CELEBRATING THE 65TH ANNIVERSARY OF THE FLORHAM PARK MEMORIAL FIRST AID SQUAD

HON. RODNEY P. FRELINGHUYSEN

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Tuesday, April 19, 2016

Mr. FRELINGHUYSEN. Mr. Speaker, I rise today to recognize the 65th Anniversary of The Florham Park Memorial First Aid Squad, located in Florham Park, in Morris County, New Jersey.

Over the years, the squad has responded to various types of emergencies including: motor vehicle collisions, fire, plane crashes and have cared for victims of crimes. They have also been in attendance at countless parades, gazebo concerts, football games and graduations. For fifty years the squad has functioned as a free-of-charge service, relying upon donations from residents and businesses in order to cover their expenses.

As time has passed, the borough's population has increased, causing a raise in the number of calls they receive. In their first year, they had fifty-eight calls, while in 2000, there were 962. They have racked up more than 350,000 miles on a total of fourteen ambulances.

In 1951, first aid squads were considered an innovative idea. Only a few surrounding towns had them and there were only one-hundred

and thirty squads operating in New Jersey. On January 15, 1951 the Florham Park Volunteer Fire Department decided to form their town's squad as a separate non-profit corporation. At the start, firemen served as advisors and trustees.

The concept of dialing 9-1-1 was not used until the early 1990s by Florham Park. When the squad first formed, a local storekeeper, Carmen Kursino, fielded calls during the day and the police department answered at night. In 1955, technology had advanced and an answering service in Madison dispatched calls. During this time, not many families had two cars, so in order to assist the volunteers the ambulance would pick up the crew on the way to the call. In 1965, calls would be broadcasted to volunteers over radio receivers called Pletrons. These were later upgraded to battery-operated units which allowed the crew to travel around town freely. They currently use Minitor II technology.

In order to be able to staff weekday shifts, Florham Park became one of the first squads in New Jersey that allowed women to join. An article written in the Newark Sunday News on October 2, 1955, echoed the feelings of that day. It stated, these women "may have to drop their brooms, forsake the washing or leave the dishes to rush to the squads headquarters" in order to receive a call.

Originally, their ambulance was stored in the Brooklake firehouse. However, after the fire department purchased a second fire truck, the squad was forced to find a new home. On February 20, 1953 they purchased a garage next door to their old location. They dedicated the building to the late Captain C. Howard Collins on Memorial Day 1953. In 1964, the town suggested the squad move to Felch Road. They listened and ended up purchasing a building costing around \$40,000.

The squad continues to update their equipment and training in order to keep up with advancements in emergency care. They are still the primary providers of first aid care to residents and workers of the borough and provide trusted aid to the surrounding communities.

Mr. Speaker, please join me in recognizing the Executive Board, members and volunteers of the Florham Park Memorial First Aid Squad of Florham Park, New Jersey for all of their service to their community.
