SUBMITTED RESOLUTIONS

SENATE RESOLUTION 133—SUPPORTING THE GOALS AND IDEALS OF NATIONAL PUBLIC HEALTH WEEK

Mr. UDALL (for himself, Mr. SCHUMER, Ms. WARREN, Mr. BROWN, Mr. BLUMENTHAL, Mr. WHITEHOUSE, Mr. DURBIN, Mr. HEINRICH, Mr. CARDIN, and Mr. FRANKEN) submitted the following resolution; which was considered and agreed to:

S. RES. 133

Whereas the week of April 6, 2015, through April 12, 2015, is National Public Health Week;

Whereas the theme for National Public Health Week in 2015 is "Healthiest Nation 2030", with the goal of making the United States the healthiest nation in one generation;

Whereas public health organizations use National Public Health Week to educate the public, policymakers, and public health professionals on issues that are important to improving the health of the people of the United States;

Whereas the value of a strong public health system is in the air we breathe, the water we drink, the food we eat, and the places where we all live, learn, work, and play;

Whereas there is a 16 percent difference in the health status of people living in the healthiest States compared to people living in the least healthy States;

Whereas public health professionals help communities prevent, prepare for, withstand, and recover from the impact of a full range of health threats, including disease outbreaks, natural disasters, and disasters caused by human activity;

Whereas public health professionals collaborate with partners that are not in the health sector, such as city planners, transportation officials, education officials, and private sector businesses, recognizing that other sectors have an important influence on health;

Whereas according to the Institute of Medicine, despite being one of the wealthiest nations in the world, the United States ranks below many other economically prosperous and developing countries with respect to many indicators for healthy life, including life expectancy, infant mortality rates, low birth weight rates, and the rate of drug-related deaths;

Whereas studies show that small strategic investments in prevention can result in significant savings in health care costs;

Whereas each 10 percent increase in local public health spending contributes to a 6.9 percent decrease in infant deaths, a 3.2 percent decrease in deaths related to cardiovascular disease, a 1.4 percent decrease in deaths due to diabetes, and a 1.1 percent decrease in cancer-related deaths;

Whereas in communities across the country, more people are changing the way they care for their health by avoiding tobacco use, eating healthier, becoming more physically active, and preventing unintentional injuries at home and in the workplace;

Whereas despite having a high infant mortality rate compared to other economically prosperous and developing countries, the United States is making progress, with the infant mortality rate declining 12 percent between 2005 and 2011;

Whereas in 2013, the percentage of adults smoking in the United States decreased from 21.2 percent to 19.6 percent and the percentage of physically inactive adults in the United States decreased from 26.2 percent to 22.9 percent; and

Whereas efforts to adequately support public health and prevention can continue to transform a health system focused on treating illness to a health system focused on preventing disease and promoting wellness; Now, therefore, be it

Resolved, That the Senate—

(1) supports the goals and ideals of National Public Health Week;

(2) recognizes the efforts of public health professionals, the Federal Government, States, tribes, municipalities, local communities, and individuals in preventing disease and injury;

(3) recognizes the role of public health in improving the health of individuals in the United States;

(4) encourages increased efforts and resources to improve the health of people in the United States to create the healthiest nation in one generation through—

(A) greater opportunities to improve community health and prevent disease and injury; and

(B) strengthening the public health system in the United States; and

(5) encourages the people of the United States to learn about the role of the public health system in improving health in the United States.

SENATE RESOLUTION 134—EXPRESSING THE SENSE OF THE SENATE THAT THE PRESIDENT AND THE SECRETARY OF STATE SHOULD ENSURE THAT THE GOVERNMENT OF CANADA DOES NOT PERMANENTLY STORE NUCLEAR WASTE IN THE GREAT LAKES BASIN

Ms. STABENOW (for herself, Mr. KIRK, Mr. PETERS, Ms. BALDWIN, and Mr. DURBIN) submitted the following resolution; which was referred to the Committee on Foreign Relations:

S. RES. 134

Whereas the water resources of the Great Lakes Basin are precious public natural resources, shared by the Great Lakes States and the Canadian Provinces;

Whereas the United States and Canada have, since 1909, worked to maintain and improve the water quality of the Great Lakes through water quality agreements;

Whereas over 40,000,000 people in both Canada and the United States depend on the fresh water from the Great Lakes for drinking water;

Whereas Ontario Power Generation is proposing to build a permanent geological repository for nuclear waste less than one mile from Lake Huron in Kincardine, Ontario, Canada;

Whereas nuclear waste is highly toxic and can take tens of thousands of years to decompose to safe levels;

Whereas, during the 1980s, when the Department of Energy, in accordance with the Nuclear Waste Policy Act of 1982, was studying potential sites for a permanent nuclear waste repository in the United States, the Government of Canada expressed concern with locating a permanent nuclear waste repository within shared water basins of the two countries; and

Whereas a spill of nuclear waste into the Great Lakes could have lasting and severely adverse environmental, health, and eco-

nomic impacts on the Great Lakes and the people that depend on them for their livelihood: Now, therefore, be it

Resolved, That it is the sense of the Senate that—

(1) the Government of Canada should not allow a permanent nuclear waste repository to be built within the Great Lakes Basin;

(2) the President and the Secretary of State should take appropriate action to work with the Government of Canada to prevent a permanent nuclear waste repository from being built within the Great Lakes Basin; and

(3) the President and the Secretary of State should work together with their Government of Canada counterparts on a safe and responsible solution for the long-term storage of nuclear waste.
