

While our efforts have grown, we still only reach half of all people eligible for HIV treatment; and more must be done.

Working together, we must continue to strengthen—not weaken—our national and international efforts to combat AIDS and other infectious diseases.

We must work to achieve the Obama Administration’s goal of an AIDS-free generation.

We must honor the memory of those we have lost and act on our hope, optimism, and determination to end the HIV/AIDS pandemic.

We must continue to work with programs and clinics, like the Harris County Hospital District (HCHD), who are treating and caring for patients with HIV/AIDS.

In 1989, HCHD opened Thomas Street Health Center, the first free-standing facility dedicated to outpatient HIV/AIDS care in the nation. The center has become the cornerstone of all HIV/AIDS care available to Harris County residents.

The Thomas Street Health Center has dedicated their services to about 25 percent of Harris County’s HIV/AIDS.

Annually, the health center, along with HCHD, serves 4,463 unique patients for about 37,000 patients’ visits.

We will continue to fight a tough fight against HIV and AIDS.

We will continue to strengthen and support centers like Thomas Street Health Center that work diligently with HIV/AIDS patients.

Our focus on HIV/AIDS prevention and awareness will be to ensure all of our friends, relatives and children live healthy and full lives.

There is a pressing need to raise awareness and engage in education within the African American community where HIV infections have been and continue to rise.

The incidence of HIV has decreased for the majority population, while it has grown nearly unchecked among African Americans.

This must change—decisions regarding funding for agencies charged with infectious disease education and minority health must be supported.

OVERTIME PAY FOR SECRET SERVICE AGENTS ACT OF 2016

SPEECH OF

HON. SHEILA JACKSON LEE

OF TEXAS

IN THE HOUSE OF REPRESENTATIVES

Wednesday, November 30, 2016

Ms. JACKSON LEE. Mr. Speaker, I rise in support of H.R. 6302, “The Overtime Pay For Secret Service Agents Act”.

This important legislation will provide an increase in premium pay for United States Secret Service agents performing protective services.

H.R. 6302 will raise the cap on overtime compensation for U.S. Secret Service agents tasked with the responsibility for protecting the president, vice president and major presidential and vice presidential candidates during campaigns.

Under current law, an executive branch employee’s premium pay, including overtime combined with basic pay cannot exceed the maximum rate of basic pay for a GS–15 or Level V executive schedule, whichever is greater.

The maximum rate for a GS–15 employee in the Washington, D.C., area is set at \$160,300 in 2016, while the pay rate for Level V is set at \$150,200 adjusted for the current cost of living.

H.R. 6302 will increase the pay rate cap by nearly \$35,000.

The H.R. 6302 will also apply to agents responsible for protecting candidates’ spouses, former presidents, their spouses and children, high profile foreign visitors, as well as other government officials.

More than 1,000 agents have exceeded the overtime pay limit this year and can greatly benefit from the prospective adjustments.

Some by as much as \$60,000, according to the Federal Law Enforcement Officers Association.

For these reasons I support H.R. 6302.

HONORING THE LIFE OF KATHLEEN O’DAY

HON. JAMES P. MCGOVERN

OF MASSACHUSETTS

IN THE HOUSE OF REPRESENTATIVES

Monday, December 5, 2016

Mr. MCGOVERN. Mr. Speaker, I rise today to honor the extraordinary life of Kathleen O’Day.

Kathleen passed away on November 28, leaving three brothers, nieces, nephews, cousins and many dear friends. She resided in Arlington, Virginia, but was born and raised in my hometown of Worcester, Massachusetts. Her loved ones gathered in Worcester today to honor her life and pay tribute to a truly remarkable woman.

Kathleen had a distinguished legal career. After graduating from Assumption College and Boston College School of Law with honors, Kathleen began working in the legal division of the Board of Governors of the Federal Reserve System in 1978. She served in the Board’s legal division for decades and became a well-known expert in international banking and trade negotiations.

Those who knew her best will miss her warmth, wit, and generosity. Scott Alvarez, the Fed’s General Counsel, remarked, “Kathleen was a dedicated employee, serving nearly 40 years in the Board’s Legal Division. She was a kind, brilliant, generous, witty, and wonderfully warm friend to all of us, and we will all miss her tremendously.”

Mr. Speaker, Kathleen touched the lives of so many around her, and had a profound impact on all of us through her work with the Federal Reserve.

I deeply admire Kathleen’s life-long commitment to public service, and extend my deepest sympathies to the family and friends she leaves behind. We will all miss her.

Mr. Speaker, I ask my colleagues to join me today in honoring Kathleen O’Day, and recognizing the important contributions she has made to our country.

PROVIDING FOR CONSIDERATION OF SENATE AMENDMENT TO H.R. 34, TSUNAMI WARNING, EDUCATION, AND RESEARCH ACT OF 2015, AND PROVIDING FOR CONSIDERATION OF H.R. 6392, SYSTEMIC RISK DESIGNATION IMPROVEMENT ACT OF 2016

SPEECH OF

HON. MARK DESAULNIER

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Wednesday, November 30, 2016

Mr. DESAULNIER. Madam Speaker, I rise today in support of H.R. 34, the 21st Century Cures Act. It is vital that we ensure that the National Institutes of Health (NIH) have the resources they need to continue to advance biomedical and mental health research, and improve access to innovative treatments for some of the most debilitating illnesses.

The additional \$4.8 billion authorized for the NIH to improve biomedical research and treatment innovations is commendable, particularly the \$1.8 billion for the Vice President’s Cancer Moonshot, in line with the President’s budget request, that will advance critical life-saving research. I fully support the Cancer Moonshot’s mission to speed up the advancement of other treatments that will help individuals and families who are fighting diseases or disorders. As a Cancer survivor, I know all too well the value of these investments and how many lives can be saved as a result.

Additionally, the allocation of \$1 billion to step up federal efforts combating the growing opioid and heroin epidemic is a positive step towards better treatment of addicted individuals. Every day, families across California and the nation are torn apart by a loved one or neighbor abusing opioids. Hopefully our Republican colleagues consider this the first of many steps to advance meaningful policies designed to erode the strong grip these drugs have on so many Americans.
