SEC. 101. ESTABLISHMENT OF VETERANS COMMUNITY CARE PROGRAM.

(a) Establishment of Program.—

(1) In general.—Section 1703 is amended to read as follows:

§ 1703. Veterans Community Care Program

“(a) In general.—(1) There is established a program to furnish hospital care, medical services, and extended care services to covered veterans through health care providers specified in subsection (c).

“(2) The Secretary shall coordinate the furnishing of hospital care, medical services, and extended care services under this section to covered veterans, including coordination of, at a minimum, the following:

“(B) Ensuring continuity of care and services.
“(C) Ensuring coordination among regional networks if the covered veteran accesses care and services in a different network than the regional network in which the covered veteran resides.

“(D) Ensuring that covered veterans do not experience a lapse resulting from errors or delays by the Department or its contractors or an unusual or excessive burden in accessing hospital care, medical services, or extended care services.

“(b) COVERED VETERANS.—For purposes of this section, a covered veteran is any veteran who—

“(1) is enrolled in the system of annual patient enrollment established and operated under section 1705 of this title; or

“(2) is not enrolled in such system but is otherwise entitled to hospital care, medical services, or extended care services under subsection (c)(2) of such section.

“(c) HEALTH CARE PROVIDERS SPECIFIED.—Health care providers specified in this subsection are the following:

“(5) Any health care provider not otherwise covered under any of paragraphs (1) through (4) that meets criteria established by the Secretary for purposes of this section.

“(d) CONDITIONS UNDER WHICH CARE IS REQUIRED TO BE FURNISHED THROUGH NON-DEPARTMENT PROVIDERS.—(1) The Secretary shall, subject to the availability of appropriations, furnish hospital care, medical services, and extended care services to a covered veteran through health care providers specified in subsection (c) if—

“(D) the covered veteran and the covered veteran’s primary care provider agree that furnishing care and services through a non-Department entity or provider would be in the best medical interest of the covered veteran based upon criteria developed by the Secretary.

“(2) The Secretary shall ensure that the criteria developed under paragraph (1)(D) include consideration of the following:

“(A) The distance between the covered veteran and the facility that provides the hospital care, medical services, or extended care services the veteran needs.

care services, which shall include consideration of
the following:

“(i) Whether the covered veteran faces an
excessive driving distance, geographical chal-

services, or extended care services sought by the
veteran is provided by a medical facility of the
Department that is reasonably accessible to a
covered veteran.
“(iii) Whether a medical condition of the covered veteran affects the ability of the covered veteran to travel.

at a facility of the Department when compared with
the same medical service line at different Depart-

hospital care, medical services, or extended care services
under subparagraph (A) with respect to more than three

“(ii) The Secretary may not concurrently furnish hos-
pital care, medical services, or extended care services
under subparagraph (A) with respect to more than 36
medical service lines nationally described in such subpara-
graph.

“(2) The Secretary may limit the types of hospital care, medical services, or extended care services covered veterans may receive under paragraph (1) because of an access and quality deficiency of a medical service line in terms of the length of time such care and services will be available, the location at which such care and services will be available, and the clinical care and services that will be available.

“(3) The hospital care, medical services, and extended care services authorized under paragraph (1) with respect to a medical service line shall cease when the remediation described in subsection (g) with respect to such medical service line is complete.

“(4) The Secretary shall publish in the Federal Register, and shall take all reasonable steps to provide direct notice to covered veterans affected under this subsection, at least once each year stating the time period during which such care and services will be available, the location or locations where such care and services will be available, and the clinical services available at each location under this subsection in accordance with regulations the Secretary shall prescribe.
“(5) When the Secretary exercises the authority under paragraph (1), the decision to receive care or services under such paragraph from a health care provider specified in subsection (e) shall be at the election of the covered veteran.

“(g) REMEDIATION OF MEDICAL SERVICE LINES.—

(1) Not later than 30 days after determining under subsection (e)(1) that a medical service line of the Department is providing hospital care, medical services, or extended care services that does not comply with the access guidelines and meet the standards of quality established by the Secretary, the Secretary shall submit to Congress an assessment of the factors that led the Secretary to make such determination and a plan with specific actions, and the time to complete them, to be taken to comply with such access guidelines and meet such standards of quality, including the following:

“(A) Increasing personnel or temporary personnel assistance, including mobile deployment teams.

“(2) The Secretary shall ensure that the access guidelines and standards for quality required by sections 1703B and 1703C of this title provide covered veterans, employees of the Department, and health care providers in the network established under subsection (j) with relevant comparative information that is clear, useful, and timely, so that covered veterans can make informed decisions regarding their health care.

“(3) The Secretary shall consult with all pertinent Federal entities (including the Department of Defense, the Department of Health and Human Services, and the Centers for Medicare & Medicaid Services), entities in the private sector, and other nongovernmental entities in establishing access guidelines and standards for quality as required by sections 1703B and 1703C of this title.

“(2) In developing a tiered provider network of eligible providers under paragraph (1), the Secretary shall not prioritize providers in a tier over providers in any other

“(j) Contracts To Establish Networks Of
Health Care Providers.—(1) The Secretary shall

agreements entered into under authorities other than this section.

“(B) Nothing in subparagraph (A) may be construed to restrict the authority of the Secretary to terminate a contract entered into under paragraph (1) under any other provision of law.

“(4) Whenever the Secretary provides notice to an entity that the entity is failing to meet contractual obligations entered into under paragraph (1), the Secretary shall submit to the Committee on Veterans’ Affairs of the Senate and the Committee on Veterans’ Affairs of the House of Representatives a report on such failure. facility of the Department or through a contract or shar-

Secretary determines the veteran’s medical condition, the

“(D) A Veterans Care Agreement may be entered
into by the Secretary or any Department official author-
ized by the Secretary.

of the Department or by contract or sharing agreement
entered into pursuant to another provision of law and, if
so, take action to do so.

“(B)(i) The Secretary shall review each Veterans
Care Agreement of material size that has been in effect
for at least six months within the first two years of its
