(A) IN GENERAL.—The owner of a farm may reduce, at any time, the base acres for any covered commodity for the farm.
(B) Effect of reduction.—A reduction under subparagraph (A) shall be permanent and made in a manner prescribed by the Secretary.

(2) Required action by secretary.—

(A) In general.—The Secretary shall proportionately reduce base acres on a farm for land that has been subdivided and developed for multiple residential units or other nonfarming uses if the size of the tracts and the density of the subdivision is such that the land is unlikely to return to the previous agricultural use, unless the producers on the farm demonstrate that the land—

(i) remains devoted to commercial agricultural production; or

(ii) is likely to be returned to the previous agricultural use.

(B) Requirement.—The Secretary shall establish procedures to identify land described in subparagraph (A).

(3) Treatment of unplanted base.—In the case of a farm on which no covered commodities (including seed cotton) were planted or prevented from being planted during the period beginning on Janu-
ary 1, 2009, and ending on December 31, 2017, the

unassigned crop base for which no payment shall be
made under section 1116 or 1117.

(4) Prohibition on reconstitution of
farm.—The Secretary shall ensure that producers
on a farm do not reconstitute the farm to void or
change the treatment of base acres under this sec-

SEC. 1113. PAYMENT YIELDS.

(a) Treatment of designated oilseeds.—

(1) In general.—For the purpose of making
price loss coverage payments under section 1116,
the Secretary shall provide for the establishment of
a yield for each farm for any designated oilseed for

section 1113 of the Agricultural Act of 2014 (7
U.S.C. 9013) in accordance with this section.

(2) Payment yields for designated oil-
seeds.—In the case of designated oilseeds, the pay-
ment yield shall be equal to 90 percent of the aver-
age of the yield per planted acre for the most recent
five crop years, as determined by the Secretary, ex-
cluding any crop year in which the acreage planted
to the covered commodity was zero.
(3) **APPLICATION.**—This subsection shall apply to oilseeds designated after the date of the enactment of this Act.

(b) **EFFECT OF LACK OF PAYMENT YIELD.**—

(1) **ESTABLISHMENT BY SECRETARY.**—In the case of a covered commodity on a farm for which base acres have been established, if no payment yield is otherwise established for the covered commodity on the farm, the Secretary shall establish an appropriate payment yield for the covered commodity on the farm under paragraph (2).

(2) **USE OF SIMILARLY SITUATED FARMS.**—To establish an appropriate payment yield for a covered commodity on a farm as required by paragraph (1), the Secretary shall take into consideration the farm program payment yields applicable to that covered commodity for similarly situated farms. The use of such data in an appeal, by the Secretary or by the producer, shall not be subject to any other provision of law.

(c) **SINGLE OPPORTUNITY TO UPDATE YIELDS IN COUNTIES AFFECTED BY DROUGHT.**—

(1) **ELECTION TO UPDATE.**—In the case of a farm that is physically located in a county in which any area of the county was rated by the U.S.
Drought Monitor as having a D4 (exceptional drought) intensity for 20 or more consecutive weeks during the period beginning January 1, 2008, and ending December 31, 2012, at the sole discretion of the owner of such farm, the owner of a farm shall have a 1-time opportunity to update, on a covered-commodity-by-covered-commodity basis, the payment yield that would otherwise be used in calculating any price loss coverage payment for each covered commodity on the farm for which the election is made.

(2) Method of Updating Yields for Covered Commodities.—If the owner of a farm elects to update yields under paragraph (1), the payment yield for covered commodities on the farm, for the purpose of calculating price loss coverage payments only, shall be equal to 90 percent of the average of the yield per planted acre for the crop of covered commodities on the farm for the 2013 through 2017 crop years, as determined by the Secretary, excluding any crop year in which the acreage planted to the covered commodity was zero.

(3) Use of County Average Yield.—For the purposes of determining the average yield under paragraph (2), if the yield per planted acre for a crop of a covered commodity for a farm for any of
the crop years specified in paragraph (2) was less
than 75 percent of the average of county yields for
those same years for that commodity, the Secretary
shall assign a yield for that crop year equal to 75
percent of the average of the 2013 though 2017
county yield for the covered commodity.

(4) Upland Cotton Conversion.—In the
case of seed cotton, for purposes of determining the
average of the yield per planted acre under para-
graph (2), the average yield for seed cotton per
planted acre shall be equal to 2.4 times the average
yield for upland cotton per planted acre.

(5) Time for Election.—An election under
this subsection shall be made at a time and manner
so as to be in effect beginning with the 2019 crop
year, as determined by the Secretary.

SEC. 1114. Payment Acres.

(a) Determination of Payment Acres.—Subject
to subsection (d), for the purpose of price loss coverage
and agriculture risk coverage, the payment acres for each
covered commodity on a farm shall be equal to 85 percent
of the base acres for the covered commodity on the farm.

(b) Effect of Minimal Payment Acres.—

(1) Prohibition on Payments.—Notwith-
standing any other provision of this title, a producer
on a farm may not receive price loss coverage pay-
ments or agriculture risk coverage payments if the
sum of the base acres on the farm is 10 acres or
less, as determined by the Secretary, unless the sum
of the base acres on the farm, when combined with
the base acres of other farms in which the producer
has an interest, is more than 10 acres.

(2) Exceptions.—Paragraph (1) does not
apply to a producer that is—

(A) a socially disadvantaged farmer or
rancher (as defined in section 355(e) of the
Consolidated Farm and Rural Development Act
(7 U.S.C. 2003(e))); or

(B) a limited resource farmer or rancher,
as defined by the Secretary.

(e) Effect of Planting Fruits and Vegeta-
bles.—

(1) Reduction Required.—In the manner
provided in this subsection, payment acres on a farm
shall be reduced in any crop year in which fruits,
vegetables (other than mung beans and pulse crops),
or wild rice have been planted on base acres on a
farm.

(2) Price Loss Coverage and Agricultural
Risk Coverage.—In the case of price loss coverage
payments and agricultural risk coverage payments, the reduction under paragraph (1) shall be the amount equal to the base acres planted to crops referred to in such paragraph in excess of 15 percent of base acres.

(3) REDUCTION EXCEPTIONS.—No reduction to payment acres shall be made under this subsection if—

(A) cover crops or crops referred to in paragraph (1) are grown solely for conservation purposes and not harvested for use or sale, as determined by the Secretary; or

(B) in any region in which there is a history of double-cropping covered commodities with crops referred to in paragraph (1) and such crops were so double-cropped on the base acres, as determined by the Secretary.

(4) EFFECT OF REDUCTION.—For each crop year for which fruits, vegetables (other than mung beans and pulse crops), or wild rice are planted to base acres on a farm for which a reduction in payment acres is made under this subsection, the Secretary shall consider such base acres to be planted, or prevented from planting, to a covered commodity
for purposes of any adjustment or reduction of base
acres for the farm under section 1112.

(d) Unassigned Crop Base.—The Secretary shall
maintain information on base acres allocated as unas-
signed crop base pursuant to—

(1) section 1112(c)(3); or

(2) section 1112(a) of the Agricultural Act of
2014 (7 U.S.C. 9012(a)).

SEC. 1115. PRODUCER ELECTION.

(a) Election Required.—For the 2019 through
2023 crop years, all of the producers on a farm shall make
a 1-time, irrevocable election to obtain on a covered-com-
modity-by-covered-commodity basis—

(1) price loss coverage under section 1116; or

(2) agriculture risk coverage under section
1117.

(b) Effect of Failure to Make Unanimous
Election.—If all the producers on a farm fail to make
a unanimous election under subsection (a) for the 2019
crop year—

(1) the Secretary shall not make any payments
with respect to the farm for the 2019 crop year
under section 1116 or 1117; and

(2) the producers on the farm shall be deemed
to have elected price loss coverage under section
1116 for all covered commodities on the farm for the
2020 through 2023 crop years.

(c) Prohibition on Reconstitution.—The Secretary shall ensure that producers on a farm do not reconstitute the farm to void or change an election made under this section.

SEC. 1116. PRICE LOSS COVERAGE.

(a) Price Loss Coverage Payments.—If all of the producers on a farm make the election under subsection (a) of section 1115 to obtain price loss coverage or, subject to subsection (b)(1) of such section, are deemed to have made such election under subsection (b)(2) of such section, the Secretary shall make price loss coverage payments to producers on the farm on a covered-commodity-by-covered-commodity basis if the Secretary determines that, for any of the 2019 through 2023 crop years—

(1) the effective price for the covered commodity for the crop year; is less than

(2) the effective reference price for the covered commodity for the crop year.

(b) Effective Price.—The effective price for a covered commodity for a crop year shall be the higher of—

(1) the marketing year average price; or
(2) the national average loan rate for a marketing assistance loan for the covered commodity in effect for such crop year under subtitle B.

(e) Payment Rate.—The payment rate shall be equal to the difference between—

(1) the effective reference price for the covered commodity; and

(2) the effective price determined under subsection (b) for the covered commodity.

(d) Payment Amount.—If price loss coverage payments are required to be provided under this section for any of the 2019 through 2023 crop years for a covered commodity, the amount of the price loss coverage payment to be paid to the producers on a farm for the crop year shall be equal to the product obtained by multiplying—

(1) the payment rate for the covered commodity under subsection (c);

(2) the payment yield for the covered commodity; and

(3) the payment acres for the covered commodity determined under section 1114.

(e) Time for Payments.—If the Secretary determines under this section that price loss coverage payments are required to be provided for the covered commodity, the payments shall be made beginning October 1, or as
soon as practicable thereafter, after the end of the applicable marketing year for the covered commodity.

(f) Effective Price for Barley.—In determining the effective price for barley under subsection (b), the Secretary shall use the all-barley price.

(g) Reference Price for Temperate Japonica Rice.—In order to reflect price premiums, the Secretary shall provide a reference price with respect to temperate japonica rice in an amount equal to the amount established under subparagraph (F) of section 1111(17), as adjusted by paragraph (7) of such section, multiplied by the ratio obtained by dividing—

(1) the simple average of the marketing year average price of medium grain rice from the 2012 through 2016 crop years; by

(2) the simple average of the marketing year average price of all rice from the 2012 through 2016 crop years.

SEC. 1117. AGRICULTURE RISK COVERAGE.

(a) Agriculture Risk Coverage Payments.—If all of the producers on a farm make the election under section 1115(a) to obtain agriculture risk coverage, the Secretary shall make agriculture risk coverage payments to producers on the farm if the Secretary determines that, for any of the 2019 through 2023 crop years—
(1) the actual crop revenue determined under
subsection (b) for the crop year; is less than

(2) the agriculture risk coverage guarantee de-
determined under subsection (c) for the crop year.

(B) the national average loan rate for a
marketing assistance loan for the covered com-
modity in effect for such crop year under sub-
title B.

revenue shall be equal to the product obtained by
multiplying—
(A) subject to paragraph (3), the average historical county yield as determined by the Secretary for the most recent 5 crop years, excluding each of the crop years with the highest and lowest yields; and

(B) subject to paragraph (4), the marketing year average price for the most recent 5 crop years, excluding each of the crop years with the highest and lowest prices.

(3) YIELD CONDITIONS.—If the yield per planted acre for the covered commodity or historical county yield per planted acre for the covered commodity for any of the 5 most recent crop years, as determined by the Secretary, is less than 70 percent of the transitional yield, as determined by the Secretary, the amounts used for any of those years in paragraph (2)(A) shall be 70 percent of the transitional yield.

(4) REFERENCE PRICE.—If the marketing year average price for any of the 5 most recent crop years is lower than the reference price for the covered commodity, the Secretary shall use the reference price for any of those years for the amounts in paragraph (2)(B).
(d) Payment Rate.—The payment rate for a covered commodity in a county shall be equal to the lesser of—

(1) the amount that—

(A) the agriculture risk coverage guarantee for the crop year applicable under subsection (c); exceeds

(B) the actual crop revenue for the crop year applicable under subsection (b); or

(2) 10 percent of the benchmark revenue for the crop year applicable under subsection (c).

(e) Payment Amount.—If agriculture risk coverage payments are required to be paid for any of the 2019 through 2023 crop years, the amount of the agriculture risk coverage payment for the crop year shall be determined by multiplying—

(1) the payment rate for the covered commodity determined under subsection (d); and

(2) the payment acres for the covered commodity determined under section 1114.

(f) Time for Payments.—If the Secretary determines that agriculture risk coverage payments are required to be provided for the covered commodity, payments shall be made beginning October 1, or as soon as
practicable thereafter, after the end of the applicable market-
ing year for the covered commodity.

(g) Additional Duties of the Secretary.—In providing agriculture risk coverage, the Secretary shall—

(1) to the maximum extent practicable, use all available information and analysis, including data mining, to check for anomalies in the determination of agriculture risk coverage payments;

(2) calculate a separate actual crop revenue and agriculture risk coverage guarantee for irrigated and nonirrigated covered commodities;

(3) assign an actual or benchmark county yield for each planted acre for the crop year for the covered commodity—

(A) for a county for which county data collected by the Risk Management Agency is sufficient for the Secretary to offer a county-wide insurance product using the actual average county yield determined by the Risk Management Agency; or

(B) for a county not described in subparagraph (A) using—

(i) other sources of yield information, as determined by the Secretary; or
(ii) the yield history of representative farms in the State, region, or crop reporting district, as determined by the Secretary; and

(b) TRANSFER OR CHANGE OF INTEREST IN FARM.—

(1) TERMINATION.—

(A) IN GENERAL.—Except as provided in paragraph (2), a transfer of (or change in) the interest of the producers on a farm for which payments under this subtitle are provided shall result in the termination of the payments, unless the transferee or owner of the acreage

•HR 2 EH
agrees to assume all obligations under sub-
section (a).

(B) EFFECTIVE DATE.—The termination
shall take effect on the date determined by the
Secretary.

the Secretary annual acreage reports with respect to all
cropland on the farm.

(d) EFFECT OF INACCURATE REPORTS.—No penalty
with respect to benefits under this subtitle or subtitle B

out this subtitle, the Secretary shall provide adequate safe-
guards to protect the interests of tenants and share-
croppers.

Subtitle B—Agricultural Trade Act of 1978

SEC. 3101. FINDINGS.

Congress finds the following:

1. United States export development programs significantly increase demand for United States agriculture products within foreign markets, boosting agricultural export volume and overall farm income, and generating a net return of $28 in added export revenue for each invested program dollar.

2. Our global competitors provide substantially more public support for export promotion than is provided to United States agricultural exporters. The Market Access Program and Foreign Market Development Program receive combined annual funding of approximately $234,500,000. In comparison, the European Union allocates $255,000,000 annually for the international promotion of wine alone.

3. The preservation and streamlining of United States export market development programs
complements the recent reorganization within the Department of Agriculture by ensuring the newly established Under Secretary for Trade and Foreign Agricultural Affairs has the tools necessary to enhance the competitiveness of the United States agricultural industry on the global stage.

Subtitle I—Precision Agriculture Connectivity

SEC. 6801. FINDINGS.

Congress finds the following:

(1) Precision agriculture technologies and practices allow farmers to significantly increase crop yields, eliminate overlap in operations, and reduce
inputs such as seed, fertilizer, pesticides, water, and fuel.

(2) These technologies allow farmers to collect data in real time about their fields, automate field management, and maximize resources.

(3) Studies estimate that precision agriculture technologies can reduce agricultural operation costs by up to 25 dollars per acre and increase farm yields by up to 70 percent by 2050.

(4) The critical cost savings and productivity benefits of precision agriculture cannot be realized without the availability of reliable broadband Internet access service delivered to the agricultural land of the United States.

(5) The deployment of broadband Internet access service to unserved and underserved agricultural land is critical to the United States economy and to the continued leadership of the United States in global food production.

(6) Despite the growing demand for broadband Internet access service on agricultural land, broadband Internet access service is not consistently available where needed for agricultural operations.

(7) The Federal Communications Commission has an important role to play in the deployment of
broadband Internet access service on unserved and
underserved agricultural land to promote precision
agriculture.

determination, the Administrator shall use an
economical and effective screening process that
includes higher-tiered probabilistic ecological
risk assessments, as appropriate. Notwith-
standing any other provision of law, the Admin-
istrator shall not be required to consult or oth-
ernwise communicate with the Secretary of the
Interior and the Secretary of Commerce except
to the extent specified in subparagraphs (C) and (D).

“(i) Request.—Not later than 30 days after the Administrator begins any determination under subparagraph (A)(v) with respect to the registration of a pesticide, the Administrator shall request that the Secretary of the Interior and the Secretary of Commerce transmit, with respect to any federally listed threatened and endangered species involved in such determination, the Secretaries’ best available and authoritative information and data on—

ering an application for the registration of a
pesticide, the Administrator may waive data re-
quirements pertaining to efficacy, in which
event the Administrator may register the pes-
ticide without determining that the pesticide’s
composition is such as to warrant proposed
claims of efficacy. If a pesticide is found to be

presumption is established that the Adminis-

to efficacy for use of the pesticide in such
State.”.
