yet rewarding work of the civil rights movement. I ask all my colleagues to join me in honoring the significant contributions to civil rights in our community and nation of the Sacramento NAACP.

The Sacramento branch was founded in 1916, seven years after the establishment of the first NAACP office in New York. The Sacramento branch was one of the first formed in the West and has continued to lead the peaceful, but powerful, fight against violence and civil rights abuses. This year's Gala embodies the valued work of the branch over the years, which has helped the community express its voice and assert its rights. Through the faith, perseverance, and never-ending courage of the Sacramento NAACP, our community has seen the rights of many expanded and protected.

Over the years the Sacramento branch of the NAACP has seen many great leaders. This legacy began with Rev. T. Allen, the first president of the branch who fought tirelessly to see that liberties would be defended. This fight has continued with every subsequent leader. This year's Gala is a testament to their hard work, which has included providing free legal services to fight discrimination, sponsoring bills that ensure the rights of children and families, and fighting for education in the community.

For 100 years the Sacramento branch of the NAACP has been striving to ensure political, educational, social, and economic equality for all. The NAACP has always been and will continue to be an instrumental organization in facilitating the advancement of minorities. I ask all my colleagues to join me in celebrating the 100th anniversary of the Sacramento chapter of the NAACP.

HONORING STEVE LATOURETTE

HON. BOB GOODLATTE

OF VIRGINIA IN THE HOUSE OF REPRESENTATIVES

Tuesday, November 29, 2016

Mr. GOODLATTE. Mr. Speaker, I rise to pay tribute to a good friend and former colleague, Steve LaTourette, who sadly passed away earlier this year after battling pancreatic cancer.

I first met Steve after he was elected to serve the 19th Congressional District of Ohio in 1994. One of the longtime leaders of the House Transportation and Infrastructure Committee, Steve worked diligently on improving the infrastructure needs of not just his district and Ohio, but the nation. He played an important role in crafting highway authorization legislation, and in his last few years in the House, served as a member of the Appropriations Committee's Transportation Subcommittee as well.

Steve was also someone who sought out consensus and results in the legislative process. As one of the heads of Republican Main Street Partnership, a moderate Republican organization, Steve looked for ways to advance policy ideas that would benefit the American people and bring as many folks together as possible on common ground.

While Steve is no longer with us today, his sense of humor, leadership, and intelligence are not forgotten. I know that folks in Ohio and across the nation will remember his good works in Congress on behalf of his constituents and the American people. True public servants like Steve LaTourette are missed when they leave the House, and mourned when they pass away too soon.

Our thoughts and prayers go out to Steve's wife, children, and his entire family. He will be missed.

HONORING THE LIFE OF DR. FRANK J. INDIHAR

HON. BETTY McCOLLUM

OF MINNESOTA

IN THE HOUSE OF REPRESENTATIVES Tuesday. November 29, 2016

Ms. McCOLLUM. Mr. Speaker, my dear friend, Frank J. Indihar, MD passed away on October 23, 2016. He leaves a legacy of both medical excellence and committed service to my community, the state of Minnesota, and our nation.

From 2002 through 2008, Dr. Indihar led Bethesda Hospital as Chief Executive Officer, after serving as its Medical Director for several years and decades as a practicing physician. Bethesda Hospital, located steps from the State Capitol in Saint Paul, is a long-term acute care hospital with a reputation for firstclass specialty care. Under his management, Bethesda improved its programs and services and undertook major facility renovations.

The entire Midwest greatly benefited from Dr. Indihar's long list of accomplishments at Bethesda, including establishing the Capistrant Center for Parkinson's Disease and Movement Disorders, starting an innovative clinic to treat young people injured from concussions, and creating a therapeutic garden for patients, families, and employees.

With Bethesda's specialty in treating brain injuries, Dr. Indihar was a key resource to me as we worked to ensure that our servicemembers and veterans receive the health care they need, including assessment and treatment for those who sustained traumatic brain injuries during their service in Iraq and Afghanistan. Dr. Indihar greatly assisted me with my work on this issue in Congress.

As a Major in the United States Army Medical Corps, Dr. Indihar began his medical career serving in Vietnam and Washington, DC, and was awarded a Bronze Star with Oak Leaf Cluster in 1970 for his brave and meritorious service. In 1973, he served as Chief Resident in Internal Medicine Service at the Minneapolis VA Medical Center.

Throughout his distinguished career, Dr. Indihar demonstrated a steadfast commitment to excellence in medicine. Among his numerous professional positions, he was President of the Ramsey County Medical Society and served as Delegate and Chair of the Minnesota delegation to the American Medical Association House of Delegates for many years. His dedication to medicine was especially apparent through his lifelong mentorship of medical students.

Frank was known as a Renaissance man and demonstrated strong support for the arts community in Minnesota. He also made extensive civic contributions to the boards of Catholic Services to the Elderly, the Minnesota Orchestra, New Connections, and the Saint Paul Seminary.

I wish to extend my sincere condolences to Frank's wife, Anita Pampusch, as well as his sisters, nephew and nieces, and grandnieces. My heartfelt condolences also go out to his colleagues at Bethesda Hospital and HealthEast for their loss.

It was an honor to work with Frank, and I valued our continued friendship in his retirement. He was a kind and extraordinary person who will be deeply missed.

IN RECOGNITION OF THE 2016 URBAN LAND INSTITUTE VISION HONORS AWARD RECIPIENTS

HON. DORIS O. MATSUI

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES Tuesday, November 29, 2016

Ms. MATSUI. Mr. Speaker, I rise today to recognize the Urban Land Institute (ULI) of Sacramento and the 2016 ULI Vision Honors Award recipients. As the members of the Urban Land Institute of Sacramento gather at the annual Vision Honors dinner to recognize the projects and individuals that have shown exemplary leadership in smart planning, urban growth, and sustainable communities, I ask all my colleagues to join me in honoring their contributions to the Sacramento region.

The ULI's mission has long been to promote the responsible use of land for the benefit of local communities, and every year ULI recognizes leaders in the community who have upheld this mission. The ULI Principles Vision Honors Awardee is Mr. Mike McKeever, the outgoing Chief Executive Officer of the Sacramento Area Council of Governments. For over a decade, Mr. McKeever led SACOG with a steady hand and contributed to the advancement of the region's infrastructure. His nationally acclaimed Blueprint regional planning scenario has become a model for sustainability planning and smart growth. Navigating an organization that represents six counties and 22 local cities is no easy task, but Mike proved time and again that he could bring people together and build a consensus among divergent viewpoints. I applaud Mike for his time at SACOG and his work that is not only improving the efficiency of Sacramento's transit network, but is also increasing the region's environmental friendliness through its plan to reduce emissions.

The 2016 ULI Project of the Year award is presented to the Sacramento Kings and the City of Sacramento for the Golden 1 Center/ Downtown Commons Project. The Golden 1 Center is a groundbreaking project in the heart of Sacramento's downtown that ties the most advanced technology in the world with environmental sustainability. As the first LEED Platinum-designated arena in the world, the Golden 1 Center counteracts climate change through its use of solar energy and its water efficiency. Even more importantly, it promotes environmental awareness and sustainability to its estimated 1.2 million annual visitors. The Golden 1 Center/Downtown Commons Project also contributes to a thriving local community through its commitment to sourcing 90 percent of all food services from local farms and businesses.

The ULI Member/Achiever of the Year Vision Honors Awardee is Mr. Jeffrey M. Goldman, AICP, Principal of AECOM. Mr. Goldman has over 30 years of experience in community planning, development codes, community outreach, and CEQA compliance. Over the last
