

HONORING FLORIDA SOUTHERN COLLEGE

(Mr. ROSS asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. ROSS. Mr. Speaker, Florida Southern College is a liberal arts college nestled in my hometown of Lakeland, Florida. It is known not only as a great academic institution, but also contains the largest collection of Frank Lloyd Wright architecture in the world and was recently selected by the Princeton Review as the most beautiful campus in the country.

However, today, I rise to recognize another important distinction for Florida Southern College. The Moccasins Men's Basketball Team recently captured the 2015 NCAA Division II National Championship.

On Saturday, March 28, 2015, the Mocs defeated Indiana University of Pennsylvania, capping off a remarkable season with a 36-1 record. Led by senior guard and two-time Sunshine State Conference Player of the Year Kevin Capers of Winter Haven, Florida, the Mocs closed out the year by winning a school record 25 consecutive games.

Growing up in Lakeland, I have watched Florida Southern College flourish before my eyes. President Anne Kerr has done a wonderful job with this college. It is a tremendous educational institution, and this win is a terrific achievement not only for the school, but also the community.

Go Mocs.

PUT INLAND EMPIRE RESIDENTS BACK TO WORK

(Mr. AGUILAR asked and was given permission to address the House for 1 minute.)

Mr. AGUILAR. Mr. Speaker, yesterday, we marked 100 days in the 114th Congress. Since taking office in January, I have traveled across my home district in southern California, in San Bernardino County, on a jobs tour to meet with small businesses, community leaders, labor representatives, and job seekers about what we can do in Congress to put the Inland Empire back to work.

After having many conversations with residents and businessowners, today, I am releasing a jobs plan—a strategy—for how we can get the Inland Empire economy back on the road to recovery.

My plan calls for giving small businesses the tools they need to grow and thrive to create 21st century jobs in emerging sectors like renewable energy and biotechnology, connecting employers with job seekers and supporting job training programs and investing in our infrastructure to spur economic development.

We have a lot of work to do, but if we focus on these areas, we can strengthen

the Inland Empire and the California economy and put our residents back to work.
