

all on that most heroic of all nights  
 Who stood strong, who stood long,  
 ever so bright  
 To see heaven's light  
 Out of the Woods,  
 and into the light  
 The ones who chose to be in harm's way,  
 standing up for what is right  
 Indeed, it is but a special breed,  
 who in the name of public service who will  
 intercede and so fight  
 Whether, an Ambassador, a Diplomat, or  
 Brothers In Arms,  
 who together chose to unite  
**STAND DOWN**  
**HELL NO**  
 Against all odds as into that darkness they'd  
 go  
 Leave no brother behind was how they all  
 lived and so died  
 As their Mothers cried,  
 with tears in their eyes  
 As Heaven them chose,  
 they'd rise  
 In the moment of truth,  
 only the bravest of all hearts so choose to  
 fight  
 While, against all odds,  
 these heroes acted like gods bringing their  
 light  
 All in their creed,  
 showing us what we all need to make this  
 world right  
 Courage and Faith,  
 and unending Conviction to make it a far  
 better place  
 Because minutes are all that we have  
 To make a difference,  
 all in that fight of Good versus Bad  
 It's better to live for something noble,  
 than die for nothing at all  
 As they went into the darkest of Woods,  
 with Strength In Honor one and all  
 Rest  
 Rest, our four American Sons,  
 your battle's over now, it's done,  
 you're out of the Woods and into the light  
 For Heaven holds a place,  
 for all of those men and women of such  
 splendid faith  
 Who to this our world bring their most self-  
 less light  
 Amen

IN COMMEMORATION OF ARTHUR  
 A. COLLINS' 106TH BIRTHDAY

**HON. ROD BLUM**

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, September 9, 2015*

Mr. BLUM. Mr. Speaker, today I rise to celebrate the birthday of a true innovator and representative of American ingenuity: Arthur A. Collins. Fascinated and inspired by the invention of the radio, Collins tinkered with home-made antennas and transmitters from an early age at his home in Cedar Rapids, Iowa. As a young adult, Arthur turned his hobby into a basement business where he sold the first

complete radio transmitting equipment in the country.

Since its humble beginnings in Iowa in the thirties, the Collins Radio Company evolved and adapted to design and manufacture flight control instruments, first commercially successful data modems, and the communications equipment for the Apollo, Gemini, and Mercury space programs. Today, Rockwell Collins, the largest employer in the First District of Iowa, continues to create innovative technology for both the defense and civilian sectors. The company, still based in Cedar Rapids, Iowa, designs, engineers, and builds electronic communication systems, avionics, and in-flight entertainment systems worldwide.

Arthur A. Collins pioneered one of the greatest technological revolutions in history and left an enduring legacy in the business world. Today, on what would have been his 106th birthday, I honor the genius of this great Iowan and celebrate his American success story. Mr. Collins is an amazing example of the American Dream and a testament to the power of hard work, foresight, and perseverance.

HONORING JULIE CARSON

**HON. LOIS FRANKEL**

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, September 9, 2015*

Ms. FRANKEL of Florida. Mr. Speaker, I rise today to recognize Wilton Manors City Commissioner, Julie Carson and her work with the LGBT community.

Commissioner Carson is being presented with the "Community Partner for Equality" award from Equality Florida for her tireless work for the LGBT community.

In 2010, Carson became the first openly lesbian elected official in Broward County. Throughout her tenure as Commissioner, she has focused on helping the homeless, assisting the elderly, advocating for people living with HIV/AIDS, and supporting the Transgender community. Specifically, she sponsored the Equal Benefits Ordinance and the Broward County Vendor Preference Ordinance, which ensured equal benefits to all married couples. She is also proud of her continued dialogue and collaboration between the Transgender community and the Wilton Manors Police Department.

Outside of her duties as Commissioner, Carson is a free-lance paralegal and a guest lecturer at Florida Atlantic University. She enjoys spending time with her partner Susan and horseback riding in her free time.

I congratulate Commissioner Carson on her award and thank her for all her tremendous work for the South Florida LGBT community. I am proud to represent her in the 22nd District and wish her all the best in her future endeavors.

HONORING THE LIFE OF JOHN  
 CROSLAND, JR.

**HON. RICHARD HUDSON**

OF NORTH CAROLINA

IN THE HOUSE OF REPRESENTATIVES

*Wednesday, September 9, 2015*

Mr. HUDSON. Mr. Speaker, I rise today to honor the life of John Crosland, Jr., who passed away on Sunday, August 2, 2015 after a long battle with Parkinson's Disease.

Mr. Crosland made a name for himself as a successful real estate developer, but more importantly for his philanthropic work in our community. In 1954, he joined his father at the John Crosland Company. He successfully navigated multiple housing crises through the decades while becoming a champion of affordable housing in the Charlotte area. Additionally, he was the founding chairman of Habitat for Humanity of Charlotte.

Throughout his successful career, he always knew the importance of giving back and helping the local community. In 2012, Mr. Crosland gave \$1.1 million for a new school in Charlotte, now named The John Crosland School, that specializes in assisting children with learning disabilities.

His dedication to serving our community has made an everlasting impact on thousands of lives.

He also served his country in the U.S. Army in Korea and Japan. I am grateful for his service to our country, our state, and to our local community.

Mr. Speaker, please join me today in honoring the life of John Crosland, Jr., for his successful career and for his dedication to bettering the lives of so many North Carolinians.
