

bill already cuts energy efficiency and renewable energy programs by \$266 million below last year's request and \$1.1 billion below the budget request.

The fossil and nuclear energy programs receive targeted increases of \$34 million and \$23 million, respectively. The increase to fossil energy targets advanced research that will increase the efficiency of power plant turbines and conserve water usage during electricity generation.

The increase to nuclear energy will support security upgrades for the Idaho National Laboratory to protect the Nation's nuclear energy materials and a range of nuclear security programs at the NNSA, Homeland Security, and other Federal agencies.

Although my colleague asserts the amendment would keep the government from intervening in the private markets, these applied energy programs are strategic investments for our energy independence. I appreciate my colleague's desire to reduce the size of the government. I agree with him. This amendment goes too far by eliminating the strategic investments we need to make for our future. I therefore oppose this amendment and ask my colleagues to oppose it also.

I reserve the balance of my time.

Mr. McCLINTOCK. Mr. Chairman, I would simply respond to my friend from Idaho that he is right to point with pride to the fact that the Committee on Appropriations has reduced EERE spending by 16 percent. He is certainly on the right track. He is just building a little slowly in that regard.

We want to help him by doing what is right and restoring to the private investors the responsibility of using their own money to research and develop these energy breakthroughs and leave the Federal Government to doing what it does best, and that is staying out and letting the private sector succeed.

Mr. Chair, I yield back the balance of my time.

Mr. SIMPSON. I yield back the balance of my time.

The CHAIR. The question is on the amendment offered by the gentleman from California (Mr. McCLINTOCK).

The question was taken; and the Chair announced that the noes appeared to have it.

Mr. McCLINTOCK. Mr. Chairman, I demand a recorded vote.

The CHAIR. Pursuant to clause 6 of rule XVIII, further proceedings on the amendment offered by the gentleman from California will be postponed.

The Clerk will read.

The Clerk read as follows:
