

1.3 million. That is the number of private sector jobs that have been created by the Bank since 2009, with no additional cost to the American taxpayer. In fact, it makes money to help us pay down our debt.

And, finally, zero. That is what we gain by killing our Bank. Zero. We don't get the revenue. We don't get the jobs. We don't get to export our goods. Let's renew it.

REMEMBERING DOMENIC D'AMBROSIO

(Mr. MOULTON asked and was given permission to address the House for 1 minute.)

Mr. MOULTON. Mr. Speaker, today I come to the floor of the House with a heavy heart. This past weekend, the city of Lynn lost a dedicated public servant, a tireless local volunteer, and an inspiring advocate for the people of our community. Domenic D'Ambrosio, known by many as Dom, was loved by many for his uncanny ability to connect with people. Whether they were old friends or someone he was meeting for the first time, Dom's compassion for others was contagious, encouraging all of us to be better members of our community.

At a time when public opinion of Congress is at an all-time low, Dom's belief in this institution and the power of the democratic process could not have been stronger. I thank him for bringing a reinvigorating energy to our Nation's political dialogue and for reminding us why we are so fortunate to have a free and democratic government, and why we should all take part in making it better.

My thoughts and prayers are with his wife, Kelly, his family, and friends. The Sixth District of Massachusetts lost a true champion, but I know that his legacy will live on through our shared commitment to public service. Dom, you will be missed.

JUNE IS ALZHEIMER'S AND BRAIN AWARENESS MONTH

(Mr. GENE GREEN of Texas asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. GENE GREEN of Texas. Mr. Speaker, I rise today to recognize the month of June as Alzheimer's and Brain Awareness Month. Approximately 340,000 Texans and 5.4 million Americans currently have Alzheimer's disease. One in nine Americans over 65 is projected to develop Alzheimer's, and it is the sixth-leading cause of death in the United States.

The rapidly growing number of older Americans will lead to a corresponding rapid growth in the prevalence of Alzheimer's disease. The devastating emotional and financial impact of this debilitating disease is known by too many. My mother-in-law battled this disease, so I know firsthand how difficult it can be for patients and their loved ones.

I strongly support efforts to advocate and raise awareness and robust funding for research to find treatments and cure for this disease. Congress has a real opportunity to dramatically impact the lives of millions of Americans by funding research and outreach programs for Alzheimer's.

I urge my colleagues to join me in recognizing the month of June as Alzheimer's and Brain Awareness Month. Together we can help turn the world purple for Alzheimer's, and by doing so, promote care, support, and research of this terrible disease.

REAUTHORIZE THE EXPORT- IMPORT BANK

(Ms. TITUS asked and was given permission to address the House for 1 minute.)

Ms. TITUS. Mr. Speaker, I rise today to urge Republican leadership to stop blocking the will of the House and immediately call for a vote to reauthorize the Export-Import Bank, set to expire June 30.

This May I hosted Fred Hochberg, chairman of the Ex-Im Bank, in my district to tour Innova Technologies, a leader in civil-structural engineering and one of 32 Nevada companies working with the Bank. At a time when our local economy was fighting to recover from the recession and unemployment was rampant, the Bank provided critical support that allowed Innova not just to survive but nearly double its workforce.

In 2014 alone, the Bank supported 164,000 jobs and reduced the Federal deficit by \$675 million. In Nevada, it helped increase our export value by \$165 million. Now is the time for a long-term reauthorization to renew, reenergize, and reform the Bank so it can continue supporting businesses and creating jobs in Nevada and across the country.
