

manner inconsistent with the trust and confidence placed in him as an officer of the United States, as follows:

During his confirmation hearing before the Senate Committee on Finance, John Andrew Koskinen promised, "We will be transparent about any problems we run into; and the public and certainly this committee will know about those problems as soon as we do."

Commissioner Koskinen repeatedly violated that promise. As early as February 2014 and no later than April 2014, he was aware that a substantial portion of Lois Lerner's emails could not be produced to Congress. However, in a March 19, 2014, letter to Senator WYDEN of the Senate Committee on Finance, Commissioner Koskinen said, "We are transmitting today additional information that we believe completes our production to your committee and the House Ways and Means Committee. In light of those productions, I hope that the investigations can be concluded in the very near future."

At the time he sent that letter, he knew that the document production was not complete.

Commissioner Koskinen did not notify Congress of any problem until June 13, 2014, when he included the information on the fifth page of the third enclosure of a letter to the Senate Committee on Finance.

Wherefore, John Andrew Koskinen, by such conduct, warrants impeachment and trial and removal from office.

Article 4:

John Andrew Koskinen has failed to act with competence and forthrightness in overseeing the investigation into Internal Revenue Service targeting of Americans because of their political affiliations as follows:

Commissioner Koskinen stated in a hearing on June 20, 2014, that the Internal Revenue Service had "gone to great lengths" to retrieve all of Lois Lerner's emails. Commissioner Koskinen's actions contradicted the assurances he gave to Congress.

The Treasury Inspector General for Tax Administration found over 1,000 of Lois Lerner's emails that the Internal Revenue Service had failed to produce. Those discoveries took only 15 days of investigation to uncover. The Treasury Inspector General for Tax Administration searched a number of available sources, including disaster backup tapes, Lois Lerner's BlackBerry, the email server, backup tapes for the email server, and Lois Lerner's temporary replacement laptop. The Internal Revenue Service failed to examine any of those sources in its own investigation.

Wherefore, John Andrew Koskinen, by such conduct, warrants impeachment, trial, and removal from office.
