

I have been married for 37 years to the same woman, and I have three daughters. I want good women's health care. Let's fund it, but let's give it directly to the facilities that will do the mammograms and not send it to Planned Parenthood for them to take their cut.

When you pay for the rent and the utilities and you know there is criminal activity going on, you are an accessory. Congress should not be an accessory.

PLANNED PARENTHOOD

The SPEAKER pro tempore (Mr. McCLINTOCK). Under the Speaker's announced policy of January 6, 2015, the gentleman from West Virginia (Mr. MOONEY) is recognized for 60 minutes as the designee of the majority leader.

Mr. MOONEY of West Virginia. Mr. Speaker, I rise today to voice my deepest concerns for the health and safety of the women, children, all babies, and families in our great country.

Recent undercover videos by The Center for Medical Progress unearthed some of the most alarming information that has been hidden from the American people for years. These videos deeply disturb me, and I know I am not alone.

The practices uncovered in the Planned Parenthood videos are repulsive. I never dreamed I would be standing before this body questioning if our own government is a willing enabler in the profiteering from the buying and selling of aborted baby parts.

It is wrong that Planned Parenthood continues to do as it pleases and that the American taxpayers are bankrolling that organization. We are spending \$450 million a year funding Planned Parenthood.

That is why I sent a letter along with 134 of my colleagues in the House of Representatives on July 27 that calls for a full investigation into Planned Parenthood by the Justice Department.

Mr. Speaker, I speak for the people that I am blessed to represent from the Second Congressional District in West Virginia. I am here to say that taxpayers should not fund abortions. Supporters of Planned Parenthood continually point to other services that they provide.

There is precisely one Planned Parenthood provider in all of West Virginia, located in Vienna, less than an hour outside of my district, right here. One. Does it even provide mammograms? No, it does not.

□ 1800

However, we have more than 300 federally certified women's care facilities in West Virginia that do provide these essential services. Taxpayers should not be forced to fund abortions through Planned Parenthood. We should defund that organization from taxpayer funding dollars right now.

Senior officials—on camera—were caught admitting to unethical, illegal activities in the selling of body parts.

Let's define what we are talking about here. This is a baby approximately 16 weeks after the moment of conception. Human life begins at conception. This is a baby.

Some would like to define it as something else—call it anything but a baby. They will call it a fetus, a blob of tissue, cells; but they do not want to call this little boy or girl a baby. However, you couldn't sell baby body parts, such as lungs, hearts, livers, as Planned Parenthood was caught doing, unless it was a baby.

This is a baby. This is what he or she looks like. This is what taxpayers in this country—you, the taxpayers—are being forced to pay for, the killing of this baby and the buying or selling of her body parts. That is wrong. That is what we are standing against here in the U.S. House of Representatives, and we need your support in this.

The Federal Government needs to stop enabling this black market business immediately. That is why I have cosponsored several pieces of legislation to make sure that the taxpayers and thousands of unborn children are protected from the activities and horrendous actions of Planned Parenthood and other abortion providers.

H.R. 3134, the Defund Planned Parenthood Act of 2015, simply prohibits funding of Planned Parenthood for a year to allow for a full congressional investigation to take place.

H.R. 3197, the Protecting Life and Taxpayers Act of 2015—this bill will prohibit Federal funding of an entity that performs abortions, including Planned Parenthood.

H.R. 3215, the End Trafficking of the Terminated Unborn Act of 2015—this bill will prohibit any transfer of fetal tissue from aborted babies for a purpose other than disposal. This will prevent both publicly and privately funded research involving the remains of unborn children who were aborted.

Finally, my bill, H.R. 816, the Life At Conception Act, would define life at the moment of conception, which is a biological fact.

The abortion issue, actually, in this bill defunding Planned Parenthood—which our goal is to defund Planned Parenthood—does not actually stop abortion. I wish we could. Abortion is the taking of a human life.

Defund Planned Parenthood is simply saying that taxpayers should not be forced to pay for those abortions. That is a widely accepted view of the majority of Americans, even those who may disagree with us pro-life advocates on the abortion issue. Many people think that abortion shouldn't be funded with taxpayer dollars.

All of these bills are crucial to making sure that the American taxpayer is no longer footing the bill or condoning the barbaric practices of Planned Parenthood or any other organization like them that traffics in aborted baby body parts.

I hope my colleagues will join me in voting for these four vital pieces of leg-

islation and remove taxpayer funding of abortion in the spending bills before us in Congress. That is our duty in the U.S. House of Representatives.

We control spending in this Chamber. No one can tell us what to do. We represent the people in the districts that voted us into office. I am calling on the folks in this Chamber and in America to support the defunding of Planned Parenthood now.

Mr. Speaker, I yield back the balance of my time.

WILDFIRES AND FOREST MANAGEMENT

The SPEAKER pro tempore. Under the Speaker's announced policy of January 6, 2015, the gentleman from Arkansas (Mr. WESTERMAN) is recognized for the remainder of the hour as the designee of the majority leader.

GENERAL LEAVE

Mr. WESTERMAN. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days in which to revise and extend their remarks and include extraneous materials on the topic of my Special Order.

The SPEAKER pro tempore (Mr. MOONEY of West Virginia). Is there objection to the request of the gentleman from Arkansas?

There was no objection.

Mr. WESTERMAN. Mr. Speaker, I rise today to draw attention to wildfires and forest management.

Recent headlines show that our forests are in terrible shape: 8.8 million acres have burned this year; \$250 million was recently transferred from forest management accounts to fight fires, announced last week.

Emergency fire spending has already topped \$700 million this year and is still growing. We have a problem that is greatly decreasing and impairing the value of our forest for the next generation.

I worked with colleagues on both sides of the aisle to pass H.R. 2647, the Resilient Federal Forests Act, back in July. This bill was supported from Maine to Alaska by Democrats and Republicans. The bill ends the destructive practice of fire borrowing in a fiscally responsible manner. It creates a sub-account under the Stafford Act for wildfire. This ensures that resources to put out major fires are available when necessary.

This week, the Obama administration publicly called on the Congress to fix fire borrowing. While I appreciate the President's interest, I agree with him that we need to fix fire borrowing. I applaud the 19 Democrats who voted for H.R. 2647 that fixes fire borrowing.

Fixing fire borrowing alone won't solve the problem. Fixing fire borrowing alone simply is treating a symptom instead of a disease. It is like putting on a bandaid without cleaning out the wound.

Again, the House passed this bipartisan legislation back in July. We could be fixing these problems now, but
