the represented health outcomes, of the use of a drug. Such analysis may be comparative to the use of another drug, to another health care intervention, or to no intervention.
“(B) Such term does not include any analysis that relates only to an indication that is not approved under section 505 or under section 351 of the Public Health Service Act for such drug.”.

SEC. 2102. FACILITATING RESPONSIBLE COMMUNICATION OF SCIENTIFIC AND MEDICAL DEVELOPMENTS.

(a) GUIDANCE.—Not later than 18 months after the date of enactment of this Act, the Secretary of Health and Human Services shall issue draft guidance on facilitating the responsible dissemination of truthful and nonmisleading scientific and medical information not included in the approved labeling of drugs and devices.

(b) DEFINITION.—In this section, the terms “drug” and “device” have the meaning given to such terms in section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321).

Subtitle G—Antibiotic Drug Development

SEC. 2121. APPROVAL OF CERTAIN DRUGS FOR USE IN A LIMITED POPULATION OF PATIENTS.

(a) PURPOSE.—The purpose of this section is to help to expedite the development and availability of treatments for serious or life-threatening bacterial or fungal infections in patients with unmet needs, while maintaining safety
(b) Approval of Certain Antibacterial and Antifungal Drugs.—Section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355), as amended by section 2001, is further amended by adding at the end the following new subsection:

“(z) Approval of Certain Antibacterial and Antifungal Drugs for Use in a Limited Population of Patients.—

“(1) Process.—At the request of the sponsor of an antibacterial or antifungal drug that is intended to treat a serious or life-threatening infection, the Secretary—

“(A) may execute a written agreement with the sponsor on the process for developing data to support an application for approval of such drug, for use in a limited population of patients in accordance with this subsection;

“(B) shall proceed in accordance with this subsection only if a written agreement is reached under subparagraph (A);
“(C) shall provide the sponsor with an opportunity to request meetings under paragraph (2);

“(D) if a written agreement is reached under subparagraph (A), may approve the drug under this subsection for such use—

“(i) in a limited population of patients for which there is an unmet medical need;

“(ii) based on a streamlined development program; and

“(iii) only if the standards for approval under subsections (c) and (d) of this section or licensure under section 351 of the Public Health Service Act, as applicable, are met; and

“(E) in approving a drug in accordance with this subsection, subject to subparagraph (D)(iii), may rely upon—

“(i) traditional endpoints, alternate endpoints, or a combination of traditional and alternate endpoints, and, as appropriate, data sets of a limited size; and

“(ii)(I) additional data, including preclinical, pharmacologic, or pathophysiologic evidence;
“(II) nonclinical susceptibility and pharmacokinetic data;

“(III) data from phase 2 clinical trials; and

“(IV) such other confirmatory evidence as the Secretary determines appropriate to approve the drug.

“(2) FORMAL MEETINGS.—

“(A) IN GENERAL.—To help to expedite and facilitate the development and review of a drug for which a sponsor intends to request approval in accordance with this subsection, the Secretary may, at the request of the sponsor, conduct meetings that provide early consultation, timely advice, and sufficient opportunities to develop an agreement described in paragraph (1)(A) and help the sponsor design and conduct a drug development program as efficiently as possible, including the following types of meetings:

“(i) An early consultation meeting.

“(ii) An assessment meeting.

“(iii) A postapproval meeting.

“(B) NO ALTERING OF GOALS.—Nothing in this paragraph shall be construed to alter
agreed-upon goals and procedures identified in
the letters described in section 101(b) of the
Prescription Drug User Fee Amendments of
2012.

“(C) BREAKTHROUGH THERAPIES.—In the
case of a drug designated as a breakthrough
therapy under section 506(a), the sponsor of
such drug may elect to utilize meetings pro-
vided under such section with respect to such
drug in lieu of meetings described in subpara-
graph (A).

“(3) LABELING REQUIREMENT.—The labeling
of an antibacterial or antifungal drug approved in
accordance with this subsection shall contain the
statement ‘Limited Population’ in a prominent man-
ner and adjacent to, and not more prominent than,
the brand name of the product. The prescribing in-
formation for such antibacterial or antifungal drug
required by section 201.57 of title 21, Code of Fed-
eral Regulations (or any successor regulation) shall
also include the following statement: ‘This drug is
indicated for use in a limited and specific population
of patients.’.

“(4) PROMOTIONAL MATERIALS.—The provi-
sions of section 506(c)(2)(B) shall apply with re-
spect to approval in accordance with this subsection
to the same extent and in the same manner as such
provisions apply with respect to accelerated approval
in accordance with section 506(e)(1).

“(5) TERMINATION OF REQUIREMENTS OR CON-
DITIONS.—If a drug is approved in accordance with
this subsection for an indication in a limited popu-
lation of patients and is subsequently approved or li-
censed under this section or section 351 of the Pub-
lic Health Service Act, other than in accordance with
this subsection, for—

“(A) the same indication and the same
conditions of use, the Secretary shall remove
any labeling requirements or postmarketing
conditions that were made applicable to the
drug under this subsection; or

“(B) a different indication or condition of
use, the Secretary shall not apply the labeling
requirements and postmarketing conditions that
were made applicable to the drug under this
subsection to the subsequent approval of the
drug for such different indication or condition
of use.

“(6) RELATION TO OTHER PROVISIONS.—Noth-
ing in this subsection shall be construed to prohibit
the approval of a drug for use in a limited population of patients in accordance with this subsection, in combination with—

“(A) an agreement on the design and size of a clinical trial pursuant to subparagraphs (B) and (C) of subsection (b)(5);

“(B) designation and treatment of the drug as a breakthrough therapy under section 506(a);

“(C) designation and treatment of the drug as a fast track product under section 506(b); or

“(D) accelerated approval of the drug in accordance with section 506(c).

“(7) RULE OF CONSTRUCTION.—Nothing in this subsection shall be construed—

“(A) to alter the standards of evidence under subsection (c) or (d) (including the substantial evidence standard in subsection (d));

“(B) to waive or otherwise preclude the application of requirements under subsection (o);

“(C) to otherwise, in any way, limit the authority of the Secretary to approve products pursuant to this Act and the Public Health
Service Act as authorized prior to the date of enactment of this subsection; or

“(D) to restrict in any manner, the prescribing of antibiotics or other products by health care providers, or to otherwise limit or restrict the practice of health care.

“(8) EFFECTIVE IMMEDIATELY.—The Secretary shall have the authorities vested in the Secretary by this subsection beginning on the date of enactment of this subsection, irrespective of when and whether the Secretary promulgates final regulations or guidance.

“(9) DEFINITIONS.—In this subsection:

“(A) EARLY CONSULTATION MEETING.—

The term ‘early consultation meeting’ means a pre-investigational new drug meeting or an end-of-phase-1 meeting that—

“(i) is conducted to review and reach a written agreement—

“(I) on the scope of the streamlined development plan for a drug for which a sponsor intends to request approval in accordance with this subsection; and
“(II) which, as appropriate, may include agreement on the design and size of necessary preclinical and clinical studies early in the development process, including clinical trials whose data are intended to form the primary basis for an effectiveness claim; and

“(ii) provides an opportunity to discuss expectations of the Secretary regarding studies or other information that the Secretary deems appropriate for purposes of applying paragraph (5), relating to the termination of labeling requirements or postmarketing conditions.

“(B) ASSESSMENT MEETING.—The term ‘assessment meeting’ means an end-of-phase-2 meeting, pre-new drug application meeting, or pre-biologics license application meeting conducted to resolve questions and issues raised during the course of clinical investigations, and details addressed in the written agreement regarding postapproval commitments or expansion of approved uses.

“(C) POSTAPPROVAL MEETING.—The term ‘postapproval meeting’ means a meeting fol-
lowing initial approval or licensure of the drug for use in a limited population, to discuss any issues identified by the Secretary or the sponsor regarding postapproval commitments or expansion of approved uses.”.

(c) GUIDANCE.—Not later than 18 months after the date of enactment of this Act, the Secretary of Health and Human Services, acting through the Commissioner of Food and Drugs, shall issue draft guidance describing criteria, process, and other general considerations for demonstrating the safety and effectiveness of antibacterial and antifungal drugs to be approved for use in a limited population in accordance with section 505(z) of the Federal Food, Drug, and Cosmetic Act, as added by subsection (b).

(d) CONFORMING AMENDMENTS.—

(1) LICENSURE OF CERTAIN BIOLOGICAL PRODUCTS.—Section 351(j) of the Public Health Service Act (42 U.S.C. 262(j)) is amended—

(A) by striking “(j)” and inserting “(j)(1)”;

(B) by inserting “505(z),” after “505(p),”;

and

(C) by adding at the end the following new paragraph:
“(2) In applying section 505(z) of the Federal Food, Drug, and Cosmetic Act to the licensure of biological products under this section—

“(A) references to an antibacterial or antifungal drug that is intended to treat a serious or life-threatening infection shall be construed to refer to a biological product intended to treat a serious or life-threatening bacterial or fungal infection; and

“(B) references to approval of a drug under section 505(c) of such Act shall be construed to refer to a licensure of a biological product under subsection (a) of this section.”.

(2) MISBRANDING.—Section 502 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 352) is amended by adding at the end the following new subsection:

“(dd) If it is a drug approved in accordance with section 505(z) and its labeling does not meet the requirements under paragraph (3) of such subsection, subject to paragraph (5) of such subsection.”.

(e) EVALUATION.—

(1) ASSESSMENT.—Not later than 48 months after the date of enactment of this Act, the Secretary of Health and Human Services shall publish for public comment an assessment of the program
established under section 505(z) of the Federal Food, Drug, and Cosmetic Act, as added by subsection (b). Such assessment shall determine if the limited-use pathway established under such section 505(z) has improved or is likely to improve patient access to novel antibacterial or antifungal treatments and assess how the pathway could be expanded to cover products for serious or life-threatening diseases or conditions beyond bacterial and fungal infections.

(2) MEETING.—Not later than 90 days after the date of the publication of such assessment, the Secretary, acting through the Commissioner of Food and Drugs, shall hold a public meeting to discuss the findings of the assessment, during which public stakeholders may present their views on the success of the program established under section 505(z) of the Federal Food, Drug, and Cosmetic Act, as added by subsection (b), and the appropriateness of expanding such program.

(f) EXPANSION OF PROGRAM.—If the Secretary of Health and Human Services determines, based on the assessment under subsection (e)(1), evaluation of the assessment, and any other relevant information, that the public health would benefit from expansion of the limited-use
pathway established under section 505(z) of the Federal
Food, Drug, and Cosmetic Act (as added by subsection
(b)) beyond the drugs approved in accordance with such
section, the Secretary may expand such limited-use path-
way in accordance with such a determination. The ap-
proval of any drugs under any such expansion shall be
subject to the considerations and requirements described
in such section 505(z) for purposes of expansion to other
serious or life-threatening diseases or conditions.

(g) MONITORING.—The Public Health Service Act is
amended by inserting after section 317T (42 U.S.C.
247b–22) the following:

“SEC. 317U. MONITORING ANTIBACTERIAL AND
ANTIFUNGAL DRUG USE AND RESISTANCE.

“(a) MONITORING.—The Secretary shall use an ap-
propriate monitoring system to monitor—

“(1) the use of antibacterial and antifungal
drugs, including those receiving approval or licensure
for a limited population pursuant to section 505(z)
of the Federal Food, Drug, and Cosmetic Act; and

“(2) changes in bacterial and fungal resistance
to drugs.

“(b) PUBLIC AVAILABILITY OF DATA.—The Sec-
retary shall make summaries of the data derived from
monitoring under this section publicly available for the purposes of—

“(1) improving the monitoring of important trends in antibacterial and antifungal resistance; and

“(2) ensuring appropriate stewardship of antibacterial and antifungal drugs, including those receiving approval or licensure for a limited population pursuant to section 505(z) of the Federal Food, Drug, and Cosmetic Act.”.

SEC. 2122. SUSCEPTIBILITY TEST INTERPRETIVE CRITERIA FOR MICROORGANISMS.

(a) IN GENERAL.—Section 511 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360a) is amended to read as follows:

“SEC. 511. IDENTIFYING AND UPDATING SUSCEPTIBILITY TEST INTERPRETIVE CRITERIA FOR MICROORGANISMS.

“(a) PURPOSE; IDENTIFICATION OF CRITERIA.—

“(1) PURPOSE.—The purpose of this section is to provide the Secretary with an expedited, flexible method for—

“(A) clearance or premarket approval of antimicrobial susceptibility testing devices utilizing updated, recognized susceptibility test in-
terpretive criteria to characterize the in vitro
susceptibility of particular bacteria, fungi, or
other microorganisms to antimicrobial drugs; and

“(B) providing public notice of the availability of recognized interpretive criteria to
meet premarket submission requirements or
other requirements under this Act for anti-
microbial susceptibility testing devices.

“(2) In general.—The Secretary shall iden-
tify appropriate susceptibility test interpretive cri-
teria with respect to antimicrobial drugs—

“(A) if such criteria are available on the
date of approval of the drug under section 505
of this Act or licensure of the drug under sec-
tion 351 of the Public Health Service Act (as
applicable), upon such approval or licensure; or

“(B) if such criteria are unavailable on
such date, on the date on which such criteria
are available for such drug.

“(3) Bases for initial identification.—
The Secretary shall identify appropriate suscepti-
ability test interpretive criteria under paragraph (2),
based on the Secretary’s review of, to the extent
available and relevant—
“(A) preclinical and clinical data, including pharmacokinetic, pharmacodynamic, and epidemiological data;

“(B) Bayesian and pharmacometric statistical methodologies; and

“(C) such other evidence and information as the Secretary considers appropriate.

“(b) Susceptibility Test Interpretive Criteria Website.—

“(1) In general.—Not later than 1 year after the date of the enactment of the 21st Century Cures Act, the Secretary shall establish, and maintain thereafter, on the website of the Food and Drug Administration, a dedicated website that contains a list of any appropriate new or updated susceptibility test interpretive criteria standards in accordance with paragraph (2) (referred to in this section as the ‘Interpretive Criteria Website’).

“(2) Listing of Susceptibility Test Interpretive Criteria Standards.—

“(A) In general.—The list described in paragraph (1) shall consist of any new or updated susceptibility test interpretive criteria standards that are—
“(i) established by a nationally or internationally recognized standard development organization that—

“(I) establishes and maintains procedures to address potential conflicts of interest and ensure transparent decisionmaking;

“(II) holds open meetings to ensure that there is an opportunity for public input by interested parties, and establishes and maintains processes to ensure that such input is considered in decisionmaking; and

“(III) permits its standards to be made publicly available, through the National Library of Medicine or another similar source acceptable to the Secretary; and

“(ii) recognized in whole, or in part, by the Secretary under subsection (e).

“(B) OTHER LIST.—The Interpretive Criteria Website shall, in addition to the list described in subparagraph (A), include a list of interpretive criteria, if any, that the Secretary has determined to be appropriate with respect
to legally marketed antimicrobial drugs,
where—

“(i) the Secretary does not recognize, 
in whole or in part, an interpretive criteria 
standard described under subparagraph 
(A) otherwise applicable to such a drug; 

“(ii) the Secretary withdraws under 
subsection (c)(1)(B) recognition of a 
standard, in whole or in part, otherwise 
applicable to such a drug; 

“(iii) the Secretary approves an appli-
cation under section 505 of this Act or sec-
tion 351 of the Public Health Service Act, 
as applicable, with respect to marketing of 
such a drug for which there are no rel-
evant interpretive criteria included in a 
standard recognized by the Secretary 
under subsection (c); or 

“(iv) because the characteristics of 
such a drug differ from other drugs with 
the same active ingredient, the interpretive 
criteria with respect to such drug—

“(I) differ from otherwise appli-
cable interpretive criteria included in 
a standard listed under subparagraph
(A) or interpretive criteria otherwise listed under this subparagraph; and

“(II) are determined by the Secretary to be appropriate for the drug.

“(C) REQUIRED STATEMENTS OF LIMITATIONS OF INFORMATION.—The Interpretive Criteria Website shall include the following:

“(i) A statement that—

“(I) the website provides information about the susceptibility of bacteria, fungi, or other microorganisms to a certain drug (or drugs); and

“(II) the safety and efficacy of the drug in treating clinical infections due to such bacteria, fungi, or other microorganisms may not have been established in adequate and well-controlled clinical trials and the clinical significance of such susceptibility information in such trials is unknown.

“(ii) A statement that directs health care practitioners to consult the approved product labeling for specific drugs to determine the uses for which the Food and
Drug Administration has approved the product.

“(iii) Any other statement that the Secretary determines appropriate to adequately convey the limitations of the data supporting susceptibility test interpretive criteria standard listed on the website.

“(3) NOTICE.—Not later than the date on which the Interpretive Criteria Website is established, the Secretary shall publish a notice of that establishment in the Federal Register.

“(4) INAPPLICABILITY OF MISBRANDING PROVISION.—The inclusion in the approved labeling of an antimicrobial drug of a reference or hyperlink to the Interpretive Criteria Website, in and of itself, shall not cause the drug to be misbranded in violation of section 502, or the regulations promulgated thereunder.

“(5) TRADE SECRETS AND CONFIDENTIAL INFORMATION.—Nothing in this section shall be construed as authorizing the Secretary to disclose any information that is a trade secret or confidential information subject to section 552(b)(4) of title 5, United States Code.
“(c) Recognition of Susceptibility Test Interpretive Criteria From Standard Development Organizations.—

“(1) In general.—Beginning on the date of the establishment of the Interpretive Criteria Website, and at least every 6 months thereafter, the Secretary shall—

“(A) evaluate any appropriate new or updated susceptibility test interpretive criteria standards established by a nationally or internationally recognized standard development organization described in subsection (b)(2)(A)(i); and

“(B) publish on the public website of the Food and Drug Administration a notice—

“(i) withdrawing recognition of any different susceptibility test interpretive criteria standard, in whole or in part;

“(ii) recognizing the new or updated standards;

“(iii) recognizing one or more parts of the new or updated interpretive criteria specified in such a standard and declining to recognize the remainder of such standard; and
“(iv) making any necessary updates to
the lists under subsection (b)(2).

“(2) BASES FOR UPDATING INTERPRETIVE CRITERIA STANDARDS.—In evaluating new or updated
susceptibility test interpretive criteria standards
under paragraph (1)(A), the Secretary may con-
sider—

“(A) the Secretary’s determination that
such a standard is not applicable to a particular
drug because the characteristics of the drug dif-
fer from other drugs with the same active in-
gredient;

“(B) information provided by interested
third parties, including public comment on the
annual compilation of notices published under
paragraph (3);

“(C) any bases used to identify suscepti-
bility test interpretive criteria under subsection
(a)(2); and

“(D) such other information or factors as
the Secretary determines appropriate.

“(3) ANNUAL COMPILATION OF NOTICES.—
Each year, the Secretary shall compile the notices
published under paragraph (1)(B) and publish such
compilation in the Federal Register and provide for
public comment. If the Secretary receives comments, the Secretary shall review such comments and, if the Secretary determines appropriate, update pursuant to this subsection susceptibility test interpretive criteria standards—

“(A) recognized by the Secretary under this subsection; or

“(B) otherwise listed on the Interpretive Criteria Website under subsection (b)(2).

“(4) Relation to Section 514(c).—Any susceptibility test interpretive standard recognized under this subsection or any criteria otherwise listed under subsection (b)(2)(B) shall be deemed to be recognized as a standard by the Secretary under section 514(c)(1).

“(5) Voluntary Use of Interpretive Criteria.—Nothing in this section prohibits a person from seeking approval or clearance of a drug or device, or changes to the drug or the device, on the basis of susceptibility test interpretive criteria standards which differ from those recognized pursuant to paragraph (1).

“(d) Antimicrobial Drug Labeling.—

“(1) Drugs marketed prior to establishment of interpretive criteria website.—With
respect to an antimicrobial drug lawfully introduced
or delivered for introduction into interstate com-
merce for commercial distribution before the estab-
lishment of the Interpretive Criteria Website, a hold-
er of an approved application under section 505 of
this Act or section 351 of the Public Health Service
Act, as applicable, for each such drug—

“(A) not later than 1 year after establish-
ment of the Interpretive Criteria Website, shall
submit to the Secretary a supplemental applica-
tion for purposes of changing the drug’s label-
ing to substitute a reference or hyperlink to
such Website for any susceptibility test inter-
pretive criteria and related information; and

“(B) may begin distribution of the drug in-
volved upon receipt by the Secretary of the sup-
plemental application for such change.

“(2) DRUGS MARKETED SUBSEQUENT TO ES-
TABLISHMENT OF INTERPRETIVE CRITERIA
WEBSITE.—With respect to antimicrobial drugs law-
fully introduced or delivered for introduction into
interstate commerce for commercial distribution on
or after the date of the establishment of the Inter-
pretive Criteria Website, the labeling for such a drug
shall include, in lieu of susceptibility test interpretive
criteria and related information, a reference to such Website.

“(e) SPECIAL CONDITION FOR MARKETING OF ANTIMICROBIAL SUSCEPTIBILITY TESTING DEVICES.—

“(1) IN GENERAL.—Notwithstanding sections 501, 502, 510, 513, and 515, if the conditions specified in paragraph (2) are met (in addition to other applicable provisions under this chapter) with respect to an antimicrobial susceptibility testing device described in subsection (f)(1), the Secretary may authorize the marketing of such device for a use described in such subsection.

“(2) CONDITIONS APPLICABLE TO ANTIMICROBIAL SUSCEPTIBILITY TESTING DEVICES.—

The conditions specified in this paragraph are the following:

“(A) The device is used to make a determination of susceptibility using susceptibility test interpretive criteria that are—

“(i) included in a standard recognized by the Secretary under subsection (c); or

“(ii) otherwise listed on the Interpretive Criteria Website under subsection (b)(2).
“(B) The labeling of such device prominently and conspicuously—

“(i) includes a statement that—

“(I) the device provides information about the susceptibility of bacteria and fungi to certain drugs; and

“(II) the safety and efficacy of such drugs in treating clinical infections due to such bacteria or fungi may not have been established in adequate and well-controlled clinical trials and the clinical significance of such susceptibility information in those instances is unknown;

“(ii) includes a statement directing health care practitioners to consult the approved labeling for drugs tested using such a device, to determine the uses for which the Food and Drug Administration has approved such drugs; and

“(iii) includes any other statement the Secretary determines appropriate to adequately convey the limitations of the data supporting the interpretive criteria described in subparagraph (A).
“(f) DEFINITIONS.—In this section:

“(1) The term ‘antimicrobial susceptibility testing device’ means a device that utilizes susceptibility test interpretive criteria to determine and report the in vitro susceptibility of certain microorganisms to a drug (or drugs).

“(2) The term ‘qualified infectious disease product’ means a qualified infectious disease product designated under section 505E(d).

“(3) The term ‘susceptibility test interpretive criteria’ means—

“(A) one or more specific numerical values which characterize the susceptibility of bacteria or other microorganisms to the drug tested; and

“(B) related categorizations of such susceptibility, including categorization of the drug as susceptible, intermediate, resistant, or such other term as the Secretary determines appropriate.

“(4)(A) The term ‘antimicrobial drug’ means, subject to subparagraph (B), a systemic antibacterial or antifungal drug that—

“(i) is intended for human use in the treatment of a disease or condition caused by a bacterium or fungus;
“(ii) may include a qualified infectious disease product designated under section 505E(d); and

“(iii) is subject to section 503(b)(1).

“(B) If provided by the Secretary through regulations, such term may include—

“(i) drugs other than systemic antibacterial and antifungal drugs; and

“(ii) biological products (as such term is defined in section 351 of the Public Health Service Act) to the extent such products exhibit antimicrobial activity.

“(g) RULE OF CONSTRUCTION.—Nothing in this section shall be construed—

“(1) to alter the standards of evidence—

“(A) under subsection (c) or (d) of section 505, including the substantial evidence standard in section 505(d), or under section 351 of the Public Health Service Act (as applicable); or

“(B) with respect to marketing authorization for devices, under section 510, 513, or 515;

“(2) to apply with respect to any drug, device, or biological product, in any context other than—

“(A) an antimicrobial drug; or
“(B) an antimicrobial susceptibility testing device that uses susceptibility test interpretive criteria to characterize and report the in vitro susceptibility of certain bacteria, fungi, or other microorganisms to antimicrobial drugs in accordance with this section; or

“(3) unless specifically stated, to have any effect on authorities provided under other sections of this Act, including any regulations issued under such sections.”.

(b) CONFORMING AMENDMENTS.—

(1) REPEAL OF RELATED AUTHORITY.—Section 1111 of the Food and Drug Administration Amendments Act of 2007 (42 U.S.C. 247d–5a; relating to identification of clinically susceptible concentrations of antimicrobials) is repealed.

(2) CLERICAL AMENDMENT.—The table of contents in section 2 of the Food and Drug Administration Amendments Act of 2007 is amended by striking the item relating to section 1111.

(3) MISBRANDING.—Section 502 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 352), as amended by section 2121, is further amended by adding at the end the following:
“(ee) If it is an antimicrobial drug and its labeling fails to conform with the requirements under section 511(d).”.

(4) Recognition of interpretive criteria as device standard.—Section 514(c)(1)(A) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360d(c)(1)(A)) is amended by inserting after “the Secretary shall, by publication in the Federal Register” the following: “(or, with respect to susceptibility test interpretive criteria or standards recognized or otherwise listed under section 511, by posting on the Interpretive Criteria Website in accordance with such section)”.

(c) Report to Congress.—Not later than 2 years after the date of enactment of this Act, the Secretary of Health and Human Services shall submit to the Committee on Energy and Commerce of the House of Representatives and the Committee on Health, Education, Labor, and Pensions of the Senate a report on the progress made in implementing section 511 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360a), as amended by this section.

(d) Requests for updates to interpretive criteria website.—Chapter 35 of title 44, United States Code, shall not apply to the collection of information from
interested parties regarding the updating of lists under paragraph (2) of subsection (b) section 511 of the Federal Food, Drug, and Cosmetic Act (as amended by subsection (a)) and posted on the Interpretive Criteria Website established under paragraph (1) of such subsection (b).

(e) No Effect on Health Care Practice.—Nothing in this subtitle (including the amendments made by this subtitle) shall be construed to restrict, in any manner, the prescribing or administering of antibiotics or other products by health care practitioners, or to limit the practice of health care.

SEC. 2123. ENCOURAGING THE DEVELOPMENT AND USE OF DISARM DRUGS.

(a) Additional Payment for DISARM Drugs Under Medicare.—

(1) In General.—Section 1886(d)(5) of the Social Security Act (42 U.S.C. 1395ww(d)(5)) is amended by adding at the end the following new subparagraph:

“(M)(i) As part of the annual rulemaking conducted with respect to payment for subsection (d) hospitals for each fiscal year beginning with fiscal year 2018, the Secretary shall—

“(I) include a list of the DISARM drugs for such fiscal year; and
“(II) with respect to discharges by eligible hospitals that involve a drug so listed, provide for an additional payment to be made under this subsection in accordance with the provisions of this subparagraph.

“(ii) Additional payments may not be made for a drug under this subparagraph—

“(I) other than during the 5-fiscal-year period beginning with the fiscal year for which the drug is first included in the list described in clause (i)(I); and

“(II) with respect to which payment has ever been made pursuant to subparagraph (K).

“(iii) For purposes of this subparagraph, the term ‘DISARM drug’ means a product that is approved for use, or a product for which an indication is first approved for use, by the Food and Drug Administration on or after December 1, 2014, and that the Food and Drug Administration determines is an antimicrobial product (as defined in clause (iv)) and is intended to treat an infection—

“(I) for which there is an unmet medical need; and

“(II) which is associated with high rates of mortality or significant patient morbidity, as determined in consultation with the Director of the Cen-
ters for Disease Control and Prevention and the infec-
tious disease professional community.

“(iv) For purposes of clause (iii), the term ‘anti-
microbial product’ means a product that either—

“(I) is intended to treat an infection caused by, or likely to be caused by, a qualifying pathogen (as defined under section 505E(f) of the Federal Food, Drug, and Cosmetic Act); or

“(II) meets the definition of a qualified infectious disease product under section 505E(g) of the Federal Food, Drug, and Cosmetic Act.

Such determination may be revoked only upon a finding that the request for such determina-
tion contained an untrue statement of material fact.

“(v) For purposes of this subparagraph, the term ‘eligi-
gible hospital’ means a subsection (d) hospital that partici-
pates in the National Healthcare Safety Network of the Centers for Disease Control and Prevention (or, to the extent a similar surveillance system that includes reporting about antimicrobial drugs is determined by the Secretary to be available to such hospitals, such similar surveillance system as the Secretary may specify).

“(vi) Subject to the succeeding provisions of this sub-
paragraph, the additional payment under this subpara-
graph, with respect to a drug, shall be in the amount pro-
vided for such drug under section 1847A.

“(vii) As part of the rulemaking referred to in clause
(i) for each fiscal year, the Secretary shall estimate—

“(I) total add-on payments (as defined in sub-
clause (I) of clause (ix)); and

“(II) total hospital payments (as defined in
subclause (II) of such clause).

“(viii) If the total add-on payments estimated pursu-
ant to clause (vii)(I) for a fiscal year exceed 0.02 percent
of the total hospital payments estimated pursuant to
clause (vii)(II) for such fiscal year, the Secretary shall re-
duce in a pro rata manner the amount of each additional
payment under this subsection pursuant to this subpara-
graph for such fiscal year in order to ensure that the total
add-on payments estimated for such fiscal year do not ex-
ceed 0.02 percent of the total hospital payments estimated
for such fiscal year.

“(ix) In this subparagraph:

“(I) The term ‘total add-on payments’ means,
with respect to a fiscal year, the total amount of the
additional payments under this subsection pursuant
to this subparagraph for discharges in such fiscal
year without regard to the application of clause
(viii).
“(II) The term ‘total hospital payments’ means, with respect to a fiscal year, the total amount of payments made under this subsection for all discharges in such fiscal year.’’.

(2) CONFORMING AMENDMENTS.—

(A) NO DUPLICATIVE NTAP PAYMENTS.—

Section 1886(d)(5)(K)(vi) of the Social Security Act (42 U.S.C. 1395ww(d)(5)(K)(vi)) is amended by inserting “and if additional payment has never been made under this subsection pursuant to subparagraph (M) with respect to the service or technology” before the period at the end.

(B) ACCESS TO PRICE INFORMATION.—

Section 1927(b)(3)(A) of the Social Security Act (42 U.S.C. 1396r–8(b)(3)(A)) is amended—

(i) in clause (ii)—

(I) by striking “for each” and inserting “, for each”; and

(II) by striking “and” at the end;

(ii) in clause (iii)—

(I) in subclause (II), by inserting “or under section 1886(d) pursuant to
paragraph (5)(M) of such section,”
after “1847A,”;

(II) in the matter following sub-
clause (III), by striking “or
1881(b)(13)(A)(ii)” and inserting “,
section 1881(b)(13)(A)(ii), or section
1886(d)(5)(M)”;

(III) by striking the period at the
end and inserting “; and”; and

(iii) in clause (iv), by striking the
semicolon at the end and inserting a pe-
period.

(b) STUDY AND REPORT ON REMOVING BARRIERS TO
DEVELOPMENT OF DISARM DRUGS.—

(1) STUDY.—The Comptroller General of the
United States shall, in consultation with the Direc-
tor of the National Institutes of Health, the Com-
missioner of Food and Drugs, and the Director of
the Centers for Disease Control and Prevention, con-
duct a study to—

(A) identify and examine the barriers that
prevent the development of DISARM drugs, as
defined in section 1886(d)(5)(M)(iii) of the So-
cial Security Act (42 U.S.C.
1395ww(d)(5)(M)(iii)), as added by subsection (a)(1); and

(B) develop recommendations for actions to be taken in order to overcome any barriers identified under subparagraph (A).

(2) REPORT.—Not later than 1 year after the date of the enactment of this Act, the Comptroller General shall submit to Congress a report on the study conducted under paragraph (1).

(c) Study and Report on the Impact of Additional Medicare Payment for DISARM Drugs on Usage Practices and Development of Resistance.—

(1) Study.—The Director of the Centers for Disease Control and Prevention shall conduct a study to examine the effects of the additional payment for DISARM drugs under the Medicare Program provided under subparagraph (M) of section 1886(d)(5) of the Social Security Act (42 U.S.C. 1395ww(d)(5)), as added by subsection (a), on—

(A) the usage of DISARM drugs (as defined by clause (iii) of such subparagraph) by subsection (d) hospitals (as defined in section 1886(d)(1)(B) of such Act); and
(B) the development of resistance by indi-
viduals to such DISARM drugs.

(2) REPORT.—Not later than 3 years after the
date of the enactment of this Act, such Director
shall submit to Congress a report on the study con-
ducted under paragraph (1).

Subtitle H—Vaccine Access,
Certainty, and Innovation

SEC. 2141. TIMELY REVIEW OF VACCINES BY THE ADVISORY
COMMITTEE ON IMMUNIZATION PRACTICES.

Section 2102(a) of the Public Health Service Act (42
U.S.C. 300aa–2(a)) is amended by adding at the end the
following:

“(10) ADVISORY COMMITTEE ON IMMUNIZATION
PRACTICES.—

“(A) STANDARD PERIODS OF TIME FOR
MAKING RECOMMENDATIONS.—Upon the licen-
sure of any vaccine or any new indication for a
vaccine, the Director of the Program shall di-
rect the Advisory Committee on Immunization
Practices, at its next regularly scheduled meet-
ing, to consider the use of the vaccine.

“(B) EXPEDITED REVIEW PURSUANT TO
REQUEST BY SPONSOR OR MANUFACTURER.—If
the Advisory Committee does not make rec-
ommendations with respect to the use of a vac-
cine at the Advisory Committee’s first regularly
scheduled meeting after the licensure of the
vaccine or any new indication for the vaccine,
the Advisory Committee, at the request of the
sponsor of the vaccine, shall make such rec-
ommendations on an expedited basis.

“(C) EXPEDITED REVIEW FOR BREAK-
THROUGH THERAPIES AND FOR USE DURING
PUBLIC HEALTH EMERGENCIES.—If a vaccine
is designated as a breakthrough therapy under
section 506 of the Federal Food, Drug, and
Cosmetic Act, and is licensed under section 351
of this Act, the Advisory Committee shall make
recommendations with respect to the use of the
vaccine on an expedited basis.

“(D) DEFINITION.—In this paragraph, the
terms ‘Advisory Committee on Immunization
Practices’ and ‘Advisory Committee’ mean the
advisory committee on immunization practices
established by the Secretary pursuant to section
222, acting through the Director of the Centers
for Disease Control and Prevention.”.
SEC. 2142. REVIEW OF PROCESSES AND CONSISTENCY OF ACIP RECOMMENDATIONS.

(a) Review.—The Director of the Centers for Disease Control and Prevention shall conduct a review of the process used by the Advisory Committee on Immunization Practices to evaluate consistency in formulating and issuing recommendations pertaining to vaccines.

(b) Considerations.—The review under subsection (a) shall include assessment of—

(1) the criteria used to evaluate new and existing vaccines;

(2) the Grading of Recommendations, Assessment, Development, and Evaluation (GRADE) approach to the review and analysis of scientific and economic data, including the scientific basis for such approach; and

(3) the extent to which the processes used by the working groups of the Advisory Committee on Immunization Practices are consistent among groups.

(c) Stakeholders.—In carrying out the review under subsection (a), the Director of the Centers for Disease Control and Prevention shall solicit input from vaccine stakeholders.

(d) Report.—Not later than 18 months after the date of enactment of this Act, the Director of the Centers
for Disease Control and Prevention shall submit to the appropriate committees of the Congress and make publicly available a report on the results of the review under subsection (a), including recommendations on improving the consistency of the process described in such subsection.

(e) DEFINITION.—In this section, the term “Advisory Committee on Immunization Practices” means the advisory committee on immunization practices established by the Secretary of Health and Human Services pursuant to section 222 of the Public Health Service Act (42 U.S.C. 217a), acting through the Director of the Centers for Disease Control and Prevention.

SEC. 2143. MEETINGS BETWEEN CDC AND VACCINE DEVELOPERS.

Section 310 of the Public Health Service Act (42 U.S.C. 242o) is amended by adding at the end the following:

“(c)(1) In this subsection, the term ‘vaccine developer’ means a nongovernmental entity engaged in—

“(A)(i) the development of a vaccine with the intent to pursue licensing of the vaccine by the Food and Drug Administration; or

“(ii) the production of a vaccine licensed by the Food and Drug Administration; and

“(B) vaccine research.
“(2)(A) Upon the submission of a written request for a meeting by a vaccine developer, that includes a valid justification for the meeting, the Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall convene a meeting of representatives of the vaccine developer and experts from the Centers for Disease Control and Prevention in immunization programs, epidemiology, and other relevant areas at which the Director (or the Director’s designee), for the purpose of informing the vaccine developer’s understanding of public health needs and priorities, shall provide the perspectives of the Centers for Disease Control and Prevention and other relevant Federal agencies regarding—

“(i) public health needs, epidemiology, and implementation considerations with regard to a vaccine developer’s potential vaccine profile; and

“(ii) potential implications of such perspectives for the vaccine developer’s vaccine research and development planning.

“(B) In addition to the representatives specified in subparagraph (A), the Secretary may, with the agreement of the vaccine developer requesting a meeting under such subparagraph, include in such meeting representatives of—

“(i) the Food and Drug Administration; and
“(ii) the National Vaccine Program.

“(C) The Secretary shall convene a meeting requested with a valid justification under subparagraph (A) not later than 120 days after receipt of the request for the meeting.

“(3)(A) Upon the submission of a written request by a vaccine developer, the Secretary, acting through the Director of the Centers for Disease Control and Prevention, shall provide to the vaccine developer any age-based or other demographically assessed disease epidemiological analyses or data that—

“(i) are specified in the request;

“(ii) have been published;

“(iii) have been performed by or are in the possession of the Centers;

“(iv) are not a trade secret or commercial or financial information that is privileged or confidential and subject to section 552(b)(4) of title 5, United States Code, or section 1905 of title 18, United States Code; and

“(v) do not contain individually identifiable information.

“(B) The Secretary shall provide analyses requested by a vaccine manufacturer under subparagraph (A) not
later than 120 calendar days after receipt of the request for the analyses.

“(4) The Secretary shall promptly notify a vaccine developer if—

“(A) the Secretary becomes aware of any significant change to information that was—

“(i) shared by the Secretary with the vaccine developer during a meeting under paragraph (2); or

“(ii) provided by the Secretary to the vaccine developer in one or more analyses under paragraph (3); and

“(B) the change to such information may have implications for the vaccine developer’s vaccine research and development.”.

Subtitle I—Orphan Product Extensions Now; Incentives for Certain Products for Limited Populations

SEC. 2151. EXTENSION OF EXCLUSIVITY PERIODS FOR A DRUG APPROVED FOR A NEW INDICATION FOR A RARE DISEASE OR CONDITION.

(a) In General.—Chapter V of the Federal Food, Drug, and Cosmetic Act, as amended by sections 2062
and 2063, is further amended by inserting after section 505H of such Act the following:

"SEC. 505I. EXTENSION OF EXCLUSIVITY PERIODS FOR A DRUG APPROVED FOR A NEW INDICATION FOR A RARE DISEASE OR CONDITION.

“(a) Designation.—

“(1) In general.—The Secretary shall designate a drug as a drug approved for a new indication to prevent, diagnose, or treat a rare disease or condition for purposes of granting the extensions under subsection (b) if—

“(A) prior to approval of an application or supplemental application for the new indication, the drug was approved or licensed for marketing under section 505(c) of this Act or section 351(a) of the Public Health Service Act but was not so approved or licensed for the new indication;

“(B)(i) the sponsor of the approved or licensed drug files an application or a supplemental application for approval of the new indication for use of the drug to prevent, diagnose, or treat the rare disease or condition; and

“(ii) the Secretary approves the application or supplemental application; and
“(C) the application or supplemental application for the new indication contains the consent of the applicant to notice being given by the Secretary under paragraph (4) respecting the designation of the drug.

“(2) Revocation of designation.—

“(A) In general.—Except as provided in subparagraph (B), a designation under paragraph (1) shall not be revoked for any reason.

“(B) Exception.—The Secretary may revoke a designation of a drug under paragraph (1) if the Secretary finds that the application or supplemental application resulting in such designation contained an untrue statement of material fact.

“(3) Notification prior to discontinuance of production for solely commercial reasons.—A designation of a drug under paragraph (1) shall be subject to the condition that the sponsor of the drug will notify the Secretary of any discontinuance of the production of the drug for solely commercial reasons at least 1 year before such discontinuance.
“(4) NOTICE TO PUBLIC.—Notice respecting the designation of a drug under paragraph (1) shall be made available to the public.

“(b) EXTENSION.—If the Secretary designates a drug as a drug approved for a new indication for a rare disease or condition, as described in subsection (a)(1)—

“(1)(A) the 4-, 5-, and 71/2-year periods described in subsections (c)(3)(E)(ii) and (j)(5)(F)(ii) of section 505, the 3-year periods described in clauses (iii) and (iv) of subsection (c)(3)(E) and clauses (iii) and (iv) of subsection (j)(5)(F) of section 505, and the 7-year period described in section 527, as applicable, shall be extended by 6 months; or

“(B) the 4- and 12-year periods described in subparagraphs (A) and (B) of section 351(k)(7) of the Public Health Service Act and the 7-year period described in section 527, as applicable, shall be extended by 6 months; and

“(2)(A) if the drug is the subject of a listed patent for which a certification has been submitted under subsection (b)(2)(A)(ii) or (j)(2)(A)(vii)(II) of section 505 or a listed patent for which a certification has been submitted under subsections (b)(2)(A)(iii) or (j)(2)(A)(vii)(III) of section 505,
the period during which an application may not be
approved under section 505(e)(3) or section
505(j)(5)(B) shall be extended by a period of 6
months after the date the patent expires (including
any patent extensions); or

“(B) if the drug is the subject of a listed patent
for which a certification has been submitted under
subsection (b)(2)(A)(iv) or (j)(2)(A)(vii)(IV) of sec-
tion 505, and in the patent infringement litigation
resulting from the certification the court determines
that the patent is valid and would be infringed, the
period during which an application may not be ap-
proved under section 505(e)(3) or section
505(j)(5)(B) shall be extended by a period of 6
months after the date the patent expires (including
any patent extensions).

“(c) Relation to Pediatric and Qualified In-
fec tious Disease Product Exclusivity.—Any exten-
sion under subsection (b) of a period shall be in addition
to any extension of the periods under sections 505A and
505E of this Act and section 351(m) of the Public Health
Service Act, as applicable, with respect to the drug.

“(d) Limitations.—The extension described in sub-
section (b) shall not apply if the drug designated under
subsection (a)(1) has previously received an extension by operation of subsection (b).

“(e) DEFINITION.—In this section, the term ‘rare disease or condition’ has the meaning given to such term in section 526(a)(2).”.

(b) APPLICATION.—Section 505G of the Federal Food, Drug, and Cosmetic Act, as added by subsection (a), applies only with respect to a drug for which an application or supplemental application described in subsection (a)(1)(B)(i) of such section 505G is first approved under section 505(e) of such Act (21 U.S.C. 355(e)) or section 351(a) of the Public Health Service Act (42 U.S.C. 262(a)) on or after the date of the enactment of this Act.

(c) CONFORMING AMENDMENTS.—

(1) RELATION TO PEDIATRIC EXCLUSIVITY FOR DRUGS.—Section 505A of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355a) is amended—

(A) in subsection (b), by adding at the end the following:

“(3) RELATION TO EXCLUSIVITY FOR A DRUG APPROVED FOR A NEW INDICATION FOR A RARE DISEASE OR CONDITION.—Notwithstanding the references in paragraph (1) to the lengths of the exclusivity periods after application of pediatric exclusivity, the 6-month extensions described in para-
graph (1) shall be in addition to any extensions under section 505G.”; and

(B) in subsection (c), by adding at the end the following:

“(3) Relation to exclusivity for a drug approved for a new indication for a rare disease or condition.—Notwithstanding the references in paragraph (1) to the lengths of the exclusivity periods after application of pediatric exclusivity, the 6-month extensions described in paragraph (1) shall be in addition to any extensions under section 505G.”.

(2) Relation to exclusivity for new qualified infectious disease products that are drugs.—Subsection (b) of section 505E of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355f) is amended—

(A) by amending the subsection heading to read as follows: “Relation to pediatric exclusivity and exclusivity for a drug approved for a new indication for a rare disease or condition.—”; and

(B) by striking “any extension of the period under section 505A” and inserting “any
extension of the periods under sections 505A and 505G, as applicable, ”.

(3) Relation to Pediatric Exclusivity for Biological Products.—Section 351(m) of the
Public Health Service Act (42 U.S.C. 262(m)) is amended by adding at the end the following:

“(5) Relation to exclusivity for a biological product approved for a new indication for a rare disease or condition.—Notwithstanding the references in paragraphs (2)(A), (2)(B), (3)(A), and (3)(B) to the lengths of the exclusivity periods after application of pediatric exclusivity, the 6-month extensions described in such paragraphs shall be in addition to any extensions under section 505G.”.

SEC. 2152. REAUTHORIZATION OF RARE PEDIATRIC DISEASE PRIORITY REVIEW VOUCHER INCENTIVE PROGRAM.

(a) In General.—Section 529 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360ff) is amended—

(1) in subsection (a)—

(A) in paragraph (3), by amending subparagraph (A) to read as follows:

“(A) The disease is a serious or life-threatening disease in which the serious or life-threat-
ening manifestations primarily affect individuals aged from birth to 18 years, including age groups often called neonates, infants, children, and adolescents.”; and

(B) in paragraph (4)—

(i) in subparagraph (E), by striking “and” at the end;

(ii) in subparagraph (F), by striking the period at the end and inserting “; and”;

(iii) by adding at the end the following:

“(G) is for a drug or biological product for which a priority review voucher has not been issued under section 524 (relating to tropical disease products).”;

(2) in subsection (b), by striking paragraph (5) and inserting the following:

“(5) TERMINATION OF AUTHORITY.—

“(A) IN GENERAL.—The Secretary may not award any priority review vouchers under paragraph (1) after December 31, 2018.

“(B) EXCEPTION.—Notwithstanding subparagraph (A), the sponsor of a drug that is designated under subsection (d) as a drug for
a rare pediatric disease and that is the subject
of a rare pediatric disease product application
that is submitted during the period beginning
on the date of enactment of the 21st Century
Cures Act and ending the date specified in sub-
paragraph (A) shall remain eligible to receive a
priority review voucher under paragraph (1) ir-
respective of whether the rare pediatric disease
product application with respect to such drug is
approved after the end of such period.”.

(b) GAO Study and Report.—

(1) Study.—The Comptroller General of the
United States shall conduct a study on the effective-
ness of awarding priority review vouchers under sec-
tion 529 of the Federal Food, Drug, and Cosmetic
Act (21 U.S.C. 360ff) in providing incentives for the
development of drugs that treat or prevent rare pe-
diatric diseases (as defined in subsection (a)(3) of
such section) that would not otherwise have been de-
veloped. In conducting such study, the Comptroller
General shall examine the following:

(A) The indications for which each drug
for which a priority review voucher was award-
ed under such section 529 was approved under
section 505 of such Act (21 U.S.C. 355) or sec-
tion 351 of the Public Health Service Act (42 U.S.C. 262).

(B) Whether the priority review voucher impacted a sponsor’s decision to invest in developing a drug to treat or prevent a rare pediatric disease.

(C) An analysis of the drugs that utilized such priority review vouchers, which shall include—

(i) the indications for which such drugs were approved under section 505 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355) or section 351 of the Public Health Service Act (42 U.S.C. 262);

(ii) whether unmet medical needs were addressed through the approval of such drugs, including, for each such drug—

(I) if an alternative therapy was previously available to treat the indication; and

(II) the benefit or advantage the drug provided over another available therapy;

(iii) the number of patients potentially treated by such drugs;
(iv) the value of the priority review voucher if transferred; and

(v) the length of time between the date on which a priority review voucher was awarded and the date on which it was used.

(D) With respect to the priority review voucher program under section 529 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360ff)—

(i) the resources used by, and burden placed on, the Food and Drug Administration in implementing such program, including the effect of such program on the Food and Drug Administration’s review of drugs for which a priority review voucher was not awarded or used;

(ii) the impact of the program on the public health as a result of the expedited review of applications for drugs that treat or prevent non-serious indications that are generally used by the broader public; and

(iii) alternative approaches to improving such program so that the program is appropriately targeted toward providing in-
centives for the development of clinically
important drugs that—

(I) prevent or treat rare pediatric
diseases; and

(II) would likely not otherwise
have been developed to prevent or
treat such diseases.

(2) REPORT.—Not later than December 31, 2017, the Comptroller General of the United States shall submit to the Committee on Energy and Com-

merce of the House of Representatives and the Com-

mittee on Health, Education, Labor, and Pensions of the Senate a report containing the results of the

study of conducted under paragraph (1).

Subtitle J—Domestic Manufac-
turing and Export Efficiencies

SEC. 2161. GRANTS FOR STUDYING THE PROCESS OF CON-

TINUOUS DRUG MANUFACTURING.

(a) IN GENERAL.—The Commissioner of Food and

Drugs may award grants to institutions of higher edu-
cation and nonprofit organizations for the purpose of
studying and recommending improvements to the process
of continuous manufacturing of drugs and biological prod-
ucts and similar innovative monitoring and control tech-

iques.
(b) DEFINITIONS.—In this section:

(1) The term “drug” has the meaning given to such term in section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321).

(2) The term “biological product” has the meaning given to such term in section 351(i) of the Public Health Service Act (42 U.S.C. 262(i)).

(3) The term “institution of higher education” has the meaning given to such term in section 101 of the Higher Education Act of 1965 (20 U.S.C. 1001).

(c) AUTHORIZATION OF APPROPRIATIONS.—There is authorized to be appropriated to carry out this section $5,000,000 for each of fiscal years 2016 through 2020.

SEC. 2162. RE-EXPORTATION AMONG MEMBERS OF THE EUROPEAN ECONOMIC AREA.

Section 1003 of the Controlled Substances Import and Export Act (21 U.S.C. 953) is amended—

(1) in subsection (f)—

(A) in paragraph (5)—

(i) by striking “(5)” and inserting “(5)(A)”;

(ii) by inserting “, except that the controlled substance may be exported from the second country to another country that
is a member of the European Economic Area” before the period at the end; and

(iii) by adding at the end the following:

“(B) Subsequent to any re-exportation described in subparagraph (A), a controlled substance may continue to be exported from any country that is a member of the European Economic Area to any other such country, provided that—

“(i) the conditions applicable with respect to the first country under paragraphs (1), (2), (3), (4), (6), and (7) are met by each subsequent country from which the controlled substance is exported pursuant to this paragraph; and

“(ii) the conditions applicable with respect to the second country under such paragraphs are met by each subsequent country to which the controlled substance is exported pursuant to this paragraph.”; and

(B) in paragraph (6)—

(i) by striking “(6)” and inserting “(6)(A)”; and

(ii) by adding at the end the following:
“(B) In the case of re-exportation among members of the European Economic Area, within 30 days after each re-exportation, the person who exported the controlled substance from the United States delivers to the Attorney General—

“(i) documentation certifying that such re-exportation has occurred; and

“(ii) information concerning the consignee, country, and product.”; and

(2) by adding at the end the following:

“(g) LIMITATION.—Subject to paragraphs (5) and (6) of subsection (f) in the case of any controlled substance in schedule I or II or any narcotic drug in schedule III or IV, the Attorney General shall not promulgate nor enforce any regulation, subregulatory guidance, or enforcement policy which impedes re-exportation of any controlled substance among European Economic Area countries, including by promulgating or enforcing any requirement that—

“(1) re-exportation from the first country to the second country or re-exportation from the second country to another country occur within a specified period of time; or

“(2) information concerning the consignee, country, and product be provided prior to expor-
tation of the controlled substance from the United States or prior to each re-exportation among members of the European Economic Area.”.

Subtitle K—Enhancing Combination Products Review

SEC. 2181. ENHANCING COMBINATION PRODUCTS REVIEW.

Section 503(g)(4)(C) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 353(g)(4)(C)) is amended by adding at the end the following new clause:

“(iii) Not later than 18 months after the date of the enactment of the 21st Century Cures Act, the Secretary shall issue final guidance that describes the responsibilities of each agency center regarding its review of combination products. The Secretary shall, after soliciting public comment, review and update the guidance periodically.”.

Subtitle L—Priority Review for Breakthrough Devices

SEC. 2201. PRIORITY REVIEW FOR BREAKTHROUGH DEVICES.

(a) IN GENERAL.—Chapter V of the Federal Food, Drug, and Cosmetic Act is amended—

(1) in section 515(d)—

(A) by striking paragraph (5); and

(B) by redesignating paragraph (6) as paragraph (5); and
(2) by inserting after section 515A (21 U.S.C. 360e–1) the following:

“SEC. 515B. PRIORITY REVIEW FOR BREAKTHROUGH DEVICES.

“(a) IN GENERAL.—In order to provide for more effective treatment or diagnosis of life-threatening or irreversibly debilitating human diseases or conditions, the Secretary shall establish a program to provide priority review for devices—

“(1) representing breakthrough technologies;

“(2) for which no approved alternatives exist;

“(3) offering significant advantages over existing approved or cleared alternatives, including the potential to, compared to existing approved or cleared alternatives, reduce or eliminate the need for hospitalization, improve patient quality of life, facilitate patients’ ability to manage their own care (such as through self-directed personal assistance), or establish long-term clinical efficiencies; or

“(4) the availability of which is in the best interest of patients.

“(b) REQUEST FOR DESIGNATION.—A sponsor of a device may request that the Secretary designate the device for priority review under this section. Any such request for designation may be made at any time prior to the sub-
mission of an application under section 515(c), a petition for classification under section 513(f)(2), or a notification under section 510(k).

“(c) Designation Process.—

“(1) In general.—Not later than 60 calendar days after the receipt of a request under subsection (b), the Secretary shall determine whether the device that is the subject of the request meets the criteria described in subsection (a). If the Secretary determines that the device meets the criteria, the Secretary shall designate the device for priority review.

“(2) Review.—Review of a request under subsection (b) shall be undertaken by a team that is composed of experienced staff and managers of the Food and Drug Administration and is chaired by a senior manager.

“(3) Designation determination.—A determination approving or denying a request under subsection (b) shall be considered a significant decision under section 517A and the Secretary shall provide a written, substantive summary of the basis for the determination in accordance with section 517A(a).

“(4) Reconsideration.—

“(A) Request for reconsideration.—

Any person whose request under subsection (b)
is denied may, within 30 days of the denial, request reconsideration of the denial in accordance with section 517A(b)—

“(i) based upon the submission of documents by such person; or

“(ii) based upon such documents and a meeting or teleconference.

“(B) RESPONSE.—Reconsideration of a designation determination under this paragraph shall be conducted in accordance with section 517A(b).

“(5) WITHDRAWAL.—If the Secretary approves a priority review designation for a device under this section, the Secretary may not withdraw the designation based on the fact that the criteria specified in subsection (a) are no longer met because of the subsequent clearance or approval of another device that was designated under—

“(A) this section; or

“(B) section 515(d)(5) (as in effect immediately prior to the enactment of the 21st Century Cures Act).

“(d) PRIORITY REVIEW.—
“(1) ACTION.—For purposes of expediting the development and review of devices designated under subsection (c), the Secretary shall—

“(A) assign a team of staff, including a team leader with appropriate subject matter expertise and experience, for each device for which a request is submitted under subsection (b);

“(B) provide for oversight of the team by senior agency personnel to facilitate the efficient development of the device and the efficient review of any submission described in subsection (b) for the device;

“(C) adopt an efficient process for timely dispute resolution;

“(D) provide for interactive communication with the sponsor of the device during the review process;

“(E) expedite the Secretary’s review of manufacturing and quality systems compliance, as applicable;

“(F) disclose to the sponsor in advance the topics of any consultation concerning the sponsor’s device that the Secretary intends to undertake with external experts or an advisory com-
mittee and provide the sponsor an opportunity
to recommend such external experts;

“(G) for applications submitted under sec-
tion 515(e), provide for advisory committee
input, as the Secretary determines appropriate
(including in response to the request of the
sponsor); and

“(H) assign staff to be available within a
reasonable time to address questions posed by
institutional review committees concerning the
conditions and clinical testing requirements ap-
licable to the investigational use of the device
pursuant to an exemption under section 520(g).

“(2) ADDITIONAL ACTIONS.—In addition to the
actions described in paragraph (1), for purposes of
expediting the development and review of devices
designated under subsection (c), the Secretary, in
collaboration with the device sponsor, may, as appro-
priate—

“(A) coordinate with the sponsor regarding
early agreement on a data development plan;

“(B) take steps to ensure that the design
of clinical trials is as efficient as practicable,
such as through adoption of shorter or smaller
clinical trials, application of surrogate
endpoints, and use of adaptive trial designs and Bayesian statistics, to the extent scientifically appropriate;

“(C) facilitate, to the extent scientifically appropriate, expedited and efficient development and review of the device through utilization of timely postmarket data collection, with regard to applications for approval under section 515(e); and

“(D) agree to clinical protocols that the Secretary will consider binding on the Secretary and the sponsor, subject to—

“(i) changes agreed to by the sponsor and the Secretary;

“(ii) changes that the Secretary determines are required to prevent an unreasonable risk to the public health; or

“(iii) the identification of a substantial scientific issue determined by the Secretary to be essential to the safety or effectiveness of the device involved.

“(e) PRIORITY REVIEW GUIDANCE.—

“(1) CONTENT.—The Secretary shall issue guidance on the implementation of this section. Such guidance shall include the following:
“(A) The process for a person to seek a priority review designation.

“(B) A template for requests under subsection (b).

“(C) The criteria the Secretary will use in evaluating a request for priority review.

“(D) The standards the Secretary will use in assigning a team of staff, including team leaders, to review devices designated for priority review, including any training required for such personnel on effective and efficient review.

“(2) PROCESS.—Prior to finalizing the guidance under paragraph (1), the Secretary shall propose such guidance for public comment.

“(f) CONSTRUCTION.—

“(1) PURPOSE.—This section is intended to encourage the Secretary and provide the Secretary sufficient authorities to apply efficient and flexible approaches to expedite the development of, and prioritize the agency’s review of, devices that represent breakthrough technologies.

“(2) CONSTRUCTION.—Nothing in this section shall be construed to alter the criteria and standards for evaluating an application pursuant to section 515(c), a report and request for classification under
section 513(f)(2), or a report under section 510(k), including the recognition of valid scientific evidence as described in section 513(a)(3)(B), and consideration of the least burdensome means of evaluating device effectiveness or demonstrating substantial equivalence between devices with differing technological characteristics, as applicable. Nothing in this section alters the authority of the Secretary to act on an application pursuant to section 515(d) before completion of an establishment inspection, as the Secretary deems appropriate.”.

(b) Conforming Amendment Related to Designation Determinations.—Section 517A(a)(1) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360g–1(a)(1)) is amended by inserting “a request for designation under section 515B,” after “an application under section 515,”.

Subtitle M—Medical Device Regulatory Process Improvements

SEC. 2221. THIRD-PARTY QUALITY SYSTEM ASSESSMENT.

(a) Establishment of Third-Party Quality System Assessment Program.—Chapter V of the Federal Food, Drug, and Cosmetic Act is amended by inserting after section 524A (21 U.S.C. 360n–1) the following new section:
"SEC. 524B. THIRD-PARTY QUALITY SYSTEM ASSESSMENT.

(a) ACCREDITATION AND ASSESSMENT.—

(1) IN GENERAL; CERTIFICATION OF DEVICE QUALITY SYSTEM.—The Secretary shall, in accordance with this section, establish a third-party quality system assessment program—

(A) to accredit persons to assess whether a requestor’s quality system, including its design controls, can reasonably assure the safety and effectiveness of in-scope devices subject to device-related changes;

(B) under which accredited persons shall (as applicable) certify that a requestor’s quality system meets the criteria included in the guidance issued under paragraph (5) with respect to the in-scope devices at issue; and

(C) under which the Secretary shall rely on such certifications for purposes of determining the safety and effectiveness (or as applicable, substantial equivalence) of in-scope devices subject to the device-related changes involved, in lieu of compliance with the following submission requirements:

(i) A premarket notification.

(ii) A 30-day notice.

(iii) A Special PMA supplement.
“(2) Definitions.—For purposes of this section—

“(A) the term ‘device-related changes’ means changes made by a requestor with respect to in-scope devices, which are—

“(i) changes to a device found to be substantially equivalent under sections 513(i) and 510(k) to a predicate device, that—

“(I) would otherwise be subject to a premarket notification; and

“(II) do not alter—

“(aa) the intended use of the changed device; or

“(bb) the fundamental scientific technology of such device;

“(ii) manufacturing changes subject to a 30-day notice;

“(iii) changes that qualify for a Special PMA Supplement; and

“(iv) such other changes relating to the devices or the device manufacturing process as the Secretary determines appropriate;
“(B) the term ‘in-scope device’ means a device within the scope of devices agreed to by the requestor and the accredited person for purposes of a request for certification under this section;

“(C) the term ‘premarket notification’ means a premarket notification under section 510(k);

“(D) the term ‘quality system’ means the methods used in, and the facilities and controls used for, the design, manufacture, packaging, labeling, storage, installation, and servicing of devices, as described in section 520(f);

“(E) the term ‘requestor’ means a device manufacturer that is seeking certification under this section of a quality system used by such manufacturer;

“(F) the term ‘Special PMA’ means a Special PMA supplement under section 814.39(d) of title 21, Code of Federal Regulations (or any successor regulations); and

“(G) the term ‘30-day notice’ means a notice described in section 515(d)(6).

“(3) ACCREDITATION PROCESS; ACCREDITATION RENEWAL.—Except as inconsistent with this section,
the process and qualifications for accreditation of persons and renewal of such accreditation under section 704(g) shall apply with respect to accreditation of persons and renewal of such accreditation under this section.

“(4) Use of Accredited Parties to Conduct Assessments.—

“(A) Initiation of Assessment Services.—

“(i) Date Assessments Authorized.—Beginning after the date on which the final guidance is issued under paragraph (5), an accredited person may conduct an assessment under this section.

“(ii) Initiation of Assessments.—Use of one or more accredited persons to assess a requestor’s quality system under this section with respect to in-scope devices shall be at the initiation of the person who registers and lists the devices at issue under section 510.

“(B) Compensation.—Compensation for such accredited persons shall—

“(i) be determined by agreement between the accredited person and the person
who engages the services of the accredited person; and

“(ii) be paid by the person who engages such services.

“(C) ACCREDITED PERSON SELECTION.—

Each person who chooses to use an accredited person to assess a requestor’s quality system, as described in this section, shall select the accredited person from a list of such persons published by the Secretary in accordance with section 704(g)(4).

“(5) GUIDANCE; CRITERIA FOR CERTIFICATION.—

“(A) IN GENERAL.—The criteria for certification of a quality system under this section shall be as specified by the Secretary in guidance issued under this paragraph.

“(B) CONTENTS; CRITERIA.—The guidance under this paragraph shall include specification of—

“(i) evaluative criteria to be used by an accredited person to assess and, as applicable, certify a requestor’s quality system under this section with respect to in-scope devices; and
“(ii) criteria for accredited persons to apply for a waiver of, and exemptions from, the criteria under clause (i).

“(C) **Timeframe for issuing guidance.**—The Secretary shall issue under this paragraph—

“(i) draft guidance not later than 12 months after the enactment of the 21st Century Cures Act; and

“(ii) final guidance not later than 12 months after issuance of the draft guidance under clause (i).

“(b) **Use of Third-Party Assessment.**—

“(1) **Assessment summary; certification.**—

“(A) **Submission of assessment to Secretary.**—An accredited person who assesses a requestor’s quality system under subsection (a) shall submit to the Secretary a summary of the assessment—

“(i) within 30 days of the assessment; and

“(ii) which shall include (as applicable)—
“(I) the accredited person’s certification that the requestor has satisfied the criteria specified in the guid-
ance issued under subsection (a)(5) for quality system certification with respect to the in-scope devices at issue; and

“(II) any waivers or exemptions from such criteria applied by the ac-
credited person.

“(B) Treatment of Assessments.— Subject to action by the Secretary under sub-
paragraph (C), with respect to assessments which include a certification under this sec-
tion—

“(i) the Secretary’s review of the assess-
ment summary shall be deemed com-
plete on the day that is 30 days after the date on which the Secretary receives the summary under subparagraph (A); and

“(ii) the assessment summary and certification of the quality system of a re-
questor shall be deemed accepted by the Secretary on such 30th day.

“(C) Actions by Secretary.—
“(i) In General.—Within 30 days of receiving an assessment summary and certification under subparagraph (A), the Secretary may, by written notice to the accredited person submitting such assessment certification, deem any such certification to be provisional beyond such 30-day period, suspended pending further review by the Secretary, or otherwise qualified or cancelled, based on the Secretary’s determination that (as applicable)—

“(I) additional information is needed to support such certification;

“(II) such assessment or certification is unwarranted; or

“(III) such action with regard to the certification is otherwise justified according to such factors and criteria as the Secretary finds appropriate.

“(ii) Acceptance of Certification.—If following action by the Secretary under clause (i) with respect to a certification, the Secretary determines that such certification is acceptable, the Secretary shall issue written notice to the ap-
plicable accredited person indicating such acceptance.

“(2) Notifications to Secretary by certified requestors or accredited persons for program evaluation purposes.—

“(A) Annual summary report for device-related changes otherwise subject to premarket notification.—A requestor whose quality system is certified under this section that effectuates device-related changes with respect to in-scope devices, without prior submission of a premarket notification, shall ensure that an annual summary report is submitted to the Secretary by the accredited person which—

“(i) describes the changes made to the in-scope device; and

“(ii) indicates the effective dates of such changes.

“(B) Periodic notification for manufacturing changes otherwise subject to 30-day notice.—A requestor whose quality system is certified under this section that effectuates device-related changes with respect to in-scope devices, without prior submission of a 30-
day notice, shall provide notification to the Secretary of such changes in the requestor’s next periodic report under section 814.84(b) of title 21, Code of Federal Regulations (or any successor regulation). Such notification shall—

“(i) describe the changes made; and

“(ii) indicate the effective dates of such changes.

“(C) Periodic Notification for Device-Related Changes Otherwise Subject to Special PMA Supplement.—A requestor whose quality system is certified under this section that effectuates device-related changes with respect to in-scope devices, without prior submission of a Special PMA Supplement, shall provide notification to the Secretary of such changes in the requestor’s next periodic report under section 814.84(b) of title 21, Code of Federal Regulations (or any successor regulation). Such notification shall—

“(i) describe the changes made, including a full explanation of the basis for the changes; and

“(ii) indicate the effective dates of such changes.
“(D) USE OF NOTIFICATIONS FOR PROGRAM EVALUATION PURPOSES.—Information submitted to the Secretary under subparagraphs (A) through (C) shall be used by the Secretary for purposes of the program evaluation under subsection (d).

“(c) DURATION AND EFFECT OF CERTIFICATION.—

A certification under this section—

“(1) shall remain in effect for a period of 2 years from the date such certification is accepted by the Secretary, subject to paragraph (6);

“(2) may be renewed through the process described in subsection (a)(3);

“(3) shall continue to apply with respect to device-related changes made during such 2-year period, provided the certification remains in effect, irrespective of whether such certification is renewed after such 2-year period;

“(4) shall have no effect on the need to comply with applicable submission requirements specified in subsection (a)(1)(C) with respect to any change pertaining to in-scope devices which is not a device-related change under subsection (a)(2);

“(5) shall have no effect on the authority of the Secretary to conduct an inspection or otherwise de-
termine whether the requestor has complied with the
applicable requirements of this Act; and

“(6) may be revoked by the Secretary upon a
determination that the requestor’s quality system no
longer meets the criteria specified in the guidance
issued under subsection (a)(5) with respect to the
in-scope devices at issue.

“(d) NOTICE OF REVOCATION.—The Secretary shall
provide written notification to the requestor of a revoca-
tion pursuant to subsection (c)(6) not later than 10 busi-
ess days after the determination described in such sub-
section. Upon receipt of the written notification, the re-
questor shall satisfy the applicable submission require-
ments specified in subsection (a)(1)(C) for any device-re-
lated changes effectuated after the date of such deter-
mination. After such revocation, such requestor is eligible
to seek re-certification under this section of its quality sys-
tem.

“(e) PROGRAM EVALUATION; SUNSET.—

“(1) PROGRAM EVALUATION AND REPORT.—

“(A) EVALUATION.—The Secretary shall
complete an evaluation of the third-party qual-
ity system assessment program under this sec-
tion no later than January 31, 2021, based
on—
“(i) analysis of information from a representative group of device manufacturers obtained from notifications provided by certified requestors or accredited persons under subsection (b)(2); and

“(ii) such other available information and data as the Secretary determines appropriate.

“(B) REPORT.—No later than 1 year after completing the evaluation under subparagraph (A), the Secretary shall issue a report of the evaluation’s findings on the website of the Food and Drug Administration, which shall include the Secretary’s recommendations with respect to continuation and as applicable expansion of the program under this section to encompass—

“(i) device submissions beyond those identified in subsection (a)(1)(C); and

“(ii) device changes beyond those described in subsection (a)(2)(A).

“(2) SUNSET.—This section shall cease to be effective October 1, 2022.

“(f) RULE OF CONSTRUCTION.—Nothing in this section shall be construed to limit the authority of the Secretary to request and review the complete assessment of
a certified requestor under this section on a for-cause basis.”.

(b) Conforming Amendments.—

(1) Requirements for Premarket Approval Supplements.—Section 515(d)(5)(A)(i) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360e(d)(5)(A)(i)), as redesignated by section 2201, is further amended by inserting “, subject to section 524B” after “that affects safety or effectiveness”.

(2) Requirements for 30-Day Notice.—Section 515(d)(5)(A)(ii) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360e(d)(5)(A)(ii)), as redesignated by section 2201, is further amended by inserting “, subject to section 524B” after “the date on which the Secretary receives the notice”.

(3) Requirements for Premarket Notification; Technical Correction to Reference to Section 510(k).—Section 510(l) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360(l)) is amended by striking “of this subsection under subsection (m)” and inserting “of subsection (k) under subsection (m) or section 524B”.

(4) Misbranded Devices.—Section 502(t) of the Federal Food, Drug, and Cosmetic Act (21
U.S.C. 352(t)) is amended by inserting “or 524B” after “section 519”.

**SEC. 2222. VALID SCIENTIFIC EVIDENCE.**

1. by redesignating clauses (i) and (ii) as sub-clauses (I) and (II), respectively;
2. by striking “(B) If the Secretary” and inserting “(B)(i) If the Secretary”; and
3. by adding at the end the following:
   “(ii) For purposes of clause (i), valid scientific evidence may include—
   1. evidence described in well-documented case histories, including registry data, that are collected and monitored under a protocol determined to be acceptable by the Secretary;
   2. studies published in peer-reviewed journals; and
   3. data collected in countries other than the United States so long as such data otherwise meet the criteria specified in this subparagraph.
   “(iii) In the case of a study published in a peer-reviewed journal that is offered as valid scientific evidence for purposes of clause (i), the Secretary may request data underlying the study if—
“(I) the Secretary, in making such request, complies with the requirement of subparagraph (D)(ii) to consider the least burdensome appropriate means of evaluating device effectiveness or subsection (i)(1)(D) to consider the least burdensome means of determining substantial equivalence, as applicable;

“(II) the Secretary furnishes a written rationale for so requesting the underlying data together with such request; and

“(III) if the requested underlying data for such a study are unavailable, the Secretary shall consider such study to be part of the totality of the evidence with respect to the device, as the Secretary determines appropriate.”.

SEC. 2223. TRAINING AND OVERSIGHT IN LEAST BURDENSOME APPROPRIATE MEANS CONCEPT.

(a) IN GENERAL.—Section 513 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360c) is amended by adding at the end the following:

“(j) TRAINING AND OVERSIGHT IN LEAST BURDENSOME APPROPRIATE MEANS CONCEPT.—

“(1) TRAINING.—Each employee of the Food and Drug Administration who is involved in the review of premarket submissions under section 515 or
section 510(k), including supervisors, shall receive training regarding the meaning and implementation of the least burdensome appropriate means concept in the context of the use of that term in subsections (a)(3)(D) and (i)(1)(D) of this section and in section 515(c)(5).

“(2) GUIDANCE DOCUMENTS.—

“(A) DRAFT UPDATED GUIDANCE.—Not later than 12 months after the date of enactment of the 21st Century Cures Act, the Secretary shall issue a draft guidance document updating the October 4, 2002, guidance document entitled ‘The Least Burdensome Provision of the FDA Modernization Act of 1997: Concept and Principles; Final Guidance for FDA and Industry’.

“(B) MEETING OF STAKEHOLDERS.—In developing such draft guidance document, the Secretary shall convene a meeting of stakeholders to ensure a full record to support the publication of such document.

“(3) OMBUDSMAN AUDIT.—Not later than 18 months after the date of issuance of final version of the draft guidance under paragraph (2), the ombudsman for the organizational unit of the Food and
Drug Administration responsible for the premarket review of devices shall—

“(A) conduct, or have conducted, an audit of the training described in paragraph (1); and

“(B) include in such audit interviews with a representative sample of persons from industry regarding their experience in the device premarket review process.”.

(b) ADDITIONAL INFORMATION REGARDING PREMARKET APPLICATIONS.—Subsection (c) of section 515 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360e) is amended by adding at the end the following:

“(5)(A) Whenever the Secretary requests additional information from an applicant regarding an application under paragraph (1), the Secretary shall consider the least burdensome appropriate means necessary to demonstrate device safety and effectiveness, and request information accordingly.

“(B) For purposes of subparagraph (A), the term ‘necessary’ means the minimum required information that would support a determination by the Secretary that an application provides a reasonable assurance of the safety and effectiveness of the device.

“(C) Nothing in this paragraph alters the standards for premarket approval of a device.”.
SEC. 2224. RECOGNITION OF STANDARDS.

Section 514(c) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360d(c)) is amended—

(1) in paragraph (1), by inserting after subparagraph (B) the following new subparagraphs:

“(C)(i) Any person may submit a request for recognition under subparagraph (A) of all or part of an appropriate standard established by a nationally or internationally recognized standard organization.

“(ii) Not later than 60 days after the Secretary receives such a request, the Secretary shall—

“(I) make a determination to recognize all, part, or none of the standard that is the subject of the request; and

“(II) issue to the person who submitted such request a response in writing that states the Secretary’s rationale for that determination, including the scientific, technical, regulatory, or other basis for such determination.

“(iii) The Secretary shall make a response issued under clause (ii)(II) publicly available, in such manner as the Secretary determines appropriate.

“(iv) The Secretary shall take such actions as may be necessary to implement all or part of a standard recognized under clause (i)(I), in accordance with subparagraph (A).
“(D) The Secretary shall make publicly available, in such manner as the Secretary determines appropriate, the rationale for recognition under subparagraph (A) of part of a standard, including the scientific, technical, regulatory, or other basis for such recognition.”; and

(2) by adding at the end the following new paragraphs:

“(4) TRAINING ON USE OF STANDARDS.—The Secretary shall provide to all employees of the Food and Drug Administration who review premarket submissions for devices periodic training on the concept and use of recognized standards for purposes of meeting a premarket submission requirement or other applicable requirement under this Act, including standards relevant to an employee’s area of device review.

“(5) GUIDANCE.—

“(A) DRAFT GUIDANCE.—The Secretary shall publish guidance identifying the principles for recognizing standards under this section. In publishing such guidance, the Secretary shall consider—

“(i) the experience with, and reliance on, a standard by other Federal regulatory authorities and the device industry; and

...
“(ii) whether recognition of a standard will promote harmonization among regulatory authorities in the regulation of devices.

“(B) Timing.—The Secretary shall publish—

“(i) draft guidance under subparagraph (A) not later than 12 months after the date of the enactment of the 21st Century Cures Act; and

“(ii) final guidance not later than 12 months after the close of the public comment period for the draft guidance under clause (i).”.

SEC. 2225. EASING REGULATORY BURDEN WITH RESPECT TO CERTAIN CLASS I AND CLASS II DEVICES.

(a) Class I Devices.—Section 510(l) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360(l)) is amended—

(1) by striking “A report under subsection (k)” and inserting “(1) A report under subsection (k)”; and

(2) by adding at the end the following new paragraph:
“(2) Not later than 120 days after the date of the enactment of the 21st Century Cures Act, the Secretary shall identify, through publication in the Federal Register, any type of class I device that the Secretary determines no longer requires a report under subsection (k) to provide reasonable assurance of safety and effectiveness. Upon such publication—

“(A) each type of class I device so identified shall be exempt from the requirement for a report under subsection (k); and

“(B) the classification regulation applicable to each such type of device shall be deemed amended to incorporate such exemption.”.

(b) CLASS II DEVICES.—Section 510(m) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360(m)) is amended—

(1) by striking paragraph (1) and inserting the following new paragraph: “(1) The Secretary shall—

“(A) not later than 60 days after the date of the enactment of the 21st Century Cures Act—

“(i) publish in the Federal Register a notice that contains a list of each type of class II device that the Secretary determines no longer requires a report under subsection (k) to pro-
vide reasonable assurance of safety and effectiveness; and

“(ii) provide for a period of not less than 60 days for public comment beginning on the date of the publication of such notice; and

“(B) not later than 180 days after the date of the enactment of 21st Century Cures Act, publish in the Federal Register a list representing the Secretary’s final determination with respect to the devices included in the list published under subparagraph (A).”;

(2) in paragraph (2)—

(A) by striking “1 day after the date of the publication of a list under this subsection,” and inserting “1 day after the date of publication of the final list under paragraph (1)(B),”; and

(B) by striking “30-day period” and inserting “60-day period”; and

(3) by adding at the end the following new paragraph:

“(3) Upon the publication of the final list under paragraph (1)(B)—

“(A) each type of class II device so listed shall be exempt from the requirement for a report under subsection (k); and
“(B) the classification regulation applicable to each such type of device shall be deemed amended to incorporate such exemption.”.

SEC. 2226. ADVISORY COMMITTEE PROCESS.

(a) CLASSIFICATION PANELS.—Paragraph (5) of section 513(b) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360e(b)) is amended—

(1) by striking “(5)” and inserting “(5)(A)”;

and

(2) by adding at the end the following:

“(B) When a device is specifically the subject of review by a classification panel, the Secretary shall—

“(i) ensure that adequate expertise is represented on the classification panel to assess—

“(I) the disease or condition which the device is intended to cure, treat, mitigate, prevent, or diagnose; and

“(II) the technology of the device; and

“(ii) as part of the process to ensure adequate expertise under clause (i), give due consideration to the recommendations of the person whose premarket submission is subject to panel review on the expertise needed among the voting members of the panel.

“(C) For purposes of subparagraph (B)(ii), the term ‘adequate expertise’ means, with respect to the member-
ship of the classification panel reviewing a premarket sub-
mission, that such membership includes—

“(i) two or more voting members, with a spe-
cialty or other expertise clinically relevant to the de-
vice under review; and

“(ii) at least one voting member who is knowl-
edgeable about the technology of the device.”.

(b) PANEL REVIEW PROCESS.—Section 513(b)(6) of
360c(b)(6)) is amended—

(1) in subparagraph (A)(iii), by inserting before
the period at the end “, including by designating a
representative who will be provided a time during
the panel meeting to address the panel individually
(or accompanied by experts selected by such rep-
resentative) for the purpose of correcting
misstatements of fact or providing clarifying infor-
mation, subject to the discretion of the panel chair-
person”; and

(2) by striking subparagraph (B) and inserting
the following new subparagraph:

“(B)(i) Any meeting of a classification panel for a
device that is specifically the subject of review shall—

“(I) provide adequate time for initial presen-
tations by the person whose device is specifically the
subject of a classification panel review and by the Secretary; and

“(II) encourage free and open participation by all interested persons.

“(ii) Following the initial presentations described in clause (i), the panel may—

“(I) pose questions to a designated representative described in subparagraph (A)(iii); and

“(II) consider the responses to such questions in the panel’s review of the device that is specifically the subject of review by the panel.”.

SEC. 2227. HUMANITARIAN DEVICE EXEMPTION APPLICATION.

(a) In general.—Section 520(m) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360j) is amended—

(1) in paragraph (1) by striking “fewer than 4,000” and inserting “not more than 8,000”; and

(2) in paragraph (2)(A) by striking “fewer than 4,000” and inserting “not more than 8,000”; and

(3) in paragraph (6)(A)(ii), by striking “4,000” and inserting “8,000”.

(b) Guidance document on probable benefit.—Not later than 18 months after the date of enactment of this Act, the Secretary of Health and Human
Services, acting through the Commissioner of Food and Drugs, shall publish a draft guidance document that defines the criteria for establishing “probable benefit” as that term is used in section 520(m)(2)(C) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360j(m)(2)(C)).

SEC. 2228. CLIA WAIVER STUDY DESIGN GUIDANCE FOR IN VITRO DIAGNOSTICS.

(a) DRAFT REVISED GUIDANCE.—Not later than 12 months after the date of the enactment of this Act, the Secretary of Health and Human Services shall publish a draft guidance that—

(1) revises “Section V. Demonstrating Insignificant Risk of an Erroneous Result—‘Accuracy’” of the guidance entitled “Recommendations for Clinical Laboratory Improvement Amendments of 1988 (CLIA) Waiver Applications for Manufacturers of In Vitro Diagnostic Devices” and dated January 30, 2008; and

(2) includes guidance on the appropriate use of comparable performance between a waived user and a moderately complex laboratory user to demonstrate accuracy.

(b) FINAL REVISED GUIDANCE.—The Secretary of Health and Human Services shall finalize the draft guidance published under subsection (a) not later than 12
months after the comment period for such draft guidance closes.

Subtitle N—Sensible Oversight for Technology Which Advances Regulatory Efficiency

SEC. 2241. HEALTH SOFTWARE.

Section 201 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321) is amended by adding at the end the following:

“(ss)(1) The term ‘health software’ means software that does not, through use of an in vitro diagnostic device or signal acquisition system, acquire, process, or analyze an image or physiological signal, is not an accessory, is not an integral part of a device necessary to support the use of the device, is not used in the manufacture and transfusion of blood and blood components to assist in the prevention of disease in humans, and—

“(A) is intended for use for administrative or operational support or the processing and maintenance of financial records;

“(B) is intended for use in clinical, laboratory, or administrative workflow and related record-keeping;

“(C)(i) is intended for use solely in the transfer, aggregation, conversion (in accordance with a
present specification), storage, management, retrieval, or transmission of data or information;

“(ii) utilizes a connectivity software platform, electronic or electrical hardware, or a physical communications infrastructure; and

“(iii) is not intended for use—

“(I) in active patient monitoring; or

“(II) in controlling or altering the functions or parameters of a device that is connected to such software;

“(D) is intended for use to organize and present information for health or wellness education or for use in maintaining a healthy lifestyle, including medication adherence and health management tools;

“(E) is intended for use to analyze information to provide general health information that does not include patient-specific recommended options to consider in the prevention, diagnosis, treatment, cure, or mitigation of a particular disease or condition; or

“(F) is intended for use to analyze information to provide patient-specific recommended options to consider in the prevention, diagnosis, treatment, cure, or mitigation of a particular disease or condition.
“(2) The term ‘accessory’ means a product that—

“(A) is intended for use with one or more parent devices;

“(B) is intended to support, supplement, or augment the performance of one or more parent devices; and

“(C) shall be classified by the Secretary—

“(i) according to its intended use; and

“(ii) independently of any classification of any parent device with which it is used.”.

SEC. 2242. APPLICABILITY AND INAPPLICABILITY OF REGULATION.

Subchapter A of chapter V of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 351 et seq.), as amended by section 2221(a), is further amended by adding at the end the following:

“SEC. 524C. HEALTH SOFTWARE.

“(a) INAPPLICABILITY OF REGULATION TO HEALTH SOFTWARE.—Except as provided in subsection (b), health software shall not be subject to regulation under this Act.

“(b) EXCEPTION.—

“(1) IN GENERAL.—Subsection (a) shall not apply with respect to a software product—

“(A) of a type described in subparagraph (F) of section 201(ss)(1); and
“(B) that the Secretary determines poses a significant risk to patient safety.

“(2) CONSIDERATIONS.—In making a determination under subparagraph (B) of paragraph (1) with respect to a product to which such paragraph applies, the Secretary shall consider the following:

“(A) The likelihood and severity of patient harm if the product were to not perform as intended.

“(B) The extent to which the product is intended to support the clinical judgment of a medical professional.

“(C) Whether there is a reasonable opportunity for a medical professional to review the basis of the information or treatment recommendation provided by the product.

“(D) The intended user and user environment, such as whether a medical professional will use a software product of a type described in subparagraph (F) of section 201(ss)(1).

“(c) DELEGATION.—The Secretary shall delegate primary jurisdiction for regulating a software product determined under subsection (b) to be subject to regulation under this Act to the center at the Food and Drug Administration charged with regulating devices.
“(d) Regulation of Software.—

“(1) In General.—The Secretary shall review existing regulations and guidance regarding the regulation of software under this Act. The Secretary may implement a new framework for the regulation of software and shall, as appropriate, modify such regulations and guidance or issue new regulations or guidance.

“(2) Issuance by Order.—Notwithstanding subchapter II of chapter 5 of title 5, United States Code, the Secretary may modify or issue regulations for the regulation of software under this Act by administrative order published in the Federal Register following the publication of a proposed order.

“(3) Areas Under Review.—The review of existing regulations and guidance under paragraph (1) may include review of the following areas:

“(A) Classification of software.

“(B) Standards for development of software.

“(C) Standards for validation and verification of software.

“(D) Review of software.

“(E) Modifications to software.

“(F) Manufacturing of software.
“(G) Quality systems for software.

“(H) Labeling requirements for software.

“(I) Postmarketing requirements for reporting of adverse events.

“(4) PROCESS FOR ISSUING PROPOSED REGULATIONS, ADMINISTRATIVE ORDER, AND GUIDANCE.—Not later than 18 months after the date of enactment of this section, the Secretary shall consult with external stakeholders (including patients, industry, health care providers, academia, and government) to gather input before issuing regulations, an administrative order, and guidance under this subsection.

“(e) RULE OF CONSTRUCTION.—Nothing in this section shall be construed as providing the Secretary with the authority to regulate under this Act any health software product of the type described in subparagraph (F) of section 201(ss)(1) unless and until the Secretary has made a determination described in subsection (b)(1)(B) with respect to such product.”.

SEC. 2243. EXCLUSION FROM DEFINITION OF DEVICE.

Section 201(h) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 321) is amended—

(1) in subparagraph (2), by striking “or” after “or other animals,”;
(2) in subparagraph (3), by striking “and” and inserting “or”; and

(3) by inserting after subparagraph (3) the following:

“(4) not health software (other than software determined to be a risk to patient safety under section 524B(b)), and”.

Subtitle O—Streamlining Clinical Trials

SEC. 2261. PROTECTION OF HUMAN SUBJECTS IN RESEARCH; APPLICABILITY OF RULES.

(a) IN GENERAL.—In order to simplify and facilitate compliance by researchers with applicable regulations for the protection of human subjects in research, the Secretary of Health and Human Services shall, to the extent possible and consistent with other statutory provisions, harmonize differences between the HHS Human Subject Regulations and the FDA Human Subject Regulations in accordance with subsection (b).

(b) AVOIDING REGULATORY DUPLICATION AND UNNECESSARY DELAYS.—

(1) IN GENERAL.—The Secretary shall—

(A) make such modifications to the provisions of the HHS Human Subject Regulations, the FDA Human Subject Regulations, and the
vulnerable-populations rules as may be necessary—

(i) to reduce regulatory duplication and unnecessary delays;

(ii) to modernize such provisions in the context of multisite and cooperative research projects; and

(iii) to incorporate local considerations, community values, and mechanisms to protect vulnerable populations; and

(B) ensure that human subject research that is subject to the HHS Human Subject Regulations or to the FDA Human Subject Regulations may—

(i) use joint or shared review;

(ii) rely upon the review of—

(I) an independent institutional review board; or

(II) an institutional review board of an entity other than the sponsor of the research; or

(iii) use similar arrangements to avoid duplication of effort.

(2) Regulations and Guidance.—Not later than 36 months after the date of enactment of this
Act, the Secretary, acting through the relevant agencies and offices of the Department of Health and Human Services, including the Office for Human Research Protections and relevant agencies and offices of the Food and Drug Administration, shall issue such regulations and guidance and take such other actions as may be necessary to implement this section and help to facilitate the broader use of single, central, or lead institutional review boards. Such regulations and guidance shall clarify the requirements and policies relating to the following:

(A) Arrangements to avoid duplication described in paragraph (1)(A)(i), including—

(i) delineating the roles of institutional review boards in multisite or cooperative, multisite studies where one or more local institutional review boards are relied upon, or similar arrangements are used;

(ii) the risks and benefits to human subjects;

(iii) standardizing the informed consent and other processes and legal documents; and

(iv) incorporating community values through the use of local institutional re-
view boards while continuing to use central
or lead institutional review boards.

(B) Concerns about regulatory and legal li-
ability contributing to decisions by the sponsors
of research to rely on local institutional review
boards for multisite research.

(3) CONSULTATION.—In issuing regulations or
guidance under paragraph (2), the Secretary shall
consult with stakeholders (including researchers,
academic organizations, hospitals, institutional re-
search boards, pharmaceutical, biotechnology and
medical device developers, clinical research organiza-
tions, patient groups, and others).

(e) TIMING.—The Secretary shall complete the har-
monization described in subsection (a) not later than 36
months after the date of enactment of this Act.

(d) PROGRESS REPORT.—Not later than 24 months
after the date of enactment of this Act, the Secretary shall
submit to Congress a report on the progress made toward
completing such harmonization.

(e) DRAFT NIH POLICY.—Not later than 12 months
after the date of enactment of this Act, the Secretary, act-
ing through the Director of the National Institutes of
Health, shall finalize the draft policy entitled “Draft NIH
Policy on Use of a Single Institutional Review Board for Multi-Site Research”.

(f) DEFINITIONS.—

(1) HUMAN SUBJECT REGULATIONS.—In this section:

(A) FDA HUMAN SUBJECT REGULATIONS.—The term “FDA Human Subject Regulations” means the provisions of parts 50, 56, 312, and 812 of title 21, Code of Federal Regulations (or any successor regulations).

(B) HHS HUMAN SUBJECT REGULATIONS.—The term “HHS Human Subject Regulations” means the provisions of subpart A of part 46 of title 45, Code of Federal Regulations (or any successor regulations).

(C) VULNERABLE-POPULATIONS RULES.—The term “vulnerable-populations rules”—

(i) subject to clause (ii), means the provisions of subparts B through D of such part 46 (or any successor regulations); or

(ii) as applicable to research that is subject to the FDA Human Subject Regulations, means the provisions applicable to vulnerable populations under part 56 of
such title 21 (or any successor regulations) and subpart D of part 50 of such title 21 (or any successor regulations).

(2) OTHER DEFINITIONS.—In this section:

(A) INSTITUTIONAL REVIEW BOARD.—The term “institutional review board” has the meaning that applies to the term “institutional review board” under the HHS Human Subject Regulations.

(B) LEAD INSTITUTIONAL REVIEW BOARD.—The term “lead institutional review board” means an institutional review board that otherwise meets the requirements of the HHS Human Subject Regulations and enters into a written agreement with an institution, another institutional review board, a sponsor, or a principal investigator to approve and oversee human subject research that is conducted at multiple locations. References to an institutional review board include an institutional review board that serves a single institution as well as a lead institutional review board.
SEC. 2262. USE OF NON-LOCAL INSTITUTIONAL REVIEW BOARDS FOR REVIEW OF INVESTIGATIONAL DEVICE EXEMPTIONS AND HUMAN DEVICE EXEMPTIONS.

(a) In General.—Section 520 of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360(j)) is amended—

(1) in subsection (g)(3)—

(A) by striking “local” each place it appears; and

(B) in subparagraph (A)(i), by striking “which has been”; and

(2) in subsection (m)(4)—

(A) by striking “local” each place it appears; and

(B) by striking subparagraph (A) and inserting the following new subparagraph:

“(A) in facilities in which clinical testing of devices is supervised by an institutional review committee established in accordance with the regulations of the Secretary, and’’.

(b) Regulations.—Not later than 12 months after the date of the enactment of this Act, the Secretary of Health and Human Services shall revise or issue such regulations or guidance as may be necessary to carry out the amendments made by subsection (a).
SEC. 2263. ALTERATION OR WAIVER OF INFORMED CONSENT FOR CLINICAL INVESTIGATIONS.

(a) DEVICES.—Section 520(g)(3) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 360j(g)(3)) is amended—

(1) in subparagraph (D), by striking “except where subject to such conditions as the Secretary may prescribe, the investigator” and inserting the following: “except where, subject to such conditions as the Secretary may prescribe—

“(i) the proposed clinical testing poses no more than minimal risk to the human subject and includes appropriate safeguards to protect the rights, safety, and welfare of the human subject; or

“(ii) the investigator”; and

(2) in the matter following subparagraph (D), by striking “subparagraph (D)” and inserting “subparagraph (D)(ii)”.

(b) DRUGS.—Section 505(i)(4) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 355(i)(4)) is amended by striking “except where it is not feasible or it is contrary to the best interests of such human beings” and inserting “except where it is not feasible, it is contrary to the best interests of such human beings, or the proposed clinical testing poses no more than minimal risk to such human
beings and includes appropriate safeguards as prescribed to protect the rights, safety, and welfare of such human beings.”

Subtitle P—Improving Scientific Expertise and Outreach at FDA

SEC. 2281. SILVIO O. CONTE SENIOR BIOMEDICAL RESEARCH SERVICE.

(a) Hiring and Retention Authority.—Section 228 of the Public Health Service Act (42 U.S.C. 237) is amended—

(1) in the section heading, by inserting “AND BIOMEDICAL PRODUCT ASSESSMENT” after “RESEARCH”;

(2) in subsection (a)(1), by striking “Silvio O. Conte Senior Biomedical Research Service, not to exceed 500 members” and inserting “Silvio O. Conte Senior Biomedical Research and Biomedical Product Assessment Service (in this section referred to as the ‘Service’), the purpose of which is to recruit and retain competitive and qualified scientific and technical experts outstanding in the field of biomedical research, clinical research evaluation, and biomedical product assessment”; and

(3) by amending subsection (a)(2) to read as follows:
“(2) The authority established in paragraph (1) may not be construed to require the Secretary to reduce the number of employees serving under any other employment system in order to offset the number of members serving in the Service.”;

(4) in subsection (b)—

(A) in the matter preceding paragraph (1), by striking “or clinical research evaluation” and inserting “, clinical research evaluation or biomedical product assessment”; and

(B) in paragraph (1), by inserting “or a master’s level degree in engineering, bioinformatics, or a related or emerging field,” after the comma;

(5) in subsection (d)(2), by striking “and shall not exceed the rate payable for level I of the Executive Schedule unless approved by the President under section 5377(d)(2) of title 5, United States Code” and inserting “and shall not exceed the rate payable for the President”;

(6) by striking subsection (e); and

(7) by redesignating subsections (f) and (g) as subsections (e) and (f), respectively.

(b) REPORT.—Not later than 3 years after the date of the enactment of this Act, the Secretary of Health and
Human Services shall submit, and publish on the website of the Department of Health and Human Services a report on the implementation of the amendments made by subsection (a), including whether the amendments have improved the ability of the Food and Drug Administration to hire and retain qualified experts to fulfill obligations specified under user fee agreements.

SEC. 2282. ENABLING FDA SCIENTIFIC ENGAGEMENT.

It is the sense of Congress that the participation in, or sponsorship of, scientific conferences and meetings is essential to the mission of the Food and Drug Administration.

SEC. 2283. REAGAN-UDALL FOUNDATION FOR THE FOOD AND DRUG ADMINISTRATION.

(a) BOARD OF DIRECTORS.—

(1) COMPOSITION AND SIZE.—Section 770(d)(1)(C) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 379dd(d)(1)(C)) is amended—

(A) by redesignating clause (ii) as clause (iii);

(B) by inserting after clause (i) the following:

“(ii) ADDITIONAL MEMBERS.—The Board, through amendments to the bylaws of the Foundation, may provide that the
number of voting members of the Board shall be a number (to be specified in such amendment) greater than 14. Any Board positions that are established by any such amendment shall be appointed (by majority vote) by the individuals who, as of the date of such amendment, are voting members of the Board and persons so appointed may represent any of the categories specified in subclauses (I) through (V) of clause (i), so long as no more than 30 percent of the total voting members of the Board (including members whose positions are established by such amendment) are representatives of the general pharmaceutical, device, food, cosmetic, and biotechnology industries.”; and

(C) in clause (iii)(I), as redesignated by subparagraph (A), by striking “The ex officio members shall ensure” and inserting “The ex officio members, acting pursuant to clause (i), and the Board, acting pursuant to clause (ii), shall ensure”.

(2) Federal employees allowed to serve on Board.—Clause (iii)(II) of section 770(d)(1)(C)
of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 379dd(d)(1)(C)), as redesignated by paragraph (1)(A), is amended by adding at the end the following: “For purposes of this section, the term ‘employee of the Federal Government’ does not include a ‘special Government employee’, as that term is defined in section 202(a) of title 18, United States Code.”.

(3) Staggered terms.—Subparagraph (A) of section 770(d)(3) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 379dd(d)(3)) is amended to read as follows:

“(A) Term.—The term of office of each member of the Board appointed under paragraph (1)(C)(i), and the term of office of any member of the Board whose position is established pursuant to paragraph (1)(C)(ii), shall be 4 years, except that—

“(i) the terms of offices for the members of the Board initially appointed under paragraph (1)(C)(i) shall expire on a staggered basis as determined by the ex officio members; and

“(ii) the terms of office for the persons initially appointed to positions estab-
lished pursuant to paragraph (1)(C)(ii) may be made to expire on a staggered basis, as determined by the individuals who, as of the date of the amendment establishing such positions, are members of the Board.”.

(b) Executive Director Compensation.—Section 770(g)(2) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 379dd(g)(2)) is amended by striking “but shall not be greater than the compensation of the Commissioner”.

(c) Separation of Funds.—Section 770(m) of the Federal Food, Drug, and Cosmetic Act (21 U.S.C. 379dd(m)) is amended by striking “are held in separate accounts from funds received from entities under subsection (i)” and inserting “are managed as individual programmatic funds under subsection (i), according to best accounting practices”.

Chapter VII of the Federal Food, Drug, and Cosmetic Act is amended by inserting after section 708 of such Act (21 U.S.C. 379) the following:
"SEC. 708A. COLLECTION OF CERTAIN VOLUNTARY INFORMATION EXEMPTED FROM PAPERWORK REDUCTION ACT.

"Chapter 35 of title 44, United States Code, shall not apply to the collection from patients, industry, academia, and other stakeholders, of voluntary information such as through voluntary surveys or questionnaires, initiated by the Secretary."

SEC. 2285. HIRING AUTHORITY FOR SCIENTIFIC, TECHNICAL, AND PROFESSIONAL PERSONNEL.

(a) In general.—The Federal Food, Drug, and Cosmetic Act is amended by inserting after section 714 (21 U.S.C. 379d–3) the following:

"SEC. 714A. ADDITIONAL HIRING AUTHORITY.

"(a) In general.—The Secretary may, without regard to the provisions of title 5, United States Code, governing appointments in the competitive service, appoint qualified candidates to scientific, technical, or professional positions within the following centers of the Food and Drug Administration:

“(1) The Center for Drug Evaluation and Research.

“(2) The Center for Biologics Evaluation and Research.

“(3) The Center for Devices and Radiological Health."
Such positions shall be within the competitive service.

“(b) COMPENSATION.—

“(1) IN GENERAL.—Notwithstanding any other provision of law, including any requirement with respect to General Schedule pay rates under subchapter III of chapter 53 of title 5, United States Code, and consistent with the requirements of paragraph (2), the Secretary may determine and fix—

“(A) the annual rate of pay of any individual appointed under subsection (a); and

“(B) for purposes of retaining qualified employees, the annual rate of pay for any highly qualified scientific, technical, or professional personnel appointed to a position at any of the centers listed under subsection (a) before the date of enactment of this section.

“(2) LIMITATION.—The annual rate of pay established pursuant to paragraph (1) may not exceed the annual rate of pay of the President.

“(c) REPORT.—

“(1) IN GENERAL.—Not later than September 30, 2021, the Secretary shall submit a report to Congress that examines the extent to which the authority to appoint and retain personnel under this section enhanced the Food and Drug Administra-
tion’s ability to meet the agency’s critical need for
highly qualified individuals for scientific, technical,
or professional positions.

“(2) RECOMMENDATIONS.—The report under
paragraph (1) shall include the recommendations of
the Secretary on—

“(A) whether the authority to appoint per-
sonnel under this section should be reauthor-
ized; and

“(B) other personnel authorities that
would help the Food and Drug Administration
to better recruit and retain highly qualified in-
dividuals for scientific, technical, or professional
positions in the agency’s medical product cen-
ters.”.

(b) RULE OF CONSTRUCTION.—The authority pro-
vided by section 714A of the Federal Food, Drug, and
Cosmetic Act (as added by subsection (a)) shall not be
construed to affect the authority provided under section
714 of such Act.
Subtitle Q—Exempting From Sequestration Certain User Fees

SEC. 2301. EXEMPTING FROM SEQUESTRATION CERTAIN USER FEES OF FOOD AND DRUG ADMINISTRATION.

The Balanced Budget and Emergency Deficit Control Act of 1985 is amended—

(1) in section 255(g)(1)(A) (2 U.S.C. 905(g)(1)(A)), by inserting after the item relating to “Financial Agent Services” the following new item:

“Food and Drug Administration, Salaries and Expenses, but only the portion of appropriations under such account corresponding to fees collected under sections 736, 738, 740, 741, 744B, and 744H of the Federal Food, Drug, and Cosmetic Act (75–9911–0–1–554).”; and

(2) in section 256(h) (2 U.S.C. 906(h)), by adding at the end the following new paragraph:

“(5) Notwithstanding any other provision of law, this subsection shall not apply with respect to the portion of administrative expenses incurred by the Food and Drug Administration that are funded through fees collected under sections 736, 738, 740,
Subtitle R—Other Provisions

SEC. 2321. SENSE OF CONGRESS.

It is the sense of the Congress that recording unique device identifiers at the point-of-care in electronic health record systems could significantly enhance the availability of medical device data for postmarket surveillance purposes.

TITLE III—DELIVERY

Subtitle A—Interoperability

SEC. 3001. ENSURING INTEROPERABILITY OF HEALTH INFORMATION TECHNOLOGY.

(a) INTEROPERABILITY STANDARDS.—

(1) IN GENERAL.—Subtitle A of title XXX of the Public Health Service Act (42 U.S.C. 300jj–11 et seq.) is amended by adding at the end the following new section:

“SEC. 3010. ENSURING INTEROPERABILITY OF HEALTH INFORMATION TECHNOLOGY.

“(a) INTEROPERABILITY.—In order for health information technology to be considered interoperable, such technology must satisfy the following criteria:

“(1) SECURE TRANSFER.—The technology allows the secure transfer of all electronically acces-
sible health information to and from any and all
health information technology for authorized use
under applicable State or Federal law.

“(2) COMPLETE ACCESS TO HEALTH INFORMATION.—The technology allows for complete access,
exchange, and use of all electronically accessible
health information for authorized use under applica-
ble State or Federal law without special effort by the
requestor of such health information.

“(3) NO INFORMATION BLOCKING.—The tech-
nology is not configured, set up, or implemented to
information block, as defined in section 3010A(d).

“(b) CATEGORIES FOR INTEROPERABILITY STAND-
ARDS.—The categories described in this subsection, with
respect to standards and the corresponding implementa-
tion specifications for determining if health information
technology is interoperable, consistent with the criteria de-
scribed in subsection (a), include at least categories of
standards and implementation specifications with respect
to the following:

“(1) Vocabulary and terminology.
“(2) Content and structure.
“(3) Transport.
“(4) Security.
“(5) Services.
“(6) Querying and requesting health information for access, exchange, and use.

“(c) ALLOWING FOR FLEXIBILITY.—A standard and implementation specification, with respect to such standard, that is determined under section 3001(c)(5)(D) to be compatible with baseline standards and implementation specifications (as defined in clause (ii) of such section) shall be treated as in compliance with this section.”.

(2) GUIDANCE.—Not later than January 1, 2017, the Secretary of Health and Human Services, in consultation with the National Coordinator of the Office of the National Coordinator for Health Information Technology, shall issue guidance with respect to the implementation of section 3010 of the Public Health Service Act, as added by paragraph (1), including with respect to defining and providing examples of authorized use under applicable State or Federal law of health information.

(b) IMPROVEMENTS TO RECOMMENDATION PROCESS.—

(1) HIT POLICY COMMITTEE TO INCORPORATE POLICIES FOR UPDATES TO INTEROPERABILITY STANDARDS.—Section 3002 of the Public Health Service Act (42 U.S.C. 300jj–12) is amended—

(A) in subsection (a)—
(i) by striking “National Coordinator” and inserting “Secretary, in consultation with the National Coordinator,”; and

(ii) by adding at the end the following new sentence: “The HIT Policy Committee is authorized only to provide policy and priority recommendations to the Secretary and not authorized to otherwise affect the development or modification of any standard, implementation specification, or certification criterion under this title.”; and

(B) in subsection (b)(2)—

(i) in subparagraph (A), in the first sentence—

(I) by striking “The HIT Policy Committee” and inserting “Subject to subparagraph (D), the HIT Policy Committee”; and

(II) by inserting “(including the areas in which modifications and additions to interoperability standards and implementation specifications, with respect to such interoperability standards, under section 3010 are needed for the electronic access, exchange,
and use of health information for purposes of adoption of such modifications and additions under section 3004)” after “section 3004”.

(ii) by adding at the end the following new subparagraph:

“(D) Special rule related to interoperability.—Any recommendation made by the HIT Policy Committee on or after the date of the enactment of this subparagraph with respect to interoperability of health information technology shall be consistent with the criteria described in subsection (a) of section 3010.”.

(2) Sunset of HIT Standards Committee.—

Section 3003 of the Public Health Service Act (42 U.S.C. 300jj–13) is amended by adding at the end the following new subsection:

“(f) Termination.—The HIT Standards Committee shall terminate on the date that is 90 days after the date of the enactment of this subsection.”.

(3) Standards Development Organizations.—Title XXX of the Public Health Service Act is amended by inserting after section 3003 the following new section:
"SEC. 3003A. RECOMMENDATIONS FOR STANDARDS THROUGH CONTRACTS WITH STANDARDS DEVELOPMENT ORGANIZATIONS.

“(a) CONTRACTS.—

“(1) IN GENERAL.—For purposes of activities conducted under this title, the Secretary shall enter into one or more contracts with health care standards development organizations accredited by the American National Standards Institute (or with the American National Standards Institute) to carry out, directly or through contracts with subcontractors, the duties described in subsection (b), as applicable.

“(2) TIMING FOR FIRST CONTRACT.—As soon as practicable after the date of the enactment of this section, the Secretary shall enter into the first contracts under paragraph (1).

“(3) PERIOD OF CONTRACT.—Each contract under paragraph (1) shall be for a period determined necessary by the Secretary, in consultation with the National Coordinator, to carry out the applicable duties described in subsection (b).

“(4) APPROPRIATE ENTITIES.—The Secretary shall ensure the most appropriate entities described in paragraph (1) are selected for each contract under such paragraph."
“(b) Duties.—

“(1) Initial contract.—The Secretary shall initially enter into one or more contracts under subsection (a)(1) with entities described in such subsection, under which the entities—

“(A) shall recommend to the Secretary—

“(i) for adoption under section 3004, an initial set of interoperability standards and implementation specifications, with respect to such standards, identified or, as appropriate, developed by such entities that are consistent with the criteria described in subsection (a) of section 3010, and with respect to the categories described in subsection (b) of such section; and

“(ii) as applicable, for purposes of section 3001(c)(5)(D), methods to test if health information technology is compatible with health information technology that applies baseline standards and implementation specifications (as defined in clause (ii) of such section); and

“(B) may provide to the Secretary recommendations described in paragraph (2).
“(2) Subsequent contracts.—Under each subsequent contract entered into under this section with entities described in subsection (a)(1) pursuant to subsection (c), the entities shall recommend to the Secretary—

“(A) for adoption under section 3004 any standards (including interoperability standards), implementation specifications, and, to the extent necessary, certification criteria (and modifications, including additions, to such standards, specifications, and, to the extent necessary, criteria), which are in accordance with the criteria described in section 3010; and

“(B) as applicable, for purposes of section 3001(c)(5)(D), methods to test if health information technology is compatible with baseline standards and implementation specifications (as defined in clause (ii) of such section).

“(3) Submission to NIST.—Under each contract with an entity under this section, the entity shall submit to the Director of the National Institute of Standards and Technology each recommendation submitted to the Secretary by such entity under this section.
“(4) Consultation.—For the purposes of developing methods to test interoperability standards and implementation specifications with respect to such standards, the entities with a contract under this section may consult with the Director of the National Institute of Standards and Technology.

“(c) Modifications and Subsequent Contracts.—

“(1) In General.—The Secretary, in consultation with the National Coordinator, shall periodically conduct hearings to evaluate and review the standards, implementation specifications, and certification criteria adopted under section 3004 for purposes of determining if modifications, including any additions, are needed with respect to such standards, specifications, and criteria.

“(2) Contract Trigger.—Based on the needs for standards, implementation specifications, and certification criteria (and modifications, including additions, to such standards, specifications, and criteria) under this title, as determined by the Secretary, with due consideration to section 3010(b) and in consultation with the National Coordinator, the Secretary shall, as needed, enter into contracts under subsection (a) to carry out the duties de-
scribed in subsection (b)(2) in addition to any contract entered into to carry out the duties described in subsection (b)(1).

“(d) Authorization of Appropriations.—There is authorized to be appropriated $10,000,000 for contracts under subsection (a), to remain available until expended.”.

(4) Modifications to role of the national coordinator.—Section 3001(c)(1)(A) of the Public Health Service Act (42 U.S.C. 300jj–11(c)(1)(A)) is amended by inserting “for recommendations made before the date of the enactment of the 21st Century Cures Act,” before “review and determine”.

(e) Adoption.—Section 3004 of the Public Health Service Act (42 U.S.C. 300jj–14) is amended—

(1) in subsection (a)—

(A) in paragraph (1), by inserting after “section 3001(c)” the following: “(or, subject to subsection (c), in the case of a standard, implementation specification, or criterion recommended on or after the date of the enactment of the 21st Century Cures Act, after the date of submission of the recommendation to the Secretary under section 3003A)”;}
(B) in paragraph (2)(B), by striking “and the HIT Standards Committee”;

(2) in subsection (b)—

(A) in paragraph (3), by striking “with the schedule published under section 3003(b)(2)” and inserting “with subsection (d)”;

(B) by adding at the end the following new paragraph:

“(4) LIMITATION.—The Secretary may not adopt any policies, priorities, standards, implementation specifications, or certification criteria under this subsection or subsection (a) that are inconsistent with or duplicative of an interoperability standard or implementation specification with respect to such standard adopted under this section, in accordance with subsections (c) and (d). In the case of a standard, specification, or criterion that has been adopted under this section and is inconsistent or duplicative of such an interoperability standard or specification that is subsequently adopted under this section, such interoperability standard or specification shall supereede such other standard, specification, or criterion and such other standard, specification, or criterion shall no longer be considered adopted under this section beginning on the date that such inter-
operability standard or specification becomes effective.”; and

(3) by adding at the end the following new subsections:

“(c) Adoption of Initial Interoperability Standards and Implementation Specifications.—Notwithstanding the previous subsections of this section, the following shall apply in the case of the initial set of interoperability standards and implementation specifications with respect to such standards recommended under section 3003A:

“(1) Review of standards.—Not later than 90 days after the date of receipt of recommendations for such interoperability standards and implementation specifications, the Secretary, in consultation with the National Coordinator and representatives of other relevant Federal agencies, such as the National Institute of Standards and Technology, shall jointly review such standards and implementation specifications and shall determine whether or not to propose adoption of such standards and implementation specifications.

“(2) Determination to adopt.—If, subject to subsection (d)(3), the Secretary determines—
“(A) to propose adoption of such standards
and implementation specifications, the Sec-
retary shall, by regulation under section 553 of
title 5, United States Code, determine whether
or not to adopt such standards and implement-
tation specifications; or

“(B) not to propose adoption of such
standards and implementation specifications, the Secretary shall notify the applicable entity
with a contract under section 3003A in writing
of such determination and the reasons for not
proposing the adoption of the recommendation
for such standards and implementation speci-
fications.

“(3) PUBLICATION.—The Secretary shall pro-
vide for publication in the Federal Register of all de-
terminations made by the Secretary under para-
graph (1).

“(d) RULES FOR ADOPTION.—In the case of a stand-
ard (including interoperability standard), implementation
specification, or certification criterion adopted under this
section on or after the date of the enactment of the 21st
Century Cures Act, the following shall apply:

“(1) IN GENERAL.—Except as provided in para-
graphs (2) and (3), any such standard (including
interoperability standard), implementation specification, or certification criterion shall be a standard, specification, or criterion that has been recommended by the entities with which the Secretary has entered into a contract under section 3003A.

“(2) Special rule if no standard, specification, or criterion recommended.—If no standard, implementation specification, or, to the extent necessary, certification criterion is recommended under paragraph (1)—

“(A) in the case of interoperability standards and implementation specifications with respect to such standards, relating to a category described in section 3010(b)—

“(i) paragraph (1) shall not apply; and

“(ii) paragraph (4) shall apply; or

“(B) in the case of any other standard, implementation specification, or, to the extent necessary, certification criterion, relating to a policy or priority to carry out this title, as determined by the Secretary, in consultation with the National Coordinator—

“(i) paragraph (1) shall not apply; and
“(ii) paragraph (4) shall apply.

“(3) Authority to modify implementation specifications.—If, following public comment pursuant to subsection (c), the Secretary would propose adoption of interoperability standards recommended under section 3003A but for the implementation specifications, with respect to such standards, so recommended, the Secretary may modify such implementation specifications and adopt such standards and specifications in accordance with subsection (c)(2).

“(4) Effective date.—In the case of a standard, implementation specification, or certification criterion for which there is a determination to adopt such standard, implementation specification, or certification criterion, such standard, implementation specification, or certification criterion shall be considered adopted under this section and shall be effective beginning on the date that is 12 months after the date of publication of the final rule to adopt such standard, implementation specification, or certification criterion.

“(5) Assistance to the Secretary.—In complying with the requirements of this subsection, the Secretary shall give due consideration to any rec-
ommendations of the National Committee on Vital
and Health Statistics established under section
306(k), and shall consult with appropriate Federal
and State agencies and private organizations. The
Secretary shall publish in the Federal Register any
recommendation of the National Committee on Vital
and Health Statistics regarding the adoption of a
standard, implementation specification, or certifi-
cation criterion under this section. Any standard,
implementation specification, or certification cri-
terion adopted pursuant to this paragraph shall be
promulgated in accordance with the rulemaking pro-
cedures of subchapter III of chapter 5 of title 5,
United States Code.

“(e) Allowing for Flexibility Through Com-
patibility With Baseline Standards and Imple-
mentation Specifications.—For purposes of this title,
title XVIII of the Social Security Act, title XIX of such
Act, and any other provision of law, a standard and imple-
mentation specification, with respect to such standard,
that is determined under section 3001(c)(5)(D) to be com-
patible with baseline standards and implementation speci-
fications (as defined in clause (ii) of such section) shall
be treated as if such standard and specification were an
interoperability standard and implementation specifica-
tion, with respect to such interoperability standard, adopted under this section.”.

(d) REPORTS AND NOTIFICATIONS.—Section 3010 of the Public Health Service Act, as added by subsection (a), is amended by adding at the end the following new subsection:

“(c) DISSEMINATION OF INFORMATION.—

“(1) INITIAL SUMMARY REPORT.—Not later than July 1, 2017, the Secretary, after consultation with relevant stakeholders, shall submit to Congress and provide for publication in the Federal Register and the posting on the Internet website of the Office of the National Coordinator for Health Information Technology a report on the following:

“(A) The initial set of interoperability standards and implementation specifications adopted under section 3004(c).

“(B) The strategies for achieving widespread interoperability.

“(C) Any barriers that are preventing widespread interoperability.

“(D) The plan and milestones, including specific steps, to achieve widespread interoperability.
“(2) ONGOING PUBLICATION OF RECOMMENDATIONS.—The Secretary shall provide for publication in the Federal Register, and the posting on the Internet website of the Office of the National Coordinator for Health Information Technology, of all recommendations made under this section.”.

(e) Certification and Other Enforcement Provisions.—

(1) Certification of qualified electronic health records.—

(A) In general.—Section 3007(b) of the Public Health Service Act (42 U.S.C. 300jj–17(b)) is amended by striking “under section 3001(c)(3) to be in compliance with” and all that follows through the period at the end and inserting “under section 3001(c)(3)—

“(1) for certifications made before January 1, 2018, to be in compliance with applicable standards adopted under subsections (a) and (b) of section 3004; and

“(2) for certifications made on or after January 1, 2018, to be in compliance with applicable standards adopted under subsections (a) and (b) of section 3004 and to be interoperable in accordance with
section 3010 and in compliance with interoperability
standards adopted under section 3004.”.

(B) REQUIREMENTS OF SECRETARY.—Sec-
tion 3001(c)(5) of the Public Health Service
Act (42 U.S.C. 300jj–11(c)(5)) is amended—

(i) in subparagraph (B), by inserting
before the period at the end the following:
“and, for certifications made on or after
January 1, 2018, with respect to health in-
formation technology, additional criteria to
establish that the technology is interopera-
tible, in accordance with section 3010, and
in compliance with interoperability stand-
ard s and implementation specifications,
with respect to such standards, adopted
under section 3004”; and

(ii) by adding at the end the following
new subparagraphs:

“(C) ENFORCEMENT;

DECERTIFICATIONS.—

“(i) REQUIREMENTS.—Under any
program kept or recognized under subpara-
graph (A), the Secretary shall ensure that
any vendor of or other entity offering to
health care providers (as defined in section
3010A(g)) qualified electronic health records seeking a certification of such records under such program on or after January 1, 2018, shall, as a condition of certification (and maintenance of certification) of such a record under such program—

“(I) provide to the Secretary an attestation—

“(aa) the entity has implemented interoperability standards and implementation specifications, with respect to such standards, adopted under section 3004 (including through application of subsection (e) of such section);

“(bb) that the entity, unless for a legitimate purpose specified by the Secretary, has not taken and will not take any action that constitutes information blocking (as defined in section 3010A(d)), with respect to such qualified electronic health records;
“(cc) that includes the pricing information described in clause (iii) for purposes of inclusion under subsection (f) of such information on the Internet website of the Department of Health and Human Services; that such information will be available on a public Internet website of such entity; and that the entity will voluntarily provide such information to customers prior to offering any qualified electronic health records or related product or service (including subsequent updates, add-ons, or additional products or services to be provided during the course of an ongoing contract), prospective customers (such as persons who request or receive a quotation or estimate), and other persons who request such information;

“(dd) that the technology with respect to such records has
published application programming interfaces, with respect to health information within such records, for search and indexing, semantic harmonization and vocabulary translation, and user interface applications;

“(ee) that the entity has successfully and rigorously tested the real world use of the record in the type of setting in which it would be marketed; and

“(ff) that the entity has in place data sharing programs or capabilities based on common data elements through such mechanisms as application programming interfaces without the requirement for vendor-specific interfaces;

“(II) publish application programming interfaces and associated documentation, with respect to health information within such records, for search and indexing, semantic harmo-
nization and vocabulary translation, and user interface applications; and

“(III) demonstrate to the satisfaction of the Secretary that health information from such records are able to be exchanged, accessed, and used through the use of application programming interfaces without special effort, as authorized under applicable law.

“(ii) DECERTIFICATION.—Under any program kept or recognized under subparagraph (A), the Secretary shall ensure that beginning January 1, 2019, any qualified electronic health records that do not satisfy the certification criteria described in subparagraph (B) or with respect to which the vendor or other entity described in clause (i) does not satisfy the requirements under such clause (or is determined to be in violation of the terms of the attestation or other requirements under such clause) shall no longer be considered as certified under such program.
“(iii) Pricing Information.—For purposes of clause (i)(I)(ee), the pricing information described in this clause, with respect to a vendor of or other entity offering a qualified electronic health record, is the following:

“(I) Additional types of costs or fees (whether fixed, recurring, transaction based, or otherwise) imposed by the entity (or any third-party from whom the entity purchases, licenses, or obtains any technology, products, or services in connection with the qualified electronic health record) to purchase, license, implement, maintain, upgrade, use, or otherwise enable and support the use of capabilities to which such record is to be certified under this section; or in connection with any health information generated in the course of using any capability to which the record is to be so certified.

“(II) Limitations, whether by contract or otherwise, on the use of
any capability to which the record is
to be certified under this section for
any purpose within the scope of the
record’s certification; or in connection
with any health information generated
in the course of using any capability
to which the record is to be certified
under this section.

“(III) Limitations, including
technical or practical limitations of
technology or its capabilities, that
could prevent or impair the successful
implementation, configuration,
customization, maintenance, support,
or use of any capabilities to which the
record is to be certified under this
section; or that could prevent or limit
the access, use, exchange, or port-
ability of any health information gen-
erated in the course of using any ca-
pability to which the record is to be so
certified.

“(D) Flexibility through compati-
ability.—
“(i) In general.—Under any program kept or recognized under subparagraph (A), the Secretary shall provide for a method and process by which a vendor of or other entity offering to health care providers (as defined in section 3010A(g)) qualified electronic health records seeking a certification of such records under such program on or after January 1, 2018, may demonstrate, using such mechanisms as a reference implementation model or other means, that the standards and implementation specifications applied by such entity with respect to such records are compatible with baseline standards and implementation specifications, including by demonstrating such records are able to transmit information that is compatible with qualified electronic health records that would receive such information and that apply the baseline standards and implementation specifications. Such a method and process shall ensure that any such entity using a standard or implementation specification other than a baseline stand-
ard or implementation specification demonstrates, through testing, compatibility with the baseline standard and implementation specification with respect to receiving information.

“(ii) BASELINE STANDARDS AND IMPLEMENTATION SPECIFICATIONS.—For purposes of clause (i), the term ‘baseline standards and implementation specifications’ means the interoperability standards and implementation specifications, with respect to such standards, adopted under section 3004 (without application of subsection (e) of such section).”.

(2) ADDITIONAL ENFORCEMENT PROVISIONS UNDER THE PUBLIC HEALTH SERVICE ACT.—Subtitle A of title XXX of the Public Health Service Act (42 U.S.C. 300jj–11 et seq.), as amended by subsections (a)(1) and (d), is further amended by adding at the end the following new section:

“SEC. 3010A. ENFORCEMENT MECHANISMS.

“(a) INSPECTOR GENERAL AUTHORITY.—The Inspector General of the Department of Health and Human Services shall have the authority to investigate claims of—
“(1)(A) vendors of, or other entities offering to health care providers (as defined in subsection (g)), qualified electronic health records (as defined in section 3000(13)) being in violation of an attestation (whether providing false information at the time of such attestation or by act or practice conducted after such attestation) made under section 3001(c)(5)(C)(i)(I), with respect to the use of such records by a health care provider with respect to items and services furnished under the Medicare Program under title XVIII of the Social Security Act or Medicaid program under title XIX of such Act; and

“(B) vendors of, or other entities offering to health care providers (as defined in subsection (g)), health information technology having engaged in information blocking (as defined in subsection (d)), unless for a legitimate purpose specified by the Secretary, with respect to the use of such technology by a health care provider with respect to items and services furnished under such a program;

“(2) health care providers having engaged in information blocking (as so defined), with respect to the use of health information technology with respect to items and services furnished under such a
program, unless for a legitimate purpose specified by
the Secretary; and

“(3) health information system providers (such
as operators of health information exchanges, clin-
ical data registries, and other systems that facilitate
the exchange of information) having engaged in in-
formation blocking (as so defined), unless for a le-
gitimate purpose specified by the Secretary, with re-
spect to the use of health information technology
with respect to items and services furnished under
such a program.

“(b) INFORMATION SHARING PROVISIONS.—

“(1) IN GENERAL.—The National Coordinator
may serve as a technical consultant to the Inspector
General of the Department of Health and Human
Services and the Federal Trade Commission for pur-
poses of carrying out this section. As such technical
consultant, the National Coordinator may, notwith-
standing any other provision of law, share informa-
tion related to claims or investigations under sub-
section (a) with the Federal Trade Commission for
purposes of such investigations and shall share in-
formation with the Inspector General, as required by
law.
“(2) Protection from disclosure of information.—Any information that is received by the National Coordinator in connection with a claim or suggestion of possible information blocking and that could reasonably be expected to facilitate identification of the source of the information—

“(A) shall not be disclosed by the National Coordinator except as may be necessary to carry out the purpose of this section; and

“(B) shall be exempt from mandatory disclosure under section 552 of title 5, United States Code, as provided by subsection (b)(3) of such section.

Such information may be used by the Inspector General of the Department of Health and Human Services or Federal Trade Commission for reporting purposes to the extent that such information could not reasonably be expected to facilitate identification of the source of such information.

“(3) Non-application of Paperwork Reduction Act.—Chapter 35 of title 44, United States Code (commonly referred to as the Paperwork Reduction Act of 1995) shall not apply to the National Coordinator or to the Office of the National Coordinator for Health Information Technology with re-
spect to the collection of complaints relating to
claims described in subsection (a).

“(4) STANDARDIZED PROCESS.—The National
Coordinator shall implement a standardized process
for the public to submit reports on claims of—

“(A) health information technology prod-
ucts of vendors (or other entities offering such
products to health care providers (as defined in
subsection (g))) not being interoperable or re-
sulting in information blocking; or

“(B) actions by such entities, health care
providers, or health information system pro-
viders that result in such technology not being
interoperable or in information blocking with
respect to such technology; and

“(C) any other act described in subsection
(a).

The standardized process shall provide for the collec-
tion of such information as the originating institu-
tion, location, type of transaction, system and
version, timestamp, terminating institution, loca-
tions, system and version, failure notice, and other
related information.

“(c) PENALTY.—
“(1) IN GENERAL.—Any person or entity described in paragraph (1), (2), or (3) of subsection (a) determined to have committed on or after January 1, 2018, an act described in such respective paragraph with respect to the use of a qualified electronic health record or health information technology, as applicable under such respective paragraph, with respect to items and services furnished under the Medicare Program under title XVIII of the Social Security Act or the Medicaid program under title XIX of such Act, shall be subject to a civil monetary penalty in such amount as determined appropriate by the Secretary through rulemaking.

“(2) APPLICATION.—Subject to paragraph (3), the provisions of section 1128A (other than subsections (a) and (b)) of such Act (42 U.S.C. 1320a–7a) shall apply to a civil money penalty applied under this subsection in the same manner as they apply to a civil money penalty or proceeding under subsection (a) of such section 1128A.

“(3) RECOVERY OF FUNDS.—Notwithstanding section 3302 of title 31, United States Code, or any other provision of law affecting the crediting of collections, the Inspector General of the Department of Health and Human Services may receive and retain
for current use any amounts recovered under this subsection. In addition to amounts otherwise available to the Inspector General, funds received by the Inspector General under this paragraph shall be deposited, as an offsetting collection, to the credit of any appropriation available for purposes of carrying out this subsection and subsection (a) and shall be available without fiscal year limitation and without further appropriation.

“(d) INFORMATION BLOCKING.—

“(1) IN GENERAL.—For purposes of this section and section 3010, subject to paragraph (3), the term ‘information blocking’ means, with respect to the access, use, and exchange of qualified electronic health records and other health information technology, business, technical, and organizational practices, including practices described in paragraph (2), that—

“(A) prevent or materially discourage the access, exchange, or use of electronic health information; and

“(B) the actor knows or should know (as defined in section 1128A(i)(7) of the Social Security Act) are likely to interfere with the ac-
cess, exchange, or use of electronic health information.

“(2) PRACTICES DESCRIBED.—For purposes of paragraph (1), the practices described in this paragraph shall include the following:

“(A) Contract terms, policies, or business or organizational practices that restrict authorized use under applicable State or Federal law of electronic health information or restrict the authorized exchange under applicable State or Federal law of such information for treatment and other permitted purposes under such applicable law, including transitions between certified EHR technologies.

“(B) Charging unreasonable prices or fees (such as for health information exchange, portability, interfaces, and full export of health information) that make accessing, exchanging, or using electronic health information cost prohibitive.

“(C) Developing or implementing health information technology in nonstandard ways that are likely to substantially increase the costs, complexity, or burden of sharing electronic health information, especially in cases in
which relevant interoperability standards or methods to measure interoperability have been adopted by the Secretary.

“(D) Developing or implementing health information technology in ways that are likely to lock in users or electronic health information, such as not allowing for the full export of health information; lead to fraud, waste, or abuse; or impede innovations and advancements in health information access, exchange, and use, including health information technology-enabled care delivery.

“(3) EXCEPTIONS.—

“(A) IN GENERAL.—The term ‘information blocking’ shall not include practices that—

“(i) are required by applicable law; or

“(ii) that the Secretary, through regulation, identifies as necessary to protect patient safety, to maintain the privacy or security of individuals’ health information, or to promote competition and consumer welfare.

“(B) PROCESS.—For purposes of subparagraph (A)(ii), not later than 12 months after the date of the enactment of this section, the
Secretary shall issue regulations following the notice and comment procedures of section 553 of title 5, United States Code, except that the Secretary may issue the first such regulation as an interim final regulation.

“(C) **NO ENFORCEMENT BEFORE EXCEPTIONS IDENTIFIED.**—The term ‘information blocking’ shall not include any practice or conduct occurring before the date that is 30 days after the date on which the first regulation (as described in subparagraph (B)) is issued under such subparagraph.

“(D) **CONSULTATION.**—To the extent that regulations issued under this paragraph define practices that are necessary to promote competition and consumer welfare, the Secretary may consult with the Federal Trade Commission in issuing such regulations.

“(E) **APPLICATION.**—The term ‘information blocking’, with respect to an individual or entity, shall not include an act or practice other than an act or practice committed by such individual or entity.
“(e) TREATMENT OF VENDORS WITH RESPECT TO PATIENT SAFETY ORGANIZATIONS.—In applying part C of title IX—

“(1) vendors shall be treated as a provider (as defined in section 921) for purposes of reporting requirements under such part, to the extent that such reports are related to attestation requirements under section 3001(c)(5)(C)(i)(I);

“(2) claims of information blocking described in subsection (a) shall be treated as a patient safety activity under such part for purposes of reporting requirements under such part; and

“(3) health care providers that are not members of patient safety organizations shall be treated in the same manner as health care providers that are such members for purposes of such reporting requirements with respect to claims of information blocking described in subsection (a).

“(f) RULEMAKING AND GUIDANCE.—

“(1) IN GENERAL.—Not later than 12 months after the date of the enactment of this section, the Secretary, in consultation with the National Coordinator and the Inspector General of the Department of Health and Human Services, shall, through rulemaking, implement the provisions of section 3001 of
the 21st Century Cures Act, including amendments
made by such section, relating to information block-
ing.

“(2) Non-duplication of penalty structures.—In carrying out paragraph (1), in deter-
mining the scope of penalties, assessments, or exclu-
sions under such section 3001, including amend-
ments made by such section, relating to information
blocking, the Secretary shall ensure to the extent
possible that such penalties, assessments, and exclu-
sions do not duplicate penalty, assessment, and ex-
clusion structures that would otherwise apply with
respect to information blocking and the type of indi-
vidual or entity involved as of the day before the
date of the enactment of this section.

“(3) Clarification.—In carrying out para-
graph (1), the Secretary shall ensure that health
care providers are not penalized for actions of ven-
dor of, and other entities offering to such providers,
health information technology for the failure of such
technology to meet requirements for such technology
to be certified under this title.

“(4) Guidance relating to HIPAA.—Not
later than January 1, 2017, the National Coordi-
nator shall publish guidance to clarify the relation-
ship of the provisions of the HIPAA privacy and se-
curity law, as defined in section 3009(a)(2) to infor-
mation blocking, including—

“(A) examples of how such provisions may
result in information blocking; and

“(B) clarifying that a health care provider
(as defined in subsection (g)) who discloses
health information as allowed under applicable
State and Federal law is not liable for unlawful
actions, including breaches that occur in the
custody of the recipient unless the disclosure
proximately cause the breach.

“(g) HEALTH CARE PROVIDER DEFINED.—For pur-
poses of this section, the term ‘health care provider’ means
a provider of services under subsection (u) of section 1861
of the Social Security Act and a supplier under subsection
(d) of such section.

“(h) AUTHORIZATION OF APPROPRIATIONS.—In ad-
dition to amounts made available under subsection (c)(3),
there is authorized to be appropriated $10,000,000 for fisc-
al year 2017 to carry out subsection (a), to remain avail-
able until expended.”.

(3) POSTINGS RELATING TO ENFORCEMENT ON
HHS INTERNET WEBSITE.—Section 3001 of the
Public Health Service Act (42 U.S.C. 300jj–11) is
amended by adding at the end the following new subsection:

“(f) **ENFORCEMENT INFORMATION POSTED ON HHS INTERNET WEBSITE.**—

“(1) **PRICING INFORMATION.—**Not later than January 1, 2019, the National Coordinator shall post the information described in subsection (c)(5)(C)(I)(i)(cc) on the public Internet website of the Office of the National Coordinator for Health Information Technology in a manner that allows for comparison of functionality, price information, and other features among health information technology products that aids in making informed decisions for purchasing such a product.

“(2) **ANNUAL POSTING.**—For 2019 and each subsequent year, the Secretary shall post on the public Internet website of the Department of Health and Human Services a list of any qualified electronic health records with respect to which certification has been withdrawn under subsection (c)(5)(C)(ii) during such year and the vendor of or other entity offering to health care providers (as defined in section 3010A(g)) such qualified electronic health records.

“(3) **PERIODIC REVIEW.**—The Secretary shall periodically review and confirm that vendors of and
other entities offering to health care providers (as defined in section 3010A(g)) qualified electronic health records have publicly published application programming interfaces and associated documentation as required by subsection (c)(5)(C)(i)(II) for purposes of certification and maintaining certification under any program kept or recognized under subsection (c)(5)(A).”.

(4) DEMONSTRATION REQUIRED FOR MEANINGFUL EHR USE UNDER MEDICARE.—

(A) ELIGIBLE PROFESSIONALS.—

(i) IN GENERAL.—Section 1848(o)(2)(A) of the Social Security Act (42 U.S.C. 1395w–4(o)(2)(A)) is amended by inserting after clause (iii) the following new clause:

“(iv) INTEROPERABILITY.—With respect to EHR reporting periods for payment years beginning with 2020, the eligible professional demonstrates to the satisfaction of the Secretary, in accordance with subparagraph (C)(i), that during such period the professional has not taken any action described in subsection (a)(2) of section 3010A of the Public Health Service
Act, with respect to the use of any certified EHR technology.”.

(ii) Hardship Exemption in Case of Decertified EHR.—Subparagraph (B) of section 1848(a)(7) of the Social Security Act (42 U.S.C. 1395w–4(a)(7)) is amended to read as follows:

“(B) Significant hardship exception.—

“(i) In general.—The Secretary may, on a case-by-case basis, exempt an eligible professional from the application of the payment adjustment under subparagraph (A) if the Secretary determines, subject to annual renewal, that compliance with the requirement for being a meaningful EHR user would result in a significant hardship, such as in the case of an eligible professional who practices in a rural area without sufficient Internet access.

“(ii) Decertification.—The Secretary shall exempt an eligible professional from the application of the payment adjustment under subparagraph (A) if the Secretary determines that such profes-
sional was determined to not be a meaningful EHR user because the certified EHR technology used by such professional is decertified under section 3001(c)(5)(C) of the Public Health Service Act. An exemption under the previous sentence may be applied to an eligible professional only, subject to clause (iii), during the first payment year with respect to the first EHR reporting period to which such decertification applies.

“(iii) Duration of decertification.—

“(I) In general.—Notwithstanding clause (iv)(I), in no case shall an exemption by reason of clause (ii) be for a period of less than 12 months.

“(II) Extension.—An exemption under clause (ii) may be extended, on a case-by-case basis, for a period of an additional 12 months subject to the limitation described in clause (iv)(I).

“(iv) Limitation.—
“(I) IN GENERAL.—Subject to subclause (II), in no case may an eligible professional be granted an exemption under this subparagraph for more than 5 years.

“(II) EXCEPTION.—Subclause (I) shall not apply to an exemption by reason of clause (ii) to the extent necessary to satisfy clause (iii)(I).”.

(iii) FURTHER APPLICATION.—Section 1848(o)(2) of the Social Security Act (42 U.S.C. 1395w–4(o)(2)) is amended by adding at the end the following new subparagraph:

“(E) HARDSHIP EXEMPTION IN CASE OF DECERTIFIED EHR.—In the case of certified EHR technology used by an eligible professional that is decertified under section 3001(c)(5)(C), during the first payment year with respect to the first EHR reporting period to which such decertification applies, the Secretary shall not treat the professional as not being a meaningful EHR user solely because the technology used by such professional was so decertified. The treatment of a professional
under the previous sentence shall be for a period of at least 12 months and may, on a case-by-case basis, be for a period of an additional 12 months.”.

(B) ELIGIBLE HOSPITALS.—

(i) In general.—Section 1886(n)(3)(A) of the Social Security Act (42 U.S.C. 1395ww(n)(3)(A)) is amended by inserting after clause (iii) the following new clause:

“(iv) Interoperability.—With respect to EHR reporting periods for payment years beginning with 2020, the hospital demonstrates to the satisfaction of the Secretary, in accordance with subparagraph (C)(i), that during such period the hospital has not taken any action described in subsection (a)(2) of section 3010A of the Public Health Service Act, with respect to the use of any certified EHR technology.”.

(ii) Hardship exemption in case of decertified EHR.—Subclause (II) of section 1886(b)(3)(B)(ix) of the Social Security Act (42 U.S.C. 1395ww(n)(3)(B)(ix)) is amended by inserting after clause (III) the following new clause:

“(iv) Interoperability.—With respect to EHR reporting periods for payment years beginning with 2020, the hospital demonstrates to the satisfaction of the Secretary, in accordance with subparagraph (C)(i), that during such period the hospital has not taken any action described in subsection (a)(2) of section 3010A of the Public Health Service Act, with respect to the use of any certified EHR technology.”.
1395ww(b)(3)(B)(ix)) is amended to read as follows:

“(II)(aa) The Secretary may, on a case-by-case basis, exempt a subsection (d) hospital from the application of subclause (I) with respect to a fiscal year if the Secretary determines, subject to annual renewal, that requiring such hospital to be a meaningful EHR user during such fiscal year would result in a significant hardship, such as in the case of a hospital in a rural area without sufficient Internet access.

“(bb) The Secretary shall exempt a subsection (d) hospital from the application of subclause (I) with respect to a fiscal year if the Secretary determines that such hospital was determined to not be a meaningful EHR user because the certified EHR technology used by such hospital is decertified under section 3001(c)(5)(C) of the Public Health Service Act. An exemption under the previous sentence may be applied to a subsection (d) hospital only, subject to items (cc) and (dd), during the first payment year with respect to the first
EHR reporting period to which such decertification applies.

“(cc) Notwithstanding item (ee), in no case shall an exemption by reason of item (bb) be for a period of less than 12 months.

“(dd) An exemption under item (bb) may, on a case-by-case basis, be extended for a period of an additional 12 months subject to the limitation described in item (ee).

“(ee) Subject to item (ff), in no case may a hospital be granted an exemption under this subclause for more than 5 years.

“(ff) Item (ee) shall not apply to an exemption by reason of item (bb) to the extent necessary to satisfy item (cc).”.

(C) Demonstration Required for Meaningful EHR Use Under Medicaid.—

Section 1903(t)(2) of the Social Security Act (42 U.S.C. 1396b(t)(2)) is amended by adding at the end the following: “An eligible professional shall not qualify as a Medicaid provider under this subsection, with respect to a year be-
ginning with 2020, unless such provider dem-
monstrates to the Secretary, through means such
as an attestation, that the provider has not
taken any action described in subsection (a)(2)
of section 3010A of the Public Health Service
Act, with respect to the use of any certified
EHR technology.”.

(5) GUIDANCE.—Not later than January 1,
2018, the Secretary of Health and Human Services
shall issue guidance to further the voluntary transi-
tion of health care providers between different cer-
tified EHR technology (as defined in section
3000(1) of the Public Health Service Act (42 U.S.C.
300jj(1)) by removing disincentives to such transi-
tion, which may include applying to instances of
such a transition the hardship exemption authority
under section 1848(a)(7) of the Social Security Act
(42 U.S.C. 1395w–4(a)(7)), section
1886(b)(3)(B)(ix) of such Act (42 U.S.C.
1395ww(b)(3)(B)(ix)), and other provisions of law in
existence as of the date of the enactment of this Act.
In developing such guidance, the Secretary may con-
sult with the relevant Federal agencies.

(f) DEFINITIONS.—
(1) CERTIFIED EHR TECHNOLOGY.—Paragraph (1) of section 3000 of the Public Health Service Act (42 U.S.C. 300jj) is amended to read as follows:

“(1) CERTIFIED EHR TECHNOLOGY.—The term ‘certified EHR technology’ means a qualified electronic health record that is certified pursuant to section 3001(c)(5) as meeting the certification criteria defined in subparagraph (B) of such section that are applicable to the type of record involved (as determined by the Secretary, such as an ambulatory electronic health record for office-based physicians or an inpatient hospital electronic health record for hospitals) including, beginning January 1, 2018, with respect to which the vendor or other entity offering such technology is in compliance with the requirements under section 3001(e)(5)(C)(i).”.

(2) WIDESPREAD INTEROPERABILITY.—Section 3000 of the Public Health Service Act (42 U.S.C. 300jj) is amended by adding at the end the following new paragraph:

“(15) WIDESPREAD INTEROPERABILITY.—The term ‘widespread interoperability’ means that, on a nationwide basis—
“(A) health information technology is interoperable, in accordance with section 3010; and

“(B) such technology is employed by meaningful EHR users under the Medicare Program under title XVIII of the Social Security Act and the Medicaid program under title XIX of such Act and by other clinicians and health care providers.”.

(g) CONFORMING AMENDMENTS.—

(1) VOLUNTARY USE OF STANDARDS.—Section 3006 of the Public Health Service Act (42 U.S.C. 300jj–16) is amended—

(A) in subsection (a)(1), by inserting “, including an interoperability standard or implementation specification, with respect to such interoperability standard, adopted under such section” after “section 3004”.

(B) in subsection (b), by inserting “, including the interoperability standards and implementation specifications, with respect to such interoperability standards, adopted under such section” after “section 3004”.

(2) HIPAA PRIVACY AND SECURITY LAW DEFINITION CORRECTION.—Section 3009(a)(2)(A) of the
Public Health Service Act (42 U.S.C. 300jj–19(a)(2)(A)) is amended by striking “title IV” and inserting “title XIII”.

(3) COORDINATION OF FEDERAL ACTIVITIES.—Section 13111 of the HITECH Act is amended—

(A) in subsection (a), by inserting before the period at the end the following: “(and, beginning on January 1, 2018, that are also interoperable under section 3010 of such Act and in compliance with interoperability standards and implementation specifications, with respect to such interoperability standards, adopted under section 3004 of such Act )”; and

(B) in subsection (b), by inserting “(and, beginning on January 1, 2018, including an interoperability standard or implementation specification, with respect to such interoperability standard, adopted under section 3004 of such Act)” before “the President”.

(4) APPLICATION TO PRIVATE ENTITIES.—Section 13112 of the HITECH Act is amended by inserting before the period at the end the following: “(and, beginning on January 1, 2018, that are also interoperable under section 3010 of such Act and in compliance with interoperability standards and im-
plementation specifications, with respect to such
interoperability standards, adopted under section
3004 of such Act”).

(5) NIST TESTING.—Section 13201 of the
HITECH Act (42 U.S.C. 17911) is amended—

(A) in subsection (a), by inserting “(or, be-
beginning January 1, 2018, in coordination with
the entities with contracts under section 3003A,
with respect to standards, and implementation
specifications under section 3004)” before “,
the Director”;

(B) in subsection (b), by inserting “(or, be-
beginning January 1, 2018, in coordination with
the entities with contracts under section 3003A,
with respect to standards and implementation
specifications under section 3004)” before “,
the Director”; and

(C) by adding at the end the following new
subsection:

“(c) FUNDING.—For purposes of carrying out this
section, in addition to any other funds made available to
carry out this section, there is authorized to be appro-
priated $15,000,000, to remain available until expended.”.

(6) COORDINATION WITH RECOMMENDATIONS
FOR ACHIEVING WIDESPREAD EHR INTEROPER-
ABILITY.—Section 106 of the Medicare Access and CHIP Reauthorization Act of 2015 (Public Law 114–10) is amended by striking subsection (b).

(h) PATIENT ENGAGEMENT AND EMPOWERMENT.—

It is the sense of Congress that—

(1) if the strategic goals that Congress set forth in the HITECH Act are to be achieved, interoperability is best achieved with individuals and authorized representatives having equal access to the health information of such individuals in electronic format;

(2) patients have the right to the entirety of the health information of such individuals, including such information contained in an electronic health record of such individuals;

(3) such right extends to both structured and unstructured data;

(4) such right extends to authorized representatives of the individual involved, such as caretakers of such individual, family members of such individual, and guardians of such individual; and

(5) to further facilitate access of an individual to health information of such individual—

(A) health care providers should not have the ability to deny a request of the individual
for access to the entirety of such health information of such individual;

(B) health care providers do not need the consent of individuals to share personal health information of such individuals with other covered entities, in compliance with the HIPAA privacy regulations promulgated pursuant to section 264(c) of the Health Insurance Portability and Accountability Act of 1996 for the purposes of supporting patient care, except in situations where consent is specifically required under such regulations, such as in cases related to the psychiatric records of the individual involved;

(C) mechanisms should be utilized that allow for the bidirectional exchange of information through such mechanisms as web portals, appointments, and prescription refills, for the purpose of patients partnering with providers to assist in managing health and care;

(D) mechanisms described in subparagraph (C) should allow for connecting individuals across the continuum of care;
(E) an individual has the right to access the health information of the individual without cost to the individual;

(F) mechanisms described in subparagraph (C) should allow for data of an individual generated by the individual to be integrated into such platforms as electronic health records;

(G) such access should be timely, in accordance with the HIPAA privacy regulations described in subparagraph (B), and take into account communications preferences of the individual involved;

(H) an individual should have the right to be confident that the data in the electronic health record of the individual pertains to such individual; and

(I) the right described in subparagraph (H) will promote safety and care coordination for individuals.

**Subtitle B—Telehealth**

**SEC. 3021. TELEHEALTH SERVICES UNDER THE MEDICARE PROGRAM.**

(a) Provision of Information by Centers for Medicare & Medicaid Services.—Not later than 1 year after the date of the enactment of this Act, the Ad-
ministrator of the Centers for Medicare & Medicaid Serv-
ices shall provide to the committees of jurisdiction of the
House of Representatives and the Senate information on
the following:

(1) The populations of Medicare beneficiaries,
such as those who are dually eligible for the Medi-
care Program under title XVIII of the Social Secu-
ritv Act (42 U.S.C. 1395 et seq.) and the Medicaid
program under title XIX of such Act (42 U.S.C.
1396 et seq.) and those with chronic conditions,
 whose care may be improved most in terms of qual-
ity and efficiency by the expansion, in a manner that
meets or exceeds the existing in-person standard of
care under the Medicare Program under title XVIII
of such Act, of telehealth services under section
1834(m)(4) of such Act (42 U.S.C. 1395m(m)(4)).

(2) Activities by the Center for Medicare and
Medicaid Innovation which examine the use of tele-
health services in models, projects, or initiatives
funded through section 1115A of the Social Security
Act (42 U.S.C. 1315a).

(3) The types of high-volume services (and re-
lated diagnoses) under such title XVIII which might
be suitable to the furnishing of services via tele-
health.
(4) Barriers that might prevent the expansion 
of telehealth services under section 1834(m)(4) of 
the Social Security Act (42 U.S.C. 1395m(m)(4)) 
beyond such services that are in effect as of the date 
of the enactment of this Act.

(b) Provision of Information by MedPAC.—Not 
later than March 15, 2017, the Medicare Payment Advi-
sory Commission established under section 1805 of the So-
cial Security Act (42 U.S.C. 1395b–6) shall, using quan-
titative and qualitative research methods, provide informa-
tion to the committees of jurisdiction of the House of Rep-
resentatives and the Senate that identifies—

(1) the telehealth services for which payment 
can be made, as of the date of the enactment of this 
Act, under the fee-for-service program under parts A 
and B of title XVIII of such Act;

(2) the telehealth services for which payment 
can be made, as of such date, under private health 
insurance plans;

(3) with respect to services identified under 
paragraph (2) but not under paragraph (1), ways in 
which payment for such services might be incor-
porated into such fee-for-service program (including 
any recommendations for ways to accomplish this in-
corporation).
(c) SENSE OF CONGRESS.—It is the sense of Congress that—

(1) eligible originating sites should be expanded beyond those originating sites described in section 1834(m)(4)(C) of the Social Security Act (42 U.S.C. 1395m(m)(4)(C)); and

(2) any expansion of telehealth services under the Medicare Program should—

(A) recognize that telemedicine is the delivery of safe, effective, quality health care services, by a health care provider, using technology as the mode of care delivery;

(B) meet or exceed the conditions of coverage and payment with respect to the Medicare Program under title XVIII unless specifically address in subsequent statute, of such Act if the service were furnished in person, including standards of care; and

(C) involve clinically appropriate means to furnish such services.
Subtitle C—Encouraging Continuing Medical Education for Physicians

SEC. 3041. EXEMPTING FROM MANUFACTURER TRANSPARENCY REPORTING CERTAIN TRANSFERS USED FOR EDUCATIONAL PURPOSES.

(a) IN GENERAL.—Section 1128G(e)(10)(B) of the Social Security Act (42 U.S.C. 1320a–7h(e)(10)(B)) is amended—

(1) in clause (iii), by inserting “, including peer-reviewed journals, journal reprints, journal supplements, medical conference reports, and medical textbooks” after “patient use”; and

(2) by adding at the end the following new clause:

“(xiii) In the case of a covered recipient who is a physician, an indirect payment or transfer of value to the covered recipient—

“(I) for speaking at, or preparing educational materials for, an educational event for physicians or other health care professionals that does not commercially promote a covered drug,
device, biological, or medical supply;

or

“(II) that serves the sole purpose

of providing the covered recipient with

medical education, such as by pro-

viding the covered recipient with the

tuition required to attend an edu-

cational event or with materials pro-

vided to physicians at an educational

event.”.

(b) EFFECTIVE DATE.—The amendments made by
this section shall apply with respect to transfers of value
made on or after the date of the enactment of this Act.

Subtitle D—Disposable Medical
Technologies

SEC. 3061. TREATMENT OF CERTAIN ITEMS AND DEVICES.

(a) IN GENERAL.—Section 1834 of the Social Secu-
rity Act (42 U.S.C. 1395m) is amended by adding at the
end the following new subsection:

“(r) PAYMENT FOR CERTAIN DISPOSABLE DE-
VICES.—

“(1) IN GENERAL.—The Secretary shall make
separate payment in the amount established under
paragraph (3) to a home health agency for a device
described in paragraph (2) when furnished to an in-
individual who receives home health services for which payment is made under section 1895(b).

“(2) DEVICE DESCRIBED.—For purposes of paragraph (1), a device described in this paragraph is a disposable device for which, as of January 1, 2015, there is—

“(A) a Level I Healthcare Common Procedure Coding System (HCPCS) code for which the description for a professional service includes the furnishing of such device; and

“(B) a separate Level I HCPCS code for a professional service that uses durable medical equipment instead of such device.

“(3) PAYMENT AMOUNT.—The Secretary shall establish the separate payment amount for such a device such that such amount does not exceed the payment that would be made for the HCPCS code described in paragraph (2)(A) under section 1833(t) (relating to payment for covered OPD services).”.

(b) CONFORMING AMENDMENT.—Section 1861(m)(5) of the Social Security Act (42 U.S.C. 1395x(m)(5)) is amended by inserting “and devices described in section 1834(r)(2)” after “durable medical equipment”.
(c) **Effective Date.**—The amendments made by this section shall apply to devices furnished on or after January 1, 2017.

**Subtitle E—Local Coverage Decision Reforms**

**SEC. 3081. IMPROVEMENTS IN THE MEDICARE LOCAL COVERAGE DETERMINATION (LCD) PROCESS.**

(a) **In General.**—Section 1862(l)(5) of the Social Security Act (42 U.S.C. 1395y(l)(5)) is amended by adding at the end the following new subparagraph:

```
“(D) LOCAL COVERAGE DETERMINATIONS.—The Secretary shall require each Medicare administrative contractor that develops a local coverage determination to make available on the website of such contractor and on the Medicare website, at least 45 days before the effective date of such determination, the following information:

“(i) Such determination in its entirety.

“(ii) Where and when the proposed determination was first made public.

“(iii) Hyperlinks to the proposed determination and a response to comments
```
submitted to the contractor with respect to
such proposed determination.

“(iv) A summary of evidence that was
considered by the contractor during the de-
velopment of such determination and a list
of the sources of such evidence.

“(v) An explanation of the rationale
that supports such determination.”.

(b) EFFECTIVE DATE.—The amendment made by
subsection (a) shall apply with respect to local coverage
determinations that are proposed or revised on or after
the date that is 180 days after the date of the enactment
of this Act.

Subtitle F—Medicare Pharmaceutical and Technology Ombudsman

SEC. 3101. MEDICARE PHARMACEUTICAL AND TECHNOLOGY OMBUDSMAN.

Section 1808(c) of the Social Security Act (42 U.S.C.
1395b–9(c)) is amended by adding at the end the fol-
lowing new paragraph:

“(4) PHARMACEUTICAL AND TECHNOLOGY OMB-
BUDSMAN.—Not later than 12 months after the date
of the enactment of this paragraph, the Secretary
shall provide for a pharmaceutical and technology
ombudsman within the Centers for Medicare & Med-
icaid Services who shall receive and respond to com-
plaints, grievances, and requests that—

“(A) are from entities that manufacture
pharmaceutical, biotechnology, medical device,
or diagnostic products that are covered or for
which coverage is being sought under this title;
and

“(B) are with respect to coverage, coding,
or payment under this title for such products.
The second sentence of paragraph (2) shall apply to
this paragraph in the same manner as such sentence
applies to paragraph (2).”.

Subtitle G—Medicare Site-of-
Service Price Transparency

SEC. 3121. MEDICARE SITE-OF-SERVICE PRICE TRANS-
PARENCY.

Section 1834 of the Social Security Act (42 U.S.C.
1395m), as amended by section 3061, is further amended
by adding at the end the following new subsection:

“(s) SITE-OF-SERVICE PRICE TRANSPARENCY.—

“(1) IN GENERAL.—In order to facilitate price
transparency with respect to items and services for
which payment may be made either to a hospital
outpatient department or to an ambulatory surgical
center under this title, the Secretary shall, for 2017 and each year thereafter, make available to the public via a searchable website, with respect to an appropriate number of such items and services—

“(A) the estimated payment amount for the item or service under the outpatient department fee schedule under subsection (t) of section 1833 and the ambulatory surgical center payment system under subsection (i) of such section; and

“(B) the estimated amount of beneficiary liability applicable to the item or service.

“(2) Calculation of estimated beneficiary liability.—For purposes of paragraph (1)(B), the estimated amount of beneficiary liability, with respect to an item or service, is the amount for such item or service for which an individual who does not have coverage under a Medicare supplemental policy certified under section 1882 or any other supplemental insurance coverage is responsible.

“(3) Implementation.—In carrying out this subsection, the Secretary—

“(A) shall include in the notice described in section 1804(a) a notification of the avail-
ability of the estimated amounts made available
under paragraph (1); and

“(B) may utilize mechanisms in existence
on the date of the enactment of this subsection,
such as the portion of the website of the Cen-
ters for Medicare & Medicaid Services on which
information comparing physician performance is
posted (commonly referred to as the Physician
Compare website), to make available such esti-
mated amounts under such paragraph.

“(4) FUNDING.—For purposes of implementing
this subsection, the Secretary shall provide for the
transfer, from the Supplemental Medical Insurance
Trust Fund under section 1841 to the Centers for
Medicare & Medicaid Services Program Management
Account, of $6,000,000 for fiscal year 2015, to re-
main available until expended.”.

Subtitle H—Medicare Part D Pa-
tient Safety and Drug Abuse
Prevention

SEC. 3141. PROGRAMS TO PREVENT PRESCRIPTION DRUG
ABUSE UNDER MEDICARE PARTS C AND D.

(a) Drug Management Program for At-Risk
Beneficiaries.—
(1) In general.—Section 1860D–4(c) of the Social Security Act (42 U.S.C. 1395w–10(e)) is amended by adding at the end the following:

“(5) Drug management program for at-risk beneficiaries.—

“(A) Authority to establish.—A PDP sponsor may establish a drug management program for at-risk beneficiaries under which, subject to subparagraph (B), the PDP sponsor may, in the case of an at-risk beneficiary for prescription drug abuse who is an enrollee in a prescription drug plan of such PDP sponsor, limit such beneficiary’s access to coverage for frequently abused drugs under such plan to frequently abused drugs that are prescribed for such beneficiary by one or more prescribers selected under subparagraph (D), and dispensed for such beneficiary by one or more pharmacies selected under such subparagraph.

“(B) Requirement for notices.—

“(i) In general.—A PDP sponsor may not limit the access of an at-risk beneficiary for prescription drug abuse to coverage for frequently abused drugs under a
prescription drug plan until such sponsor—

“(I) provides to the beneficiary an initial notice described in clause (ii) and a second notice described in clause (iii); and

“(II) verifies with the providers of the beneficiary that the beneficiary is an at-risk beneficiary for prescription drug abuse.

“(ii) INITIAL NOTICE.—An initial notice described in this clause is a notice that provides to the beneficiary—

“(I) notice that the PDP sponsor has identified the beneficiary as potentially being an at-risk beneficiary for prescription drug abuse;

“(II) information describing all State and Federal public health resources that are designed to address prescription drug abuse to which the beneficiary has access, including mental health services and other counseling services;
“(III) notice of, and information about, the right of the beneficiary to appeal such identification under subsection (h) and the option of an automatic escalation to external review;

“(IV) a request for the beneficiary to submit to the PDP sponsor preferences for which prescribers and pharmacies the beneficiary would prefer the PDP sponsor to select under subparagraph (D) in the case that the beneficiary is identified as an at-risk beneficiary for prescription drug abuse as described in clause (iii)(I);

“(V) an explanation of the meaning and consequences of the identification of the beneficiary as potentially being an at-risk beneficiary for prescription drug abuse, including an explanation of the drug management program established by the PDP sponsor pursuant to subparagraph (A);

“(VI) clear instructions that explain how the beneficiary can contact
the PDP sponsor in order to submit
to the PDP sponsor the preferences
described in subclause (IV) and any
other communications relating to the
drug management program for at-risk
beneficiaries established by the PDP
sponsor; and

“(VII) contact information for
other organizations that can provide
the beneficiary with assistance regard-
ing such drug management program
(similar to the information provided
by the Secretary in other standardized
notices provided to part D eligible in-
dividuals enrolled in prescription drug
plans under this part).

“(iii) SECOND NOTICE.—A second no-
tice described in this clause is a notice that
provides to the beneficiary notice—

“(I) that the PDP sponsor has
identified the beneficiary as an at-risk
beneficiary for prescription drug
abuse;

“(II) that such beneficiary is
subject to the requirements of the
drug management program for at-risk beneficiaries established by such PDP sponsor for such plan;

“(III) of the prescriber (or prescribers) and pharmacy (or pharmacies) selected for such individual under subparagraph (D);

“(IV) of, and information about, the beneficiary’s right to appeal such identification under subsection (h) and the option of an automatic escalation to external review;

“(V) that the beneficiary can, in the case that the beneficiary has not previously submitted to the PDP sponsor preferences for which prescribers and pharmacies the beneficiary would prefer the PDP sponsor select under subparagraph (D), submit such preferences to the PDP sponsor; and

“(VI) that includes clear instructions that explain how the beneficiary can contact the PDP sponsor.

“(iv) TIMING OF NOTICES.—
“(I) IN GENERAL.—Subject to subclause (II), a second notice described in clause (iii) shall be provided to the beneficiary on a date that is not less than 60 days after an initial notice described in clause (ii) is provided to the beneficiary.

“(II) EXCEPTION.—In the case that the PDP sponsor, in conjunction with the Secretary, determines that concerns identified through rule-making by the Secretary regarding the health or safety of the beneficiary or regarding significant drug diversion activities require the PDP sponsor to provide a second notice described in clause (iii) to the beneficiary on a date that is earlier than the date described in subclause (I), the PDP sponsor may provide such second notice on such earlier date.

“(C) AT-RISK BENEFICIARY FOR PRESCRIPTION DRUG ABUSE.—

“(i) IN GENERAL.—For purposes of this paragraph, the term ‘at-risk bene-
ficiary for prescription drug abuse’ means
a part D eligible individual who is not an
exempted individual described in clause (ii)
and—

“(I) who is identified as such an
at-risk beneficiary through the use of
clinical guidelines developed by the
Secretary in consultation with PDP
sponsors and other stakeholders de-
scribed in section 3141(f)(2)(A) of the
21st Century Cures Act; or

“(II) with respect to whom the
PDP sponsor of a prescription drug
plan, upon enrolling such individual in
such plan, received notice from the
Secretary that such individual was
identified under this paragraph to be
an at-risk beneficiary for prescription
drug abuse under the prescription
drug plan in which such individual
was most recently previously enrolled
and such identification has not been
terminated under subparagraph (F).

“(ii) EXEMPTED INDIVIDUAL DE-
scribed.—An exempted individual de-
scribed in this clause is an individual who—

“(I) receives hospice care under this title;

“(II) is a resident of a long-term care facility, of an intermediate care facility for the mentally retarded, or of another facility for which frequently abused drugs are dispensed for residents through a contract with a single pharmacy; or

“(III) the Secretary elects to treat as an exempted individual for purposes of clause (i).

“(D) SELECTION OF PRESCRIBERS AND PHARMACIES.—

“(i) IN GENERAL.—With respect to each at-risk beneficiary for prescription drug abuse enrolled in a prescription drug plan offered by such sponsor, a PDP sponsor shall, based on the preferences submitted to the PDP sponsor by the beneficiary pursuant to clauses (ii)(IV) and (iii)(V) of subparagraph (B) (except as
otherwise provided in this subparagraph), select—

“(I) one or more individuals who are authorized to prescribe frequently abused drugs (referred to in this paragraph as ‘prescribers’) who may write prescriptions for such drugs for such beneficiary; and

“(II) one or more pharmacies that may dispense such drugs to such beneficiary.

“(ii) Reasonable Access.—In making the selections under this subparagraph—

“(I) a PDP sponsor shall ensure that the beneficiary continues to have reasonable access to frequently abused drugs (as defined in subparagraph (G)), taking into account geographic location, beneficiary preference, impact on costsharing, and reasonable travel time; and

“(II) a PDP sponsor shall ensure such access (including access to prescribers and pharmacies with respect
to frequently abused drugs) in the case of individuals with multiple residences and in the case of natural disasters and similar emergency situations.

“(iii) Beneficiary Preferences.—

If an at-risk beneficiary for prescription drug abuse submits preferences for which in-network prescribers and pharmacies the beneficiary would prefer the PDP sponsor select in response to a notice under subparagraph (B), the PDP sponsor shall—

“(I) review such preferences;

“(II) select or change the selection of prescribers and pharmacies for the beneficiary based on such preferences; and

“(III) inform the beneficiary of such selection or change of selection.

“(iv) Exception Regarding Beneficiary Preferences.—In the case that the PDP sponsor determines that a change to the selection of prescriber or pharmacy under clause (iii)(II) by the PDP sponsor is contributing or would contribute to pre-
scription drug abuse or drug diversion by
the beneficiary, the PDP sponsor may
change the selection of prescriber or phar-
macy for the beneficiary without regard to
the preferences of the beneficiary described
in clause (iii).

“(v) CONFIRMATION.—Before select-
ing a prescriber (or prescribers) or phar-
macy (or pharmacies) under this subpara-
graph, a PDP sponsor must request and
receive confirmation from such a prescriber
or pharmacy acknowledging and accepting
that the beneficiary involved is in the drug
management program for at-risk bene-
ficiaries.

“(E) TERMINATIONS AND APPEALS.—The
identification of an individual as an at-risk ben-
eficiary for prescription drug abuse under this
paragraph, a coverage determination made
under a drug management program for at-risk
beneficiaries, and the selection of prescriber or
pharmacy under subparagraph (D) with respect
to such individual shall be subject to reconsider-
ation and appeal under subsection (h) and the
option of an automatic escalation to external re-
view to the extent provided by the Secretary.

“(F) TERMINATION OF IDENTIFICATION.—

“(i) IN GENERAL.—The Secretary
shall develop standards for the termination
of identification of an individual as an at-
risk beneficiary for prescription drug abuse
under this paragraph. Under such stand-
ards such identification shall terminate as
of the earlier of—

“(I) the date the individual dem-
onstrates that the individual is no
longer likely, in the absence of the re-
strictions under this paragraph, to be
an at-risk beneficiary for prescription
drug abuse described in subparagraph
(C)(i); and

“(II) the end of such maximum
period of identification as the Sec-
retary may specify.

“(ii) RULE OF CONSTRUCTION.—
Nothing in clause (i) shall be construed as
preventing a plan from identifying an indi-
vidual as an at-risk beneficiary for pre-
scription drug abuse under subparagraph
(C)(i) after such termination on the basis of additional information on drug use occurring after the date of notice of such termination.

“(G) FRequently abused drug.—For purposes of this subsection, the term ‘frequently abused drug’ means a drug that is a controlled substance that the Secretary determines to be frequently abused or diverted.

“(H) DAta DIsClosuRe.—In the case of an at-risk beneficiary for prescription drug abuse whose access to coverage for frequently abused drugs under a prescription drug plan has been limited by a PDP sponsor under this paragraph, such PDP sponsor shall disclose data, including any necessary individually identifiable health information, in a form and manner specified by the Secretary, about the decision to impose such limitations and the limitations imposed by the sponsor under this part to other PDP sponsors that request such data.

“(I) EDuCATION.—The Secretary shall provide education to enrollees in prescription drug plans of PDP sponsors and providers regarding the drug management program for at-
risk beneficiaries described in this paragraph, including education—

“(i) provided by Medicare administrative contractors through the improper payment outreach and education program described in section 1874A(h); and

“(ii) through current education efforts (such as State health insurance assistance programs described in subsection (a)(1)(A) of section 119 of the Medicare Improvements for Patients and Providers Act of 2008 (42 U.S.C. 1395b–3 note)) and materials directed toward such enrollees.

“(J) APPLICATION UNDER MA–PD PLANS.—Pursuant to section 1860D–21(c)(1), the provisions of this paragraph apply under part D to MA organizations offering MA–PD plans to MA eligible individuals in the same manner as such provisions apply under this part to a PDP sponsor offering a prescription drug plan to a part D eligible individual.”.

(2) INFORMATION FOR CONSUMERS.—Section 1860D–4(a)(1)(B) of the Social Security Act (42 U.S.C. 1395w–104(a)(1)(B)) is amended by adding at the end the following:
“(v) The drug management program
for at-risk beneficiaries under subsection
(c)(5).”.

(b) Utilization Management Programs.—Section 1860D–4(c) of the Social Security Act (42 U.S.C. 1395w–104(c)), as amended by subsection (a)(1), is further amended—

(1) in paragraph (1), by inserting after subparagraph (D) the following new subparagraph:

“(E) A utilization management tool to prevent drug abuse (as described in paragraph (6)(A)).”; and

(2) by adding at the end the following new paragraph:

“(6) Utilization Management Tool to Prevent Drug Abuse.—

“(A) In General.—A tool described in this paragraph is any of the following:

“(i) A utilization tool designed to prevent the abuse of frequently abused drugs by individuals and to prevent the diversion of such drugs at pharmacies.

“(ii) Retrospective utilization review to identify—
“(I) individuals that receive frequently abused drugs at a frequency or in amounts that are not clinically appropriate; and

“(II) providers of services or suppliers that may facilitate the abuse or diversion of frequently abused drugs by beneficiaries.

“(iii) Consultation with the contractor described in subparagraph (B) to verify if an individual enrolling in a prescription drug plan offered by a PDP sponsor has been previously identified by another PDP sponsor as an individual described in clause (ii)(I).

“(B) REPORTING.—A PDP sponsor offering a prescription drug plan (and an MA organization offering an MA–PD plan) in a State shall submit to the Secretary and the Medicare drug integrity contractor with which the Secretary has entered into a contract under section 1893 with respect to such State a report, on a monthly basis, containing information on—

“(i) any provider of services or supplier described in subparagraph (A)(ii)(II)
that is identified by such plan sponsor (or organization) during the 30-day period before such report is submitted; and

“(ii) the name and prescription records of individuals described in paragraph (5)(C).”.

(c) Expanding Activities of Medicare Drug Integrity Contractors (MEDICs).—

(1) IN GENERAL.—Section 1893 of the Social Security Act (42 U.S.C. 1395ddd) is amended by adding at the end the following new subsection:

“(j) Expanding Activities of Medicare Drug Integrity Contractors (MEDICs).—

“(1) Access to Information.—Under contracts entered into under this section with Medicare drug integrity contractors (including any successor entity to a Medicare drug integrity contractor), the Secretary shall authorize such contractors to directly accept prescription and necessary medical records from entities such as pharmacies, prescription drug plans, MA–PD plans, and physicians with respect to an individual in order for such contractors to provide information relevant to the determination of whether such individual is an at-risk beneficiary for
prescription drug abuse, as defined in section 1860D–4(e)(5)(C).

“(2) Requirement for acknowledgment of referrals.—If a PDP sponsor or MA organization refers information to a contractor described in paragraph (1) in order for such contractor to assist in the determination described in such paragraph, the contractor shall—

“(A) acknowledge to the sponsor or organization receipt of the referral; and

“(B) in the case that any PDP sponsor or MA organization contacts the contractor requesting to know the determination by the contractor of whether or not an individual has been determined to be an individual described such paragraph, shall inform such sponsor or organization of such determination on a date that is not later than 15 days after the date on which the sponsor or organization contacts the contractor.

“(3) Making data available to other entities.—

“(A) In general.—For purposes of carrying out this subsection, subject to subparagraph (B), the Secretary shall authorize MED-
ICs to respond to requests for information from PDP sponsors and MA organizations, State prescription drug monitoring programs, and other entities delegated by such sponsors or organizations using available programs and systems in the effort to prevent fraud, waste, and abuse.

“(B) HIPAA COMPLIANT INFORMATION ONLY.—Information may only be disclosed by a MEDIC under subparagraph (A) if the disclosure of such information is permitted under the Federal regulations (concerning the privacy of individually identifiable health information) promulgated under section 264(c) of the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. 1320d–2 note).”.

(2) OIG STUDY AND REPORT ON EFFECTIVENESS OF MEDICS.—

(A) STUDY.—The Inspector General of the Department of Health and Human Services shall conduct a study on the effectiveness of Medicare drug integrity contractors with which the Secretary of Health and Human Services has entered into a contract under section 1893 of the Social Security Act (42 U.S.C. 1395ddd)
in identifying, combating, and preventing fraud
under the Medicare Program, including under
the authority provided under section 1893(j) of
the Social Security Act, added by paragraph
(1).

(B) REPORT.—Not later than 1 year after
the date of the enactment of this Act, the In-
spector General shall submit to Congress a re-
port on the study conducted under subpara-
graph (A). Such report shall include such rec-
ommendations for improvements in the effec-
tiveness of such contractors as the Inspector
General determines appropriate.

(d) TREATMENT OF CERTAIN COMPLAINTS FOR PUR-
POSES OF QUALITY OR PERFORMANCE ASSESS-
MENT.—Section 1860D–42 of the Social Security Act (42 U.S.C.
1395w–152) is amended by adding at the end the fol-
lowing new subsection:

“(d) TREATMENT OF CERTAIN COMPLAINTS FOR
PURPOSES OF QUALITY OR PERFORMANCE ASSESS-
MENT.—In conducting a quality or performance assess-
ment of a PDP sponsor, the Secretary shall develop or
utilize existing screening methods for reviewing and con-
sidering complaints that are received from enrollees in a
prescription drug plan offered by such PDP sponsor and
that are complaints regarding the lack of access by the individual to prescription drugs due to a drug management program for at-risk beneficiaries.”

(e) Sense of Congress Regarding Use of Technology Tools To Combat Fraud.—It is the sense of Congress that MA organizations and PDP sponsors should consider using e-prescribing and other health information technology tools to support combating fraud under MA–PD plans and prescription drug plans under parts C and D of the Medicare Program.

(f) Effective Date.—

(1) In general.—The amendments made by this section shall apply to prescription drug plans (and MA–PD plans) for plan years beginning more than 1 year after the date of the enactment of this Act.

(2) Stakeholder meetings prior to effective date.—

(A) In general.—Not later than January 1, 2016, the Secretary of Health and Human Services shall convene stakeholders, including individuals entitled to benefits under part A of title XVIII of the Social Security Act or enrolled under part B of such title of such Act, advocacy groups representing such individuals,
physicians, pharmacists, and other clinicians,
retail pharmacies, plan sponsors, entities dele-
gated by plan sponsors, and biopharmaceutical
manufacturers for input regarding the topics
described in subparagraph (B).

(B) TOPICS DESCRIBED.—The topics de-
scribed in this subparagraph are the topics of—

(i) the anticipated impact of drug
management programs for at-risk bene-
ficiaries under paragraph (5) of section
1860D–4(e) of the Social Security Act (42
U.S.C. 1395w–104(e)) on cost-sharing and
ensuring accessibility to prescription drugs
for enrollees in prescription drug plans of
PDP sponsors, and enrollees in MA–PD
plans, who are at-risk beneficiaries for pre-
scription drug abuse (as defined in sub-
paragraph (C) of such paragraph);

(ii) the use of an expedited appeals
process under which such an enrollee may
appeal an identification of such enrollee as
an at-risk beneficiary for prescription drug
abuse under such paragraph (similar to the
processes established under the Medicare
Advantage program under part C of title
XVIII of the Social Security Act that allow
an automatic escalation to external review
of claims submitted under such part);

(iii) the types of enrollees that should
be treated as exempted individuals, as de-
scribed in subparagraph (C)(ii) of such
paragraph;

(iv) the manner in which terms and
definitions in such paragraph should be ap-
plied, such as the use of clinical appro-
priateness in determining whether an en-
rollee is an at-risk beneficiary for prescrip-
tion drug abuse as defined in subpara-
graph (C) of such paragraph;

(v) the information to be included in
the notices described in subparagraph (B)
of such paragraph and the standardization
of such notices; and

(vi) with respect to a PDP sponsor
(or Medicare Advantage organization) that
establishes a drug management program
for at-risk beneficiaries under such para-
graph, the responsibilities of such PDP
sponsor (or organization) with respect to
the implementation of such program.
(g) RULEMAKING.—The Secretary of Health and Human Services shall promulgate regulations based on the input gathered pursuant to subsection (f)(2)(A).

TITLE IV—MEDICAID, MEDICARE, AND OTHER REFORMS
Subtitle A—Medicaid and Medicare Reforms

SEC. 4001. LIMITING FEDERAL MEDICAID REIMBURSEMENT TO STATES FOR DURABLE MEDICAL EQUIPMENT (DME) TO MEDICARE PAYMENT RATES.

(a) MEDICAID REIMBURSEMENT.—

(1) IN GENERAL.—Section 1903(i) of the Social Security Act (42 U.S.C. 1396b(i)) is amended—

(A) in paragraph (25), by striking “or” at the end;

(B) in paragraph (26), by striking the period at the end and inserting “; or”; and

(C) by inserting after paragraph (26) the following new paragraph:

“(27) with respect to any amounts expended by the State on the basis of a fee schedule for items described in section 1861(n), as determined in the aggregate with respect to each class of such items as defined by the Secretary, in excess of the aggregate amount, if any, that would be paid for such items
within such class on a fee-for-service basis under the program under part B of title XVIII, including, as applicable, under a competitive acquisition program under section 1847 in an area of the State.”.

(2) EFFECTIVE DATE.—The amendments made by this subsection shall be effective with respect to payments for items furnished on or after January 1, 2020.

(b) MEDICARE OMBUDSMAN.—Section 1808(c) of the Social Security Act (42 U.S.C. 1395b(c)), as amended by section 3101, is further amended by adding at the end the following new paragraph:

“(5) MONITORING DME REIMBURSEMENT UNDER MEDICAID.—The ombudsmen under each of paragraphs (1) and (4) shall evaluate the impact of the competitive acquisition program under section 1847, including as applied under section 1903(i)(27), on beneficiary health status and health outcomes.”.

SEC. 4002. EXCLUDING AUTHORIZED GENERICS FROM CALCULATION OF AVERAGE MANUFACTURER PRICE.

(a) IN GENERAL.—Subparagraph (C) of section 1927(k)(1) of the Social Security Act (42 U.S.C. 1396r–8(k)(1)) is amended—
(1) in the subparagraph heading, by striking “INCLUSION” and inserting “EXCLUSION”; 

(2) by striking “a new drug application” and inserting “the manufacturer’s new drug application”; and 

(3) by striking “inclusive” and inserting “exclusive”.

(b) Effective Date.—The amendments made by this section take effect on October 1, 2015.

SEC. 4003. MEDICARE PAYMENT INCENTIVE FOR THE TRANSITION FROM TRADITIONAL X-RAY IMAGING TO DIGITAL RADIOGRAPHY AND OTHER MEDICARE IMAGING PAYMENT PROVISION.

(a) Physician Fee Schedule.—

(1) Payment incentive for transition.—

(A) In general.—Section 1848(b) of the Social Security Act (42 U.S.C. 1395w–4(b)) is amended by adding at the end the following new paragraph:

“(9) SPECIAL RULE TO INCENTIVIZE TRANSITION FROM TRADITIONAL X-RAY IMAGING TO DIGITAL RADIOGRAPHY.—

“(A) LIMITATION ON PAYMENT FOR FILM X-RAY IMAGING SERVICES.—In the case of an imaging service (including the imaging portion
of a service) that is an X-ray taken using film and that is furnished during 2017 or a subse-
quent year, the payment amount for the tech-
nical component (including the technical compo-
nent portion of a global service) of such service that would otherwise be determined under this section (without application of this paragraph and before application of any other adjustment under this section) for such year shall be re-
duced by 20 percent.

“(B) PHASED-IN LIMITATION ON PAYMENT FOR COMPUTED RADIOGRAPHY IMAGING SERVICES.—In the case of an imaging service (in-
cluding the imaging portion of a service) that is an X-ray taken using computed radiography technology—

“(i) in the case of such a service fur-
nished during 2018, 2019, 2020, 2021, or 2022, the payment amount for the tech-
nical component (including the technical component portion of a global service) of such service that would otherwise be deter-
mined under this section (without applica-
tion of this paragraph and before applica-
tion of any other adjustment under this
section) for such year shall be reduced by
7 percent; and
(ii) in the case of such a service fur-
nished during 2023 or a subsequent year,
the payment amount for the technical com-
ponent (including the technical component
portion of a global service) of such service
that would otherwise be determined under
this section (without application of this
paragraph and before application of any
other adjustment under this section) for
such year shall be reduced by 10 percent.
“(C) COMPUTED RADIOGRAPHY TECH-
NOLOGY DEFINED.—For purposes of this para-
graph, the term ‘computed radiography tech-
nology’ means cassette-based imaging which
utilizes an imaging plate to create the image in-
volved.
“(D) IMPLEMENTATION.—In order to im-
plement this paragraph, the Secretary shall
adopt appropriate mechanisms which may in-
clude use of modifiers.”.
(B) EXEMPTION FROM BUDGET NEU-
TRALITY.—Section 1848(e)(2)(B)(v) of the So-
cial Security Act (42 U.S.C. 1395w—
4(c)(2)(B)(v)) is amended by adding at the end the following new subclause:

“(X) **Reduced expenditures attributable to incentives to transition to digital radiography.**—Effective for fee schedules established beginning with 2017, reduced expenditures attributable to subparagraph (A) of subsection (b)(9) and effective for fee schedules established beginning with 2018, reduced expenditures attributable to subparagraph (B) of such subsection.”.

(2) **Elimination of application of multiple procedure payment reduction.**—

(A) **In general.**—Section 1848(b)(4) of the Social Security Act (42 U.S.C. 1395w–4(b)(4)) is amended by adding at the end the following new subparagraph:

“(E) **Elimination of application of multiple procedure payment reduction.**—

“(i) **In general.**—For services furnished on or after January 1, 2017, the Secretary shall not apply a multiple proce-
due payment reduction to the professional component of imaging services unless the Secretary has published as part of a Medicare Physician Fee Schedule Proposed Rule the empirical analysis described in clause (ii) with tables made available on the website of the Centers for Medicare & Medicaid Services.

“(ii) EMPRICAL ANALYSIS DES-
cribed.—The empirical analysis described in this clause is an analysis of the Resource-Based Relative Value Scale Data Manager information or other information that is used to determine what, if any, efficiencies exist within the professional component of imaging services when two or more studies are furnished to the same individual on the same day. Such empirical analysis shall include—

“(I) information detailing which physician work activities overlap and the reductions applicable to such over-

“(II) a discussion of the clinical aspects that informed the assignment
of the reduction percentages described in subclause (I);

“(III) to the extent that such reductions are used for proposed payment reductions, an explanation of how the percentage reductions for preservice, intra-service, and post-service work were determined and calculated;

“(IV) other data used to determine a reduction; and

“(V) a demonstration that the Secretary has consulted with practicing radiologists to gain knowledge of how radiologists interpret studies of multiple body parts on the same individual on the same day.”.

(B) CONFORMING AMENDMENT.—Section 220(i) of the Protecting Access to Medicare Act of 2014 (42 U.S.C. 1395w–4 note) is repealed.

(b) PAYMENT INCENTIVE FOR TRANSITION UNDER HOSPITAL OUTPATIENT PROSPECTIVE PAYMENT SYSTEM.—Section 1833(t)(16) of the Social Security Act (42 U.S.C. 1395(t)(16)) is amended by adding at the end the following new subparagraph:
“(F) Payment incentive for the transition from traditional X-ray imaging to digital radiography.—Notwithstanding the previous provisions of this subsection:

“(i) Limitation on payment for film X-ray imaging services.—In the case of an imaging service that is an X-ray taken using film and that is furnished during 2017 or a subsequent year, the payment amount for such service (including the X-ray component of a packaged service) that would otherwise be determined under this section (without application of this paragraph and before application of any other adjustment under this subsection) for such year shall be reduced by 20 percent.

“(ii) Phased-in limitation on payment for computed radiography imaging services.—In the case of an imaging service that is an X-ray taken using computed radiography technology (as defined in section 1848(b)(9)(C))—

“(I) in the case of such a service furnished during 2018, 2019, 2020,
2021, or 2022, the payment amount for such service (including the X-ray component of a packaged service) that would otherwise be determined under this section (without application of this paragraph and before application of any other adjustment under this subsection) for such year shall be reduced by 7 percent; and

“(II) in the case of such a service furnished during 2023 or a subsequent year, the payment amount for such service (including the X-ray component of a packaged service) that would otherwise be determined under this section (without application of this paragraph and before application of any other adjustment under this subsection) for such year shall be reduced by 10 percent.

“(iii) APPLICATION WITHOUT REGARD TO BUDGET NEUTRALITY.—The reductions made under this paragraph—
“(I) shall not be considered an adjustment under paragraph (2)(E); and

“(II) shall not be implemented in a budget neutral manner.

“(iv) Implementation.—In order to implement this subparagraph, the Secretary shall adopt appropriate mechanisms which may include use of modifiers.”.

SEC. 4004. TREATMENT OF INFUSION DRUGS FURNISHED THROUGH DURABLE MEDICAL EQUIPMENT.

Section 1842(o)(1) of the Social Security Act (42 U.S.C. 1395u(o)(1)) is amended—

(1) in subparagraph (C), by inserting “(and including a drug or biological described in subparagraph (D)(i) furnished on or after January 1, 2017)” after “2005”; and

(2) in subparagraph (D)—

(A) by striking “infusion drugs” and inserting “infusion drugs or biologicals” each place it appears; and

(B) in clause (i)—

(i) by striking “2004” and inserting “2004, and before January 1, 2017”; and

(ii) by striking “for such drug”.

HR 6 RFS
SEC. 4005. EXTENSION AND EXPANSION OF PRIOR AUTHORIZATION FOR POWER MOBILITY DEVICES (PMDS) AND ACCESSORIES AND PRIOR AUTHORIZATION AUDIT LIMITATIONS.

Section 1834(a) of the Social Security Act (42 U.S.C. 1395m(a)) is amended—

(1) in paragraph (15), by adding at the end the following new subparagraph:

“(D) LIMITATION ON AUDITS AFTER ADVANCE DETERMINATION.—A claim for an item that has received a provisional affirmation under an advance determination under this paragraph or a prior authorization under paragraph (23) shall not be subject to review under section 1893(h) but may be subject to audits for potential fraud, inappropriate utilization, changes in billing patterns, or information that could not have been considered during the advance determination (such as proof of item delivery).”; and

(2) by adding at the end the following new paragraph:

“(23) PRIOR AUTHORIZATION FOR POWER MOBILITY DEVICES (PMDS) AND ACCESSORIES.—Not later than 90 days after the date of the enactment of this paragraph, the Secretary shall, using funds
provided under paragraph (2) of section 402(a) of
the Social Security Amendments of 1967 and other
funds available to the Secretary—

“(A) extend at least through August 31,
2018, the PMD Prior Authorization Dem-
onstration (being conducted under paragraph
(1)(J) of such section);

“(B) begin to expand, as appropriate, such
demonstration to include additional power mo-
bility devices and accessories as part of initial
claims for payment under this part for such de-
vices; and

“(C) begin to expand such demonstration
to such additional States or geographic areas as
may be appropriate.”.

SEC. 4006. CIVIL MONETARY PENALTIES FOR VIOLATIONS
RELATED TO GRANTS, CONTRACTS, AND
OTHER AGREEMENTS.

(a) IN GENERAL.—Section 1128A of the Social Secu-
rit y Act (42 U.S.C. 1320a–7a) is amended by adding at
the end the following new subsection:

“(o) Any person (including an organization, agency,
or other entity, but excluding a program beneficiary, as
defined in subsection (r)(4)) that, with respect to a grant,
contract, or other agreement for which the Secretary of Health and Human Services provides funding—

“(1) knowingly presents or causes to be presented a specified claim (as defined in subsection (r)(6)) under such grant, contract, or other agreement that the person knows or should know is false or fraudulent;

“(2) knowingly makes, uses, or causes to be made or used any false statement, omission, or misrepresentation of a material fact in any application, proposal, bid, progress report, or other document that is required to be submitted in order to directly or indirectly receive or retain funds provided in whole or in part by such Secretary pursuant to such grant, contract, or other agreement;

“(3) knowingly makes, uses, or causes to be made or used, a false record or statement material to a false or fraudulent specified claim under such grant, contract, or other agreement;

“(4) knowingly makes, uses, or causes to be made or used, a false record or statement material to an obligation to pay or transmit funds or property to such Secretary with respect to such grant, contract, or other agreement, or knowingly conceals or knowingly and improperly avoids or decreases an ob-
ligation to pay or transmit funds or property to such Secretary with respect to such grant, contract, or other agreement; or

“(5) fails to grant timely access, upon reasonable request (as defined by such Secretary in regulations), to the Inspector General of the Department, for the purpose of audits, investigations, evaluations, or other statutory functions of such Inspector General in matters involving such grants, contracts, or other agreements;

shall be subject, in addition to any other penalties that may be prescribed by law, to a civil money penalty in cases under paragraph (1), of not more than $10,000 for each specified claim; in cases under paragraph (2), not more than $50,000 for each false statement, omission, or misrepresentation of a material fact; in cases under paragraph (3), not more than $50,000 for each false record or statement; in cases under paragraph (4), not more than $50,000 for each false record or statement or $10,000 for each day that the person knowingly conceals or knowingly and improperly avoids or decreases an obligation to pay; or in cases under paragraph (5), not more than $15,000 for each day of the failure described in such paragraph. In addition, in cases under paragraphs (1) and (3), such a person shall be subject to an assessment of not more
than 3 times the amount claimed in the specified claim
described in such paragraph in lieu of damages sustained
by the United States or a specified State agency because
of such specified claim, and in cases under paragraphs (2)
and (4), such a person shall be subject to an assessment
of not more than 3 times the total amount of the funds
described in paragraph (2) or (4), respectively (or, in the
case of an obligation to transmit property to the Secretary
Health and Human Services described in paragraph (4),
of the value of the property described in such paragraph)
in lieu of damages sustained by the United States or a
specified State agency because of such case. In addition,
the Secretary of Health and Human Services may make
a determination in the same proceeding to exclude the per-
son from participation in the Federal health care pro-
grams (as defined in section 1128B(f)(1)) and to direct
the appropriate State agency to exclude the person from
participation in any State health care program.

“(p) The provisions of subsections (c), (d), and (g)
shall apply to a civil money penalty or assessment under
subsection (o) in the same manner as such provisions
apply to a penalty, assessment, or proceeding under sub-
section (a).

“(q) With respect to a penalty or assessment under
subsection (o), the Inspector General of the Department
is authorized to receive, and to retain for current use, such
amounts of such penalty or assessment as are necessary
to provide reimbursement for the costs of conducting in-
vestigations and audits with respect to such subsection
and for monitoring compliance plans with respect to such
subsection when such penalty or assessment is ordered by
a court, voluntarily agreed to by the payor, or otherwise.
Funds received by such Inspector General as reimburse-
ment under the preceding sentence shall be deposited to
the credit of the appropriations from which initially paid,
or to appropriations for similar purposes currently avail-
able at the time of deposit, and shall remain available for
obligation for 1 year from the date of the deposit of such
funds.

“(r) For purposes of this subsection and subsections
(o), (p), and (q):

“(1) The term ‘Department’ means the Depart-
ment of Health and Human Services.

“(2) The term ‘material’ means having a nat-
ural tendency to influence, or be capable of influ-
encing, the payment or receipt of money or property.

“(3) The term ‘other agreement’ includes a co-
operative agreement, scholarship, fellowship, loan,
subsidy, payment for a specified use, donation agree-
ment, award, or sub-award (regardless of whether
one or more of the persons entering into the agreement is a contractor or sub-contractor).

“(4) The term ‘program beneficiary’ means, in the case of a grant, contract, or other agreement designed to accomplish the objective of awarding or otherwise furnishing benefits or assistance to individuals and for which the Secretary of Health and Human Services provides funding, an individual who applies for, or who receives, such benefits or assistance from such grant, contract, or other agreement. Such term does not include, with respect to such grant, contract, or other agreement, an officer, employee, or agent of a person or entity that receives such grant or that enters into such contract or other agreement.

“(5) The term ‘recipient’ includes a sub-recipient or subcontractor.

“(6) The term ‘specified claim’ means any application, request, or demand under a grant, contract, or other agreement for money or property, whether or not the United States or a specified State agency has title to the money or property, that is not a claim (as defined in subsection (i)(2)) and that—
“(A) is presented or caused to be presented to an officer, employee, or agent of the Department or agency thereof, or of any specified State agency; or

“(B) is made to a contractor, grantee, or any other recipient if the money or property is to be spent or used on the Department’s behalf or to advance a Department program or interest, and if the Department—

“(i) provides or has provided any portion of the money or property requested or demanded; or

“(ii) will reimburse such contractor, grantee or other recipient for any portion of the money or property which is requested or demanded.

“(7) The term ‘specified State agency’ means an agency of a State government established or designated to administer or supervise the administration of a grant, contract, or other agreement funded in whole or in part by the Secretary of Health and Human Services.

“(s) For purposes of subsection (o), the term ‘obligation’ means an established duty, whether or not fixed, arising from an express or implied contractual, grantor-grant-
ee, or licensor-licensee relationship, for a fee-based or similar relationship, from statute or regulation, or from the retention of any overpayment.”.

(b) CONFORMING AMENDMENTS.—Section 1128A of the Social Security Act (42 U.S.C. 1320a–7a) is amended—

(1) in subsection (d)—

(A) in paragraph (1), by inserting “or specified claims” after “claims”; and

(B) in paragraph (2), by inserting “or specified claims” after “claims”;

(2) in subsection (e), by inserting “or specified claim” after “claim”; and

(3) in subsection (f)—

(A) by inserting “or specified claim (as defined in subsection (r)(6))” after “district where the claim”;

(B) by inserting “(or, with respect to a person described in subsection (o), the person)” after “claimant”;

(C) by inserting “that are not received by the Inspector General of the Department of Health and Human Services under subsection (q) as reimbursement” after “amounts recovered”; and
(D) by inserting “(or, in the case of a penalty or assessment under subsection (o), by a specified State agency (as defined in subsection (r)(7))” after “or a State agency”.

Subtitle B—Other Reforms

SEC. 4041. SPR DRAWDOWN.

(a) DRAWDOWN AND SALE.—Notwithstanding section 161 of the Energy Policy and Conservation Act (42 U.S.C. 6241), except as provided in subsection (b) the Secretary of Energy shall draw down and sell—

(1) 4 million barrels of crude oil from the Strategic Petroleum Reserve during fiscal year 2018;

(2) 5 million barrels of crude oil from the Strategic Petroleum Reserve during fiscal year 2019;

(3) 8 million barrels of crude oil from the Strategic Petroleum Reserve during fiscal year 2020;

(4) 8 million barrels of crude oil from the Strategic Petroleum Reserve during fiscal year 2021;

(5) 10 million barrels of crude oil from the Strategic Petroleum Reserve during fiscal year 2022;

(6) 15 million barrels of crude oil from the Strategic Petroleum Reserve during fiscal year 2023;
(7) 15 million barrels of crude oil from the Strategic Petroleum Reserve during fiscal year 2024; and

(8) 15 million barrels of crude oil from the Strategic Petroleum Reserve during fiscal year 2025.

Amounts received for a sale under this subsection shall be deposited in the General Fund of the Treasury during the fiscal year in which the sale occurs.

(b) EMERGENCY PROTECTION.—The Secretary shall not draw down and sell crude oil under this section in amounts that would result in a Strategic Petroleum Reserve that contains an inventory of petroleum products representing less than 90 days of emergency reserves, based on the average daily level of net imports of crude oil and petroleum products in the previous calendar year.

(c) PROCEEDS.—Proceeds from a sale under this section shall be deposited into the general fund of the Treasury of the United States.

Subtitle C—Miscellaneous

SEC. 4061. LYME DISEASE AND OTHER TICK-BORNE DISEASES.

(a) IN GENERAL.—Title III of the Public Health Service Act (42 U.S.C. 241 et seq.) is amended by adding at the end the following new part:
“PART W—LYME DISEASE AND OTHER TICK-BORNE DISEASES

“SEC. 399OO. RESEARCH.

“(a) IN GENERAL.—The Secretary shall conduct or support epidemiological, basic, translational, and clinical research regarding Lyme disease and other tick-borne diseases.

“(b) BIENNIAL REPORTS.—The Secretary shall ensure that each biennial report under section 403 includes information on actions undertaken by the National Institutes of Health to carry out subsection (a) with respect to Lyme disease and other tick-borne diseases, including an assessment of the progress made in improving the outcomes of Lyme disease and such other tick-borne diseases.

“SEC. 399OO–1. WORKING GROUP.

“(a) ESTABLISHMENT.—The Secretary shall establish a permanent working group, to be known as the Inter-agency Lyme and Tick-Borne Disease Working Group (in this section and section 399OO–2 referred to as the ‘Working Group’), to review all efforts within the Department of Health and Human Services concerning Lyme disease and other tick-borne diseases to ensure interagency coordination, minimize overlap, and examine research priorities.

“(b) RESPONSIBILITIES.—The Working Group shall—
“(1) not later than 24 months after the date of enactment of this part, and every 24 months thereafter, develop or update a summary of—

“(A) ongoing Lyme disease and other tick-borne disease research related to causes, prevention, treatment, surveillance, diagnosis, diagnostics, duration of illness, intervention, and access to services and supports for individuals with Lyme disease or other tick-borne diseases;

“(B) advances made pursuant to such research;

“(C) the engagement of the Department of Health and Human Services with persons that participate at the public meetings required by paragraph (5); and

“(D) the comments received by the Working Group at such public meetings and the Secretary’s response to such comments;

“(2) ensure that a broad spectrum of scientific viewpoints is represented in each such summary;

“(3) monitor Federal activities with respect to Lyme disease and other tick-borne diseases;
“(4) make recommendations to the Secretary regarding any appropriate changes to such activities; and

“(5) ensure public input by holding annual public meetings that address scientific advances, research questions, surveillance activities, and emerging strains in species of pathogenic organisms.

“(c) Membership.—

“(1) In general.—The Working Group shall be composed of a total of 14 members as follows:

“(A) Federal members.—Seven Federal members, consisting of one or more representatives of each of—

“(i) the Office of the Assistant Secretary for Health;

“(ii) the Food and Drug Administration;

“(iii) the Centers for Disease Control and Prevention;

“(iv) the National Institutes of Health; and

“(v) such other agencies and offices of the Department of Health and Human Services as the Secretary determines appropriate.
“(B) NON-FEDERAL PUBLIC MEMBERS.—

Seven non-Federal public members, consisting of representatives of the following categories:

“(i) Physicians and other medical providers with experience in diagnosing and treating Lyme disease and other tick-borne diseases.

“(ii) Scientists or researchers with expertise.

“(iii) Patients and their family members.

“(iv) Nonprofit organizations that advocate for patients with respect to Lyme disease and other tick-borne diseases.

“(v) Other individuals whose expertise is determined by the Secretary to be beneficial to the functioning of the Working Group.

“(2) APPOINTMENT.—The members of the Working Group shall be appointed by the Secretary, except that of the non-Federal public members under paragraph (1)(B)—

“(A) one shall be appointed by the Speaker of the House of Representatives; and
“(B) one shall be appointed by the majority leader of the Senate.

“(3) **Diversity of scientific perspectives.**—In making appointments under paragraph (2), the Secretary, the Speaker of the House of Representatives, and the majority leader of the Senate shall ensure that the non-Federal public members of the Working Group represent a diversity of scientific perspectives.

“(4) **Terms.**—The non-Federal public members of the Working Group shall each be appointed to serve a 4-year term and may be reappointed at the end of such term.

“(d) **Meetings.**—The Working Group shall meet as often as necessary, as determined by the Secretary, but not less than twice each year.

“(e) **Applicability of FACA.**—The Working Group shall be treated as an advisory committee subject to the Federal Advisory Committee Act.

“(f) **Reporting.**—Not later than 24 months after the date of enactment of this part, and every 24 months thereafter, the Working Group—

“(1) shall submit a report on its activities, including an up-to-date summary under subsection (b)(1) and any recommendations under subsection
(b)(4), to the Secretary, the Committee on Energy and Commerce of the House of Representatives, and the Committee on Health, Education, Labor, and Pensions of the Senate;

“(2) shall make each such report publicly available on the website of the Department of Health and Human Services; and

“(3) shall allow any member of the Working Group to include in any such report minority views.

“SEC. 399OO–2. STRATEGIC PLAN.

“Not later than 3 years after the date of enactment of this section, and every 5 years thereafter, the Secretary shall submit to the Congress a strategic plan, informed by the most recent summary under section 399OO–1(b)(1), for the conduct and support of Lyme disease and tick-borne disease research, including—

“(1) proposed budgetary requirements;

“(2) a plan for improving outcomes of Lyme disease and other tick-borne diseases, including progress related to chronic or persistent symptoms and chronic or persistent infection and co-infections;

“(3) a plan for improving diagnosis, treatment, and prevention;
“(4) appropriate benchmarks to measure progress on achieving the improvements described in paragraphs (2) and (3); and

“(5) a plan to disseminate each summary under section 399OO–1(b)(1) and other relevant information developed by the Working Group to the public, including health care providers, public health departments, and other relevant medical groups.”.

(b) No Additional Authorization of Appropriations.—No additional funds are authorized to be appropriated for the purpose of carrying out this section and the amendment made by this section, and this section and such amendment shall be carried out using amounts otherwise available for such purpose.

SEC. 4062. OUTREACH TO HISTORICALLY BLACK COLLEGES AND UNIVERSITIES.

The Secretary of Health and Human Services shall conduct outreach to historically Black colleges and universities, Hispanic-serving institutions, Native American colleges, and rural colleges to ensure that health
professionals from underrepresented populations are aware of research opportunities under this Act.

Passed the House of Representatives July 10, 2015.

Attest: KAREN L. HAAS,

Clerk.
