MARCH 29, 2017

Mr. SCHATZ (for himself, Mr. RISCH, Mr. THUNE, Ms. CANTWELL, and Mr. NELSON) introduced the following bill; which was read twice and referred to the Committee on Commerce, Science, and Transportation

## A BILL

To require the Director of the National Institute of Standards and Technology to disseminate resources to help reduce small business cybersecurity risks, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*  
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Making Available In-  
5 formation Now to Strengthen Trust and Resilience and  
6 Enhance Enterprise Technology Cybersecurity Act of  
7 2017” or the “MAIN STREET Cybersecurity Act of  
8 2017”.

1 **SEC. 2. FINDINGS.**

2 Congress makes the following findings:

3 (1) Small businesses play a vital role in the  
4 economy of the United States, accounting for 54  
5 percent of all United States sales and 55 percent of  
6 jobs in the United States.

7 (2) Attacks targeting small and medium busi-  
8 nesses account for a high percentage of cyberattacks  
9 in the United States. Sixty percent of small busi-  
10 nesses that suffer a cyberattack are out of business  
11 within 6 months, according to the National Cyber  
12 Security Alliance.

13 (3) The Cybersecurity Enhancement Act of  
14 2014 (15 U.S.C. 7421 et seq.) calls on the National  
15 Institute of Standards and Technology to facilitate  
16 and support a voluntary public-private partnership  
17 to reduce cybersecurity risks to critical infrastruc-  
18 ture. Such a partnership continues to play a key role  
19 in improving the cyber resilience of the United  
20 States and making cyberspace safer.

21 (4) There is a need to develop simplified re-  
22 sources that are consistent with the partnership de-  
23 scribed in paragraph (3) that improves its use by  
24 small businesses.
