

Community School District in Johnston, Iowa. On Thursday, September 8, 2016, Richard Brooks was a recipient of The Presidential Awards for Excellence in Mathematics and Science Teaching at a ceremony in Washington, D.C.

The Presidential Awards for Excellence in Mathematics and Science Teaching (PAEMST) are the highest honors bestowed upon K-12 mathematics and science teachers by the federal government. Established by Congress in 1983, the PAEMST program has been a benchmark that all teachers strive to achieve. Richard Brooks' dedication to his students and steadfastness in his commitment to excellence has not gone unnoticed. I am honored to recognize him as one of this year's recipients.

Mr. Speaker, I applaud and congratulate Richard Brooks for receiving this award and for providing the youth in Iowa's 3rd Congressional District the education that they will need to be successful in the future. I am proud to represent him, his fellow teachers and students in the United States Congress. I know that my colleagues in the United States House of Representatives will join me in congratulating Richard Brooks and wishing him well and continued success in the future.

COMMEMORATING THE OPENING
OF CITRUS RIDGE: A CIVICS
ACADEMY

HON. DENNIS A. ROSS

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 13, 2016

Mr. ROSS. Mr. Speaker, I rise today to commemorate the opening of Citrus Ridge: A Civics Academy, a new charter school for Kindergarten through eighth grade students, located in Florida's 15th Congressional District.

Citrus Ridge integrates Civics content and skills throughout all its students' curriculum. There, students will learn the skills and responsibilities associated with good citizenship by contributing to their school community.

Middle School students have the special opportunity to participate in the Civics Leadership Academy with a variety of civics electives, including Speech and Debate, Engaged Citizenship through Service Learning, and Law Studies.

By engaging in these courses, along with their regular curriculum, students will learn the importance of civic engagement and the valuable principles of self-government.

This great nation has a system of self-government in place, thoughtfully set forth by our Founding Fathers.

Self-government is the ability to govern one's self. Without this ability, individuals and politicians cease to vote for and promote policies contributing to the sustaining of our Republic.

We need to teach our children the principles of self-government at an early age and throughout their lives, so they may become well-informed and contributing citizens in our society.

I congratulate and thank all those who have been engaged in and helped with this amazing effort, and I offer my continued support to Citrus Ridge moving forward. It is my hope Citrus Ridge will be an example of civic learning and

engagement throughout the 15th District, the entire State of Florida, and the United States of America.

RECOGNIZING SEPTEMBER IS
CHILDHOOD CANCER AWARENESS
MONTH AND THE LIFE OF AMAN-
DA CONROW

HON. LOUISE McINTOSH SLAUGHTER

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 13, 2016

Ms. SLAUGHTER. Mr. Speaker, I rise today to observe September as National Childhood Cancer Awareness Month. This year over 16,000 children and adolescents will be diagnosed with cancer. This horrifying disease does not know race, nationality, religion, gender, or socio-economic status. As a mother and a grandmother, one of my greatest hopes is that one day every person can live a healthy, long life without the fear of cancer. I'm especially proud that a bill I wrote, the Genetic Information Nondiscrimination Act (GINA), is now playing a leading role in much of the cancer research being done across the country today, after a 14 year fight to get it signed into law.

Eliminating childhood cancer is one issue that I am grateful to see is bipartisan. As a member of the Congressional Childhood Cancer Caucus, I am proud to work with my friends on both sides of the aisle to advocate and support robust funding for research to prevent the suffering and long-term effects of childhood cancer.

With significant advances in medicine in the past 40 years, the mortality rate for childhood cancer has declined by more than 50 percent. Still, 1,250 children may lose their battle with cancer by the end of this year. We must continue to push for robust funding for institutions such as the National Institutes of Health and the National Cancer Institute. We must work to increase awareness for early detection and support those in our community who face this reality with our compassion and support.

Further, Mr. Speaker, I wish to pay tribute to the extraordinary life of Rochester's own Amanda Conrow. In 2012, when she was just three years old, Amanda was diagnosed with ependymoma, a cancer of the brain and central nervous system. Doctors told Amanda's parents she would maybe live another year. Amanda, like so many other courageous children, proved the doctors wrong. With the support and love of her mother Liz, her father Paul, and her amazing siblings Samantha, Michael, Jessica and Emily, Amanda lived to see her sixth birthday. Her determination and tenaciousness inspired many in the community and helped to bring awareness to childhood cancer in the Rochester area. Sadly, Amanda lost her battle in the early hours of February 8, 2015.

Mr. Speaker, let us all be inspired by Amanda's life and the courage and bravery of every child facing this disease. It is my deepest hope that we can support the work of doctors and researchers that are committed to working tirelessly so that one day we will achieve the ultimate goal of eliminating cancer as a threat to all.

IN HONOR OF THE LIFE OF JAMES
G. PATTERSON

HON. MIKE ROGERS

OF ALABAMA

IN THE HOUSE OF REPRESENTATIVES

Tuesday, September 13, 2016

Mr. ROGERS of Alabama. Mr. Speaker, I ask for the House's attention today to recognize the life of James G. Patterson.

August 22nd marks the birthday of Mr. Patterson who served his country in Korea until the conflict ended on July 27, 1953. Mr. Patterson returned to Alabama in the late 1950s and joined the Alabama National Guard. He served at the integration of the University of Alabama in June of 1963 and during the third Civil Rights march from Selma to Montgomery in 1965.

His Army and National Guard experience were important to him and he shared his admiration and respect for Korea, education, religion and Civil Rights with his son, James E. Patterson, an Auburn University graduate, an Associate Member of the Korean War Veterans Association and a life member of the America Foreign Service Association.

Mr. Patterson's son honored his father, who passed away in 2003, by appearing as a reporter in the 2015 film "Selma." His son had his late father's military photo in his pocket as his scenes were filmed in Atlanta the week of Father's Day in 2014. James also wrote an article in the April 2015 issue of the National Guard Magazine titled, "Proud of My Father."

On August 22, the Patterson family remembers and celebrates the life of James G. Patterson by volunteering at libraries, churches and schools.
