

Awareness Month and to pay tribute to the hundreds of thousands of Americans who are living with Marfan syndrome and related connective tissue disorders.

I am proud to represent the nation's foremost organization working to support the Marfan community, The Marfan Foundation, based in Port Washington, New York. The Foundation was founded in 1981 by Priscilla Ciccariello, a woman of tremendous compassion and vision. Since then, The Marfan Foundation has worked tirelessly to improve the lives of individuals affected by Marfan syndrome and related connective tissue disorders by advancing research, raising awareness, and providing support.

It is estimated that 200,000 people in the United States are affected by Marfan syndrome or a related condition. Marfan syndrome is a genetic disorder of the connective tissue that can affect many areas of the body, including the heart, eyes, skeleton, lungs and blood vessels. It is a progressive condition and can cause deterioration in each of these body systems. The most serious and life-threatening aspect of the syndrome is a weakening of the aorta. The aorta is the largest artery carrying oxygenated blood from the heart. Over time, many Marfan syndrome patients experience a dramatic weakening of the aorta which can cause the vessel to dissect and tear.

Aortic dissection is a leading killer in the United States, and 20% of the people it affects have a genetic predisposition, like Marfan syndrome, to developing the complication. If patients receive an early and accurate diagnosis, the disease process can be slowed. However, due to a lack of education and awareness, physicians often do not diagnose a patient until an adverse cardiac event occurs.

High school athletes represent the most alarming group of individuals affected by adverse cardiac events, with an estimated incidence of once or twice per week. The inadequate health screening of athletes contributes annually to the untimely deaths of many young adults, especially those affected by structural cardiovascular abnormalities, such as Marfan syndrome. A recent example of the need for consistent cardiovascular screening guidelines is Isaiah Austin, who was diagnosed with Marfan syndrome when entering the National Basketball Association (NBA) Draft and thus previously unaware that he was at risk for sudden cardiac death during his entire scholastic basketball career.

Mr. Speaker, I encourage my colleagues to join me and The Marfan Foundation in raising awareness of this life-threatening disorder so we can prevent future unnecessary tragedies. I urge my colleagues to stand with me and reflect on what we can do to efficiently and effectively address this growing public health concern of health screenings for high school athletes. I look forward to working with my colleagues on both sides of the aisle to increase support for health screening programs in public and private high schools throughout the nation that aim to identify this silent enemy of our young athletes.

HONORING THE TRINITY EPISCOPAL CHURCH ON THE GREEN AS THEY CELEBRATE THEIR 200TH ANNIVERSARY

HON. ROSA L. DeLAURO

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Friday, February 26, 2016

Ms. DELAURO. Mr. Speaker, in December of 1812, the Town Council of New Haven, Connecticut, voted to allow the construction of Trinity Episcopal Church on the town green. This vote represented a unique moment of tolerance and acceptance in the City's history as since its inception the community and indeed the state was controlled by the Congregational Church with deep Puritan roots. Four years later, construction of Trinity Episcopal Church, affectionately known locally as Trinity on the Green, was completed. Two hundred years later, the Gothic-style church, the first of its kind in North America, continues to proudly call the New Haven Green its home.

Over the course of its 200-year history, Trinity on the Green has been much more than simply a house of worship. Its parish members have also given back to the community, particularly through Chapel on the Green. Serving the homeless and others, every Sunday, 52 weeks a year, outdoors regardless of weather, Trinity offers a short Eucharist service followed by a simple lunch. Gathered participants sing, offer prayers, celebrate a simple Eucharist and partake of a meal. Throughout the year the services also include a foot washing clinic, handing out of socks and clothing, and a moving memorial to the homeless who have died the past year. Trinity on the Green also donates generous resources to a variety of charitable organizations and parish members can often be found volunteering throughout the City at soup kitchens and shelters.

Trinity on the Green is also home to the Trinity Choir of Men and Boys. With members as young as age eight and ranging to men well into adulthood, it is the oldest such choir in Connecticut, one of the oldest in the United States, and one of very few that have been in continuous service since inception. In addition to providing choral music at Trinity worship services, the Choir also performs at the Christmas and Spring Concerts as well as throughout events in the wider community. The dedication and talent of its membership has earned the Choir a distinguished reputation and they have regularly appeared with other well-known musical organizations. The youngest of the group have a separate identity as the Trinity Boys Choir and their service to the community is certainly something to be recognized. Their frequent outreach activities have included benefit performances for the Children's Center, Ronald McDonald House, Sage Services, Newington Children's Hospital, the Fair Haven Parents' Ministry, the Smilow Cancer Center, and for WFSB Channel 3's annual Joy for Kids Holiday Show at the Hartford Stage. They have sung in the Cathedrals of the British Isles and have been invited to appear at five Christmastime celebrations at the White House.

Our churches play a vital role in our communities—providing people with a place to turn to for comfort and guidance when they are most in need. Trinity on the Green gives its members a place to find their spiritual cen-

ter and to solidify and support their values. For 200 years, Trinity on the Green has been a fixture in our community—a poignant reminder of religious tolerance and acceptance. Their parish members are dedicated to making a difference in our community and have shown a remarkable dedication to serving those most in need. I am proud to stand today and extend my very best wishes to them as they mark this milestone in their history. Happy 200th Anniversary!

RECOGNIZING MS. KRISTY IMHOF AS THE 2017 ESCAMBIA COUNTY, FLORIDA, TEACHER OF THE YEAR

HON. JEFF MILLER

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Friday, February 26, 2016

Mr. MILLER of Florida. Mr. Speaker, I rise to recognize Ms. Kristy Imhof as the 2017 Escambia County, Florida, Teacher of the Year. For more than a decade, Ms. Imhof has inspired her students through an enthusiastic teaching style that allows students to engage with their learning materials, develop their skills, and reach their highest potential.

Throughout her career as an educator, Ms. Imhof has exemplified many of the most important characteristics of a world-class educator. Upon graduating from Florida State University, Ms. Imhof began her teaching career at Emerald Coast Academy in Pensacola, developing a curriculum to meet the needs of students with learning disabilities, before joining the Escambia County School District as a seventh grade history teacher at Ransom Middle School in Pensacola. Ms. Imhof was at the forefront of educators integrating new technology into the teaching experience to help better engage her students to connect with our Nation's storied history, and during this time, she also led workshops with her fellow teachers to help them incorporate technology into their lesson plans.

Thanks in large part to her success leading her fellow coworkers at Ransom, Ms. Imhof then joined an educational consulting company, CompassLearning, where she was responsible for training teachers and administrators from Pensacola to Tallahassee on how to implement new plans to bring computers into the classroom and utilize the expanding array of educational software.

Like many great teachers, Ms. Imhof is also deeply committed to serving and improving her local community, as evidenced by her time spent as an English literacy and civics teacher at Santa Rosa Adult School in Milton. In this capacity, she played an integral role in a new district program to improve academic achievement for students from non-English speaking homes, which included her simultaneously teaching civics lessons to non-English speaking parents, to better integrate them into the Northwest Florida community, and tutoring their children during school hours. In this capacity, Ms. Imhof consistently went above and beyond, conducting weekly home visits and serving as a liaison to bridge language and cultural gaps, thereby improving the educational experience, and as a result the academic achievements, of many Northwest Florida students.

In 2013, Ms. Imhof returned to Ransom Middle School, where she began her tenure in the Escambia County School District. In her current capacity as a seventh grade English teacher, Ms. Imhof strives to challenge and motivate her students to develop a passion for reading and language arts, while also focusing on how to translate their studies into real-world writing skills using extensive modeling and mentor texts. In addition to her success in the classroom, Ms. Imhof continues to be a leader amongst her peers, serving as a Mentor Teacher to help pass on the lessons she has learned to those entering the educational field. In addition, she also serves on the Interview Committee, is the Student of the Month Chairperson, Grade Level Treasurer, and Bostops for Education Coordinator, while also serving the Ransom student body further as the Cross Country Club Sponsor and Assistant Track Coach.

Teachers are amongst our Nation's most valuable public servants. Both in and out of the classroom, they help mentor their students and ensure that our next generation emerges ready to lead our Nation in the future. Ms. Imhof's assiduous work ethic, unbridled enthusiasm, creativity, and commitment to student engagement exemplify the characteristics of an extraordinary teacher, and her selection as the 2017 Escambia County Teacher of the Year is a well-deserved reflection of her success and leadership in and out of the classroom.

Mr. Speaker, on behalf of the United States Congress, I am privileged to recognize Ms. Kristy Imhof for her accomplishments and her continuing commitment to excellence at Ransom Middle School and in the Escambia County School District. My wife Vicki joins me in congratulating Ms. Imhof, and we wish her all the best for continued success.

CELEBRATING THE ALTOONA CITY PLANNING COMMISSION FOR 100 YEARS OF SERVICE

HON. BILL SHUSTER

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Friday, February 26, 2016

Mr. SHUSTER. Mr. Speaker, I rise today to celebrate the Altoona City Planning Commission (APC) on its 100th year of service to the Altoona community.

The APC was officially introduced in a 1916 ordinance, by then-mayor Charles E. Rhodes, during a message to City Council. Shortly after the official ordinance was introduced, the City Council unanimously passed it, thereby creating the Department of City Planning and the Altoona City Planning Commission. While the ordinance received unanimous backing from the council, it had previously faced political opposition. Thus, a great deal of thanks is due to those who provided concerted support for the planning commission's creation.

Today, the APC consists of a seven-member Board of area residents, which is appointed by the Mayor. Acting in an advisory role to the City Council, the APC helps direct the short and long-term development of the city. As such, I would like to express my appreciation and that of Altoona's residents to all those who have served on this Board throughout its 100 years of existence. I believe it is

also worth highlighting that the APC is the longest continuously operating planning commission in the Commonwealth of Pennsylvania.

I am privileged to congratulate the APC on a century of history and service to the Altoona community, and to thank all who have helped this commission continue its success.

IN RECOGNITION OF NATIONAL FUTURE FARMERS OF AMERICA ORGANIZATION WEEK

HON. ROD BLUM

OF IOWA

IN THE HOUSE OF REPRESENTATIVES

Friday, February 26, 2016

Mr. BLUM. Mr. Speaker, I rise today in recognition of the young future farmers in the First District of Iowa celebrating the 2016 National Future Farmers of America Organization Week.

The National Future Farmers of America Organization, more commonly known as the FFA, formed in 1928 to provide an opportunity for young farmers to develop their leadership skills and embrace their profession in agriculture. Since that time, this organization has grown to be and mean so much more to the students that participate.

Through the FFA, middle and high school students are engaged in a wide range of curriculum and activities, preparing them for hundreds of different career opportunities in agriculture.

Across the country, the FFA provides a path to achievement for young men and women aspiring to be teachers, scientists, business owners, and other important professions within agriculture. The Future Farmers of America provides the skills necessary for the next generation of farmers to face challenges and develop their talents in an ever changing and dynamic field.

The Iowa Future Farmers of America has 14,800 students within 226 chapters across the state. I am proud of the job the Iowa FFA is doing training our young people and setting them on a rewarding path for career success in agriculture. Without a doubt, the FFA is preparing these next generation of Iowans to be innovators and leaders, as farming continues to evolve to meet the requirements of production necessary to feed our country.

I recognize them for their passion and achievements, and wish the organization and the students all continued success for many more years.

HONORING THE LATE CHARLES E. CROWNSHIELD

HON. ELISE M. STEFANIK

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Friday, February 26, 2016

Ms. STEFANIK. Mr. Speaker, I rise today to honor and recognize the late Mr. Charles E. Crownshield of Port Kent, New York, who was extremely dedicated to community service.

Charlie spent 44 years of his life as the dock master for the Lake Champlain Transportation Company and lived his entire life in Port

Kent, New York, located in New York's 21st Congressional District. Charlie will be remembered by the family and friends that surrounded him as a loyal and dedicated man, with a wonderful sense of humor and a deep faith.

Charlie devoted many years to organizations in his community including the Au Sable River Masonic Lodge #149, Keeseville Kiwanis, Town of Chesterfield Zoning Board of Appeals, the North Star Underground Railroad Museum and the Keeseville Elks Lodge. Charlie also served as the chair of the Town of Chesterfield Republican Committee and was a member of the Essex County Republican Committee.

Charlie often spoke of his two true loves, his wife Sue and politics. Charlie will be missed by many for his dedication to civics through his involvement in many local organizations in Upstate New York and beyond.

I thank Charlie's family for sharing him with the community and send them my most heartfelt condolences on his loss.

HONORING JOSEPH CARBONE ON THE CELEBRATION OF HIS 20TH ANNIVERSARY AS PRESIDENT & CEO OF THE WORKPLACE, INC.

HON. ROSA L. DeLAURO

OF CONNECTICUT

IN THE HOUSE OF REPRESENTATIVES

Friday, February 26, 2016

Ms. DeLAURO. Mr. Speaker, It is with great pleasure that I rise today to join the friends and colleagues gathered this evening to pay tribute to Joseph Carbone as he marks his 20th Anniversary as President and CEO of the WorkPlace, Inc. It is an extraordinary milestone for Joe and this remarkable organization.

Under Joe's leadership, the WorkPlace has evolved into a nationally recognized leader in skill development and worker training. His innovative vision and approach has brought a myriad of unique programs to life, expanding the agency's capacity to assist our community's vulnerable populations and transforming countless lives. Successfully pursuing both government and private funding resources, Joe has ensured that the programs and services offered at the WorkPlace continue to meet the ever-changing needs of those they serve.

Over the course of the last two decades, Joe and the WorkPlace have been at the forefront of innovative programming. The SWCT Works Assisted Services Center is the first of its kind and only one in Connecticut. It focuses on ensuring the American workforce system is accessible to people with disabilities. The WorkPlace has taken the initiative to provide veterans, including those who are homeless or incarcerated, a variety of job training, re-employment assistance and support services with a particular focus on opportunities in the green energy industry. Maturity Works is a program that helps unemployed people 55 or older, gain skills to reenter the workforce through paid community service opportunities.

Joe's crowning achievement is his program Platform to Employment, a privately funded program that created a pathway back to employment for individuals who have exhausted their maximum 99 weeks of unemployment
