

115TH CONGRESS
1ST SESSION

S. 1171

To keep girls in school around the world, and for other purposes.

IN THE SENATE OF THE UNITED STATES

MAY 18, 2017

Mrs. SHAHEEN introduced the following bill; which was read twice and referred to the Committee on Foreign Relations

A BILL

To keep girls in school around the world, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Keeping Girls in
5 School Act”.

6 **SEC. 2. APPROPRIATE CONGRESSIONAL COMMITTEES DE-**

7 **FINED.**

8 In this Act, the term “appropriate congressional com-
9 mittees” means—

10 (1) the Committee on Foreign Relations and
11 the Committee on Appropriations of the Senate; and

(2) the Committee on Foreign Affairs and the Committee on Appropriations of the House of Representatives.

4 SEC. 3. PURPOSE AND FINDINGS.

5 (a) PURPOSE.—The purpose of this Act is to support
6 empowerment, economic security, and educational oppor-
7 tunities for adolescent girls around the world.

8 (b) FINDINGS.—Congress makes the following find-
9 ings:

10 (1) Adolescence is a critical period in a girl's
11 life, when significant physical, emotional, and social
12 changes shape her future.

(3) Girls between the ages of 10 and 19 are three times more likely than boys to be kept out of school, particularly in countries affected by conflict.

22 (4) Due to discriminatory gender norms and ex-
23 pectations, disparities in access to safe and quality
24 education manifest early in a girl's life and continue
25 to become more pronounced throughout adolescence.

1 (5) Adolescent girls who are not in school are
2 particularly vulnerable to HIV/AIDS, child, early
3 and forced marriage, and other forms of violence
4 which are detrimental to their futures, as evidenced
5 by the following statistics:

6 (A) Each year, 380,000 adolescent girls
7 and young women become newly infected with
8 HIV, more than 1,000 every day, and comprise
9 the fastest-growing demographic for new infec-
10 tions in sub-Saharan Africa.

11 (B) Each year, 15,000,000 adolescent girls
12 around the world are married before their 18th
13 birthday, and more than 700,000,000 women
14 alive today were married as children.

15 (C) One-quarter to one-half of girls in de-
16 veloping countries become mothers before the
17 age of 18, and girls under 15 are five times
18 more likely to die during childbirth than women
19 in their 20s.

20 (6) While two-thirds of countries have achieved
21 gender parity in primary education, only 40 percent
22 have achieved gender parity in secondary education.

23 (7) Adolescent girls who remain in school are
24 more likely to live longer, marry later, have healthier
25 children, and, as adults, earn an income to support

1 their families, thereby contributing to the economic
2 advancement of communities and nations.

3 (8) The United States Global Strategy to Em-
4 power Adolescent Girls has brought together the De-
5 partment of State, the United States Agency for
6 International Development (USAID), the Peace
7 Corps, and the Millennium Challenge Corporation,
8 as well as other agencies and programs such as the
9 President's Emergency Fund for AIDS Relief
10 (PEPFAR), to address the range of challenges pre-
11 venting adolescent girls from attaining an inclusive
12 and equitable quality education leading to relevant
13 learning outcomes.

14 (9) Since July 2015, more than 100 public-pri-
15 vate partnerships have been formed between the
16 United States Government and external partners to
17 support innovative and community-led solutions in
18 targeted countries, including Malawi and Tanzania,
19 to ensure adolescent girls receive a quality edu-
20 cation.

21 (10) PEPFAR, through its DREAMS (Deter-
22 mined, Resilient, Empowered, AIDS-free, Mentored,
23 and Safe) Initiative, has worked to address a num-
24 ber of the specific barriers to education that adoles-
25 cent girls face.

1 (11) According to the United States Global
2 Strategy to Empower Adolescent Girls, which is the
3 first foreign policy document in the world solely
4 dedicated to the rights and empowerment of girls
5 globally, “[w]hile the Millennium Development Goals
6 improved outcomes for girls in primary education,
7 they also highlighted the need for a targeted focus
8 on adolescents and young adults, particularly re-
9 garding the transition to and completion of sec-
10 ondary school”.

11 **SEC. 4. SENSE OF CONGRESS.**

12 It is the sense of Congress that—

13 (1) education is a human right, and girls of all
14 ages deserve an education that is equal, in all as-
15 pects, to that of boys;

16 (2) the United States has been a global leader
17 in efforts to expand and improve educational oppor-
18 tunities for those who have been traditionally
19 disenfranchised, particularly women and girls;

20 (3) gains with respect to girls’ secondary edu-
21 cation and empowerment have been proven to cor-
22 relate strongly with progress in gender equality and
23 women’s rights, as well as economic and social
24 progress, and achieving gender equality should be a
25 priority goal of United States foreign policy;

1 (4) achieving gender parity in both access to
2 and quality of educational opportunity contributes
3 significantly to economic growth and development,
4 thereby lowering the risk for violence and instability;
5 and

6 (5) education is a lifesaving humanitarian inter-
7 vention that protects the lives, futures, and well-
8 being of girls.
