Vol. 162

WASHINGTON, MONDAY, DECEMBER 5, 2016

No. 174

Senate

The Senate met at 3 p.m. and was called to order by the President pro tempore (Mr. HATCH).

PRAYER

The Chaplain, Dr. Barry C. Black, offered the following prayer:

Let us pray.

Heavenly Father, help us today to become people whose lives will be productive for Your glory. Forgive us when we come short of Your will for us and for our Nation.

Lord, show our lawmakers how to do things Your way, embracing Your precepts and walking in Your path. Remind them that the narrow and difficult road often leads to life and abundant joy. As You teach them to live abundantly, replace their anxiety with calm, their confusion with clarity, and their doubts with faith. May Your heavenly peace, which transcends human understanding, guard their hearts and minds today and always.

We pray in Your Holy Name. Amen.

PLEDGE OF ALLEGIANCE

The President pro tempore led the Pledge of Allegiance, as follows:

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one nation under God, indivisible, with liberty and justice for all.

RECOGNITION OF THE MAJORITY LEADER

The PRESIDING OFFICER (Mr. LANKFORD). The majority leader is recognized.

WORK BEFORE THE SENATE

Mr. MCCONNELL. Mr. President, last week the House overwhelmingly passed the bipartisan 21st Century Cures Act, the medical innovation bill. Now it is the Senate's turn to move this bill forward and send it to the President's desk for signature.

This legislation has earned wide support from both sides of the aisle, and it is one of the most important bills that will pass this year. It is not hard to see why. It will encourage investment in biomedical research to help deliver treatment and cures to patients. It will cut through redtape and burdensome regulations while also protecting safety, and it will build upon progress to support regenerative medicine and other innovative therapies.

Cures also includes provisions to strengthen mental health programs and to provide much needed resources to help combat the opioid epidemic. It is legislation that could have an impact on each of our States and on each of our constituents.

Later today, Senators will take the next step in advancing 21st Century Cures. With continued cooperation, we can pass this bipartisan bill very soon.

The Cures legislation is just one key area where the Senate has been working to complete its work before the holidays. Negotiations are ongoing on a continuing resolution, which we will consider this week.

This week we will also pass the Defense authorization conference report, and work continues to finalize other outstanding conference reports, including the Water Resources Development Act—the so-called WRDA bill—and the energy policy modernization bill.

As these efforts continue, I thank all of those who have been working around the clock to reach a conclusion on these important issues. We will have a busy week ahead. Let's keep working together to get it done.

COMMENDING THE SENATOR FROM TENNESSEE

Mr. MCCONNELL. Mr. President, I see the Senator from Tennessee on the floor. I particularly commend him for his outstanding work on the Cures bill. The Senator has had two major accomplishments this Congress—the rewrite

of No Child Left Behind last year and now this medical innovation bill. I may have more to say about that later, but I commend the Senator from Tennessee for his outstanding work on this important bill.

AUTHORIZING THE SECRETARY OF THE TREASURY TO INCLUDE ALL FUNDS WHEN ISSUING CERTAIN GEOGRAPHIC TARGETING ORDERS

Mr. MCCONNELL. Mr. President, I ask unanimous consent that the Committee on Banking, Housing, and Urban Affairs be discharged from further consideration of H.R. 5602 and the Senate proceed to its immediate consideration.

The PRESIDING OFFICER. Without objection, it is so ordered.

The clerk will report the bill by title.

The senior assistant legislative clerk read as follows:

A bill (H.R. 5602) to amend title 31, United States Code, to authorize the Secretary of the Treasury to include all funds when issuing certain geographic targeting orders, and for other purposes.

There being no objection, the Senate proceeded to consider the bill.

Mr. MCCONNELL. Mr. President, I ask unanimous consent that the Shelby-Brown substitute amendment be agreed to and the bill, as amended, be considered read a third time.

The PRESIDING OFFICER. Without objection, it is so ordered.

The amendment (No. 5127) in the nature of a substitute was agreed to.

(The amendment is printed in today's RECORD under "Text of Amendments.")

The amendment was ordered to be engrossed and the bill to be read a third time.

The bill was read the third time.

The PRESIDING OFFICER. The bill having been read the third time, the question is, Shall the bill pass?

The bill (H.R. 5602), as amended, was passed.
