PURPOSE OF THE BILL

The purpose of H.R. 4680 is to prepare the National Park Service for its Centennial in 2016 and for a second century of promoting and protecting the natural, historic, and cultural resources of our National Parks for the enjoyment of present and future generations.

BACKGROUND AND NEED FOR LEGISLATION

August 25, 2016 marks the 100th anniversary of the signing of the National Park Service Organic Act. This Act created the National Park Service (NPS), a new federal bureau within the Department of the Interior responsible for promoting and protecting 35 national parks and monuments. The National Park System has grown significantly since 1916 and now comprises more than 400 units covering over 84 million acres in all 50 states, the District of Columbia, Puerto Rico, American Samoa, Guam, Saipan, and the U.S. Virgin Islands.

In preparing the parks for the next century of public use and enjoyment, NPS faces a number of challenges, chief among them being the \$11.9 billion deferred maintenance backlog. As NPS gradually took on new responsibilities and Congress voted to add new units, NPS fell behind on necessary projects. These projects include maintaining trails, fixing wastewater systems, and repairing deteriorating roads and bridges. In addition to deferred maintenance, NPS also faces challenges with fee collection, technological upgrades, and management of concessions contracts for visitor services.

H.R. 4680, the National Park Service Centennial Act, celebrates the NPS centennial by providing NPS with additional tools and authorities it can use to enhance visitor experience and better promote and protect the parks. One important tool created by H.R. 4680 is a Centennial Challenge Fund, which NPS can use to leverage philanthropic investments for signature projects through a 1:1 federal to private dollar match. In 2015 and 2016, NPS selected more than 150 projects to leverage \$25 million in Congressional appropriations with more than \$45 million matching funds from part-

ner organizations across the country. Additionally, H.R. 4680 creates a Second Century Endowment at the National Park Foundation which will grow over time from gifts, devises, bequests, and other funding provided to the Foundation. Other provisions will allow NPS to expand its Volunteers in Parks and Public Lands Corps programs.

The Subcommittee on Federal Lands held a legislative hearing on a discussion draft of the “National Park Service Centennial Act” on December 2, 2015.

COMMITTEE ACTION

H.R. 4680 was introduced on March 3, 2016, by Congressman Rob Bishop (R-UT). The bill was referred to the Committee on Natural Resources, and within the Committee, to the Subcommittee on Federal Lands. The bill was additionally referred to the Committee on Agriculture and the Committee on Education and the Workforce. On March 15, 2016, the Natural Resources Committee met to consider the bill. *Chairman, Committee on Natural Resources,
House of Representatives, Washington, DC.*

DEAR MR. CHAIRMAN: The Congressional Budget Office has prepared the enclosed cost estimate for H.R. 4680, the National Park Service Centennial Act.

If you wish further details on this estimate, we will be pleased to provide them. The CBO staff contact is Marin Burnett.

Sincerely,

KEITH HALL.

Enclosure.

H.R. 4680—National Park Service Centennial Act

Summary: H.R. 4680 would authorize appropriations for certain programs of the National Park Service (NPS) and the National Park Foundation (NPF). In addition the bill would increase the amount NPS collects (and is authorized to spend) from the sale of passes to enter national parks and from fees on lodging in national parks.

CBO estimates that implementing the bill would cost \$140 million over the 2017–2021 period and an additional \$65 million after 2021, assuming appropriation of the specified amounts.

CBO estimates that enacting the legislation would increase both offsetting receipts from the sale of NPS passes and lodging fees and direct spending of the proceeds. In addition, the bill would establish the Centennial Challenge Fund to accept donations to the NPS. The NPS could spend any donated amounts without further

appropriations. CBO estimates that enacting the legislation would result in a small net increase in receipts of about \$2 million over the 2017–2026 period, because spending of the proceeds would lag behind collections over the next 10 years. Because H.R. 4680 would affect direct spending, pay-as-you-go procedures apply. Enacting the legislation would not affect revenues.

CBO estimates that enacting H.R. 4680 would not increase net direct spending or on-budget deficits in any of the four consecutive 10-year periods beginning in 2027.

H.R. 4680 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act (UMRA) and would not affect the budgets of state, local, or tribal governments.

Estimated cost to the Federal Government: The estimated budgetary effect of H.R. 4680 is shown in the following table. The costs of this legislation fall within budget function 300 (natural resources and environment).

	By fiscal year, in millions of dollars—					
	2017	2018	2019	2020	2021	2017–2021
INCREASES IN SPENDING SUBJECT TO APPROPRIATION ^a						
Authorization Level	28	28	28	28	28	140
Estimated Outlays	28	28	28	28	28	140

^a In addition, CBO estimates that enacting H.R. 4680 would reduce direct spending by \$2 million over the 2017–2026 period.

Basis of estimate: For this estimate, CBO assumes that H.R. 4680 will be enacted near the end of 2016, and that the specified amounts will be appropriated each year. Estimated outlays are based on historical spending patterns.

Changes in spending subject to appropriation

The legislation would increase the annual amount authorized to be appropriated for the Volunteers in Parks program by \$3 million, from \$7 million to \$10 million. It also would authorize an annual appropriation of \$25 million for the National Park Foundation for fiscal years 2017 through 2023. CBO estimates that implementing the bill would cost of \$140 million over the 2017–2021 period, and an additional \$65 million after 2021, assuming appropriation of the specified amounts.

Changes in direct spending

H.R. 4680 would establish the Centennial Challenge Fund and allow NPS to collect and spend any donations to that fund to preserve or enhance the national parks. Additionally, the bill would authorize the NPS to collect new fees for lodging facilities in the national parks and would increase the fees for certain NPS entrance passes. Those additional receipts can be spent without further appropriation. CBO estimates that enacting the legislation would result in a small net increase in receipts of about \$2 million over the 2017–2026 period, because spending would lag behind collections over the next 10 years.

Pay-As-You-Go considerations: The Statutory Pay-As-You-Go Act of 2010 establishes budget-reporting and enforcement procedures for legislation affecting direct spending or revenues. The net

changes in outlays that are subject to those pay-as-you-go procedures are shown in the following table.

CBO ESTIMATE OF PAY-AS-YOU-GO EFFECTS FOR H.R. 4680, AS ORDERED REPORTED BY THE HOUSE COMMITTEE ON NATURAL RESOURCES ON MARCH 16, 2016

	By fiscal year, in millions of dollars—												
	2016	2017	2018	2019	2020	2021	2022	2023	2024	2025	2026	2016–2021	2016–2026
	NET DECREASE (–) IN THE DEFICIT												
Statutory Pay-As-You-Go Impact	0	–2	0	0	0	0	0	0	0	0	0	–2	–2

Intergovernmental and private-sector impact: H.R. 4680 contains no intergovernmental or private-sector mandates as defined in UMRA and would not affect the budgets of state, local, or tribal governments.

Increase in long term direct spending and deficits: CBO estimates that enacting H.R. 4680 would not increase net direct spending or on-budget deficits in any of the four consecutive 10-year periods beginning in 2027.

Estimate prepared by: Federal costs: Marin Burnett; Impact on state, local, and tribal governments: Jon Sperl; Impact on the private sector: Logan Smith.

Estimated approved by: H. Samuel Papenfuss, Deputy Assistant Director for Budget Analysis.

2. Section 308(a) of Congressional Budget Act. As required by clause 3(c)(2) of rule XIII of the Rules of the House of Representatives and section 308(a) of the Congressional Budget Act of 1974, this bill does not contain any new budget authority, credit authority, or an increase or decrease in revenues or tax expenditures. The Congressional Budget Office (CBO) estimates that implementing the bill would cost \$140 million over 2017–2021 and \$65 million after 2021, subject to appropriation of those amounts. In addition, the bill would affect direct spending by increasing offsetting receipts and the direct spending of those receipts. This “would result in a small net increase of receipts of about \$2 million over the 2017–2026 period”.

3. General Performance Goals and Objectives. As required by clause 3(c)(4) of rule XIII, the general performance goal or objective of this bill is to prepare the National Park Service for its Centennial in 2016 and for a second century of promoting and protecting the natural, historic, and cultural resources for our National Parks for the enjoyment of present and future generations.

EARMARK STATEMENT

This bill does not contain any Congressional earmarks, limited tax benefits, or limited tariff benefits as defined under clause 9(e), 9(f), and 9(g) of rule XXI of the Rules of the House of Representatives.

COMPLIANCE WITH PUBLIC LAW 104–4

This bill contains no unfunded mandates.

COMPLIANCE WITH H. RES. 5

Directed Rule Making. The Chairman does not believe that this bill directs any executive branch official to conduct any specific rule-making proceedings.

Duplication of Existing Programs. This bill does not establish or reauthorize a program of the federal government known to be duplicative of another program. Such program was not included in any report from the Government Accountability Office to Congress pursuant to section 21 of Public Law 111-139 or identified in the most recent Catalog of Federal Domestic Assistance published pursuant to the Federal Program Information Act (Public Law 95-220, as amended by Public Law 98-169) as relating to other programs.

Dear Mr. Chairman:

On March 16, 2016, the Committee on Natural Resources ordered favorably reported as amended H.R. 4680, the National Park Service Centennial Act, by voice vote. The bill was referred primarily to the Committee on Natural Resources, with additional referrals to the Committee on Agriculture and the Committee on Education and the Workforce.

This discharge in no way affects your jurisdiction over the subject matter of the bill, and it will not serve as precedent for future referrals. In addition, should a conference on the bill be necessary, I would support your request to have the Committee on Agriculture represented on the conference committee. Finally, I would be pleased to include this letter and any response in the bill report filed by the Committee on Natural Resources to memorialize our understanding as well as in the Congressional Record.

Thank you for your consideration of my request and for your continued strong cooperation between our committees.

ADDITIONAL VIEWS

The 100th Anniversary of the National Park Service (NPS) is an opportunity for Congress to think big about the future of our national parks. With over 300 million visits in 2015, attendance at national parks is at an all-time high. These visits generate over \$32 billion in annual economic activity, a 4-to-1 return on investment, and support nearly 300,000 jobs.

Despite soaring popularity and a clear incentive for further investment, funding has not kept pace with the need to replace and repair existing infrastructure and other park resources. As many House Republicans are quick to point out, NPS is saddled with an approximately \$12 billion backlog of deferred maintenance projects ranging from decaying roads and worn out bridges, to crumbling visitor centers and leaky faucets. Putting a dent in this backlog requires funding from Congress.

That's why we are eager to work on a bipartisan solution to address NPS' funding challenges and provide the agency with the tools it needs to succeed for another hundred years.

H.R. 4680, introduced by Natural Resource Committee Chairman Bishop, is similar in many ways to H.R. 3556, a bill with the same name introduced by Natural Resources Ranking Member Grijalva. However, disagreement over how much Congress should invest in NPS as it celebrates its 100th birthday is the key difference between the two bills. H.R. 3556 authorizes more than a billion dollars in mandatory spending over the next three years to directly invest in park infrastructure and visitor services; H.R. 4680, on the other hand, does not include any of this upfront spending to support national parks.

At markup, Committee Democrats made the case to add additional funding to the bill. However, an amendment by Ranking Member Grijalva to provide NPS with \$300 million per year over the next three years to address the maintenance backlog was rejected by Committee Republicans. Similarly, an amendment by Energy and Mineral Resources Subcommittee Ranking Member Lowenthal to give NPS immediate access to \$50 million already earmarked to address the backlog was rejected on a party line vote.

Furthermore, H.R. 4680 adjusts the price of the lifetime *America the Beautiful* Senior Pass from \$10 to \$80, while including the option of a \$20 annual pass. The revenue raised from the adjusted cost will be directed to the National Park Centennial Challenge Fund to finance signature projects across the National Park System. This has the potential to be an important new revenue source for NPS. There are concerns, however, about how the sudden cost increase of the pass will impact access for low-income seniors. In addition to providing an affordable option accessible to all seniors, it is also important that the pass retains its perceived value and continues to encourage visitation among seniors. We are pleased that the Majority partially addressed these concerns by incorporating the \$20 annual pass option into the bill. Federal Lands Subcommittee Ranking Member Tsongas went further to address these concerns and offered an amendment to ensure that seniors who purchase four annual passes will be issued a lifetime pass upon validation of receipt. This amendment, however, was withdrawn with a commitment from Chairman Bishop to include a version of the 4-for-1 concept in the final bill.

Committee Democrats also made attempts to address ongoing copyright protection issues that have recently forced NPS to change the names of iconic locations in Yosemite National Park, including the former Awahnee Hotel. Without action from Congress, NPS could lose the naming rights to other parks and memorable locations throughout the system. Water, Power, and Oceans Subcommittee Ranking Member Huffman offered an amendment to protect NPS' intellectual property and clarify the rules for the commercial use of national park names and other resources managed by the agency. The Huffman amendment was withdrawn with the understanding that the issue of intellectual property protection will be addressed in the final version of the bill. Representative Huffman also offered an amendment to clarify the role of national park partner organizations. That amendment was withdrawn with a commitment from Chairman Bishop and Ranking Member Grijalva to continue working on the underlying concerns related to the appropriate role of park partner organizations.

Lastly, Ranking Member Grijalva offered an amendment to incorporate the text of H.R. 2167—*Public Land Service Corps Act*—into the underlying bill. The Public Land Service Corps Act builds on an already successful but underfunded program established in the Public Lands Corps Act of 1993 (P.L. 103–82) and reinvigorates Corps programs by modernizing the scope of eligible projects to reflect new challenges, such as climate change. An enhanced Public Land Corps is a critical program NPS and other federal land management agencies can utilize to address critical maintenance needs and train the next generation of park stewards. This amendment was withdrawn with the commitment from Chairman Bishop that the committee will schedule a hearing on H.R. 2167 before the end of the 114th Congress.

While we support the objectives of H.R. 4680, we are disappointed that it does not include even a fraction on the upfront investment outlined in H.R. 3556. Our national parks deserve sustained support from Congress, and we look forward to working with House Republicans on legislation that honors the past and supports the future of NPS.
