

Depression and World War II, Marie was taught how to take care of and make do with what you have and to share with others, whether it be feast or famine. Marie has applied that life lesson throughout her entire life.

Whereas, whenever Marie has come across anyone in trouble, she has not turned her back but done what she could. She has fed countless children over the years and offered safe shelter to those who needed it. She has humbly and quietly opened her home and heart to strangers.

Whereas, as a skilled baker, Marie's locally renowned home baked pies have generated thousands of dollars for local charity in Glenn and Colusa counties. Marie's most famous pie sold at auction for \$4,000. The Buyer then sold the slices and collected an additional \$1,000 for a grand total of \$5,000 that a local family desperately needed for medical bills. When Marie discovered that the Buyer did not keep a piece of pie for himself, she baked him another.

Whereas, Marie, at 94 years old, is truly an amazing woman and has yet to decline a baking request for a worthy cause.

Resolved, that I Congressman JOHN GARAMENDI of California's Third Congressional District, do hereby recognize and celebrate the accomplishments of Marie Spooner.

PYXERA GLOBAL'S 25TH
ANNIVERSARY

HON. ELEANOR HOLMES NORTON

OF THE DISTRICT OF COLUMBIA
IN THE HOUSE OF REPRESENTATIVES

Thursday, September 24, 2015

Ms. NORTON. Mr. Speaker, I rise today to ask the House of Representatives to join me in congratulating PYXERA Global, headquartered in Washington, D.C., on its 25th anniversary, and for its work to improve lives and build capacity of individuals and institutions around the world.

On January 1, 1990, President George H.W. Bush announced the formation of the Citizens Democracy Corps (CDC), created by executive order after the fall of the Berlin Wall. A New Vision for Global Engagement was launched. Americans wanted to help in Eastern Europe and the former Soviet Union to strengthen the foundations of free society. CDC sent American business professionals who volunteered their expertise to support the transition to a market economy and promote international understanding. The Corporate Assistance Program established an innovative approach wherein United States corporations provided free technical and business assistance to enterprises and institutions. These programs had a lasting and positive impact in Eastern Europe and the countries of the former Soviet Union. In 1991, the Citizens Volunteer Program was launched. This program sent advisors to work with local municipal governments, nonprofits, and institutions of higher education. In 1995, CDC launched its first Local Content Development program in Russia, in which small and medium enterprises gained the capabilities to supply the rapidly expanding oil and gas industry, creating new jobs and mutually profitable, sustainable enterprises. The Enterprise and Economic Development Program was created, operating out of key cities to support local business development.

In 2000, the MBA Enterprise Corps joined the organization, and in 2002 the name changed to Citizens Development Corps, and later, CDC Development Solutions (CDS) with the inclusion of MBAs Without Borders. A landmark pro bono program for corporate employees was pioneered by IBM with CDS in 2008 with teams in Romania, Ghana, and Tanzania. The IBM Corporate Service Corps became a new model of global leadership development and corporate social responsibility. Following the publication of the Harvard Case Study, IBM: The Corporate Service Corps, CDS hosted the First International Corporate Volunteerism Conference, and IBM, USAID, and CDC Development Solutions formed the Center for Excellence in International Corporate Volunteerism. Today, more than 30 major companies send employees into underserved communities to build capability and capacity through skills-based volunteerism.

In 2012, the U.S. Center for Citizen Diplomacy (USCCD) became part of CDS, and with their expanded mission, the organization adopted a new name in 2013, PYXERA Global.

Today, PYXERA Global takes pride in the solutions that have inspired, enriched, and endured for a quarter century in more than 90 countries. They continue to facilitate groundbreaking partnerships between the public, private, and social sectors in dozens of countries, reinventing international development through purposeful global engagement to address the world's most pressing challenges.

Mr. Speaker, I ask the House of Representatives to join me in celebrating the 25th anniversary of PYXERA Global and its work enriching lives and livelihoods inclusively and sustainably.

TRIBUTE TO RAY AND CHARLOTTE
NEWBERG

HON. DAVID YOUNG

OF IOWA
IN THE HOUSE OF REPRESENTATIVES

Thursday, September 24, 2015

Mr. YOUNG of Iowa. Mr. Speaker, I rise today to recognize and congratulate Ray and Charlotte Newberg of Clarinda, Iowa, on the very special occasion of their 60th wedding anniversary.

Ray and Charlotte's lifelong commitment to each other, their children, Kevin and Ken, their grandchildren and great-grandchildren truly embodies Iowa values. I commend this great couple on their 60th year together and I wish them many more. I know my colleagues in the United States House of Representatives will join me in congratulating them on this momentous occasion.

CELEBRATING THE 125TH ANNI-
VERSARY OF NAVAL SUPPORT
FACILITY INDIAN HEAD

HON. STENY H. HOYER

OF MARYLAND
IN THE HOUSE OF REPRESENTATIVES

Thursday, September 24, 2015

Mr. HOYER. Mr. Speaker, on September 26, 2015, people throughout Maryland and the Fifth District will celebrate the 125th anniver-

sary of the founding of the Naval Support Facility Indian Head and the unique role it has played in strengthening our national security and growing the local community.

The facility traces its beginnings to Assistant Naval Constructor Robert Brooke Dashiell, a graduate of the Naval Academy in Annapolis who was dispatched by the Bureau of Ordnance to build a testing ground to support America's growing naval power at the turn of the century. Opened in 1890 as the Naval Proving Ground, NSF Indian Head was the Navy's first installation in Southern Maryland, beginning a long tradition in the region. Throughout its history, NSF Indian Head has been the site of development and testing for some of the most important weapons in the Navy's arsenal. Some of the world's most powerful rockets were created there, along with technologies used in pilots' ejection seats and life-saving armor.

Today, NSF Indian Head is home to several Navy tenants, including the Indian Head Division of the Naval Surface Warfare Center; the Marine Corps Chemical, Biological Incident Response Force; the Joint Interoperability Test Center; and the Naval Explosive Ordnance Disposal Technology Division. The work these tenants carry out at NSF Indian Head is critical to helping our seamen and Marines conduct their missions around the world and to ensuring their safety as they do so. I've been proud to visit NSF Indian Head many times over the more than two decades I have represented the installation and meet with those who serve there—as well as to support robust funding in Congress for the Navy to continue doing great work at NSF Indian Head.

For 125 years, residents of the Town of Indian Head and of Charles County have been extraordinary in their support for the men and women stationed at NSF Indian Head. Since the early part of the twentieth century, the town has grown up around the base, and communities across Charles County have benefited from the economic activity that NSF Indian Head generates by employing some of our nation's top energetic scientists and engineers. NSF Indian Head continues to be important not only to our national security but as one of the largest employers in Charles County and Southern Maryland.

I join in congratulating the men and women of NSF Indian Head on the facility's 125th anniversary and look forward to continuing to work with the Indian Head community to make sure the base has every resource it needs to carry out its work, which is so critical to our national defense.

IN RECOGNITION OF GARY LAMAR
"SPARKY" REEVES

HON. SANFORD D. BISHOP, JR.

OF GEORGIA
IN THE HOUSE OF REPRESENTATIVES

Thursday, September 24, 2015

Mr. BISHOP of Georgia. Mr. Speaker, I rise today to honor a distinguished educator and the bulwark of South Georgia Technical College, President Gary Lamar "Sparky" Reeves. A retirement celebration in honor of President Reeves was held on Wednesday, September 23, 2015 at 6:00 p.m. at the John M. Pope Industrial Technology Center on the campus in Americus, Georgia.
