

115TH CONGRESS
1ST SESSION

S. 1318

To protect the rights of passengers with disabilities in air transportation,
and for other purposes.

IN THE SENATE OF THE UNITED STATES

JUNE 8, 2017

Ms. BALDWIN (for herself, Mr. BLUMENTHAL, Mr. MARKEY, Ms. HASSAN,
and Ms. DUCKWORTH) introduced the following bill; which was read twice
and referred to the Committee on Commerce, Science, and Transpor-
tation

A BILL

To protect the rights of passengers with disabilities in air
transportation, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Air Carrier Access
5 Amendments Act of 2017”.

6 **SEC. 2. FINDINGS; SENSE OF CONGRESS.**

7 (a) FINDINGS.—Congress makes the following find-
8 ings:

1 (1) In 1986, President Ronald Reagan signed
2 the Air Carrier Access Act of 1986 (Public Law 99–
3 435; 100 Stat. 1080), adding a provision now codi-
4 fied in section 41705 of title 49, United States Code
5 (in this section referred to as the “ACAA”), prohib-
6 iting disability-based discrimination in air transpor-
7 tation.

8 (2) Despite progress, many individuals with dis-
9 abilities, including veterans, still encounter signifi-
10 cant barriers while traveling in air transportation,
11 such as—

12 (A) damaged assistive devices;

13 (B) inaccessible aircraft, lavatories, and
14 communication media;

15 (C) delayed assistance;

16 (D) inequitable treatment of service ani-
17 mals;

18 (E) inadequate disability cultural com-
19 petency; and

20 (F) a lack of suitable seating accommoda-
21 tions.

22 (b) SENSE OF CONGRESS.—The following is the sense
23 of Congress:

24 (1) Access for individuals with disabilities in air
25 transportation must move into the 21st century.

1 Otherwise, individuals with disabilities will be left
2 behind and unable to compete in today’s job market
3 or enjoy the opportunities available to other citizens
4 of the United States.

5 (2) Aircraft must be designed to accommodate
6 individuals with disabilities and air carriers must ac-
7 quire aircraft that meet broad accessibility stand-
8 ards.

9 (3) The ACAA must be updated to improve ac-
10 cess to air transportation for individuals with dis-
11 abilities. Legislation is necessary for the moderniza-
12 tion of standards and requirements that will
13 strengthen accessibility in air transportation, includ-
14 ing the accessibility of aircraft.

15 (4) The Department of Transportation and the
16 Architectural and Transportation Barriers Compli-
17 ance Board (in this section referred to as the “Ac-
18 cess Board”) must promulgate regulations to ensure
19 that all passengers with disabilities receive—

20 (A) prompt and effective boarding,
21 deplaning, and connections between flights;

22 (B) accommodations, including non-
23 standard accommodations, that safely facilitate
24 air travel; and

1 (C) better access to airport facilities, in-
2 cluding the provision of visually accessible an-
3 nouncements and full and equal access to aural
4 communications.

5 (5) Legislation is necessary to ensure that indi-
6 viduals with disabilities have adequate remedies
7 available when air carriers violate the ACAA (includ-
8 ing regulations prescribed under the ACAA).

9 (6) Unlike other civil rights statutes, the ACAA
10 does not contain a private right of action, which is
11 critical to the enforcement of civil rights statutes.
12 Legislation is necessary to correct this anomaly.

13 **SEC. 3. DEFINITIONS.**

16 “(b) PROHIBITED ACTIONS.—

17 “(1) IN GENERAL.—An air carrier may not—

18 “(A) directly or through a contractual, li-
19 censing, or other arrangement, discriminate in
20 the full and equal enjoyment (within the mean-

4 “(F) impose or apply eligibility criteria
5 that screen out or have the effect of screening
6 out individuals with disabilities or a class of in-
7 dividuals with disabilities from fully enjoying
8 any good, service, facility, privilege, advantage,
9 accommodation, or other opportunity provided
10 by the air carrier, unless the air carrier can
11 demonstrate that such criteria are necessary for
12 the provision of the good, service, facility, privi-
13 lege, advantage, accommodation, or other op-
14 portunity;

15 “(G) directly or through a contractual, li-
16 censing, or other arrangement, use standards or
17 criteria or methods of administration—

21 tion of others who are subject to common
22 administrative control;

23 “(H) purchase or lease an aircraft that
24 does not comply with this section and regula-
25 tions prescribed under this section; or

1 “(I) refurbish an aircraft manufactured be-
2 fore the date of the enactment of the Air Car-
3 rier Access Amendments Act of 2017, or pur-
4 chase or lease such an aircraft, unless the air-
5 craft, to the maximum extent feasible, is made
6 readily accessible to and usable by individuals
7 with disabilities, including individuals who use
8 wheelchairs, in accordance with this section and
9 upon issuance of regulations prescribed under
10 this section.

11 “(2) EXCEPTION.—

12 “(A) IN GENERAL.—Subject to subpara-
13 graph (B), an air carrier may provide an indi-
14 vidual or a class of individuals, on the basis of
15 a disability or disabilities of the individual or
16 class, with a good, service, facility, privilege, ad-
17 vantage, accommodation, or other opportunity
18 that is different or separate from the good,
19 service, facility, privilege, advantage, accommo-
20 dation, or other opportunity provided to other
21 individuals if doing so is necessary to provide
22 the individual or class of individuals with a
23 good, service, facility, privilege, advantage, ac-
24 commodation, or other opportunity that is as
25 effective as the good, service, facility, privilege,

1 advantage, accommodation, or other oppor-
2 tunity provided to other individuals.

3 “(B) ACCEPTANCE.—An individual or a
4 class of individuals shall retain the authority to
5 decide whether to accept or refuse a good, serv-
6 ice, facility, privilege, advantage, accommoda-

8 paragraph (A).

9 “(C) SELECTION OF GOODS, ETC., PRO-

14 other opportunity that is different or separate
15 from the good, service, facility, privilege, advan-
16 tage, accommodation, or other opportunity pro-
17 vided to other individuals, the air carrier may

2 tegrated setting appropriate to the needs of the indi-
3 vidual;

4 “(2) make reasonable modifications in policies,
5 practices, or procedures, when such modifications
6 are necessary to afford goods, services, facilities,
7 privileges, advantages, accommodations, or other op-

10 fications would fundamentally alter the nature of the
11 goods, services, facilities, privileges, advantages, ac-
12 commodation, or other opportunities;

13 “(3) take such measures as may be necessary
14 to ensure that no individual with a disability is ex-
15 cluded, denied services, segregated, or otherwise

17 the absence of auxiliary aids or services, unless the
18 air carrier can demonstrate that taking such meas-
19 ures would—

20 “(A) fundamentally alter the nature of a
21 good, service, facility, privilege, advantage, ac-

23 fered; or

24 “(B) result in an undue burden to the air
25 carrier; and

2 access by individuals with disabilities to goods, serv-
3 ices, facilities, privileges, advantages, accommoda-
4 tions, or other opportunities provided by the air car-

6 are structural in nature, in facilities of the air car-
7 rier (whether owned or leased by the air carrier)
8 that were constructed before or altered after the
9 date of the enactment of the Air Carrier Access
10 Amendments Act of 2017, and remove barriers to
11 such access in aircraft manufactured before such
12 date of enactment and used by an air carrier for
13 transporting individuals, if the removal of such bar-
14 riers is readily achievable; or

15 “(B) if the air carrier can demonstrate that the
16 removal of a barrier described in subparagraph (A)
17 is not readily achievable, make such goods, services,
18 facilities, privileges, advantages, accommodations, or
19 other opportunities available through alternative
