

and the religious community represents the essence of the Centennial Institute's mission.

Mr. Speaker, it is an honor to recognize Mr. Jeff Hunt for his service.

RECOGNIZING MANN PLUMBING/
MPI SOLAR

HON. TODD C. YOUNG

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 27, 2015

Mr. YOUNG of Indiana. Mr. Speaker, my home state of Indiana is a place where hard-work and innovation are rewarded. The spirit of entrepreneurship and innovation is a long held tradition of Indiana, and the work of Mann Plumbing is evidence that such tradition is alive and well. Today I am honored to highlight their small business and recognize their good work.

Mann Plumbing/MPI Solar is a full service plumbing and solar energy equipment company located in Bloomington, Indiana. The business was started by David Mann and originally began as a full service plumbing company in 1992. During the 2008 economic downturn the company embraced the situation as an opportunity to expand their business and product offerings into a new market. To do so they began offering solar products to customers. Mann Plumbing/MPI Solar is now a regional leader in this industry. Their big risk turned into a success story.

Mann Plumbing/MPI Solar provides their services to countless Indiana businesses, including: apartment houses, businesses, schools, and the Monroe County Government Building.

Mann Plumbing/MPI Solar's transition from a traditional plumbing shop to a full service plumbing and solar company during difficult economic times serves as a model for other businesses. David Mann and his team revitalized their business with new services and products that helped shepherd Mann Plumbing through a difficult economic period, and allowed them to expand and thrive.

Today, Mann Plumbing/MPI Solar offers a wide variety of products and services to their customers. Mann Plumbing/MPI Solar's success is possible in part, because of highly-trained and dedicated staff. Skilled, motivated workers form the backbone of the Hoosier workforce and remain the key to widespread, economic prosperity.

I am proud to represent Mann Plumbing/MPI Solar and hope their willingness to take risk and ability to adapt serves to inspire others. I am pleased to highlight their good work today in this installment of Indiana's 9th Congressional District Small Business Spotlight.

HONORING RUTH FRIENDLY

HON. ELIOT L. ENGEL

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 27, 2015

Mr. ENGEL. Mr. Speaker, I rise today to honor a true leader in the Riverdale community, Ruth Friendly, who has been actively involved in several different neighborhood organizations for many years.

A former school teacher, Ruth was extensively involved in the curriculum development for the Scarsdale public school system before leaving the classroom in 1981 to join her husband, Fred Friendly, to work in media. Ruth served as a researcher, editor, producer, and executive producer for many landmark PBS series, and was an integral part of a team that received countless awards, including several for the series *The Constitution: That Delicate Balance*.

Ruth also produced over 200 non-televized programs for civic, legal, business, and educational organizations, often moderated by Fred. For 16 years, she served as Vice President and Senior Editorial Director at Fred Friendly Seminars.

Yet, in spite of her busy schedule, Ruth always found time to help the community. For the past eight years, she has been an active Board Member of Riverdale Neighborhood House. Ruth has also served on the Riverdale Senior Services Board, the Riverdale Mental Health Board, and the Fieldston Property Owners Association. She has also been active in the New York State court system, where she currently serves as Commissioner of the New York State Commission on Judicial Nomination, Court of Appeals, and as a panel member for the Disciplinary Committee of the Appellate Division, New York Supreme Court.

This year, Riverdale Neighborhood House is honoring Ruth at their 2015 Annual Benefit. I want to congratulate Ruth on this honor and thank her for her years of dedicated service to the community.

HONORING ROBERT T. GRAND

HON. LARRY BUCSHON

OF INDIANA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 27, 2015

Mr. BUCSHON. Mr. Speaker, I rise today to honor my good friend Robert T. Grand, who turns 60 this year.

A graduate of Wabash College and IU McKinney School of law, Bob has committed his adult life to public service.

Bob has been a tremendous advocate for Hoosiers through his work with former Indiana Gov. Bob Orr, Senator Dick Lugar, President Bush, Governor Mike Pence, and Senator DAN COATS and his efforts working for common-sense public policy, especially in areas of government regulation.

In fact, the 2016 edition of Best Lawyers in America, named Bob as "Lawyer of the Year" for his work in government relations practice and municipal law.

Bob, congrats on six decades of success and here's to many more years of health and happiness.

HONORING CHANCELLOR LARRY
NEIL VANDERHOEF

HON. JOHN GARAMENDI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, October 27, 2015

Mr. GARAMENDI. Mr. Speaker, I rise today to recognize Larry Neil Vanderhoef, a long-serving Chancellor at the University of Cali-

fornia, Davis. On October 15, Larry passed away at age 74. I was fortunate to call him my friend, and he will truly be missed.

Chancellor Vanderhoef grew up from adversity and humble beginnings to be an incredible leader. He was raised in a small factory town in Wisconsin, and became the first in his family to finish high school and one of the few in his small town to go to college. He received his BA and MS in Biology from the University of Wisconsin-Milwaukee, and he later pursued and received his Ph.D in Plant Biochemistry from Purdue University.

The Chancellor was a true visionary and academic diplomat, not just for the University of Davis but also for the wider Davis community. His extraordinary dedication is best described by the legacy he leaves behind. He devoted more than a quarter-century of his life to UC Davis, first as Provost and Executive Vice Chancellor from 1984 to 1994, and then as Chancellor for fifteen years after that—finally retiring in 2009. He was an academic servant who had a vision for UC Davis, and today the campus is one of the top leading research universities in the nation.

Throughout his life, Chancellor Vanderhoef was a tireless advocate for higher education whose passion and dedication transformed UC Davis. Almost every aspect of the university was impacted by his efforts to improve the education system, including the university's national rankings, student population, faculty, and research initiatives and facilities. Under Chancellor Vanderhoef's leadership, student enrollment grew from 22,000 to more than 30,000, the faculty increased by 44%, classroom, lab, and office space expanded by 6 million square feet, and the National Science Foundation ranked UC Davis in the top 10 in the nation for research funding among other public universities.

He was a visionary leader who made great strides toward bettering not only the university, but also the community of Davis. He held a strong passion for music and the arts, and advocated for the construction of what is now the Shrem Museum of Art. His promise to build a world-class performing arts center was realized in 2002 when doors opened to the Robert and Margrit Mondavi Center for the Performing Arts, placing the university on the world stage. The performing arts center also serves as a beautiful new south entrance to the campus, making it more accessible to the public.

During his tenure as Chancellor, UC Davis was admitted into the Association of American Universities, a prestigious organization with only 62 members in the United States and Canada. Chancellor Vanderhoef's support of the sciences and medical research was reflected in his many initiatives on campus such as the creation of the Robert Mondavi Institute for Wine and Food Science. He also transformed the Sacramento County Hospital into what is known today as the highly renowned UC Davis Health System, providing patients with the highest of quality care. The health system includes the UC Davis Medical Center, UC Davis School of Medicine, The Betty Irene Moore School of Nursing, and the UC Davis Medical Group. Not only does the UC Davis Health System conduct innovative research, but it stimulates Sacramento's economy by creating more than 20,000 jobs and generating \$3.4 billion annually in economic output.

In addition to the arts and sciences, Chancellor Vanderhoef was a firm believer in the
