Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the “Every Prescription Conveyed Securely Act”.

IN THE SENATE OF THE UNITED STATES

FEBRUARY 27, 2018

Mr. BENNET (for himself, Mr. HELLER, Ms. WARREN, and Mr. TOOMEY) introduced the following bill; which was read twice and referred to the Committee on Finance
SEC. 2. REQUIRING E-PRESCRIBING FOR COVERAGE OF COVERED PART D CONTROLLED SUBSTANCES.

(a) In General.—Section 1860D–4(e) of the Social Security Act (42 U.S.C. 1395w–104(e)) is amended by adding at the end the following:

“(7) Requirement of e-prescribing for controlled substances.—

“(A) In general.—Subject to subparagraph (B), a prescription for a covered part D drug under a prescription drug plan (or under an MA–PD plan) for a schedule II, III, IV, or V controlled substance shall be transmitted by a health care practitioner electronically in accordance with an electronic prescription drug program that meets the requirements of paragraph (2).

“(B) Exception for certain circumstances.—The Secretary shall, pursuant to rulemaking, specify circumstances with respect to which the Secretary may waive the requirement under subparagraph (A), with respect to a covered part D drug, including in the case of—
“(i) a prescription issued when the prescriber and dispenser are the same entity;

“(ii) a prescription issued that cannot be transmitted electronically due to the constraints of the most recently implemented version of the National Council for Prescription Drug Programs SCRIPT Standard;

“(iii) a prescription issued by a practitioner who has received a waiver or a renewal thereof for a specified period determined by the Secretary, not to exceed one year, from the requirement to use electronic prescribing, pursuant to a process established by regulation by the Secretary, due to demonstrated economic hardship, technological limitations that are not reasonably within the control of the practitioner, or other exceptional circumstance demonstrated by the practitioner;

“(iv) a prescription issued by a practitioner under circumstances in which, notwithstanding the practitioner’s ability to make an electronic prescription as required
by this subsection, such practitioner reason-
ably determines that it would be im-
practical for the individual involved to ob-
tain substances prescribed by electronic
prescription in a timely manner, and such
delay would adversely impact the individ-
ual’s medical condition involved;

“(v) a prescription issued by a practi-
tioner allowing for the dispensing of a non-
patient specific prescription pursuant to a
standing order, approved protocol for drug
therapy, collaborative drug management,
or comprehensive medication management,
in response to a public health emergency,
or other circumstances where the practi-
tioner may issue a non-patient specific pre-
scription;

“(vi) a prescription issued by a practi-
tioner prescribing a drug under a research
protocol;

“(vii) a prescription issued by a prac-
titioner for a drug for which the Food and
Drug Administration requires the prescrip-
tion to contain certain elements that are
not able to be accomplished with electronic
prescribing such as, a drug with risk eval-
uation and mitigation strategies that in-
clude elements to assure safe use; and

“(viii) a prescription issued by a prac-
titioner for an individual who—

“(I) receives hospice care under
this title; or

“(II) is a resident of a long-term
care facility, of a facility described in
section 1905(d), or of another facility
for which frequently abused drugs are
dispensed for residents through a con-
tact with a single pharmacy.

“(C) DISPENSING.—(i) Nothing in this
paragraph shall be construed as requiring a
sponsor of a prescription drug plan under this
part, MA organization offering an MA–PD plan
under part C, or a pharmacist to verify that a
practitioner, with respect to a prescription for a
covered part D drug, has a waiver (or is other-
wise exempt) under subparagraph (B) from the
requirement under subparagraph (A).

“(ii) Nothing in this paragraph shall be
construed as affecting the ability of the plan to
cover or the pharmacists’ ability to continue to
dispense covered part D drugs from otherwise valid written, oral or fax prescriptions that are consistent with laws and regulations.

“(iii) Nothing in this paragraph shall be construed as affecting the ability of an individual who is being prescribed a covered part D drug to designate a particular pharmacy to dispense the covered part D drug to the extent consistent with the requirements under subsection (b)(1) and under this paragraph.

“(D) Enforcement.—The Secretary shall, pursuant to rulemaking, have authority to enforce and specify appropriate penalties for noncompliance with the requirement under subparagraph (A).”.

(b) Effective Date.—The amendment made by subsection (a) shall apply to coverage of drugs prescribed on or after January 1, 2020.
