

By Mr. PRICE of North Carolina:  
 H.R. 2143.  
 Congress has the power to enact this legislation pursuant to the following:  
 Congressional power to provide for public financing of presidential campaigns arises under the General Welfare Clause, Art. I, Sec. 8, of the U. S. Constitution.  
 In *Buckley v. Valeo*, 424 U.S. 1, 91 (1976), the Supreme Court upheld the congressional power to enact public financing of presidential elections under this Clause. The Supreme Court stated with regard to the provisions in the Federal Election Campaign Act Amendments of 1974 establishing a presidential public financing system, "In this case, Congress was legislating for the 'general welfare'—to reduce the deleterious influence of large contributions on our political process, to facilitate communication by candidates with the electorate, and to free candidates from the rigors of fundraising."

 The Medicare Audit Improvement Act makes several changes to the way hospital audits are conducted which involves at least three parties: a hospital, a private Medicare contractor who conducts audits and the Center for Medicare and Medicaid Services. During the auditing process, transactions take place between these parties which is what constitutes this bill as regulating commerce. Further, Medicare is considered to be constitutional as part of providing for the general welfare and therefore any changes to Medicare would fall under this provision as well.
