“(i) establish a peer-review process to assist in the review of State plans;
“(ii) establish multidisciplinary peer review teams and appoint members of such teams that—

“(I) are representative of teachers, principals, other school leaders, specialized instructional support personnel, State educational agencies, local educational agencies, and individuals and researchers with practical experience in implementing academic standards, assessments, or accountability systems, and meeting the needs of disadvantaged students, children with disabilities, students who are English learners, the needs of low-performing schools, and other educational needs of students;

“(II) include a balanced representation of individuals who have practical experience in the classroom, school administration, or State or local government, such as direct employees of a school, local educational agency, or State educational agency within the preceding 5 years; and
“(III) represent a regionally diverse cross-section of States;

“(iii) make available to the public, including by such means as posting to the Department’s website, the list of peer reviewers who will review State plans under this section;

“(iv) ensure that the peer review teams are comprised of varied individuals so that the same peer reviewers are not reviewing all of the State plans; and

“(v) deem a State plan as approved within 90 days of its submission unless the Secretary presents substantial evidence that clearly demonstrates that such State plan does not meet the requirements of this section.

“(B) Purpose of peer review.—The peer-review process shall be designed to—

“(i) maximize collaboration with each State;

“(ii) promote effective implementation of the challenging State academic standards through State and local innovation; and
“(iii) provide publicly available, timely, and objective feedback to States designed to strengthen the technical and overall quality of the State plans.

“(C) STANDARD AND NATURE OF REVIEW.—Peer reviewers shall conduct an objective review of State plans in their totality and out of respect for State and local judgments, with the goal of supporting State- and local-led innovation and providing objective feedback on the technical and overall quality of a State plan.

“(D) RULE OF CONSTRUCTION.—Nothing in this paragraph shall be construed as prohibiting the Secretary from appointing an individual to serve as a peer reviewer on more than one peer review team under subparagraph (A) or to review more than one State plan.

“(4) STATE PLAN DETERMINATION, DEMONSTRATION, AND REVISION.—If the Secretary determines that a State plan does not meet the requirements of this subsection or subsection (b) or (c), the Secretary shall, prior to declining to approve the State plan—

“(A) immediately notify the State of such determination;
“(B) provide a detailed description of the specific requirements of this subsection or subsection (b) or (c) of the State plan that the Secretary determines fails to meet such requirements;

“(C) provide all peer review comments, suggestions, recommendations, or concerns in writing to the State;

“(D) offer the State an opportunity to revise and resubmit its plan within 60 days of such determination, including the chance for the State to present substantial evidence to clearly demonstrate that the State plan meets the requirements of this section;

“(E) provide technical assistance, upon request of the State, in order to assist the State to meet the requirements of this subsection or subsection (b) or (c); and

“(F) conduct a public hearing within 30 days of such resubmission, with public notice provided not less than 15 days before such hearing, unless the State declines the opportunity for such public hearing.

“(5) STATE PLAN DISAPPROVAL.—The Secretary shall have the authority to disapprove a State
plan if the State has been notified and offered an
opportunity to revise and submit with technical as-
sistance under paragraph (4), and—

“(A) the State does not revise and resub-
mit its plan; or

“(B) the State revises and resubmits a
plan that the Secretary determines does not
meet the requirements of this part after a hear-
ing conducted under paragraph (4)(F), if appli-
cable.

“(6) LIMITATIONS.—

“(A) IN GENERAL.—The Secretary shall
not have the authority to require a State, as a
condition of approval of the State plan or revi-

plan 1 or more specific elements of the
challenging State academic standards;

“(ii) use specific academic assessment
instruments or items;

“(v) include in, or delete from, such a plan any criterion that specifies, defines, or prescribes—

“(I) the standards or measures that States or local educational agencies use to establish, implement, or improve challenging State academic standards, including the content of, or achievement levels within, such standards;

“(II) the specific types of academic assessments or assessment items that States and local educational agencies use to meet the requirements of this part;

“(III) any requirement that States shall measure student growth, the specific metrics used to measure student academic growth if a State chooses to measure student growth, or
the specific indicators or methods to measure student readiness to enter postsecondary education or the workforce;

“(IV) any specific benchmarks, targets, goals, or metrics to measure nonacademic measures or indicators;

“(V) the specific weight or specific significance of any measure or indicator of student academic achievement within State-designed accountability systems;

“(ii) be periodically reviewed and re-
vised as necessary by the State educational
agency to reflect changes in the State’s
strategies and programs under this part.
“(B) ADDITIONAL INFORMATION.—
“(i) IN GENERAL.—If a State makes
significant changes to its plan at any time,
such as the adoption of new challenging
State academic standards, new academic
assessments, or changes to its account-
ability system under subsection (b)(3),
such information shall be submitted to the
Secretary in the form of revisions or
amendments to the State plan.
“(ii) REVIEW OF REVISED PLANS.—
The Secretary shall review the information
submitted under clause (i) and approve or
disapprove changes to the State plan with-
in 90 days in accordance with paragraphs
(4) through (6) without undertaking the
peer-review process under paragraph (3).
“(iii) SPECIAL RULE FOR STANDARDS.—If a State makes changes to its challenging State academic standards, the requirements of subsection (b)(1), including the requirement that such standards need not be submitted to the Secretary pursuant to subsection (b)(1)(A), shall still apply.

“(C) RENEWAL.—A State educational agency shall submit a revised plan every 7 years subject to the peer-review process under paragraph (3).

“(D) LIMITATION.—The Secretary shall not have the authority to place any new conditions, requirements, or criteria for approval of a plan submitted for renewal under subparagraph (C) that are not otherwise authorized under this part.

“(9) FAILURE TO MEET REQUIREMENTS.—If a State fails to meet any of the requirements of this section, then the Secretary may withhold funds for State administration under this part until the Secretary determines that the State has fulfilled those requirements.
“(b) Challenging State Academic Standards, Academic Assessments, and Accountability Systems.—

“(1) Challenging State Academic Standards.—

“(A) In general.—Each State shall provide an assurance that the State has adopted challenging academic content standards and aligned academic achievement standards (referred to in this Act as ‘challenging State academic standards’), which achievement standards shall include not less than 3 levels of achievement, that will be used by the State, its local educational agencies, and its schools to carry out this part. A State shall not be required to submit such challenging State academic standards to the Secretary.

“(B) Same Standards.—Except as provided in subparagraph (E), the standards required by subparagraph (A) shall be the same standards that the State applies to all public schools and public school students in the State.

“(C) Subjects.—The State shall have such standards in mathematics, reading or language arts, and science, and any other subjects
as determined by the State, which shall include
the same knowledge, skills, and levels of
achievement expected of all public school stu-
dents in the State.

“(D) ALIGNMENT.—Each State shall dem-
onstrate that the challenging State academic
standards are aligned with—

“(i) entrance requirements, without
the need for academic remediation, for the
system of public higher education in the
State;

“(ii) relevant State career and tech-
nical education standards; and

“(iii) relevant State early learning
guidelines, as required under section
658E(c)(2)(T) of the Child Care and De-
velopment Block Grant Act of 1990 (42
U.S.C. 9858c(e)(2)(T)).

“(E) ALTERNATE ACADEMIC ACHIEVE-
MENT STANDARDS FOR STUDENTS WITH THE
MOST SIGNIFICANT COGNITIVE DISABILITIES.—

“(i) IN GENERAL.—The State may,
through a documented and validated
standards-setting process, adopt alternate
academic achievement standards for stu-
students with the most significant cognitive disabilities, provided those standards—

“(I) are aligned with the challenging State academic content standards under subparagraph (A);

“(II) promote access to the general curriculum, consistent with the purposes of the Individuals with Disabilities Education Act, as stated in section 601(d) of such Act;

“(III) reflect professional judgment of the highest achievement standards attainable by those students;

“(IV) are designated in the individualized education program developed under section 614(d)(3) of the Individuals with Disabilities Education Act for each such student as the academic achievement standards that will be used for the student; and

“(V) are aligned to ensure that a student who meets the alternate academic achievement standards is on
track for further education or emplo-

"(ii) Prohibition on any other al-
ternate or modified academic
achievement standards.—A State shall
not develop, or implement for use under
this part, any alternate academic achieve-
ment standards for children with disabil-
ities that are not alternate academic
achievement standards that meet the re-
quirements of clause (i).

"(F) English language proficiency
standards.—Each State plan shall dem-
onstrate that the State has adopted English
language proficiency standards that are aligned
with the challenging State academic standards
under subparagraph (A). Such standards shall—

"(i) ensure proficiency in each of the
domains of speaking, listening, reading,
and writing;

"(ii) address the different proficiency
levels of children who are English learners;
and
“(iii) be aligned with the challenging State academic standards in reading or language arts, so that achieving proficiency in the State’s English language proficiency standards indicates a sufficient knowledge of English to measure validly and reliably the student’s achievement on the State’s reading or language arts standards.

“(G) Prohibitions.—

“(i) Standards review or approval.—A State shall not be required to submit any standards developed under this subsection to the Secretary for review or approval.

“(ii) Federal control.—The Secretary shall not have the authority to mandate, direct, control, coerce, or exercise any direction or supervision over any of the challenging State academic standards adopted or implemented by a State.

“(H) Existing standards.—Nothing in this part shall prohibit a State from revising, consistent with this section, any standard adopted under this part before or after the date

“(2) ACADEMIC ASSESSMENTS.—

“(A) IN GENERAL.—Each State plan shall demonstrate that the State educational agency, in consultation with local educational agencies, has implemented a set of high-quality statewide academic assessments that—

“(i) includes, at a minimum, academic statewide assessments in mathematics, reading or language arts, and science; and

“(ii) meets the requirements of subparagraph (B).

“(B) REQUIREMENTS.—The assessments under subparagraph (A) shall—

“(i) except as provided in subparagraph (D), be—

“(I) the same academic assessments used to measure the achievement of all public elementary school and secondary school students in the State; and

“(II) administered to all public elementary school and secondary school students in the State;
“(ii) be aligned with the challenging State academic standards, and provide coherent and timely information about student attainment of such standards and whether the student is performing at the student’s grade level;

“(iii) be used for purposes for which such assessments are valid and reliable, consistent with relevant, nationally recognized professional and technical testing standards, and objectively measure academic achievement, knowledge, and skills;

“(iv) be of adequate technical quality for each purpose required under this Act and consistent with the requirements of this section, the evidence of which is made public, including on the website of the State educational agency;

“(v)(I) measure the annual academic achievement of all students against the challenging State academic standards in, at a minimum, mathematics and reading or language arts, and be administered—

“(aa) in each of grades 3 through 8; and
“(bb) at least once in grades 9 through 12; and

“(II) measure the academic achievement of all students against the challenging State academic standards in science, and be administered not less than one time, during—

“(aa) grades 3 through 5;

“(bb) grades 6 through 9; and

“(cc) grades 10 through 12;

“(vi) involve multiple up-to-date measures of student academic achievement, including measures that assess higher-order thinking skills and understanding, which may include measures of student academic growth and may be partially delivered in the form of portfolios, projects, or extended performance tasks;

“(vii) provide for—

“(I) the participation in such assessments of all students;

“(II) the appropriate accommodations for children with disabilities and students with a disability who are provided accommodations
under another Act, necessary to measure the academic achievement of such children relative to the challenging State academic standards;

“(III) the inclusion of English learners, who shall be assessed in a valid and reliable manner and provided appropriate accommodations on assessments administered to such students under this paragraph, including, to the extent practicable, assessments in the language and form most likely to yield accurate data on what such students know and can do in academic content areas, until such students have achieved English language proficiency, as determined under paragraph (1)(F);

“(viii) at the State’s choosing—

“(I) be administered through a single summative assessment; or

“(II) be administered through multiple statewide assessments during the course of the year if the State can demonstrate that the results of these
multiple assessments, taken in their totality, provide a summative score that provides valid and reliable information on individual student achievement or growth;

“(ix) notwithstanding clause (vii)(III), provide for assessments (using tests in English) of reading or language arts of any student who has attended school in the United States (not including the Commonwealth of Puerto Rico) for 3 or more consecutive school years, except that if the local educational agency determines, on a case-by-case individual basis, that academic assessments in another language or form would likely yield more accurate and reliable information on what such student knows and can do, the local educational agency may make a determination to assess such student in the appropriate language other than English for a period that does not exceed 2 additional consecutive years, provided that such student has not yet reached a level of English language proficiency sufficient to yield valid and reli-
able information on what such student knows and can do on tests (written in English) of reading or language arts;

“(x) produce individual student interpretive, descriptive, and diagnostic reports, consistent with clause (iii), that allow parents, teachers, principals, and other school leaders to understand and address the specific academic needs of students, and include information regarding achievement on academic assessments aligned with challenging State academic achievement standards, and that are provided to parents, teachers, principals, and other school leaders as soon as is practicable after the assessment is given, in an understandable and uniform format, and, to the extent practicable, in a language that the parents can understand;

“(xi) enable results to be disaggregated within each State, local educational agency, and school, by—

“(I) each major racial and ethnic group;
“(II) economically disadvantaged students as compared to students who are not economically disadvantaged;

“(III) children with disabilities as compared to children without disabilities;

“(IV) English proficiency status;

“(V) gender; and

“(VI) migrant status;

“(xii) enable itemized score analyses to be produced and reported, consistent with clause (iii), to local educational agencies and schools, so that parents, teachers, principals, other school leaders, and administrators can interpret and address the specific academic needs of students as indicated by the students’ achievement on assessment items; and

“(xiii) be developed, to the extent practicable, using the principles of universal design for learning.

“(C) Exception to disaggregation.—Notwithstanding subparagraph (B)(xi), the disaggregated results of assessments shall not
be required in the case of a local educational agency or school if—

“(i) the number of students in a category described under subparagraph (B)(xi) is insufficient to yield statistically reliable information; or

“(ii) the results would reveal personally identifiable information about an individual student.

“(D) ALTERNATE ASSESSMENTS FOR STUDENTS WITH THE MOST SIGNIFICANT COGNITIVE DISABILITIES.—

“(i) ALTERNATE ASSESSMENTS ALIGNED WITH ALTERNATE ACADEMIC ACHIEVEMENT STANDARDS.—A State may provide for alternate assessments aligned with the challenging State academic content standards and alternate academic achievement standards described in paragraph (1)(E) for students with the most significant cognitive disabilities, if the State—

“(I) ensures that for each subject, the total number of students assessed in such subject using the alter-
nate assessments does not exceed 1 percent of the total number of all students in the State who are assessed in such subject;

“(II) establishes and monitors implementation of clear and appropriate guidelines for individualized education program teams (as defined in section 614(d)(1)(B) of the Individuals with Disabilities Education Act) to apply in determining, individually for each subject, when a child’s significant cognitive disability justifies assessment based on alternate academic achievement standards;

“(III) ensures that, consistent with the requirements of the Individuals with Disabilities Education Act, parents are involved in the decision to use the alternate assessment for their child;

“(IV) ensures that, consistent with the requirements of the Individuals with Disabilities Education Act, students with the most significant
cognitive disabilities are involved in
and make progress in the general edu-
cation curriculum;

“(V) describes in the State plan
the appropriate accommodations pro-
vided to ensure access to the alternate
assessment;

“(VI) describes in the State plan
the steps the State has taken to incor-
porate universal design for learning,
to the extent feasible, in alternate as-
sessments;

“(VII) ensures that general and
special education teachers and other
appropriate staff know how to admin-
ister assessments, including making
appropriate use of accommodations, to
children with disabilities;

“(VIII) develops, disseminates in-
formation on, and promotes the use of
appropriate accommodations to in-
crease the number of students with
significant cognitive disabilities par-
ticipating in academic instruction and
assessments and increase the number
of students with significant cognitive disabilities who are tested against challenging State academic achievement standards; and

“(IX) ensures that students who take alternate assessments based on alternate academic achievement standards are not precluded from attempting to complete the requirements for a regular high school diploma.

“(ii) STUDENTS WITH THE MOST SIGNIFICANT COGNITIVE DISABILITIES.—In determining the achievement of students in the State accountability system, a State educational agency shall include, for all schools in the State, the performance of the State’s students with the most significant cognitive disabilities on alternate assessments as described in this subparagraph in the subjects included in the State’s accountability system, consistent with the 1 percent limitation of clause (i)(I).

“(E) STATE AUTHORITY.—If a State educational agency provides evidence, which is sat-
isfactory to the Secretary, that neither the State educational agency nor any other State government official, agency, or entity has sufficient authority, under State law, to adopt challenging State academic standards, and academic assessments aligned with such standards, which will be applicable to all students enrolled in the State’s public elementary schools and secondary schools, then the State educational agency may meet the requirements of this subsection by—

“(i) adopting academic standards and academic assessments that meet the requirements of this subsection, on a statewide basis, and limiting their applicability to students served under this part; or

“(ii) adopting and implementing policies that ensure that each local educational agency in the State that receives grants under this part will adopt academic content and student academic achievement standards, and academic assessments aligned with such standards, which—

“(I) meet all of the criteria in this subsection and any regulations
regarding such standards and assessments that the Secretary may publish; and

“(II) are applicable to all students served by each such local educational agency.

“(F) LANGUAGE ASSESSMENTS.—Each State plan shall identify the languages other than English that are present to a significant extent in the participating student population of the State and indicate the languages for which annual student academic assessments are not available and are needed, and such State shall make every effort to develop such assessments as necessary.

“(G) ASSESSMENTS OF ENGLISH LANGUAGE PROFICIENCY.—Each State plan shall demonstrate that local educational agencies in the State will provide for an annual assessment of English proficiency, which is valid, reliable, and consistent with relevant nationally recognized professional and technical testing standards measuring students’ speaking, listening, reading, and writing skills in English, of all
children who are English learners in the schools served by the State educational agency.

“(H) DEFERRAL.—A State may defer the commencement, or suspend the administration, but not cease the development, of the assessments described in this paragraph, for 1 year for each year for which the amount appropriated for grants under part B is less than $378,000,000.

“(I) RULE OF CONSTRUCTION REGARDING USE OF ASSESSMENTS FOR STUDENT PROMOTION OR GRADUATION.—Nothing in this paragraph shall be construed to prescribe or prohibit the use of the academic assessments described in this part for student promotion or graduation purposes.

“(J) RULE OF CONSTRUCTION REGARDING ASSESSMENTS.—

“(i) IN GENERAL.—Except as provided in clause (ii), nothing in this paragraph shall be construed to prohibit a State from developing and administering computer adaptive assessments as the assessments described in this paragraph, as
long as the computer adaptive assessments—

“(I) meet the requirements of this paragraph; and

“(II) assess the student’s academic achievement in order to measure, in the subject being assessed, whether the student is performing above or below the student’s grade level.

“(ii) Applicability to Alternate Assessments for Students with the Most Significant Cognitive Disabilities.—In developing and administering computer adaptive assessments as the assessments allowed under subparagraph (D), a State shall ensure that such computer adaptive assessments—

“(I) meet the requirements of this paragraph, including subparagraph (D), except such assessments shall not be required to meet the requirements of clause (i)(II); and

“(II) assess the student’s academic achievement in order to meas-
ure, in the subject being assessed,
whether the student is performing at
the student's grade level.

“(K) RULE OF CONSTRUCTION ON PARENT
AND GUARDIAN RIGHTS.—Nothing in this part
shall be construed as preempting a State or
local law regarding the decision of a parent or
guardian to not have the parent or guardian's
child participate in the statewide academic as-
seSSMENTS under this paragraph.

“(3) STATE ACCOUNTABILITY SYSTEM.—

“(A) CATEGORY OF STUDENTS.—In this
paragraph, the term 'category of students'
means—

“(i) economically disadvantaged stu-
dents;

“(ii) students from major racial and
ethnic groups;

“(iii) children with disabilities; and

“(iv) English learner students.

“(B) DESCRIPTION OF SYSTEM.—Each
State plan shall describe a single, statewide
State accountability system that will be based
on the challenging State academic standards
adopted by the State to ensure that all students
graduate from high school prepared for postsecondary education or the workforce without the need for postsecondary remediation and at a minimum complies with the following:

“(i) Annually establishes State-designed goals for all students and each of the categories of students in the State that take into account the progress necessary for all students and each of the categories of students to graduate from high school prepared for postsecondary education or the workforce without the need for postsecondary remediation, for, at a minimum each of the following:

“(I) Academic achievement, which may include student growth, on the State assessments under paragraph (2).

“(II) High school graduation rates, including—

“(aa) the 4-year adjusted cohort graduation rate; and

“(bb) at the State’s discretion, the extended-year adjusted cohort graduation rate.
“(ii) Annually measures and reports on the following indicators:

“(I) The academic achievement of all public school students in all public schools and local educational agencies in the State towards meeting the goals described in clause (i) and the challenging State academic standards for all students and for each of the categories of students using student performance on State assessments required under paragraph (2), which may include measures of student academic growth to such standards.

“(II) The academic success of all public school students in all public schools and local educational agencies in the State, that is with respect to—

“(aa) elementary schools and secondary schools that are not high schools, an academic indicator, as determined by the State, that is the same statewide for all public elementary school
students and all students at such
secondary schools, and each cate-
gory of students; and

“(bb) high schools, the high
school graduation rates of all
public high school students in all
public high schools in the State
toward meeting the goals de-
scribed in clause (i), for all stu-
dents and for each of the cat-
egories of students, including the
4-year adjusted cohort gradu-
ation rate and at the State’s dis-
cretion, the extended-year ad-
justed cohort graduation rate.

“(III) English language pro-
ficiency of all English learners in all
public schools and local educational
agencies, which may include measures
of student growth.

“(IV) Not less than one other
valid and reliable indicator of school
quality, success, or student supports,
as determined appropriate by the
State, that will be applied to all local
educational agencies and schools consistently throughout the State for all students and for each of the categories of students, which may include measures of—

“(aa) student readiness to enter postsecondary education or the workforce without the need for postsecondary remediation;

“(bb) student engagement, such as attendance rates and chronic absenteeism;

“(cc) educator engagement, such as educator satisfaction (including working conditions within the school), teacher quality and effectiveness, and teacher absenteeism;

or educational programs or op-
portunities; and
“(gg) any other State-deter-
dined measure of school quality
or student success.

identifying and meaningfully differen-
tiating among all public schools in the
State, which shall—
“(I) be based on all indicators in
the State’s accountability system for
all students and for each of the cat-
egories of students; and
“(II) use the indicators described
in subclauses (I) and (II) of clause (ii)
as substantial factors in the annual
identification of schools, and the
weight of such factors shall be determined by the State.

“(iv) For public schools receiving assistance under this part, meets the requirements of section 1114.

“(v) Provides a clear and understandable explanation of the method of identifying and meaningfully differentiating schools under clause (iii).

“(vi) Measures the annual progress of not less than 95 percent of all students, and students in each of the categories of students, who are enrolled in the school and are required to take the assessments under paragraph (2) and provides a clear and understandable explanation of how the State will factor this requirement into the State-designed accountability system determinations.

“(4) Exception for English learners.—A State may choose to—

“(A) exclude a recently arrived English learner who has attended school in one of the 50 States in the United States or in the District of Columbia for less than 12 months from
one administration of the reading or language arts assessment required under paragraph (2);

“(B) exclude the results of a recently arrived English learner who has attended school in one of the 50 States in the United States or in the District of Columbia for less than 12 months on the assessments under paragraph (2), except for the results on the English language proficiency assessments required under paragraph (2)(G), for the first year of the English learner’s enrollment in a school in the United States for the purposes of the State-determined accountability system under this subsection; and

“(C) include the results on the assessments under paragraph (2), except for results on the English language proficiency assessments required under paragraph (2)(G), of former English learners for not more than 2 years after the student is no longer identified as an English learner within the English learner category of the categories of students, as defined in paragraph (3)(A), for the purposes of the State-determined accountability system.
“(5) ACCOUNTABILITY FOR CHARTER SCHOOLS.—The accountability provisions under this title shall be overseen for charter schools in accordance with State charter school law.

“(6) PROHIBITION ON FEDERAL INTERFERENCE WITH STATE AND LOCAL DECISIONS.—Nothing in this subsection shall be construed to permit the Secretary to establish any criterion that specifies, defines, or prescribes—

“(A) the standards or measures that States or local educational agencies use to establish, implement, or improve challenging State academic standards, including the content of, or achievement levels within, such standards;

“(B) the specific types of academic assessments or assessment items that States or local educational agencies use to meet the requirements of paragraph (2)(B) or otherwise use to measure student academic achievement or student growth;

“(C) the specific goals that States establish within State-designed accountability systems for all students and for each of the categories of students, as defined in paragraph (3)(A), for student academic achievement or

or

“(K) indicators or measures of teacher, principal, or other school leader effectiveness or quality.

“(c) OTHER PLAN PROVISIONS.—

“(1) DESCRIPTIONS.—Each State plan shall de-
scribe—

“(A) with respect to any accountability provisions under this part that require disaggregation of information by each of the categories of students, as defined in subsection (b)(3)(A)—

“(i) the minimum number of students that the State determines are necessary to be included in each such category of students to carry out such requirements and how that number is statistically sound;

“(ii) how such minimum number of students was determined by the State, in-
cluding how the State collaborated with
teachers, principals, other school leaders,
parents, and other stakeholders when set-
ting the minimum number; and

“(iii) how the State ensures that such
minimum number does not reveal person-
ally identifiable information about stu-
dents;

“(B) the State educational agency’s system
to monitor and evaluate the intervention and
support strategies implemented by local edu-
cational agencies in schools identified as in need
of intervention and support under section 1114,
including the lowest-performing schools and
schools identified for other reasons, including
schools with categories of students, as defined

described in subsection (b)(3)(B)(i), and the
steps the State will take to further assist local
educational agencies, if such strategies are not
effective;

“(C) in the case of a State that proposes

vides assistance and support to local edu-
cational agencies and individual elementary
schools that are creating, expanding, or improv-
ing such programs;

“(D) in the case of a State that proposes
to use funds under this part to support a multi-
tiered system of supports, positive behavioral
interventions and supports, or early intervening
services, how the State educational agency will

“(ii) LOSS OF ELIGIBILITY.—

“(I) IN GENERAL.—Subject to subclause (II), a heavily impacted local educational agency that met the requirements of clause (i) for a fiscal year shall be ineligible to receive a basic support payment under subparagraph (A) if the agency fails to meet the requirements of clause (i) for a subsequent fiscal year, except that such agency shall continue to receive a basic support payment under this paragraph for the fiscal year for
which the ineligibility determination is made.

“(II) Loss of eligibility due to falling below 95 percent of the average tax rate for general fund purposes.—In a case of a heavily impacted local educational agency that is eligible to receive a basic support payment under subparagraph (A), but that has had, for 2 consecutive fiscal years, a tax rate for general fund purposes that falls below 95 percent of the average tax rate for general fund purposes of comparable local educational agencies in the State, such agency shall be determined to be ineligible under clause (i) and ineligible to receive a basic support payment under subparagraph (A) for each fiscal year succeeding such 2 consecutive fiscal years for which the agency has such a tax rate for general fund purposes, and until the fiscal year for which the agency resumes
such eligibility in accordance with clause (iii).

“(III) TAKEN OVER BY STATE BOARD OF EDUCATION.—In the case of a heavily impacted local educational agency that is eligible to receive a basic support payment under subparagraph (A), but that has been taken over by a State board of education in 2 previous years, such agency shall be deemed to maintain heavily impacted status for 2 fiscal years from after the date of enactment of the Every Child Achieves Act of 2015.

“(iii) RESUMPTION OF ELIGIBILITY.—

A heavily impacted local educational agency described in clause (i) that becomes ineligible under such clause for 1 or more fiscal years may resume eligibility for a basic support payment under this paragraph for a subsequent fiscal year only if the agency meets the requirements of clause (i) for that subsequent fiscal year, except that such agency shall not receive a basic support payment under this para-

fiscal year for which the eligibility deter-

“(C) MAXIMUM AMOUNT FOR HEAVILY IM-
PACTED LOCAL EDUCATIONAL AGENCIES.—

“(i) IN GENERAL.—Except as pro-
vided in subparagraph (D), the maximum
amount that a heavily impacted local edu-
cational agency is eligible to receive under
this paragraph for any fiscal year is the
sum of the total weighted student units, as
computed under subsection (a)(2) and sub-
ject to clause (ii), multiplied by the greater
of—

“(I) four-fifths of the average
per-pupil expenditure of the State in
which the local educational agency is
located for the third fiscal year pre-
ceding the fiscal year for which the
determination is made; or

“(II) four-fifths of the average
per-pupil expenditure of all of the
States for the third fiscal year pre-
ceding the fiscal year for which the
determination is made.
“(ii) Calculation of weighted student units.—

“(I) In general.—

“(aa) In general.—For a local educational agency with respect to which 35 percent or more of the total student enrollment of the schools of the agency are children described in subparagraph (D) or (E) (or a combination thereof) of subsection (a)(1), and that has an enrollment of children described in subparagraph (A), (B), or (C) of such subsection equal to at least 10 percent of the agency’s total enrollment, the Secretary shall calculate the weighted student units of those children described in subparagraph (D) or (E) of such subsection by multiplying the number of such children by a factor of 0.55.

“(bb) Exception.—Notwithstanding item (aa), a local
educational agency that received a payment under this paragraph for fiscal year 2013 shall not be required to have an enrollment of children described in subparagraph (A), (B), or (C) of subsection (a)(1) equal to at least 10 percent of the agency’s total enrollment.

“(II) Enrollment of 100 or fewer children.—For a local educational agency that has an enrollment of 100 or fewer children described in subsection (a)(1), the Secretary shall calculate the total number of weighted student units for purposes of subsection (a)(2) by multiplying the number of such children by a factor of 1.75.

“(III) Enrollment of more than 100 children but less than 1000.—For a local educational agency that is not described under subparagraph (B)(i)(I) and has an enrollment of more than 100 but not more than
1,000 children described in subsection (a)(1), the Secretary shall calculate the total number of weighted student units for purposes of subsection (a)(2) by multiplying the number of such children by a factor of 1.25.

“(D) MAXIMUM AMOUNT FOR LARGE HEAVILY IMPACTED LOCAL EDUCATIONAL AGENCIES.—

“(i) IN GENERAL.—

“(I) IN GENERAL.—Subject to clause (ii), the maximum amount that a heavily impacted local educational agency described in subclause (II) is eligible to receive under this paragraph for any fiscal year shall be determined in accordance with the formula described in paragraph (1)(C).

“(II) HEAVILY IMPACTED LOCAL EDUCATIONAL AGENCY.—A heavily impacted local educational agency described in this subclause is a local educational agency that has a total student enrollment of not less than 25,000 students, of which not less
than 50 percent are children described in subsection (a)(1) and not less than 5,000 of such children are children described in subparagraphs (A) and (B) of subsection (a)(1).

“(ii) FACTOR.—For purposes of calculating the maximum amount described in clause (i), the factor used in determining the weighted student units under subsection (a)(2) with respect to children described in subparagraphs (A) and (B) of subsection (a)(1) shall be 1.35.

“(E) DATA.—For purposes of providing assistance under this paragraph the Secretary shall use student, revenue, expenditure, and tax data from the third fiscal year preceding the fiscal year for which the local educational agency is applying for assistance under this paragraph.

“(F) DETERMINATION OF AVERAGE TAX RATES FOR GENERAL FUND PURPOSES.—

“(i) IN GENERAL.—Except as provided in clause (ii), for the purpose of determining the average tax rates for general fund purposes for local educational agen-
cies in a State under this paragraph, the Secretary shall use either—

“(I) the average tax rate for general fund purposes for comparable local educational agencies, as determined by the Secretary in regulations; or

“(II) the average tax rate of all the local educational agencies in the State.

“(ii) FISCAL YEARS 2010-2015.—

“(I) IN GENERAL.—For fiscal years 2010 through 2015, any local educational agency that was found ineligible to receive a payment under subparagraph (A) because the Secretary determined that it failed to meet the average tax rate requirement for general fund purposes in subparagraph (B)(i)(II)(bb), shall be considered to have met that requirement, if its State determined, through an alternate calculation of average tax rates for general fund purposes, that
such local educational agency met that requirement.

“(II) Subsequent fiscal years after 2015.—For any succeeding fiscal year after 2015, any local educational agency identified in subclause (I) may continue to have its State use that alternate methodology to calculate whether the average tax rate requirement for general fund purposes under subparagraph (B)(i)(II)(bb) is met.

“(III) Availability of funds.—Notwithstanding any other provision of law limiting the period during which the Secretary may obligate funds appropriated for any fiscal year after 2012, the Secretary shall reserve an amount equal to a total of $14,000,000 from funds that remain unobligated under this section from fiscal years 2013 or 2014 in order to make payments under this clause for fiscal years 2011 through 2014.
“(G) Eligibility for heavily impacted local educational agencies affected by privatization of military housing.—

“(i) Eligibility.—For any fiscal year, a heavily impacted local educational agency that received a basic support payment under this paragraph for the prior fiscal year, but is ineligible for such payment for the current fiscal year under subparagraph (B), (C), (D), or (E), as the case may be, due to the conversion of military housing units to private housing described in clause (iii), or as the direct result of base realignment and closure or modularization as determined by the Secretary of Defense and force structure change or force relocation, shall be deemed to meet the eligibility requirements under subparagraph (B) or (C), as the case may be, for the period during which the housing units are undergoing such conversion or during such time as activities associated with base closure and realignment, modularization, force structure change, or force relocation are ongoing.
“(ii) Amount of payment.—The amount of a payment to a heavily impacted local educational agency for a fiscal year by reason of the application of clause (i), and calculated in accordance with subparagraph (C) or (D), as the case may be, shall be based on the number of children in average daily attendance in the schools of such agency for the fiscal year and under the same provisions of subparagraph (C) or (D) under which the agency was paid during the prior fiscal year.

“(iii) Conversion of military housing units to private housing described.—For purposes of clause (i), ‘conversion of military housing units to private housing’ means the conversion of military housing units to private housing units pursuant to subchapter IV of chapter 169 of title 10, United States Code, or pursuant to any other related provision of law.”; and

(C) in paragraph (3)—

(ii) in subparagraph (C), by striking “subparagraph (D) or (E) of paragraph (2),” and inserting “paragraph (2)(D)”;

“(i) a percentage, the denominator of which is the difference between the full amount computed under paragraph (1) or (2) (as the case may be) for all local educational agencies and the amount of the threshold payment (as calculated under subparagraphs (B) and (C)) of all local educational agencies, and the numerator of which is the aggregate of the excess sums, by

“(ii) the difference between the full amount computed under paragraph (1) or (2) (as the case may be) for the agency and the amount of the threshold payment as calculated under subparagraphs (B) and (C) of the agency.
“(E) INSUFFICIENT PAYMENTS.—For each fiscal year described in subparagraph (A) for which the sums appropriated are insufficient to pay each local educational agency all of the local educational agency’s threshold payment described in subparagraph (D), the Secretary shall ratably reduce the payment to each local educational agency under this paragraph.

“(F) INCREASES.—If the sums appropriated are sufficient to increase the threshold payment above the 100 percent threshold payment described in subparagraph (D), then the Secretary shall increase payments on the same basis as such payments were reduced, except no local educational agency may receive a payment amount greater than 100 percent of the maximum payment calculated under this subsection.

“(G) PROVISION OF TAX RATE AND RESULTING PERCENTAGE.—The Secretary shall provide the local educational agency’s tax rate and the resulting percentage to each eligible local educational agency immediately following the payments of funds under paragraph (2).”;

(3) in subsection (c), by striking paragraph (2) and inserting the following:
“(2) Exception.—Calculation of payments for a local educational agency shall be based on data from the fiscal year for which the agency is making an application for payment if such agency—

“(A) is newly established by a State, for the first year of operation of such agency only;
