

that people are not talking about. I keep bringing it up. Doesn't seem to be a lot of folks who want to talk about it.

There was a time when we had mainstream media that actually did research, asked questions, dug to the bottom of things. But there are IT—information technology, mainly working with computers—employees, shared employees for several Democrats that are under investigation. Imran Awan was the company owner. Abid Awan, Jamal Awan, Hina Alvi—the wife of Imran Awan—and Natalia Sova, wife of Abid Awan, each made \$160,000 a year as IT-shared employees working on computers for various Democrats in the House of Representatives.

The Awan brothers are of Pakistani descent, but their immigration status is unclear. There are a lot of things that are unknown about the Awan brothers. But they worked for our former DNC chair, DEBBIE WASSERMAN SCHULTZ—that is Imran Awan. These people are under investigation for stealing material, potentially accessing material they shouldn't have, for taking material off of Capitol Hill and stealing it, using it in other places.

We are told, oh, not to worry, they didn't access classified intelligence information in the SCIF; but other IT people tell me, once someone is in the congressional system, the calendar, email for one Member of Congress, if they are good, it is not that hard to break into lots of other Members of Congress' email and calendars.

What country that hates America—some that like America—wouldn't love to know who people are meeting, especially on the Intelligence Committee like some of the people that have employed these?

Some of them, very fine members of things like the Ethics Committee, Judiciary, Foreign Affairs, Intelligence Committee. Let's see, ANDRÉ CARSON, SANDY LEVIN, JACKIE SPEIER—a lot of people, good people—TIM RYAN. A lot of these folks, they employed these folks. They were very trusting, kind people. And these people didn't have a background check, and now they are under investigation. I heard some have been told that Imran Awan, the lead guy, went back to Pakistan.

Well, if this guy set up and was working on computer systems, is it possible he could have—and this is what a normal mainstream reporter, 30, 40 years ago back in the seventies would have asked: Well, did he set up the DNC computer system that got hacked, that was supposedly hacked by Russians or others, did he set that up so it could be hacked? I mean, there is a lot here going on that we don't know the answers to, and we deserve to know the answers.

There were mortgage transfers, debt evading bankruptcies. Imran Awan, Jamal Awan were known to be the ringleaders of the group, had been providing services since 2005; has convictions for driving offenses which were

serious enough to become criminal misdemeanors, used an illegal radar detector, drove an unregistered vehicle; some say, after masterminding the family's finances, was running the business completely by 2010 and instructed Abid not to even speak to anyone.

The wives of Imran and Abid also began receiving paychecks from the House of Representatives. They purchased two homes in Lorton in 2008, one of which was associated with all three brothers at one time. Alvi sold that home in 2016 to the younger brother Jamal for \$620,000.

Imran owned a home and put it in his father's name in 2008 in Springfield. Abid later claimed, in bankruptcy, that the house was his.

Jamal Awan was placed on the House payroll at age 20, making \$160,000.

Imran is also a real estate agent. Despite making \$160,000 in congressional salaries, debts went unpaid by the Awan brothers, including debts to the Congressional Federal Credit Union.

\$100,000 was taken from a known Hezbollah-connected fugitive, a fugitive from the FBI; and they are associated with this Hezbollah-connected agent, and there is no press out there getting to the bottom of it? What happened to the Washington press, the proud press of Washington of the 1970s? Well, they are in the bag for one party. They are not interested in getting to the bottom of the news. They are all about advocating.

God not just bless America, God help America. We have got to have people wake up before we do much more damage to ourselves. It is time to turn this country around, and one of the things we should start with is getting to the bottom of this investigation; find out how much damage these alleged criminals did from Pakistan to our Congress, and also start undoing the damage ObamaCare has done so people can get jobs again they have lost, so people can have health care that has deductibles they can afford. It is time to make America great again.

Mr. Speaker, I yield back the balance of my time.
