

But it is critical. National Healthcare Decisions Day reminds us of the importance of discussing ways to improve advanced care planning at all levels—Federal, State, local—and above all, amongst Americans and their loved ones.

TRIBUTE TO JIM SCOTT

• **Mr. PORTMAN.** Mr. President, I wish to recognize the retirement of Jim Scott after nearly 50 years as Cincinnati's familiar voice of morning radio.

Jim Scott began his Cincinnati radio career in 1968 as morning show host for the iconic pop radio station 1360 WSAI-AM in Price Hill. He joined 700 WLW in 1984 and for 45 years, Jim has been the familiar voice of morning radio.

During his morning time slot from 5am to 9am, Jim interviewed countless dignitaries and celebrity newsmakers from Presidents and civic leaders to top movie stars and sports figures. He routinely talked with news correspondents from around the globe, including those reporting at the White House and from posts in London to Baghdad.

Jim is a true public servant and an inspiration to us all. He has been a long-time volunteer leader of the Greater Cincinnati United Way and has served on many boards, including the Wellness Community, Cincinnati Playhouse in the Park, the March of Dimes, and Big Brothers and Big Sisters.

A stalwart volunteer, Jim is Cincinnati's voice of volunteerism; whether he's hosting Marty & Joe night at the Great American Ballpark, serving as emcee for your favorite animal shelter or welcoming Presidents and foreign dignitaries to the Queen City.

Jim has been recognized with many awards, including the Silver Medal of the Cincinnati Ad Club, and the Neil H. McElroy Award from the United Way. In 1996 and 2000, the U.S. Olympic Committee named Jim "A Community Hero" and he was thrilled to be a torchbearer in the Olympic Torch Relay.

Jim Scott has dominated morning show ratings in every decade since the 1970s and was the winner of the 2002 Marconi Award for Large Market Radio Personality of the Year. In 2013, the Cincinnati Enquirer named Jim the No. 1 radio personality of the past 40 years.

Jim Scott will remain on air until his "favorite day of the year," Cincinnati Reds Opening Day on April 6, 2015, when he'll walk in the Findlay Market Opening Day Parade to say thank you to his fans who have supported him throughout his career.

Thank you, Jim Scott. Your daily "good morning and thanks for listening" greeting will be missed.●

RECOGNIZING ORA ESTUARIES

• **Mr. VITTER.** Mr. President, due to their unique perspective, American en-

trepreneurs are often at the forefront of innovative solutions to local problems. This is especially true with environmental initiatives, and down in Louisiana where the ecosystems are diverse and delicate, the locals are best equipped to protect them. That is why ORA Estuaries of New Orleans, LA is the Small Business of the Week.

Civil engineer and New Orleans native Tyler Ortego was a student at Louisiana State University when he and a friend discovered a way to fight coastal erosion using oysters. In 2005, Ortego patented the OysterBreak system, which essentially allows oysters to fuse together on a man-made rock-like material in order to create a living coastal reef. Now holding two patents, Ortego and ORA Estuaries are focused on rebuilding and revitalizing coastal regions. ORA Estuaries recently claimed the top prize of the New Orleans Entrepreneurial Week's "Big Idea Pitch," and with the prize money hopes to move into food production and new versions of the OysterBreak system.

Our coast and wetlands provide some of Louisiana's most important resources and beautiful habitats, and because our geography makes us vulnerable to natural disasters, it is absolutely vital that we protect them. Innovative technologies like ORA's OysterBreak system play a significant role in restoring our coasts and wetlands, which protect Louisianians and gulf coast residents from storms and flooding. Currently, ORA's natural reefs systems are deployed in four different areas along the Louisiana coast, including an oyster habitat restoration project run by the Nature Conservatory of Louisiana. ORA is looking toward expanding to all five of the Gulf States, as well as the Chesapeake Bay area and even North Carolina. Not only is ORA's breakthrough system protecting vulnerable shorelines, but the growth and retention of oyster colonies that naturally process and filter water interests scientists and environmentalists, as well.

Congratulations to ORA Estuaries for being selected as Small Business of the Week. Thank you for your commitment to restoring and protecting our precious ecosystems and coastlines in Louisiana and the Gulf Coast.●
