with local educational agencies in the State, the
State educational agency determines that the amount of funds reserved to carry out this subsection for a fiscal year is greater than the amount needed to provide the assistance described in this subsection, the State educational agency shall allocate the excess amount to local educational agencies in accordance with—

“(A) the relative allocations the State educational agency made to those agencies for that fiscal year under subpart 2 of part A; or

“(B) section 1126(c).

opportunity to revise and submit with technical assistance under paragraph (4), and—

“(A) the State does not revise and resubmit its plan; or

“(B) the State revises and resubmits a plan that the Secretary determines does not meet the requirements of this part after a hearing conducted under paragraph (4)(F), if applicable.

A State shall not be required to
submit such challenging State academic standards to the Secretary.

“(B) SAME STANDARDS.—Except as provided in subparagraph (E), the standards required by subparagraph (A) shall be the same standards that the State applies to all public schools and public school students in the State.

“(C) SUBJECTS.—The State shall have such standards in mathematics, reading or language arts, and science, and any other subjects as determined by the State, which shall include the same knowledge, skills, and levels of achievement expected of all public school students in the State.

“(D) ALIGNMENT.—Each State shall demonstrate that the challenging State academic standards are aligned with—

“(i) entrance requirements, without the need for academic remediation, for the system of public higher education in the State;

“(ii) relevant State career and technical education standards; and

“(iii) relevant State early learning guidelines, as required under section
658E(c)(2)(T) of the Child Care and Development Block Grant Act of 1990 (42 U.S.C. 9858e(c)(2)(T)).

"(E) ALTERNATE ACADEMIC ACHIEVEMENT STANDARDS FOR STUDENTS WITH THE MOST SIGNIFICANT COGNITIVE DISABILITIES.—

"(i) IN GENERAL.—The State may, through a documented and validated standards-setting process, adopt alternate academic achievement standards for students with the most significant cognitive disabilities, provided those standards—

"(II) promote access to the general curriculum, consistent with the purposes of the Individuals with Disabilities Education Act, as stated in section 601(d) of such Act;

"(III) reflect professional judgment of the highest achievement standards attainable by those students;
“(IV) are designated in the individualized education program developed under section 614(d)(3) of the Individuals with Disabilities Education Act for each such student as the academic achievement standards that will be used for the student; and

“(G) Prohibitions.—

“(i) Standards review or approval.—A State shall not be required to submit any standards developed under this subsection to the Secretary for review or approval.

“(ii) Federal control.—The Secretary shall not have the authority to man-

consistent with this section, any standard
adopted under this part before or after the date
of enactment of the Every Child Achieves Act
of 2015.

"(2) ACADEMIC ASSESSMENTS.—

"(A) IN GENERAL.—Each State plan shall
demonstrate that the State educational agency,
in consultation with local educational agencies,
has implemented a set of high-quality statewide
academic assessments that—

"(i) includes, at a minimum, academic
statewide assessments in mathematics,
reading or language arts, and science; and

"(ii) meets the requirements of sub-
paragraph (B).

"(B) REQUIREMENTS.—The assessments
under subparagraph (A) shall—

"(i) except as provided in subpara-
graph (D), be—
“(I) the same academic assessments used to measure the achievement of all public elementary school and secondary school students in the State; and

“(II) administered to all public elementary school and secondary school students in the State;

“(ii) be aligned with the challenging State academic standards, and provide coherent and timely information about student attainment of such standards and whether the student is performing at the student’s grade level;

“(iii) be used for purposes for which such assessments are valid and reliable, consistent with relevant, nationally recognized professional and technical testing standards, objectively measure academic achievement, knowledge, and skills, and be tests that do not evaluate or assess personal or family beliefs and attitudes, or publicly disclose personally identifiable information;
“(iv) be of adequate technical quality for each purpose required under this Act and consistent with the requirements of this section, the evidence of which is made public, including on the website of the State educational agency;

“(v)(I) measure the annual academic achievement of all students against the challenging State academic standards in, at a minimum, mathematics and reading or language arts, and be administered—

“(aa) in each of grades 3 through 8; and

“(bb) at least once in grades 9 through 12; and

“(II) measure the academic achievement of all students against the challenging State academic standards in science, and be administered not less than one time, during—

“(aa) grades 3 through 5;

“(bb) grades 6 through 9; and

“(ee) grades 10 through 12;

“(vi) involve multiple up-to-date measures of student academic achievement, in-
cluding measures that assess higher-order thinking skills and understanding, which may include measures of student academic growth and may be partially delivered in the form of portfolios, projects, or extended performance tasks;

“(vii) provide for—

“(I) the participation in such assessments of all students;

“(II) the appropriate accommodations, such as interoperability with and ability to use assistive technology, for children with disabilities, as defined in section 602(3) of the Individuals with Disabilities Education Act, and students with a disability who are provided accommodations under an Act other than the Individuals with Disabilities Education Act, necessary to measure the academic achievement of such children relative to the challenging State academic standards; and

“(III) the inclusion of English learners, who shall be assessed in a
valid and reliable manner and pro-
vided appropriate accommodations on
assessments administered to such stu-
dents under this paragraph, including,
to the extent practicable, assessments
in the language and form most likely
to yield accurate data on what such
students know and can do in academic
content areas, until such students
have achieved English language pro-
ficiency, as determined under para-
graph (1)(F);
“(viii) at the State’s choosing—
“(I) be administered through a
single summative assessment; or
“(II) be administered through
multiple statewide assessments during
the course of the year if the State can
demonstrate that the results of these
multiple assessments, taken in their
totality, provide a summative score
that provides valid and reliable infor-
mation on individual student achieve-
ment or growth;
“(ix) notwithstanding clause (vii)(III),
provide for assessments (using tests in
English) of reading or language arts of
any student who has attended school in the
United States (not including the Common-
wealth of Puerto Rico) for 3 or more con-
secutive school years, except that if the
local educational agency determines, on a
case-by-case individual basis, that aca-
demic assessments in another language or
form would likely yield more accurate and
reliable information on what such student
knows and can do, the local educational
agency may make a determination to as-
sess such student in the appropriate lan-
guage other than English for a period that
does not exceed 2 additional consecutive
years, provided that such student has not
yet reached a level of English language
proficiency sufficient to yield valid and reli-
able information on what such student
knows and can do on tests (written in
English) of reading or language arts;

“(x) produce individual student inter-
pretive, descriptive, and diagnostic reports,
consistent with clause (iii), that allow par-
ents, teachers, principals, and other school
leaders to understand and address the spe-
cific academic needs of students, and in-
clude information regarding achievement
on academic assessments aligned with chal-
lenging State academic achievement stand-
ards, and that are provided to parents,
teachers, principals, and other school lead-
ers as soon as is practicable after the as-
essment is given, in an understandable
and uniform format, and, to the extent
practicable, in a language that the parents
can understand;

“(xi) enable results to be
disaggregated within each State, local edu-
cational agency, and school, by—

“(I) each major racial and ethnic
group;

“(II) economically disadvantaged
students as compared to students who
are not economically disadvantaged;

“(III) children with disabilities as
compared to children without disabil-
ities;
“(IV) English proficiency status;
“(V) gender; and
“(VI) migrant status;
“(xii) enable itemized score analyses to be produced and reported, consistent with clause (iii), to local educational agencies and schools, so that parents, teachers, principals, other school leaders, and administrators can interpret and address the specific academic needs of students as indicated by the students’ achievement on assessment items; and
“(xiii) be developed, to the extent practicable, using the principles of universal design for learning.

“(C) Exception to Disaggregation.— Notwithstanding subparagraph (B)(xi), the disaggregated results of assessments shall not be required in the case of a local educational agency or school if—
“(i) the number of students in a category described under subparagraph (B)(xi) is insufficient to yield statistically reliable information; or
“(ii) the results would reveal personally identifiable information about an individual student.

“(D) Alternate assessments for students with the most significant cognitive disabilities.—

“(i) Alternate assessments aligned with alternate academic achievement standards.—A State may provide for alternate assessments aligned with the challenging State academic content standards and alternate academic achievement standards described in paragraph (1)(E) for students with the most significant cognitive disabilities, if the State—

“(I) ensures that for each subject, the total number of students assessed in such subject using the alternate assessments does not exceed 1 percent of the total number of all students in the State who are assessed in such subject;

“(II) establishes and monitors implementation of clear and appro-
appropriate guidelines for individualized education program teams (as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act) to apply in determining, individually for each subject, when a child’s significant cognitive disability justifies assessment based on alternate academic achievement standards;

“(III) ensures that, consistent with the requirements of the Individuals with Disabilities Education Act, parents are involved in the decision to use the alternate assessment for their child;

“(IV) ensures that, consistent with the requirements of the Individuals with Disabilities Education Act, students with the most significant cognitive disabilities are involved in and make progress in the general education curriculum;

“(V) describes in the State plan the appropriate accommodations pro-
vided to ensure access to the alternate assessment;

“(VI) describes in the State plan the steps the State has taken to incorporate universal design for learning, to the extent feasible, in alternate assessments;

“(VII) ensures that general and special education teachers and other appropriate staff know how to administer assessments, including making appropriate use of accommodations, to children with disabilities;

“(VIII) develops, disseminates information on, and promotes the use of appropriate accommodations to increase the number of students with significant cognitive disabilities participating in academic instruction and assessments and increase the number of students with significant cognitive disabilities who are tested against challenging State academic achievement standards; and
“(IX) ensures that students who

take alternate assessments based on

alternate academic achievement stand-

ards are not precluded from attempt-

ing to complete the requirements for a

regular high school diploma.

“(ii) Students with the most sig-

nificant cognitive disabilities.—In
determining the achievement of students in
the State accountability system, a State
educational agency shall include, for all
schools in the State, the performance of
the State’s students with the most signifi-
cant cognitive disabilities on alternate as-
sessments as described in this subpara-
graph in the subjects included in the
State’s accountability system, consistent
with the 1 percent limitation of clause
(i)(I).

“(E) State authority.—If a State edu-
cational agency provides evidence, which is sat-
isfactory to the Secretary, that neither the
State educational agency nor any other State
government official, agency, or entity has suffi-
cient authority, under State law, to adopt chal-

† S 1177 ES
lenging State academic standards, and academic assessments aligned with such standards, which will be applicable to all students enrolled in the State’s public elementary schools and secondary schools, then the State educational agency may meet the requirements of this subsection by—

“(i) adopting academic standards and academic assessments that meet the requirements of this subsection, on a statewide basis, and limiting their applicability to students served under this part; or

“(ii) adopting and implementing policies that ensure that each local educational agency in the State that receives grants under this part will adopt academic content and student academic achievement standards, and academic assessments aligned with such standards, which—

“(I) meet all of the criteria in this subsection and any regulations regarding such standards and assessments that the Secretary may publish; and
“(II) are applicable to all students served by each such local educational agency.

“(F) LANGUAGE ASSESSMENTS.—Each State plan shall identify the languages other than English that are present to a significant extent in the participating student population of the State and indicate the languages for which annual student academic assessments are not available and are needed, and such State shall make every effort to develop such assessments as necessary.

“(G) ASSESSMENTS OF ENGLISH LANGUAGE PROFICIENCY.—Each State plan shall demonstrate that local educational agencies in the State will provide for an annual assessment of English proficiency, which is valid, reliable, and consistent with relevant nationally recognized professional and technical testing standards measuring students’ speaking, listening, reading, and writing skills in English, of all children who are English learners in the schools served by the State educational agency.

“(H) DEFERRAL.—A State may defer the commencement, or suspend the administration,
but not cease the development, of the assessments described in this paragraph, for 1 year for each year for which the amount appropriated for grants under part B is less than $369,100,000.

“(I) Rule of construction regarding use of assessments for student promotion or graduation.—Nothing in this paragraph shall be construed to prescribe or prohibit the use of the academic assessments described in this part for student promotion or graduation purposes.

“(J) Rule of construction regarding assessments.—

“(i) In general.—Except as provided in clause (ii), nothing in this paragraph shall be construed to prohibit a State from developing and administering computer adaptive assessments as the assessments described in this paragraph, as long as the computer adaptive assessments—

“(I) meet the requirements of this paragraph; and
“(II) assess the student’s academic achievement in order to measure, in the subject being assessed, whether the student is performing above or below the student’s grade level.

“(ii) Applicability to Alternate Assessments for Students with the Most Significant Cognitive Disabilities.—In developing and administering computer adaptive assessments as the assessments allowed under subparagraph (D), a State shall ensure that such computer adaptive assessments—

“(I) meet the requirements of this paragraph, including subparagraph (D), except such assessments shall not be required to meet the requirements of clause (i)(II); and

“(II) assess the student’s academic achievement in order to measure, in the subject being assessed, whether the student is performing at the student’s grade level.
“(K) RULE OF CONSTRUCTION ON PARENT AND GUARDIAN RIGHTS.—Nothing in this part shall be construed as preempting a State or local law regarding the decision of a parent or guardian to not have the parent or guardian’s child participate in the statewide academic assessments under this paragraph.

“(L) LIMITATION ON ASSESSMENT TIME.—

“(i) IN GENERAL.—As a condition of receiving an allocation under this part for any fiscal year, each State shall—

“(I) set a limit on the aggregate amount of time devoted to the administration of assessments (including assessments adopted pursuant to this subsection, other assessments required by the State, and assessments required districtwide by the local educational agency) for each grade, expressed as a percentage of annual instructional hours; and

“(II) ensure that each local educational agency in the State will notify the parents of each student attending any school in the local educational agency in the State of the total amount of time devoted to assessments (including assessments adopted pursuant to this subsection, other assessments required by the State, and assessments required districtwide by the local educational agency) for each grade, expressed as a percentage of annual instructional hours; and

“(J) Limitation on assessment time.
agency, on an annual basis, whenever the limitation described in subclause (I) is exceeded.

“(ii) Children with disabilities and English learners.—Nothing in clause (i) shall be construed to supersede the requirements of Federal law relating to assessments that apply specifically to children with disabilities or English learners.

“(3) State accountability system.—

“(A) Category of students.—In this paragraph, the term ‘category of students’ means—

“(i) economically disadvantaged students;

“(ii) students from major racial and ethnic groups;

“(iii) children with disabilities; and

“(iv) English learner students.

“(B) Description of system.—Each State plan shall describe a single, statewide State accountability system that will be based on the challenging State academic standards adopted by the State in mathematics and reading or language arts under paragraph (1)(C) to
ensure that all students graduate from high school prepared for postsecondary education or the workforce without the need for postsecondary remediation and at a minimum complies with the following:

“(i) Establishes measurable State-designed goals for all students and each of the categories of students in the State that take into account the progress necessary for all students and each of the categories of students to graduate from high school prepared for postsecondary education or the workforce without the need for postsecondary remediation, for, at a minimum each of the following:

“(I) Academic achievement, which may include student growth, on the State assessments under paragraph (2)(B)(v)(I).

“(II) High school graduation rates, including—

“(aa) the 4-year adjusted cohort graduation rate; and

SEC. 10205. POSTHUMOUS PARDON.

(a) FINDINGS.—Congress finds the following:

(1) John Arthur “Jack” Johnson was a flam-
boyant, defiant, and controversial figure in the his-
tory of the United States who challenged racial bi-
as.

(2) Jack Johnson was born in Galveston,
Texas, in 1878 to parents who were former slaves.
(3) Jack Johnson became a professional boxer and traveled throughout the United States, fighting White and African-American heavyweights.

(4) After being denied (on purely racial grounds) the opportunity to fight 2 White champions, in 1908, Jack Johnson was granted an opportunity by an Australian promoter to fight the reigning White title-holder, Tommy Burns.

(5) Jack Johnson defeated Tommy Burns to become the first African-American to hold the title of Heavyweight Champion of the World.

(6) The victory by Jack Johnson over Tommy Burns prompted a search for a White boxer who could beat Jack Johnson, a recruitment effort that was dubbed the search for the “great white hope”.

(7) In 1910, a White former champion named Jim Jeffries left retirement to fight Jack Johnson in Reno, Nevada.

(8) Jim Jeffries lost to Jack Johnson in what was deemed the “Battle of the Century”.

(10) The relationships of Jack Johnson with White women compounded the resentment felt toward him by many Whites.

(11) Between 1901 and 1910, 754 African-Americans were lynched, some simply for being “too familiar” with White women.

(12) In 1910, Congress passed the Act of June 25, 1910 (commonly known as the “White Slave Traffic Act” or the “Mann Act”) (18 U.S.C. 2421 et seq.), which outlawed the transportation of women in interstate or foreign commerce “for the purpose of prostitution or debauchery, or for any other immoral purpose”.

(13) In October 1912, Jack Johnson became involved with a White woman whose mother disapproved of their relationship and sought action from the Department of Justice, claiming that Jack Johnson had abducted her daughter.

(14) Jack Johnson was arrested by Federal marshals on October 18, 1912, for transporting the woman across State lines for an “immoral purpose” in violation of the Mann Act.

(15) The Mann Act charges against Jack Johnson were dropped when the woman refused to co-
operate with Federal authorities, and then married Jack Johnson.

(16) Federal authorities persisted and summoned a White woman named Belle Schreiber, who testified that Jack Johnson had transported her across States lines for the purpose of “prostitution and debauchery”.

(17) In 1913, Jack Johnson was convicted of violating the Mann Act and sentenced to 1 year and 1 day in Federal prison.

(18) Jack Johnson fled the United States to Canada and various European and South American countries.

(19) Jack Johnson lost the Heavyweight Championship title to Jess Willard in Cuba in 1915.

(20) Jack Johnson returned to the United States in July 1920, surrendered to authorities, and served nearly a year in the Federal penitentiary at Leavenworth, Kansas.

(21) Jack Johnson subsequently fought in boxing matches, but never regained the Heavyweight Championship title.

(22) Jack Johnson served the United States during World War II by encouraging citizens to buy
war bonds and participating in exhibition boxing matches to promote the war bond cause.

(23) Jack Johnson died in an automobile accident in 1946.

(24) In 1954, Jack Johnson was inducted into the Boxing Hall of Fame.

(25) Senate Concurrent Resolution 29, 111th Congress, agreed to July 29, 2009, expressed the sense of the 111th Congress that Jack Johnson should receive a posthumous pardon for his racially-motivated 1913 conviction.

(b) RECOMMENDATIONS.—It remains the sense of Congress that Jack Johnson should receive a posthumous pardon—

(1) to expunge a racially-motivated abuse of the prosecutorial authority of the Federal Government from the annals of criminal justice in the United States; and

(2) in recognition of the athletic and cultural contributions of Jack Johnson to society.

“(II) has improved student performance.

“(B) PERFORMANCE REVIEW.—

“(i) IN GENERAL.—Following the expiration of an approved educational flexibility program for a State that is designated an Ed-Flex Partnership State, the Secretary shall have not more than 180 days to complete a review of the performance of the State educational agency in granting waivers of Federal statutory or regulatory requirements as described in paragraph (1)(A) to determine if the State educational agency—

“(C) RENEWAL.—

“(i) IN GENERAL.—Each State edu-

State educational agency to determine if
the State educational agency—

“(I) has made progress toward
achieving the objectives described in
the State application submitted pursu-
ant to paragraph (3)(A)(iii); and

“(II) demonstrates in the request
that local educational agencies, edu-

achieving the desired results described
in the local application submitted pur-
suant to paragraph (4)(A)(iii).

“(D) TERMINATION.—

“(i) IN GENERAL.—The Secretary
shall terminate or temporarily suspend the
authority of a State educational agency to

or

“(II) after notice and an oppor-

with respect to meeting the objectives
described in paragraph (3)(A)(iii))
has been inadequate to justify con-
tinuation of such authority.

“(ii) LIMITED COMPLIANCE PERIOD.—
A State whose authority to grant such
waivers has been terminated shall have not
more than 1 additional fiscal year to come
into compliance in order to seek renewal of
the authority to grant waivers under this
