“(a) MEDICAL SCREENING EXAMINATIONS.—In carrying out this chapter, if any enrolled veteran requests, or a request is made on behalf of the veteran, for examination or treatment for a medical condition, regardless of whether such condition is service-connected, at a hospital emergency department of a medical facility of the Department, the Secretary shall ensure that the veteran is provided an appropriate medical screening examination within the capability of the emergency department, including ancillary services routinely available to the emergency department, to determine whether an emergency medical condition exists.

“(b) NECESSARY STABILIZING TREATMENT FOR EMERGENCY MEDICAL CONDITIONS AND LABOR.—(1) If an enrolled veteran comes to a medical facility of the Department and the Secretary determines that the veteran has an emergency medical condition, the Secretary shall provide either—

“(ii) a physician has signed a certification (including a summary of the risks and benefits) that, based upon the information available at the time of transfer, the medical benefits reasonably expected from the provision of appropriate medical treatment at another medical facility outweigh the increased risks to the veteran and, in the case of labor, to the unborn child from effecting the transfer; or

“(iii) if a physician is not physically present in the emergency department at the time a veteran is transferred, a qualified medical person (as defined by the Secretary in regulations) has signed a certification described in clause (ii) after a physician, in consultation with the person, has made the determination described in such clause, and subsequently countersigns the certification; and

“(d) CHARGES.—(1) Nothing in this section may be construed to affect any charges that the Secretary may collect from a veteran or third party.

“(e) NONDISCRIMINATION.—A medical facility of the Department or a non-Department facility, as the case may be, that has specialized capabilities or facilities (such as burn units, shock-trauma units, neonatal intensive care units, or (with respect to rural areas) regional referral centers as identified by the Secretary in regulation) shall not refuse to accept an appropriate transfer of an enrolled veteran who requires such specialized capabilities or facilities if the facility has the capacity to treat the veteran.

“(f) NO DELAY IN EXAMINATION OR TREATMENT.—A medical facility of the Department or a non-Department facility, as the case may be, may not delay provision of an appropriate medical screening examination required under subsection (a) or further medical examination and treatment required under subsection (b) of this section in order to inquire about the method of payment or insurance status of an enrolled veteran.

“(g) WHISTLEBLOWER PROTECTIONS.—The Secretary may not take adverse action against an employee of the Department because the employee refuses to authorize the transfer of an enrolled veteran with an emergency medical condition that has not been stabilized or because the employee reports a violation of a requirement of this section.
