7 Congress finds as follows:

8 (1) Major shipping traffic is increasing through
9 the Bering Strait, the Bering and Chukchi Seas, and
10 the Arctic Ocean and will continue to increase

14 nental Shelf development is undertaken.

15 (2) There is a compelling national, State, Alas-
16 ka Native, and private sector need for permanent in-
17 frastructure development and for a presence in the
18 Arctic region of Alaska by appropriate agencies of
19 the Federal Government, particularly in proximity to

21 and rescue, shipping safety, economic development,

9 may be best achieved through marshaling the en-
10 ergy, resources, and leadership of the public and pri-
11 vate sectors.

12 (5) It is in the national interest to develop in-
13 frastructure at Point Spencer that would aid the
14 Coast Guard in performing its statutory duties and

16 and to allow for public and private sector develop-
17 ment of facilities and other infrastructure to support
18 purposes that are of benefit to the United States.
