

RECOGNIZING THE 100TH ANNIVERSARY OF THE CHAZY CENTRAL RURAL SCHOOL DISTRICT

**HON. ELISE M. STEFANIK**

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 20, 2016*

Ms. STEFANIK. Mr. Speaker, I rise today to honor and recognize the 100th anniversary of the Chazy Central Rural School District in Chazy, New York. The Chazy Central Rural School District was the first centralized rural school district in the United States. Since its founding in 1916, through the consolidation of eleven rural schools, Chazy Central has given children in the community the educational advantages they would receive living in a large city.

The new school opened its doors on November 14, 1916, and was soon recognized throughout the world as an extraordinary school for a town of 800 residents. The building itself stood five stories tall and supported a bell tower that was seventy-one feet higher than the fifth floor roof. The school consisted of forty-four rooms, and boasted an English room modeled in the Tudor style, an auditorium capable of seating 1100 people, and two gymnasiums and swimming pools. There was also a fully equipped nursing office and a dentist on staff to ensure that the students had access to the best healthcare.

At the time of its founding, Chazy Central had special departments in agriculture, industrial arts, household arts, library, music, and physical education. The student body consisted of eight grades and a four year high school program.

Today, the Chazy Central Rural School District consists of an elementary school and a junior-senior high school, and the school district remains committed to providing students with an excellent education and the resources they need to become successful adults. Beginning in elementary school, students have access to computer labs and music and art classes, and as they grow, are afforded opportunities like travelling to Model United Nations Conferences and participating in different sports programs.

As the first rural school district in the United States, Chazy Central School District has successfully educated students for 100 years. Congratulations to the Chazy Central Rural School District. I want to wish its teachers, administrators, students, and alumni all the best in the future.

KENNETH RAY HOUSTON

**HON. TED POE**

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

*Tuesday, September 20, 2016*

Mr. POE of Texas. Mr. Speaker, it is with great pride that I recognize Pro Football Hall of Famer, Kenny Houston, and pay tribute to his contributions to his alma mater, Prairie View A&M University. Kenny is one of the best football players to ever play the game; he is an outstanding member of our community, on and off the field.

Kenny was born and raised in Lufkin, Texas and attended Dunbar High School where he started his long career in one of Texas' favorite past times, football. After graduating from high school in 1962, he chose to play football for Prairie View A&M University. During his time at Prairie View, he was a standout All-American in the Southwestern Athletic Conference, and the Panthers won the 1963–1964 Black College National Championship Football title.

The Houston Oilers made Kenny their 9th round pick in the 1967 draft, once again keeping him close to Texas. He played six seasons with the Houston Oilers, four under head coach Wally Lemm. Houston fans were upset when the Oilers traded Kenny in 1973 to the Washington Redskins. He then went on to play eight seasons in the prime of his career until he retired in 1980. He played a total of 14 seasons and 196 games in the National Football League. In recognition of his tremendous talent, he played in ten pro bowls and was named to the NFL's 1970s All-Decade Team, the NFL's All-Time 75th Anniversary Team and in 1999, Sporting News named him one of the 100 greatest players in NFL history. He was inducted into the Pro Football Hall of Fame in 1986.

Despite his big league career and national stardom, Kenny has never lost the small town values that helped shape him. After his professional football career, he followed his passion to teach and coach and remains a strong advocate for students. He is a dedicated family man, having been married to his wife Gustie for 49 years, and he is also the proud father of two grown children.

On behalf of the Second Congressional District of Texas, I commend this remarkable leader for giving back to our community, being a role model for our youth, and helping the next generation of athletes achieve their dream of attending college and playing football at the collegiate level.

And that's just the way it is.
