CONGRATULATING CARSON WENTZ

(Mr. CRAMER asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CRAMER. Mr. Speaker, forgive me for being proud, but today my 750,000 fellow North Dakotans and I are standing a little taller as we celebrate the extraordinary accomplishments of one exceptional young man.

Last night, every television in North Dakota was tuned in to the NFL draft to see who the lucky team would be who gets North Dakota State University quarterback Carson Wentz. The Philadelphia Eagles used the second overall pick to take Carson. Cheers and tears of pride and admiration for the most famous Bison football player ever expressed a sense of State patriotism.

NDSU's record of five consecutive FCS national championships took a backseat to one special Bismarck native, and rightfully so. Carson Wentz is more than a 6 foot, 5 inch superathlete. He is a man who takes God's incredible gifts and works them with an ethic of worship. His mind and heart are as big as his frame; and his pride is not in himself, but it is in his team, in his school, in his community, and in his State.

We are happy for the good people of Philadelphia, knowing that Pennsylvania is gaining much more than a great football player. They are gaining a great citizen. Congratulations, Eagles.

And God bless you in your new adventure, Carson Wentz. Thanks for being a great ambassador for North Dakota.

HONORING SERGIO KLOR DE ALVA

(Mr. FARR asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. FARR. Mr. Speaker, I rise today to honor the life of Sergio Klor de Alva.

Sergio was a member of the Farr congressional team, and was taken from us in a tragic accident late Monday night. Sergio served as an intern in my office. He was engaging, kind, and ever helpful.

Upon leaving Washington, he returned to the University of California at Santa Cruz, and he won a place on the student council. He later volunteered his time to work in Congressman MIKE HONDA's reelection campaign. At 24, he had amassed a resume that spoke to the dedication and passion he had for civil service.

I was and continue to be impressed with this young man's incredible ambi-

tion. His future would have undoubtedly been one of public service.

Upon leaving my office, Sergio said in his exit interview:

I cannot tell the future, but I can see mine here. But until that day, know that I will miss this place.

Rest assured, Sergio, this place will miss you. God bless your short, but so meaning meaningful, life and your beautiful family who have to live in the tragedy of your death.

100TH ANNIVERSARY OF COUNTY CORNER

(Mr. BISHOP of Utah asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. BISHOP of Utah. Mr. Speaker, I grew up in a small town in Utah where I remember a Sinclair gas station that was situated where Route 39 intersects Route 134. It is a place where parents would stop to fill up their cars while taking their kids to school, and airmen would stop on the way to serve at Hill Air Force Base; where fathers would fill up the RV on the way to the family vacation, and I may have actually stopped to get a few Dr Pepper's as well. County Corner store is part of the Sinclair family, which is today celebrating their 100-year anniversary.

Today, there are 1,300 Sinclair-branded stations in 24 States. They operate the largest refinery in the Rocky Mountain West, they have their offices located in Utah, and they have 1,200 employees.

You may actually recognize the green dinosaur that is the logo. It is an apatosaurus, and its name is Dino. It debuted at the World's Fair in Chicago in 1933, has been a part of the Macy's Thanksgiving Day parade, and is actually an honorary member of the Museum of Natural History.

In an era where it is sometimes en vogue to condemn the gas-powered engine, we have to realize that people drive to work, families drive to church, schoolbuses drive kids back and forth, as well as the fact that firefighters rush to help businesses that are threatened. The Sinclair Oil Corporation has a hand in making all that possible.

Happy birthday.

HONORING SAMUEL "BILLY" KYLES

(Mr. COHEN asked and was given permission to address the House for 1 minute.)

Mr. COHEN. Mr. Speaker, the city of Memphis and the United States lost a great clergyman and civil rights leader this past week in Reverend Samuel "Billy" Kyles.

Samuel "Billy" Kyles was born in Mississippi, moved to Chicago, but found his home and his purpose in Memphis, Tennessee, where he founded Monumental Baptist Church and served there for 55 years.

He was a courageous man who helped integrate the Memphis schools. One of his daughters was one of the 13 young children that integrated the schools. He got on a bus and refused to go to the back of the bus in 1964 with six others and helped integrate the buses in Memphis. His life was dedicated to civil rights, making Memphis better, and serving his church members.

He is well known and remembered for being at the Lorraine Motel on the day that Dr. King was assassinated on April 4, 1968. On that occasion, he was near Dr. King and was a witness to the assassination, which he told people about throughout the country and is part of a documentary film called "The Witness."

He remembered Dr. King's work to all, witnessed what he did and what happened in Memphis. He lived his life as Dr. King would have wanted: trying to move civil rights forward and making America the country that it was supposed to be. A life well lived.

DEFUND NUCLEAR DEAL WITH IRAN

(Mr. BABIN asked and was given permission to address the House for 1 minute.)

Mr. BABIN. Mr. Speaker, the Obama administration's foolish nuclear deal with Iran continues to get more troubling and damaging by the day.

Last week, we found out that the administration was spending \$8.6 million of our hard-earned tax dollars to buy nuclear material from Iran. That is right: the United States Government is borrowing money from China and the rest of the world to buy heavy water from Iran, water used in nuclear reactors.

This is insanely foolish. I thought that the goal of Obama's nuclear deal was to stop Iran's nuclear program, not subsidize it.

Iran remains the world's leading sponsor of terrorism. They have been directly tied to the deaths of thousands of U.S. servicemembers. Providing the Iranian regime with millions of tax dollars only gives them new financing to spread hateful ideology, terror, and death across the globe.

The Obama administration's payments to this terrorist regime further legitimize their growing nuclear ambitions. Is it any wonder that our allies no longer consider the United States a reliable partner?

Appeasement only emboldens bullies, terrorists, and dictators. Sadly, this is the path that this current administration has chosen.

VERIFYING OPTIMAL TOOLS FOR ELECTIONS ACT OF 2016

(Mr. JOHNSON of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. JOHNSON of Georgia. Mr. Speaker, there is a grave threat that is facing the American electoral process in
